E-Class

Technology

Mercedes-Benz User Experience (MBUX)

Transforming the in-car user experience, thanks to MBUX: Controlled via voice or touch input, the innovative infotainment system can over time even predict personal habits thanks to artificial intelligence.

Voice control

- Activated by the keywords “Hey Mercedes”, the new intelligent voice control LINGUATRONIC¹ lets you control many of the infotainment functions, including destination input, phone calls or music selection
- MBUX is able to understand different accents and will adjust to you over time
- MBUX even understands indirect commands. Feeling chilly? Just say “I feel cold” and MBUX will adjust the temperature for you

Touch inputs

- Beside voice control you can operate MBUX via touchscreen as well as touch control buttons on the steering wheel

Personalisation

- Turn the new E-Class into your very own Mercedes-Benz by personalising driving modes, radio stations and much more
- Your personal settings can be saved in up to seven different profiles, making your driving experience the best one possible
- Thanks to artificial intelligence, MBUX is able to learn and adapt over time. It will be able to predict your personal habits, such as navigation for frequently-driven routes, or the radio station you like to listen to on your way home from work

Maintenance and service

- Wondering when the next service is due? Or how much further you can drive until you need to stop at a petrol station? Just ask your MBUX – it will tell you the answer

¹LINGUATRONIC off-board functions are currently only available for three years

Mercedes me connect

Stay connected any time, anywhere.

Mercedes me

Mercedes me is a range of innovative online services designed to enhance your Mercedes-Benz experience. Accessible via mobile, tablet or PC, Mercedes me lets you enjoy the highest standards of care and support, in a way that integrates seamlessly with your busy lifestyle.

Safety and Service - Mercedes me connect helps to keep you and your car safe

Check your car's oil level, tyre pressure and fuel from your phone so you'll be ready for every journey.

Infotainment - Online and Entertainment services from Mercedes me connect

Love music? Get a 3-month free subscription to Tidal when you connect your car.

Live Traffic Information, Parked Vehicle Locator and much more with Mercedes me connect

Forgot where you've parked? Parked Vehicle Locator¹ will show you exactly where your car is as long as you're in a 1-mile radius of where you parked. Real-time traffic data and dynamic route with shorter journey times.

For more information speak to your local Mercedes-Benz Agent or visit the Mercedes me connect store at shop.mercedes-benz.com/en-gb/connect

Comfort - connect to your car anytime, anywhere

Forgot to lock your car? With Remote Car Lock² you will receive a notification on your smartphone to let you know. With one tap, you can lock and unlock your vehicle so you never have to worry.

¹Available on all models with the Vehicle Monitoring package. This option may vary between standard and additional cost dependent on the model

²Part of the Vehicle Status package. This option may vary between standard and additional cost dependent on the model

E-Class

Plug-in Hybrid

Plug-in Hybrid Electric Vehicles (PHEVs)

Benefits of driving a plug-in hybrid.

Our plug-in hybrids feature either a petrol or diesel powertrain, combined with a High Voltage battery and electric motor. Enjoy hybrid mode for maximum efficiency, or all-electric mode for local emission-free driving.

Lower road fund license

Plug-in hybrid vehicles have lower emissions – this means you pay less for road tax.

Cleaner vehicle discount

Plug-in hybrid models qualify for the 100% cleaner vehicle discount within the London Congestion Charge zone.

Business benefits

With 100% first-year capital allowances¹ and lower Company Car tax, electric cars offer significant benefits to businesses and employees.

[Click here for more information](#)

Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price.

¹100% first-year capital allowances only apply to vehicles less than 50 g CO₂/km

Plug-in Hybrid Electric Vehicles (PHEVs) E 300 e.

Plug-in hybrid vehicles enjoy the same functionality of full Hybrid technology, with the added benefit that they can be charged from an external electricity source. With CO₂ emissions of 13g/km or less, the E 300 e Plug-in Hybrid are an environmentally conscious choice of driving.

E 300 e

1,999 cc, 4-cylinder, 204 hp/150 kW
Electric motor – 129 hp/95 kW

Available as:

AMG Line Advanced, AMG Line Premium
and AMG Line Premium Plus

OTR from **£69,520¹**

Standard equipment

AC charging system rated at 11 kW AC

Acoustic presence indicator

AGILITY CONTROL suspension

Charging cable – Mode 3 cable (5 metres, 16A) for wallbox and public charging stations at up to 11 kW

Remote and Charging Services Plus – available to use free of charge for one year following activation (E 300 e only)

207.0–184.0 kWh/100 km

Battery type (capacity)

lithium-ion (25.4 kWh)

Capacity on-board charger

11 kW AC

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price. ²The indicated values were determined according to the prescribed measurement method – Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging. ³Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10–100% charge using a wallbox (three-phase) or standard socket (single-phase). ⁴The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency.

Mercedes me Charge

One registration, one contract, one billing.

Mercedes *me*

Mercedes me Charge provides access to a multitude of public charging stations located in shopping centres, hotels or at motorway services. A smartphone app as well as the vehicle's navigation system show the precise location, current availability and price at the selected charging station.

Tens of thousands charging stations in the UK

Growing network of charging providers includes bp pulse the largest charging network in the UK. Customers also get six months free bp pulse+ membership which reduces the electricity price when charging.

Access to fast-charging stations

Enables customers to get access to charging stations of different providers with:

- Mercedes me app
- RFID card
- Mercedes-EQ Vehicle Head unit

Green charging

All charging using Mercedes me Charge, will be retrospectively 'greened' by Mercedes-Benz. Please click [here](#) for more info.

Transparent and easy billing

One invoice charging processes for payment.

Easy access

Charging stations are displayed in Mercedes me app and in MBUX multimedia system.

No fees

Mercedes me Charge is standard for one year with discounted IONITY rapid-charging for one year.

For more transparency and predictability, enjoy numerous features tailored to your charging habits with the new Mercedes me Charge fixed-priced tariffs S, M and L. Owners of a new Plug-in Hybrid model will be entitled to the Mercedes me Charge tariff M free of charge for the duration of 12 months.

Tariff L

Recommended for 'frequent drivers'

Choose our tariff L to benefit from the best fixed prices for public charging, including discounted rapid-charging at IONITY charging stations as well as all Mercedes me Charge features. This tariff is recommended for frequent and long-distance drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.45/kWh; DC: £0.53/kWh)[†]
- IONITY rapid-charging stations discounted (£0.53/kWh)

£10.90/month

Tariff M

Recommended for 'regular drivers'

Should you wish to downgrade your tariff package after 12 months but still want to benefit from fixed prices, discounted rapid-charging at IONITY charging stations and complete transparency, choose tariff M. This tariff is recommended for regular drivers.

Consisting of:

- All Mercedes me Charge features
- Fixed prices per kWh (AC: £0.52/kWh; DC: £0.61/kWh)[†]
- IONITY rapid-charging stations discounted (£0.61/kWh)

Free of charge for the duration of 12 months.

Thereafter:

£4.90/month

Tariff S

Recommended for 'casual drivers'

Should you wish to downgrade your tariff package after 12 months, there is the option to go for tariff S, which still offers you all the Mercedes me Charge features based on flexible prices per kWh. This tariff is recommended for casual drivers.

Consisting of:

- All Mercedes me Charge features
- Flexible prices per kWh

£0/month

[†]Tariff rate excludes the BP Pulse charging network

Price information is not guaranteed and is subject to change. Definitive price information can be found on the Digital Charging Solutions page: <https://eu.charge.mercedes.me/web/en/daimler-gb/tariffs>

Home charging with Pod Point Simple, convenient, fast charging.

Mercedes-Benz plug-in vehicle customers with off-street parking can benefit from the convenience and speed of charging at home by installing a home charger. Charge your vehicle with the home charger up to 3x faster than using a standard domestic socket.

Home charging with Pod Point: £875* incl. VAT and standard installation

Key benefits of Pod Point:

Pod Point is one of the leading provider of EV charging in the UK with over 120,000 home chargepoints installed.

A comprehensive 3 year 'swap out' warranty is included.

Auto Power Balancing lets you adjust your charge so that your electrical supply doesn't get overloaded when your home is using a lot of energy.

Built-in earthing protection removes the needs for expensive earth rods.

The Pod Point public network consists of over 6,200 charging bays across the UK with over 80% of the charge points free to use.

The standard installation package includes up to 15m of external cabling.

Choice of tethered or un-tethered units.

OZEV Grant:

You may be entitled to claim for an OZEV grant towards the cost of your home charger.¹

To find out whether you are entitled please contact your local Mercedes-Benz Agent.

Questions?

Please contact your local Mercedes-Benz Agent to submit an enquiry to your chosen charging partner on your behalf. To find your local Mercedes-Benz Agent, please click the button at the top right hand corner.

Warning!

If you are planning to charge your Mercedes-Benz plug-in electric vehicle using a 3-pin domestic plug socket you must get a qualified electrician to inspect and sign off the socket to confirm it is safe and suitable to charge your vehicle. Do not use an electric vehicle 3-pin charge cable with an extension cord.

*Price excludes £350 OZEV EVHS Grant. Price correct at time of publication, subject to change

¹The home charger £350 Grant (including VAT) is only available to customers who meet the criteria of the Office for Zero Emission Vehicles (OZEV). For full details and eligibility criteria for the OZEV EVHS Grant, see <https://www.gov.uk/government/publications/electric-vehicle-homecharge-scheme-guidance-for-customers-version-21>.

E-Class Model lines overview

E-Class AMG Line

Standard equipment highlights

OTR from **£55,290¹**

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

Exterior

18" AMG alloy wheels – 5-twin-spoke design, painted tantalite grey with a high-shine finish (code RQR)

AMG Line bodystyling – diamond radiator grille with chrome pins, silver-painted louvre and insert in chrome, front and rear apron, side sill panels

Electrically folding mirrors and dimming rear-view mirror

Headlamps – LED High Performance headlamps including integral LED daytime running lamps and Adaptive Highbeam Assist

KEYLESS-GO starting function

Privacy glass for rear side windows and rear windscreen

Interior

AMG brushed stainless steel sports pedals with rubber studs

Black roof lining

Floor mats with 'AMG' lettering

Heated front seats with partial electric adjustment and electro-pneumatic four-way lumbar support

Seat Comfort package

Seats, rear – split folding 40:20:40

Steering wheel – 3-spoke multifunction steering wheel trimmed in nappa leather with touch-control buttons

THERMATIC two-zone climate control

Communications, Safety and Assistance Systems

Blind Spot Assist

Dashcam

Instrument cluster – high-resolution 12.3-inch cockpit display

MBUX multimedia system with DAB digital radio

Media display – high-resolution 14.4-inch central media display with latest MBUX generation

Parking package – 180° reversing camera, Parking Assist with PARKTRONIC

URBAN GUARD Vehicle Protection Plus

USB package Plus

Wireless charging¹ – wireless charging surface integrated into quick stowage tray in front of centre console

¹Compatible mobile phone required

THERMATIC two-zone climate control

Trim and Upholstery

Black open-pore ash wood

Leather – black

E-Class AMG Line Advanced

Standard equipment highlights

OTR from **£63,785¹**
Upgrade price from AMG Line **£8,495**

¹The recommended on-the-road price includes the Road Fund Licence applicable to the standard model plus delivery charge (£730.00 incl. VAT), new vehicle registration fee (£55.00), fuel (£50.00 incl. VAT), and number plates (£25.00 incl. VAT). VAT is calculated at the standard rate of 20%. Some of the model features, optional extras and colours shown may not be available, or may only be available in a different specification, or at a different price

In addition to/replacement of AMG Line:

Exterior

19" AMG alloy wheels – 5-twin-spoke design, painted tantalite grey with a high-sheen finish (code RTD)

DIGITAL LIGHT with Adaptive Highbeam Assist Plus

Summer tyres

Backlit wood trim with laser-cut Mercedes-Benz star pattern

Interior

Backlit wood trim with laser-cut Mercedes-Benz star pattern

Front door sill panels with 'Mercedes-Benz' lettering - illuminated

Seats - Memory package

THERMOTRONIC four-zone automatic climate control

Communications, Safety and Assistance Systems

MBUX augmented reality for navigation

Parking package including 360° camera - Parking Assist makes it easier to find and select a parking space as well as to enter or leave parallel and end-on parking spaces or garages. The 360° camera transfers a realistic image to the multimedia system's display, thus providing assistance when parking and manoeuvring

Driving Assistance package Plus

The Driving Assistance package Plus¹ contains a range of highly intelligent features to help you stay safe on the road – by making the drive more effortless, by warning of danger, and by taking steps to protect you in an emergency.

Driving Assistance package Plus¹ (code P20) – designed and priced as a package, including items listed on the right-hand side.

Available on all models

Total incl. VAT £1,695.00

Active Braking Assist with cross-traffic function can help to avoid accidents with vehicles ahead, crossing traffic and also pedestrians, and/or mitigate their consequences

Active Distance Assist DISTRONIC helps maintain the desired distance from the vehicle in front with extended automatic re-start on motorways

Active Emergency Stop Assist: immediate emergency braking if evasion is impossible with SOS function

Active Evasive Steering Assist can support the driver in making evasive manoeuvres if, in a dangerous situation, he/she moves to avoid any pedestrian detected by the system

Active Lane Keeping Assist aids safe driving by monitoring the edges of the road and assists the driver with steering corrections to stay inside the lane

Active Speed Limit Assist ensures detected speed limits are automatically adopted as the set speed for Active Distance Assist DISTRONIC

Active Stop-and-Go Assist

Active Steering Assist: targeted steering intervention to prevent unintentional drifting out of lane

Active Traffic Sign Assist

Congestion emergency brake function

Emergency corridor function

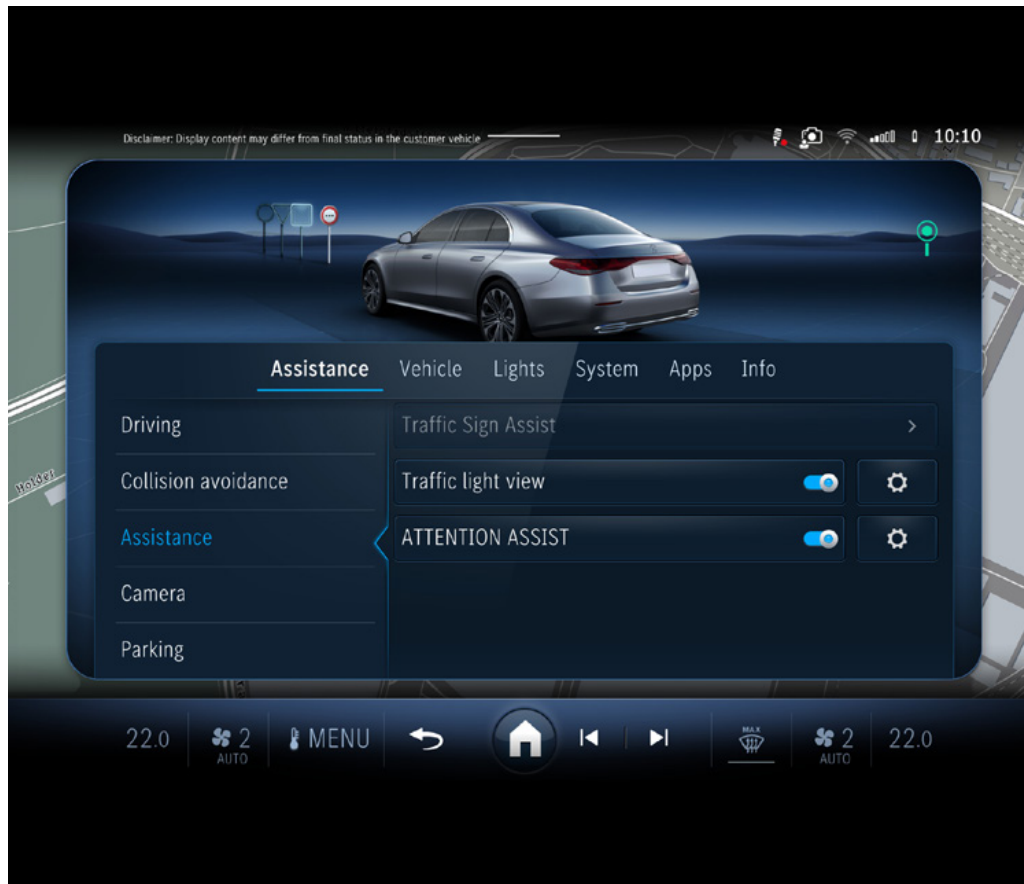

Exit warning function

Extended automatic restart on motorways

Hazard display via ambient lighting

PRE-SAFE® PLUS incl. PRE-SAFE® Impulse Side when a rear-end collision threatens, PRE-SAFE® PLUS can initiate preventive measures, including warning following traffic and locking the brakes on standstill

Route-based speed adjustment: adaption of speed before curves, roundabouts and junctions with end of traffic jam function

¹Our driver assistance and safety systems are aids and do not relieve you of your responsibility as the driver. Please take note of the information in the Owner's Manual and the system limits which are described therein

Trailer coupling with ESP® trailer stabilisation

With the trailer coupling with EPS® trailer stabilisation, you can hitch up trailers or caravans and also mount cycle racks. The trailer coupling is ready for use in no time at all and can be folded in again behind the rear bumper just as quickly when it is no longer needed.

Trailer coupling with ESP® trailer stabilisation (code 550)

Available on all models

Total incl. VAT £695.00

Electronically extending and retracting tow bar, via control button in boot

ESP® trailer stabilisation intervenes automatically when undesired oscillating motions are detected

Operating safety is the top priority: to fold out the trailer coupling, you must first unlock it via the control button in the boot. As soon as the button light goes out, the trailer coupling is correctly engaged and is therefore ready for use.

The ESP® trailer stabilisation is able to intervene automatically in critical situations when driving with a trailer. The associated sensor system detects the trailer independently as soon as the electric plug is connected to your vehicle.

The ESP® stabilisation functions are automatically active from a speed of 40 mph. When undesired oscillating motions are detected, the Trailer Stability Assist actively dampens these with the aid of alternate brake actuation of each individual wheel. In most cases this is already sufficient to reduce dangerous oscillations. If necessary, the system additionally reduces the speed: for this, the engine torque is reduced and the vehicle is braked via all four wheels.

Genuine accessories

We've developed a range of accessories you can add to help personalise and enhance your E-Class.

All season floor mats

Floor mats have to undergo rigorous testing before they are deemed worthy of the star logo: durability, fade-resistant colour and a neutral odour. The mats are precision-tailored to your Mercedes-Benz.

(front: A21368004029G33;
rear: A21368002069G33)

Boot mat, reversible

This anti-slip mat by Mercedes-Benz protects the boot floor during loading and unloading. Made from 100% polyester. Double-sided: with rubberised, non-slip side and high-quality velour side. Prevents cargo from sliding around. Protects the load compartment floor from dirt and damp. (A2136803206)

Boot tub

Made from impact-resistant, non-slip polypropylene. Structured surface holds separately available stowage crate in place. Vehicle's load-securing rings remain accessible. (A2138140600)

Mud flaps

The mud flaps protect the sides, rear and underbody of your vehicle from scratches and damage from loose chippings. They also protect following traffic from being struck by stones, water spray or mud. And they help minimise spray too. The mud flaps are precision-tailored to the contours of the vehicle. (front: A2138900100; rear: A2138900200)

Basic carrier bars for roof rails

Aluminium carrier bars, precision-tailored to the body of your Mercedes-Benz – the perfect basis for a range of Mercedes-Benz transport solutions: ski and snowboard rack, bicycle rack or roof boxes. (A2138900693)

Semi-automatic trailer coupling

Semi-automatic folding trailer coupling, specifically for Mercedes-Benz vehicles. High corrosion protection. (A2133100900)

Bicycle rack

Easy to use, convenient and lightweight. Bicycles can be attached at ground level before the rack is fitted. Up to three bicycle carriers can be fitted at one time. The alustyle cycle carrier is designed for the new alustyle basic carrier bars, making your life easier, with know-how from Mercedes-Benz. (A000890029364)

Mercedes-Benz roof box 400

Maximum load capacity of 75 kg. Roof box allows transport of winter and summer leisure accessories, including skis, snowboards and diving equipment. Easy to slide into place and secure. Special mounting kits for all Mercedes-Benz basic carrier bar systems included as standard. (A0008401100)

¹Figures according to Directive 80/1269/EEC in the currently applicable version ²The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK. For Plug-in Hybrid Electric Vehicle (PHEV) figures determined with the battery fully charged, using a combination of both battery power and fuel. These models require mains electricity for charging ³The certified electrical consumption is generally determined at maximum AC charging capacity using a Mode 3 cable. It is therefore recommended that vehicles with a HV battery preferably be charged at a wallbox or an AC charging station with a Mode 3 cable in order to achieve shorter charging times and improved charging efficiency ⁴Specified voltage and current values refer to network infrastructure and can be limited by the vehicle. Times are from 10-100% charge using a wallbox (three-phase) or standard socket (single-phase)

⁵Mass of the vehicle in running order with at least 90% full fuel tank, plus the mass of the driver (estimated by law at 75 kg), fuel and fluids, equipped with the standard equipment as specified by the manufacturer as well as, where applicable, the mass of the body, cab, trailer coupling and spare wheel(s) as well as tools. Optional extras, additional equipment and accessories can influence the weight, residual payload, rolling resistance, aerodynamics, etc., and therefore also affect the consumption/CO₂ values ⁶All figures are based on a standard specification with the smallest tyre size ⁷The choice of wheels and transmission may affect CO₂ emissions and corresponding Road Fund Licence ⁸The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Figures shown may include options which are not available in the UK

AMG Line

Exclusive Edition

All measurements in millimetres. The dimensions shown are mean values and apply to standard-specification, unladen vehicles

Road Fund Licence

All road vehicle registrations are subject to Vehicle Excise Duty (Road Fund Licence), which varies in accordance with the vehicle's CO₂ emissions. A first year rate for each taxation band will apply. The table below shows the bands (A–M) created by the DVLA and the corresponding Road Fund Licence. CO₂ emissions and the relevant Excise Duty are shown on the model pricing pages.

Band	CO ₂ emissions (g/km)	First year rate petrol and RDE2 diesel (£)	First year rate alternative fuel (£)	Electric vehicles		Alternative fuel vehicles		Petrol/diesel vehicles

Services and insurance

Mercedes-Benz ServiceCare

We believe that servicing costs should be as flexible and affordable as possible for your E-Class, which is why we offer ServiceCare, an easy way to budget for all your servicing costs. It spreads your bills into manageable payments based on whether you have a new or used Mercedes-Benz.

With ServiceCare we guarantee the price of parts and labour for up to four services and safeguard against any further inflation. It also covers the cost of all recommended service items including brake fluid, spark plugs, air filters, fuel filters and screen wash.

You can choose either to add your servicing costs into your monthly spend or pay the full amount in a one-off payment, giving you peace of mind that they are taken care of for the period of the plan.

[› Click here for more information](#)

Warranty and breakdown cover

Every Mercedes-Benz comes with a three-year unlimited mileage warranty against manufacturing or material defects¹ and up to 30 years warranty against perforation due to corrosion from the inside out.² What's more, it's also covered by Mercedes-Benz Roadside Assistance – a unique package comprising up to 30 years pan-European breakdown assistance.²

Motor Insurance

We know that once you have chosen your Mercedes-Benz you can't wait to drive it – that's why we created First Cover³. It gives you 7 days' free comprehensive Motor Insurance when you buy a new or used vehicle from a Mercedes-Benz Agent. We will also send you a quote for annual cover, so you can enjoy the same peace of mind all year round.

[› Apply for First Cover](#)

¹Applies to vehicles sold by Mercedes-Benz in the UK to its franchised Mercedes-Benz Agents ²Subject to full Terms and Conditions, dependent on date of registration, available upon request

³Terms and Conditions apply. We are an independent intermediary dealing with selected insurers in respect of annual insurance

Effective from November 2023 Production. Information correct at time of publication 17.08.2023.

Prices and specifications are subject to change without prior notice.
