

The Audi A5 Coupé.

Points the way forward. Even when stationary. The Audi A5 Coupé unites sportiness and elegance. And is setting new standards out on the road with its progressiveness, aesthetics and athleticism. From the front end, with optional Audi Matrix LED headlights, through to the sharper shoulder line, the powerful wheel arches and the elegant third brake light. A sight that puts performance centre stage. With every single line.

Impressive performance. Impressive fuel economy, too.

Perceptibly powerful, incredibly efficient: the TFSI and TDI engines in the Audi A5 Coupé. Experience unique performance and lower emissions. And with the optional quattro all-wheel drive, power is delivered even more effectively to the road. For more dynamism, more traction, more agility and fewer compromises.

The Audi S5 Coupé.

Sportiness at its best. Progressiveness at its purest. That's the Audi S5 Coupé. From the distinctive bumpers and special radiator grille with twin blades, to the aerodynamically optimised aluminium-look exterior mirrors and the S5 badge on the side trim – every detail has been sharpened. The standard LED headlights and 18-inch cast aluminium wheels lend the car an unmistakeable presence – and are just two of the many highlights that radiate exceptional dynamism.

You cannot stop progress. Especially when it has 260 kW of power.

an

The Audi S5 Coupé doesn't accept boundaries. It pushes them. The 3.0 litre V6 TFSI engine with exhaust turbocharger unleashes 260 kW of power. It takes just 4.7 seconds for the S5 to pass the 100 km/h mark. Impressive performance. And impressive traction too. The standard quattro all-wheel drive makes the car even safer and more agile. And the 8-speed tiptronic enhances dynamic performance and comfort. Whilst also reducing fuel consumption.

No one knows what the future holds. But we know what it looks like.

A wealth of functions in view and within reach: thanks to the optional Audi MMI navigation plus with MMI touch, 3D map display and Audi connect. The innovative Audi voice control system hangs on the driver's every word. Access to radio, media, navigation and car functions is easy, fast and intuitive. Just as impressive is the 3D sound of the optional Bang & Olufsen Sound System. Why not convert your Audi into a concert hall? And make every journey worthy of an encore.

BANG & OLUFSEN

MMI navigation plus with MMI touch – multiple functions, easy operation

Especially for you.

Fascinating highlights.

Choose from a wide range of optional assistance systems as well as comfort and convenience features to make every journey in your Audi A5 a very special experience. Prepare to be inspired.

adaptive cruise control¹ - automatically brakes and accelerates to keep the set distance from vehicles in front largely constant

it deems critical

when the vehicle is turning left and applies the brakes in situations

Turn assist, left¹ – detects oncoming traffic in the opposing lane Cross traffic assist rear¹ – shows approaching vehicles in the MMI display when reversing out of bay parking spaces and can help to avoid critical situations by issuing a warning tone and briefly tapping the brakes

Exit warning¹ - detects vehicles and cyclists approaching from the rear and in critical situations warns occupants before they open the doors

The figures for fuel consumption and CO_2 emissions can be found from page 78 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment. 1 Please note: The systems work only within system limits and assist the driver. However, the driver remains responsible for driving the vehicle and is required to be attentive at all times.

Audi smartphone interface^{1, 2, 3} – connects your smartphone to your Audi and Deluxe automatic air conditioning ensures high air quality and transfers your smartphone content to the MMI display directly and seamlessly via USB. features a new user interface

A5/S5 Sportback - electric luggage compartment lid as standard, optionally with sensor control; spacious luggage compartment with a capacity⁴ of up to 480 l.

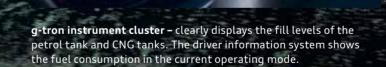

Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment. ¹Please contact your Audi partner for information on compatible mobile phones. ² For information on availability in different countries, please contact your Audi partner. ³ Audi has no influence over which applications are displayed via the Audi smartphone interface. The respective service providers are responsible for the content and functions displayed within the applications. ⁴Technical specifications refer to a basic vehicle without country-specific features and the selected optional equipment.

Reduced emissions.

With innovative g-tron technology.

The Audi A5 Sportback g-tron, with its sporty 125 kW, 2.0 litre TFSI engine, combines everyday usability and driving with lower emissions. It has a range¹ of up to 500 km in gas mode and if required can cover an additional 450 km in petrol mode. The A5 Sportback g-tron, in conjunction with Audi e-gas²,³, represents an important milestone in the journey towards achieving our vision of CO₂-neutral mobility. g-tron: Vorsprung starts before you drive.

and

ASSIM

4 lightweight compact CNG tanks – holding a 19 kg of CNG in total, sufficient for some 500 km¹.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment. ¹The given range can vary depending on the usage of ancillary consumers, air conditioning, outside temperature, road speed, payload/additional equipment, wheel/tyre size, topography, driving style, traffic situation. ²Audi e-gas is a fuel developed by Audi and manufactured in its own production facility.

It is made using renewable energies, water, CO₂ and waste materials, among other things. In an innovative process, CO₂ is extracted from the atmosphere and converted into fuel by power-to-gas and biomethane plants. ³The legal notice about Audi e-gas can be found on page 86.

With A5 design and Audi design selection.

In the Audi A5, there is plenty of scope for your own ideas. The A5 design line allows you to create elegant accents that reflect your personality. Make an exceptional vehicle even more exceptional. And do so in style with the Audi design selection, which offers an attractive range of special materials and colours for the interior. Choose your preferred combination of selected inlays and exquisite leather seats that feature attractive contrasting stitching.

Audi design selection – interior elements in artificial leather: armrest in the colour of the seat (black, rock grey, Atlas beige, cedar brown or Arras red; with contrasting stitching on Alcantara/leather combination and fine Nappa leather) – centre console in black, rock grey or Atlas beige (for Alcantara/leather combination and fine Nappa leather with contrasting stitching on rock grey or Atlas beige)

Audi design selection – including seat upholstery optionally in fine Nappa leather in Arras red with contrasting stitching and piping in granite grey; also available in Atlas beige or cedar brown each with contrasting stitching and piping in granite grey – leather steering wheel in 3-spoke design with multifunction plus – inlays optionally in oak, natural grey

Many additional highlights can be found at www.audi.com

A5 design line – including cast aluminium wheels in 5-arm dynamic design – radiator protective grille in titanium black with chrome blades – chrome inlays in the door handles – further distinguishing features in the interior

The figures for fuel consumption and CO₂ emissions can be found from page 78 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

More sportiness.

With A5 sport and the S line sport package.

The A5 sport equipment version lets you show your sporty side – all along the line. With details that impressively emphasise the dynamic spirit of your Audi A5. The S line sport package adds even more highlights that further emphasise the sporty character, particularly in the interior.

S line sport package – including sport seats, front, with S embossing on the backrests – S line seat upholstery optionally in fine Nappa leather, rotor grey with contrasting stitching in anthracite; also available in black with contrasting stitching in rock grey – interior, dashboard and headlining in black – optional S line sport contour leather steering wheel in 3-spoke design with multifunction plus, flattened at the bottom – inlays in matt brushed aluminium – pedals and footrest in stainless steel

S line sport package – cast aluminium wheels in 5-twin-spoke star design (S design)

A5 sport line – including diffuser painted in body colour with horizontal trim strip in aluminium silver, matt – tailpipe trims in chrome Many additional highlights can be found at www.audi.com

The figures for fuel consumption and CO₂ emissions can be found from page 78 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

More striking.

With the S line exterior package.

Don't just emphasise the sporty character of your Audi A5 – enhance it. Right from first sight, the S line exterior package suggests powerful performance. Athletic details lend the distinctive body line even more characteristic flair and create powerful accents.

Diffuser insert in twilight grey, matt – rear bumper insert with honeycomb structure – chrome-plated exhaust tailpipe trims

Radiator protective grille in twilight grey, matt with blades in aluminium silver, matt

Many additional highlights can be found at www.audi.com

New trim element in chrome with S line logo

S line exterior package – including front and rear bumpers, side air inlet grilles and diffuser insert in a striking sporty design – radiator grille in twilight grey, matt – blades in aluminium silver, matt – side sill trims in grained black – illuminated door sill trims, front with aluminium inlay and S logo – S line emblem on the front wings

The figures for fuel consumption and CO₂ emissions can be found from page 78 onwards.

Some of the equipment illustrated or described is optional equipment for which an extra charge is made.

Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

Audi exclusive controls in leather, in classic red with contrasting stitching in alabaster white

Audi exclusive leather upholstery and trim in fine Nappa leather with sport seats, front in classic red/alabaster white – Audi exclusive controls in leather, in classic red with contrasting stitching in alabaster white – inlays in Arctic white – door trim inserts in alabaster white – Audi exclusive floor mats with edging in classic red and piping and contrasting stitching in alabaster white

The figures for fuel consumption and CO_2 emissions can be found from page 78 onwards.

Audi exclusive is an option from Audi Sport GmbH.

Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

¹You will find specifications on the technical characteristics of tyres on page 85.

More unmistakeable.

With Audi exclusive.

Make your Audi A5 unique – as unmistakeable as you are – with Audi exclusive. With selected trim, coloured leather and customised paint finishes in a wide range of colours. Whatever your heart desires.

Audi A5 Coupé with Audi exclusive customised paint finish in dark Burgundy – Audi Sport cast aluminium wheels in 5-spoke blade design, size 8.5] × 19 with 255/35 R 19 tyres¹

Powerful presence.

With Audi wheels, you can emphasise your own individual style and the character of your Audi A5. Why not indulge yourself and create a powerful presence with your favourite design. For peace of mind on the road: Audi wheels are subjected to special test procedures, undergo rigorous testing and are of superb quality.

20-inch Audi Sport cast aluminium wheels in 5-arm rotor design in matt titanium look, gloss turned finish^{1,2}

18-inch cast aluminium wheels in 5-arm dynamic design

19-inch cast aluminium wheels in 5-parallel-spoke design

19-inch cast aluminium wheels in multi-spoke design, contrasting grey, partly polished²

¹From Audi Sport GmbH. ²Please note the special information relating to wheels on page 85. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit www.audi.com for detailed information about standard and optional equipment.

5-spoke blade design¹

As individual as the life you lead.

Timeless design and impressive performance – these two defining characteristics of your Audi A5 model can be enhanced even more with Audi Genuine Accessories. Whether driving through vibrant cities or on winding roads, styling and functional highlights allow you to create individual accents and experience new levels of driving comfort and convenience. High-quality, reliable and perfectly tailored to your A5.

Further information can be obtained from the accessories catalogue, at www.audi.com and from your Audi partner.

Exterior mirror housings in carbon – made from high-quality visible carbon. Underline the sporty character of your vehicle

Inductive charging case – for wireless charging of the Apple iPhone (generation 5 to 7). Certified to Apple iPhone guidelines (MFi)

Premium textile floor mats – custom fit. Made from dense velour. With A5 logo

The figures for fuel consumption and CO₂ emissions can be found from page 78 onwards.

Explanatory notes

- ¹ The figure given was calculated using the specified measuring procedure (current version of UN-R 85).
- Unladen vehicle weight includes driver (75 kg) and fuel tank 90% full, calculated in accordance with the current version of Reg. (EU) 1230/2012. Optional equipment may increase the vehicle's unladen weight and drag coefficient, whereupon the possible payload limit and the top speed will be reduced accordingly.
- The engine's power output always decreases with increasing altitude. At 1,000 m above sea level, and for every additional 1,000 m, deduct 10% from the weight of the outfit (trailer load limit + gross weight of the towing vehicle). Figure for trailer load limit applies to factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.
- ⁴ Fuel consumption and CO₂ emission figures given in ranges depend on the tyre/wheel sets used.
- ⁵ Electronically regulated.
- We recommend using sulphur-free super unleaded RON 95 fuel complying with DIN EN 228. If this is not available, use sulphur-free regular unleaded RON 91 fuel complying with DIN EN 228; power output will be slightly reduced. Unleaded RON 95 fuel with a maximum ethanol content of 10 % (E10) can generally be used. Fuel consumption details refer to operation with RON 95 fuel complying with 692/2008/EC.
- ⁷ The figures given were calculated using the specified measuring procedures. The figures do not refer to one individual vehicle and do not form part of any offer, but rather should be used purely for purposes of comparison between the different vehicle models.
- 8 A vehicle's fuel consumption and CO₂ emissions depend not just on how efficiently the vehicle uses the fuel, but are also influenced by driving behaviour and other non-technical factors. CO₂ is the greenhouse gas primarily responsible for global warming.
- 9 Refill the separate AdBlue® tank as indicated by the information in the instrument cluster display. We recommend having the AdBlue tank refilled by your Audi partner. AdBlue is a registered trademark of the Verband der Automobilindustrie e. V. (VDA).
- We recommend using sulphur-free diesel complying with DIN EN 590. If this is not available, use diesel complying with DIN EN 590.
- ¹¹ In conjunction with low rolling-resistance tyres, the maximum permissible speed is 210 km/h.

Important note

Special information about the wheels: Wheels with gloss turned or gloss milled finish as well as polished or partly polished aluminium wheels must not be used in wintry road conditions. For manufacturing reasons, the rim surface does not have sufficient corrosion protection for such use and can be damaged permanently by road salt or similar.

Classifications of tyre parameters

The table shows the range of fuel efficiency, wet grip and exterior noise emission classes for the different tyre sizes of the Audi A5 Coupé, the A5 Sportback, the A5 Cabriolet, the Audi S5 Coupé, the S5 Sportback and the S5 Cabriolet.

	Tyre size	Fuel efficiency class	Wet grip class		or noise on class
ummer tyres	225/50 R 17	C-B	B-A	72-69	((+1)) – ((+1))
	245/40 R 18	E-C	B-A	72-70	((-))
	255/35 R 19	E	B-A	73-66	((+1)) – ((+1))
	265/30 R 20	E	С	71	((-1)
/inter tyres	225/50 R 17	E-C	C-B	72-71	((-))
	245/40 R 18	E	В	72	((-))
	255/35 R 19	E	С	73	((-))
ll-season tyres	225/50 R 17	В	С	69	((c-1))

It is not possible to order a specific tyre.

Ask your Audi partner about the range of tyres available in your country.

The use of services supported by Audi connect is possible only in conjunction with an optional navigation system and Audi connect (including car phone depending on the vehicle model). Depending on the vehicle model, you will also require a SIM card with data option and with LTE option to use LTE¹ – a SIM card with phone and data option or a Bluetooth-capable smartphone with remote SIM Access Profile (rSAP)² is required to use the integrated car phone function. The services are available only with an existing or separate mobile phone contract and only within the range of the respective mobile phone network. Additional costs may be incurred when receiving data packets from the internet, depending on the terms of your mobile phone contract, particularly when used abroad. Because of the high data volumes involved, a data flat rate is strongly recommended.

The availability of the services supported by Audi navigation & infotainment varies from country to country. Audi connect services are provided for at least 1 year from vehicle delivery. 24 months after vehicle delivery, the Audi connect services will be extended free of charge once for 12 months. If you do not require this extension, please write to:

AUDI AG Audi International Customer Care Services 85045 Ingolstadt, Germany Email: kundenbetreuung@audi.de

Tel.: +49 (0) 800-2834 7378423

Ask your Audi partner about subsequent extension options for the Audi connect services. Depending on the vehicle model, Audi connect provides access to Google and Twitter services. Permanent availability cannot be guaranteed; Google and Twitter are responsible for this. Please visit www.audi.com/connect or contact your Audi partner for more detailed information about Audi connect; contact your mobile services provider for information about contract conditions.

Legal notice about Audi connect navigation & infotainment with SIM card permanently installed in the vehicle

Use of the services supported by Audi connect is possible only in conjunction with an optional navigation system. Audi connect services are provided through AUDI AG/importers. The data connection for Audi connect services is set up through a mobile services provider via a SIM card permanently installed in the vehicle. The costs for these data connections are included in the price of Audi connect services. The costs of the Wi-Fi hotspot are not included. The data connection for the Wi-Fi hotspot can be arranged with a selected mobile services provider as a payable data tariff. You will find information about tariffs and booking at www.audi.com/myaudi.

Alternatively, an external customer SIM card can be inserted into the card Switzerland, the UK. slot to establish a data connection. In conjunction with the optional Audi phone box, a Bluetooth-capable smartphone with remote SIM Access Profile (rSAP)² can also be connected to use the integrated car phone function. If an external SIM card is inserted into the card slot or connected via rSAP, all data connections, for both the Audi connect services as well as for the Wi-Fi hotspot, will be established via this external SIM card. In such cases, the costs incurred are attached to those accrued via the external SIM card.

The availability of the services supported by Audi connect navigation & infotainment varies from country to country. Audi connect services are provided for at least 1 year from vehicle delivery.3 24 months after vehicle delivery, the Audi connect services will be extended free of charge once for 12 months. If you do not require this extension, please write to:

AUDI AG

Audi International Customer Care Services 85045 Ingolstadt, Germany Email: kundenbetreuung@audi.de Tel.: +49 (0) 800-2834 7378423

Ask your Audi partner about subsequent extension options for the Audi connect services. Depending on the vehicle model, Audi connect provides access to Google and Twitter services. Permanent availability cannot be guaranteed; Google and Twitter are responsible for this. Please visit www.audi.com/connect or contact your Audi partner for more detailed information about Audi connect; contact your mobile services provider for information about contract conditions.

Legal notice about Audi connect emergency call & service including security & convenience

The services are provided via a SIM card installed in the vehicle. The costs for calls and data connections are included in the price of the services. Audi connect services are available only within the range of the selected mobile phone network operated by Audi's chosen mobile services provider. The Audi connect services emergency call, online roadside assistance, Audi incident assistance and Audi service request are available for 10 years after delivery of the vehicle in the following countries:

Austria, Belgium, Bulgaria, Finland, France, Germany, Gibraltar, Greece, Hungary, Ireland, Italy, Liechtenstein, Lithuania, Luxembourg, Malta, Monaco, the Netherlands, Norway, Poland, Portugal, Romania, Spain, Sweden,

Ask your Audi partner about when the services will be available in additional European countries and about the availability of the optional equipment.

The Audi connect security & convenience services can be used free of charge for 3 years after vehicle delivery and subsequently extended for a charge.

Disruption to the services may occur due to force majeure and official orders as well as technical or other measures carried out on the systems of AUDI AG, suppliers or network operators to ensure their proper function (e.g. maintenance, repairs, system-related software updates, extensions). AUDI AG will make every reasonable effort to end such disruption immediately or to work towards a resolution.

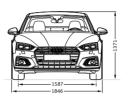

Legal notice about Audi e-gas

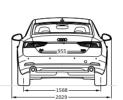

As a g-tron customer you can fill up as usual at any CNG filling station. AUDI AG undertakes to supply the European natural gas grid with a volume of Audi e-gas equivalent to the volume of gas consumed by all Audi g-tron vehicles registered between 7 March 2017 and 31 May 2018 – for 3 years from initial registration as a new vehicle. These volumes will be calculated on the basis of the legal standards for consumption and emission measurement according to NEDC/WLTC and regular statistical data related to annual mileage collected by Audi. This reduces dependence on fossil-based natural gas. The amount of CO₂ saved, which is calculated using the same procedure, can be lower in actual vehicle operation. Find out more at audi.com/g-tron.

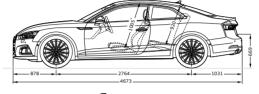

Audi A5 Coupé Dimensions in mm

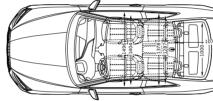

Dimensions are for unladen vehicle weight. Luggage capacity¹ 465 l. Turning circle approx. 11.5 m.

*Maximum headroom. **Elbow room width. ***Shoulder room width.

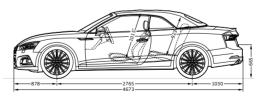

Audi A5 Cabriolet

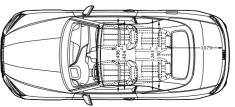

Dimensions are for unladen vehicle weight. Luggage capacity¹ 320 l with hood open; 380 l with hood closed. Turning circle approx. 11.5 m.

*Maximum headroom. **Elbow room width. ***Shoulder room width.

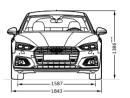

Audi A5 Sportback

Dimensions in mm

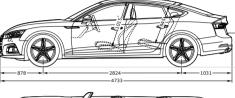

*Maximum headroom. ** Elbow room width. *** Shoulder room width.

Dimensions are for unladen vehicle weight. Luggage capacity¹ 480 l. Turning circle approx. 11.7 m.

The vehicles and equipment versions illustrated and described in this catalogue and some of the services listed are not available in all countries. Some of the cars illustrated are equipped with optional features for which an extra charge is made. Details concerning the delivery specifications, appearance, performance, dimensions and weights, fuel consumption and running costs of the vehicles were correct to the best of our knowledge at the time of going to press. Deviations from the colours and shapes shown in the illustrations may occur. No liability is accepted for errors and printing errors. The right to introduce modifications is reserved. Not to be reproduced, including in part, without the written approval of AUDI AG.

This catalogue is printed on paper made from pulp bleached without the use of chlorine.
