

JUMBUCK

Your Freedom Machine.

Engineered to Exhilarate

versatile ute
comfortable car

THE NEW PROTON

JUMBUCK

IS BOTH!

PROTON

JUMBUCK

Developed to work like a truck and drive like a car.

Tough, rugged and purposeful from the wheels up, the Jumbuck measures up well against its bigger rivals. A generous load area of 1.64m x 1.8m, an impressive payload of 570kg in the back, a tailgate engineered to withstand 300kg and enough power to tow up to 500kg without trailer brakes.

Unlike most pick-ups, the Proton Jumbuck is built around a monocoque body providing it with car-like comfort and dynamics that add more excitement and style to your daily routine.

- Engine is 1.5 litre, 12-valve EFI unit with Proton's propriety EMS 400 engine management system.

** Model shown with optional accessories*

- Remarkable fuel efficiency and ample power balance assured by output of 60.6hp per litre and power to weight ration of 85.2/tonne.
- Spare wheel is mounted under the floor for more cargo space.
- Environment friendly engine that meets the EURO II standard for emission control.

Your Freedom Machine.

geared up for all
your weekend action

Designed to reflect your personal style and adapt to the needs of your business and active lifestyle there are a range of Jumbuck accessories to help meet your demands. Whether you want to pack a ladder and your tools, throw in a surfboard or spend a day out on your farm, the Jumbuck will satisfy.

- Optimum braking performance featuring 14" ventilated discs in front and 9" drums at the back, with LSPV (Load Sensing Proportioning Valve).
- Spacious 2-seater cabin fitted for maximum driving comfort with adjustable head restraints.
- Front Wheel Drive with 5-speed manual transmission.

- Independent MacPherson strut front suspension of a saloon car combined with a torsion beam parabolic spring set-up at the rear.
- Monocoque construction of a saloon car is combined with a load-bearing ladder-frame, joined by a 'torque box' which enhances body durability and strength.

** Model shown with optional accessories*

your freedom
to have it all

The Jumbuck is always ready for action, whether it be hitting the surf, the slopes or some serious dirt biking, its fearless and full of energy to tackle the task.

The drive is smooth and luxurious even across the roughest terrain, thanks to enhanced Ride and Handling by Lotus Engineering. Making it a hardy vehicle that will take you anywhere in both comfort and style.

** Model shown with optional accessories*

The Jumbuck is as unique as you are. Available in White, Blue, Burgundy and Yellow there is a colour to suit you.

The Jumbuck gives you the freedom to have it all, a tough Ute and a comfortable car. From weekday to weekend, sun up to sun down, you'll love every minute you spend with the Jumbuck, Your Freedom Machine.
