**URIAH HEEP**

## URIAH HEEP - CHAOS & COLOUR

**Chaos & Colour**, the energetic and triumphant 25th studio album from British hard rock legends and progenators **Uriah Heep**, bristles with explosive classic rock guitars, supreme harmonies, and Heep's famously generous keyboard foundation.

Led by founding member **Mick Box**, it is no surprise that themes of light, love and, ultimately, positivity are constant through the eleven tracks. Opener "**Save Me Tonight**" shows the band's weighty yet blistering chops, whilst "**One Nation, One Sun**" is a journey of soaring balladic contemplation. "**Fly Like An Eagle**" takes the listener on a journey of meditation, and "**Closer To Your Dreams**" is a battle cry for all rockers to get out there and do it, with **Shaw** imploring that "*So many have tried but slipped away/Now it's time for you to have your say.*" During the entire album, **Bernie Shaw's** timeless vocals sit expertly beside the band's phenomenal artistry (**Mick Box** – guitar, **Phil Lanzon** – keyboard, **Russell Gilbrook** – drums, **Dave Rimmer** – bass), rounding out exceptional performances throughout.

Produced at **Chapel Studios** by **Jay Ruston**, and engineered by **Pieter Rietkirk**, **Chaos & Colour** is a superb album of quality hard rock from the pioneers of the genre who continue to create top class material. Old fans will be reinvigorated whilst new fans will surely find **Chaos & Colour** an exceptional discovery.

**Chaos & Colour** will be available to pre-order from November 8, in Black and Coloured Vinyl configurations, as a standard CD Digipak, a Deluxe CD packaged in a hardcover book with **Uriah Heep's Chaos & Colour** signature patch and in digital formats.

# INDUCTION return with 12 progressive symphonic metal anthems and catchy earworms

**Artist:** Induction  
**Title:** Born From Fire  
**Pre-sale:** 09/09/2022  
**Release Date:** 1/27/2023  
**Label:** ATOMIC FIRE RECORDS  
**File Under:** METAL

Welcome to the new era of INDUCTION!

Join us in experiencing mystical prophecies, heartfelt stories, outraged rebellion and the lust for life on the band's sophomore full length album "Born From Fire", that will see the light of day on November 25<sup>th</sup> via Atomic Fire Records.

Originally founded in 2014, international symphonic progressive metallers INDUCTION left their first mark with the single 'The Outwitted Consecration' (2016) before completely entering the metal world by releasing their self-titled debut album in 2019. Its enormously positive reception even paved them the way to touring across Europe alongside Brazilian power metallers ARMORED DAWN in November of the same year. It was a notable career start for the quintet that was abruptly halted by the still ongoing pandemic, but the highflyers used the time at home to regain their strength and record this sophomore chef d'oeuvre.

After signing to Atomic Fire Records in early 2022 and releasing the first two stand-alone singles to get the hype going, the combo now unleashes "Born From Fire", filled with 12 progressive symphonic metal anthems and catchy earworms, once again mixed and mastered by none less than Jacob Hansen. As the world is scorched by flame and consumed in chaos, hope is born, forging the new path to mankind's everlasting paradise. Stories of distant worlds welcome you to rethink how we live today.

*"We tried to deliver a good mix of big hits, great melodies, emotions, brutal anger, intricate riffs and arrangements as well as a ton of fun while listening. We are sure this album will convince old and new fans alike of what INDUCTION means and we sincerely hope that everyone finds themselves in some of the songs..."*, describes guitarist and mastermind Tim Kanoa Hansen.

Graced by a cover artwork from Peter Sallai (Sabaton, Jinjer, Powerwolf), "Born From Fire" shows the band with its strong new line-up and ready to finally hit the road and take their hymns to the stage again. Only one day before the release, INDUCTION will therefore join Serious Black on a 16-dates strong tour through Europe, to present their new tracks live for the very first time.

# CRIME & THE CITY SOLUTION Shine

Street Date: 1/27/2023

Mute is excited to announce the reissue of Crime & the City Solution's second studio album *Shine* on limited edition gold vinyl and CD. Restored from the original masters and re-cut in 2022, the vinyl will be limited to 1,000 copies worldwide.

A band out of time, Crime & the City Solution were perennial outsiders who could not rest in their native Australia, and instead found inspiration in the colder climes of London and Berlin. Their mesmeric, expressive music evolved through many incarnations and a great deal of adversity. The first incarnation of the band appeared in 1977/78, in the midst of Australia's nascent punk scene and re-grouped in London in 1984 with Simon Bonney being joined by former Birthday Party stalwarts Mick Harvey and Rowland S.Howard, Rowland's bassist brother Harry and one time Swell Maps drummer Epic Soundtracks.

With the departure of Soundtracks and the Howard brothers for the formation of These Immortal Souls, Bonney, Harvey and Adams settled in Berlin. Here they called upon Thomas Stern, Bronwyn Adams, DAF's Chrislo Haas and Einstürzende Neubauten's guitarist Alexander Hacke to create *Shine*. The album was recorded at Hansa Tonstudio in the second half of 1987 and later released in 1988. *Shine* was more finely tuned, optimistic and delicately abrasive, with the reconstructed line-up admirably marrying Hacke's post-punk-into-blues guitar with Adam's feathered violin and Bonney's gruff vocals.

Their mesmeric, expressive music evolved through many incarnations and a great deal of adversity. The first incarnation of the band appeared in 1977/78, in the midst of Australia's nascent punk scene and re-grouped in London in 1984. After the departure of the Rowland brothers and Epic Soundtracks, the line-up settled upon the making of Shine with singer Simon Bonney, Einstürzende Neubauten's guitarist Alexander Hacke, DAF's synth player Chrislo Haas, jazz bassist Thomas Stern, violinist Bronwyn Adams and Bad Seed's Mick Harvey on drums.

Crime's freedom of expression and adventurousness reached an apex on 1990's *Paradise Discotheque* and its epic Last Dictator saga, which spanned four songs laid out like chapters at the album's conclusion. The album and the variety of styles used on it, from the metallic sounds of "I Have The Gun" to the magic realism of "The Last Dictator" quartet, were influenced by Bonney and Adams' move to Vienna.

# CRIME & THE CITY SOLUTION

## The Bride Ship

Street Date: 1/27/2023

Mute is excited to announce the reissue of Crime & the City Solution's third studio album *The Bride Ship* on limited edition white vinyl and CD. Restored from the original masters and re-cut in 2022, the vinyl will be limited to 1,000 copies worldwide.

A band out of time, Crime & the City Solution were perennial outsiders who could not rest in their native Australia, and instead found inspiration in the colder climes of London and Berlin. Their mesmeric, expressive music evolved through many incarnations and a great deal of adversity. The first incarnation of the band appeared in 1977/78, in the midst of Australia's nascent punk scene and re-grouped in London in 1984. After the departure of the Rowland brothers and Epic Soundtracks, the line-up settled upon the making of *Shine* with singer Simon Bonney, Einstürzende Neubauten's guitarist Alexander Hacke, DAF's synth player Chrislo Haas, jazz bassist Thomas Stern, violinist Bronwyn Adams and Bad Seed's Mick Harvey on drums.

Originally released in 1989, *The Bride Ship* was a creative turn for Crime. Using the sea as the ultimate metaphor for freedom, the album highlighted Bonney's skill as a lyricist and sense of melody. The crashing guitars and drums propelled a sprawling narrative which concerned itself increasingly with the universal as opposed to the personal.

# BIRD STREETS

## LAGOON

Acclaimed Brooklyn artist **Bird Streets** has returned with *Lagoon*, an album about separation, rumination, regret, and recurrence. For his second album under the **Bird Streets** name, **John Brodeur** has widely expanded on the project's collaborative foundation, enlisting production by **Patrick Sansone** (*Wilco*), **Michael Lockwood** (*Aimee Mann*, *Fiona Apple*), and **Zach Jones** (*Sting*) and **Oscar Albis Rodriguez** (*A Great Big World*), plus guest appearances from the likes of **Aimee Mann**, **Ed Harcourt**, **John Davis** (*Superdrag*), **Jody Stephens** (*Big Star*), and an array of top-shelf session players. With mixing split between Sansone and Grammy winner **Michael Brauer** (*Coldplay*, *John Mayer*), and mastering by Grammy nominee **Pete Lyman** (*Brandi Carlile*, *Chris Stapleton*), *Lagoon* is an enormous step forward from an artist who has been hailed for his evocative storytelling and keen attention to craft.

Producer and multi-instrumentalist **Patrick Sansone** helmed sessions in Nashville ("*Burnout*", "*Leave No Trace*", the bossa-flavored "*The Document*") and later in Memphis, where he and Brodeur were joined by **John Davis** on guitar and **Jody Stephens** on drums, forming a power-pop fantasy band of sorts. ("*Machine*", "*Go Free*", and wistful "*SF 1993*" come from the Memphis dates.) Back in Brooklyn, Brodeur cut several tracks with the production team of **Zach Jones** and **Oscar Albis Rodriguez**, including "Ambulance," the catchy AM Gold of "Let You Down," and the *Last Waltz*-styled soul-rock of "*Disappearing Act*." When the pandemic threw a wrench in the works, Brodeur turned to Los Angeles-based producer Michael Lockwood to remotely helm *Lagoon's* final stretch.

## “The fifth studio album of the legendary British death metal tank MEMORIAM”

**Artist:** MEMORIAM

**Title:** Rise To Power

**Pre-sale:** December 9<sup>th</sup>, 2022

**Release Date:** February 3<sup>rd</sup>, 2023

**Label:** Reaper Entertainment

**File Under:** DEATH METAL

### Description:

**MEMORIAM** needs no introduction - they are living legends of Old School Death Metal. Not only because the former fields of activity of the Brits belonged and still belong to the pioneers of UK Death Metal, but because they managed to follow their master plan more than precisely. **MEMORIAM** has built up their own loyal fan base over the past seven years and developed its own musical identity. It would certainly have been easy for them to just follow the old paths, but the true art of the band is that they never deny their origins, but gradually incorporate something new - with every album a few new nuances and facets are added.

The sheer speed of their creative output shows how consistently **MEMORIAM** follow this path: Following the initial success of the **HELLFIRE DEMOS** trilogy, **MEMORIAM** signed with **Nuclear Blast** in 2016. The band went on to release **FOR THE FALLEN** (2017), **THE SILENT VIGIL** (2018) and **REQUIEM FOR MANKIND** (2019) ensuring within a very short time that **MEMORIAM** were firmly established among loyal Death Metal fans. This was supported by dozens of concerts, which have taken the band from selected club shows to major festival appearances (e.g. **Hellfest**, **Wacken**, **Summer Breeze**, **Graspop**). Following the success of this initial trilogy, **MEMORIAM** switched to the young label **Reaper Entertainment**. The album **TO THE END**, the first of a new trilogy, was released in 2021. The second album of the trilogy, **RISE TO POWER**, will be released in early 2023.

**RISE TO POWER** will not only once again offer an atmospherically dense **Dan Seagrave** cover, the war theme stylized on it also runs through **Karl Willetts'** lyrics: With '**Never Forget, Never Again (6 Million Dead)**' about the Holocaust and the, unfortunately, more than current '**Total War**' about the war in Ukraine, **Karl** is more political than ever. "I am writing 'our burden and shame' instead of 'their' as I believe it is our collective responsibility to ensure that something like the Holocaust never happens again. I feel that it is my responsibility as a frontman and lyricist to write about the things that I feel are important," explains **Karl**. **MEMORIAM** transforms aggression and grief into uncompromising Death Metal energy. Also musically the mentioned above development process continues. While the opener still serves the essential Death Metal groove, **MEMORIAM** becomes more variable with each additional song and keeps adding new dynamics into their Old School Death Metal sound - from brutal grooves ('**Annihilation's Dawn**') via doomy-melodic parts like in '**I Am The Enemy**' up to aggressive Nordic riffing like in '**Total War**'. **RISE TO POWER** is an extremely varied album, as **Karl** confirms: "That's **Scott's** style, he comes from a different generation than **Frank**, **Spike** and me. He brings in influences from bands I haven't even heard of. It gives us the balance between old and new, and it works pretty well for us." (Thomas Strater)
