We're here for you

We're here for your comfort. For your relaxation. For your adventures with family and friends. We're here for you to remember.

Let our Gulf breezes take over while you take it easy on white-sand beaches and pristine open spaces. On rolling golf greens and turquoise waters rolling toward the sugary shore. In restaurants where the catch of the day means caught today, and down-home cooking makes you feel right at home.

Discover attractions that are a blast from the past, and venues that look to the future of art and entertainment. Explore trails and blueways leading to sun-washed land and seascapes. Then let your days of discovery begin and end in hotels and condos where your every wish is accommodated.

It's all here for you in Gulf Shores and Orange Beach.

YOUR INFORMATION STATIONS

OUR WARMEST WELCOME and everything you're going to need during your visit. That's what our two Welcome Centers offer, and we hope you make stopping by these gateways to Gulf Shores and Orange Beach the first item on your "to do" list, especially if you are a first-time guest.

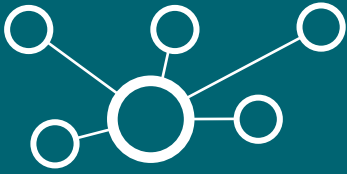

Like the beautiful area they represent, both Welcome Centers set the tone of your adventure by the Gulf with bright nautical tones enhanced by marine-themed art and sculpture created by local artists.

Both centers are staffed by friendly vacation specialists who are experts at discerning the needs and tastes of our visitors and directing them to the best dining options and things to do on land and sea. They can also help you find a variety of maps, coupon books

and brochures highlighting local points of interest and information on other businesses.

Of course, if you've been here before, you may already know what you want to do and see. Or maybe you're in the know because you already texted our hospitality and information staff ahead of time. Yes, we're embracing our digital side and getting even more communications savvy in order to help you save time while still giving you all the personal attention you need. To that end, we've also added a chat bot to our website and TikTok to our social channels. We are fresh!

Still, we hope you take the time to stop by and say hi or at least to pose in front of our famous dolphin fountain, located at the Gulf Shores Welcome Center.

VACATION PLANNING

GOLFING FORE FUN

HOOKED ON FISHING

— ON THE WATER —

Smooth Sailing

When it comes to all things water-related, we know all about making waves—paddling them, riding them, flying high above them and diving below them. It's a water world here by the Gulf of Mexico, and we're overflowing with water-related activities, including boating, paddling, diving, snorkeling and cruising.

Come Sail Away. Whatever floats your boat is what you'll find in Gulf Shores and Orange Beach. Discover how swell skimming across the Gulf is by renting watercraft from local marinas and operators, including pontoons, sailboats, catamarans, runabouts, Jet Skis and WaveRunners. You can even rent surfboards if you want to channel your inner Gidget and Moondoggie.

But Gulf whitecaps aren't the only watery pathway here. Our back bays and inland waters create a more peaceful boating experience as you drift across pristine lakes and past cypress swamps.

You can enjoy all of this while fishing with one of our many charter boat excursions. Local captains will take you offshore or nearshore, plying the most prolific waters for snapper, wahoo or tuna and setting the stage for a good fish story. It's a great bonding experience for families and friends as you work together to "reel 'em in."

If you BYOB (bring your own boat), local marinas can assist with dockage and supplies. See you on the water!

FUN WITH A PORPOISE Playful, sociable dolphins can be seen from one of our area's dolphin cruises. Caring captains offer insightful information about these fascinating aquatic mammals, their behavior and important ways we can all help protect their habitat. Seeing them swim and jump nearby is the highlight of a trip that is well-suited for all ages.

PADDLE POWER Kayak and stand-up paddling rentals are also plentiful in Gulf Shores and Orange Beach, with many operators bringing the equipment to your location if desired. Both activities are the perfect chance for families to connect while paddling the scenic waters of the Back Bay Blueway, whose four trails highlight Fort Morgan, the Little Lagoon, Gulf State Park and the coves, creeks and bayous of Orange Beach. Don't let sundown stop the fun; one local outfitter offers clear, glowing kayaks to illuminate your paddling adventure.

HOME PORTS With so much boating going on, it helps to have some great marinas on hand for storage and slips, fuel and supplies, bait and tackle, and even amenities like showers and laundry facilities for you long-haulers. Marinas in Gulf Shores and Orange Beach offer all this and more, including on-site restaurants and personal watercraft rentals.

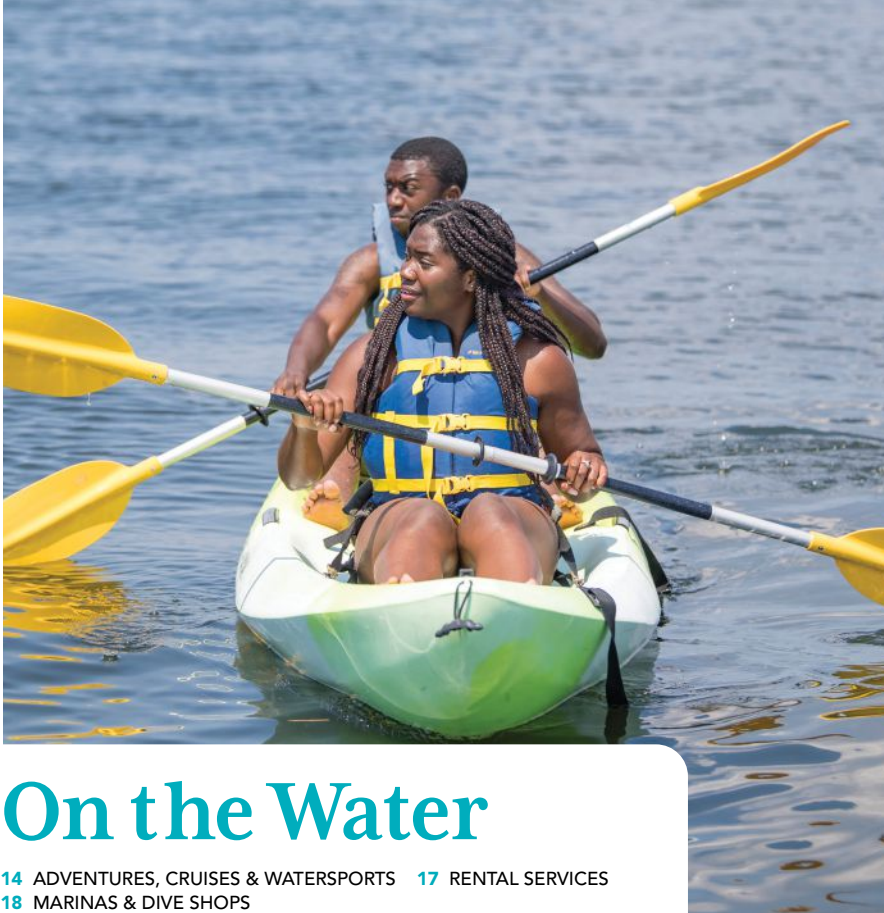

TAKING A DIVE Part of the largest artificial reef program in the United States, offshore reefs create an aquatic metropolis of fish in the nearshore and offshore waters of coastal Alabama, many created from decommissioned bridge spans, army tanks, barges and repurposed concrete culverts. Local operators rent snorkel gear or for those looking for a deeper dive, scuba charters include PADI instruction.

SOARING ABOVE Coming up from the depths, you can go to the other extreme on a thrilling parasailing excursion, way, way above the waves with a 360-degree view of Gulf Shores and Orange Beach. Solo and tandem trips are available on trips departing from multiple locations. Helicopter tours are another option for those who want to appreciate the water from the air.

FLYING HIGH OR CRUISING SLOW, YOU SET THE PACE FOR ADVENTURE IN GULF SHORES AND ORANGE BEACH.

BEACH SAFE

KNOW BEFORE YOU GO

THE BEST BEACH VACATION IS A SAFE ONE!

Gulf waters can be very dangerous. Surf conditions can overwhelm even the best swimmer. We want to ensure the vacation memories you take home are happy ones. Please take time to review the following information ahead of your visit and while you are here.

CHECK WEATHER AND SURF CONDITIONS DAILY

Text "ALBEACHES" to "888777" to sign up for daily surf conditions text alerts. Text "STOP" to opt out of notifications upon your departure.

- Gulf Shores: 251-968-SURF
- Orange Beach: 251-981-SURF
- Online: VisitALBeaches.com/Safety

KNOW YOUR LIMITATIONS

- Learn to swim; non-swimmers should stay out of the water
- Don't overestimate your swimming ability
- Don't rely on inner tubes, floats or other inflatable toys
- Use Coast Guard-approved life jackets
- Designate a water-watcher and supervise children closely
- Never swim alone

KNOW AND HEED THE BEACH WARNING FLAGS

Yellow: Moderate surf and/or currents

Purple: Dangerous marine life

Red: High surf and/or strong currents

Double Red: Water closed to the public

SWIM NEAR A LIFEGUARD

- Lifeguards are stationed seasonally at all public beaches in Gulf Shores and Orange Beach (March through September)
- Currently, no lifeguard protection is available in the Fort Morgan area

LEARN HOW TO ESCAPE A RIP CURRENT

Rip currents are powerful currents of water moving away from shore. They can sweep even the strongest swimmer away from shore.

- If caught in a rip current, remain calm
- Escape the current by swimming parallel to the shoreline
- When free of the current, swim at an angle—away from the current—toward shore
- Float or tread water if unable to escape by swimming
- If unable to reach shore, draw attention to yourself by facing the shore and calling or waving for help
- See our important rip current video: VisitALBeaches.com/Safety

KNOW WHAT TO DO IF SOMEONE ELSE IS IN DANGER

- First, CALL 9-1-1
- Seek help from a lifeguard; if no lifeguard is present, yell instructions on how to escape the current
- Throw the victim something that floats
- Don't attempt to perform a rescue as you could also get caught in the current

STAY SMART OFF-SHORE WITH BOATING SAFETY

Whether you've been boating for years or are just getting your feet wet, please put safety first whenever you are boating along the Alabama Gulf Coast.

1. Follow Your Rental Company's Recommendations

Most companies have knowledgeable staff on-site who can give you a quick course in boating safety, so listen closely and follow all your rental company's recommendations while on the water.

2. Don't Overlook Life Jackets

By law, all boats must carry a U.S. Coast Guard-approved life vest for every person on board. Passengers under the age of eight must always wear a life jacket, but it's best for everyone on board to do the same.

3. Map Your Marinas

You should always fill up before heading out, but it's equally important to map your nearby marinas to be sure you know where to head in an emergency.

4. Watch the Weather

Be sure to check the weather before you go boating and stay at the dock if a storm is approaching. Gulf waters can go from calm to chaotic in a matter of seconds with pop-up storms.

5. Don't Pack on Passengers

Most boats have a capacity plate affixed to the hull that displays the maximum load limit and number of passengers, so be sure to find and follow it.

6. Don't Boat and Booze

It's illegal to operate a boat while under the influence of alcohol, and even first-time offenders can face steep penalties.

7. Catch a Crash Course

If possible, take a boating safety course before you cast off. A variety of fast and friendly online courses cover everything from navigation tips to emergency situations and more.

8. Keep an Emergency Kit

Must-have items include a first-aid kit, flare guns, signaling devices, and a handheld radio with extra batteries. If you're renting, confirm your vessel is equipped with the essentials when making your reservation.

— ON THE LAND —

Fun if by Land

A Gulf State of Mind. If part of every great outdoor activity in coastal Alabama relocated to one spot, you'd end up with Gulf State Park. Hiking and biking trails, Segway tours, nature and interpretive centers, picnicking and camping... and those are just the adventures on terra firma. The park also offers kayak, canoe and paddleboard rentals (or bring your own) to explore two beautiful lakes, as well as fresh and saltwater fishing. Then there's the beach: two miles of sweeping sands fronting the Gulf, easily accessible from the park's campground and lakefront cabins. A beach pavilion includes climate-controlled bathrooms with showers, a seasonal concession stand, accessible ramps and picnic tables, so you can stay for the day in comfort. Nominal parking fees apply.

TRAIL BLAZERS

Hiking and biking trails crisscross Gulf Shores and Orange Beach from the backcountry to the beach, surrounding hikers, bicyclists, Segway riders and inline skaters with the panoramic beauty of coastal Alabama's varied landscape of seaside forests, dunes and coastal swamps. Not to mention the unique flora and fauna you'll see along the way. Gulf State Park's free bike-share program makes exploring the Hugh S. Branyon Backcountry Trail easy.

LIVE AND LEARN

While you're appreciating the maritime beauty of Gulf State Park, there's a lot to learn here, too. The park's Nature Center is a living museum whose guided nature walks introduce you to a fascinating array of native plant and animal life. Keep your eyes peeled for owls, turtles, alligators and more. Meanwhile, the state's most environmentally friendly building is right here in the park—the Interpretive Center—with interactive exhibits highlighting the park's nine ecosystems. The park's Learning Center currently hosts the Ambassadors of the Environment multi-day education experience, which was developed in partnership with Jean-Michel Cousteau. The program will move to the new Center for Eco-Tourism and Sustainability when it is complete.

LAKE EFFECTS

Steps away from Gulf State Park's salty shoreline is the 900-acre freshwater Lake Shelby, a refreshing spot you'll explore by kayak, canoe or paddleboard (rentals are readily available), with boat ramps to launch your watercraft of choice. Along with activities like swimming and fishing, Lake Shelby is the gorgeous backdrop for a picnic area as well as a kids' playground. And don't forget Fido – there's even a Dog Pond at Lake Shelby where your furry friends can swim and play.

BON SECOUR NATIONAL WILDLIFE REFUGE (NWR)

A refuge with some of Alabama's last remaining undisturbed coastal barrier habitat, Bon Secour NWR is a protective oasis for wildlife. Visitors are welcome to hike or paddle their way to discovering native plants and animals and their habitats, including dunes, swales, wetlands, maritime forests and scrub. Staff and volunteers at the Visitor Center will share maps and brochures or offer guided hikes and night prowls throughout the year.

FOR THE BIRDS

With locations like Bon Secour National Wildlife Refuge and Gulf State Park – and dozens of others – it's no surprise that the Alabama Gulf Coast is a bird-watcher's nirvana. Keep your eyes and binoculars, trained on shorebirds and seabirds like gulls, terns, pelicans and plovers, which are joined during the winter migration by such rarities as the red-throated and Pacific loons. Visit GulfShores.com to order the Coastal Alabama Birding Trail Guide and join us for public bird bandings at Fort Morgan in the spring and fall and in October during the Alabama Coastal Birdfest, a weekend of walking and boat tours, along with visits to Dauphin Island, home of the Audubon Bird Sanctuary.

SOOTHING SANDS

Salt and sand therapies are ancient wellness techniques that anyone can practice at the beach today. Just bring a towel or a yoga mat, or barefoot it along the shoreline for a mile or two.

TREASURE HUNTS

Any visitor to the beach naturally starts noticing shells and selecting favorites from among this endless supply of colorful souvenirs. Watch kids (and kids at heart) delight in finding treasures in the sand and in taking their buckets to the shoreline to collect new prizes with each breaking wave. Adults may hold out for something extra special, like angel wings or mermaid purses. Collecting shells is truly fun for all ages. There are prime spots for shelling all along the coast, but aficionados point to the Perdido Pass Bridge area in Orange Beach and the beaches of Gulf State Park and Fort Morgan as primo spots. Our popular shelling brochure can help you find and identify these treasures.

FIDO-FRIENDLY
VACATION IDEAS ARE
JUST A SCAN AWAY.

MOTORCYCLE RIDES

Cycling across the Alabama coast is amazing, but if motorcycles are more your speed, you're in luck because we have five distinct runs leading to various attractions in and around Gulf Shores and Orange Beach, including dive bars and diners, museums and marinas. Check out our Motorcycle Runs for the lowdown on distances, maps and points of interest on each of the five runs. GulfShores.com/things-to-do/motorcycle-runs

We know you love our beach!

Thank you for practicing a "Leave Only Footprints" lifestyle. The following steps will help you protect our beaches during your stay:

- Avoid walking on any beach vegetation. Plant roots hold together the fragile dunes.
- Explore away from bird nesting areas. Nests may be located in the ground and camouflaged to resemble the surrounding environment, so please watch your step!
- Please, please, please don't litter! Pack out all your trash and recycle what you can.
- Refill all holes. They can cause injury to wildlife and people. And be careful when playing in holes. Falling sand from side collapses can be dangerous.
- Any structures or equipment left on the beach an hour after sunset and before sunrise will be removed and disposed of by beach patrol (except for permitted beach services).

Alabama's sea turtle nesting and hatching season runs from May through October. Learn more about these amazing creatures and how you can help protect them.

COOL FACTS

- Three species of sea turtles nest on Alabama's Gulf Coast: loggerhead, Kemp's ridley, and green.
- Sea turtles are protected by the Endangered Species Act. It is against the law to disturb nesting sea turtles, hatchlings, or their nests.
- Female sea turtles lay an average of 110 round, leathery eggs at a time. However, only a few young turtles will survive to adulthood.
- Hatchling sea turtles find their way to the Gulf waters by moonlight or starlight. Building lights and flashlights may confuse the baby sea turtles, drawing them away from the water.
- Adult loggerhead sea turtles weigh between 175 and 350 pounds. Baby hatchlings weigh only one to two ounces.
- Sea turtle egg incubation period is 55 to 75 days. Most hatchlings emerge together in an "eruption" of babies from the nest.

The WHARF®

— DINING —

All You Can Eat

Eateries in Gulf Shores and Orange Beach serve every appetite, whether you're eating in, taking out, need a kid's menu or a romantic table for two by the water. Variety is the spice of our coastal cuisine, from seafood and steak to burgers and barbecue, with international and veggie options also in the mouthwatering mix.

Seafood Spoken Here.

With the bounty of the Gulf and back bay waters in the spotlight, restaurants in Gulf Shores and Orange Beach boast fresh catches brought in daily for you to savor that night. Flounder, snapper, grouper and scrumptious shrimp, crab and oysters are served grilled, blackened, boiled, stuffed, fried, seared and steamed. And talk about fresh—some seafood restaurants are located right at the fishing docks to make the transition from the sea to your plate even faster.

Looking for creativity? How about shrimp fra diavolo sautéed with roasted mushrooms or fresh Gulf redfish encrusted in local pecans and topped with sautéed crabmeat? Sea bass baked in banana leaves is a must-try, as is Gulf shrimp and okra gumbo with Mississippi blue rice. Maybe you just want to relax with the famed shrimp and grits you've been hearing about. Or sample authentic Cajun-style seafood straight from our neighbors to the west.

You've come to the right place for all of the above. Come and get it!

WHERE'S THE BEEF?

Right here in Gulf Shores and Orange Beach, where our favorite fusion is surf and turf. In addition to every type of seafood under the waves, we grill the best burgers and premium-aged USDA steaks under the sun. Go casual with cheeseburgers and shakes, or go to town on a 14-ounce, bone-in filet served with parmesan risotto and a glass of vintage red wine.

BARBECUE, SOUTHERN STYLE

Barbecue is a southern tradition, which is about the only traditional thing about barbecue in coastal Alabama, where smoking is done on-site and according to the strictest (and strictly secret) methods. The result? The best barbecue pork, chicken and ribs you've ever tasted.

GOING GLOBAL

You'll find international flair at a number of eateries in Gulf Shores and Orange Beach, from authentic sushi to Italian specialties and zesty Mexican fare.

LIQUID ASSETS

Imagine the setting: Sunset on the Gulf and you, a few sandy steps away on the deck of a restaurant, sipping a margarita or something equally fruity and frozen. Like pineapple sangria, a cosmo, tropical creamsicle mimosa or a blackberry mojito, a concoction of light aged rum, lime, mint and fresh berries. Be sure to try the sweet, boozy bushwacker for the ultimate adult beach treat.

SWEET TREATS

Whether you scream for ice cream or swoon over decadent cupcakes, Gulf Shores and Orange Beach eateries know how to satisfy every sweet tooth. From freshly dipped caramel apples and a dizzying selection of cheesecake to warm powdered sugar-covered beignets and towering milkshakes, we've got the sugar. We even have two trails you can follow to discover local options for key lime pie and bread pudding.

Three for the Show

Restaurants Locals Love

When in Gulf Shores and Orange Beach... do what the locals do and eat at the best restaurants in town. They're the experts, so we'll take their word for it. Enjoy!

Outdoor Dining

The Gulf is the main course at many al fresco eateries in Gulf Shores and Orange Beach. The breeze, the surf, the seagulls, fiery sunsets and stary skies are all part of the experience.

Brunch Time!

Sleeping in is part of a relaxing vacation. But you won't be missing breakfast because brunch — coastal Alabama style — is waiting in Gulf Shores and Orange Beach.

— THINGS TO DO —

What's Happening? We Are!

How can you have fun in Gulf Shores and Orange Beach? Let us count the ways. From mini-golf to maxi water parks, escape rooms to arcade rooms, count on us for fun and gaming of every kind.

FROM BUILDING RELATIONSHIPS TO BUILDING SAND CASTLES,
THE ALABAMA GULF COAST IS THE IDEAL SPOT FOR FUN.

CARING ABOUT CRITTERS

In an area as close to nature as Gulf Shores and Orange Beach, it's impossible to miss our many feathered friends and other creatures as you paddle and hike local wilderness areas. Trek to the Alabama Gulf Coast Zoo, a ZAA-accredited animal haven including interactive animal encounters; or warm up to the cold-blooded residents of Alligator Alley, where a boardwalk winds past hundreds of impressive gators. Then see wildlife in its most wild state at Gulf State Park's Nature Center, offering guided nature walks and other educational programs showcasing owls, turtles, snakes, alligators and much more.

A COMPETITIVE NATURE

Up for a little friendly competition? In addition to our many competitive indoor games, you can challenge friends and family—and yourself—in go-kart racing or mini-golf. Or let Sand Castle University teach you and your group how to create amazing sand sculptures on the beach. They bring the equipment and work with all ages and skill levels, plus provide a free time-lapse video of your group creating a sand masterpiece.

MAKING A SPLASH

True, the Gulf is at your doorstep here, but sometimes you just want the thrill of a vertical slide into the water, and you'll find it at Waterville USA, home to 17 water slides and a simulated surfer/body boarding attraction.

Inside, Outside. Whether you're taking a break from the beach or taking in a rainy day, excitement in the great indoors cannot be contained. Especially when you're bouncing high into the air and scaling a rock wall at our indoor trampoline park. Or perfecting your technique at axe-throwing, one of the country's newest activities. Plan your great escape with the help of family and friends at one of our escape rooms, or make it all about yourself at a selfie museum offering trendy backdrops for TikTok and other social sharing apps.

If you need to escape the elements or just take a shot at fun, Gulf Shores and Orange Beach even offer indoor mini-golf. Our newest venue lets you play among animatronic dinosaurs in an atmosphere drenched in cool blacklight. Meanwhile, the virtual outdoors come indoors at the many game arcades throughout the area, offering action simulators and virtual reality rides along with popular interactive games like hoops and Skee-Ball. With so much to experience, family and friends will lose track of time as they keep their good time together on track.

FISHING FOR FUN

Year-round access to the best fishing is every angler's dream come true in Gulf Shores and Orange Beach, where the Gulf of Mexico and back bay waters have hooked enthusiasts from across the globe.

With full-service marinas and tackle shops spanning the waterfront, you'll find all the boats and equipment needed for a day on the waves. We also offer some of the best surf fishing around. Just pick a spot on the beach, set up your rod, and let the wave action lure in pompano, whiting and flounder, depending on the season.

Many visitors opt to let the experts take the helm. Our local

charter boat captains know what's swimming in nearshore and offshore waters and can school you on the best techniques for landing "the big one."

There are charters galore here, offering full- and half-day excursions for novices and seasoned anglers alike, including families with children. But fish aren't the only game in town. Shrimp boats also offer charters during their seasons.

If this will be your first fishing charter, be sure to ask your captain what extras will be provided and what you are permitted to bring on board. All charters include permits, fishing gear and equipment. And remember your sunscreen and seasickness medication!

GOLF ON THE GULF

White sands, turquoise water and golf greens. With 15 area courses within easy driving range of the beach—some with a challenging coastal breeze—you can easily add a round or two to your vacation plans. If “anytime is tee time” is your mantra, you’ll be glad to hear that mild winters and great off-season rates make Gulf Shores and Orange Beach a grand slam in year-round golf.

We also have the fairways to match our fair weather. Designed by such legends of the game as Arnold Palmer, Bruce Devlin, Jerry

Pate and Earl Stone, our courses overlook the shimmering Gulf and meander past the lush foliage of nature preserves. Like the challenging holes you’ll find on the links, every aspect of golfing on the Alabama coast is aces.

Everyone—including golf newbies and kids—can get in the game here. Most courses offer lessons and clinics, while local driving ranges can help players perfect their swings. If you don’t have all day but still want to play, a par-3/executive course will get you on your way sooner. Hit ‘em straight!

Art Makes History Here

Artistic Styles. Our land and waterscapes make Gulf Shores and Orange Beach beautiful by nature, but local artists and artisans do their part to beautify the area as well.

Spearheading the effort is the Gulf Coast Arts Alliance, showcasing the work of more than 50 local and regional artists while offering art and music classes and hosting regular Art Markets where dozens of fine artists demonstrate and display their wares.

If you're feeling interactive, you can try your hand at glass blowing or clay making at the Coastal Arts Center of Orange Beach, then browse the paintings, photographs and sculptures in their gallery. Or if the play's the thing, check out seasonal performances for adults and kids at the South Baldwin Community Theatre, as well as the Performing Arts Center in Orange Beach.

HISTORICAL JOURNEYS

History spans the centuries in and around Gulf Shores and Orange Beach, so prepare for a little time travel during your stay. Start with the iconic Fort Morgan, which was built between 1819 and 1833 and still stands guard looking out to Mobile Bay. Continue at the Gulf Shores Museum or Orange Beach Indian & Sea Museum for a taste of local history, then move on to the Baldwin County Heritage Museum, whose period appliances, farm equipment, rustic wagons and clothing give a true sense of life in the 1800s.

Continue your tour of military history at the National Naval Aviation Museum in Pensacola, where you'll discover historic aircraft, cockpits, flight simulators, interactive exhibits and an endless collection of artifacts. Nearby, the historic Pensacola Lighthouse dates back to 1859 and includes a Maritime Museum, whose revolving array of exhibits includes displays

on the Coast Guard and the history of lighthouse illumination techniques. (Check admission information regarding base access.)

Take a day trip to Mobile for a deep dive into the Second World War at the USS ALABAMA Battleship Memorial Park, berthing the 45,000-ton warship once home to a crew of 2,500. Meanwhile, a more gracious age is recalled at Bellingrath Gardens and Home, an estate boasting 65 acres of year-round floral splendor.

Make sure to leave time for natural history at sites including the Alabama Aquarium at the Dauphin Island Sea Lab and the Exploreum Science Center in Mobile. Also in Mobile is the GulfQuest National Maritime Museum, delving into the area's rich seaside heritage through exhibits, programs and activities.
