COAST GUARD FOUNDATION NEW YORK SALUTES THE COAST GUARD TRIBUTE DINNER

AWARDEE

GRAND COSTA D'AVORIA FIRE UNIFIED COMMAND

The Coast Guard Foundation is proud to honor Coast Guard Sector New York and the Unified Command that responded to a fire on a vessel in the Port of Newark in July 2023. At approximately 9:30 p.m. on Wednesday, July 5, a fire broke out on the motor vessel *Grande Costa D'Avorio* in the Port of Newark. The crew of the vessel immediately activated on-board fire suppression procedures and alerted the Newark Fire Department. The vessel was completing cargo operations of loading automobiles when the fire began. The vessel was carrying more than 1,200 vehicles and 134 containers at the time of the fire.

Firefighters from the Newark Fire Department began the initial response, which eventually included teams from other New York and New Jersey fire departments. Sector New York command center personnel coordinated Coast Guard assets and laid the groundwork for what would become weeks of battling the fire and salvaging the vessel. Sector New York, subunits Station New York, the Cutter *Line*, the Cutter *Hawser*, and a host of other federal, state and local agencies also responded.

Shipboard firefighting brings unique complexities and inherent dangers not normally associated with responses on shore and two brave Newark fire fighters died and several other responders were injured in the early hours of the response.

As lead Federal On-Scene Coordinator, Captain Zeita Merchant stood up the Unified Command with expert representation from the Port Authority of New York and New Jersey, Newark Fire Department, Gallagher Marine and DONJON-SMIT, the representative of the vessel operator. The Unified Command brought in the Coast Guard's Atlantic Strike Team and Salvage Engineering Response Team to help develop the fire response and salvage plan.

The Unified Command's priorities were to ensure the safety of the public and first responders, fight the fire, protect the environment, and minimize disruptions to the port. Firefighting crews worked heroically from the pier and waterside to extinguish the fire and gain access to the upper decks of the vessel. At the same time the Newark Fire Department and New Jersey Department of Environmental Protection monitored air quality to ensure safe working conditions and public safety.

As the response continued into Friday and the vessel began to list, salvage teams removed firefighting water from the vessel to keep it from capsizing. Coast Guard responders also searched for potential pollution in the waterways and enforced a security zone to limit vessel traffic in the port for the safety of the first responders and the public. The Unified Command continued to fight the blaze throughout the night Friday and early Saturday and firefighters contained the fire on the 11th deck and stopped its spread. In addition, successful dewatering stabilized the vessel.

Through the coordinated efforts of Sector New York, members deployed to support the response, and the multitude of port partners over six days, the fire was extinguished. At the same time salvage crews continued to dewater the vessel and monitor its stability. The Coast Guard opened the Port of Newark to normal traffic that evening, further mitigating impact to maritime operations.

With the fire out, the Unified Command stood down and the Coast Guard began investigating the cause of the fire and directing salvage activities to safely remove the vessel from Port Newark.

The fire at Port Newark was a tragedy that will impact the community into the future as we continue to mourn the loss of brave firefighters Augusto "Augie" Acabou and Wayne "Bear" Brooks Jr. Their selfless service and sacrifice while going toward danger will forever be held in the highest esteem.

The passion and diligence of Coast Guard Sector New York team and their partners are in keeping with the definition of the Coast Guard motto *Semper Paratus*.

COAST GUARD FOUNDATION SUPPORT FOR THE COAST GUARD

YOUR IMPACT IN 2022

The Coast Guard Foundation strengthens the Coast Guard community by remaining *Semper Paratus* — *Always Ready*, for members and their families, where and when they need it the most. Thanks to the generosity of our supporters, we met the challenge in all areas of need.

■ FAMILY RESILIENCE

We distributed disaster relief grants of up to \$3,000 to 161 Coast Guard members and families impacted by natural disasters last year, including those who lost homes and property to Hurricanes Fiona and Ian.

We expanded tragedy assistance in 2022 to help with unexpected expenses if an active-duty member loses a spouse or dependent child. We pay close attention to the unique needs of the families and Coast Guard members affected, working to provide care and comfort in a supportive, respectful way.

Ten Coast Guard families received tragedy assistance after they suffered the death of their Coast Guard members or a child or spouse, providing comfort and solace during their time of great need.

■ EDUCATION

We awarded 179 scholarships from \$2,000 to \$5,000 to Coast Guard kids enrolled in college and technical/trade schools, pursuing their degrees. Through the generosity of our supporters, we were able to increase the minimum scholarship amount to a more impactful level and award nine additional scholarships beyond our initial goal.

Six surviving children of Coast Guard members who made the ultimate sacrifice received Fallen Heroes scholarships and education booster grants. Booster grants allow school aged children of the fallen to participate in educational enrichment activities while scholarships cover 100 percent of expenses for those attending the college of their choice.

We addressed a wide range of priorities at the Coast Guard Academy, including academic enrichment, cadet activities, athletics, and water-front activities.

■ WORKFORCE DEVELOPMENT

Workforce development programs provided classes and materials to 232 Coast Guard members pursuing professional certifications, including aircraft maintenance and captains' licenses. This program better prepares them for their Coast Guard missions and their transition into the civilian sector when their service is over. We also awarded 114 grants to Coast Guard members to support their off-duty education.

We awarded Coast Guard spouse grants from \$500 to \$2,000 to 253 Coast Guard spouses pursuing their college degrees and professional certifications. For spouses of military members, achieving higher education or professional licensing and certification boosts the family's financial stability and gives them personal fulfillment.

■ MORALE AND WELLNESS

The Foundation funded 252 projects across the country to support morale and wellness at Coast Guard units and help members remain always ready by maintaining their physical and mental well-being while at sea or stationed in remote areas.

We supported life skill resources and activities for Coast Guard families through a partnership with the Coast Guard Chaplain Program, to help families connect and build positive, supportive relationships. We also continued to fund suicide prevention peer training and retreats to build mental resiliency in members and help the Coast Guard address the current military suicide crisis.

The crews of five new fast response cutters brought into service received a grant of \$5,000 to establish their morale and wellness priorities.

■ COMMUNITY

Foundation supporters nationwide raised more than \$31,000 for Fallen Heroes Scholarships and tragedy assistance support for Coast Guard families through Run to Remember events and the Workout to Remember campaign.

We provided 215 grants to Coast Guard kids allowing them to attend virtual and in-person camps and invest in online enrichment activities during summer and school breaks.
