PAGauction.com 844.593.7355

Buehrig
motor car company

519 1981 BUEHRIG CARRIAGE-ROOF COUPE

1 of 3 prototypes built. Only 2,800 miles. Styled by the legendary Auburn, Cord Duesenberg designer Gordon Buehrig and built in collaboration with Richard Kughn of the Car Rail Museum and Kughn Collection of Detroit. Only 3 examples were produced although plans were to build 50 units at a retail price of \$130,000 each in 1980! New Corvettes were used as the base platform.

The 3 cars are as follows:

The blue car - Gordon Buehrig's personal car and the blue color with a blue and yellow leather interior was selected as a nod to his Swiss ancestry. Stored in the "Buehrig Room" at the ACD Museum in Auburn Indiana.

The cream and orange car - Richard Kughn's personal car and the first one ever sold. Purchased from the Kughn estate in 2017 with a mere 1,800 miles on the odometer. Color combo was selected to match his show winning Duesenberg. Sold to Bob Simpson, owner of Bob's Classic Cars. At it's height, the Kughn Collection numbered 280 cars!

The maroon car - Linda Kughn's personal car now being offered at auction. Only 2,500 miles and recently acquired from the Kughn estate. First time advertised for sale. Built from a new Corvette in 1981. The VIN therefore decodes to a 1981 Corvette and the drivetrain is stock Corvette. Only 2,500 miles since new and stored in climate controlled garage. All original and in near showroom condition. The build quality is remarkable!
