A RESUMPTION OF NEGOTIATIONS in the six-day-old DSR strike are sought by the federal conciliation service. The union claims that City terms are impossible. Leo J. MACARTHUR'S ARRIVAL in Chicago greeted by a reception committee of upwards of 3,000,000, who lined the 23-mile route leading from the airport through the downtown area. Factories were shut down, school dismissed and Loop stores closed. The reception will be climaxed tonight at a celebration in Soldier Field, where MacArthur will give a short address.

THE LAST FOOTHOLD in West Korea was abandoned today by Allied troops who had been fighting a magnificent delaying action against 300,000 Chinese pressing toward Seoul. Red troops being 20 miles or less from Seoul, civilians prepared to withdraw in the event that the city was to change hands for the fifth time in the 10-month-old Korean war.

POLICE HEADQUARTERS fell victim to a freak tear gas bomb attack today when a pin dropped out of a tear gas grenade as cases of the bombs were being moved from a storage room. No casualties.

MAJ. GEN. CHARLES A. WILLOUGHBY, 59, intelligence officer whom General MacArthur relied on in planning the Korean campaign, has been recalled from his post in Tokyo, the Defense Department has announced. Refuses to say whether he has been given another assignment.

GENERAL MACARTHUR tells cheering thousands in Chicago that the fundamental question before the nation is still a policy for Korea. "It is difficult to ask men to fight and die unless we give them a realistic mission and the means to accomplish it," he said in an address at Soldiers Field following the greatest reception in the city's history.

CROWNING OF THE "QUEEN OF HEALTH" for a hospital campaign in Memphis was postponed because the elected queen came down with the chickenpox.

Youngster Hit In Face by BB

Earl Samsell, 9, of 1362 Hampton, narrowly escaped serious injury to his left eye when he was struck on the cheek by a BB pellet fired by a 12-year-old neighbor. Woods Police warned the parents of the 12-year-old that children were not allowed to have BB guns or any fire arms or slingshots. The mishap occurred Wednesday, April 25, while young Samsell was standing in his backyard.

Halt Installation of Picket Fence

Woods Police stopped the installation of a picket fence at 1220 Elford. "Remove the pickets or see the Council," police told officials of the Fontaine Fence Co. The Woods City Ordinance does not allow picket fences.

Memorial Center Campaign Workers Buoyed Up by Note From Appreciative Resident

Mrs. Sanford Beats the Gun in Drive for Funds and Expresses Sentiment Association Hopes Will Be Found Most Prevalent

At least one Pointe resident has beaten the gun on the War Memorial Association drive, and in so doing has expressed a sentiment that the campaign workers hope they will find rampant in the community. The whole story is contained in the following letter which the finance committee of the Center received this week.

Dear Sirs: I hear you are to have a drive for funds. I want to send my small bit now before you have to beg me to do something. I can't think you will need to say much to anyone. If every resident whose children, or herself, use the Center would put in even a few dollars, the Center would carry itself. It is such a necessity to all the organizations of our community and it means so much to the lives of all our young people that I feel deep gratitude as I give this token of my personal appreciation for all the Center has meant to the Community and to our family. I feel sure other Grosse Pointe families will feel the same way.

Yours truly, Mrs. Sterling S. Sanford.

Tentative Park Budget Revealed

The City of Grosse Pointe Park has announced a tentative budget of \$1,044,920 for the fiscal year from July 1, 1951 to June 30, 1952. Details of the proposed budget may be found in a legal advertisement run by the Park in this issue of the NEWS.

Tool Box, Saws Taken by Thieves

Thieves fled with a tool box and three electric saws after ransacking two trucks parked on Lakepointe Saturday, April 28. The tool box was taken from a truck owned by Frank Camach, of 1462 Lakepointe. The saws were stolen from Oscar Grover, of 1439 Lakepointe.

Police Seeking Hit-Run Driver

Police sought the hit-run driver who caused about \$200 damage to a car parked in the Woods Theater parking lot, Saturday, April 28. The damage was discovered by Larry Bester, 16, of 22482 St. Clair, St. Clair Shores, who had left the car in the lot to attend the theater.

Two Pedestrians Struck by Cars

Two pedestrians, one a four-year-old boy, were struck by cars last week in Grosse Pointe. Mrs. Louise Ravel, 45, of 1976 Country Club, was hit by a car driven by George F. Lasher, Jr., of 1930 Lancaster, as she got off a bus at Mack and Lochmoor, on Tuesday, April 24. She was taken to Saratoga General Hospital, but was sent home in an ambulance the same day. She was said to have suffered a minor skull fracture. Thanks to alert driving by Police Sgt. John Rabaut, of 593 St. Clair, John Parent, 4, of 342 Rivard, escaped serious injury when he was struck by Rabaut's car. The boy darted into the path of the City police officer's vehicle in front of 342 Rivard. Sgt. Rabaut took the boy and his father, Alfred Parent, to Bon Secours Hospital. The boy suffered slight bruises.

Fair Weather Opens Doors To Foul Play

Warm Night Air and Day Youngsters With Bad Ideas

Fair weather opens the door to foul play as far as Grosse Pointe teenagers are concerned. They kept police busy answering complaints ranging from stolen cars to broken windows, on Thursday night, April 26. Five youths outdistanced a Woods police car after they were seen tampering with fire route signs near Goethe and Mack.

Race Through Lights

The police car chased the youths down Mack. But they, driving in a car with no headlights, raced through traffic lights and got away. One 16-year-old girl who borrowed the keys of her girl friend's car to get her purse, decided to "go for a spin" with a boy friend. The pair was apprehended by police after the car owner reported the auto stolen.

She Goes Too Far

"The young lady didn't mind her girl friend taking the car," police said, "but when she took her friend, too, that was too much." However, she refused to press charges. Several 15-year-old boys found drinking beer behind Grosse Pointe High School told police they purchased the beer from a store at 14601 Kercheval. The boys were released pending further investigation.

Trespassers Nabbed

Two youths trespassing on the grounds at the Sacred Heart convent told police that they "just wanted to visit a girl friend at the school."

Youngsters Blamed For Five Broken Windows at House

Youngsters were blamed for five broken windows at a house being built at 1304 Aline on Friday, April 27. The fact that Friday was a holiday for students of the Pointe high school also added to the general outbreak, police believe. English teachers held a convention there and the Mothers' Club conducted its annual spring scholarship tea in the afternoon.

Stolen Car Recovered

A car reported stolen from Alfred Niezychowski, of 738 Neff, was recovered by Farms police in back of the St. James Lutheran Church, McMillan and Kercheval, on Tuesday, April 24.

Township Tax Plea Throws Scare Into Board of Education

Sees Possibility That Tax Allocation Board Might Pass Ruling That Would Drastically Cut Revenues of District

Grosse Pointe Township has sent a request to the Wayne County Tax Allocation Board asking for a two mill tax rate for the coming year, to take care of a budget of about \$14,000. A meeting has been set for 1:30 o'clock this afternoon in the County Building for a hearing on the request.

The plea of the township has caused considerable concern to the Grosse Pointe Board of Education, which foresees a possible drastic cut in its income from taxes.

Rent Lids Lifted by G. P. Shores

Board of Trustees Votes For Decontrol After Public Hearing Is Conducted

A public hearing on decontrolling rents in Grosse Pointe Shores was conducted at a special meeting of the trustees, held Monday night, following which the board passed a resolution requesting that rents be decontrolled in the Shores.

The township officials say they need funds to continue to operate until such time as the Shores may convert to a city, which would automatically fold up the township.

The School Board's scare lies in the fear that if the township is allowed to take the two mills, the County Tax Allocation Board might insist on cutting two mills from the taxes received in all the rest of the district. Whereas the loss in school funds would be low if applied only in the Shores, if the same cut was made throughout all the school district it would represent a loss in school revenues of between \$250,000 and \$275,000.

Under the constitutional amendment passed during the depression to keep governmental agencies from raising too much money, a ceiling of 15 mills was put on the tax rate. This has been split between the township and school district.

Ernest Putnam, who succeeded Carl Schweikart as township supervisor, takes a salary of only one dollar a year for the job. He points out that someone had to take over all the old township records and carry on until such time as all its business can be cleared up. Office help must be maintained to answer all the calls on tax figures and someone has to be retained to collect delinquent taxes.

He also stated that the township can conduct the state, county and national elections cheaper than the village can. It is proposed to buy three voting machines to expedite this.

Faces Felonious Assault Charge

A man who attacked John R. Vanderbilt, 19, of Dearborn, and then attempted to run him down during a traffic argument was sought by police. The incident occurred at Touraine and Mack on Saturday, April 28. The man fled in his car after throwing a brick at Vanderbilt, police said. He will be charged with felonious assault if apprehended.

Two Marines on Furlough Lose in Tangle with Truck

Two Grosse Pointe Marines home on furlough each suffered a broken leg when the motorcycle on which they were riding collided with a truck at Fisher and St. Paul, Saturday, April 28. Injured were James A. Naour, 20, of 1456 Maryland, and Leon A. Marlioux, 18, of 1386 Somerset.

The driver of the truck, Harold E. Maple, 42, of 2185 Drexel, and Naour were issued tickets for reckless driving.

Police said that Maple made a left turn without due caution and that Naour was traveling at excessive speed.

The impact hurled the boys and the motorcycle about ten feet in the air.

The youths were taken to Cottage Hospital from where they were to be transferred to Great Lakes Naval Hospital.

They were to report for assignment on May 4.

100 Percent Participation Set as Goal

All Residents Urged to Make Some Contribution to Maintenance of Center

The Grosse Pointe War Memorial Association will launch its fund-raising campaign tomorrow, Friday, May 4. The drive which has a two-fold goal of raising money to meet an \$18,000 deficit and additional funds to permit expanding the program at the Memorial Center in Lake Shore road, will continue through May 21.

Chairmen Name Leaders

Co-chairmen of the drive are John Kenower and Richard Huegli. They have appointed the following assistants to head up the campaign in the various municipalities: Woods, George Beauchamp and William C. Hancock, with a third still to be picked; Farms, Mrs. C. A. Dean, J. and Edward T. Ives; City, Marion Kellough and Guy Wedthoff; Park, George A. Nicholson and Charles Porritt; Shores, Robert F. Weber.

These assistants have lined up captains in the respective zones and recruited crews of block canvassers. It is expected there will be enough door-to-door canvassers to contact every home in the five Pointes.

Must Make Up Deficit

The drive officials stress that this is in no way a campaign to build up the endowment of the Center. It is imperative that the \$18,000 deficit be erased, but it is also hoped that this canvass will reveal that a great many more Pointers are now willing to lend some financial support to the Center.

The result of drives in the past has been that to date only about 3,000 of the 10,000 Pointe families have made any contribution. The program with its varied activities at the Center is aimed at interesting all residents in using the beautiful property. One does not have to be a donor to be able to use the Center.

Hope to Spread Burden

The Center has been developed so far through the contributions of a decided minority of the residents, and largely through the big contributions of a very small group. It is the hope that this campaign will show that the great majority of Pointers are now willing to help maintain the Center and insure its further development by making modest contributions.

The workers are hoping to bring in a large number of gifts ranging from \$10 to \$25. Larger gifts will of course be welcomed, and so will smaller ones. The desired goal is to have 100 percent participation.

Look at the Calendar

An indication of the varied manner in which the Center is now serving the entire community can be obtained from a glimpse at the weekly calendar of events held there, published each week on the Feature Page of the NEWS.

A preview of events for the month of May alone reveals that two big parties are scheduled for the business and professional group of adults from the middle 20's into the 40's, a new first aid class is starting to teach the Red Cross course to anyone wishing to enroll; a recital and party are being sponsored by the Niners, (ninth grade children); a book review, sponsored by the New Neighbors Club; a High School couples party, a formal dance for the young adults group, a visit from the Mobile Unit to obtain blood donations.

Used by 70 Groups

All of these activities are in addition to the regular meetings and classes being held by more than 70 civic groups. More than 50,000 visited the Center last year and its use is increasing weekly. The kitchen served meals to over 10,000 during its first year.

A big carnival is planned for June 23, not so much to raise more money for the Center as to attract additional residents there to show them just how much the Center has to offer.

Park-Locker Forced

Charles Locke, watchman at the City Lakefront Park, reported to police that someone broke into the locker of Alfred Burkemo, of 782 Neff, on Sunday, April 22. Nothing was reported missing.

Former Pointer Wins Fellowship

Paul H. Rosenberg, Chief Engineer of the Lawn Mower Division of Reo Motors, Inc., is one of 14 young industrial executives, winners in a nationwide competition, who have been awarded Alfred P. Sloan Fellowships for Executive Development.

The Fellowship provides an intensive one-year program at the Massachusetts Institute of Technology for the study of management policies and problems of industrial administration.

Rosenberg, a graduate of MIT,

will be granted a one-year leave of absence by Reo. The 14 winners were nominated for the Fellowships by their employers as showing unusual promise for industrial leadership.

Rosenberg, a native of Bowling Green, Ohio, was graduated from Grosse Pointe (Mich.) High School in 1932. He also attended the Detroit Institute of Technology before transferring to MIT. In addition, he took night courses at the Detroit College of Law, and summer courses at the University of Michigan in 1934.

He received his master's degree in 1939 from Aachen Technisches Hochschule, Germany. While abroad, he was employed by the Bonn/am Rhine.

He worked in the machine design department of the Turnstedt Division, General Motors Corporation, in 1940 and 1941. He became project engineer of the Detroit Transmission Division of GMC in 1941, and then chief engineer at the Earle E. Thompson Manufacturing Company from 1943 to 1947, when he went to Reo.

Sheila Makes History At Yale

Jimmy Robinson's bride (Sheila Rorick) has made history at Yale.

Sheila was elected to membership in the most exclusive campus social club Tuesday when she was initiated into The Haunt Club . . . along with 18 Undergraduates.

This is the first time a woman has been elected to the hitherto all male club.

Jimmy is president of the club and his fellow members paid his bride this pretty tribute for her sportsmanship. They declared, "She fits in so well with the male roster we didn't even realize there was a woman on the premises."

The Haunt Club holds regular eating parties throughout the year and its newest member is probably the only one who ever considered watching calories, an old feminine failing.

Mrs. Robinson had to prove her capacity for food at the initiation as well as a knowledge of French, Italian, Spanish and domestic beverages.

At the annual Spring picnic, held on the steps of Sterling Law Library, members partake of tons of freshly prepared lobsters, chickens and gallons of champagne.

A good story teller is a person who has a good memory and hopes other people haven't.

Wayne Students Give Show To Raise Scholarship Funds

By Katherine Evans

There was bustling activity among the male students at Wayne University. The sixth annual Mackenzie Union Men's Show was in rehearsal.

This year's all-male production, "Time Will Tell," was held April 20 and 21 at Cass Technical High School Auditorium, to help raise funds for scholarships awarded to male graduates of Michigan schools who are outstanding in academic and extracurricular work.

Last year's production netted nine scholarships of \$200 for new Wayne University students.

A good example of the work and spirit which goes into making the annual event a success is William Maben, 1600 Hampton road, Grosse Pointe Woods. As an undergraduate at the University, Bill has worked on the shows for the last two years. Last year he was publicity director.

This year, for "Time Will Tell," Bill was in charge of sound, and handled the public address systems and special effects for the different scenes.

After receiving his B.A. degree in sociology last June, Bill started work on a Master's degree in

education, which he hopes to complete in a year.

His interest in sound started while he was attending Grosse Pointe High School. While there he worked on the original use of a public address system at a Grosse Pointe High football game.

When he entered Wayne University he joined the University Theatre where he did more work in sound for stage productions. It's customary in the University Theatre for members to learn all phases of production.

Bill feels that his plans for teaching aren't too far from his earlier interests in the theatre. As he says jokingly, "To be a good teacher you have to be a good actor so the children won't stay home and watch TV."

While at Grosse Pointe High, Bill was active in the Pointe Players, a drama club, the Camera Club, and the Projection Club, a group interested in films.

At the University, Bill finds time to be secretary for both Tau Kappa Epsilon, national social fraternity, and Sigma Phi Lambda, professional medical fraternity. He was a pre-medical student in his first three years at Wayne.

He is also president of the National Science Club, a club interested in the science curriculum in education.

As for his work on "Time Will Tell," Bill says that it is fun, and the scholarships are a worthy cause.

"Sure, I've owned and driven other make cars," says Michael Oppenheim, Bellerose, N.Y. "But since 1941 my cars have all been Dodges. I know how dependable Dodge cars are, how little they cost to run. In fact, my new 1951 car is another dependable Dodge!"

GOOD DRIVERS DRIVE SAFE CARS...

You could pay up to \$1,000 more and not get all the extra room, comfort and rugged dependability of Dodge

Compare what Dodge gives you . . . with what other cars offer. You'll understand why Dodge owners say they'll match Dodge with any car on the road.

Take riding comfort for example. You could pay far more for a car and still not get the almost unbelievable smoothness of the new Oriflow ride. Even on roughest roads there's no wheel "hop" or bounce . . . wheels stay on ground providing a smooth, level ride for all passengers. You get the relaxing comfort of extra head room, leg room and shoulder room. You never feel cramped or crowded. And Dodge gives you the priceless safety of "Watchtower" visibility . . . of big Safe-Guard Hydraulic Brakes with larger braking surface for smooth, sure stops.

Dodge Gyro-Matic is the lowest priced automatic transmission on the market. It lets you drive without shifting . . . yet it is simpler, safer—gives you full control of your car under all driving conditions. Come in—see and drive today's big Dodge.

Automobile Club Honoring Two School Safety Patrols

Parcells school of Grosse Pointe and St. Joan of Arc school of St. Clair Shores will be honored as two of 79 Michigan elementary schools having outstanding safety patrols in their areas this school year, according to Automobile Club of Michigan records.

In recognition, each has been invited to send a safety patrol boy on tour to Washington, D. C., from May 10 through May 13, Ernest P. Davis, Auto Club safety director, announced.

They are: Hugh Michael McKee, 1759 Hollywood, age 12, of Parcells school in Grosse Pointe and George Alfred Bery, Jr., 2021 Kenmore, Grosse Pointe Woods, age 14, of St. Joan of Arc school in St. Clair Shores.

Mr. Kee and Bery were chosen by local school authorities and Club safety men after their schools were cited for their superior 1950-51 safety patrols.

Highlights of this year's trip will include participation by the boys in a mile-long parade down Constitution Avenue with 25,000 patrolmen from all over the nation, led by William "Hopalong Cassidy" Boyd and Don Gehrmann, fastest mile-runner in the world.

Winning safety patrol leaders will gather in Detroit Thursday afternoon for registration and physical checkup. With adult supervisors and registered nurses, they'll board special Pullmans for the Baltimore and Ohio Ambassador at 3:45 p.m. for the overnight trip to Washington. A magician will entertain them after dinner until bedtime.

Friday morning they'll see downtown Washington and the Capitol building on their way to the Willard Hotel, a short distance from the White House. Friday and Saturday afternoons they'll go sightseeing to Arlington Cemetery, Mt. Vernon, Tomb of the Unknown Soldier, the first U. S. public school, Lincoln and Washington Memorials and other historic spots.

Michigan's 17 heroes who have received medals for saving lives while on safety patrol duty will have places of honor in the reviewing stand along with Washington dignitaries for the Saturday morning parade.

After buying souvenirs, the patrolmen will leave Washington Saturday at 5:50 p.m. EST and arrive in Detroit Sunday, stopping at historic Harpers Ferry enroute. They will be conducted to their homes by members of the Club safety staff.

"School officials, local police and the safety patrols deserve the thanks of Grosse Pointe and St. Clair Shores residents. They and leaders of 1,200 other schools in this program helped Michigan in 1950 record the lowest child pedestrian fatality total in its history," Davis said.

State Police records reveal only 50 child-pedestrians age 5 through 14 killed in 1950, with 131 killed in 1931. During that period traffic has increased over 100 per cent, and every other age group has shown large death increases.

Michigan's 79 school patrols singled out for honor were selected on the basis of efficiency and effort, as revealed in school records. One requirement in selecting schools was that their safety patrols had to be operating on the first day of school. Educators, police and club safety workers are now encouraging all schools to select safety patrols for next fall before school ends

this spring. This will help forestall a high accident toll when school opens.

All expenses of the patrolmen's trip by special section of a crack train to Washington, D. C., will be borne by Auto Club as a small reward from the motoring public to Michigan's 41,500 AAA safety patrols.

Pointe Theatre Holds Elections

John Dykema was re-elected president of the Grosse Pointe Theatre, Inc., at the annual meeting of that organization held on April 24 in the War Memorial Center.

Maryanne Genter was unanimously re-elected treasurer, the position she has filled for the group since its inception.

Clark Wells was elected secretary, and Jean Standish vice-president. Members of the Board of Governors elected at the meeting were Dr. Arthur Bull, Virginia Cassil, Dallas Chapin, John Dykema and Maryanne Genter.

Plans for the ensuing year were discussed by the president. The most important item under discussion was the presentation of "Jenny Kissed Me," the organization's last production for the 1950-51 season. This comedy, directed by Louise Candler, gives the younger members of the group a chance to show their ability.

It is being given Wednesday, May 23, at 8 p. m. in the Grosse Pointe High School. The public is cordially invited.

Tickets are 60c and may be obtained by calling Mrs. Genter at TU. 1-4588, in the Village at Doubleday Book Shop, and at the War Memorial Center.

Library Friends Meeting May 17

Friends of the Grosse Pointe Public Library will hold their annual dinner meeting on May 17 at the Grosse Pointe Memorial Church, according to Marion K. Kellogg, president. Dinner will be served at 7 p. m. and the program and business meeting will follow.

Seaker of the evening will be Paul M. Angle, Director of the Chicago Historical Society and Museum, and well known as a Lincoln authority.

The annual meeting will finish a very active and profitable year for the group. During the short business meeting, Mr. Kellogg will review the year's activities and election of officers and directors for the coming year will be held.

Reservations for the Dinner may be made by calling Valley 2-1059, the Public Library.

Choir to Sing Bach Cantata

The Festival Choir of Christ Church, Grosse Pointe, will present Cantata No. 11, "Praise Our God in All His Splendor," by J. S. Bach on Tuesday evening, May 8, at 8 o'clock. The program will begin with evensong.

Dr. J. Clemens Kolb, Rector of Christ Church, and the Festival Choir of Christ Church, under the direction of Robert Hawksley, will be hosts Tuesday evening to the Easter Michigan Chapter of the American Guild of Organists.

The Cantata which will be performed by the choir was composed by Bach in 1735 for Ascension Day and narrates the Ascension story.

The Cantata begins with a very strong festive chorus, continuing with the narration, a deeply moving Aira for Contralto; a chorale, a very unusual Soprano Aria, accompanied by flute, oboe and violins and violas in tension; ending with a brilliant chorale-fantasia for chorus resembling the spirit of the opening chorus.

The soloists are: Martha Gard, soprano; Marion Jewell, contralto; Charles Grinyer, tenor; and Donald Bliss, baritone.

The public is cordially invited to attend this performance.

Damage Done To New Home

Ernest Rock, of 4442 Fisher, told Woods Police that several youngsters caused damage amounting to \$500 to a house he is building at 1763, Hawthorne.

Woods Police questioned several youths who denied any knowledge of the charge.

Chief Walter Goulette, who appraised the damage, said Mr. Rock was a little high in his figure.

"I just found a few insulation wires pulled out," Goulette said. "I would fix the damage at \$25."

Police Entertain Young Wanderers

Two tots who decided to go on an unchaperoned tour of Grosse Pointe Woods were the guests of Woods Police.

The young visitors were George Wood, 3½, and his sister, Mabel, 2½, of 20847 Nesbit.

A bit tired when they arrived at a strange corner at Mack and Hawthorne, the pair was invited by police into the station.

The wide-eyed and "cute" youngsters were entertained at police headquarters until their mother arrived to escort them home.

CDS-DUS Fair Set for May 26

The Second Annual Carnival-Fair, to be held on the grounds of Grosse Pointe Country Day School, 43 Grosse Pointe boulevard on May 26, will be a real, old-fashioned "Kid's Day."

The attractions which are being lined up for the youngsters are being planned to combine the many features of the old-time country fair with thrill-rides of the modern carnival and other amusements.

Successfully held for the first time last year, the Carnival-Fair is sponsored by the parents' and alumni associations of the Grosse Pointe Country Day School and Detroit University School. Its purpose is to raise funds which will be used to finance scholarships to the two schools for deserving students.

According to C. Henry Haberkorn, III, general chairman of the event, the Carnival-Fair will provide a full day of fun, with the grounds opening at 10 a.m. and closing at 10 p.m. Rides along the midway will include a merry-go-round, a ferris wheel, a tilt-a-whirl, a pond with miniature pleasure boats, and small cars for children to drive. There will also be riding ponies, weight guessers, and hawkers selling balloons and other carnival items.

Carnival goers will have a chance to win kewpie dolls and other novelties at the baseball throw, penny pitching, sledge hammer and dart throwing concessions.

Despite all these children's attractions, the parents will not be overlooked, Haberkorn said. He announced that committees are arranging such features for adults as a "white elephant" booth, a garden shop, a food shop which will offer home-baked goods, and a summer book shop.

Society News Gathered From All of the Pointes

From Another Pointe of View

by Jane Schermerhorn

Miss Annie Ward Foster's annual May Party is just eight days away (May 11 in Crystal Ballroom of Masonic Temple) . . .

And at the Grosse Pointe Yacht Club . . . rehearsals are going on apace . . . party gowns are being readied by mamas all over town . . . posies ordered . . .
The Grand March itself taking final shape . . .
Which accounts for the pleased expression on the nice face of Edwin Nichols Peabody . . .
Whose arm it is Miss Foster will take this year as she glides onto the ballroom floor at the head of a procession of youth and charm to be found only at her May Party . . .

Eddie Peabody Honored

With Sir Edwin as Miss Foster's partner in the Grand March . . . the May Party retains its high degree of tradition and sentiment . . .
For 20 years ago . . . (it just can't be that long ago!) . . . the prep school Eddie hurried home to assume the same honor position . . .
Of course . . . that was back in the days when Arcadia was the setting for the ball . . .
But anyhow we understand that Eddie, this year, immediately made a date 20 years hence . . . to march with Miss Foster . . .
And it's a date we hope they both keep . . . and we also trust our quivering typewriter will be there to record social history in the making . . .

Lydia Buhl's Partner

Lovely Lydia Buhl . . . who leads the March proper . . . Will arrive from the East (the C. Henry Buhl family having gone to their Manhattan apartments following the Winter in Palm Beach) . . . just in time for dress rehearsal.
Lydia will be escorted to the May Party by Benjamin H. Paddock, Jr. . . .
And Second Beauty in Line . . . Molly Moll . . . will be beamed by Sherman J. FitzSimons, Jr. . . .

Miss Foster's "Sally"

Social history has been made at Miss Foster's May parties . . .
Remember the May Party night . . . Young Bob Scripps remarked to the great lady, just before the grand march, "Miss Foster, you seem awfully nervous tonight."
She salled right back, "I'm not as nervous as you are, Bob!" Probably in the excitement of the moment she didn't notice the stricken look that came over the young man's face . . .
For the next day he was to tell his parents and the former Barbara LeGro's family they had eloped two days before . . . and for years he wouldn't believe it was just small talk minutes before the Grand March Miss Foster referred to . . . and NOT their secret romantic news! . . .

May Party Memories

When you think of May Parties you invariably travel back to the days when you were a fat little dancing pupil yourself . . . and you always gulp a little when you remember that second the orchestra strikes up "March of The Toys" . . . and you stick yourself with the corsage pin once more (we were of the Sweet Pea era, of course) . . .
You pull once or twice at a new party dress and wriggle your toes inside new Mary Janes . . .
And then your eyes lift to the ballroom floor . . . and somebody lovely in blue carrying an orchid ostrich fan (given her by May Party Queen Mrs. Frederick H. (Continued on Page 9)

Suzanne was gowned in antique pearl satin for her wedding, with fan pleated gadgets of imported lace flaring from the deep yoke to hem. Frances Alger Boyer and H. Hudson Mead zipped into a neat Virginia Reel with all the abandon of a young couple whose wedding plans are complete. Theirs are.

The dance took place Friday evening at Grosse Pointe Yacht Club when they stopped to watch Miss Annie Ward Foster's dancing classes getting ready for the May Party.

The music and obvious fun of the dance were irresistible to the attractive young couple who joined right in.

Now about those wedding plans. Their marriage will take place June 16 at 4 o'clock in Grosse Pointe Memorial Church.

The Rev. Frank Pitt is to officiate. Frances, daughter of Mr. and Mrs. Harold Raymond Boyer of East Jefferson avenue, has asked her sister, Mary, to be her maid of honor.

There are to be six bridesmaids and these include the bride-elect's cousin, Mrs. Reese Evans Howard (Suzette Alger), Mrs. Charles E. Shepard II of Hartford, Conn., Hilary Whittaker, Marian Campbell, Nancy Chapman and Marian Chapin.

Over the week-end, Mr. and Mrs. William Curtis Keegin of Rivard boulevard made known the engagement of their daughter, Margaret Elizabeth, to Charles T. Fisher III, son of Mr. and Mrs. Charles T. Fisher, Jr., of Lake court.

The news was told at a Saturday evening cocktail party and the bridegroom-elect flew home specially from his Georgetown studies to be present for the important occasion.

Guests, upon entering the Keegin home, saw first an enlarged photograph of Margaret and "Chick" which occupied prominent position on the mantel. Cocktail napkins and match folders at the party bore their names.

This Is for You

Within the month another Memorial Day will have come and gone. The intervening period is presenting us with an opportunity to show that we have a proper conception of the true meaning of that solemn observance.

Memorial or Decoration Day was inaugurated in 1868 by General John Logan, for the purpose of decorating the graves of Civil War Veterans. With the passing years other wars have scattered the graves of our hero dead over the surface of the entire world.

These shrines have taken various forms, and there has been a growing tendency away from the purely symbolic or aesthetically satisfying monument, fountain, or arch, towards the living memorial which performs a service while perpetuating a memory.

Grosse Pointe is particularly fortunate in possessing what is probably the finest war memorial in any community of comparable size in the entire nation. But perhaps too much stress has been laid on the selfish aspect of the various benefactions which this memorial offers to the living, and not enough on the true purpose for which it was created and will continue to be developed.

The founders and leaders of the Grosse Pointe War Memorial Association adopted the praiseworthy view that the memorial should honor not only those who gave their lives in the armed services during World War II, but also those who served, to the utmost of their ability, but who were spared the necessity of making the supreme sacrifice.

Separate tablets have been installed in the entrance hall of the Memorial Center, one bearing the names of the Gold Star heroes who did not return, the other the names of all those who honorably served in the armed forces and were fortunate enough to come back home.

The very character of the Pointe's War Memorial Center has made it altogether understandable why its development has been along the lines which it has taken, a community center offering programs and activities which all of the residents could enjoy and from which they could profit.

Having known many of those whose names now appear on the Gold Star tablet which was placed to honor them, we know this is what they would have wanted. Many veterans have been among the most active in shaping the policies of the Center and helping with its development, lending their approval to the general plan.

But let the people of the Pointe never forget that this is a war memorial and that its chief purpose is to pay honor to a most select few. That the many are permitted to benefit through the creation of this tribute is an accomplishment to be cherished by all.

The Grosse Pointe War Memorial Association will launch a campaign tomorrow to raise funds for the continued maintenance and development of the Center. Every resident of the Pointe, whether or not he has given before, will be asked to subscribe.

Current operations on a full scale basis at the Center indicate an annual shortage of about \$18,000. Last year the maintenance and operating cost was \$50,000 and the income from endowment funds, usage and special gifts was \$32,000. This deficit must be met. Additional funds raised will guarantee the continuance of a full program.

Some will be activated by completely selfish motives and only wish to increase the capacity of the Center to provide for their own interests. Others will, or should be dominated by the desire to pay tribute where tribute is due. All of us have a reason to participate in this drive and none should turn down the canvasser who will come to the door.

On Memorial Day, 1951, every single resident of the Pointe should be able to walk with pride into the Center, look at the memorial tablets and say: "This is for you."

Grosse-Exaggerations

A. PRYOR

"I remember the way we parted, The day and the way we met; You hoped we were both broken-hearted And knew we should both forget. And the best and the worst of this is That neither is most to blame, If you have forgotten my kisses And I have forgotten your name." (Swinburne)

The Hollywood press releases usually amuse us... but this week we were doubly bemused by a blurb on Jeanne Crain. It SEZ that Jeanne Crain is growing up at last! The article informs us that although Jeanne is married and has three children... she looks and IS so child-like, that it has been difficult for her to get grown-up parts.

That's fine. Does anyone remember the movie, "Pinkey"? As we recall it, Pinkey (played by Jeanne Crain), is a light colored girl, who treks to the North and falls in love with a white doctor. Nothing much happens... so Pinkey returns to her humble abode in the South and the doctor follows soon after, to ask her to marry him.

A new week wouldn't be a new week without a new psychiatrist joke. The latest (to us), is about the man who went to an analyst and said his trouble was that he couldn't get over believing he was General MacArthur. "All day long I go about thinking of myself as General MacArthur... it's awful!" quoth the patient. The doctor looked at him sadly. "All I can say," sez he, "is that I'm truly sorry I fired you."

Parents who have heard their young sons balk at being sandbagged into escorting a girl to a party or dancing class event, should get a kick out of this. You know the old tune that Junior emits; "Aw heck," (or a reasonable facsimile thereof), "I don't wanna be stuck with her all evening... I'd rather have fun with the guys." Well, the worm has turned! A couple of weeks ago, a mother we know decided to let her teen-aged daughter have a small dinner party at home before going to a social evening of dancing at one of the clubs.

As we have said before, everything happens to us via the mail-bag. This week we received a letter from a gent whose business is "Big Game Guide Service." The letter reads, in part: "The grizzly bear will start coming out around May 10 and that is one of the best times to get them, while they are still carrying their full crop of fur and their claws have grown to as much as five inches."

"If you do not get a shot of your own choosing (under two hundred yards) at a standing grizzly within ten days, we will not charge a cent for any further time it is necessary to get same; if you shoot and miss, or he gets away, you would be entitled to shoot at others without extra charge until you get one... or if you prefer, we will charge you \$400.00 for a grizzly and a hundred dollars each for black and brown bear. Fishing is very fine in May and early June, while the water is still cold."

What a grizzly performance this sounds like! However, we need a change from this domesticated typewriter... so if you don't hear from us for ten days, we will be hunting grizzlies from two hundred yards at forty dollars a day. Besides, we are tired of the old Aubusson rug in front of the fireplace.

Every Spring... as we have written before in this column, we are bewildered by odd passers-by, who ring our bell to tell us we need fertilizer on the lawn; holes plugged up in the eaves; PLENTY of care for our trees or THEY WILL ALL DIE within a fortnight... and various other scary information about the dilapidation of our small estate!

Every Spring... as we have written before in this column, we are bewildered by odd passers-by, who ring our bell to tell us we need fertilizer on the lawn; holes plugged up in the eaves; PLENTY of care for our trees or THEY WILL ALL DIE within a fortnight... and various other scary information about the dilapidation of our small estate!

What Goes on at Your Library

by Jean Taylor

"Had I but plenty of money, money enough and to spare, The house for me no doubt, were a house in the city square; Ah, such a life, such a life, as one leads at the window there! Something to see, by Bacchus, something to hear, at least! There, the whole day long, one's life is a perfect feast."

Maybe so, Mr. Browning, maybe so... but nowadays the frustrated urbanites who yearn for a few acres in the country seem to outnumber the contented city dwellers, a dozen to one... or perhaps they are merely more vocal in their enthusiasm.

In his three books, PLEASANT VALLEY, MALABAR FARM and OUT OF THE EARTH, Mr. Bromfield discusses his work in transforming run-down farms into a model prosperous estate. In the doing he has evolved a philosophy of life and believes that a well-managed farm offers a solution to many problems of modern living.

The recent book, FARM FOR SALE, by Helen Train Hilles, tells of a young couple's step by step metamorphosis from city dwellers to enthusiastic farmers. For those who question what to do with much of their excess produce after they have grown it, there are a few suggested recipes scattered throughout.

CREAM HILL, discoveries of a weekend country man by Lewis Garnett, is a delightful book for those who enjoy (or dream of enjoying) country living. "Twenty-five years ago the author bought an old house in Connecticut and became one of the many people who depend on the city for livelihood but go rural for weekends and vacations."

IN THE FARMER TAKES A WIFE, by John Gould, a young Maine farmer attempts to educate his Boston-bred wife to country ways.

APPLEJACK FOR BREAKFAST, by A. S. and H. M. Campbell, tells of the rural adventure of a young couple who retire to a farm in New Jersey.

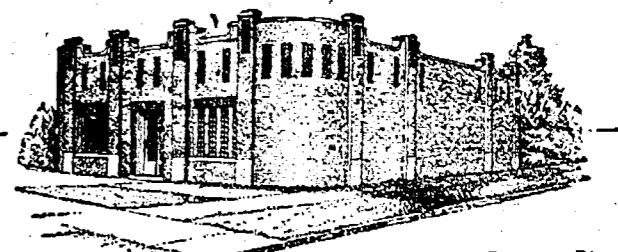

If you like to live in the country but are fortunate enough to have sufficient income so that you need not produce for home use or for cash unless you desire to, you will find all your answers in HOW TO LIVE IN THE COUNTRY WITHOUT FARMING, by Milton Wend.

The experiences of the Mark VanDorens in a small Connecticut community are pleasantly told by Dorothy Van Doren in COUNTRY WIFE.

Louis Bromfield is a recognized authority on rural living today. After establishing himself as a successful novelist, he is now a successful farmer in his native Ohio and he evidently regards

A Baby's Eyes

By Fred M. Kopp, R.Ph. Most new mothers watch their baby's eyes closely looking for indications of crossed eyes. Their fears are aroused now and then when one eye strays out of focus. Such fears are easily explained away. The eyes of a small baby move independently of one another because the muscles are not yet strong enough to keep the eyes in focus. Usually in six months or so the muscles strengthen and the eyes move in unison. If you have your baby's health checked regularly there is no need for worry. Remember to give your baby only pure potent drugs secured by prescription from a reliable druggist. This is the 342nd of a series of Editorial Advertisements appearing in this paper each week. Give a Thought to Goodwill This Spring Cleaning Time

This is the season of the year when the temptation of the average housewife is to give that old dress or last year's suit a heave-ho rather than storing them away to add to the congestion in the attic or the garage.

Goodwill Industries offers an opportunity to obey that impulse, except that instead of tossing them into the alley for the junkman, housewives have an opportunity to make short shrift of the unwanted articles and at the same time perform a good turn for some really deserving handicapped person.

The need for additional household discards is particularly urgent this spring at the Goodwill workshop, 6522 Brush Street, since Goodwill has been able to greatly step up its program with the remodeling of its new headquarters, occupied only about a year ago.

With facilities more than doubled, only a shortage of home discards stands in the way of Goodwill adding another 200 disabled men and women to its workshop this spring.

"Practically every type of household article and clothing is welcome at the Goodwill workshop," Harold H. McKinnon, executive secretary of Goodwill declared, in emphasizing the urgent need for heavier contributions of household articles.

"Clothing, of course, has always been the article most in demand at Goodwill since the greater portion of such items contributed by housewives are found to be in good enough condition to renovate for sale at the Goodwill stores. Clothing of every kind and description is welcome . . . dresses, men's and women's suits, shoes, hats, coats, blouses, purses . . . in fact, every article of clothing worn by men, women and children.

"Another item always in heavy demand are reconditioned shoes. What may be a surprise to many housewives is that shoes are probably in the greatest demand of all the countless items resold in the Goodwill stores. Because of the high price of new shoes, many shoppers have found that they can make very worthwhile savings by buying shoes that have been repaired in the Goodwill shop.

"Reconditioned furniture also is particularly needed at the Goodwill stores, as well as electrical goods and appliances. Many of these seemingly obsolete articles can be repaired by the skilled hands of our handicapped workers. Such work provides both the job and the training needed by our handicapped workers and trainees.

"Detroit has always responded most generously in the past to our appeals for household discards. This is graphically shown in the steady growth of the Goodwill workshop, which has more than trebled in the last 10 years. However, an even greater response is necessary now if Goodwill is to realize the goal of its present 5-year expansion program, by which the number of handicapped persons given assistance would be trebled by 1956."

Eighteen Goodwill trucks are used to pick up the contributions daily throughout Detroit and suburban communities. Daily these trucks pour a continuous stream of discarded articles into the Goodwill workshop either for repair or salvage. Last year, these operations permitted employment or job training for 534 handicapped men and women, who received nearly \$400,000 in wages.

Housewives who would like to help Goodwill's great work of mercy as well as rid themselves of accumulated surplus articles, are urged to telephone TRinity 3-3600 and arrange to have a Goodwill truck stop at their door.

Birthday Party Seeking Talent

A call was sent out today by the downtown entertainment committee of Detroit's 250th Birthday Festival for talent, all kinds of talent, to perform from the huge spectacular theme center which will soon be erected in the center of the western section of Grand Circus Park.

The stage, in the form of a whopping big birthday cake, will cover the Edison Fountain. It was designed by the committee on design and decorations headed by Harley Earl, vice-president in charge of styling for General Motors.

Edward J. Weisfeldt, nationally known stage producer, has been named executive director to take charge of all arrangements for the entertainment which will be presented on the downtown outdoor stage. This theme center stage will be officially opened and dedicated on July 11 according to present plans.

Weisfeldt has offices with the United Detroit Theaters on the 16th floor at 28 West Adams Ave. and is prepared to start immediately to interview and screen amateur performing groups wishing to display their talents to Detroit's Birthday Festival audiences.

Weisfeldt points out the desirability of finding relatively large organized groups of performers. "Our circular stage will hold 80 people and we want the stage filled. As many as 40 dancers can perform at one time. We want to hear from many singing and dancing groups—business, industry and other sponsored musical organizations, both vocal and instrumental, nationality groups, Barber Shop quartettes, acrobatic groups, novelty entertainment groups, ballet and operatic groups, and many others."

The Theme Center stage from which this entertainment will be presented nightly, starting July 11, in Grand Circus Park, is a Detroit-design birthday cake, more than 40 feet across. It will be reached by a circular ramp which on occasion may also be used by performers in mass ensemble effects.

Weisfeldt hopes that he'll be swamped with offers of amateur talent. "Detroit has so much fine talent," he says, "so many groups who do outstanding work as performers—and I hope they all will want one night when they can figuratively have their name in lights during Detroit's big birthday celebration. There is no finer way that I know of to express community pride than to take part in such community expression."

Inquiries by letter or phone should go direct to Weisfeldt, care of The United Detroit Theaters, Woodward 3-4231. The switchboard will be open nightly till 11 p.m. so that messages may be left.

By Audrey Haley

Well, at last we have been the recipients of a little spring weather which, I am sure you'll agree, is very welcome.

We are now beginning our last month of school, which will no doubt be a busy one for most of us, what with the many extra activities crowded into our schedule.

Recently a group of Senior girls journeyed down town to witness a very wonderful and worthwhile fashion show.

Carolyn Floer, Joann Rabaut, Theresa Lyford, Mary Lou Cavanaugh, Sharon Sweeney, Sally McCarron, Joann Hagan, Dorothy Marcereau and Cathy West were among the group who appeared to be very interested in the latest styles for the modern working girl. They left with some excellent ideas and tips on appropriate clothing styles.

Following the fashion show the girls stayed down for dinner. While on the subject of Senior girls let me tell you about the very successful "hag" party given for them by their classmate, Mary Lou Fisher. The day was Friday, April 27, and the place was Mary Lou's home.

The crowd of girls attending the party included Marie Couvreur, Carolyn Floer, Cathy West, Patricia Yott, Celestine Blondell, Theresa Lyford, Joann Rabaut, Charlotte Marschand, Joann Hagan, Rita Blondell, Judy Beaupre, Sally McCarron and Sharon Sweeney.

One big event at school was St. Paul's annual Latin day which celebrated the birthday of Rome. On Thursday, April 26, all first and second year Latin students were invited to attend the Latin banquet in the gym. In order to really depict the Latin theme all the students dressed up in traditional Roman garb.

The group spent the afternoon singing Latin songs and witnessing a Roman Fashion show.

The Senior Girls of St. Paul's parish were invited to a tea, Sunday, April 29, at Ann Leinweber's home.

Judy Beaupre, Celestine Blondell, Sharon Sweeney, Mary Jo Trombley, Catherine West, Patricia O'Grady, Sally McCarron, Dorothy Marcereau, Carolyn Floer, Theresa Lyford, Mary Lou Cavanaugh, Betty Lou Kosecke, June Du Lac, Joann Rabaut, and Bessie Barton seemed to be enjoying themselves very much.

Trombly P.T.A. To Meet May 7

The Trombly School Parent-Teacher Association will hold its next meeting Monday, May 7, at 8:15 p.m. in the auditorium. The staff extends a welcome to all parents for room visitation which begins at 7:45 p.m.

Program chairman, J. Burns Cody, announces that Dennis Glen Cooper, eminent explorer and travel lecturer, will show his color film, "Isle Royale Vacation."

Among the highlights are a delightful lake cruise on the S.S. South American to Houghton, Michigan, an airplane trip to Isle Royale, glorious wildflowers of the island, sightseeing trips by boat and trail, and countless other scenes of interest and beauty.

A short business meeting and the election of officers for next year are on the agenda. Following the meeting, an interesting social hour chaired by Mrs. Lyle Collinson and Mrs. S. Huestis has been planned. Mrs. J. McIlhargie and Mrs. H. Henry, room mothers for the second grades, and their committee of mothers from these rooms are hostesses for this meeting.

PTA at Pierce Planning Panel

Information on six major choices of careers will be exchanged in a panel discussion to be featured at the Pierce Junior High School on Friday, May 4. The Parent-Teachers Association of Pierce is sponsoring this program, beginning at 8, for the parents of students considering any of these fields of work.

Members of the panel include six ninth graders from Pierce, and six adults representing each field. Ninth graders participating in this program will be Beverly Climie, who will discuss merchandising; George Voos, whose topic will be banking and investments; and George Volis, who will present material on engineering and trades.

Others include Virginia Field, discussing interior decoration; Stuart Smith, building construction; and Sandra Marx, education.

Ninth graders are invited to attend the P.T.A. meeting, which will be followed by open discussion. After the auditorium program, parents will be given an opportunity to meet teachers in the gymnasium to discuss problems on an individual basis.

Legion Auxiliary News

From Unit 303

By Doris Nielsen

Were you missing from our last Unit Meeting? If so, let me highlight what you missed.

We invited our Post to again be our guests at our combined Child Welfare and Community Service Program and we had a nice turnout.

As our guest speakers we had Nan Shepard, a Member of the National Community Service Committee who spoke on both Community Service and Juvenile Delinquency; Naomi Wagner, a member of the Legion Billet Board who gave us some interesting information on the Otter Lake Billet; Irene McPherson and Freddie Rogers, Districts Child Welfare Chairmen of the Auxiliary and the Legion who spoke on Child Welfare.

We were happy to have Roland Wagner, "Mac" McPherson and Marcella Rogers as our guests and very sorry that our good friend George Shepard was ill and unable to attend.

With our Social Chairman Nell Baldwin being ill, the lunch was taken care of by President Elva Nielson, 1st Vice-President Gladys Charrier, Executive Board Member Rowena Weaver and Marge Gradler. To these ladies an orchid each for the splendid "pinch-hitting" job you did.

Am happy to report that both the Unit and Post are each donating three radios for the veterans at Marine Hospital. Also President Elva Nielson advised Pearl Zeeb, President of the Metropolitan Club of Grosse Pointe Auxiliary of this project and they too are going to donate a radio. Rehabilitation Chairman Mary Del Barba is so thrilled she's practically walking on air and extends a very grateful thank you to all concerned.

Don't forget there will be Hospital School at the Veterans Hospital in Dearborn on Friday, May 4 at 8:30 a.m. If you are interested, (and you should be), call Mary Del Barba and perhaps transportation can be arranged.

Marilyn Lamb's Wedding June 8

Marilyn Lamb, daughter of Mr. and Mrs. Ernest P. Lamb of Audubon road, whose wedding to Donald S. Holm, Jr., son of Mr. and Mrs. Donald S. Holm of E. Outer drive, will take place on June 8, has announced her bridal attendants.

Joan Wertz will be maid of honor and the quartet of bridesmaids will include three former classmates of Marilyn's at Wellesley College, Ann Phillips of Rye, New York; Ruth Park of Bronxville, New York; and Jean Wilcox of the Pointe. Mrs. Theodore Templeton, also of the Pointe, will complete the bridal quartet.

Dr. H. H. Stovall of Greensboro, North Carolina, will officiate as best man. Seating the guests will be Thomas Wade Lamb, brother of the bride-elect; William DuComb of Detroit; Wendell Brown of Bowling Green, Kentucky; Edward O. Tabor, Jr. of Pittsburgh, Pa., Lt. Theodore Dewerd of Los Angeles, California; and John Riordan of Columbus, Ohio.

The bride-elect was honored on Tuesday at a linen shower and luncheon at the Country Club, given by Mrs. Walter Rockwell and Mrs. Raymond Long. Other scheduled parties are a kitchen shower slated for May 5 with Mrs. Raymond Wilcox and her daughter, Jean, entertaining in their home in Kerby road, a miscellaneous shower and tea on May 9 in Mrs. Carson Wallace's home in Colonial court, for which Mrs. Wallace and Mrs. Raymond Wertz will be joint hostesses, a gadget shower on May 11 will be given by Mrs. Edwin Ross of Baupre road and on May 28, Mrs. Theodore Templeton will fete Marilyn with a library shower in her home on Vernier road.

Others entertaining in honor of the bride-elect include Mrs. Arthur Lamb, Mrs. Edward Lehan and Mrs. Wade Lamb. The spinster dinner will be given by Joan Wertz on June 6. The Donald S. Holms will give the rehearsal dinner on June 7 in the Detroit Yacht Club.

The ceremony will be solemnized in Grosse Pointe Memorial Church, at 4:30 p.m. with Dr. Frank Pitt officiating. The Grosse Pointe Yacht Club will be the scene of the reception.

National Hospital Day Is May 12

National Hospital Day will be observed at Cottage Hospital on May 12.

A cordial invitation is extended to friends of the hospital and residents of the community, to visit the hospital between the hours of two and four in the afternoon.

Tours through various departments of the hospital and the Nurses' Residence will be conducted at intervals.

Mrs. Bardner to Arrive In Late May For Visit

Mrs. John H. Gardner of Venezuela will arrive the end of this month for a visit with her parents, Mr. and Mrs. Julius C. Peter of Kerby road. Accompanying Mrs. Gardner will be her children, Tina and Jay. Mr. Gardner will arrive in late June and after a short visit in the Pointe plans to take his family to Harbor Beach where they've rented a Summer home. He will return to Caracas the first of August, but Mrs. Gardner and the children plan to remain until Sept. 1.

GPHS Tennis Team Defeats Highland Park by 7-0 Score

Sophomores Perform Well and John Brabb and Dave Terris Demonstrate They Can Hold Their Own In Singles Matches

Grosse Pointe swamped Highland Park netters on Thursday, 7-0. With a revamped lineup and several of the more experienced players sitting on the sidelines, the local lads poured on the heat to smother their opponents.

They held the scoring of their opponents down to 12 games to Grosse Pointe's 84. This is the best showing a Grosse Pointe team has made against Highland Park in three years.

Sophomores Do Well
Probably the best feature of the day was in seeing that John Brabb and Dave Terris can play in singles and hold their own. There were four sophomores playing, Brown, Webb, Terris, and Wardle. All four boys came through in fine style.

Most Successful Tennis Clinic Attracts Nearly 100.

The tennis clinic sponsored by Roland Gray's Sports Shop and held at the Neighborhood Club last Saturday morning, was the most successful ever held in the Pointe. TOBEY HANSEN, Country Club Professional and his daughter BETTY give a demonstration while in the group in the left background are MR. GRAY, MRS. JEAN HOXIE and some of her proteges from Hamtramck, COACH MERLIN SCHULTZ of the High School and JIM KENNEDY, former tennis captain at Cornell University.

First Two Meets Give Split To Pointe High Track Team

Monroe Runs Off With Victory Two Days After Devils Had Achieved One-Sided Win Over Thinclads of Hazel Park

By Fred Runnells
Hopes of a perfect track season went glimmering last Thursday, April 26, when the Monroe Trojans ran off with a 64 to 45 decision over the Blue Devils on the Trojan's home track.

Two days earlier the Pointers gave their followers something to shout about when the local lads walloped Hazel Park on the Blue Devil field, 79 1/2 to 29 1/2 in the opening meet of the season. This was a non-league affair.

The lopsided score run up by the local boys missed by 10 1/2 points of matching the 1946 squad's performance which won the opener 90 to 14. That was the year Grosse Pointe was positive it had a champion but that squad suffered the same kind of an upset at the hands of Monroe in the first league meet and finished third in the Border Cities League standings.

Many Blue Devil followers are keeping their collective fingers crossed and are waiting to see if this year's team can overcome its initial setback and still come out on top.

It is only natural the local lads are still wondering "what happened" in the Monroe meet. Coach Frank Banach put his finger on the reason for the defeat when he pointed to Tom Yinger, who was the only triple individual winner of first place in the high jump event with his teammate Janeway.

Inexperience took its toll on the Blue Devil squad with some of the boys making mechanical mistakes that cost valuable points at crucial spots in the meet.

The Blue Devils captured six of the thirteen events with Jerry Reindel taking the 100, Ralph Gray the 440, Ben Bray the 220, Dan Webb the 880, Martin Allard the shot put and the combination of Gray, Ralph Cross, Reindel and Bray taking the 880 relay.

The Trojan winners were Yinger in the 120 high hurdles, the 200 low hurdles, the broad jump and a tie in the high jump events. Yount took the mile run, Jennings the pole vault and the combination of Hollingsworth, Shoshire, Gregory and Leabu took the three-quarter mile relay.

In the Hazel Park meet the Pointers ran off with ten of thirteen events with Bray and Reindel each capturing two events to become the only double winners.

The teams of Tom Quirk, Ray Ratzel, Hugh Bevier and Tom Lister and the quartet of Ralph Gray, Ralph Cross, Reindel and Bray won the three-quarter mile relay and 880 relay events respectively.

Other winners were Gray in the 440, Bob Schaller the 880 run, Martin Allard in the shot put and Jerry Goebel in the pole vault.

Devils Drop Opening Ball Game to Highland Park, 4-0

By Bill Jones
A case of "first-game jitters," a hitless streak, and some very bad luck cost Grosse Pointe High School its first baseball game last Friday. Highland Park High School was the victor, 4-0, behind the masterful one-hit performance of Bob Bruce.

The game was all but over, with two outs in the seventh inning, when Ed Anderson singled to break up Bruce's terrific bid for a no-hitter.

The Grosse Pointe team, already missing letterman Sam Shaw, saw Don Schmidt, starting second baseman, break his wrist on an attempted pickoff play in the first inning.

Bill Palm, the starting pitcher for Grosse Pointe, allowed only one hit in three innings. He was hit hard and often, however, and four errors were committed.

Lou Hribar, a tenth grader, who pitched the last three innings, showed great promise. He limited the Highland Park batsmen to three hits and no runs.

All the runs were scored off Palm in the first and third innings when the jitters overpowered his support in the field and the miscues were made.

Highland Park opened the scoring in its half of the first inning when Anderson led off with a walk and moved to second on a sacrifice by Duncan. Griffin flied out with Anderson holding second, but he scored a moment later when an error was made on Crawford's ground ball.

Dale Ewart then misjudged Ray Pogliano's fly ball and Crawford scored with Pogliano taking second. Cole grounded out, second to first, to end the inning with two runs on no hits.

Highland Park added two more insurance runs to put the game on ice in the bottom half of the third. Duncan walked and moved around to third when Griffin beat out an infield hit. Duncan then got caught off third but managed to get back safely. After that scare the daring Duncan promptly stole home, and Griffin, who had moved to second during the run down between third and home, dashed safely over to

third. Pogliano's long fly easily scored Griffin with the last run of the game.

Grosse Pointe's big chance to score came in the first inning when, after Lee Clancy grounded out, John Diccico got off base on an error by shortstop Griffin. He moved to second on Bill Winkler's ground out, but was left stranded when Bruce made catcher Jim Oester pop out.

Bruce pitched splendidly for Highland Park, as he allowed no runner to get past second base.

The line-up for Highland Park, an old nemesis of Grosse Pointe, appeared much the same as its basketball line-up, with such familiar names as Pogliano and Duncan present.

Middies Win Rotary Crown

The Middle Atlantic Transportation Co. keggers have won the Grosse Pointe Rotary Club Bowling League championship, taking the top spot by a seven point margin over the Farms Market team.

In the rundown, Monday Cleaners and P. & J. lost point after point to teams they had beaten all season and Farms Market missed out when they dropped a 4-bagger to the new champs on their last outing.

This year like all the other years, Piche's Barber Shop came from way down to finish way up in the standings. They were the only team in the league to win from the Middies consistently. Out of a possible 12 points the Barbets netted 10 wins and two losses.

In the special prizes for individual and team efforts, Monday Cleaners took down both team events, 974 single and 2682 three game total. Miner Wilson's 260 won top honors in the high individual single and Bob Strey's 642 stood up all season in the three game high column.

With a banquet to be held at the Beachcomber Saturday night, the G. P. Rotary Club Bowling League winds up its fourth year of bowling activities and will resume this exciting sport next fall.

The officers conducting the affairs of the Rotary League are: Clayton Ovessen, president; W. B. Strittmatter, secretary; Carl Thompson, treasurer.

Arthur Louwers' untiring efforts are to be commended.

Local Waters Lose Another Famous Boat; "Blitzen" Sold

By Fred Runnells
Sail boats have come and sail boats have gone from the local scene in years gone by, but none have left the impression of Ernie Grates' and Murray Knapp's famous cutter "Blitzen." It was announced, last Wednesday, April 25, she had been sold to skipper Bob Hall down East.

The announcement of the sale should have come as no surprise, as the queen has been on and off the block for the past three years but many of the more ardent local sailors couldn't believe their ears. It was just unthinkable that the famous yacht wouldn't be carrying the DYC burgee in sail events this year.

"Blitz" came to Detroit back in 1944 after enjoying overwhelming success in ocean races from Bermuda to Honolulu for R. J. Reynolds, the Camel cigar man.

In the seven years the 55-foot, 9 inch cutter was under Grates' and Knapp's command she won six Mackinac races either overall or in her class. In 1949 and 1950 her owners took her down to Florida for the "winter circuit" and she won the Miami to Nassau event both times. In 1949 she set the course record in the St. Petersburg-Havana race.

Last spring this writer found a soft spot in his heart for the ship when he was aboard while she weathered a terrific blow off Cape Hatteras while coming up from Florida to New York before the Bermuda race.

In addition to her Mackinac successes and ocean victories, "Blitz," at one time or another, won every regatta around here, including the Mills Trophy race.

It was "Blitzen," along with Wendell Anderson's "Escapade" and John B. Ford's "Royono," (which he gave to the Middies at P & J Cocktail Lounge) that put the "drinking water" sailors high

Lady Keglers In Hot Fight

A determined Grosse Pointe Woods Recreation bowling team clicked off four out of four possible points last Thursday, April 26, in an effort to overtake the front-running Kammer Beauty Salon team for the leadership of the St. Paul Ladies eLeague.

The Kammer quintet managed to take three of four points to retain the top spot by a lone point over Woods Recreation and two points over the Grosse Pointe Review which also took three points.

These three teams are the only ones of the 18 team league that have a chance for the title as the season finale draws nearer.

L. Burgess rolled the high single game of the night with a 179 while M. Dwyer took the top honors for three games with a 455 total. Neither was pressed for the nightly honors.

During that event Skipper Grates pulled a dare devil act by going up the spar to replace a missing pin in the spreader fitting while the "Blitz" crashed her way into a 45 mile-an-hour gale and mountainous waves on Lake Huron. That piece of daring insured victory.

Bill Noah, Jimmy Grant, Howard Girardin, Norm Archer and George Van have been the regular crew since "Blitzen's" arrival here and are the guys that sailed the socks off the big girl to many victories.

Many local sailors believe a local yachting editor gave "Blitz" too much publicity. On that count, I'll defend the writer. "Blitz" deserved every inch of type set about her. . . where is there another boat around here that won as often, boat for boat or otherwise? Name one.

\$14,000,000 Convention Hall Planned for Civic Center

When Detroit's 250th Anniversary celebration has been completed this year, two public buildings to stand as permanent and practical memorials to the city's civic and cultural life will have been provided for under plans announced recently.

These will comprise a 17,500-seat Convention Hall and Exhibits Building in the Civic Center on the Detroit River, and a large Community Arts Building on the campus of Wayne University.

Announcement of these projects was made by Mayor Cobo and Frederick C. Matthaei, widely known Detroit civic leader. Matthaei has been named general chairman of the Capital Gifts Committee which is raising \$14,000,000, half of the total cost of \$17,000,000 for the two buildings.

Mayor Cobo pointed out that the city's participation already has been provided through bonds and that the school board will set aside funds from the proposed school millage tax which was approved by the Detroit voters in 1948.

The Convention Hall and Exhibits building is estimated at \$10,000,000 and the Community Arts building at \$3,000,000. The city's half of the former would come through an allotment of \$1,500,000 each year from the budgeted \$15,000,000 annually for the major building, Mayor Cobo said, and thus entail no increase in the yearly appropriations for the building projects. The school board's increased millage tax would produce the board's half of the \$3,000,000 cost of the Community Arts building.

For many years Detroit has been unable to obtain the large conventions and exhibitions because of lack of space and facilities, Mayor Cobo pointed out. Although this city is the home of the automobile industry, it has never been the scene of the National Automobile Show, for reasons of lack of space. There are numerous associations which have large displays and exhibits in connection with their annual conventions. Detroit could expect to have these here with adequate facilities to take care of them. Among these are the National Education Association, the Machine and Machine Tool Builders Association, the Trailer Coach Manufacturers Association, the American Road Builders Association and the American College of Surgeons.

Wayne University now has thousands of students, young and old, studying the creative arts. The University has taken over apartment houses, stores, churches and even garages to find space for the classes in the various courses. The proposed Community Arts building would put them in adequate, modern quarters, with a completely equipped work room, lecture rooms, research laboratories. A theater of 2,500 seats, with dressing rooms and scene shops would house the dramatic arts departments.

"These buildings are sorely needed by Detroit, and our citizens who are giving so generously of their time and resources to push this endeavor to success are deserving of the highest praise and cooperation," the Mayor said. "This will answer the criticism of Detroit as having little civic pride and cultural interest."

New Furniture In its Styling Holds the Mirror Up to Nature

A definite trend to naturalism marked the recent showings at Chicago. This living room has the new Tele-Bar with a 21-inch screen, triple speed phonograph and radio and built-in bar with 32 glasses and ice bucket. The cabinets are in three finishes, blond mahogany and silver fox.

Furniture is "Do in" What Comes Naturally. The upswelling at the Winter Market in the American Furniture Mart showed a definite trend toward naturalism in color, texture and design.

This natural look is not synonymous with the barren or the stripped, rather it is synonymous with clean-cut lines and shiny finishes and with easy upkeep for the servientless home.

Colors and textures suggest the outdoors—shades of green, gold, brown and autumn reds. Such finishes as gray and black are giving way to natural wood colors—nut brown of walnut and maple, the rich red of mahogany and the golden blond of Korina. For contrast with slick lines, upholstery fabrics are nubby in texture.

In higher priced furniture, there is still a look of luxury with modern innovations. Television manufacturers brought out larger screens in 17-inch and 21-inch sizes. Of top interest was a Tele-Bar, displayed by the Admiral Corporation, manufacturer of radio, television and appliances. The Tele-Bar combines a 21-inch screen, radio, phonograph and cellarette, fully equipped with 32 glasses and ice bucket. The top folds back into a stainless steel serving tray. Closed, the cabinet appears to be a buffet or sideboard and comes in three finishes—blond, mahogany and silver fox.

Other TV Designs

Proof that the television set is as much a part of the home as the family sofa is the news in cabinet styling. Admiral introduced a series with French Provincial cabinets in maple with fruitwood finish, designed to blend with the traditionally coordinated living room. Pastored styling was emphasized with the

Social Security Law Explained

By Francis L. Pendergast (Manager of the East Side Social Security Office)

There is a provision of old-age and survivors insurance, known as the "Work Clause." It has to do with conditions under which you can accept your monthly insurance payments while still earning other income.

Before the enactment of the amended law a beneficiary could not accept payments if his other earnings were more than \$14.99 monthly. That figure has now been raised to \$50.00 a month. Before I discuss this further, however, it is well to point out one significant fact.

This amount of earnings applies to wages from employment, or net earnings from self-employment in work that comes under social security. This was so under the original law, but it is well to remember that earnings from most kinds of work are now credited toward old-age and survivors insurance.

Let me explain this by giving an example. Under the old law, a retired, insured worker could operate a shop and still receive his retirement payments. As he was self-employed, there was no restriction on the monthly amount he might earn and still accept his social security check for that month. Now, most kinds of self-employment come under social security. Beginning January 1, Federal Old-Age Insurance is not payable for one or more months if he has net earnings averaging more than \$50 a month for the taxable year, substantially engaged in self-employment. In case his net earnings are in excess of this amount, the number of benefit checks not payable will depend on the total amount of his earnings during the year. Beginning in January, he should notify his social security office if he expects his net earnings from substantial work in self-employment will be more than \$600 for the year.

If the insured and retired worker is not eligible to accept his monthly insurance check because of earnings from employment or from self-employment, members of his family, entitled to insurance payments as his dependents, can not accept their checks, however, if a member of his family who is receiving monthly insurance

Tom Willson Receives Kalamazoo Cage Award

Tom Willson, former Blige Devil basketball and tennis star, was one of ten members of the Kalamazoo Hornet 1950-51 cage squad to receive major letters.

In the 1949-50 season Willson established a new individual single game scoring mark for the Hornets. This year however, a fractured wrist early in the season hampered his scoring ability but he was still considered one of the Hornet's most valuable players. He is a Junior.

Dining and Storage

In regular dining room furniture, there were more round tables with pedestals and rectangular models with five and six legs. Lazy-susans made a strong comeback, both as separate and as permanent attachments. A new idea was the combination storage chest, dining table and desk. The front swings out into a table which will seat seven people.

Combining more storage room

For Bedroom

Bedroom furniture was noticeably sleek and modern with the pattern of drawer sizes. Many beds with storage headboards replaced nightstands with bookshelf units. In view of metal storages, cabinets were shown with wooden drawer pulls or special grooves for easy handling.

More wood was showing in occasional chairs and many lounge chairs appeared with loose-pillow backs and seats.

Furniture, as a whole, offered greater capacity on a smaller scale to suit the needs of contemporary living.

TROMBLY SCHOOL

On Tuesday afternoon, April 17, Miss Olga Martin's Second Grade at Trombly School put on an original play called "Detroit's 250th Birthday Pageant" which centered around Detroit's important events in the progress of transportation and the celebration of her two hundred fiftieth anniversary.

In the first act Larry Engelhart, Peter Osburn, Dennis Cross, and David Richards portrayed Cadillac and his men dedicating the site now called Detroit.

Scene Two showed Dick Maun as Mr. Fruehauf, owner of the Fruehauf Wagon Company, and Peter Mullikin as a settler going west in his covered wagon.

The setting for Act Two was in the Book Cadillac Hotel lobby. The time was the evening before July 24, 1951 where the reception committee, Doris Schreiber, Christine Perkins, and Bob Moon as V.I.P. in Detroit received guests from all over the world.

Among the guests were Skip Baer as King Farouk, Brooks Bock and Elizabeth Morrison as Mr. Yamada and his daughter, Miss Kimiko Yamada, from Japan, Karen Horny and Cathy Falbo as Mrs. Gregorio Condoni and daughter, Clotilde Condoni, from Peru, and Michael Miller as Mr. Iksu, from Greenland.

After introductions were made and the transportation used in various countries was discussed they took a look into the ballroom of the hotel where the Detroit Birthday Chorus was giving a concert of original songs.

The murals on transportation made by the second graders lent much color to the setting.

Many parents and friends enjoyed this portrayal of historical pageantry.

MAIRE SCHOOL

The 4A class at Maire School had a Spring Party for their mothers and friends. With the help of Mr. Falk, the children did a series of stunts which included forward rolls, backward rolls, head stands, cartwheels, and pyramids.

After the program the children were served ginger-ale and cookies. The mothers enjoyed tea and sandwiches. Mrs. Ruby and Mrs. Rhoades, the Room Mothers, were responsible for the refreshments.

On Thursday afternoon, April 19, the 4A's and 5B's in Mrs. Bennett's room entertained their mothers at a musicale.

Mrs. Lagerfeldt and Mrs. Smothers planned name corsages on each mother as they entered the playroom.

Present Brings Tears To Her Eyes

The new Mrs. Horace C. Ford (Dodo Booth) received a shower gift that brought tears to her eyes just before her wedding last month.

It was presented by Mrs. L. Rothe Farr, who has a flare for the o-r-i-g-i-n-a-l. The party was a kitchen shower.

Mrs. Farr presented the dark eyed bride-elect with a pitcher of well-planted, healthy looking chives!

It proved the conversation piece of the gathering.

Trade Magazine Pays Tribute to Sash Co. Owner

Clarence Campbell, proprietor of City Sash and Screen, 14000 E. Seven Mile, was the recipient of a tribute in a recent issue of the "Weathermatic Reporter," a trade publication.

Along with a picture of the store, the magazine ran this story:

We'd like to toss a small bouquet in the direction of Mr. Clarence Campbell, owner of City Sash and Screen here in Detroit. Mr. Campbell, working against a handicap that would 'floor' most people, even 'neasier jobs' than hadding a storm window operation, has done an exceptionally good job.

"About the time that he became a storm window dealer, some five years ago, Mr. Campbell went totally blind. Despite this seemingly impassable obstacle, Mr. Campbell has continued to operate a very successful storm window dealership. His method of operation is unique. Having built up a reputation for fair dealing, he backs it up with some real salesmanship as he sells the bulk of his business 'over the counter.' The customers bring their own measurements to him and he has the customer figure his own deal from the price list.

"The many window salesmen who have watched Mr. Campbell 'look' at a window (with his fingers) and demontate a sample for a customer, tell us that they would like to be as smooth with their 'pitch.' We think that Mr. Clarence Campbell has proven the saying once more, 'if the desire is strong enough, all obstacles can be overcome and success is assured.'"

PILFERINGS

From The New Yorker:
Overheard on a hotel veranda in Taxco, Mexico,
"This is about the nicest place we've ever played canasta in."

Marjorie, aged six, sat beside her mother on the living-room sofa and solemnly explained to a visitor the significance of the two rings on her mother's finger.

"Now this," she said, touching the wedding ring, "means that she is married. And this," pointing to the engagement ring, "means that he asked her."

—The Christian Science Monitor.

The Era Just Passed . . . and pilfered from Iles Brody and his story about The Colony . . .

"The late Russell Ryder was one man whose happiness certainly depended on dinner. He was one of the best customers and greatest gourmets in the history of the Colony, and during the Stock Exchange boom days insisted on having young swans roasted for his dinner, according to old English custom.

"This man also made another kind of history at the Colony—he was the biggest tipper on record. Probably you remember that Arnold Rothstein, the rich gambler was the worst; he tipped a dime. Well, Mr. Ryder gave every waiter who served him one hundred dollars after each dinner, and that meant four hundred dollars, for as you know four waiters busy themselves with you at the Colony. To my knowledge Mr. Ryder has never been written up by Ripley, but he ought to be, and I hereby give him my permission because I think 'The Mad Tipper' would make him a good item. Oh, I almost forgot—Ryder also sent ten dollars a head to every dishwasher, when he dined at the Colony.

"But it couldn't go on forever, and it ended under rather depressing circumstances. One day Ryder was arrested for illegal stock speculation. He was indicted, convicted, sentenced, and sent to prison! Ryder had many other favorite dishes besides swan, and the owner of the Colony remembered them and sent them to the unfortunate man every Saturday afternoon until prison authorities stopped him."

MISS MARTHA REAM OF MUIR ROAD AND PUPILS

Fascinated by the story of the Grosse Pointe Children's orchestra, in which certain of the string players join their parents in playing together, we sought out Martha E. Ream, the director.

Born in Crawfordsville, Ind., daughter of a dentist, in a family of five children, Miss Ream's parents guided their family orchestra composed of herself and her two brothers and two sisters. This family group of young music lovers, encouraged by a piano playing mother and violin playing father, grew into a neighborhood ensemble and later into a community orchestra, which was led by a clarinet playing undertaker and a flute playing merchant.

Breeds Cooperation

Miss Ream says that the average family needs more home-produced music. Experience has shown that parents participating with children, makes the whole musical enterprise succeed better. Parents learn more about musical beginnings and are more sympathetic. Children enjoy this social time with their fathers and mothers. It is a rare child who will dutifully practice of his own accord without a social incentive.

Children should begin their musical activities with simple instruments, such as tonettes (small plastic flutes), chromatic orchestra bell sets, rhythm sticks, tom-toms and drummer-boys (good news to parents), quiet little drums.

Active Enjoyment

The Primary Classroom Orchestra has that "new look" in giving children a musical direction. It creates active instead of passive musical enjoyment. This beginning experimental time is further enhanced by accompanying body rhythms, and simple little songs of the children's own creation.

Fun is the keynote Miss Ream tries to carry to the parents of little children who are musically inclined. In learning in a group, with mother and father taking part in the practice-time, music study is bound to succeed.

If the early playing has been within the children's ability to enjoy, there is greater opportunity to help them see the need of daily practice in later studies of music. Miss Ream hopes that in the future there will be more time given to each child for musical exploration.

Lack of Understanding
In spite of the best intentions, many adults fail to recognize how children learn and what increases their pleasure. "Good tones don't come from tense fingers and enforced practice that is done alone; our job as parents and teachers is to find enjoyment with our children," Miss Ream says.

Miss Ream is a fine violinist and has been teaching in the Grosse Pointe Public schools for the past six years. She has two degrees in Music Education from the University of Wisconsin and an Artist and Teacher's diploma from the College of Fine Arts, Ithaca, N. Y. She has had European study with the late famous violin pedagogue, Ottakar Sevcik, in Czechoslovakia.

Her teaching career includes several college assignments, a music school of her own and at the Glencoe Public Schools on the north shore of Chicago. She has played with a number of symphony orchestras including the Pisek Symphony in Czechoslovakia.

Edited a Book
A talented writer, she was composer and editor of the "Rhythm Book," by Waterman. Her own book for little children, "Play and Sing," is a text book for musically interested children. In the past year, her article entitled "Orchestra and the Classroom" was published in the Educational Music Magazine. This was about Grosse Pointe children in the Grosse Pointe Schools and their activities in the Beginning Classroom Orchestras. She has just completed a book, "Does Your Child Need Music," not yet published.

Has Other Hobbies
Miss Ream likes to keep house and includes in her hobbies, sketching, swimming and refinishing furniture. We were charmed by the reweaving she was doing on one of her old oriental rugs, where she was bringing back the original colors with new yarn and a needle point stitch.

Miss Ream plans to spend the summer in the Pointe, looking forward to swimming and sunshine on the beach, weather permitting.

The Children's Orchestra is playing a concert Sunday, May 13, at 3 p.m., at the Pierce Auditorium.

ITALIAN SPAGHETTI

Contributed by Mrs. Wesley M. Rea

- 2 Tbsp. butter
- 2 Tbsp. olive oil
- 2 Tbsp. chopped parsley
- 4 medium onions
- 1/2 tsp. garlic salt
- 2 small cans tomato puree
- 2 cans tomato paste
- 2 tsp. Worcestershire sauce
- 1 lb. ground beef
- 2 small cans mushrooms
- 2 lbs. Italian spaghetti
- Parmesan cheese.

Cook first five ingredients together and add puree, tomato paste and Worcestershire sauce. Bring to boil. Fry meat until well browned (this is important) and add to first ingredients along with the mushrooms. Simmer over low heat for at least three hours. Cook spaghetti, rinse well and drain. Put on warmed serving platter. Pour the sauce over this and sprinkle with the grated cheese. Parsley flakes, and dehydrated onions may be substituted for the fresh ones without any loss of flavor.

Power Squadron Meeting Tonight

The Detroit Power Squadron will hold its regular monthly meeting, Thursday evening, May 3, at the Detroit Yacht Club. The speaker will be Comdr. Otis W. Howard, who will speak from the wealth of his experience on "Ships."

Comdr. Howard started his yachting career as a boy aboard a yacht his father borrowed and he has been an enthusiastic yachtsman ever since. In 1907 he went over to England and sailed back to this country a 197-foot Square Rigger. He served in the Navy during World War I and although he retired in 1942, he still is on the active list as Advisor to the Submarine Division.

Commander Gerald Rouston announces that as an added feature there will be a motion picture in technicolor, compiled by the Great Lakes Cruising Club of Chicago and which shows many out-of-the-way spots and "gunk holes" around the North Channel, Georgian Bay and Green Bay.

The Disaster Fleet of the Detroit Power Squadron will be ready for action as soon as the boats are launched, declares Harry M. Macfarlane, Chairman of the D.P.S. Military Affairs Committee. If disaster should strike the Detroit area the fleet will operate as an emergency arm of the Detroit Chapter of the American Red Cross.

As of April 23 when boat owner and crew members held their organizational meeting, 82 boats had joined the fleet. Of these at least 20 rated 24 miles per hour or better and were assigned to courier service and transfer of Medical Personnel under the command of Committeeman "Bob" Sargent.

NO COMPARISON

The military attire of The United Nations troops fighting in Korea today is drab and unimaginative compared to that of the men of Ancient Greece. According to The Book House for Children, the Greek "hoplites" or heavy-armed infantrymen of about the Sixth Century B. C., wore lavishly-ornamented breast-plates, greaves (leg armor), and helmets. The shields they carried were often colorful and of elaborate design.
