AN INCREASE in population of 71 per cent has been reported in the five-county area immediately surrounding Wayne, according to the Census Bureau. There has been a gain of 584,596 residents over the last ten years in Oakland, Macomb, Monroe, Washtenaw and Livingston counties.

INCREASES IN TUITION and fees in the state-supported schools of Michigan are expected to be put into effect this fall, up to 10 to 15 per cent. The Board of Regents of U. of M. may approve an annual increase of \$25 to \$30 on undergraduate fees, sources said yesterday. Non-resident fees may be boosted \$150 a year.

Wayne and Michigan State are also studying proposed increases. The three schools raised their tuitions in 1957 and also their non-resident fees.

ANOTHER U. S. PLANE has gone down in Communist territory, it was learned last night. An Air Force transport, carrying nine passengers, made an emergency landing in East Germany while on a flight from Copenhagen, Denmark to Hamburg, West Germany. The nine aboard were arrested for questioning. It is feared that another spy charge may be lodged by the Communists.

The plane was unarmed and strayed off course in bad weather, the Air Force said. Eight men and one woman, the wife of one of the airmen, were aboard the downed plane.

BALLY ACHE, the horse that ran second to Venetian Way in the Kentucky Derby two weeks ago, won the second race of thoroughbred racing's triple crown, the Preakness, yesterday, at Pimlico race track in Baltimore. Bally Ache, ridden by Bob Ussery, led virtually all the way in the mile and a sixteenth run for the Blackeyed Susans.

THE "BLUNDERS" over the U-2 spy plane that was shot down over Russia May 1, were not "isolated" events but "the result of deep-seated deficiencies" on the part of the Eisenhower administration, the Democratic Advisory Council said Sunday. American foreign policy collapsed during the first two weeks of May, they charged. The statement was endorsed by former President Harry Truman; Presidential nominee in 1952 and 1956, Adlai Stevenson; and two candidates for this year's nomination, Senators John Kennedy of Massachusetts, and Stuart Symington of Missouri. The Eisenhower-Nixon administration was accused of handing Soviet Premier Khrushchev the tools with which to wreck the Summit Conference.

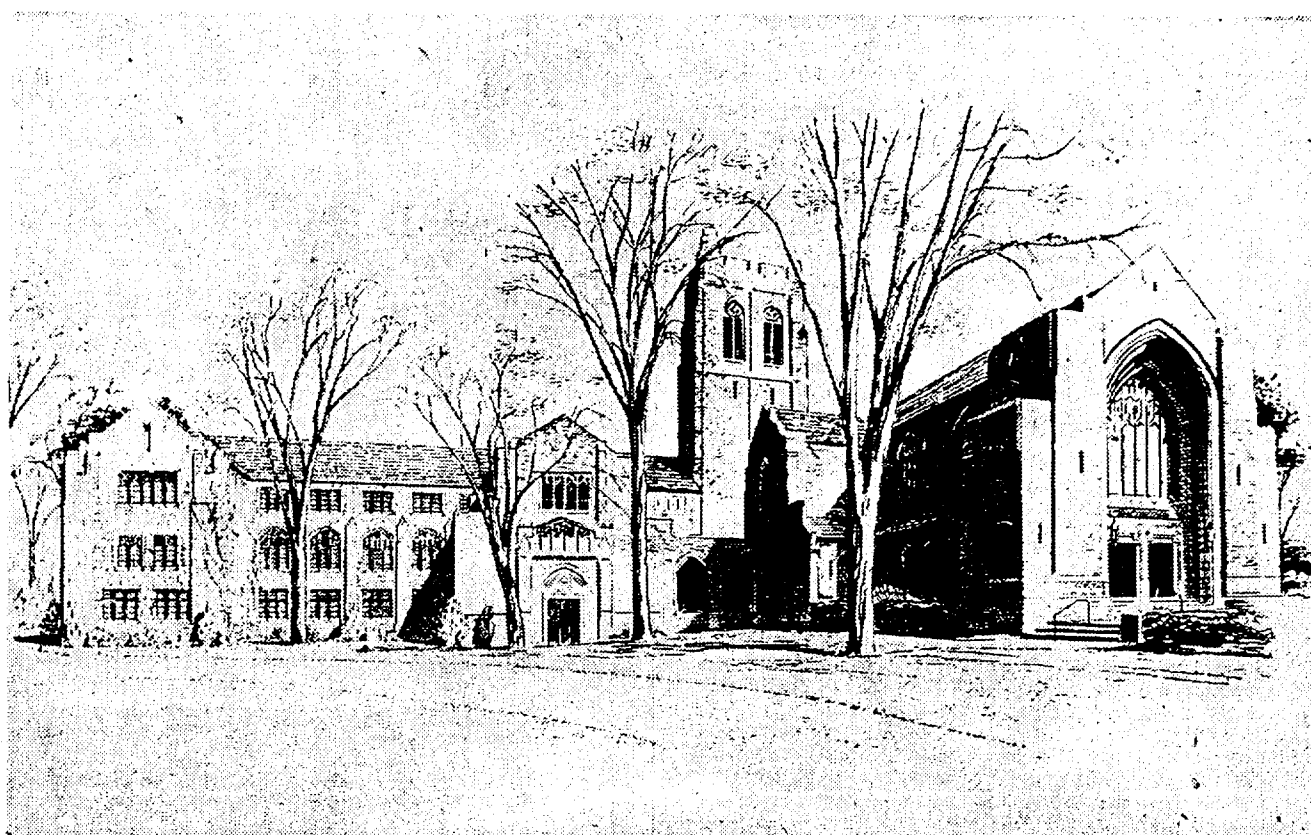

Tuesday, May 24

THE COMMON COUNCIL of Detroit said again Monday, that the City of Detroit will have an income tax, in spite of the public sentiment in the metropolitan area against such a tax. When to enact the new tax and whether or not the tax-paying public should be consulted, were the points upon which the Council could not agree. It seems a certainty that there will be no such tax before April 1961, however.

Wednesday, May 25

THE U. S. SENATE was the scene Monday, of a verbal battle over "why the summit conference failed," between Democratic and Republican leaders. Each party blamed the other for the failure of the Paris conference. Presidential hopeful Sen. John Kennedy (D. Mass.) and former Democratic candidate, Adlai Stevenson, were both accused of proposing an appeasement policy towards Soviet Premier Khrushchev. Both denied the charge, which was issued by Senate Minority leader Everett M. Dirksen (R. Ill.) and Sen. Hugh Scott (R. Pa.).

Architect's Drawing of Memorial Church Addition

A MAJOR EXPANSION of Grosse Pointe Memorial Church facilities is shown in this architectural illustration. The area to the left of the center tower would house the new facilities. A fund-raising campaign is under way following congregation approval of the addition and the acceptance of a major gift from the Edith Henry and Edwin Scott Barbour Fund.

Plan Concert On Center's Lawn June 5

Jr. League Glee Club and
Rosemarie Floyd Ballet
To Feature Symphony

The Grosse Pointe Symphony Orchestra will present its fourth and final concert of the season on Sunday, June 5. The concert, a yearly outdoor fete held at the Grosse Pointe War Memorial, 32 Lake Shore Road, will begin at 4:30 p.m.

Tickets of admission will be available at the entrance and are priced at \$1.50 for adults and \$1.00 for children.

Two distinguished groups will be featured as soloists with the orchestra that day. They are the Junior League Glee Club directed by Chris Dorjath, and the Rosemarie Floyd Ballet.

The conductor of the Grosse Pointe Symphony Orchestra, Felix Resnick, has programmed for the orchestra, Chabrier's "Joyeuse Marche," Virgil Thomson's "The Plow That Broke the Plains," a Suite for Orchestra, Gould's "American" (Continued on Page 2)

East Jefferson Scene of Crash

James McCready of 594 Hollywood road was ticketed by City police for not having his car under control and causing an accident after a collision on East Jefferson avenue, May 22.

Mrs. Constance Busch, of 8136 Tumeys, Detroit, driving west on Jefferson, stopped at Cadieux for the red signal light and McCready ran into the rear of her car.

Widening of Moran Road Protested By Residents

The proposed widening of Moran road has been postponed for at least 60 days, pending a survey to determine the reaction of all the residents living in the road regarding the project.

A group of persons living in the road, attended the Farms council meeting on Monday, May 23, to protest the widening of their street, maintaining that the widening would only increase vehicular traffic and thereby endanger the many children living there.

The subject of the widening of Kerby road, recently completed, was brought up, with members of the council stating the residents in this road were happy with the project. This brought a barrage of dissent from the Moran residents, who claimed this was not so. Kerby

Council Hears Proposals To Spend \$250,000 to Add To Neff Park Facilities

Committee Recommends Building New Swimming Pool
And Ice Rink and Increasing Bath House
And Boating Accommodations

The report of the City Park committee was presented to the City of Grosse Pointe Council Monday evening, May 23, recommending \$250,000 be spent on improvements in the Norbert P. Neff lakefront park.

Ed Pongraz, chairman, and the committee, Mrs. William Adams, Mrs. Howard Emerson and Jack Stevenson, have proposed both summer and winter improvements for the park, to be considered separately on the November ballot.

The summer improvements are: a new swimming pool, complete with filters, pumps, vacuum cleaning equipment, underwater lights, additions and alterations to the bath house, resurfacing of the parking area, and the construction of 100 new boat moorings.

The winter improvements consist of the alteration of the present wading pool to convert it into an artificial ice skating rink, with 15,000 square feet of ice surface.

Want Plans Separated
It was the suggestion of the Park committee that the two improvement plans be considered separately because the cost of the winter improvements alone is \$85,000 plus.

In answer to the question "Would enough residents take advantage of an ice skating rink?" the committee assured the Council that once the rink was in, with ice that would last throughout the winter season rather than for periodical freezing weather only, the rink would be used to its fullest potential.

The Council voted to accept the report of the Park committee and instructed the city attorney, Charles Wright III, to draft the necessary resolutions on the suggested improvements.

Widening of Moran Road Protested By Residents

had been widened from 24 feet to different sectional widths. One resident stated that he had conducted a personal survey along Kerby, talking to 13 residents, and out of this number, he said, 10 expressed dissatisfaction, claiming that vehicular traffic on their thoroughfare increased heavily, disturbing their peace of mind.

The city proposed the widening of Moran from Lake Shore road to Kercheval. The plan had called for widening to 28 feet.

At Monday night's meeting, City Engineer Murray M. Smith recommended that the widening be reduced to 26 feet, which is the present standard width required by the city for all new plans. The city engineer said that (Continued on Page 2)

Farms Police Request Pay Increase

Petition Council for Five
Percent Raise, Longevity
And Other Benefits

A request for a five percent increase in pay and other benefits made by the personnel of the Farms Police Department, is being studied by the Farms council.

The council met as a Committee-as-a-Whole with representatives from each police shift, on Monday, May 23, following a regular council meeting. The session was held behind closed doors.

Besides the pay increase, the policemen are asking for six paid holidays, or time off compensation, longevity pay and that all hospitalization premiums be paid for by the city.

A petition for the pay increase and benefits was submitted to Police Chief James Furton, who in turn presented it to City Manager Sidney DeBoer, who gave it to the council for consideration.

Representatives Elected
This is the first time in Farms police history that shift representatives met with the council to discuss such matters. The representatives were elected by members of their respective shifts, and one picked to represent officers on special duties.

Pleading the case for the department were, Police Sgt. Ignatius Backman, representing detectives and other officers; and Patrolmen Earl Field, John Farley and Marvin Krebs.

The officers' requests were taken under advisement by the council and will be discussed again in about two or three weeks, it was disclosed.

Farms police officers are the lowest paid in the Pointe, receiving \$5,810 a year; the Park follows with \$5,898; the City, \$5,900; Shores, \$6,000; and Woods, \$6,017, with longevity of \$100 every five years, to 15 years, to a maximum of \$6,317.

If the Farms officers are granted their increase, the pay will be \$6,100; longevity of \$100 for every five years of service, up to 15 years, would make it \$6,400.

Were Well Prepared
The Farms personnel went before the council, presenting a document compiled after lengthy research.

The document showed that 10 Detroit area cities pay their patrolmen higher wages than does the Farms; eight pay lower wages, and of the eight, three have some form of longevity.

Eight cities have some form of longevity other than extra vacation days off, either by percentage or a given amount after so many years of service. Seven cities pay their patrolmen (Continued on Page 2)

Big Gift Launches Memorial Church Drive for Addition

Barbour Fund Will Contribute \$195,000 of Needed \$700,000 Provided Congregation Raises Balance By October 1 of This Year

Plans for a fund-raising project are under way at Grosse Pointe Memorial Church following the unanimous approval by the congregation on Sunday, May 22, of a church building expansion program and the acceptance of a major financial contribution to the campaign.

A contribution of \$195,000 has been made to the planned \$700,000 church addition by the board of trustees of the Edith Henry and Edwin Scott Barbour Fund. Mr. and Mrs. Barbour were active members of Memorial Church for many years. The bequest was made contingent upon the congregation providing the remainder of the necessary financing by Oct. 1, 1960.

New Chapel Planned
Part of the new church addition calls for the construction of a chapel seating approximately 150, which would be known as the Barbour Memorial Chapel. Other additions include more adequate facilities for the church school, meeting rooms, storage space, a library and offices for the church staff.

The library would be named in honor of Dr. and Mrs. Frank Pitt. Dr. Pitt retired as pastor of Memorial Church Oct. 1, 1958, after nearly 30 years of service to the church and the community. He retains the title of pastor emeritus.

To organize the financial campaign for the project a steering committee headed by church Elder Joseph L. Hudson, Jr., has been formed. Wendell C. Goddard is vice-chairman of the committee; Paul D. Williams, special gifts chairman; Eugene P. Hawkins, general solicitation chairman, and Mrs. Ben W. Beyer, executive secretary.

Others on the committee include (Continued on Page 2)

Stiff Penalties Given 2 Drivers

Two motorists charged with serious traffic violations, were given stiff penalties following hearings before Farms Judge Grant E. Armstrong.

On Monday, May 16, Ernest L. Rathell, 28, of 2155 St. Jean, Detroit, charged with reckless driving and causing an accident at Lake Shore and Moross, was found guilty and sentenced to 45 days in the Detroit House of Correction. Arresting officers said he had been drinking.

Judge Armstrong also imposed a one year probation on Rathell and ordered him to pay \$500 restitution for damage to the other car.

Joseph L. Kanan, 28, of 27907 Manhattan, St. Clair Shores, arrested for speeding 80 miles an hour on Lake Shore road, was found guilty of reckless driving by the judge on Wednesday, May 18.

Kanan was fined \$100, and put on probation to the Wayne County Probation Department for a period of six months. The man was forbidden to drive during this time, and ordered to pay the fine before the probation terminates.

City Council Considering Buying Voting Machines

The proposal to purchase and install voting machines in the City of Grosse Pointe was considered by the City Council, Monday evening, May 23, with the final decision being postponed for two weeks.

The reason for the delay is to allow the Councilmen time to study and inquire into the success of the voting machines in the neighboring cities of Grosse Pointe Park and Farms, in the opinion of the residents of those cities. According to Nell Blondell, City Assessor, the neighboring communities have experienced about a 50 per cent savings in election costs in the last four years of using the voting machines.

According to Mr. Blondell, the amount of money saved by using voting machines rather than the present paper ballot

Memorial Service Set For Monday

Center Grounds to be
Scene of Annual Ceremony
Honoring Pointe
Dead of Two Wars

A Memorial Service honoring Grosse Pointers who gave their lives in World War II and Korea will be held at the Grosse Pointe War Memorial on Memorial Day, Monday, May 20. The flag will be raised and half-masted at 10:45 a.m. with the opening prayer given promptly at 11 o'clock.

The ceremony will be held in the formal Memorial garden, weather permitting; indoors in case of rain.

All residents are urged to pause in their holiday week-end and honor those whose names are on the gold star bronze plaque in the Memorial's foyer. It is a brief but meaningful service presented in a setting of great beauty and serenity.

Following is the order of Service:

Raising and Half-Masting of the colors by Sea Explorer Ship 303.

Advancing and Placing of Colors, led by Ted Corbett, Alger Post 995 V.F.W.

Opening Prayer by Rev. Father Arthur F. Neff, St. Paul's Roman Catholic Church.

Introduction of dignitaries by Frank Carlson, Commander, American Legion, Alger Post 303.

Reading of the Gold Star Honor Roll by Kenneth F. Bergmann, Mayor, City of Grosse Pointe.

Sermon by the Rev. Mr. Erville B. Maynard, Rector, Christ Church, Episcopal.

Placing of Wreaths by Auxiliary, Alger Post 995 V.F.W. and Auxiliary, American Legion, Alger Post 303, and Girl Scout Troop 848.

Volley, Taps and Echo by Firing Squad, Alger Post 995 V.F.W.; Bugler, Nancy Easton.

Retiring of Colors by Ted Corbett, Alger Post 995 V.F.W.

Benediction by Rev. Father Arthur F. Neff, St. Paul's Roman Catholic Church.

FARMS BUYS CAR

The Farms council approved the purchase of a passenger car for the Water Department, for the sum of \$1,551.42, from Simms-Dawson Ford, Inc., the firm offering the lowest bid. The action was taken on Monday, May 23.

Need \$6,000 To Hit Goal By Monday

Total of 11,000 Families
Still Have Failed to
Contribute to Annual
Campaign

With just the long Memorial Week-end to go in its active campaign drive for funds, the Grosse Pointe War Memorial Association is rapidly approaching the \$50,000 needed to operate in the next fiscal year beginning August 1. Only \$6,000 is needed to put the Center's Family Participation Campaign over the top.

There is no more fitting time to remember the Grosse Pointe War Memorial than on Memorial Day when we honor those in whose memory the Grosse Pointe War Memorial stands and in whose name the Center serves as a living memorial for use by Pointers for all worthwhile civic, cultural, social and educational purposes.

Every effort is being made to bring the Center's campaign to the attention of every resident. Volunteer follow-up workers are reminding as many citizens as they can of the drive.

11,000 Not Heard From
Just very reasonable donations from some of the 11,000 families the Memorial has yet to hear from will achieve the Center's necessary goal. Remember all gifts to the Grosse Pointe War Memorial are income tax deductible and the gift is a very worthwhile community investment for the many hundreds of Grosse Pointe organizations and the many thousands of Grosse Pointe individuals who use the Center.

So while your check book is out as the first of the month approaches remember your own Grosse Pointe War Memorial—Grosse Pointe's unique and beautiful Civic Center.

Further recent contributors to the Grosse Pointe War Memorial's Board of Directors wish to thank most sincerely include:

Servant of the People

Now, after MICHIGAN WEEK — with its emphasis on all of the things for which this great state of ours is famous, is a good time to consider the vital importance of the motor truck . . . Here is a servant of the people which does indeed serve everyone: the farmer, the business man, the retailer, the housewife, the vacationer, the boy or girl at school.

Everything you eat, wear, or use travels all or part of the way to you by truck. Yes, trucks are as much a part of Michigan as its vast productive capacity, its beautiful scenery, its great educational facilities, its fine people.

Widening of Moran Road

(Continued from Page 1) further study was made and he would like to recommend that Moran, from Lake Shore to Grosse Pointe boulevard, be left as it is for at least one year because of the possibility that the property on the north side of the road may be subdivided during the coming year.

If this is the case, he stated, then the pavement improvements could be matched to the street opening development of the sub-division. He also pointed out that the utility companies have pole and power lines on Moran, serving the residents on this property, which would disappear if the subdivision takes place.

"The reason for the reduction to 26 feet," he said, "is based on a further study of the traffic load on Moran, and although Moran is considered a major street by the State, we feel that the residential character of the street and the traffic load can be served by the reduced width, with the possibility of the widening being carried at least to Chalfonte road."

He said that final plans would call for the 26-foot widening, with new curbs and gutters on each side of the street, with a six-inch widening on the north side and an 18-inch widening on the south side.

This, the city engineer said, would permit better drainage grades and allow for asphalt re-paving to the full width, and also the replacing of driveway aprons along the street, as was done on Kerby road.

He said that for the present, he would rather see Moran, between Kercheval and Ridge road, improved, rather than the section between Lake Shore and the boulevard.

The question of why should the city rather than the State be concerned about Moran road, if the road is considered a major street by the State, brought out the comment that the road services the city and the people living on the road.

Councilman Henry Bodman III said that streets like local government, should be limited. "It is a waste of the taxpayers' money," he said, "to widen Moran. It will accomplish nothing other than to invite people that we do not want, to live there."

Councilman J. Lawrence Buell expressed an opinion to the people present in which he told them that they were over afraid and showed too much concern regarding the proposed widening.

"A further study of the project showed that the widening would be much better," he said. "Regardless of what you may think or feel, we live in a modern age, and we must advance with that age. The standard width of all streets in a modern city is 26 feet and we must move along with progress."

After some further discussion, Mr. Smith remarked that Moran does not presently have proper drainage, and that after rain storms, "bird baths" accumulate in the streets. Where-

upon, two of the persons in the audience, stated they would tolerate this provided Moran is not widened.

The two residents who spoke up, stated that the "bird baths" accumulate in front of their property and they do not mind it.

After still further discussion, the council voted to table the matter until completion of the survey.

The resident who will do the survey, stated he will make arrangements to contact the people on Moran for their feelings on the widening, and also the residents on Kerby, regarding their reactions concerning their street.

On Tuesday, May 24, Mr. Smith disclosed that in 1957, Kerby was widened from 24 to 30 feet, from Mack to Chalfonte, and at that time there were no protests because it was near the Kerby Field ball park; in 1958, the road was widened from 24 to 26 feet, from Chalfonte to Ridge, following a protest against too much widening.

In 1959, he said, Kerby was widened from 24 to 28 feet, from Ridge to the boulevard, following a petition submitted by residents living in that section.

Neff Park

would be increased. It was suggested that, if necessary, there might be a small charge for the use of the rink, and possibly the pool. It would be nominal, however, said Neil Blondell, City Assessor.

It was also recommended by the Park committee that the charge for use of boat moorings could be increased, in both the present wells and the 100 proposed for construction.

The approximate cost breakdown of the various improvements was given as: \$135,000 for all of the swimming-bath-house improvements; \$12,000 for resurfacing the parking area; \$6,000 for expanding the boat moorings; \$85,000 for the ice skating rink; and \$12,000 additional equipment, making a total cost of \$250,000.

Fewer Days Off Regarding holidays, out of 19 cities listed, only the Farms and City receive 10 working days a year off; the other 17 receive at least 18, or more days.

Eight cities have hospitalization insurance plans where the officer pays less than those in the Farms. The representatives informed the council that the Farms personnel receives the lowest clothing allowance of all the cities; sick days allowed is average, with the exception of five cities, which compensate for some sick days at retirement; and life insurance premium payment is average with all the cities.

In their report to Chief Furton, the four representatives stated they were well received by the members of the council, and that they appreciated the opportunity to talk over their requests with the city officials.

Vote Machine

(Continued from Page 1) communities remaining in Wayne county, not using the voting machines, the other two being Hamtramck and Melvindale.

The Council was concerned, however, with the reaction of the voters towards the voting machines. It was thought that this being the year of the largest election of the four year period, it would be unwise to try a method of voting new to most people. It was the fear of some Councilmen that the process, though supposedly a time saver, might create time consuming jams in the line waiting to vote, because of the voters' unfamiliarity with the machine.

The fact that more people do vote in the presidential election in November than in other elections was offered as an argument for the installation of the machines this year, also. This way, nearly every voter would use the machine and therefore be used to it for all future elections, rather than stringing out the learning process through four years of smaller elections.

Others also felt that the present paper ballot system was quite adequate. Norbert Neff, City Clerk for some 40 years, inaugurated the popular system of having all precincts vote in the Neighborhood Club. This practice would be continued with the installation of the voting machines, according to Mr. Blondell.

So, with all of these arguments, both pro and con on the voting machines, the Council is attempting to gather further information before making a final decision. If the City wishes to use the machines this year, however, the decision must be made in time to have the machines available for the August 2 primary, it was emphasized.

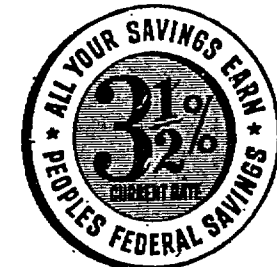

The things you accomplished yesterday shapes your todays and tomorrows.

More eloquent than any words is the silence of the 1960 Cadillac in motion. Eloquent, too, is the delighted look of the man who has just driven one for the first time. It says so unmistakably, "Never before, a car to compare with this!" It is a literal

fact that you must concentrate to detect the sound of a 1960 Cadillac—except, of course, for the gentle whisper of the wind and the soft hum of the tires on the pavement. Your authorized Cadillac dealer invites you to try this unique driving experience.

Fails to Stop; Receives Ticket

Horace S. Allard, of 468 Notre Dame avenue, driving south on Notre Dame, failed to come to a complete stop at the intersection of Notre Dame and Charlevoix and ran into the car driven by Douglas J. Frame of 2825 Coplin, Detroit, on May 20. Mr. Allard was given a ticket for violation of the Drunk Motor Law and causing an accident. Mr. Frame was given no notice to appear as a witness. There were no injuries.

Maire Students Pay Visit To Nation's Chief Shrines

The sixth grade at Lewis E. Maire school returned Sunday, May 8, from its seventh annual spring trip to Washington, D. C. Started in 1954 by Mrs. William Adams of University place, the trip has become a tradition at Maire School.

Having departed Thursday, May 5 at 5 p.m., on the Baltimore and Ohio Railroad the group of 89 students and 20 adults spent two most enjoyable days sight-seeing in the nation's most beautiful city.

With the colorful azalea bushes as a background, the group toured Alexandria, Va., Mt. Vernon and Arlington as well as much of the city's tree-lined embassy row and other points of interest, in air-conditioned buses.

Fascinating to all was the guided tour of the Federal Bureau of Investigation with the printing of the currency at the Bureau of Engraving and the Smithsonian Institute following closely from point of interest. Needless to say the highlight of the trip was seeing the Senate in session and admiring the number one home in the nation, the White House.

Equally enthralling were Washington's home in the Virginia hills, Arlington National Cemetery and the memorials to Lincoln, Jefferson, Washington, Taft and the Battle of Iwo Jima.

The world's soon-to-be-completed sixth largest cathedral, the Washington Cathedral, was also a memorable moment for adults and children alike. When Saturday night arrived all re-

Three Await Court Trial For Woods Clinic Burglary

Three men accused of burglarizing a Woods medical clinic were arraigned for examination before Woods Judge Don Goodrow on Wednesday, May 11, who found reasonable cause to believe that the accused committed the offense and bound them over to Wayne County Circuit Court to await trial.

Bonds of \$5,000 on two of the men were continued, and when they could not meet bail, they were remanded to the custody of the Wayne County Sheriff's office. The third man's bond was reduced from \$5,000 to \$1,000, and he was released after posting the money.

Still held are Raymond S. Cole, 30, of 57 Sturtevant, Highland Park, and Hugh D. Stamper, 27, of 12390 Stoepel, Detroit. Free is Edward P. Borczak, 32, of 3411 Military, Detroit.

On April 27, Borczak and Stamper were arraigned before Judge Goodrow, at which time Borczak pled guilty and waived examination, and Stamper entered a plea of not guilty and demanded an examination.

Cole appeared before the Judge on April 30. He stood mute and demanded an examination.

Judge Goodrow said he reduced Borczak's bond because it was the man's first offense and because Borczak continued his plea of guilty and testified against the other two.

The trio is charged with two counts, breaking and entering in the night time and robbing a safe. According to state law, the first offense, on conviction carries a 15-year maximum, and the second, up to life in prison, the judge disclosed.

Borczak, Cole and Stamper are accused of breaking into a clinic at 20250 Mack avenue, owned by Dr. William J. Watkins of 1162 Buckingham, on April 19, and looting doctors' offices of antibiotic drugs, cash and gold nuggets. The latter belonged to Dr. Watkins, a

Adults who accompanied the group are: Mrs. James Day, Paul Long, Mr. and Mrs. Robert Gonas, Dr. Horton Kimball, Mrs. Leon Sankar, Mrs. William Pankhurst, Kenneth Kurtz, Mrs. Julian Van Den Bergh, Mr. and Mrs. Henry Swartz, Mrs. Frank Wilson, Mrs. Roy Scharf-berg, Mrs. Frank Fitzsimons, Mrs. Leon Sweet, Mrs. Learn Leeson; two teachers from Maire school, William Mestdagh and Mrs. Marie Totten; and a nurse, Mrs. Herbert Wallhausen. J. D. Walker was the representative from the railroad.

Rose Garden Contest Entries Alerted

The annual competition of rose gardens has been announced by the Grosse Pointe Memorial Garden Committee, with the judging to take place on Monday, June 13.

All entries must be in by Saturday, June 11. There are two classes, one for gardens with fewer than 75 rose plants and one for gardens with more than 75. Subdivisions of the classes include gardens with full time gardener, part time, or none at all.

Mrs. Russell Alger and Mrs. Alan Beebe are chairmen of the committee which sponsors the contest for which all Pointe residents with 40 or more rose plants may qualify.

Chairmen of the Rose Garden Committee is Mrs. Frederick H. Curtis, assisted by Mrs. Elmer A. Clark, Mrs. C. Leslie Mitchell, Mrs. Julius Peter and Mrs. Frederick W. Campbell.

Judges will be Inspector Joseph Nufer, James May, Elmore W. Frank and Edward Katulski.

Voters' League Answers Questions on Convention

(This is the seventh in a series of questions and answers about a Constitutional Convention for Michigan. It is designed to answer your questions concerning the Constitutional Convention proposals to be voted on in the November election. If you have questions concerning the Convention or petitions being circulated to allow a vote on the matter, please send them

to the League of Women Voters in care of this newspaper.)

1. WHO IS OPPOSING THE PROPOSED AMENDMENT?

The Michigan Townships Association, the Michigan Retailers Association, Michigan Farm Bureau, and also August Scholle, head of the Michigan AFL-CIO, have stated their opposition.

2. WHY ARE THESE GROUPS OPPOSING THE AMENDMENT?

The Farm Bureau and Townships Association say that the metropolitan areas of the state will dominate the convention. The AFL-CIO spokesman says that a convention will be dominated by rural and out-state interests. Obviously, both viewpoints cannot be right. Actually there is no reason to believe that a Convention will be dominated by any political group or geographic region. The experience in the more than 180 Constitutional Conventions held in the country shows us that delegates to a convention, no matter how they have been elected, have consistently been the ablest of citizens who have been bound by no particular partisan or sectional interest and have acted in the best interests of the whole state. Because they will not stand for reelection, Convention delegates are not subject to the same political pressure exerted on other elected officials. There is no reason to expect a Convention in Michigan to be an exception to this general rule.

3. WHAT CHANGES SHOULD BE MADE IN THE MICHIGAN CONSTITUTION?

The League over a period of years has studied many aspects and problems of state government. In these studies we have reached agreement as to certain changes we would like to see made in Michigan's Constitution. Other organizations, citizens committees, and legislative groups also have ideas as to changes they consider desirable.

When a Convention is called, all groups and individuals who have changes to suggest can appear at the public hearings, present their ideas and have them thoroughly studied and discussed. At that time, the delegates to the Convention can decide what constitutional provisions would be best for the state as a whole. Briefly, a good constitution should be basic law — a broad framework for government. A Constitutional Convention can review the whole document in relation to our present and future needs; can change what needs to be changed; can delete what is unnecessary; and can give us a constitution that is simple, flexible, and adaptable to changing times.

In the year of 1919 the Michigan State Police investigated six automobile accidents. In 1959 they policed 22,189 traffic accidents.

Pointes Start Bike Inspection

The Bicycle Safety Inspection Contest is in full swing in the Pointe, with school safety officers busy checking the bikes of pupils in all public, private and parochial schools.

Sgt. Douglas Allor, City safety officer, who has only Maize School in his jurisdiction, said he inspected bicycles yesterday, May 25, at the school. The drawing for winners will be held on June 8, he said, when more than 60 prizes will be awarded.

Park Safety Officer George Blair said the annual bike contest in his city had a good start on Thursday, May 18, with inspections at St. Clare of Montefalco School, where students showed great enthusiasm for the program.

The conditions of the bicycles offered for inspection, Blair said, showed real effort by the children to have a "Safety Bike."

Inspections are scheduled for Defer School today, May 26; St. Ambrose School on Friday, May 27; and Trombley School on Wednesday, June 1.

Winners in the contest will receive bicycle accessory prizes the first week in June, the officer said.

The safety officer of the Farms, Patrolman Joseph Miller, said bikes were inspected at the Convent of the Sacred Heart on Monday, May 23, and at Richard School, on Tuesday, May 24.

Pupils at Kerby School will have their two-wheelers inspected today, May 26, beginning at 1 p.m.; and those at St. Paul, on Friday, May 27, starting at 1 p.m.

Miller said that a special inspection will be held on Saturday, May 28, from 9 a.m. to 12 noon, at the police station, 90 Kerby road, for all children who missed inspections at their respective schools.

He said that drawings for the names of winners will be held on Tuesday, May 31, with five prizes going to each school. The first prize will be a bicycle, for the top winner in each of the schools, he added.

Woods Patrolman Jack Mast, school safety officer, started inspections on Monday, May 23, checking bikes at Monteith and Our Lady Star of the Sea Schools. On Tuesday, May 24, he conducted inspections at Barnes School.

Today, May 26, Mast will check bikes at Ferry School at 9 a.m., and at Parcels Junior High School at 1 p.m.; and on Friday, May 27, at Mason School at 9 a.m.

This year, instead of bicycles, Mast said, boy winners will be given baseball gloves and baseballs, and girls will receive badminton sets.

He said that the drawing for the prizes will be held on May 27, the last day of the contest. There will be a total of 36 prizes awarded, he added.

Simon Den Uyl To Be Honored

Simon Den Uyl, of 85 Touraine road, chairman of the board, Bohm Aluminum and Brass Corporation, will receive a "Citation of Merit" from Mercy College at the Honors Convocation in McAuley Auditorium on campus, 8200 W. Outer drive, on Wednesday, June 1, at 8 p.m.

The Honors Convocation, part of the 19th annual Commencement Week exercises at Mercy College, honors all students who have been elected to honor societies or sororities and a citizen whose service to the community and his fellowmen has been outstanding.

Sister Mary Luella, R.S.M., president of Mercy College, will present the award following the introduction of Mr. Den Uyl by Earl G. Ward, vice-president in charge of purchasing for the Ford Motor Company and Chairman of the Lay Board for Mercy College.

Mr. Den Uyl, past president and director for the Greater Detroit Board of Commerce, was selected because, among many other qualifications, he is an outstanding advocate of free enterprise in education. He has served as Trustee for the Michigan Colleges Foundation, The Independent College Funds of America, Inc., member of The Corporate Board of Yankton College and the Automotive Committee, National Fund for Medical Education.

Responding to the Citation, Mr. Den Uyl will address the Convocation on "The Role of the Independent College."

Presentation of honors to top students will conclude the ceremonies.

Shores Warns Dog Owners

The Shores Village council ordered police to crack down on dog owners who permit their animals to run loose within the village limits, it was disclosed by Police Chief Fred Duemling.

The council took this action, the chief said, because of the numerous complaints of residents who charge that dogs-at-large have been ruining their grass and plant life.

The council authorized the sending of letters to all dog owners. This is the letter:

"We love our dogs, but the many people who are just putting in new grass, new plants, new trees, new shrubs, do not want them killed or damaged or destroyed.

"General complaints, some reporting extensive damage to property (and feelings) have been received. Therefore it becomes our duty to call everyone's attention to Ordinance 87 'Dog Ordinance' which says in part--

"No person owning, possessing or harboring any dog shall permit the same at any time to be on a public street or highway, except when held securely in leash by the owner thereof or the other person capable of restraining the actions of the dog"; and, "It shall be the duty of every member of the Police Department of the Village of Grosse Pointe Shores to promptly seize, take up and deliver to the Village Veterinarian or place in the Village Pound all dogs that may be found running at large."

"Let's all do our part to be good neighbors."

Chief Duemling said he has instructed his men to carry out the council's mandate, and to issue tickets to all owners who do not comply with the law.

The chief also wishes to remind the dog owners that 1960 dog license time is here, and owners should have purchased them as of May 1. A veterinarian's certificate attesting that the dog has been vaccinated within a 12-month period, must be presented before licenses can be obtained, the chief added.

See The Champs in Season Finale

Curtain goes up this weekend on Grosse Pointe Community Theater's final show of the season "Bell, Book and Candle." John van Druten's rollicking comedy about witchcraft in Manhattan will be presented at 8:30 this Friday and Saturday, May 27 and

28 at Grosse Pointe High School by the group which recently won top honors in the Community Theatre Festival at the Shubert. Three of the cast, above, are left to right: AL BERTEEL, MADY CORRELL and BILL MEHEGAN.

Victor Hurwitz, WWJ-TV staff director, is coordinating the efforts of an all-star cast headed by Eileen McCabe, winner for the past two years of the GPCF Best Supporting Actress award. Mrs. McCabe has toured with road companies of "Oklahoma," "Allegro" and "Brigadoon" and will be appearing in the forthcoming Vanguard production of "The Boy Friend." Playing opposite Mrs. McCabe is Grosse Pointe High English teacher Bill Mehegan, a veteran of more than 20 years of amateur and stock theatre.

Others in the cast include Mady Correll, who has a host of Broadway and Hollywood credits and was recently the star of the WWJ-TV series "Policewoman," Al Berteel,

Two Cars Tangle At Intersection

Two cars collided at the corner of Mack avenue and Cadieux road on Saturday, May 21, causing passengers in each to be shaken up a bit.

Miss Julia A. McIntyre, 71, of 10106 Grayton road, Detroit, was making a left turn off of Cadieux onto Mack when her car was struck in the right rear by a car driven by Herbert P. Imbimbo, 25, of 1279 Meadowbrook avenue, Detroit. Imbimbo, going east on Mack, hit Miss McIntyre's car, leaving skid marks of 12 feet. Then his brakes failed and he continued to skid 175 feet into a parked car.

Miss Anne McIntyre, 73, Miss Mary McIntyre, 74, and one of Imbimbo's passengers, Patricia Andrews, age six, of 1263 Montclair avenue, were all taken to Bon Secours Hospital for a check-up following the accident. Patricia suffered minor bruises, the other two were not visibly injured but were shaken up. A second passenger in Imbimbo's car, Cecile Imbimbo, 18, was not hurt.

Both Miss McIntyre and Imbimbo were given tickets by City police officers for reckless driving and causing an accident. Witness notices were given to the owner of the parked car, Joseph M. Jones of 826

Den Uyl to Show Travel Pictures

The Grosse Pointe War Memorial Association's "Meet the Traveller's" series has an unusual treat to present to Pointers. On Wednesday evening, June 8, at 8 o'clock, Simon Den Uyl will present his excellent color pictures and commentary on the Far East.

Mr. Den Uyl was a member of the group privileged to make the recent Detroit Board of Commerce World Tour. An avid picture taker, Mr. Den Uyl was particularly interested in recording with his camera the daily activities of the vast Eastern populations. The peoples of Pakistan, India, Thailand, Hong Kong and the Philippines attracted the lens of his camera rather than the architecture and monuments of their past.

In his commentary, Mr. Den Uyl will bring to his audience a far clearer understanding of the attitudes, interests, ambitions and philosophy of the Eastern peoples.

Mr. Den Uyl's pictures will be the first viewed at the War Memorial on a giant size screen which Mr. Den Uyl is generously presenting to the Center as a gift.

All Pointers and their guests are cordially invited to avail themselves of this unusually worthwhile program which is being presented free of charge.

Boatmen Want Launching Ramp

A modern launching ramp for trailer-borne boats, similar to the ramp recently purchased by the City of Grosse Pointe Woods for its small boat owners, is being urged for boat owning residents of Grosse Pointe Farms by a group of Farms boat owners who held a discussion meeting at the Farms Pier boat house on May 20.

Although the Farms Pier has mooring facilities for more boats than any of the Grosse Pointe communities, a waiting list of over 200 applicants for mooring space is on file at the Farms offices.

A modern launching ramp, contends the boat owners group, would enable the trailer-borne boat owners, who constitute a great majority of the applicants, to use the facilities of the Farms Pier immediately for a nominal launching fee, which could pay for the ramp installation if a considerable number of boats were launched regularly.

A survey by the group seeking the ramp has established that there are many trailer-borne boats in Grosse Pointe Farms whose owners are not applicants for Pier space who would unquestionably use the facilities of a ramp at their local pier and contribute greatly to the rapid repayment or the cost of installation.

The boat owners group seeking this ramp feel that their movement is a definite civic service to the citizens of the Farms and urge everyone interested in civic improvements to attend. Color movies showing the simplicity of modern ramp launching will be shown.

Defer School Plans Honor For Principal Fred Kerby

After more than 40 years of directing the education of Grosse Pointe children, Fred Kerby, principal of Defer School, will retire this June. With a degree in law and many educational contacts, Mr. Kerby shouldn't have much trouble finding the part time job he wants for his retirement years. But like the fabled Mr. Chips, whom he resembles with his kindly face and shock of white hair, he admits that life outside the schoolroom will lose much of its meaning.

Fred Kerby's family has lived in the Pointe for over 150 years. His ancestors were among the first English settlers to arrive here and through the years they have married with such pioneer families as the Van Antwerps and the Verniers to dig deep roots in local history.

Mr. Kerby's grandfather, Rufus, was the Pointe's first postmaster, held a land grant all along the road which bears his name, gave the land for the First Protestant church. Young Fred Kerby skipped to Mass at St. Paul's through fields which were 25 years later to become the boulevards and residential streets of the Pointe. When he was graduated from the old Kerby school, now the Board of Education maintenance building, he took the shoreline cars into Detroit to the old Central High. There were eight or 10 scholars in that long ago 8th grade class and not all of them went on to high school, but Fred Kerby's mother, the former Mary Sullivan, a teacher herself in the Pointe schools, urged him to make education his career.

He went on to the state normal school at Ypsilanti where his mentor, Dr. Harvey, head of the department of psychology set the pattern for his future attitude toward his students. "Firmness, fairness and kindness" have been his watchwords ever since.

Mr. Kerby studied further at the University of Detroit where he took his law degree, and at the University of Michigan. The first World War interrupted his studies and his first job as teacher and principal of the old Vernier school. After a period with the Army in France he stayed on in Paris to take further courses. When he returned home teaching had lost some of its appeal. Like many veterans he wanted to do something exciting, something different. He worked for Firestone in Akron and then was attracted to New York.

On Broadway, Fred Kerby was a great success with his fine baritone voice — he sang in several popular musical comedies. He spent a few years on the Great White Way, but his mother kept urging him to return home to teach. He loved the stage and often regrets abandoning show business, but he did come home, and back to Vernier School and then to the old Trombly School in Jefferson avenue.

Defer opened its doors in 1925 and Fred Kerby welcomed his first classes of pupils. He has been there ever since. An addition was built on the school the oldest now in use in the Grosse Pointe system. His father and mother were among the

first to urge consolidation of the Pointe schools. His father was on the first Board of Education with George Defer, Charles A. Paye, Charles A. Poupard and Lewis Smart.

In those early days Mr. Kerby lent a hand in the classroom when teachers were ill, often taught his own favorite subject math. This year the Defer enrollment is the largest it has even been, 580 pupils.

Through the years Fred Kerby has seen many changes in the school system, not all to his liking. He believes children today are given too much freedom, is a foe of progressive education and a great supporter of the phonetic system of teaching words.

Next fall Miss Marjorie Harger will become principal of Defer. Miss Harger is Mr. Kerby's assistant this year.

When he bids goodbye to his pupils and staff in June, Fred Kerby will be leaving the only life he has known for many years. He is not a great one for sports or hobbies and admits it will be hard to accept life without Defer School. He promises to come back for some nostalgic visits but it will be different to remember after 35 years that Defer School is no longer his responsibility.

Defer School will give a reception for Mr. Kerby on June 5, at the Grosse Pointe War Memorial on Lakeshore drive, 2 to 4 p.m. Seventeen hundred invitations to friends and families will be sent. A "Purse" will be given to Mr. Kerby, and checks may be mailed to Mrs. Robert Maynard, 1353 Bedford, Grosse Pointe Park 30, Michigan. Her phone number is TU 2-1126.

The Committee for the reception includes: Mr. and Mrs. Kenneth Locke, Mrs. Jeanne Stedman, Miss Martha Hoke, Mrs. Marion McKaig and Mr. Harvey Dahl.

Police Seek Owner Of Lost Necklace

A small diamond or rhinestone pendant, found on Kercheval avenue near Lincoln road around April 1, has been turned into the City police.

The pendant is on a small silver chain. It is circular in shape, about one half inch in diameter, and has one stone in the center, surrounded by six smaller stones.

"We will hold it here for a while in hopes the owner will come in and claim it," said Captain Andrew Teetaert.

Something to Remember

This Memorial Day, let us all remember Pearl Harbor. Let us attempt to reconcile our vision with the twisted-tripod reproductions of "news-pictures" we have handed in connection with the so-overplayed incident of the U-2, as so dexterously maneuvered by Mr. K.

We plead guilty to almost violent nausea induced by the reactions of some of our so-called analysts of current events. We are particularly upset by the consternation evinced by normally-normal citizens who express shock over the revelation that this country should be indulging in tactics designed for self-protection.

Quite obviously these characters have never been engaged in an alley fight, but we gave them credit for being able to figure out that one can't fight a gutter-thug with ball-room curtsies and kid gloves. If fearful of an attack by a bandit, one doesn't curl up on a cozy couch. If a criminally-intent prowler is known to be at large, one puts up the best defenses at his command. Two lads under contract to meet in the prize ring, spend months getting into condition for the fight and figuring out every possible means of beating the opponent.

We well remember that 15 years ago, when World War II had just ended, there were many of those, fresh from the hell of war, with the Soviet as our ally, who wanted to bet that we would be at war with Russia within three years. As we see it, we have not yet been in actual conflict with Russia because we have been sufficiently smart to use every facility at our command to insure that we were so prepared for retaliation that Russia would not dare to attack us. The spying venture of the U-2 was one of the facilities we chose to use. We presume, and we hope, it was only one of many such excursions. During the experience of trailing and catching hundreds of Russian spies engaged in every known form of espionage, we would have become very stupid had we not learned that we must employ every possible means of protecting ourselves and searching out the thinks in the armor of those who would not accede to the constant pleas for disarmament and the cementing of the peace.

This spying is a funny business, and we are often considerably confused by the diatribes hurled at it. The bird hunter spies on the nesting habits of the wildfowl and plans his next year's shoot on his findings. Our law enforcement officers, attempting to trap a criminal, set up stake-outs and use every other method at their command to encircle their enemy. No method which our intelligence agents use to ferret out a foreign agent is frowned upon. Our most-lethal potential enemy can poke his submarines up around our coastlines, infest our top-secret installations with spies, be caught in possession of microfilms of our most closely-guarded information, and barely a ripple disturbs the surface of public interest.

But one of our planes, seeking intelligence data that will safeguard the life of the nation and the world, is caught in the act, and a rash of indignation encircles the earth.

Our mistakes were in getting caught, and in the bungling of signals between those responsible, after we were caught. But let's not be so naive as to be lulled into relaxing our eternal vigilance or curtailing our intelligence activities. This would be courting catastrophe and nothing would please Mr. K. more.

Letters to the Editor

Sir: Grosse Pointe residents have always been in the forefront of cultural, charitable, and civic efforts in Detroit. It would be tragic to allow the achievements of our community and its leaders to be overshadowed by the negative publicity of the last few weeks.

I would like to suggest that a council be founded by the Grosse Pointe communities to bring about a more positive approach to our selection of neighbors.

The council could be composed of representatives of the elected officials of the Grosse Pointe Municipalities, of the Grosse Pointe churches, of the Grosse Pointe educational groups, Grosse Pointe business interests (including the Grosse Pointe Property Owners Association) and the civic leaders of the community.

We cannot leave the solution of this problem to the Grosse Pointe Property Owners Association. They have already stated that they do not formulate attitudes, but merely reflect the feeling of the community.

There has been some fear expressed that legislation will be passed limiting the rights of the home owner in the sale of his property. Laws are passed when people show an inability to govern themselves. Grosse Pointe has done nothing in the past month to indicate its own willingness to accept responsibility of meeting this problem.

I hope that someone in a responsible community position will take the initiative in organizing a council that could

meet and discuss this whole issue.

GLORIA WHELAN
 (Mrs. Joseph L. Whelan)

The following is taken from "Wild Life in America" by Peter Mathiessen, Viking Press, pp. 229 to 231. I believe it shows that there are still two sides to the DDT spray controversy.

"The major concern of conservationists at present is the massive dissemination of pesticides across the land, which one zoologist has called 'The greatest threat North American wildlife has ever faced, perhaps greater than all the rest put together.' (George Wallace, address to the annual meeting of the Audubon Society, Nov. 10, 1958, N.Y. City.)

The broadcasting by airplane of chlorinated hydrocarbon, a family of chemicals related to the terrible nerve gases developed in World War II, has achieved dangerous proportions since 1945, when the relatively innocent DDT came into general use. Since that time the uses of more and more pesticides has expanded wildly, and in 1957 alone, sixty-five thousand tons of dieldrin, heptachlor, and other chemical poisons were strewn across the fields and forests of the nation.

The chief agent of pesticide distribution is the U.S. Department of Agriculture, which has been granted large sums by Congress for the control of injurious insects, and which to date has supported the claims of the pesticide manufacturer that the effects of their products upon creatures other than the "target" animal are of small consequence. The Fish and Wildlife Service, The Na-

What Goes On at Your Library

by Jean Taylor

Almost anyone familiar with young children and their leanings will agree that the small fry are not nearly as resistant to poetry as are their elders. In fact, the very young are not resistant at all. It is when the child becomes older and more self-conscious, when he outgrows Mother Goose and verse of similar ilk, that he may begin NOT to like poetry. At this stage of growing up, humorous verse may be the answer. We have known children disinterested in poetry who were changed to enthusiasts by funny poems.

"Humorous Poetry for Children" edited by William Cole is a delightful collection of nonsense verse which children and adults will have fun sharing. Teenagers will like it too if they can be persuaded to overlook the word "children" in the title.

William Cole has also edited, for adults, "The Fireside Book of Humorous Poetry" which was published last year. His "Story Poems New and Old" will be enjoyed by all ages. Nor has he forgotten the very young. "I Went to the Animal Fair" includes thirty-five poems about animals. This is in picture book format and the text and illustrations have charm and humor.

"Poems of Magic and Spells" is William Cole's most recent contribution of verse for children. This is for any age that likes goblins and witches, leprechauns and elves. It includes poems from a wide range of poets, classical and modern, all with a magical or eerie quality. Mr. Cole is a master anthologist. Not for him is the casual putting together of a few favorite verses. Infinite care, patience and research go into the making of his anthologies. Into the making too goes genuine enjoyment. He obviously delights in every minute of the blood, sweat and tears.

How does an anthologist get

started and how does he work, once in gear? To this Mr. Cole replies, "I think he gets that way because he's born with some of the natural instincts of the pack rat, who is noted for carrying away small articles which it keeps in its nest." By his own admission, this anthologist collects a mountainous variety of material. Then, after the research is completed, according to Mr. Cole, the sifting process begins. "Out with this one... it's a classic but it's dull. Here are three with the same idea... Which is the better poem? Which gives me that authentic thrill? Here's another, and it's surely is about magic and spells, but it's awfully jingly and easy... throw it out. Here's one that children won't fully understand, but it's a great poem, and they'll get the emanations... put it in. And here's another that's awfully grisly; it even frightened me. Well, put it in for the moment." This sifting, we're told, eliminates about three-quarters of the material on hand.

In preparing an anthology of poetry for children, Mr. Cole's principal aim is to show them how much fun is in poetry, to help them relax about it, and not to be frightened by it or bored. He hopes to introduce this world of verse to children in a way that will persuade them later to make their own voyages in it.

If anyone could turn apathetic and indifferent readers into poetry enthusiasts, William Cole is the person. It was C. Day Lewis in his book "Poetry for You" who said, "to learn poetry is to learn a respect for words; and without this respect for words, you will never be able to think clearly or express yourself properly; and until you can do that, you'll never fully grow up—not though you live to be a hundred."

tional Audubon Society, the Izaak Walton League, and other groups in a better position to judge the question fairly, disagree. Investigation by the Service, hampered seriously for want of Congressional appropriations, has nevertheless indicated startling wildlife mortalities in sprayed areas: the thirteen quail coveys known to exist on one tract studied were wiped out entirely, with serious loss of all other vertebrate animals. The poisons may remain in the soil or water for years, so that their effects are cumulative; they have also been shown to affect the fertility in creatures exposed to less than lethal doses, and may seriously upset the balance of nature by killing harmless insects and other food animals crucial in the chain of life.

In 1954, in a park area in Michigan, 185 pairs of robins were known to nest. In 1957, after several applications of DDT to control the pest Dutch elm blight, the area supported but six nests, at least five of which produced no young. The earthworms on which the robins fed had absorbed the poison residues in the leaf litter; crayfish, fed experimentally on earthworms from this area, perished instantly.

The salmon of certain New Brunswick rivers and the trout of Yellowstone Park have been seriously reduced by the presence in their waters of pesticides used in the control of the spruce budworm. A veterinarian in Climax, Georgia, reported that massive spraying in the region toward control of the imported fire ant took the lives of one hundred cattle and that an equivalent number of brood sows suffered total reproductive failure; in Texas, four bulls and eleven calves were killed on a treated area. The Montgomery, Alabama, Journal interviewed thirty-six families in the village of Monroeville in October 1958; their losses as a result of fire ant control included "697 dead chickens, 10 roosters, 20 turkeys, 11 cats, 7 puppies, and 2 ducks." The destruction of wildlife and domestic animals brought about by pesticides in Alabama has led the Department of Conservation to demand that spraying be stopped "until methods can be devised to safeguard wildlife, song birds, fish and human populations."

At a meeting on Nov. 10, 1958 sponsored by the National Audubon Society, a zoologist, Dr. George Wallace, predicted that should the immediate ambitions of the Department of Agriculture and the pesticide manufacturers be realized, "We shall have been witnesses, within a single decade, to a greater extermination of animal life than in all the previous years of man's history on earth."

When one considers that, according to the Fish and Wildlife Service, a pound of poison per acre may suffice to eliminate a quail covey, and that the Department of Agriculture has considered the use of twenty pounds per acre for effective insect control, Dr. Wallace's

dark view seems very reasonable.

The Department of Agriculture is apparently unconcerned about the growing apprehension. It is its ambition to "eradicate" the imported fire ant from the twenty seven million acres of the South which it now infests, even though no insect, imported or indigenous, has ever been entirely exterminated in the United States. "Experience to date," the Department avers blandly, "indicates that a successful program can be carried out without serious consequences to wildlife resources."

But it now seems clear that research into every aspect of the fire ant problem has been totally inadequate; in the opinion of many authorities, in fact no problem exists at all. The sting of the fire ant has been grossly exaggerated, as has the damage done to crops; the fire ant is essentially a feeder on other insects and their larvae, and is considered a beneficial creature in its native South America.

In any case, an irresponsible control program has been set in motion without sufficient information as to its future effects. Congress goaded into action by public outcry, has recently called for an investigation of the use of pesticides, but serious damage may have been done to the wildlife, livestock, and even human beings of the nation before this frantic broadcasting of poison into our environment can be brought under control.

This book is available in the Grosse Pointe Public Library for anyone interested, as am I, in further research into this problem in our community.

How Do You Tell a Drunk?

By Fred Kopp, R. Ph.

The man was acting strangely. You know what people thought. But the neighborhood pharmacist had a hunch, took a close look, gave the man sugar. Then he called a physician who found the man was in insulin shock. Too much insulin, not liquor. Without prompt treatment, he might have died. This story illustrates the potency of modern drugs. Before using powerful drugs you should see a physician and then follow directions to the letter when taking them. There's a happier moral. Without modern drugs, the diabetic in this story wouldn't have had a life to save.

What's New on THE HILL...

By ROBERTA

HERE on the hill is the very sparkle of Spring... radiant collections of everything from automobiles to fashions... gifts to toys... and here are WE, magpies that we are, right in the middle of this volatile flurry ready to give... like you would toss confetti.

oO

TULIPS AND ROBINS and posies on her hat keep popping up, but that is not all, because Hamlin's are offering, during the hill's month-end sale tomorrow, candles at a discount. This is the time to replenish your taper supply, isn't it?

oO

THE FLOWERS that bloom in the Spring, tra la are gay... but the flowers that keep their bloom all the year around are extraordinary. The garden, patio or dining room will look much gayer with a table or a table and a few chairs fashioned of white wrought iron and glass... trimmed of course with fake geraniums and green leaves. These interesting pieces are in The Dants' windows on the hill, this week.

oO

WELL, GO AHEAD, say it, but be sure you do something about it... tell him or her you love him or her with a mouth watering gift of home-made fresh candies from Trail Pharmacy. There are coconut half dips, chocolate chips and caramel turtles. Trail's have several deliveries daily for your convenience. It's TU. 1-5688 for service.

oO

THE LATEST ARGUMENT for buying a new lamp now is the month-end sale at Denler's. The lamps run the gamut in style from provincial to modern. You are sure to find one that fits your decor. Remember these are one-of-a-kind, and handsome!

oO

CONVERSATION PIECE. Tobago... the country club silk... turning up in a summer dinner jacket. The white or natural is terrific when it comes to showing off a good sun tan. Add the evening trouser... fashioned of Italian silk with a built-in cummerbund and you have the recipe of glamour for him. Find these evening summer clothes at Carl Sterr's, on the hill.

oO

HERE'S AN IDEA that will interest you right now... there will be no labor charge for the installation of mufflers and tail pipes on your automobiles during the hill's month-end special at Frank Adam, 130 Kercheval, on the hill. It's a wonderful service. Period.

oO

AND WHILE THE HARBORS are buzzing with tourist traffic... when only the sky is your ceiling you should tote along a skotch grill. It's portable. The firebrows are burn proof and porcelainized. The plaid finish will not burn off. Sportsmen and boat enthusiasts find them v-e-r-y practical. On shore or afloat they're wonderful. Seven dollars and forty-nine cents or seventeen ninety-eight at The Sign of the Mermaid.

oO

AS THE THERMOMETER turns tropical this Spring and Summer he needs a functional fashion like these short sleeved convertible shirts done in bastiste oxford... oxford-aire... dacron and cotton. They feature both the regular collar or the button-down in white, blue, tan at Kilgore and Hurd, on the hill.

oO

AMONG THE MYRIADS of toys at Punch and Judy Toyland this week you will find the new surf and pool fun boards... pools... swim fins... snorkels... jalls and shovels... Sandy Andy's... sand boxes... hurrah for the fun!

oO

AS SPRING SAUNTERS... as you serve it up with cracked ice you'll discover a place in the sun but to lounge... to golf... to swim... play tennis or sail. And you should discover that the clothes for all these sports are available in the Sport Shop at Margaret Rice's. By the way, Margaret Rice jetted off to New York last week on a shopping spree. Expect to see all the new things when you visit number 76 Kercheval. As far as colors go you can just plan to follow your instinct! See you there.

oO

FEMALES AREN'T the only people that have a corner on vanity. Men like nice things, too. He's sure to tote on what's new for boating comfort and other outdoor relaxations. For example, "the beach-comber," washable, polished cotton with rope belt, in white or black priced at six dollars and fifty cents at Carl Sterr's. Wait, that's not all, their is the collarless T shirt of imported fine mesh cotton, woven in Switzerland in blue and white. The price? Ditto.

oO

YOU KNOW HOW kids take to water? Just like the ducks. And Gray's Sport Shop have all the equipment to make the water even more fun. There are snorkels... fins... masks... goggles... and an aqua light with 40,000 candle power and pressurized especially for skin diving.

oO

THE ELFIN HAND of a young Spring has been busy at Pongraz Jeweler. Imagine a five cone pin sparkling with small diamonds... and earrings of the same design done in gold. The set will take five hundred green pieces of folding money... three hundred for the pin and two hundred for the earrings. Solid.

oO

IF YOU HAVE KIDS don't miss the wonderful assortment of clothes for infants to pre-teens during Young Clothes month-end sale. Among the many items you will find suits, cotton slacks and other surprises. 110 Kercheval.

oO

THE FOLLOWING STORES are participating in the hill's first month-end sale that begins tomorrow morning at nine thirty a.m. Frank Adam, The Dants, Denler and Co., Gray's Sport Shop, Hamlin's, C. E. Hornung, Irving's, Kilgore and Hurd, Martha Lawrence, The League Shop, Pongraz Jewelers and Silversmiths, Punch and Judy Toyland, Margaret Rice, Sign of the Mermaid, Top O The Hill, Maurice Wood, Wigley's, and Young Clothes. Browse and find many, many outstanding values.

Design Begins at Fence Line, Landscape Architect Advises

When designing your home, start at the property line, not at the exterior wall of the house.

Plantings, ground cover, fencing, patios, decks, paths and walkways are all integral parts of your home design, the well known landscape architect, Chandler D. Fairbank, advises. Too many homeowners, Fairbank reports, seem satisfied when they finally agree on an attractive design for their house. They put in a lawn and a few shrubs and think they have the ultimate in good living.

Actually, said this successful landscape architect, your design job has just begun when the house is finished. The entire lot, right up to the property line, is part of your home. It can be made into something exquisite and livable without too much cost, but it requires considerable study and planning.

Start with basics, Fairbank suggests. Plan fences to fit your home. Then lay out the large areas, like decks and patios, and, finally, arrange your smaller garden plots and flower borders. The paths and walkways will be determined by the location of principal work and play areas in your yard.

Fence selection is most important, he points out. There is a wide range of fencing styles, but not all will suit every home. For complete privacy, he said, you may use a high, solid-board estate fence which can be built either of western red cedar or of Douglas fir. You may also use a high fence with louvered boards. For mere property dividers, any one of many open styles can be used, he said, and they need not be very tall. Fences can be stained, painted, or left to weather to natural, silvery greys which either cedar or fir will do in a few years.

Patio decks are becoming more and more popular, Fairbank points out, as families have more leisure time to spend outdoors. Decks should be located and designed early in any landscaping plan because of their large area.

Wood deck systems are among the most popular, he suggests, and are least costly to build. Sturdy Douglas fir dimension lumber can be used for both the framing and the deck boards. A popular deck is made of 2x4s spaced slightly to allow water runoff, and the 2x4s can be laid either with the narrow or wide side uppermost. Deck boards generally are left unpainted and will weather, like the fences, to an attractive silver gray.

With the location of fences and decks determined, Fairbank concludes, the arrangement of other outdoor installations, flowers and shrubbery should be carefully planned to fit into the predetermined landscaping scheme.

Landscaping is an art, Fairbank observes, and to get the most livability out of your homestead, all the skill and knowledge of the landscape architect should be utilized.

Selmeier to Preside At Education Parley

Presiding at the May 27 meeting of the Michigan Association for Supervision and Curriculum Development (MASCSD) will be the president, Dr. H. Leroy Selmeier, elementary supervisor of the Grosse Pointe public schools.

The MASCSD, a department of the Michigan Education Association, will hold an executive board and committee meeting at the Union Building, Michigan State University, tomorrow at 10 a.m.

The purpose of the session is to review committee activities during the past year, to elect officers for 1960-61, to formulate plans for the annual conferences in the fall, and to consider changes in Michigan's part in the Cooperative Action Program for Curriculum Improvement.

SAFETY-MINDED

On the highway your safety is largely in your hands, so why not make your steering wheel a life preserver.

By Patricia Talbot

Just a hint of the incredible beauties for tables, closets, gardens and boudoirs was available for patrons of the Christ Church fall fair pre-view last week.

Booth chairman set up their wares on trestle tables in the Irvine lane home of Mrs. Sidney T. Miller and the Lakeshore road home of Mrs. John B. Ford III.

In Mrs. Miller's reception hall, with its black and white tiled floor and free hanging stairway . . . a perfect view of a perfect jewel of a pool in the garden . . . could be seen a fiberglass tray decked with leaves Mrs. Douglas Campbell gathers up north and presses for these designs . . . corduroy log carriers . . . sets of hat boxes from the finest for whimsies, to the largest for leghorns, painted and flower bedecked, tied with velvet.

For milady's boudoir ravishing Chinese silk robes, a hand loomed gossamer-soft bed jacket, which Mrs. Robert Franklin reports took 55 hours to crochet . . . a hand-beaded gray silk brocade evening bag made by Mrs. Wood Williams . . . many brocaded bags made from material brought from Hong Kong by Mervyn Gaskin.

Mrs. John B. Ford's large classic living room has remained unfurnished since the Fords bought the former John Anderson home . . . she is waiting for some perfect antiques for this beautifully proportioned room. The Christ Church fair tables were loaded with gifts for clients to order for fall delivery.

In the foyer and hall turquoise carpeting and a delicate turquoise floral wallpaper gives promise of the future decorative theme of the house . . . a background for the Fun with Food tasters' booth . . . special treat here was peach mustard made by Mrs. George E. Parker, Jr. . . . and fruitcake without flour for the calorie counters.

Go-to-meeting plastic lunch boxes may be ordered with gaily colored scarves to tie the meal for easy toting . . . lovely small china pitchers had been hand painted as had china placecard holders, a Victorian revival.

Mrs. Roy C. Chapin, Jr., in a Guatemalan cotton printed skirt and yellow linen blouse presided at both houses . . . her particular contribution, needlepoint bedroom slippers for the men's booth . . . an unusual item here was a gray flannel muffler with pockets which buttoned.

The china counter was taking orders for special hand painted door handles . . . and the garden booth offered raffia dolls, trimmed garden baskets and a giant plastic bag for carrying cut flowers.

Woman Hurt By Own Car

Mrs. Catherine Regner, 27, of 1426 Maryland, stepped out of her car after parking it in the driveway alongside her house on Wednesday, May 18, and the vehicle ran over both her legs.

According to a Park police report, Mrs. Regner was closing the car door, when the hand brake unlocked itself, and the vehicle began to roll backwards.

The woman tried to reach the brake and was knocked to the ground by the open door and the car wheels ran over her legs.

Richard School In Final Frenzy

Richarders are literally as busy as the bees in the hive being demonstrated in Mrs. Jennie Dombrowski's classroom, in the making of plans for closing the 1959-60 school year. Coming up in the next four weeks are such events as the final PTA meeting, a musical festival, the kindergarten demonstration, parties and picnics.

The Parent Teacher Association closes a very happy and successful year with an Open House on Thursday evening, June 2, beginning at 8.

After a short business meeting the classrooms of the school will be opened to the visiting parents who will have a look at the total science and conservation program from kindergarten through grade six. Leaving positions as officers in the Association are: Mr. Dale Davis, president; Mrs. Judy Reynolds, secretary; and Mrs. Violette Hatie, treasurer.

Incoming officers include: Mr. William Witherell, president; Mr. Hudson Mead, vice-president; Mrs. Marian Perry, secretary; and Mr. Kneeland Welch, treasurer.

Mrs. Patricia Birch, music instructor, will sponsor a music festival on Wednesday afternoon, June 8, beginning at 1:30 p.m. in the auditorium. Performing will be pupils from grades four, five and six. The school is proud of its musical groups; vocal, flutophone, the band and orchestra.

Organized by the kindergarten teachers, Mrs. Carol Kaloger and Miss Kay Brigham, there will be a demonstration to which are invited the September incoming kindergarten class and their parents. This event, taking place in the kindergarten rooms, will begin at 3:15 p.m. and last till 4 on Tuesday afternoon, June 7.

The kindergarten had its initial roundup on May 17 at which were present about 125 people. Many children were then registered but registration continues till the opening of school in the fall.

Volkswagen Convertible

(an air-tight case for owning an open-air car)

The top of the Volkswagen Convertible is like no other. Put it up and it's air-tight and water-tight because it overlaps the windshield frame. Put it down and it's all the way out of the way, without cheating on rear seal space.

The top is unique in other ways: it has a real glass rear window. The VW top is also completely lined and padded—no struts or crossbars show. The padding serves as a sound insulator too—the patter of rain is almost inaudible. (You have to look out the windows to see what the weather is doing.)

Only a few deft touches of chrome and its own range of colors distinguish the convertible from other Volkswagens; it shares every mechanical virtue of the sedans. Its rear engine gives superb traction in any weather. And the aluminum engine is air-cooled. (No water to freeze or boil over. No anti-freeze needed.) Individual torsion-bar suspension on all four wheels gives you uncanny control over rough roads, eliminates swing and sway on curves.

Driving the VW Convertible is fun for everyone. The shift lever floats from gear to gear. You can go 70 mph all day without strain, or buzz nimbly through stop-and-go traffic. (You get 32 mpg—regular gas, regular driving.) It is a good 4 feet shorter than conventional cars, parks with ease where others can't fit. The best way to get the feel of a VW Convertible is to slip behind the wheel and drive one. Never mind the weather. Come in this week.

Future Leaders End Full Season

The members of the Future Business Leaders Club of Grosse Pointe High School have finished out their senior year with a recent field trip to the National Bank of Detroit and with guest speakers from the Powers Modeling School, General Motors and the Nancy Taylor Finishing School.

The object of the club, which is made up of 25 senior girls, is to furnish service to the teachers of the high school in typing, filing and dictation, in order to gain practical experience to aid them in the business world after graduation. Each girl gives four or five hours a week to this service.

The club president is Cheryl Maertens; vice-president is Karen Peltier; treasurer is Nancy Beauvais; and secretary is Barbara Norris.

It is a law of nature that those who live the fastest are first to reach the finish line.

Faithful School Employees Honored

Board of Education Trustee FRANKLIN D. DOUGHERTY, (left), congratulates MRS. ROSE SATMARY on her completion of 30 years' service in the Grosse Pointe Public School System. President KLAAS JONGENS (second from left) of the Plant Personnel Association looks on. Others honored were FRANCIS DUFFY, (center), former head-engineer at Kerby School and THOMAS NEEDHAM of the Trombly School Staff.

Three employees of the Grosse Pointe Public School System were honored by their fellow workers at a banquet in the High School cafeteria recently. Mrs. Rose Satmary, Thomas Needham, and Francis Duffy all are retiring after many years of service to the community.

Mrs. Satmary of Notre Dame avenue began working for the public school system in 1930 as a cafeteria worker. In the 30 years since then she has been a familiar figure to thousands of high school students as she performed her custodial duties.

Kerby School said farewell

to Francis Duffy about a year ago when his retirement was hastened by an injury he suffered while working. He was head engineer of Kerby, having opened the school in that capacity in 1949. Prior to that he served in Old Kerby and Trombly schools.

Thomas Needham is retiring from his post as custodian-engineer at Trombly School next month. He will complete 24 years of service at that time.

Approximately 200 persons attended the testimonial banquet in their honor. Members of the Grosse Pointe Plant Personnel Association and guests heard Assistant Principal Donald Campbell of the High School give Mrs. Satmary recognition for her fine services. Principal Custer Homeier

paid homage to Mr. Duffy and Principal Frank Welzenbach informed the group of the outstanding record Mr. Needham had established.

Klaas Jongens, Maintenance Chief for the public schools, chaired the banquet and ceremonies honoring the retirees.

Democrats To Hear Lt. Gov. Swainson

The Grosse Pointe Democratic Club will hold its regular monthly meeting on Friday evening, May 20, at 8 o'clock, at the Grosse Pointe War Memorial.

Lt. Gov. John B. Swainson will be the guest speaker. His subject will be "The Financial Crisis in Michigan and Its Solution." The public is cordially invited to hear the gubernatorial candidate.

A question and answer period will follow and free refreshments will be served.

Dems to Hear Sen. Proxmire

Senator William Proxmire, Democrat of Wisconsin, has been chosen as the principal speaker at the 14th Congressional District Democratic "1960 Congressional Dinner," which will be held starting at 6:30 p.m., Saturday, June 4, at Serbian Hall, Van Dyke at East Outer drive.

Proxmire is one of the leaders in the Senate of the liberal group which includes Michigan's two Democratic Senators Pat McNamara and Philip Hart. Proxmire is remembered for his challenge of the moderate policies of Senate majority leader Lyndon Johnson.

Tickets are priced at \$7 each, according to dinner co-chairmen Leonard Baun of Grosse Pointe and Eileen Zielesch of Harper Woods.

Eckoute to Head Detroit Turners

The board of directors of American Turners, Detroit, will be headed for the next 12 months by newly-elected president Henry J. Van Eckoute of 310 Belanger road. Mr. Van Eckoute has been a member of Turners for 22 years.

Other officers elected are John L. Marley, Chandler Park drive, vice-president; Sara G. Palmer Holcomb, secretary; Donald M. Mullen, 345 McMillan road, treasurer.

Newly elected board members are the following: George M. Bittner, Woodside; Jack W. Whiting, 903 Fisher road; and Raymond L. Taylor, Haverhill. Continuing on the board are Fred Kretschmar, E. Outer drive, and Charles W. Andres, Pennington drive.

Activities at Detroit Turners

are rapidly drawing to a close for the summer, with the exception of several bowling banquets and the training and practice for the Invitational Turnfest in Akron, Ohio in June. The closing party of the season will be held June 11 with music by the Highlites.

Much of the success of the past season can be attributed to the efforts of outgoing officers: president Milton Osgood, Parker road; vice-president, Kenneth Adler, Harvard road; secretary, George E. Measel, Pemberton road, and treasurer, Robert L. Ward, of Somerset road.

Detroit Turners, one of Detroit's oldest and largest social and athletic clubs, is located at 8731 E. Jefferson avenue, opposite Memorial Park.

Student Driver Training Program Reduces Accidents

(Editor's Note—This is the third in a series of three articles on the driver education program in our community's high schools and throughout the state of Michigan after four years of expanded operation.)

High School trained drivers have one-half as many traffic accidents as untrained drivers in the same age group.

This is the conclusion of virtually every research study taken in this field throughout the United States, according to Mr. Watling, in charge of the driver education program at the Grosse Pointe High School. Students from other, non-public schools in the area participate in the High School program as well.

Twenty-two research studies have been conducted in the country and they indicate that trained drivers have not only half as many accidents as untrained drivers, but that they also receive substantially fewer traffic tickets and license suspensions.

One of the most recent studies was made of the affect driver education had on the 1955 graduating class of Ann Arbor High School. The study compared the driving records of trained and untrained drivers for a 36-month period.

Ninety-one trained drivers had four accidents and received 15 traffic tickets.

Ninety-four untrained drivers had 15 accidents and received 51 tickets from police.

Dr. William Mann, of the Michigan State University Highway Traffic Safety Center, emphasizes that the driver education teacher does much more than just teach the mechanical operation of the automobile. He instills in the student the proper attitude toward traffic laws, fellow drivers and the situations that each driver must face on the road.

One research study, he says, of the worst drivers in 100

Michigan high schools revealed these youngsters to be reacting to unfavorable life situations. This points up the urgent need felt by driver education teachers to do an effective job in building better attitudes in driving.

"This is what we try to do in the course in Grosse Pointe," said Mr. Watling. "The proper attitude helps a youngster make a mature decision when a hazardous situation confronts him. On the other hand, the reckless, immature youngster will most often make the decision that will risk his life and the lives of others around him."

Mr. Watling has recently released the results of an interesting survey, showing that trained drivers receive substantially fewer traffic tickets.

Taking one of the last groups of 16-year-olds in the Grosse Pointe schools who were able to get their license without passing a required course in driver education, the survey showed that nearly one out of three of the drivers committed a violation of one type or another.

A class of 760 students completed driver education in 1957. A survey of this group showed that only 18 per cent or about one out of six of these students committed a traffic violation.

Thomas V. Trombly, superintendent of public safety in the City of Grosse Pointe and past president of the Michigan Association of Chiefs of Police, cooperated in this survey.

"I believe the younger drivers are more careful and do not commit the average traffic violations because of their classroom instructions in connection with driver education," he said.

Amos E. Neyhart, administrative head of the Institute of Public Safety of Pennsylvania State University and widely recognized as the "father" of driver education, was asked recently about the role of driver education in the public schools.

"Killing 40,000 and injuring a million and a half annually is nothing less than an indictment against the great nation of ours," he replied. "The trial and error methods used by dealers, relatives and friends for teaching new drivers is totally inadequate for present day living. Teaching people how to drive is a professional teacher's job. Is not the high school charged with the preparation of our youth for citizenship? Then why should the handling of a motor vehicle, the most significant item in American life, be omitted from the high school program?"

Four Pointers Taken Off Road

Richard W. Stockwell of 433 Moross road, will not be able to drive because his operator's license was revoked, according to the latest report, May 13, received from the Secretary of State's Office in Lansing.

The information released by Secretary of State James M. Hare disclosed that Stockwell lost his right to drive because he drove in violation of license restrictions.

Three other Pointe drivers were given temporary suspensions, and their driver's licenses are being held until the suspension periods expire. Each was charged with having an unsatisfactory driving record.

Taken off the road were Gordon W. Findlay of 1677 Bourne-mouth road, from April 28 to May 27; Daniel W. Machuga of 20086 Ballantyne court, from April 21 to June 20; and Paul

A. Portugal, of 788 Lake Shore road, from April 22 to October 22.

Suspensions are temporary withdrawals of the driving privilege up to a maximum of one year. A license which is revoked is terminated and is not worth.

as is with suspensions, automatically reinstated after the period of suspension had ended.

Take with a grain of salt the advice you get for nothing—nothing is probably all it's worth.

Loyal Leadership

During the past few weeks Grosse Pointe has received great publicity, both locally and nationally, because of the screening system employed by the Grosse Pointe Property Owners Association and the Grosse Pointe Brokers Association, which controls the system.

We would like to make clear our stand on this matter. We believe that it is natural for people to wish to protect property values.

We believe it is the duty of a real estate broker to do his utmost to help keep Grosse Pointe the fine community it is. We believe that a real estate broker should not introduce into a neighborhood individuals whose presence will clearly be detrimental to property values in that neighborhood.

We believe that the point-system of determining whether an individual is qualified to live in Grosse Pointe is both un-Christian and un-American. This system, as pointed out in the recent state investigation, has resulted in conflict among the brokers themselves in some instances; i.e., after individuals have been screened and rejected, certain brokers have had the individuals re-screened and passed, thereby "stealing" a sale from the original broker. There have also been cases in which a recommended third party has purchased a home and then passed it on to the intended buyer, who was known by the broker to be an "undesirable" under the point-system of screening.

We believe that, having specialized for 34 years in the Grosse Pointe municipalities, and having sold and re-sold hundreds of homes to fine American people, we have lived up to our obligation to you, the people of Grosse Pointe, in helping to maintain Grosse Pointe's reputation as a fine community in which to live.

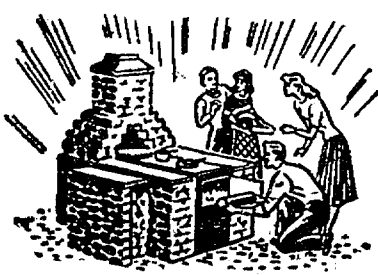

In conclusion, we are proud to say that we employ no underhanded tactics to promote a sale. Every sale is well supervised for the property owner's protection. If you are in the market for buying or selling Grosse Pointe property, and you wish to deal with a reliable broker, give us a call.

AEAM Honors Dr. Stillwell

Dr. Hamilton Stillwell of 291 Mt. Vernon road, director of the Division of Adult Education of Wayne State University and the University of Michigan, has been elected president of the Adult Education Association of Michigan.

Dr. Stillwell is the first member of the faculty of either Wayne State or the University of Michigan to be elected president of the Association since it was founded in 1954. Stillwell was also president of the Adult Education Association of New Jersey in 1950-51 when he was at Rutgers University.

The Michigan association has more than 500 members. The membership includes professional and lay persons throughout the State who are engaged and interested in adult education.

The purpose of the organization is to advance the general welfare of the state through encouragement of continued education and maximum development of all of its adult citizens; to develop unity of purpose among persons and groups concerned with adult education; to encourage and develop the quantity and quality of adult leadership; and to develop long term plans for adult education.

Dr. Stillwell came to Wayne State from Rutgers in September 1957. He is a graduate of New Jersey State Teachers College (Trenton), Rutgers University, and New York University.

Investors hold \$441,668,105.26 in U.S. Government securities that no longer earn 1% of interest... could this happen to you?

These securities have matured and the Government stands ready to pay the holders when and if they present their securities for payment. But the interest that these funds could be earning is forever lost.

Oversights like this are not uncommon. The last time American Telephone & Telegraph Company offered stockholders the privilege of subscribing for debentures, "rights" which could have been sold for about \$560,000 were allowed to expire.

There is a simple, convenient way to make certain your investments keep on making money: At National Bank of Detroit it's called an *Investment Agency Account*. Our large and experienced Trust Department assumes the responsibility of handling all of the details connected with your investments. This includes presenting your securities for payment as they mature, and seeing that rights are either sold or exercised. All your investments are kept under constant review. And recommendations are made from time to time to help you invest your money more profitably.

Summer Music Festival Due to Start on June 29

The third annual Grosse Pointe Summer Music Festival will present a season of four concerts this year it was announced last week by Mrs. David Sutter, chairman of the Committee of Friends of Music

which sponsors the festival. The four concerts will be held on Wednesday evenings, June 29, July 6, 13 and 20 in the Fountain Court of the Grosse Pointe War Memorial, 32 Lakeshore road.

Included in the four programs, Mrs. Sutter states, will be chamber works for string duo, piano quartet and string quartet. There will also be vocal works for guitar accompaniment, concertos for violin and piano with chamber orchestra and a chamber opera. All performances will be under the musical direction of Paul Olefsky, cellist and director of the festival and Gordon Stales, violinist, who are both appearing exclusively at this festival in the Detroit area this year.

Other regular artists on this

series are Karl Haas, piano; Nathan Gordon, viola; Marilyn Cotlow, soprano; and Alexander Sucek, troubadour.

Guest performances on the series will be offered by the Stanley Quartet of the University of Michigan on July 13 and by Emma Kountz, pianist of Toledo, and Sam Resnik of the Chicago opera world, in the final concert on July 20.

The Stanley Quartet features two changes in personnel for the summer. Stewart Canin, recent winner of the Paganini award in Genoa, Italy, will play first violin and Paul Olefsky, artist-in-residence at the University of Iowa, cello. Gustav Rosseels, second violin, and Robert Courte, viola, are regular members of the Stanley group.

Popular soprano Marilyn Cotlow and basso Sam Resnik, who delighted audiences with their performances in the production of *Così Fan Tutti* by the Detroit Opera Theater this spring, will be stars of the final concert. They will perform, in costume and in English, a fully staged production of Pergolesi's chamber opera "La Serva Padrona." The Chamber Orchestra will be under the baton of Paul Olefsky.

As has been the custom in years past, Mrs. Sutter announced a reception and tea will be held after the first and last programs of the series. All members of the audience are invited to meet the artists and staff of the festival on these occasions in the library of the War Memorial.

Rocket Society Honors Pointer

Lovell Lawrence, Jr., chief engineer of weapon systems for Chrysler Corporation's Advanced Projects Organization, has been selected by the board of directors of the American Rocket Society to receive a 1960 ARS Fellow membership award.

The award will be presented to Mr. Lawrence at the 30th Anniversary Dinner of the ARS in Los Angeles, California, May 11.

One of the recognized authorities on rocket engines in the United States, Mr. Lawrence has made a number of noteworthy contributions to the science of rocket-powered flight.

In 1941, he founded Reaction Motors, Inc., the first commercial enterprise in the United States devoted strictly to rocket development. His company's work ultimately resulted in the development of the JATO unit, as well as ballistic type research missiles including the Navy's Viking.

After Germany surrendered in 1945, Mr. Lawrence was selected to serve as a member of the Navy technical mission to Europe which surveyed German rocket power plants, rocket propellants, and other German missile developments.

The following year, he and his business associates perfected the first of a series of four-nozzle 6,000-pound thrust engines that enabled the Bell X-1 to crash the sound barrier. This engine is now on display at the Smithsonian Institute.

Mr. Lawrence joined the Chrysler Corporation Missile Division in 1953 as assistant chief engineer and was a key figure in the Redstone missile development and other research activities. He became technical director of the Redstone program in 1956, and was named to his present position in February, 1959.

Born August 7, 1915 in Port Henry, New York, he is a past president of both the national organization and Detroit chapter of ARS, and winner of the Society's Robert H. Goddard Award for his work on the Bell X-1. He is currently a member of the Advisory Board of the New York University Guggenheim Aeronautical School.

Mr. Lawrence resides with his wife and three children at 218 Fisher road. Horses provided patrol transportation for the Michigan State Police in its early years. These gave way to the motorcycle, then the patrol car and the airplane.

Firecrackers Rip Mailboxes

Woods and Shores police arrested two teenage Pointe boys on Friday, May 13, and charged them with blowing up house mailboxes with large firecrackers known as cherry bombs.

The official charge, police said, is malicious destruction of property. The youths blew up a box in the Woods and one in the Shores.

Arrested were Robert D. Maples, 17, of 44 Fontona, and Robert W. Shortz, 18, of Fairlake lane, who were apprehended by Woods Patrolmen Albert Abend and Bruce Cross, shortly after 1 a.m. Friday.

The policemen were sitting in their scout car at the cross-over at Lochmoor and Sunningdale, when they heard a loud explosion and saw a car, without lights, pull away from the curb in front of 538 Lochmoor.

Abend and Cross followed the car and stopped it a short distance away. They said they found Maples in possession of one of the firecrackers, fashioned into a bomb, and that he and Shortz admitted blowing up a mailbox at 26 Lochmoor. This brought the Shores police into the matter.

The Shores station was called, and Officers Victor Hallberg and Joseph Vitale arrived to take the boys into custody and to the Shores station.

Abend and Cross, in the meantime, checked the area where they saw the boys' car, and found the mailbox at 538 Lochmoor destroyed.

The Woods officers went to the Shores station, where, with

Shores Police Sgt. Earl Wakley and Vitale, they questioned Maples and Shortz, who at first denied and then admitted blowing up the boxes.

Both boys received two violation tickets each, one each from the Woods officers, and one each from the Shores policemen, for their offenses. Maples was also given a Woods violation ticket for driving his car without lights.

The youths are scheduled to appear in the Woods court on June 4, and in the Shores court on June 6.

An additional charge, possession of and shooting firecrackers, a violation of State Law, is pending against Maples and Shortz, police said.

Grosse Pointe News

From Another Pointe of View

By Patricia Talbot

The calendar insists that this week-end summer officially begins with the opening of all the club swimming pools.

On Saturday the Boat Club will toast the season with cocktails and dinner to officially open the pool. Races for the young set are scheduled for Monday.

Mr. and Mrs. Thomas W. Jipson and Mr. and Mrs. Kenneth L. Gould are co-chairmen of the Saturday party and on their committee are the Robert Gottfredsons, the Frederic H. Lambs, the John O. Peterses, the Douglas Sandes, the Robert P. Seebers, the Robert Steigers and the Daniel W. Sullivans.

Out at the Country Club on Memorial Day Mr. and Mrs. John Park, Mr. and Mrs. William Boydeil and Mr. and Mrs. Jack Cudlip will be superintending a baseball jamboree and old fashioned outing to mark the holiday.

The Memorial Day week-end will be the end of a long trip for the J. Leslie Berrys who are expected home Wednesday from an European tour. Soon after their arrival they will be officially welcomed at a combined anniversary party and glad you're back gala by the Harold O. Loves, of Lochmoor boulevard.

With the final curtain of "Bell, Book and Candle" down on Saturday evening Mrs. George T. Hall, assistant producer of the Grosse Pointe Community Theater comedy, will be able to join her husband and children at their farm on the Bell river above Mt. Clemens.

This holiday week-end will also see the arrival of Dr. and Mrs. Thomas Morrison in their East Jefferson avenue home. On Sunday Mr. and Mrs. Wesson Seyburn will entertain at dinner for the Morrisons.

Moving to Muncie

In mid-June Mr. and Mrs. Charles S. Davis, Jr., will be moving to Muncie, Ind., but they will keep their home in McKinley place as a "sort of summer resort" coming up week-ends.

Daughter, Buffy Davis, a senior at University of Michigan, will be off for Europe after college ends and will report to Muncie briefly in August. Terry Davis, a student at Lawrenceville, will spend most of his summer on campus and will join his parents in Indiana about August, too.

Europe Bookings

The Carl Lanz family, of Chalfonte road, have summer plans involving a European trip in relays. Mrs. Lanz and her two younger sons, Jim and Jerry, leave June 2 from a week in Philadelphia and New York before sailing on the Hansatic June 11.

Another son, John Lanz, will sail for Naples on June 16 and his father will fly over in July to meet his family in Friedrichshafen, Germany, his birthplace.

Son Joe Lanz, will miss all this traveling. He will remain in the Pointe this summer.

Also Europe bound in the near future are Mr. and Mrs. Michael P. O'Donnell, of Cloverly road. And Susan McKee, daughter of the Miles F. McKees, of Pemberton road, will be sailing June 30 for Spain. There the Northwestern University co-ed will be savoring the Latin

Opera Patrons Dine At DAC on Monday

In Floor Sweeping Gowns Mrs. Emmet E. Tracy, Mrs. Herbert B. Trix, Mrs. Alfred J. Fisher, Jr., and Many Others Dine Before Met Debut

Many Grosse Pointers who are both opera lovers and members of the Detroit Athletic Club dressed in formal bibs and tuckers Monday night and came to early dinner at the club before going to Masonic Temple for Metropolitan Opera's opener, "Simon Boccanegra".

Even before 5:30 o'clock, streamlined motor cars swept under the canopy at DAC's Randolph St. entrance, the occupants intent on getting to their tables so they'd surely be at Masonic for curtain time.

Mr. and Mrs. Emmet E. Tracy entertained at a pre-opera dinner party, Mrs. Tracy wearing a floor-length sheath of jonquill yellow heavy Chinese silk, designed by Werle. The skirt had a petaled side drape and the neckline was low and square. Her circular stole was of white mink.

Their guests were the John J. Gormans, the A. D. Freydis, the Howard E. O'Learys, Mrs. Raymond Lawlor, Mrs. John G. Wood, Mr. and Mrs. Frank McGinnis, and the Gerard Slaterys and their house guests, Mrs. George Lang Jr. and the Henry Krugs, all of Kitchener, Ont. and Charles Sciatler of Hamilton, Ont.; Emmet E. Tracy Jr. and Mary Kay Donahue.

Mr. and Mrs. Herbert B. Trix were the dinner guests of the Raymond T. Perrings of Bloomfield Hills—Mrs. Trix was in pink lace with a mink stole, and Mrs. Perrings in white silk foulard patterned with roses, and a white silk and wool broad-crepe coat.

The Alfred J. Fishers Jr. (she was stunning in a floor-length royal blue chiffon) and the Chase Morseys Jr. were a foursome. Mrs. Morsey in fuchsia pink chiffon. At other tables at the club were the Taylor H. Seebers with Mr. and Mrs. Walter Simmons, and the William J. Athansons in a sixsome with the Charles L. Jacobsons and Tom H. Bartels.

With the Fedele Biancos (she was in champagne-hued Italian silk, a floor-length gown she'd brought back from Rome a fortnight ago after a month's trip to Milan, Turin and Rome) were the George Pollards and the Henry deSegur Laues.

Mrs. George M. Endicott wore white lace with a stole of buttercup yellow peau de soie. She and Mr. Endicott entertained the John Benfields, and the Howard Stoddards of East Lansing at the DAC before the opera.

Mr. and Mrs. Herman Weckler and the Edward Faheys

were together. Mrs. Weckler in white Italian silk with inter-twined yellow and green chiffon falling from the decollete bodice top to form a train, and Mrs. Fahey in a long dress of pastel green chiffon.

With the Sumner Gurneys were Mr. and Mrs. Herman Otto and the Ottos' house guest, Mrs. Otto Faulstich, of Frankfurt, Germany. Mrs. Gurney's long gown combined silk and chiffon of identical design, a pattern of chrysanthemum sprays in two tones of purple on a white background. Her silk slippers were in dark purple hue and her small wrap was a tier stole of Tourmaline mink. Mrs. Otto's formal sheath gown had a little train and Mrs. Faulstich's handsome floor-length dress was of black French lace.

Pair Speak Vows Saturday in St. Paul's on the Lakeshore With a Reception at the Country Club; Newlyweds Travel to Bermuda

Mary Catherine Crane, daughter of the Charles Lyman Cranes, of Lincoln road, was married Saturday in St. Paul's on the lakeshore to Edward Tisdale Gushee, Jr.

For the rites the bride wore an ivory peau de soie gown fashioned on princesslines. The short sleeved bodice was accented at the neckline with self flowers and pearls and the bell shaped skirt with a butterfly bow at the back fell into a chapel train.

A cap of Alencon lace and peau de soie caught her fingertip veil of illusion and she carried lilies of the valley and stephanotis.

Bouffant gowns of peach silk organza were worn by maid of honor Elizabeth Moll and bridesmaids Rosene Markley, Rose Anselmo, of New Castle, Pa.; Diane Sweeney, of Glen-

view, Ill., and Mrs. Mack M. Ernster, of Hinsdale, Ill.

Their headresses were of tiny pleats and velvet leaves and they carried peach geranium buds.

Mr. Gushee asked his brother, Richard B. Gushee, to be his best man. They are the sons of Mrs. Harold S. McPherson, of Seminole avenue, and the late Edward T. Gushee.

Ushering were John W. H. Gushee, Stephen H. Gushee, of Englewood, N.J., both brothers of the bridegroom; C. Howard Crane II, the bride's brother; Peter Van Osdol, Malcolm M. Barnum, Jeremiah B. Gillette, of Birmingham, Stephen C. Miller, of Bloomfield Hills; Maj. Stephen P. Walter, of Jacksonville, Ark., and Herbert J. Louis, of Elmwood Park, Ill.

For the ceremony Mrs. Crane wore a paisley print in shades of green and lavender with a matching maline hat. Mrs. McPherson was in cornflower blue silk with a matching hat.

The newlyweds left after the reception at the Country Club for a trip to Bermuda.

Barbara Vismara Marries Mr. Reid

Pair Speak Vows Saturday in St. Ambrose Church With Reception Following at Grosse Pointe Yacht Club; Travel East and South

Barbara Vismara, daughter of the Edward Charles Vismaras, of Westchester road, was married Saturday in St. Ambrose Church to Robert Andrew Reid, son of the Andrew C. Reids, of Pear Tree lane.

For the rites the bride chose a princess gown of Italian silk designed with an empire bodice of Alencon lace trimmed with seed pearls, the Watteay train held in place by a softly tailored bow.

A crown of seed pearls caught her fingertip illusion veil and she carried Eucharis Lilies and stephanotis.

Carol Ann Reid, the bridegroom's sister, was maid of honor and the attendants were Mary Louise Vismara and Mrs. Nicholas Rudelic, both sisters of the bride.

They were gowned in ice blue chiffon trimmed with matching satin and carried

pink carnations with blue hyacinth.

John F. Vismara, the bride's brother, was best man and the ushers were Thomas M. Reid, Donald M. Reid and Patrick J. Reid, brothers of the bridegroom.

For her daughter's wedding and the reception at the Grosse Pointe Yacht Club Mrs. Vismara wore a French blue re-embroidered lace gown. Mrs. Reid was in pink French organdy.

For traveling east and south the bride wore a blue silk jacket dress and matching accessories. The pair will live in Lakeshore Village.

Center Offers Bridge Lessons

The Grosse Pointe War Memorial is offering both beginning and refresher class instruction in bridge. The two courses will begin Monday night, June 6, and Tuesday night, June 7, respectively at 8 o'clock.

Eight weeks of 2½ hour lessons are offered to both beginners and those interested in brushing up, for a total of \$8. Married couples may take either of the eight week courses for a total of \$13. Both single and couple fees represent a substantial reduction from previous years. Advance enrollment is requested by the Center and Classes will be limited.

The entire Goren System will be taught by experienced teacher Mrs. Carrie Kiley who has taught for years in the Adult Education Division of the Grosse Pointe School System, at the Downtown Y.W.C.A., Denby High School and the International Institute.

Mrs. Kiley will emphasize proper bidding, leads, signals and both general and defensive plays with her beginners on Monday nights. The Tuesday night refresher course will furnish a review of all bidding and responses. Play of the hand will be stressed including dummy reversal, squeeze and end plays, cue bids, echoes and signals.

Classes will terminate on July 25 and 26. The class which would normally meet Monday night, July 4, will be held Wednesday night, July 6.

Season Started By Musicale

The executive board of the Tuesday Musicale of Detroit met Tuesday, May 24, at 10:30 o'clock at the Institute of Musicale Arts, for the first meeting of the 1960-61 season.

Newly chosen officers of the club for the season include: Mrs. B. H. Larsson, president; Mrs. Aaron Simmons, vice-president; Miss Maxine Skelton, executive and recording secretary; Mrs. Walter Burezyk, financial secretary; Mrs. Kurt R. Keydel, treasurer. New directors are: Mrs. Auguste Blint, Mrs. Phillip R. Flanders, Mrs. Oscar Pengelly and Mrs. L. W. Donaldson.

Remaining on the board from the previous year are Mrs. C. J. Ground and Mrs. W. Gerald McCray.

At the meeting Tuesday the board commenced the arduous task of choosing the 29 standing chairmen for the year.

In the weeks that follow this executive board will complete the choice of these chairmen and the calendar of events will be worked out starting with the President's Tea on the third Tuesday of October, continuing with the 10 regular concerts and two artist concerts, the ways and means projects and ending with the annual meeting on the second Tuesday in May 1961 which officially closes the year.

Throughout 1960 Tuesday Musicale of Detroit is still celebrating its 75th anniversary year.

BARBARA RACHAEL VISMARA, daughter of the Edward Charles Vismaras, of Westchester road, was married Saturday in St. Ambrose Church to Mr. Reid, son of the Andrew C. Reids, of Pear Tree lane.

Jean Mizer Wins Award

The Future Nurse's Club Honor Award presented annually by the Women's Auxiliary to Cottage Hospital, this year has been won by Jean Mizer of 1867 Country Club drive.

Miss Mizer, a junior at Grosse Pointe High School, is the daughter of Mr. and Mrs. Donald C. Mizer. A tea honoring all members of the Future Nurse's Club held at the Nurse's Residence, 158 Ridge road, on Wednesday.

At this time the award of a check and a gold charm was formally presented by Mrs. Sidney Morgan, president of the Women's Auxiliary.

Miss Mizer has won this honor by her outstanding leadership in the Future Nurse's

Club and by her exceptional service given to Cottage Hospital as a Junior Volunteer. Her record shows over 200 hours of volunteer work at Cottage Hospital in addition to volunteer work in the clinic at Grosse Pointe High School, and serving as treasurer of the club this past year. She has also found time to hold a part time job in a local jewelry store.

During the year 1959 the 75 members of the Future Nurse's Club gave 2650 hours of service to the Cottage Hospital. After fulfilling the training requirements these student volunteers work Saturdays, holidays and during the vacation under the adult supervision of Mrs. Corrine Howard, a member of the women's auxiliary.

The club is sponsored jointly by the Grosse Pointe High School with Miss Viola Elsen, the school nurse, as faculty sponsor, and by the Women's Auxiliary to Cottage Hospital with Mrs. John Purcell, chairman of the Volunteer Guild as advisor. Meetings held bi-monthly during the school year have featured many programs on nursing and related fields as careers for girls.

Alternates, Mesdames L. R. Davis, Louis Gascoigne, Wendling Hastings, Robert Peterson, James W. Reid, R. Ranney, John Shorter, L. DeWitt Smith, John P. Thomas, E. D. Trowbridge.

Spowart-Kramer Rites To Be Read June 4

Mrs. A. Ludlow Kramer, of Princeton, N.J., announces the engagement of her daughter, Audrey Bailey, to Peter Engman Spowart, of New York, formerly of Grosse Pointe.

Miss Kramer, also the daughter of the late A. Ludlow Kramer, was graduated from Miss Fine's School, Princeton, and Wellesley College.

Mr. Spowart, son of Mrs. George W. Spowart of Grosse Pointe and New York, and the late Mr. Spowart attended the University of the South and was graduated from the University of Michigan. He is a member of Kappa Sigma Fraternity. He has served with the navy.

The wedding will take place Saturday, June 4 in the Chapel of St. George's Church in New York.

Society Names Pointe Officers

Mrs. Ames W. Howlett was re-elected to the presidency of the National Society of the Colonial Dames of America in Michigan at the annual meeting which was held on May 20 at the Pontiac home of Miss Virginia Ward.

Officers for the coming year include Mrs. William H. Ledyard, first vice-president; Mrs. Arthur Webster, second vice-president; Mrs. Hansel D. Wilson, recording secretary; Mrs. Waterman Hamilton, corresponding secretary; Mrs. William J. Scott, assistant secretary; Mrs. Ferdinand Cinelli, treasurer, assisted by Mrs. Charles F. Dodenhoff; Mrs. Aagesen, registrar, and Miss Hope Whitten, historian.

Mrs. Cleveland Thurber, Jr. will head the Historic Activities Committee. Mrs. W. Bruce Howard will be chairman of Patriotic Service. Mrs. J. Vernon Davis will be in charge of entertainment. Mrs. Paul L. Penfield will be program chairman, and Miss Virginia Ward will edit the Newsletter.

Major projects which were reported at the meeting include a fellowship given to a graduate student in American history at Wayne State University and a grant which will enable the Archives of American Art to begin a photographic survey of Colonial portraits painted before 1700.

CAUGHT WITH THE GOODS

Two local teenagers were caught taking hub caps off a car parked in the Bon Secours Hospital parking lot the night of May 21, by City police officers. The car belonged to Godfrey deC. Chevalier of 411 Notre Dame avenue.

Church Guild To Have Tea

Mrs. Elton F. MacDonald will open her Windmill Pointe home Thursday, June 2, for a tea, sponsored by the Women's Guild of Jefferson Avenue Presbyterian Church.

Invitations were sent out by Mrs. Charles L. Jacobson and designed by Mrs. Jerome M. Seaton.

Donations will be received to supplement the Women's Guild's year-around support of the National Boards of Missions of United Presbyterian Church, U.S.A.

Of particular interest will be a collection of antique dolls which will be exhibited by Mrs. C. Lawrence Billings. In addition, Mrs. Melvin S. Huffaker will display a collection of modern dolls.

Mrs. Edwin H. Bower heads the committee presenting the tea and is assisted by Mrs. Russell G. Marr and Mrs. Harry L. Hauschild.

Assisting Mrs. MacDonald as hostesses are Mrs. Allan A. Zaun, wife of the pastor of Jefferson Avenue church, Mrs. L. James Keller, president of the Guild, Mrs. Harold M. McCracken, immediate past president, Mrs. Francis L. McCormick and Mrs. Harry A. Friesma.

Mrs. Alfred G. Taylor and Mrs. Robert A. Bunce will preside at the tea table beginning at one o'clock. Others who will pour until three o'clock are Mrs. Clarence H. Batchelor, Mrs. William J. Nixon, Mrs. Paul D. Aird and Mrs. John O. MacFarlane.

Gismo Gala

The annual Gismo gala at the Little Club will take place Saturday. About 100 sailors gather from around the lakes to mark the beginning of the sailing season.

Mr. and Mrs. John Detwiler will have a dinner Friday evening at their Pemberton road home for the out of town guests. The Detwilers expect the William Moonans, of Shaker Heights, O., as their guests for the weekend.

Working on the Saturday night Gismo dinner dance with Mrs. Detwiler is Mrs. Wilfred Gmeiner, whose husband is also a famed sailor.

Queen's Birthday

Sir James and Lady Easton have just bid good-bye to Air Commodore F. M. Milligan, OBE, AFC, air attache at the British Embassy in Washington, and Mrs. Milligan who were here for last week's Armed Forces Week festivities.

Now they are preparing for the Queen's birthday party on June 9 in their Lakeland avenue home. After that there will be a quick trip to New York for the opening of the British Exhibition and then back to the Pointe. When they pack their bags again it will be for the long leave home to London, and they won't be back here until October.

Artists Market Show

The gardens of Mrs. Wendell W. Anderson, of Vendome road, will be the setting for the annual garden show and sale of the Detroit Artists Market June 7 from 2 until 6 o'clock.

If it rains the sale will be held the next day no matter what the weather delivers. Mrs. Joseph L. Whelan is chairman of the Artists Market board of directors which includes Mrs. Lem W. Bowen, Mrs. Ferdinand Cinelli, Mrs. Gaylord W. Gillis, Jr., Mrs. John McNaughton, Mrs. Wendell W. Anderson, Jr., Mrs. Richard H. Webber and Mrs. Allan Shelden.

Miss Farnum To Be Married

Dr. and Mrs. Larry M. Farnum, Jr., of St. Paul avenue, announce the engagement of their daughter, Jane, to Denis Burkhard Kearney of Los Angeles, son of Mr. and Mrs. D. Bernard Kearney of New York.

Miss Farnum is a graduate of St. Paul's school, and attended St. Vincent's College of Nursing, Los Angeles. Mr. Kearney is a senior at Loyola University, Los Angeles, and is a member of Alpha Gamma Delta fraternity.

The wedding will take place August 20 at St. Paul church.

Young Adults Holding Dance

The young single adults of the Grosse Pointe War Memorial's Center Club will end their season of activities at 32 Lake Shore Road with a dance on Friday night, June 3rd from 9 to 12 p.m.

Bill Kneely's orchestra which has played for most of the Center club functions this year will again provide the music for the evening. Weather permitting, refreshments will be served out under the Center's pergola by the illuminated formal garden and overlooking the lake.

Floral decorations will be used throughout the Center's main floor and also on the terrace. Summer clothes will be in order and all the Center's french doors will be open to the breezes from Lake St. Clair.

President Dick Gale with committee members Jean Cudlip, George Malcolmson, Dorothy DeYoung, Mary Haekenberger, and Bob Stebbins will be on hand to greet all Grosse Pointe's and their guests. A special warm welcome will be extended to all Grosse Pointe teachers many of whom will soon be leaving the Pointe to return to their homes, campuses for advanced study or to travel.

Alpha Delta Pi Grads Elect New Officers

At a recent meeting of the organized East Side Alumnae Association of Alpha Delta Pi Sorority, the following were elected officers for the coming year: president, Mrs. Charles Menagh; vice-president, Mrs. Richard Rosin; recording secretary, Mrs. John Florentino; corresponding secretary, Mrs. David Ellis; treasurer, Mrs. Lee Schigoda; ways and means and social, Mrs. O. Toll; and Panhellenic representative, Mrs. Louis Martek.

Any alumnae who have recently moved into the area and have not been contacted by the group are urged to call Mrs. Menagh at TU, 4-7464 for added information.

The last meeting before fall programming was held Wednesday evening, May 25, at 8 o'clock at the River House apartment of Mrs. Vera Pfeiffer.

Verhelle-McCormick Vows Solemnized

Pair Wed Saturday in St. Clare of Montefalco Church with Reception Following at the University Club; Will Live in Balfour Road After Trip

Angela Mary McCormick, daughter of Mrs. Dougal McCormick, of Balfour road, and the late Mr. McCormick, was married Saturday in St. Clare of Montefalco Church to William H. Verhelle.

For the white nuptials she chose a white peau de soie gown fashioned with a sabrina neckline and a skirt with side and back fullness accented with Alencon lace.

A matching headdress of lace caught her tiered illusion veil and she carried white orchids and stephanotis.

The bride's sister, Mrs. Joseph G. Wiese, was matron of honor in white embroidered organza over taffeta and a headpiece of lavender whimsy with velvet streamers. She carried a cascade of lavender and white carnations.

The attendants, dressed like the matron of honor, were Mrs. Joseph A. Kristufek, sister of the bridegroom; Annette S. Simard and Margaret McCoskey.

Robert E. Verhelle was best man for his brother. They are the sons of the Joseph H. Verhelles, of Berkshire road.

Ushering were James Stapleton and John J. McCallum.

Mrs. McCormick greeted guests at the University Club in a beige chiffon dress with pink accessories. Mrs. Verhelle was in navy blue with pink accessories.

After a wedding trip the newlyweds will live in Balfour road.

College Women Name Officers

Over \$12,000 in scholarship funds for Michigan girls was made available to the Detroit Committee for Seven Eastern Womens Colleges by the sale of tickets for Vice President Richard M. Nixon's appearance at the Ford Auditorium last February 15.

The report of the past year's program was a highlight of the annual meeting and tea of the Seven College group May 18 at Mrs. Frank W. Donovan's East Jefferson avenue home.

Alumnae of Barnard, Bryn Mawr, Mt. Holyoke, Radcliffe, Smith, Vassar and Wellesley learned from General Chairman Mrs. Wilber M. Brucker, Jr., of Merriweather road, that tickets for Mr. Nixon's non-partisan speech on international affairs were sold out weeks before the event.

The lecture project, which was followed by a luncheon for the committee and patronesses in honor of Mrs. Nixon, was the most successful in the Committee's 32 year history.

1960-61 officers elected during the business meeting are: Mrs. Leonard J. Grabow, general chairman; Mrs. Wilber M. Brucker, Jr. and Mrs. John S. Judd, vice chairmen; Mrs. Leonard Horton, corresponding secretary; Mrs. Walter Ruddy, recording secretary; Mrs. Walter A. Crow of Berkshire road, treasurer; Mrs. Alan Irwin, college information day chairman; and Mrs. John B. Guba of Lincoln road, ticket chairman.

Appointed as committee chairmen are: Mrs. Ford Balandyne, Jr., of Touraine road, patronesses; Mrs. Michael Davis, publicity; Mrs. Richard Armstrong, public relations; Mrs. Parbury Schmidt, special events; Mrs. Gordon S. White and Mrs. George J. Wilson of Lothrop road, program and advertising; Mrs. E. Osborne Coates, Jr. of Hillcrest road; Mrs. Wilfrid C. McLaughlin of Bishop road and Mrs. David Lynn, past general chairmen of the women alumnae group, will serve as an advisory committee.

Mrs. George Hilfinger of Smith and Mrs. Leonard J. Grabow of Radcliffe reviewed the various fund-raising activities which the Seven College Committee has held annually since 1938 and which have included the theater benefits, children's matinees and lectures by nationally known speakers, among them Henry Cabot Lodge, Jr., Edward R. Murrow, and Dr. Werner von Braun. Chairmen of these past projects still residing in the Detroit area were introduced and honored during the program.

A major function of the Committee is to provide information about the seven eastern colleges to high school girls, counselors and principals in Southeastern Michigan. Mrs. Alan Irwin of Wellesley, chairman of College Information Day, reported that over 200 students and educators in the Detroit area heard the talk by Mrs. Hollace G. Roberts, regional chairman of the Board Entrance Examination College, which was sponsored by the Committee in mid-January at the Women's City Club.

Presidents of the alumnae clubs, who further make up the Committee, residing in the

Engaged

Mr. and Mrs. Merlin A. Cudlip, of Lakeshore road, announce the engagement of their daughter, **JULIE ELIZABETH**, to David Sala Summers, son of Mrs. O. S. Summers, of Wilmington, Del., and the late Mr. Summers.

The bride-elect was graduated from the Grosse Pointe University School and attended Smith College and the University of Geneva, Switzerland. She made her debut at a ball in December, 1956 and is a member of Tau Beta Association.

Mr. Summers is an alumnus of Lawrenceville School and Princeton University, where he was a member of the Ivy Club. After military service he completed his studies at Wharton Graduate School of Finance and Commerce.

They plan an October wedding.

FARMS PAYS BILL

On recommendation of City Engineer Murray M. Smith, the Farms council on Monday, May 23, approved payment of \$1,787.98 to Floris DeMeulenaere, whose firm completed repair work on catch basins at various locations in the city.

Grosse Pointe area are: Mrs. Perry TeWalt of Lincoln road, Smith; Mrs. John J. Bradley, Jr. of Moross road, Vassar; Mrs. William P. Harris of Grosse Ile, Bryn Mawr; Mrs. George Detwiler of Kenwood Court, Wellesley.

Mrs. Brucker was applauded by the assembled alumnae guests for the outstanding success of the February project, the proceeds from which will enable many Michigan girls to attend the eastern colleges on Scholarships.

St. Jude Circle Sponsors Show

St. Jude Circle of Our Lady Star of the Sea Parish will host a Fashion Show and Bridge Luncheon at the Grosse Pointe Yacht Club on Thursday, June 2 at 12:30 p.m.

This glamorous party will have a royal theme, "A London Bridge" and feature a last-word showing of furs.

The circle extends a royal invitation to spend an afternoon midst old world charm and elegance.

Mrs. James Babcock is in charge and her chairmen are: Mrs. Matthew Fontana, Mrs. Raymond Robinson, Mrs. Clyde Easterbrook and Mrs. Edmund Major, prizes; Mrs. Gerald Jordan, decorations; Mrs. William Yott and Mrs. Marion Thompson, fashion arrangements; Mrs. Clarence Totte and Mrs. John Joseph, reception; Mrs. Urban MacDonald, fashion commentator.

Psychiatrist Talks to AAUW

Clear cut proposals for action to provide better psychiatric service for children and their families were made to members of the Grosse Pointe branch, A.A.U.W., in an address by Dr. James H. Graves, psychiatrist, at their annual luncheon at the Grosse Pointe Hunt Club on May 19.

"I am convinced that the public program depends directly on citizen interest and that we, in fact, get precisely that level of service we consider essential — no more, and no better," the speaker emphasized.

Dr. Graves, a Grosse Pointe resident, who is Clinical Director of the Division of Psychiatry at Receiving Hospital and State Commissioner of Mental Health, along with other high posts, recently was a delegate to the White House Conference on Children and Youth. His chosen topic for the A.A.U.W. talk was "Implications of the Conference on Michigan."

Mrs. George Hilfinger of Smith and Mrs. Leonard J. Grabow of Radcliffe reviewed the various fund-raising activities which the Seven College Committee has held annually since 1938 and which have included the theater benefits, children's matinees and lectures by nationally known speakers, among them Henry Cabot Lodge, Jr., Edward R. Murrow, and Dr. Werner von Braun. Chairmen of these past projects still residing in the Detroit area were introduced and honored during the program.

A major function of the Committee is to provide information about the seven eastern colleges to high school girls, counselors and principals in Southeastern Michigan. Mrs. Alan Irwin of Wellesley, chairman of College Information Day, reported that over 200 students and educators in the Detroit area heard the talk by Mrs. Hollace G. Roberts, regional chairman of the Board Entrance Examination College, which was sponsored by the Committee in mid-January at the Women's City Club.

Chet's Tours to Show 100 More Glories of America

Just 20 years ago, seven Grosse Pointe boys were busy making final plans for a camping tour of the West that would take them through most of the major national parks and points of interest.

They were members of Chet Sampson's Grosse Pointe High School Boy Scout troop, and without realizing it, they were setting the stage for thousands of other young men and women who would follow them on the same tours.

Now, 20 years later, more than 100 other Grosse Pointe boys and girls are eagerly looking forward to the two Western tours offered this year. They still travel in station wagons, sleep out in sleeping bags each night (except for Hollywood), eat most of their meals from a mobile kitchen, especially designed for the tours, and complete with ice boxes, ovens, and portable work tables.

Though the same techniques and itinerary are followed today, some changes creep into the tours each year, as new and more exciting activities become available.

The major movie studios of Hollywood still open their doors to the groups and send them on tours with movie and TV personalities as their guides: Don Murray, Will Hutchins, Bob Conrad, Roger Smith, or George Nader. Stars still invite them to their homes for visits, or accept invitations of the groups to join them for dinner, as have Debbie Reynolds, Tony Perkins, Jeff Hunter, Millie Perkins, and many more.

They still appear on Art Linkletter's "House Party," and their friends will be eagerly scanning their TV sets on July 5 and August 16 this year, when the groups will be honored guests.

The great emphasis on the trips is on the national parks, and headlining the parks this year will be the Tetons in Wyoming. The four days spent there are packed full of exciting new experiences. For the first time last year, the group was given the opportunity to study mountain climbing techniques under the watchful eye of the park rangers.

This year, a rubber raft trip down the Snake River will be offered for the first time. For the more timid, there are always riding or hiking along the many trails which lead up into the mountains or along the beautiful lakes at the foot of the "Tetons." Just a short hike into the mountains places one on a glacier, where sliding down snow-covered peaks is an unusual summer thrill.

The groups have always prided themselves on their climbing prowess, with "Half Dome" in Yosemite one of the most challenging climbs. Sixteen miles of trail, leading almost one mile above the valley floor, present beautiful views of waterfalls, valleys, and the high Sierra ranges.

Zion National Park, in southern Utah, has another trail that is a popular one. It leads between 1,000-foot high cliffs, which sometimes are so close one can touch both sides. Even waterfalls over the trail pose no problems to the intrepid

hikers. Just three short days after leaving Grosse Pointe, the group is having a steak fry alongside the roaring Thompson River in Estes Park, at the foot of the Rocky Mountains, and singing Western songs in a setting that fits the words. One night later, they are spending the night at a real working ranch in Colorado Springs, the Flying W Ranch. An authentic chuckwagon dinner and Western entertainment are provided them while there.

Exploring ancient Indian cliff dwellings in Colorado, shopping for Indian jewelry on a Navajo Indian Reservation, driving 12,000 feet above sea level, visiting old Western ghost towns which were the sites of famous gun battles, watching a sunset over the Grand Canyon, swimming in the surf at Laguna Beach, browsing through Disneyland, floating in the Great Salt Lake, exploring Chinatown in San Francisco, and visiting Las Vegas's famous hotels and shows, are among the many other activities the tours offer.

Bill Winkler, a graduate of and former coach at Grosse Pointe High School is directing the tours. He is presently assistant professor of physical education and the swimming coach at Oregon State. Other staff members are specialists in the fields of recreation and physical education. Each year, an attempt is made to include one foreign staff member, and this year's is a Fulbright scholar at Cornell, from Germany.

The first group, for girls only, will leave on June 20, with a second, a mixed tour, leaving on July 30. The girls and boys are all teen-agers, from the ninth to twelfth grades.

Announce Exams For Academies

Representative Louis C. Rabaut (D. Mich.) announced that a preliminary Civil Service examination will be given in Detroit on Monday, July 11, 1960 for young men residing in the 14th Congressional District of Michigan who wish to be considered for an appointment to the United States Military, Air Force or Merchant Marine Academies, for the class entering in July of 1961.

"Applicants must have resided in the 14th District for two years prior to the time of the examination and they must be at least 17 and not more than 22 years of age as of July 1, 1961."

Congressman Rabaut advised that all his nominations to the Service Academies would be made strictly in accordance with the grades received in the preliminary examination. For young men who will not be in Detroit on July 11, arrangements can be made to schedule the examination at another location.

Applicants are invited to write to Congressman Rabaut at 1232 House Office Building, Washington, D.C., not later than June 7 requesting information regarding eligibility for admission to the Academies, preliminary physical examinations and sample question sheets.

"This is an outstanding opportunity for ambitious young men to serve as career officers in one of the Services, and the education offered by the Military, Merchant Marine and Air Force Academies is regarded as the finest available. I urge the youth of the 14th District to take advantage of this opportunity."

G. P. U. S. News

John Pingel, who will be heading the publicity phases of the annual Grosse Pointe University School carnival on June 4 this year, presided at an Upper School assembly recently in behalf of the Parents' Association in order to present awards to the students whose posters for the carnival had been judged the best.

The winners received tickets for use at the big outdoor event in varying amounts depending on the place they achieved. The first place poster is duplicated also and will be placed in store windows throughout the Pointe and adjacent areas.

Winners were the following: 1st — Ned Skae; 2nd — Carole Kincaid; 3rd — Susan Lenz; 4th — Lois Waterman; Honorable Mention — Jeff Whitehead; Sallie Waterman; Cathie Barnes; Leslie Rein.

At the same assembly John Chandler, Jr., G.P.U.S. headmaster, presented an award to Susan Sadler for achievement in the Scholastic Art Awards contest.

Honorable mention awards for the Michigan Cancer Foundation poster contest went to Melinda Walker and Quinnie Hallutt.

In the safety poster contest Cathie Barnes was first and received a trophy. Honorable mention awards went to Anne Holley, Toni Slotkin, and Marilyn MacFarlane.

The G.P.U.S. Helicon Society, directed by Mrs. Kay Welcembach of the English department, is a cultural activity of the school in which outstanding students of the 11th and 12th grade take part. The society's spring meeting was at the home of Cynthia Beaman, of the 11th grade, and included supper. The speaker was Robert Vaillancourt, of the G.P.U.S. Art Department, whose topic was "Modern Art."

Faculty members present were, besides Mrs. Welcembach and speaker Vaillancourt, Miss Elizabeth Ferguson and former G.P.U.S. physician Dr. Hugh Stalker. Students who attended were Chip Munger, Irving Smoker, George Lott, Bob Love, George Boller, Bernd Gaus, John Fisher, Peter Monroe, Peter Grossi, Sarah Strother, Kathy Tan, Joann Wolfe, Cynthia Beaman, Paula Waterman, Darcy Chandler, Jean Templeton, Elizabeth Leach and Harrop Miller.

G.P.U.S.' almost unblemished record for good weather for most of its major outdoor events in recent years was finally broken last Saturday by an overcast and occasionally rainy day which caused the cancellation of the G.P.U.S. Day activities and the postponement until Wednesday afternoon, May 25, of the May Day, with its crowning of the May queen.

Man Accused of Molesting

Julio Caprini, 72, of 5100 Farmbrook, Detroit, was arrested by Park police on Sunday, May 22, and turned over to Detroit authorities for investigation of molesting a minor female.

Cpl. Gordon Duncan and Patrolman Collin LeLonde made the arrest on complaint of a 12-year-old Detroit boy who followed Caprini to Bedford and Jefferson, and pointed out the man to the officers.

The boy told Duncan and LeLonde that Caprini molested his five-year-old sister in Baldec Park, Detroit, about a week ago, and Sunday, the man was seen at the park again by his sister, who ran home to tell her parents.

The brother said he followed Caprini to Bedford and Jefferson. He hailed the Park officers in their police car.

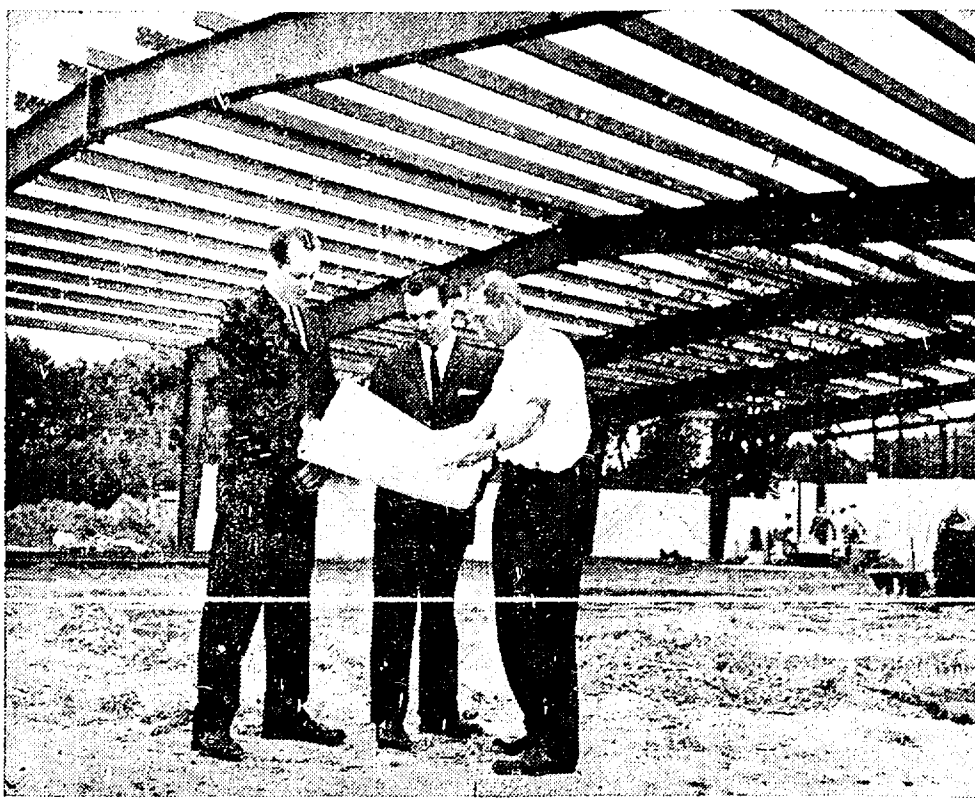

At the Park station, Caprini admitted being in the park at the time, but denied the molesting charge.

The girl arrived at the station with her mother, and identified Caprini as her molester. Detroit detectives of McLellan Station, Fifth Precinct, are investigating the case.

Library Friends Hear Russell

Prof. Dean Russell of Rockford College spoke to the Friends of the Grosse Pointe Public Library last Friday night on "Books — Differences of Opinion and Freedom of Speech."

More than 100 members turned out for this dinner meeting which marked the closing of the 14th year for the Friends. The meeting was presided over by Joseph N. Jennings, president.

Professor Russell discussed many of the pressing issues of the day, based on his rich background, and on his teaching experience.

President Jennings honored the retiring directors, Mrs. Lloyd G. Hooker, Dr. Alfred H. Whittaker, and Paul Jerome. He paid special tribute to Mrs. Hooker who was founder and first president of the Friends, and to Dr. Whittaker, who has also served as a director for 14 years.

Directors elected for the coming three years were: Mrs. Arnold Lungerhausen, Mrs. Melitta E. Roemer, Lee Crooks, Dr. Erville Maynard and Ernest Whitney.

At the organization meeting of the new board of directors, President Jennings was re-elected, as were Herbert I. Lord and Palmer Keenan, vice-presidents; Miss Melitta E. Roemer, corresponding secretary; and Mrs. Anne MacDonald, recording secretary.

Blue Devil Track Team Takes BCL Championship

The Grosse Pointe Blue Devil track team locked up the Border Cities League championship in rousing rousing fashion last Thursday, May 19, when it walloped Highland Park 90 1/2 to 18 1/2 on the Parkers home cinder path.

Coach Howard MacAdams charges showed no mercy to the Polar Bears, who won only one of the 13 events. The Devils set five track records while piling up a near perfect score. Mike "Mighty Mouse" Towson and Terrance "Steamboat" Donovan paced the record-smashing carnival. Towson cracked the broad jump mark with a leap of 20-feet 10 1/2 inches and Donovan smashed the 220 standard with a blazing 23.4.

Towson and Donovan ran on the 880 relay team with Holmes Brown and Ron Harper that posted a new mark of 1:34.4. All four boys were running in their last meet. Holmes Brown shared two marks as a member of the two winning relay teams. He along with his brother Hamilton, Brian Mumaw and Bob Sherwood lowered the medley relay mark to 2:35.1. Grant Kurtz climaxed the record breaking with a 53.5 in the 440 run.

Parkers Win Shot Put

Highland Park's only first place came in the shot put event which was won by Nicholas with a toss of 47 feet 5 1/2 inches.

The victory was the most lopsided ever scored by a Blue Devil track team and gave the Pointers their sixth track title in 9 years, three of them outright. It also gave Grosse Pointe its fourth championship of the 1959-60 school year. Coach Ed Werner's football team started with a title last fall.

Coach John Thurb's basketball team shared the crown with Highland Park and Coach Paul Wheeler's swimming team took the league laurels and went on to win the State Class A championship. Currently, Coach Don Zysk's tennis team is leading the league and is a top heavy favorite to win or share the crown and Coach Werner's baseball team is tied for first place. If the tennis and baseball team can come through it would mark the first time in the history of the Border Cities League that one school had won all six major sport championships.

Prior to the track team's final victory it engaged in the first triangular meet in memory at Grosse Pointe High. And it was a good one. Coach Howard MacAdams figured his champions would finish third but they surprised him by taking second behind Pontiac Central, 1959 State champions, and were followed by Redford, 1960 Metropolitan champions.

Break Three Records

Despite all this talent, only three track records went by the board. Bradlett Pritchard of Pontiac zoomed the 12-pound iron shot 58 feet 11 inches to crack the old mark of 50 feet 10 1/2 inches set in 1934 by Allan of Fordson. The other two new marks came in the track events. Lee Prentiss of Pontiac broke Grosse Pointe's late Jim Reindel's 1951 record of 20.4 with a blazing 20.2 in the 180-yard low hurdles. Bill Stewart of Redford erased Remington Purdy's 580 record of 2:02.4 with a 2:02.0.

The best event of the meet was the 440 run which turned

into a dash as Maurice Johnson of Pontiac and Bill Peppo of Redford hit the tape in a dead heat and Hamilton Brown of Grosse Pointe edged into a dead heat for third place, after being bumped on the home turn, with Pontiac's Van La Vore. Actually, Brown should have been given third place because of the foul but head judge Dave Beauvais ruled against this because no judges were assigned to the turns prior to the start of the race. It took the six judges nearly ten minutes of deliberation before the first and third place ties were announced.

Pontiac, which went on to win the 1960 State Class A championship, Saturday, May 21, at East Lansing, scored 71 points with Grosse Pointe annexing a surprising 41 and Bedford brought up the rear with 25 points.

It was truly a meet of champions.

Babe Ruth League

WOODS - SHORES

It was a brand new season in the Babe Ruth League of Grosse Pointe Woods-Shores, but the same old teams were on the winning side when the opening day of play was completed last Sunday at the Grosse Pointe University School diamonds. The defending champions, the St. Louis Cardinals, got off to a winning start and their quest for a third straight title by defeating the Milwaukee Braves, 5-3. The American champions, the Detroit Tigers, made a successful debut against the Boston Red Sox, 11-8.

National League

George Foster's St. Louis Cardinals scored four runs in the first inning and never were behind as the Cardinals edged the Braves 5-3 in a contest played in a steady drizzle. Gary Spade pitched well for the Braves and seemed to get stronger each inning. He allowed four hits. Jack Whitney was the winning Cardinal pitcher; his 13th victory against no losses in two years of competition. He kept four hits well scattered, but his control was not as sharp as last season when he pitched two no-hitters to wind up the season. When they have had more work, both of the day was the battle that the Cincinnati Redlegs gave the Philadelphia Phillies before submitting 3-2. Jim Meyers gave up only four hits to the Phillies, while the Redlegs collected seven hits off Roger Coyo, the winning pitcher. On the basis of this performance, Redleg manager "Gravel Voice" Marone figures to have the most improved team in the National League.

The New York Giants received a good pitching performance from Paul DeGriek as they defeated the Los Angeles Dodgers, 8-2. DeGriek allowed the Dodgers only three hits, while his Giant teammates were collecting ten from the offerings of Johnny Gates. Leading hitters were Gary Filupait and Doug Winkworth.

American League

The Boston Red Sox knocked the starting pitcher for the Detroit Tigers, Gary Shrilla, out of the box in the very first inning. However, they scored only two runs after Greg Sanders came in and put out the fire. The final score was 11-8 for the Tigers in a long, dull 3-hour contest that saw more than twenty walks. Sanders was the winning pitcher with John Gilmour charged with the Red Sox losses. One of the game's highlights was a tremendous running catch by center fielder Johnny Allan that nipped a Boston rally.

The Washington Senators were the sharpest looking American League team as they defeated the Cleveland Indians, 4-2. Marsh Moser limited the Indians to five hits, while the Senators got ten hits from the slants of Scott Ranney. A fielding gem was turned in by each team. Archie Grieve for the Senators fumbled a line drive but still managed to get a double play. Bob Grycan made an unassisted double play for the Indians.

The most brilliant pitching performance of the day was turned in by the White Sox' Charlie Renny who held the Yankees to two hits and struck out seventeen as the Sox defeated the Yanks, 4-1. Renny is a former star hurler from Little League who, in two seasons of Babe Ruth play, has never really hit his stride. Now 15, Renny may be on his way to making the tail-end White Sox into a team of contenders. The win was particularly gratifying to one of the new managers in the league, Stan Loeffler. The losing hurler, who also pitched well, was Dave Mann.

Continental League

In the Continental League Tom Pettit led the San Antonio team to a 16-2 victory over Houston with his big bat. One of his hits was good for three bases. Bob Adams was the winning hurler, limiting Houston to three hits. Bob Squire was the losing hurler for Houston.

Don Drysdale was both a hitting and pitching star as he led his Dallas team to a 21 to 5 win over Beaumont. As the winning pitcher he struck out 14; then he helped his own cause with three solid hits.

PARK, CITY, FARMS

The Babe Ruth League of Grosse Pointe, denied a grand opening by inclement weather May 14, had managed to stage eleven contests of record by last Monday, May 16. Three clubs avoided defeat and are atop their leagues in the still young season of the Park, City, Farms circuit.

In the American League the Yankees and Red Sox lead the way with two wins and no defeats. The Giants have an identical record in the National League while the Dodgers have won the only contest they have played.

The Giants, last year's league champs, took the measure of the Phillies with a late inning outburst 10-3. Mike Kingsley

LITTLE LEAGUE

FARMS

Favored by ideal weather, Grosse Pointe Farms' Little League successfully opened its 8th season on Saturday, May 21. The parade of players, guest dignitaries, and League officials were escorted down Kerby road to Kerby field by Farms' police and a Marine Corps Color Guard.

The 20 Major and Minor League teams and mothers and dads witnessed the flag raising ceremony. Vice-president of the Board of Little League George Brooks was in charge of the Opening Day festivities. President Arthur Watts complimented the sponsors of the Major League teams, who contribute financially, without trying to influence the running of the teams. City officials Mayor Connolly, City Manager Sid DeBoer, and Councilman William Kirby were introduced and appreciation expressed to them for the excellent condition of the playing fields.

Mr. Watts then presented Bill DeWitt, President and General Manager of the Detroit Tigers, and welcomed him as a new resident to the Pointe.

Bill DeWitt congratulated the boys on their uniforms, and reminded them of their good fortune in being able to play organized baseball under such favorable conditions.

Mayor Connolly threw two perfect strikes to Mr. DeBoer, and the umpires called "Play Ball".

In the opening game of the American League the Red Sox took the measure of the Tigers, 9-7. While both pitchers worked well, the defense suffered Opening Day jitters. Winning pitcher was R. Jablonski. The nightcap was a well played game that ended in a victory for the Yankees over the Indians, 8-0. Bobby Veit was winning pitcher.

The National League opened its season at the High School field. The game between the Giants and the Reds was a thrilling overtime contest, ending in the 8th, Giants winning, 4-3. Crompton pitched no-hit ball in regulation time and was relieved by Trefzer.

The nightcap was won with ease by the Pirates over the Phillies by a score of 7-1. Porter was the winning pitcher.

GROSSE POINTE CITY

The Grosse Pointe City Little League's 1960 season opened Saturday afternoon with a double header. The usual opening day parade and pre-game ceremonies were held under sunny skies and favorable temperatures in sharp contrast to last year's rain and cold.

In the first game the Cardinals met and were defeated by the Dodgers 5-3 in a fine pitching performance by John McMillin, who allowed only four hits, walked no one and struck out 10. McMillin helped his own cause with a double, the only extra base hit of the ball game, and he also scored a run.

Roger Bohn and Todd Pike split the pitching chores for the Cardinals and also allowed

only four hits, but the seven batsmen they allowed to reach base on walks proved to be the difference in the game.

Dodgers 5 runs, 4 hits, 9 bases on balls.
Cardinals 3 runs, 4 hits, 0 bases on balls.

In the second ball game bases on balls were once again the deciding factor as the Cubs defeated the Braves 6-3.

In pitching the entire game for the Cubs Larry Kennedy allowed five hits and only two walks while Ralph Brennecke, who also went the distance for the Braves, yielded only two hits but was tapped for 10 bases on balls.

Cubs 6 runs, 2 hits.
Braves 3 runs, 5 hits.
Strikeouts: Kennedy 5, Brennecke 10.

PARK

The Orioles and the Dodgers stood at the tops of their respective leagues at the end of the first full week's play in the Grosse Pointe Park Little League—right where they were at the end of the first week of the 1959 season.

But it took two late week upsets, in which the Indians and Cardinals stamped themselves as teams to be watched, to keep the two leading teams from being tied by the White Sox and the Giants.

Nine home runs, including three by Bill Blakeslee and two by Dane Foucher, powered the Dodgers to their three victories—a 4 to 3 extra inning victory over the Cardinals, a 24 to 6 rout of the Red Legs and a 23 to 3 win over the Pirates.

Single homers were contributed to the Dodge cause by Richard and George Conlan, Mike VanDeGiste and David McCollum, while Jack Louisell had a four-base wallop for the Pirates.

In contrast to the Dodger display of power, the Orioles moved into first place as a result of one-run victories in two of their three games.

A six-run Oriole rally, capped by a homer by Paul Fitzsimons, produced a 7 to 6 win over the Athletics, and the Orioles led bested the Indians, 7 to 0, and edged the Yankees, 2 to 1, in a contest in which each team was limited to one hit.

Despite almost impossible weather conditions in the first week, all but one of the 18 scheduled major league games was played.

The Giants claimed second place in the National League by defeating the Red Legs 7 to 4 and the Pirates 24 to 0 before being upset by the surprising Cardinals, 20 to 3. Shortstop Tim Mourad contributed an unassisted double play to the Cardinal victory.

The Cardinals dropped a close 2 to 0 decision to the Braves, who then lost a 4 to 3 game to the Red Legs.

By Fred Runnells

The forty-fifth annual Detroit Yacht Club Memorial Day regatta will officially open the 1960 Detroit River Yachting Association season. As has been the clubs practice for the past few years this regatta will be in honor of one of the old members. This year it is Sam Wilson.

The warning gun will be fired at 10:30 p.m. and the big Cruising A boats will take the first start at 10:40 p.m. The other nineteen classes will follow at five minute intervals.

Something new has been added that all skippers should note in their program. It is titled "INTERRUPTED RACES" and enables the judges to cancel one class without canceling those that follow in the program. If Code numeral pennant "1" (white with red ball) is flown it means the class that is about to start is canceled. This pennant will be lowered thirty seconds before the starting signal of the next class. If Code flag "G" (alternate blue and yellow vertical stripes) is displayed, all races, except those in progress, are canceled for the day. Code flag "O" (Red and yellow triangles) indicates all races, except those in progress, are postponed until later in the day. This signal will be lowered thirty seconds before the new warning signal. Code flag "N" (blue and white checkered) all races are canceled. These signals will be accompanied by two guns or whistles from the judges boat.

The Memorial Day race will be the first of five which will be used in the scoring for the perpetual Milton O. Cross trophy which will be awarded following the DYC's Sweepstakes regatta, September 10, which will be the last of the five races to count. The others are Bay-view Yacht Club, Detroit Boat Club and Crescent Sall Yacht Club regattas. The winner of the trophy is regarded as the "champion sailor" of the DRYA. Privateer skipper Sid Marsh won it last year. Henry Burkard was the first winner in 1958 and again in 1958. In 1957 Nubby Sarns was the champ.

The Thistle Class held its annual Spring Shakedown series off Crescent Sall Y.C., Sunday, May 22. Herb Mainwaring was the winner over the eight boat fleet with two firsts and a second in the three races series. Dbug Wake was second, Jerry Jenkins, National Penguin champion, was third and Ship Boston was fourth. The Thistlers score their races differently than most classes. They award the title to the skipper who scores the least number of

points. The winner of a race gets only three quarters of a point instead of a point for every boat he beats plus a quarter bonus point. Mainwaring's total was 3 1/2 and second place Wake had 9 points.

The annual Spring Gismo party will take place Saturday, May 28, at the Grosse Pointe (Little) Club under the able guidance of Root 'N Toot Gmeiner who originated it 19 years ago. It's considered the official opening of the social season for the sailors.

The Detroit Raven Class held its annual Spring series off Grosse Pointe Yacht Club Saturday and Sunday, May 21-22, in a rousing sou'wester which forced two of the eight boat fleet out of action in the first race which was won by Carter Sales' "Sea Sails IX". Carter captured the series when he took the final race on Sunday after A1 Bortolotti, last year's winner, disqualified himself after he locked spars with Sales at the start of the final race. No damage was suffered by either boat. At the time of the incident Bortolotti held a one point lead over Sales. Second place went to Roy Barber, Bortolotti took third and Pete Kremlick was fourth. Bob Kerr, who was forced out of the first race won the last race with his son and daughter as crew.

You'll never believe it but it is true — there are parking meters on the boat wells and docks at the Metropolitan Beach. It is believed these are the first to be used in the nation. The meters will take up to 48 quarters which will enable a boatman to use the well for the maximum time limit of 48 hours. There will be an enforcement officer patrolling the docks to catch overtime parkers.

A sharp pencil and a little time figures out that if the 60 wells are used to maximum from between Memorial Day and Labor Day (a total of 122 days) each well will earn \$732.00 or \$43,920 for the 60 wells. Whether it is legal or not it is not yet certain. The Metropolitan Beach area is listed as a harbor of refuge but not under the Federal Bill #446 which listed fifteen harbors which makes up the marine highway around the Michigan shoreline.

The entire boat facilities at the Beach were financed by the Huron-Clinton Metropolitan Authority at a cost of \$185,000. 33,000 boaters used the marina and free launching ramps last year according to Beach manager James Pompo.

White Sox had a 9 to 2 victory over the Yankees and a 10 to 6 win over the Athletics before the Indians spoiled their record with a 7 to 4 loss, in which Paul Schwikert homered for the winners.

The Senators also had a 2 and 1 record for the week with a 10 to 4 decision over the Indians, aided by a Pat Lamore Athletics, and a 7 to 4 defeat by the Yankees.

In the collegiate leagues, there was a three-way tie in the Northern Conference as a result of Evansville, Fordham and Great Lakes all winning their first games.

Evansville defeated Harvard, 25 to 2, and Great Lakes also topped Harvard, 13 to 10.

Alabama headed the Southern Conference with two wins, a 7 to 6 victory over Baylor and a 9 to 7 triumph over Kentucky, and Carolina also had a clean record as a result of its 14 to 6 upset of Duke.

The summary of games played through Saturday, May 21 and the league standings of that date are as follows:

WOODS-SHORES

The Detroit Tigers continued their last year's winning ways by their opening game victory over the New York Yankees by a score if 16 to 0, and by a win over the Kansas City A's of 9 to 8.

The game against the Yanks was featured by the 2 hit pitching of Mike Johnson who

Devil Netters
Win Two More

Grosse Pointe's tennis team
continued to roll along the un-
beaten trail last week with vic-
tories over Wyandotte and Royal
Oak on May 16-19 respectively.
The double win enabled the
Pointers to share a two-way tie
for first place with Highland
Park, which will tangle with the
Devils in two of the four re-
maining matches of the season.

The Devils encountered no
difficulty with either foe, beat-
ing Wyandotte 7-0 and Royal
Oak 5-0. The Acorn match was
abbreviated by rain.

The Pointers took time out
to participate in the Regionals
played on the Grosse Pointe
courts and once again Ham-
tramck carried off top laurels
when its two-time state cham-
pion Castillo turned back
Grosse Pointe's Ron Linclau in
the singles final that determined
the regional champion.

Castillo handled Linclau
easily 6-1; 6-4 to qualify for the
State Class A finals to be played
at Kalamazoo June 2-4. Linclau
also qualified and may get an-
other crack at his conqueror.

Hamtramck scored 15 1/4 points
and was followed by Grosse
Pointe, 14 1/4; Austin, 7 1/4;
Mount Clemens, 3 3/4; Port Hur-
on, 2 3/4; Warren Fitzgerald,
2 3/4; East Detroit, 2 1/2; Hazel
Park, 1 1/2; Lakeview, 1/2.

Devil Nine Tied
For First Place

Coach Ed Wernet's Blue
Devil baseball team won three
of four games last week and
the one loss dropped it out of
sole possession of first place
and into a two-way tie for first
place with Royal Oak.

The Devils first tripped
Fordson on Monday, May 16, on
the Tractors home diamond 4
to 1 behind the two hit pitch-
ing efforts of starter Lew
Ewald who allowed one hit in
three innings and Mike Mc-
Donald who allowed one hit in
the last four innings. Ewald
was given credit for the win.
Hribar was the loser.

The Tractors broke the ice
with one run in the second in-
ning and as the game wore on
the lone lally loaked tightly
big as the Devils flailed away
fruitlessly. In the top of the
fifth, the dam busted and the
Devils poured across three
runs on five hits and added
another in the sixth for good
measure.

Two days later the Pointers
traveled to Wyandotte and
turned back the Bears 5-1 be-
hind a sparkling one hit pitch-
ing performance by Lew
Ewald. Grosse Pointe jumped
off to a two run lead in the
first inning. Wyandotte came
back with a run which turned
out to be the only run Ewald
allowed. It was scored on a
walk and a triple, the lone hit.

The Devils scored again in
the sixth and added two more
in the seventh.

Grosse Pointe's first loss of
the season in league play came
the following day, Thursday,
May 19, when Royal Oak walk-
ed across the winning run in
the sixth inning after the
Devils committed two errors.
The Acorns' Wilks was safe on
an error by first baseman
Schwarz and took second when
shortstop Oliver booted Pyles'
grounder who was safe at first.
Lettotte followed with a bunt
single filling the bases. Forbes
fled out and MacDonald got
Bryant on a strikeout to relieve
the pressure. Grundy, who
doubled in the first Acorn run
in the second inning worked
MacDonald for a walk which
forced in leadoff Wilks with
what proved to be the winning
run.

Dennis was the winning
pitcher. He allowed one run,
three hits, walked two and
struck out eight. MacDonald
was the loser and he allowed
two runs, four hits, walked
three and struck out six.

This loss dropped the Point-
ers into the two-way tie for
first place with Royal Oak
whose only loss was inflicted
by the Blue Devils.

Grosse Pointe got back on
the winning track with a tight
2-1 win over Wyandotte on
the Devil's home diamond Monday,
May 23, behind Lew Ewald's
five hit hurling job. The Bears
outhit the Devils 5 to 2 but a
timely single by Oliver in the
seventh scored the winning
run. The payoff seventh started
with Englehardt and Ewald
striking out before Andrews
walked and stole second with a
smart piece of baserunning.
Then Oliver came through with
his single to break up the game
and give the Pointers their
third win in four starts and the
sixth in seven league contests.

man pitched for the winning
team. Danny Menzo was the
loser.

Montreal won over Rich-
mond 17 to 2 with Craig Ulmer
striking out 16, giving up one
hit. Ronny Jensen doing the
catching.

Pointer Paces
U-D to Sail Win

Pointer Arnold Neumair and
his teammate Wendell Sherry,
of the University of Detroit,
staged a thrilling come-from-
behind finish to win the Mid-
west Collegiate elimination
series held on Lake St. Clair,
Saturday and Sunday, May
14-15.

The Titans scored 132 points
to edge Ohio State with 127.
Both qualified for the National
Collegiate sailing champion-
ship finals to be held on Lake
St. Clair, June 13 through 17.

After the first eight races on
Saturday the Titans were first,
but at the completion of seven
races on Sunday Ohio State had
surged into a five point lead
and appeared to be on its way to
the title.

In Sunday's eighth race
Wendell Sherry finished first
and then won a protest against
Ohio State's Harry Loudens-
lager for an infraction at the
start. The combined heat vic-
tory and the disqualification
gave the Titans the winning
margin.

The individual high point
skipper was Michigan State's
Dave Davies with 71 points.
Following U. of D. and Ohio
State were Wisconsin, 122 1/2;
Wayne State, 120 1/2; Michigan
State, 120; Notre Dame, 115;
Wooster, 85; Purdue, 75; and
Ohio Wesleyan, 68.

TORNADO DID IT—Farmer Lawrence Reser looks at remains of his home near Rossville, Kan., after a tornado leveled it. He was plowing at the time, and thus escaped injury or death. Rossville is about 15 miles northwest of Topeka.

MR. K MISSES BOAT—This 18-foot jet cruiser was resting on lawn of the U. S. embassy in Moscow, waiting to become a present "To Nikita S. Khrushchev" when Mr. K scuttled the summit conference in Paris. Now the President can't gift it to him because Mr. K withdrew the invitation for the President to visit Moscow. The boat, driven by water propulsion, was made by the Indiana Gear Works, Indianapolis.

HIGH WAY DETOUR—Collision with a passenger car brought this mishap, with a trailer cab crashing the railing of the Walt Whitman bridge into Philadelphia from New Jersey. Truck driver Robert Pestridge dangled there till rescued, and he and the passenger car driver were treated in hospital.

ALAN MOWBRAY'S DAUGHTER WEDS—Veteran film and TV actor Douglas Dumbrille, 70, and the former Patricia Mowbray, 28, daughter of actor Alan Mowbray, are shown after their marriage in Las Vegas, Nev.

AT THE SUMMIT—Shortly after leaving (above) an Elysee palace meeting of the Western heads of state in Paris, British Prime Minister Harold Macmillan, French President Charles de Gaulle and President Eisenhower of the United States (from left, left photo) returned to the palace for a second summit meeting with Russia's Premier Nikita Khrushchev. About the same time Khrushchev was telling newsmen (right) at the Soviet embassy that he would boycott the talks until Mr. Eisenhower apologized for the U. S. spy plane incident. (Radiophotos)

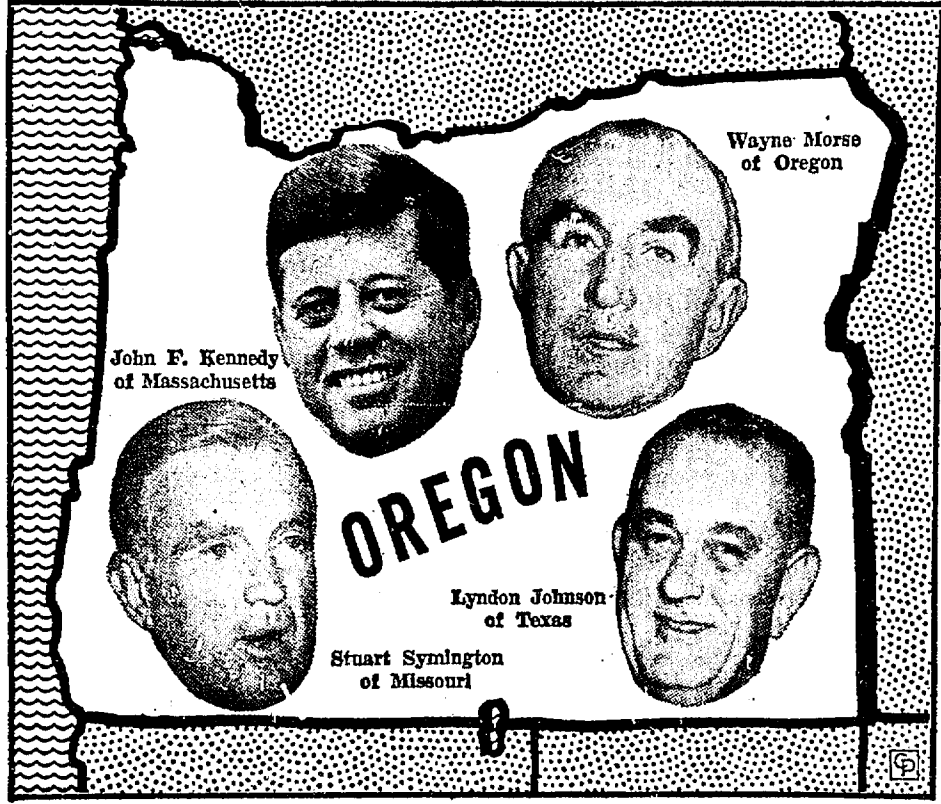

GRID WIFE DISAPPEARS—Mrs. Joan Lloyd (above), 24-year-old wife of Cleveland Browns pro footballer David Lloyd, disappeared from her home in Dallas, Tex., later was seen near Jacksboro, Tex. Her mother in Glade-water, Tex., said she may be suffering from a psychosis because of being pregnant.

RADIOS FOR THE BIRDS—Dr. William H. Marshall, University of Minnesota zoologist, checks a radio-equipped male grouse before releasing it at Cloquet, Minn. Here the grouse is hooded to keep it quiet. Six grouse have been equipped with these tiny 1½-ounce radio transmitters and antennas for a 40-day study of the living and mating habits of grouse.

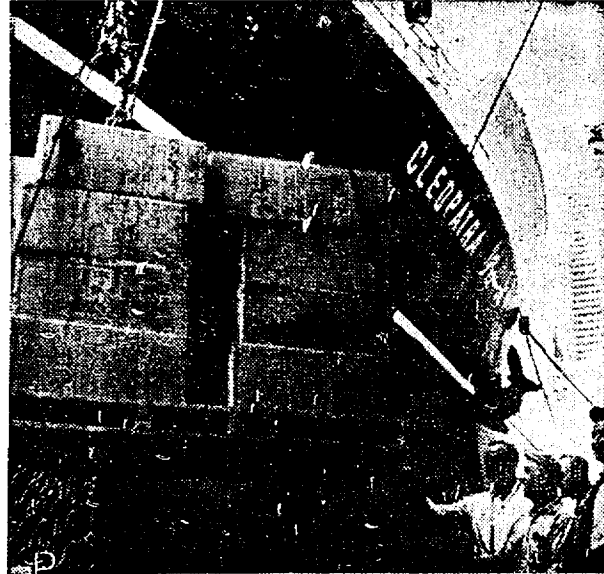

ELEANOR WON'T DECIDE UNTIL JULY—Questioned at a news conference in New York, Mrs. Eleanor Roosevelt says she believes Adlai E. Stevenson (photo on table at right), twice-defeated Democratic presidential candidate, would make a good President or secretary of State. However, she added, she will not decide whether to support him until she arrives at the Democratic national convention in Los Angeles July 11. Stevenson is not actively seeking the nomination.

OREGON FREE-FOR-ALL—The Oregon free-for-all primary May 20 for the first time puts all four of these Democratic nomination aspirants in the field together. In Oregon, a name can be entered without consent, which accounts for Johnson and Symington being on the ballot.

TEACHER FIRED OVER U-2—The school board in San Antonio, Tex., axed 32-year-old history teacher Winston McDaniel (above) after hearing a tape recording of a discussion in one of his classes in which he said the U-2 spy plane incident "called for a public apology by our President," the flyer "should be put to death," and Nikita Khrushchev is the "greatest politician in the world." McDaniel said he isn't a Communist, just wanted to start "an extemporaneous discussion" in the class.

EGYPTIAN SHIP FINALLY UNLOADED—Longshoremen finally unload the Egyptian freighter Cleopatra in New York after withdrawal of Seafarers International union pickets, who had kept the ship idle since April 13. The pickets were withdrawn when the State department said it would renew negotiations aimed at protecting rights of U. S. seamen in United Arab Republic ports.

OL' MAN KICKIN' UP HIS HEELS AGIN—For the second time this spring, heavy rains have raised the Mississippi to flood stage. Causeway roads to Credit Island park in Davenport, Ia., have disappeared (above) and fishermen are sloshing around in hip boots.

ULTIMATUM TIME IN PARIS—Soviet Premier Nikita Khrushchev is shown announcing to reporters in Paris that unless President Eisenhower "recognizes that the United States made a mistake in violating our frontiers," the summit conference is over. President Eisenhower is shown at about the same time, limousine from the U. S. embassy to the Elysee palace for a "post-ultimatum" talk with British Prime Minister Harold Macmillan and French President Charles De Gaulle. (Radiophotos)

PEACE, IT'S WHERE?—British Prime Minister Harold Macmillan presented this grave demeanor in his limousine in Paris as he went on a "peace making" tour of participants in the stormy summit conference. (Radiophotos)

VISITOR FROM AROUND WORLD—Indonesian President Achmed Sukarno (middle) is treated to the topdown convertible ride in Havana by Cuban President Osvaldo Dorticos (left) and Prime Minister Fidel Castro. It's a state visit.

Floyd Hargrove confessed, then "unconfessed." Mrs. Lois Clark did some confessing, too.

LOVE MURDER TRIAL UNDERWAY—Trial in a murder case that revealed a series of extra-marital love affairs of a beautiful mother of four children is underway in Painesville, O. Defendant is Floyd E. Hargrove, 34, who confessed, then "unconfessed" the Christmas Eve rifle killing of Charles R. Clark, 35, as Clark stood at the kitchen sink of the Clark home. Investigation brought another confession, from Clark's beautiful former model wife, that she had been having a love affair with Hargrove and had other love affairs.

when the POINTE was growing up...

By Pat Talbot

Jerome H. Remick couldn't tell one musical note from another but he knew "Put on Your Old Gray Bonnet" and "Till We Meet Again" would be hits and his musical publishing firm rarely produced a failure.

Remick's connection with music was all the more surprising when a search of his ancestors shows that Remick was a name more associated with lumber than music.

His grandfather, Royal Clark Remick was born in Maine of old Revolutionary War stock. Royal Remick came to Michigan before the Civil War, bought up huge pine forests and formed the Merrill and Remick Co. (He also married Lucy Merrill). In 1867 he joined forces with David Whitney, another lumber tycoon. The Remick family home on Shelby and Lafayette was an imposing mansion, torn down for a U.S. postoffice, and now the site of the Federal building.

Royal Remick died in 1878 and left a huge empire for his son J. A. Remick to manage. This scion married Mary Hosmer and they were the parents of Jerome, who published the hit tunes. Young Jerome went to Liggett School and Detroit Business Institute. He began his career as a bank messenger, entered the family firm and worked his way as a lumber scaler, timekeeper, bookkeeper, and supply and purchasing agent. He toured the World in 1892 and came home to buy the sheet music publishing company.

By 1906 George Stark reports that Remick was being called the king of music. It was Jerome Remick who moved the family to Grosse Pointe before World War I. He drove a big red Packard and would often get up before dawn to visit his huge farm 25 miles east of Detroit. He would load up his car with eggs, chickens and fruit and drive back to the Pointe where his fun would begin. Round the avenues he would go yelling, "Eggs by Remick," "Chickens by Remick," "Fruit by Remick," and when such residents as Murray Sales, John B. Ford, Cameron Currie and Jere Hutchins came to their doors he would sell them his produce.

Remick published the songs of composers like Dick Whiting, whose daughter Margaret is a recording artist today. Dick Whiting's songs were sung on the stage of the old Temple Theater and became famous around the world. Nora Bayes and Jack Norworth sang "Shine On Harvest Moon" there and Eva Tanguay did her memorable, "I Don't Care."

The music publisher was also responsible for straightening out the affairs of the Detroit Symphony Orchestra, when he was president of the board of directors. During the 1917 season Detroit's orchestra played under a series of guest conductors, among them Victor Herbert and Ossip Gabrilowitsch. These two were considered by the board to become permanent conductors. Remick knew Herbert, had published his music, but he said "I don't know anything about classical music. All I know is tunes. But I think we better engage this chap whose name I can't pronounce."

Ossip Gabrilowitsch, son-in-law of Mark Twain, until he died in 1936 was Detroit's "first musical citizen."

Jerome Remick, the man who knew tunes, helped establish Detroit as a musical center. Remicks are on the Symphony board today, but the company which printed "Beyond the Blue Horizon" is gone.

Keep your eye on the sky Saturday morning about 10:30 and you will see the great balloon ascension... not just one but 200 floating upward from the GPUS athletic field... if you capture one there will be a slip inside with an entrance ticket to the GPUS Carnival June 3 and 4... more carnival notes for the air-minded, there will be helicopter rides available, and for those with latent aggression tendencies John Adair has purchased a vintage flivver and for a quarter you may have three passes with a sledge hammer on this most used of used cars.

Martha Flynn is a creative young teenager, but her parents, the Chuck Flynn's wish her talents were more homebound. Wanting to find real authentic decor for an Hawaiian party in her playroom Martha cut her neighbor's lawn for free, carefully garnered all the grass cuttings to use in her island scene... the Flynn's grass was ankle high, but it never occurred to Martha that charity begins at home.

Chess is having a big revival... this intricate game is being taught at Pierce Teen-High dances for those who have no yen for rock and roll... John Barlow learned the complicated moves, is now trying to teach his father chess.

Dallas W. Hamilton former Pointer who now lives in Tennessee, taught many local residents how to paint and draw, contributed entrancing scenery to many amateur theater productions. She will be in town June 3 and show "Ten Views of Our Southland" at coffee at the Village Manor.

The Grosse Pointe Community Theater which has had great success on the boards lately is not quite so fortunate with cats... this temperamental animal is an important member of the cast of "Bell, Book and Candle," to be produced at the High School this Friday and Saturday... to act the role of Pyewacket, (Sam, Siamese cat owned by Dr. and Mrs. Loyal), was first engaged... but Sam hated nicotine and ladies, howled at the sight of star Eileen McCabe. He had to go. Cat No. 2 was an alley variety, named George, and owned by the Richard Roneys. He was rehearsing in the Jean Mestritz playhouse when he heeded out... it was a rainy night so the other members of the cast let him go... and out he went never to return. George was finally rescued some days later from the Mestritz barbecue chimney... in the meantime Mrs. John Hughes' Siamese, also named Sam, has the role, with poor George now demoted to understudy.

College students searching for an interesting summer time volunteer job would do well to consider the Senior Center Inc... or for that matter any interested matron who wishes to work with these oldsters may call WA 1-6238.

CYNTHIA BEEMAN, OF LAKELAND AVENUE

By Patricia Talbot

When the academic awards are handed out June 9 at Grosse Pointe Academy School a pretty brown eyed junior Cynthia Beeman, who would be eligible for scholastic honors, will be on the high seas bound for Switzerland.

Cynthia is the GPUS student who will live in a Swiss household over the summer months, sponsored by the American Field Service. She will sail from Montreal on June 8 bound for Frutigen, Switzerland, where she will live with the Fritz Jordis, and Kathrin, 17, Ursula, 15, and Andreas, 12.

How was Cynthia chosen for this experience? She applied as did many other students in her school, and a selection of several was made and the applications forwarded to New York, where the final choice of Cynthia was made. "I had to write the story of my life," says the winsome teen ager.

Is She Typical?

The story of her life is quite a usual one. She is the only child of the Ellsworth Beemans, spent her school years at Maire until coming to GPUS in the seventh grade, is a good student, a fine tennis and badminton player and a model camper. "I am going to Frutigen, as all American students for the

Will Sell at Carnival

Facing Cynthia before she sails off to Switzerland are final exams, the Athletic Banquet and the GPUS Carnival. Her particular stint for the Carnival, scheduled for June 3 and 4, to benefit the scholarship fund, is to sell baked goods. In spite of packing and bidding fond good-byes Cynthia will be behind the baked goods booth both days of the Carnival. Every student and parent at GPUS takes the carnival responsibility seriously.

Behind Cynthia when she reports to sell baked goods will be her college boards. She hopes to enter Smith College and has taken the early entrance exams. She has served her school this year as co-chairman of the Junior Prom, art editor of the literary magazine, and member of the varsity tennis team. Her volunteer work for the community is done through the Sigma Gamma Association. Cynthia is also past champion of the girls singles badminton tourney at GPUS.

GPYC to Open Pool Monday

Following a long-established pattern, Grosse Pointe Yacht Club will have its swimming pool open for members and guests on Memorial, this coming Monday.

The holiday will be an informal family day at GPYC. Luncheon in the main dining room and grill room will be served from 12 to 3 p.m., and dinner from 6 o'clock. Dancing in the main dining room will begin at 8 p.m.

Letting good enough alone is one way of getting nowhere fast.

BRAISED FILLET OF BEEF WITH MADEIRA SAUCE

Contributed by Mrs. Donald Hughes

- fillet of beef
- 1 cup minced lean ham
- 2 tsp. thyme
- 4 thin slices of onion
- 2 whole cloves
- 1 clove of garlic
- 1 cup fresh beef stock

Have your butcher wrap and tie a thin layer of lard around fillet. Place in a generously buttered roasting pan and add other ingredients. Also add a bay leaf, one sprig of celery leaves and a few parsley leaves if you wish. Bake uncovered in 400 degree oven, basting often. Allow 10 minutes per pound. It must be rare! Strain drippings, skim off fat for sauce.

Report Meeting Held By Delta Zeta Group

Members of Delta Zeta, East Side Group, met recently at the home of Mrs. Willard Moore of Hawthorne road. Final reports were read and a summary of Delta Zeta's State Day was presented by Mrs. R. L. Giliewicz, immediate past-president of the East Side Group.

Officers for the coming year include Mrs. Charles Sheridan, president; Mrs. George Hackman, vice-president; and Mrs. Richard S. Spindle, secretary-treasurer. Also named to head committees were Mrs. Donald Maledon, Mrs. Richard E. Noyes, Mrs. Robert H. Patterson and Mrs. William J. Walter.
