Candidates for Citizen of the Year award must be at least 21 years of age and reside within the geographical limits of any of the five Grosse Pointes, though they need not be employed in the area.

To get a wide variety of opinion and to make the selection of Citizen of the Year a community project, Rotary invites 13 other Grosse Pointe clubs and the mayors of each of the Grosse Pointe Municipalities to submit nominations.

Committee Then Decides The Community Affairs Committee of Rotary then makes the final selection, basing its decision on the candidates' total contributions to society through any of the following areas: Family and Home; Religion and Church; Community Activities; Youth Activities; Cultural Efforts; Humanitarian Work; Professional or Business; Local Government; or Education.

If the selection cannot be narrowed down to one individual, two may be chosen to receive the honor.

The late Norbert P. Neff, Clerk of the Village and City of Grosse Pointe for 39 years and a symbol of the community and its history, was Rotary's first Citizen of the Year.

Plan Mall

(Continued from Page 1) ously impair property values throughout the subdivision.

Members of the Plan Commission presented a proposed plan for the development of the area, and spoke on the note that the development of the lots into a parkette, or mall, would preserve the property values in the subdivision.

Would Beautify Entrance Besides this, it was said, the entrance to the city would be beautifully developed, creating a pleasing sight to anyone coming into the Park from Detroit.

Both ends of the mall will have parking spaces for cars, and will be heavily screened and landscaped. One end will have room for 26 cars, and the other, for 19 cars.

After everyone had his or her say, Mayor Cunningham asked the residents for a show of hands, if they desired to have the lots made into a parkette or mall. A majority of the people raised their hands.

After a lengthy discussion on the matter, the mayor closed the hearing.

Councilman Matthew Patterson demanded to know the reason for the public hearing, when the council was not notified that it would take place.

He was informed that the meeting was not actually a public hearing, that the people had attended the Plan Commission meeting and then came to the council meeting to hear what will be done in the situation.

Two Councilmen Irked The councilman, backed by Councilman Victor Wehmeier, said that the hearing should not have taken place without the members of the council being given an opportunity to study the matter. He said that the council should have been given the recommendations of the Plan Commission, the matter studied by the council, and then a hearing date should have been set.

The council filed a petition bearing more than 240 names of residents living in the subdivision, who desired that the disputed property be purchased and converted into a park or mall site.

The residents said that they would be happy to contribute \$10 a family, raising approximately \$2,400, to help the city carry on the legal battle in court.

The thief or thieves simply lifted the glass, pulled out the two radios, valued at \$19.88 and \$15.82 respectively, and left the store unnoticed. City police have the matter under investigation.

Flower Loving Thief at Work

Grosse Pointers who shop regularly on The Hill, parking their cars in the lot behind the NEWS office, may have noticed the colorful display of geraniums and ivy at the back of the William Denler Co., 77 Kercheval.

Mr. Denler, a decorator, sees no reason why the back of his shop should not be as attractive as the front, and the red flowers and greens certainly do add "something" to a rather bare parking lot area.

Unfortunately, some confirmed thief or thoughtless "practical joker" seems determined to sabotage this effort as a business district "garden."

The geraniums and ivy were put in around the 20th of May. A few days later one of the plants was missing, pulled out by its roots. It was replaced, but then another disappeared, and another.

As the summer progressed, the mysterious thefts increased in volume and frequency. Mr. Denler would close his shop in the evenings, flowers and ivy intact; the next morning, several geraniums would be gone.

During the past week, the thieves have struck two or three nights in a row. Police have been informed, and are keeping a watch in the area, but the parking lot is, to all practical purposes, deserted after dark, and it is impossible to patrol it every minute of the night.

Mr. Denler has no idea who is responsible for the thefts. So far, he has replaced the geraniums and ivy when necessary, but he is getting a bit tired of the entire situation, and in his own words, "It is discouraging to think of the kind of a person who would do this sort of thing."

Park Police Win Certificates

(Continued from Page 1)

both state and city police departments included such elements as accident investigation, driving while intoxicated, and pedestrian control.

The Annual Traffic Inventory is administered by the National Safety Council; the Inventory on police traffic supervision is under the policy supervision of the IACP.

Chief Louwers pointed out that the Park was one of 10 cities in the country in the 10,000-25,000 population group to receive a Certificate of Achievement Award. The last time this honor was conferred on the Park was in 1957, he said. In 1952, the Park won first place in the nation for all cities in this group.

The Pedestrian Safety Citation was announced by a board of judges of the American Automobile Association, and based on an AAA National Pedestrian Program Appraisal.

This citation replaces the No Deaths Certificate which formerly was awarded to cities having no pedestrian deaths.

Merely to have no pedestrian deaths does not entitle a city to a certificate. To be eligible for a citation, a city must meet a minimum requirement of six

of seven areas of emphasis, in that a city must submit information that a well balanced program exists.

In the AAA's National Pedestrian Protection competition, The Woods received an Honorable Mention Award; the City won a Pedestrian Safety Citation; and the Farms, a major award, a Special Citation for Improvement of Pedestrian Program Activities.

The Shores did not take part in the pedestrian protection competition because the Police Department does not have to cope with pedestrian problems except during the summer months when people cross Lake Shore road to go to the lake-

front park, according to Police Chief Fred Duemling.

The chief said that the Shores does not have the traffic problems encountered by the other Pointe communities, in this respect, since the Village is strictly a residential community. The heaviest vehicular traffic is on Lake Shore and Vernier roads.

The National Safety Council notified the Woods that it has won Outstanding Achievement Awards for—No Traffic Deaths and Progressive Accident Prevention Program Activities; Maintenance of Accident Records; and School Traffic Safety Education, based on the NSC's traffic inventory program.

Sent to Jail For Assault

Devilliards Wynn, 28, of 4450 13 1/2 street, Detroit, was sentenced to a long term in prison on a charge of criminally assaulting a 12-year-old Detroit girl.

Wynn was sentenced on Tuesday, June 19, by Detroit Recorder's Judge Frank Schemanske, to serve 7 1/2-20 years in Jackson Prison, following a report from the Recorder's Probation Division.

The convicted man, who was on parole from Jackson Prison, and who used the aliases of Devilliards Long and Devilliards DeLong, was originally arrested by Park police last February 9, and charged with attempted rape of a 20-year-old Park girl, while she was walking to her home in the Park.

The girl was rescued by Norman Beliger, 18, of 329 Hillcrest, who was visiting a girl friend, Jane Mazzoda of 1423 Somerset. The youth heard the intended victim's scream and rushed out of the house and grabbed the girl from her assailant. Miss Mazzoda called police.

Beliger held Wynn until police arrived and took over. Police said that because the girl was rescued before harm could be done, the only charge that could be proved against Wynn was assault and battery, for which he was found guilty and sentenced to 90 days in the Wayne County Jail by Park Judge C. Joseph Belanger.

On completion of the jail term on April 9, Wynn was re-arrested by Detroit police, and held on charges of criminally assaulting a 20-year-old girl and the 12-year-old girl, both of whom identified Wynn in a showup at Detroit Police Headquarters.

Wynn was tried for the assault on the younger girl for which conviction would bring a greater sentence. He was found guilty.

The convicted rapist was released from Jackson Prison last January 10, after serving five years of a 5-15-year sentence for two attempts of criminal assault in Oakland County. He has a criminal record dating back to March, 1947, which includes molesting, car theft and prison escape.

Damage was minor, and no tickets were issued.

Police Holding Burglar Suspect

A 25-year-old man who was arrested by detectives of Detroit's Hold Up Squad on Wednesday, June 20, for allegedly holding up a Detroit supermarket, is believed to be a likely suspect in the May 27 burglary of the Glen Walker home, 869 Lake Shore road.

Charles Constantine of 5900 Toledo, Detroit, who was recently paroled from Jackson Prison after serving five years of a 5-15-year sentence for burglary, was identified as the June 9 robber of the market. Witnesses picked him out in a showup at Detroit Police Headquarters.

At the time of his arrest, police found a safety deposit key among his possessions, and obtained a warrant to search the box in a Detroit bank. In the box was a gold wrist watch belonging to Mr. Walker, on the back of which was inscribed "Bud With Love—Lois."

Detroit authorities notified Shores police, and Chief Fred Duemling assigned Police Lt. George LaForest to question Constantine at the Wayne County Jail where he was being held.

LaForest said that Constantine was extremely uncooperative, and claimed he had purchased the watch from a man at Webb and Twelfth street in Detroit. Constantine said he did not know the name of the man.

The lieutenant said that Constantine also had another wrist watch belonging to Walker, that the man claimed he bought from someone else, but did not know the man's name, nor was he sure when or where the item was obtained.

Detroit police, accompanied by LaForest, obtained a second warrant to enter Constantine's deposit box, to pick up the first watch. The lieutenant received permission from Detroit authorities to obtain the second watch from Constantine's belongings at the jail.

Walker's name, which was on the second watch, had been ground off. Tests at the Detroit Police Laboratory were made in an attempt to bring out the name, but the grinding was done too expertly and smoothly. The tests failed.

However, Albert Blume, owner of a jewelry store at 7319 East Jefferson, identified the watch as belonging to Walker, stating that he had recently worked on the watch and identified it by certain marks inside the timepiece.

LaForest, along with Hold Up Squad detectives, went to Constantine's home at the Detroit address, and searched, but without success. The lieutenant said it appeared that the place had been cleared out by a person, or persons, unknown.

The Glen Walkers were out of town when the burglary of their home was committed. The house was thoroughly ransacked.

Taken besides the two watches, the first valued at \$400 and the second, \$175, were an electric razor valued at \$25; a transistor radio, valued at \$35; a small gold-meshed souvenir coin purse worth \$5; and a small camera, value not given.

Driver Breaks Store Window

Gerald Viane, 34, of 3985 Hereford, Detroit, backed up to correct a bad turn and drove his car through a plate glass window of the J. C. Penny Department Store, 19251 Mack Avenue.

Viane told Woods police that he was pulling out of the Mack-Seven parking lot, at 2:41 a.m., Sunday, June 17, and made a left turn—onto the sidewalk.

He said that as soon as he realized his error, he tried to back up into the service drive, but instead backed into and through the store window. He was not injured.

'Gunman' Loses To Policeman

Shores Patrolman James Jurcak was making a house check in Willson road, on Tuesday, June 19, while the owners were out of town, when he heard a voice ordering him to "stick 'em up." The officer spun around and found himself facing a 32 caliber Colt automatic, aimed just so high.

The officer was surprised at the sight of the gun-wielder, and was relieved even more, when the voice behind the gun told him there were no bullets in the firearm, Jurcak confiscated the weapon.

The would-be gunman told Jurcak that the gun was a present from his father, but the unbelieving policeman hustled the fellow to his home near by, where he talked to the maid of the household.

The maid said that she had seen the gun before, but it was so small she thought it was a toy. She was informed that the firearm would be in safe keeping at the Shores police station, to be picked up by the legal owner.

The next day, the father picked up the gun from the station. He told Police Chief Fred Duemling that he had recently moved into the Shores, and that he had packed the firearm with some belongings, but could not remember where it was placed.

It took his five-year-old son to find it.

Lois Nair Seeks Seat in Congress

Lois V. Nair, candidate for the 14th District Congressional seat, officially filed her petitions with the Wayne County Clerk last week.

Begin \$400,000 Symphony Drive

The Detroit Symphony Orchestra will cost a whopping \$970,995 in the year ahead. It will earn 90% of the cost, an all time high and a percentage matched by few major orchestras in the nation.

The figures were released recently by Symphony board president Robert B. Semple as the Orchestra's able supporting group, the Society of Contributors, launched the first phase of a city-wide campaign for new community support.

Frederick J. B. Sevald, Society president, and a spearhead committee will seek \$400,000 to wipe out current season's deficit and to raise funds for the year ahead. Special efforts will be made to increase support from business firms and individuals who have contributed before.

"Sevald cited the Orchestra's tremendous growth pattern in the past decade. Last season it played 145 concerts, more than four times the 34 concerts played in 1961-62, the first season of the first season of its reorganization under the famed Detroit Plan of industry-business-individual support.

"The Orchestra's deserved position of artistic eminence among the foremost musical organizations of the world reflects great credit on the dynamic community which has given it rise. We must keep it that way," Sevald said.

"The great instrument we have built serves us well," he continued. "I hope to find the public willing to help us raise these vitally needed growth funds."

Weber Honored By Kiwanis International

Robert F. Weber, president of the Grosse Pointe Board of Education, was elected a trustee of Kiwanis International at the 47th annual convention held in Denver recently. He will serve a two-year term beginning August 1.

As trustee, Mr. Weber will be one of a 12-man board which directs the program for this large, international service club. Kiwanis now claims more than five thousand clubs with a membership of 260,000 in the United States, Mexico and Canada.

Mr. Weber is a member of

Detroit's Kiwanis Club No. 1, the founding club of the organization, having been established in Detroit in 1915. The international home office is in Chicago, however.

A past president of Kiwanis No. 1, Mr. Weber has also served as district governor. His service on four international committees as chairman gave him an opportunity to make substantial contributions to the club's program. On two other occasions he chaired international conventions to successful climaxes.

Mr. Weber's new responsibilities as international trustee will require some traveling to other Kiwanis clubs and districts around the country and a considerable number of speaking engagements as he works to implement the 1962 theme of "Freedom—Our Individual Responsibility".

A former president of Goodwill Industries, Mr. Weber is completing his third year as president of the local Board of Education. He has served on the Board since 1954. The family residence is in Lake Shore road.

Fire Damages Barber Shop

Woods Public Safety officers were forced to break in a door of a barber shop on Saturday, June 23, to enter and put out a fire that had started in a rear room. Patrolman Bruce Cross, on a routine patrol of Mack avenue, noticed that the front window of the Woods Barber Shop, 19471 Mack, appeared damp, and that there was smoke in the building. He radioed for fire equipment and assistance. Firemen broke into the shop

and doused the blaze with water from a booster line. The fire, of unknown origin, damaged the back room and its contents. There was smoke damage throughout the shop. The Farms Fire Department sent firefighting apparatus, but enroute were informed it was not needed, and the equipment and men returned to the station. The owner of the shop, Norman Comeau, 55, of 22825 Lake Shore drive, St. Clair Shores, was called, and he remained to check the damage after the firefighters returned to the station. The amount of damage is not known.

Cheerleaders At Pep Session

Grosse Pointe High School's varsity cheerleaders have returned from a "summer school" session at "Champs All-American," Walden Lake, Harland, Mich., where they spent four days learning the latest chants, cheers, songs, pom pom routines, pep rallies and cheer blocks.

The school, located about 45 miles northwest of Detroit, is sponsored by the United States Cheerleading Association, and is open to majorettes, drum majors, twirlers and drill teams. Miss Carol Hess, cheerleading coach at Michigan State University, is the instructor.

Grosse Pointers who attended include Julie Allardice, Cathy Coe, Margaret Hire, Mary Lou Nigro, Marylyn Shepherd and Mary Steiner. Kathy Maun and Sharon Mauck were unable to go, Kathy because she is spending the summer in Berlin with the American Field Service, and Sharon because of a previous drivers' training commitment.

It cost William A. Savage of 1359 Anita, \$10 for driving 45 miles an hour on Lake Shore.

George L. Bertovick of 23306 Middlesex, St. Clair Shores, entered a plea of guilty to cutting in front of moving traffic and improper lane usage, while driving on Lake Shore. The original charge was reckless driving. He paid a fine and costs of \$67.50.

Rose Marie Drown of 5023 Pennsylvania, Detroit, was found guilty of driving while her license was revoked. She was placed on probation for one year and fined \$36, to be paid at the rate of \$3 a month during the period of probation.

Kerby Teachers Try Experiment

One form of teaching machine is being developed by two teachers at Kerby School, Miss Betty Frounfelder, sixth grade teacher, and Miss Nancy Dilloway, fifth grade teacher.

Their purpose is to provide a learning situation in which students work not only at their own speed but at their own level of achievement in spelling. They teach Grades 4-5 individually.

The teachers first tested their class with the Metropolitan Spelling Test to arrive at the spelling level. Then they used materials based on spelling rules, dictionary skills, and vocabulary. They taped 36 lessons (180 tapes) to provide immediate recall of words.

They use two tapes at a time and the children wear earphones. There are 16 earphones which are shared by both classes.

League Studies Metro Problems

Three members of the League of Women Voters of Grosse Pointe spent a day in Lansing attending committee meetings on metropolitan problems and the proposed new constitution. The meetings were arranged by members of the State Board of the League of Women Voters responsible in these two areas.

Mrs. Harold Jinks, 835 Lakepointe, chairman of the study group on metropolitan problems in the Grosse Pointe League, participated in discussion of plans for producing a workbook for this study to be used by the local Leagues in the fall. The workbook would include the study areas of home rule, annexation, incorporation, and intergovernment organization.

In another meeting, Mrs. Edgar Cooper of 1224 Grayton, and Mrs. R. M. Whaley, 921 Berkshire, heard plans now being made by the State Board for implementing the League's stand which favors adoption of the proposed new constitution. Delegates from local Leagues in various areas of the state who were attending the meeting made further suggestions along this line, and a general plan of action was agreed upon.

A further item of discussion concerned the study of taxation issues by local Leagues, particularly in regard to taxation standards of the League. The majority of the group felt that this problem was of such urgency as to merit a concentrated effort on the part of local Leagues to arrive at consensus by the middle of December of this year.

HIT FROM REAR
A ticket for reckless driving was issued to James E. Arnold, 1330 Kensington, on Tuesday, June 19. Arnold slammed his '64 Oldsmobile into the rear of a '62 Pontiac driven by Mrs. Betty Shippy, 18535 Woodbine, Frazer, as Mrs. Shippy was attempting a left turn from Mack onto University. No injuries were reported.

Pointe Artists Pick Officers

The Grosse Pointe Artists' Association at their annual June meeting elected Mrs. Walter Stewart their president.

The board of directors include: Mrs. Donald Newell and Mrs. Lee Carriek, vice-presidents; Mrs. Edward MacCallum, recording secretary; Mrs. William Modrack, treasurer; Mrs. Edgar Flinterman, corresponding secretary; Mrs. Guy Duran, parliamentarian; and Mrs. Cyril Barrett, historian.

Richard Heim Helps Hong Kong Refugees

HONG KONG, B. C. C. (FHTNC) — Richard A. Heim, musician seaman, U.S.N. son of Mr. and Mrs. Arthur Heim of 16900 Cranford lane, Grosse Pointe, serving with the staff of Commander Carrier Division Five aboard the attack aircraft carrier USS Coral Sea, recently helped to make life for the Chinese refugees streaming into Hong Kong a little more pleasant. During a recent visit to the British colony the crew of the mighty carrier and members of various detachments aboard donated blood to the British Red Cross to be used by needy refugees. In addition money was collected with which to buy food for them. The Hong Kong assistance marked the second time in past weeks that men aboard the ship had answered the call for help. While in Kobe, Japan, the crew also gave blood to help victims of a recent train disaster near Tokyo. The 63,000-ton carrier is presently operating in the South China Sea as a unit of the Seventh Fleet. She is scheduled to return to the U. S. in July.

The best preserved buildings of its type in the state. The Inn has been restored to its appearance of 75 years ago. The museums have all been developed by Mrs. Russell H. Lucas, granddaughter of the pioneer lumberman, Langdon Hubbard. Many of the antiques in the museums belonged in the Hubbard and Phelps families. But there have been many contributions by residents of Huron County and elsewhere of 19th century articles to the Foundation, which is a non-profit incorporated foundation to which contributions are tax-deductible. The Foundation is also one of the accredited organizations eligible to receive surplus material of the United States Coast Guard of historic value and is steadily building up its display in the Coast Guard building from this source. Jo Carol Finkel of Port Hope and Judy McKim of Kilde will again be the hostesses at the museums.

The Hubbard Woods Camp has an enrollment this year of approximately 300 boys and girls. They range in age from 8 to 14 and come to Huron City in groups of about 40 for a week's camping under the supervision of counselors chosen by the Church. One of the aims of the camp is to encourage religious discussion by the boys and girls. The program each week commences with attendance by the children and their parents at the service in the Hubbard Phelps Chapel. The William Lyon Phelps Foundation constructed and maintains the buildings at Camp Hubbard Woods. The Board of Christian Education of the Methodist Church, headed by Doctor Harold Bremer, operates the camp. James Bowen of Port Austin, Camp Director since the camp has been operated by the Methodist Church, will continue in charge this

when the POINTE was growing up...

By Pat Talbot

In those long ago days when the huge Victorian frame cottages drowsed under the summer sun, Grosse Pointe was a haven for resorters.

Even though such resorters as the T. P. Halls at Tomnancour, the Newberrys and McMillans at Lake Terrace, the Alfred Brushes at the Pines, the Berrys, Dyars, Muirs, Hunts and Newlands grew their own fruit and vegetables, killed their own cattle, chickens and pigs, there were still stables needed to keep the vast households going.

The firm which sent the horse and buggy to Grosse Pointe for orders was established by George and Robert McMillan, no relation to James McMillan, millionaire railroad owner.

The McMillan brothers, who were to become Detroit's most elite grocers, were born in Argyllshire, Scotland, in the early 19th century.

George married Isabella Moffat, a native Detroit, whose father was one of Detroit's most prominent mayors.

For three generations the McMillan grocery stores served the Detroit area. Until World War II a branch of the G. and R. McMillan grocery stood on the site of the present Best and Co., in the village.

While most of the Pointe's collegians are taking mundane summer jobs or lazing in the sun, Marilyn Jean Neumann will be living with the Ewe tribe in Ghana, helping to rebuild a church destroyed five years ago.

Week-enders at the Grosse Pointe Yacht Club were agape at the 103 foot sea going yacht, "Vedersein", chartered by the Elton MacDonalds, of Windmill Pointe drive, from a New York owner.

Ann Bradley, of Ford court, is the recipient of the Katherine Tuck Fund, Student Aid Foundation of Michigan, scholarship. The scholarship was established in memory of Mrs. Tuck's grandfather, the late David Whitney, Jr., the lumber tycoon who built the Lakeshore mansion, Ridgemont, which has since been razed.

The Grosse Pointe Shores sprinkling truck was in great evidence at the Hunt Club Horse Show over the week-end, where a huge gallery turned out to watch the regulation hunters and saddle horses and cheer the trio of Austrian performers.

PILFERINGS

Diets are for those who are thick and tired of it.

Bored man in opera box at curtain call, to friend: "Don't clap, or you'll send it into extra innings."

Impressario Sol Hurok, recalling some early flops, said, "When people don't want to come, nothing will stop them."

Brother: I thought I asked you not to tell Mother what time I got in last night.

Sister: I didn't. I just said I was too busy getting breakfast to notice the clock.

A wealthy Texas oilman's personal check came back from the bank with "Insufficient Funds" stamped across the face. Beneath the stamped words was the handwritten notation: "Not you-us."

President Abraham Lincoln's humor armed him effectually against the importunate persons with whom, as the head of the nation, he was beset at all times.

MRS. JOHN W. NELSON, OF WASHINGTON ROAD By Patricia Talbot

While most Pointe matrons are lazing in the hammock, sunning on the beach or pulling a few weeds in the garden these sunny days, Mrs. John W. Nelson will be finishing the two movements of her trio and polishing up a tone poem.

In the Nelson home is a very businesslike music stand, a piano and an organ and Mrs. N. will spend the vacation days composing. Her entire life has been devoted to music.

The Nelsons both speak and read Finnish expertly and have studied French and Spanish until they are quite fluent. They belong to the English Speaking Union and are fascinated by travel.
