Farms Solons Study Kiddy Pool Request

Councilmen And Department Heads Inspect Facilities Built By Park And Shores

Members of the Farms council toured the Park and Shores municipal parks to inspect wading pools constructed by the two communities, in their respective parks. The inspection tour took place on Tuesday, September 24 at the Park's Three Mile Drive Park and the Shores' George Osius Park.

The Farms solons' visit was arranged by Farms City Clerk Peter Caputo, who contacted Park City Manager Robert Stone and Shores Village Superintendent Thomas Jeffers, both of whom approved the inspection and acted as guides, along with their respective recreation directors.

Accompanying the councilmen was Farms City Manager Andrew Bremer, Jr., and Caputo. The look-see of these facilities was decided by the Farms councilmen, when at a recent meeting a group of local citizens petitioned for such a pool, to be located, possibly, next to the regular swimming pool in the Municipal Pier-Park.

The viewing party will study the size and shape of the wading pools, and the cost to the Park and Shores, to determine the best design for the Pier-Park, and what the cost would be to the Farms.

Major Shift in Pattern Of Education Gets Started At Three Middle Schools

Students Have Much More Control Over Themselves And Their Courses With Transfer From Junior High Concepts

With the beginning of classes this month, The Grosse Pointe Public School System underwent a major shift in its organizational pattern. Grosse Pointe North High School opened, and ninth graders began attending the high schools. The three junior high buildings now contain grades six through eight and most elementary schools house grades K-five.

Where the most significant change has taken place is in grades six through eight, where a new concept in education in Grosse Pointe has been introduced, the Middle School.

The NEWS in planning to run a series of articles on the operation of all three Middle Schools. This first article will explain the difference between the middle school and the junior high school, and touch on the operation of the Pierce Middle School.

Many Differences
The Middle School emphasizes a child-centered program, the Junior High a subject-centered program.

The Middle School emphasizes learning how to learn, the Junior High learning a body of information.

Long Negotiations Over Pay in Park End in Contracts

Police, Fire And Public Works Departments Agree To Accept Scales Which Will Apply For Two Years Starting Last July 1

Following nearly six months of negotiations, new two-year contracts between the City of Grosse Pointe Park, and its Police, Fire, and Public Works departments have been ratified, and now are in effect, according to Robert Stone, city manager.

"These new two-year contracts will give us an opportunity to do much more intelligent financial and physical planning," Stone said. "We feel that both the community and its employees will greatly benefit, and we happily announce that all departments unanimously voted for the ratifications."

Slone announced that Park policemen have been given a 20 percent raise in pay over a two-year period, in addition to some fringe benefits. He also said that the life insurance for all city employees has been increased from \$5,000 to \$10,000. Retrospective to July 1.

Under the new police contract, which is retroactive to July 1, 1968, patrolmen will receive a base annual pay of \$9,300 until Dec. 31, 1968. From Jan. 1 to June 30, 1969, this amount will be raised to \$9,500, and from July 1, 1969 to June 30, 1970, it will amount to \$10,000. This contract affects the 33 policemen in the Park department.

Supervisory police officials will receive a comparable percentage raise, it was announced. The contract ratified by the Fire Fighters Association of which Loren Anderson is president, is identical to the police agreement, except that the annual pay for each fireman will be \$300 less in each category, i.e., \$9,000, \$9,200 and \$9,700, Slone said. The Park has 24 fire fighters.

Employees of the Public Works Department, under their two-year contract, have been given a total increase of 57 cents per hour, over that period of time.

Called Landmark
Public Safety Director William P. Ellenburg called the settlement of the three contracts "a landmark of negotiations in the Detroit suburban areas."

"We believe we have set a new pattern which will be followed by similar communities in the Metropolitan District, and

Cadieux Remains Two-Way Street

The City of Grosse Pointe Council on Monday, September 23, voted to continue the two-way traffic pattern on Cadieux road.

Recently the Council received a petition from some 15 Cadieux residents requesting that Cadieux be made a one-way street. A similar request was made to the Council in 1966 and that report was reviewed with Police Chief Andrew C. Teetaert in response to the current petition.

Upon completion of this review, the council found insufficient reason to change its original recommendation to continue the two-way traffic pattern.

At a regular meeting held on Monday night, September 23, Director of Public Safety William Ellenburg revealed to the council that during a five-year period, the most dangerous arteries, which naturally carry the most vehicular traffic, were Mack, Jefferson, Charlevoix and Vernor, in that order.

The director informed the council that stronger enforcement on Charlevoix, at the best of residents living in the area who complained to the solons last June, has cut traffic

Hospital Asks Council for More Time

Will Present More Pertinent Data At Next Meeting Scheduled For October 28

A standing room only crowd filled the City of Grosse Pointe Council Chambers on Monday, September 23, to hear the Council's decision regarding the request of the Sisters of Bon Secours for zoning ordinances and variances, but they were disappointed.

In a surprise move, Neil Hayes, attorney for the hospital, asked just prior to the meeting, that the decision be deferred until the hospital was able to present more pertinent data to the Council.

The Council voted to grant the deferral until the next regular Council Meeting on Monday, October 28.

In the interim, hospital sources will prepare the information and present it to the Council and the public for their perusal. The NEWS will print this information in an effort to keep citizens informed.

Want To Expand

What the Sisters of Bon Secours are requesting is that the present ordinance be amended to reclassify the block of property bounded by Cadieux, Maurice, Notre Dame and Caroline to residential terrace classification, which would permit the expansion of the hospital and the reclassification of that parcel of the hospital's land which is 165 feet wide and extends from Caroline to Jefferson to permit parking.

They are also asking to amend a section of the zoning ordinance to provide that the hospital can erect an addition 45 feet in height, or equal to the present building as well as amending that section of the zoning ordinance to provide that the required site area for a hospital be reduced from five to four acres.

Alternate Request

At the Public Hearing on August 7, hospital spokesmen asked that if the Council would not amend these sections of the ordinance, if it would grant the hospital variances from the ordinance that would permit the hospital to expand.

The Citizens Advisory Committee, made up of City of Grosse Pointe residents, oppose the expansion of the hospital. Representing them at the August 7 hearing were: former City Councilman Walter G. Huber, William Kessler, and Arthur Hoffens.

Burning Leaves Banned by City

Residents of the City of Grosse Pointe are asked not to burn leaves this fall. The City plans to start its special leaf pickup service next Monday, September 29. To utilize this service, City residents should rake their leaves into piles or windrows between the curb and the sidewalk, as close to the curb as possible.

Public Works Superintendent, Douglas Collins, cautions against raking leaves into the street or placing brush and similar debris in the leaf piles. The collection equipment will move in an orderly route from one end of the City to the other.

Mr. Collinson indicates the collection cycle is planned for four to six work days and is dependent on the availability of manpower, equipment and the weather. Cooperation of all citizens is needed to make the "no burning" program a success.

CONTRACT AWARDED

On Monday, September 23, the Park council accepted the low bid of Vanopdenbosch Construction Company of Detroit, and awarded the firm the contract for the curbing along Windmill Pointe drive. The company will be doing the job for the basic unit price of \$3.40 per lineal foot, for a total estimated cost of \$37,500. Its bid was lower than three others submitted.

Brownell School Invites Parents

An important highlight each year at Brownell School has been its annual "School on Schedule Night"—and this year is no exception. Due to the recent transition from junior high school to the middle school, many parents will be particularly interested in the program scheduled to begin at 7:30 on Monday evening, September 30.

On this night parents of Brownell Middle School students will have an opportunity to attend their children's classes, meet their teachers, and tour the general school facilities. In each class of 15 minutes, (six subjects plus home room) teachers will explain the general course of study, textbooks used, class routines, home work expectations, methods of evaluating pupil progress, special help opportunities, planned activities, etc.

PTA president Floyd S. Nixon, Jr. will welcome those in attendance via the school P.A. system, and a group of eighth grade students will serve as guides during the evening to assist parents in locating classrooms. Refreshments, under the chairmanship of Mrs. Thant Jarman, will be available in the school cafeteria during any period designated as "study hall" or "lunch" on a student's schedule.

Treasurer Carl Norman has also arranged to set up stations for collection of PTA dues.

Brownell Principal William Christofferson commented, "This program has traditionally been a successful kickoff to the school year, and we expect an even greater number this year to see what middle school is all about."

Charlevoix Accidents Cut

(Continued from Page 1)

At its meeting held on August 26, the council directed City Manager Robert Stone to prepare a report on the cost of the purchase of additional equipment and police personnel, petitioned by the citizens in the Charlevoix area, and submit the report to the council.

At Monday night's session, Stone presented his report, which showed that after a study, that the established projected cost of two additional radar units is \$1,500 each; and two additional fully equipped scout cars, \$3,750 each.

Further, he said, the placing of the equivalent of two police officers for one shift each day, when leave days, sick time and furloughs are taken into consideration, would necessitate the addition of three patrolmen at a cost of approximately \$36,000 a year.

The initial outlay for the fiscal year 1968-69, including equipment and personnel, would amount to \$46,500. The fiscal year budget has no particular funds set aside for this type of venture, and it is felt that the problem can be dealt with by the implementation of certain recommendations and improvements as established by the traffic survey done by the Public Safety Division, the city manager stated.

"After a study of this report," he said, "it would seem to me that the most obvious solution to the traffic problem on Charlevoix would be the devising of methods to divert traffic from this street, which could be done by the widening of Mack avenue (from Somerset to Cadieux). However, until such time as the Wayne County Road Commission sees fit to undertake this project, we will necessarily have to look in other directions for relief."

Stone made the following recommendations: 1. Parking be eliminated on the south side of Mack, allowing two lanes of traffic to progress during the rush hours, although this possibly will create parking complaints on the side streets on the south side of the avenue. This could be eliminated by traffic surveys and subsequent posting of either no parking, or limited parking signs on streets concerned.

2. Retouring of the east-bound Lake Shore Coach from Charlevoix to Mack to reduce the daily number of coaches that would travel on Charlevoix during a 24-hour period, from 104 to 52. (City Attorney Richard Rohr said that there is a question of whether the city can do this legally, since this is under the control of the Michigan Public Service Commission).

3. A continuation of selective enforcement on Charlevoix which has definitely improved traffic conditions; 4. The purchase of one additional radar unit which would allow more frequent selective enforcement to all critical areas in the Park; and 5. Additional training of police personnel to be applied to the traffic control problem.

Stone based his recommendations on the survey report presented by Director Ellenburg, which was prepared by Sgt. George Blair, traffic safety officer.

In concluding his report to the council, the director offered the following: A. Results of selective enforcement on Charlevoix during the months of July and August have shown an increase in violations issued by 37 percent; B. There has been a reduction in accidents on Charlevoix during this period by 20 percent; C. The total number of hours by the radar unit has been increased by 51 percent.

D. The violations issued by the radar unit has increased by 94 percent over the same period in 1967; E. Street stop bars painted uniformly throughout the entire length of Charlevoix and no single intersection can especially be singled out for correction.

G. A check of the type of accidents on Charlevoix are "of the enter intersection without proper observation on the part of the driver" and no amount of traffic engineering can correct the driver of this type. Not one accident report has indicated that additional engineering is necessary. Educational programs and materials should be provided to eliminate this accident cause.

H. Statistically, both Mack and Vernor are higher in number and percentage of accidents; I. One additional officer should be trained for traffic and assigned to full time traffic enforcement; and J. Continue selective enforcement on a program basis.

Director Ellenburg said that in the light of a recommendation that a traffic signal light be installed at Charlevoix and Buckingham, a study was made of this, and that accident records indicate that the signal light may well cause a greater number of accidents than presently experienced. The supporting data on this is indicated by the Vernor Highway-Buckingham signal, he pointed out.

The director said that an accelerated liaison with Russ Harrison of the County Road Commission regarding the widening of Mack avenue, has brought a promise of information from Harrison, expected sometime this week.

Farms Submits Building Report

The monthly building report received from John A. DeFoe, Farms director of Public Service, showed that August 1968 matched that of August 1967, except in the total values in miscellaneous construction.

During these corresponding periods, no applications were received for permits for residential construction, none for commercial buildings, and only 11 for miscellaneous work, of which last month's total values amounted to \$40,100, as compared to August, 1967, which came to \$50,700.

Since January 1 of this year, only three permits were approved for residences valued at a total of \$119,000, as compared to the same period in 1967, which saw six permits granted for homes valued at a total of \$311,000.

From the beginning of this year through August 31, the Farms Building Department okayed a total of 62 miscellaneous permits valued at \$304,500, whereas, from January 1 through August 31, 1967, the

number of such type permits approved numbered 62, valued at a total of \$416,800.

No applications have yet been filed for nonassessable building construction in 1968, and none recorded during the same eight months of 1967.

In a letter to Park negotiators, Charles A. Petrie, president of the Grosse Pointe Police Officers Association, offered this thanks for their support.

"I feel the members of our Association can be proud that these items were all gained through collective bargaining, and not through a display of exhibition. Indeed, the willingness of all officers to maintain a professional attitude throughout this difficult period has, I feel, reassured not only the City management but the citizens of this community, that we have their best interests in mind.

How Does It Work
Enough about the differences. Now just how does the Middle School concept work in our system?

Pierce Middle School has all the sixth graders in its district in the building this year, some 298 students.

The curriculum features the humanities and other interdisciplinary studies. Included in the weekly student schedule is independent and enrichment activities emphasizing student planning and decision making.

Guidance activities function as an integral part of the instructional program.

Mr. William Mogk, principal of Pierce, said in his opinion some of the common denominators of a Middle School are; a real concern for the Teaching-Learning process with emphasis on the student. Subject matter is the vehicle through which to reach the student.

Two: student involvement and decision making in his academic career. This is accomplished through a sound, effective Guidance Program. The parents are actively involved in this process.

Three: the use of a wide variety of instructional media coupled with varying length of periods for the various subjects.

Four: a Learning Center which is central to the functioning of the total curriculum.

Five: Team Teaching. Professional staff-student ratios exceed the present Grosse Pointe ratios.

Six: Team planning centers, resource centers and the use of paraprofessionals.

Seven: opportunities for stu-

dents to receive accelerated, enrichment and remedial course offerings.

Eight: facilities and staffs which were built and selected with the Middle School concept in mind.

The next article will explore the Middle School in operation at Pierce.

How to Select a Good Gas Furnace

by **ROBERT A. "Doc" WILLIAMS**
(MR. INDOOR COMFORT)

In most of our everyday purchases, we have learned through the trial and error method, just how to purchase such common items as groceries, clothing, and many other household items. It's easy to make a mistake in a purchase when experience dictates just what we want and don't want. If we make a mistake, it is often returned or quickly replaced.

It's quite different when it comes to buying a gas furnace for your home it's unusual for a person to buy a new furnace more than once in a lifetime. In most cases there is a lack of buying experience and knowing just what to look for in buying a gas furnace system. And, quite simply, you can't afford to make a mistake! The mistake can only be discovered after the furnace is in use, and then it becomes expensive and difficult to correct the mistake. With an investment of this size, it is wise to spend some time and effort in selecting the right furnace system — before a mistake is made and it is too late.

To be a wise furnace buyer, one must decide what is needed in a furnace and then try to get it. As an aid and suggestion, we submit that these are the things to look for when buying a gas furnace.

Kiwanis Club Selling Peanuts

The Kiwanis Club of Grosse Pointe, Inc., is again participating in the annual "NATIONAL KID'S DAY" on September 27 and 28. The purpose of this function is to raise funds for youth work through the sale of peanuts by Kiwanis Club members.

This activity has generated more proceeds each year through the combined support of business and professional men and women and residents of our Grosse Pointe communities. All monies received go directly into the club's Children's Fund for charitable activities. Members of the Kiwanis Club will be selling peanuts at major intersections on both days from 6 a.m. to 9 p.m.

These funds have been used to purchase buses to take children to the Lakefront Park, purchase and repair of eye glasses, gifts for hospitalized children, food for needy families, summer camp facilities, support of Boy Scouts and Girl Scouts, Little League and other youth activities.

This year the club used part of the funds which were so generously contributed, to purchase a new bus for transporting children to the Lakefront Park and for the construction of a picnic shelter at the Park. This shelter will be completed shortly and dedicated to the City of Grosse Pointe Woods. To expand its many worthwhile projects, the club has established a goal of raising \$4,000 in 1968.

A proclamation declaring Saturday, September 28, as National Kids' Day, has been issued by Mayor Kenneth R. McLeod and approved by the City Council of Grosse Pointe Woods. This day is observed by Kiwanis International nationwide.

TWO TOO MANY

City police received a call on Friday, September 13, from a Lakeland avenue resident reporting she heard moaning from her backyard. Upon arrival of officers found a 15-year-old Woods youth, lying in the bushes. He told police he had drunk two bottles of beer at home then started for a dance at the Neighborhood Club. He said, on the way, he passed out in the Lakeland yard. Police notified his father and released the youth to him. He was charged as a disorderly person — drunk in public and filed in Juvenile Court.

Nab Motorcyclist Following Chase

A 17-year-old youth on a motorcycle, screeching tires in the Grosse Pointe High School South parking lot, took off at high speed when he observed Farms Patrolman: an Cardella pulling up to the curb. The officer gave chase.

Cardella said that he was on routine patrol in the High School area on Tuesday, September 17, when he heard the loud noise of the cycle, and the tires screeching, and when he stopped to investigate, he saw Roukos F. Sfire of 18841 Chandler Park drive, Detroit, astride the machine.

Sfire, on seeing the police car stopping at the curb, according to the officer, drove out and took off west on Grosse Pointe boulevard, and was paced at 75 miles an hour. The policeman said that the youth continued this speed past St. Paul's School, disregarding students leaving classes for the day.

Cardella said that Sfire turned onto Kenwood, going north at a fast clip to Kercheval, then right onto Kercheval, at a speed between 85 and 90 miles an hour. Without slacking his pace, Sfire ignored a red light at Kercheval and Kerby, and a second light at Kercheval and Moross.

At Provencal road, the youth turned left and headed north at between 55 and 60 miles an hour. In front of 290 Provencal, Sfire hit a speed bump, and lost control of his machine, which leaped the curb and sped onto the Country Club Golf Course, coming to a sudden stop. The youthful cyclist was tossed over the handlebars of the two-wheeler, and landed on the ground, the wind knocked out of him, but otherwise unhurt.

Cardella said that Sfire was placed under arrest, and with the help of Farms Patrolman Otto Glanert, who is assigned to the plainclothes detail, conveyed Sfire to the station, where the youth was given a violation ticket for reckless driving. Sfire was required to pay a towing fee of eight dollars to the service station employee who towed the cycle to the rear of the police building, after which he was released on receipt of a \$50 bond posted to guarantee his appearance in municipal court on October 8.

High School TV Outfit Missing

Farms police are investigating the disappearance of \$1,500 worth of equipment from the Business Education Room at Grosse Pointe High School South, reported by Principal Gerald Gerich on Monday, August 26.

The items, all television equipment, were discovered missing by Miss Frances French, assistant principal, who told police that she entered the locked TV studio room at 9:30 a.m. The studio is located at the northwest end of Room 109. The equipment had been removed, cleaned, reconditioned and returned by William Hoover, audio visual director, in preparation for the opening of school semester on September 4. The parts were taken sometime between July 26 and the time they were discovered gone, police said.

Officers conducting the initial investigation, said that whoever had taken the things, used a key to unlock the door to the studio to enter, and locked it after leaving. There were no pry marks on the doors or windows. Reported missing were: a TC-175 Fairchild Vidicon television camera, valued at \$975; a Vidicon television tube, for the camera, worth \$200; a 25mm F1.9 lens, valued at \$40; a 75mm F1.9 lens, valued at \$70; a Panasonic CC television TR-900 IM Video Monitor, worth \$200. The matter was referred to officers of the Detective Bureau for further investigation.

Woods' \$1.25 Million Street Lighting Project Nears End

(Continued from Page 1)

rector Allen Andrews, on Mack, at the following intersections: Lochmoor boulevard, Torrey road, Cook road, and Bournemouthe road.

It was revealed that the Edison company is erecting the poles that will hold these signal lights, which will extend on arms over the avenue, except at locations where the intersections are too wide. There, the lights will have to be suspended on wires.

Total cost of this program is \$27,520, with the Woods and the county sharing payment, 50 percent each.

Andrews said that the Mack-Lochmoor intersection lights will be suspended on pole arms, for better viewing by motorists. This should, hopefully, move more cars through this intersection and reduce the back-up of south bound vehicular traffic on Mack, the director said.

The biggest change, he said, will be the removal of the flasher lights in front of the emergency vehicle driveway, leading from the police and fire

station, and the setting of more modern traffic signals at the Torrey road intersection.

This, he pointed out, will benefit motor travel all the way to Oxford road, and will give people using the side streets a better chance of getting onto Mack. It will also benefit southbound traffic from Huntington to Manchester. The signals will still be preempted during emergency runs, he added.

Another benefit, Andrews also pointed out, is that the Grosse Pointe Woods Presbyterian Church parishioners, whose

church is on Mack, directly opposite the Municipal Building, who use the public parking lot around the city hall, will be able to cross Mack to park their automobiles in the lots, and to cross the avenue on foot, to and from church services.

The public safety director said that the modern traffic signals to be placed at the Bournemouthe intersection, will help improve the flow of traffic there, and eliminate the high accident rate at this location.

So far, this year, he said, there have been more accidents

on the southbound lane of Bournemouthe, than there have been along the entire length of Mack, within the city limits.

Signal lighting is also being planned for the Mack-7 Shopping Center, which is in Detroit, just over the Woods-Detroit boundary line, to help step up the flow of traffic, and to enable motorists to better enter and leave the parking lots there.

Student Drivers Have Good Ideas

Grosse Pointe High School Driver Education students have come up with some really "Great Ideas" for improving driver safety during a Volkswagen-sponsored program that asked teenagers: How would you improve driver safety?

Miss Barbara Parsons, 895 Winchester, Grosse Pointe Park is a regional award winner and has received a \$100 savings bond and a plaque for both herself and her school. Her winning entry dealt with the design of new safety devices to be produced for the interior and exterior of a car.

Other presentations to the "Great Idea" contest by local teenagers dealt with such problems as drunken driving, traffic control and safety checks.

Larry Markhom, 20854 Lochmoor in Harper Woods, received the "Outstanding School Award" for his idea. Other Grosse Pointe South High School students who received certificates for entering were: John Southcott, 691 Canterbury; Grant Collins, 1141 Bishop road; and Steve Ellis, 1708 Aline drive.

Edward Rateick, sales manager, and Leon Strauss, assistant sales manager from Wood Motors, Inc., made the presentation at the Driver Education Building.

Receiving the school awards for student participation was Dean Balcerak, Coordinator for Grosse Pointe Driver Education.

Adult Classes At North High

Adult education is scheduled to be a part of the comprehensive program of Grosse Pointe's newest educational facility, North High School. Full utilization of Grosse Pointe Public School buildings is a long-standing policy which provides extensive educational opportunity for both young and old, day and night.

Grosse Pointe adults, by the thousands, have found the satisfying pleasures of a wide range of adult activities taking place in the evenings in the same facilities their children use during daylight hours.

Classes scheduled for the new North High School this fall include such things as art, volleyball for Men, Piloting (Power Squadron), Modern Dance for Teenage Girls, Housekeeping for Young Moderns, Home Management for Job Holding and Busy Homemakers, and Swimming.

Art students who wish to participate in charcoal, water color, or oil painting classes will find the new Fine Arts department at North High School a beautiful and spacious facility. Ronald Walford, a professional commercial illustrator and respected Detroit artist whose "One Man Show" at the International Art Center drew great acclaim, will serve as instructor for the water color-oil painting class on Wednesdays and the charcoal sketching class on Tuesdays. These 10-week classes begin October 1 and 2 and will require a \$12 fee. Each student supplies his own working materials.

Volleyball for Men is a Monday night class that affords a weekly night out "with the boys" in an atmosphere of wholesome physical activity which each participant can regulate to his own capacity. This is an opportunity to keep active in an unstructured but supervised sport. The beginning date is September 30, and the fee is \$7.50. This is a 10-week class meeting from 7:30 to 9:30 p.m.

The Grosse Pointe Power Squadron will conduct its regular piloting classes in the new facility at North High School with its first session having begun on Monday, September 16. This is a 13-week class which all boat owners and enthusiasts should not miss. The only charge for the class is the purchase of the five-dollar text. Instruction is expertly provided at no charge by the Grosse Pointe Power Squadron.

Adult Ski Club Has Big Plans

Grosse Pointe War Memorial's Adult Ski Club opens its activities next Thursday, October 3, at 6 p.m. when members and prospective members gather at the Strohaus for buffet, refreshments and slides and movies of last spring's trip to Vail and Aspen.

Only 125 can be accommodated so members and prospective members are asked to get their dues in early if they wish to attend. Fees are \$5 a year for single people; \$8 for married. Next activity of the club will be a new ski film, "Skis Over McKinley," personally presented in Fries Auditorium by Hans Gmoser on Wednesday evening, October 30, at 8:15. Hans will make a special trip from Banff, Alberta, Canada for this showing. Tickets are \$2.50 for members, 25c more for guests.

On December 15 there will be a holiday party at Ed Wahl's Sheldon road home, complete with unlimited refreshments and band.

The trip schedule of the Grosse Pointe Ski Club is fantastic. On December 20 members will jet away for two weeks skiing in Europe while the schools are closed for Christmas vacation. On January 17, the group will spend a weekend in Collingwood, Canada, skiing Blue Mountain and Georgian Peaks. In February, there will be five days in the Laurentians and March 7-16 a charter plane load will go to Vail and Aspen for 10 days skiing and partying at deluxe lodges.

For those who can't make the bigger trips, the Club has rented a farm house in Boyne Country where members may stay for \$3.50 a night, cook their own meals and entertain.

Billy Schoenith Drowns in Pool

Two-year-old William (Billy) Schoenith drowned on Saturday, September 21, in the pool of his Balfour road home. Billy had been swimming in the family's backyard pool with his brother Joseph Jr., 11, Michael Shank, 11, and Mark Blancke, 11.

All five boys left the pool and joined Mrs. Schoenith in the front yard where they all helped her with the lawn work. A little later Joseph and his mother noticed that Billy was nowhere in sight. They searched the area and found Billy floating in the pool.

Police were called immediately and Billy's mother performed mouth-to-mouth resuscitation but her son was pronounced dead on arrival at Bon Secours Hospital.

Billy was the son of Mr. and Mrs. Lee Schoenith, and the grandson of Mr. and Mrs. Joseph A. Schoenith founder of the Gale Electric Company and the Roostertail. His father is vice-president of Gale Electric.

A mass of the Angels was celebrated on Tuesday, September 24, at St. Ambrose Church. Funeral arrangements were handled by the Eppens Van De Weghe Funeral Home.

Also surviving Billy are his brothers, Joseph, Mark and Jay; and his grandmother, Mrs. Glenrose Harrington.

Interment was in Mount Olivet Cemetery. Memorial Tributes may be sent to the Cancer Fund.

Record high for a Michigan State football team in first downs is 33 established in the 1952 Marquette game.

Schools Reveal 7 Newcomers

Reginald P. Sienkiewicz, Director of Pupil Personnel for The Grosse Pointe Public School System, has announced the names of seven newcomers to his department for the 1968-69 year.

Three speech correctionists are Miss Barbara Ferguson, Miss Karen Isaksson, and John Whelan.

Miss Ferguson is a graduate of Central Michigan University. Miss Isaksson was trained at Bowling Green University in Ohio, and Mr. Whelan has degrees from Clarion State College in his native state of Pennsylvania and from Wayne State. Prior to coming to Grosse Pointe, he was on the staff at Wayne State University.

Among the school social workers employed for the 1968-69 year are Mrs. Marvis Abrahamson, Mrs. Lydia Demeulemeester and Mrs. Dorothy Voigt.

Mrs. Abrahamson has a master's degree from the University of Michigan and has taught in Saginaw and in St. Clair Shores. Mrs. Demeulemeester, who also has a master's degree in social work, taught in Detroit for seven years. Mrs. Voigt, a native of California, has degrees from the University of California and from Wayne State University.

James Boddy, who will teach at Brownell, is a native Detroit and a graduate of Wayne State University who has worked in the Detroit schools for the past 12 years.

State Secretary Offers Apology

Secretary of State James M. Hare disclosed in a letter dated August 27, a correction in the reported revocation of a Pointe motorist operator's license, listed in last week's issue of the NEWS.

Hare sent a letter to Daniel Shanoski of 501 Ballantyne road, which reads as follows:

"Please be advised that our order of revocation dated July 30, 1968, is herewith rescinded inasmuch as you were referred for re-examination in error. We are in the process of correcting our records. Thank you for bringing this to our attention."

Under Michigan's Motor Vehicle Law, any person who has an unsatisfactory record, and fails to appear before SOS Examining Board for re-examination as ordered, loses his right to drive, and his license is automatically revoked.

Hare prints a weekly list of the names of motorists whose licenses have either been suspended or revoked. The list is sent to law enforcement agencies and to news medias; to the police, to alert officers against those who drive when they should not, and to the news medias, for publication of names of local residents who have been deprived of the right to operate a motor vehicle.

Many times police have been alerted by relatives and friends of those taken off the roads, that that particular person is driving when he has no right to, and officers make arrests based on this information.

In Shanoski's case, his name was placed on the SOS listing in error.

Debt is a trap—easy to get into, but sometimes it takes a lifetime to get out.

The fellow who sits down and hopes for the best can be counted out as hopeless.

Three Juveniles Nabbed for Theft

Three juveniles were apprehended by Park police officer William Furtaw on Wednesday, September 11, after having taken a purse containing \$29 from the lawn of 16824 Cranford. The purse belonged to Mary Ellen Hadjisky, who was playing with her children in the yard at the time of the theft. She had placed her purse on the lawn. The boys were on bicycles. They rode to the corner of Notre Dame and Cranford, removed the money from the wallet then rode back to the Hadjisky home and threw the wallet on the lawn. They then fled west on Cranford and north on Cadieux. Patrolman Furtaw, who had heard the radio broadcast on the trio, spotted them at Waterloo and Cadieux and apprehended them and turned them over to City police. One of the boys had the cash in his pocket. Another of the youths had in his possession a set of keys which had been taken from Bon Secours Hospital earlier in the day. The boys were turned over to their parents, and filed on in Juvenile Court.

Korean Bishop To Preach Here

Now 42 years of age, Bishop Rutt has been in Korea since 1954. He graduated from Kelham and Pembroke College, Cambridge, and was ordained at Ely in 1951, after which he served as a Curate in Cambridge, England, before going to Korea. He was in charge of a rural parish there, during which time he wrote a book about Korean rural life, which later was given a Korean literary prize. He then supervised the building and early years of St. Bede's University Anglican Student Center in Seoul and for two years was Rector of St. Michael's Seminary. He was consecrated Bishop in 1966, serving as Assistant to Bishop Daly until his retirement last year.

St. Paul Gridders Split First Two

St. Paul Lakers showed that they are really ready to play football in the '68 season as they took the opener from St. Anthony at Grosse Pointe High School field, on Sunday, September 15. The Lakers shut out the Teutons by a score of 20-0. It was the first opener that St. Paul's has won in seven years. The 5'-9" halfback, Michael Corcoran overpowered St. Anthony's team. Corcoran ran for two touchdowns, one on a 20-yard run and the other on a 45-yard pass from sophomore quarterback Michael Nally. The only other score came on a 60-yard romp by fullback Michael Corbett. Last Sunday the Lakers took the field to see if they could make it two in a row. On the wet, rain-soaked field, the Lakers could not get an offense going against the tough St. Ladislaus team as the Greyhounds won, 6-0. The Lakers played a good defensive game, holding the Greyhounds only to the single touchdown made in the second quarter. Injuries to the two co-captains, Doug MacEachern and Tom Nally, and to Mike Corbett helped St. Ladislaus squeeze to a hard-fought win over the Lakers.

Bicycles Stolen By Detroit Boys

Two boys who live in the Jefferson-Chalmers area in Detroit, were observed by Grosse Pointe Park policemen, Howard Carl and John Kendall, walking beside bicycles on Jefferson avenue near Berkshire road, Monday, September 16, at 12:30 a.m.

They were taken to the police station for questioning. When licenses on the bikes were checked it was found that the juveniles had stolen them from an open garage at the residence of Robert Schrage, of 1021 Bishop road.

When police asked the boys what they were doing out at that time of night, they said they had "sneaked into the Waterfront Park, and gone swimming."

"We figured it was a long walk home, we saw these bicycles in a garage, where the door had been left open, and decided to ride them home," the older boy explained. The case was referred to Detroit juvenile authorities.

Catch Youngsters Stealing Bikes

City police received a call on Tuesday, September 17, reporting three boys were tampering with bicycles at Maire School. Upon arrival officers apprehended three youths, two juveniles and one 17-year-old, Robert Charles Jackson, of 2102 Harding, Detroit.

Jackson was riding a blue, ten-speed bicycle which had been reported stolen the day before by Russell Head, 5990 Canyon, Detroit. The 15-year-old was riding a 26" bicycle which belonged to Jonathon Banks, 1048 York, whose mother told officers, he rode his bicycle to Pierce Middle School that morning.

Jackson told officers that he bought the bicycle from a Negro youth, who lived in Lillibridge avenue, in Detroit. He said he and his brother were riding in Grosse Pointe and met the 15-year-old who told them they could get a good bike for the 14-year-old at Maire School. Jackson admitted to police that he and his brother were at Maire to steal a bike.

The juveniles were taken to Wayne County Youth Home by Lt. Robert VanTiem and officer Dale VanDale. The 17-year-old was charged with possession of stolen property. He stood mute and was found guilty and a pre-sentence report ordered.

Dogs Versus Cats Good For Spirited Arguments

By Walter W. Fuller

Often, around any hacienda, things get a bit dull, and conversation tends to turn into a boring kettle of mishmash. So, how about starting a good, old-fashioned dog fight... with cats on the other side of the argument? This can be done anywhere, and without the least provocation.

Household pets, where there are youngsters, range from ants, caterpillars, and guinea pigs to turtles, goldfish and alligators. But the most common, by far, are canines and felines.

And you usually can find a lusty argument in any cocktail hour group of men and women when you set out to pit cats against dogs. All you have to do to start the verbal controversy going is to express your great admiration for your dog... or your cat, as the case may be. Within five minutes you'll have your friends saying you're as daffy as taffy... no matter which side you take.

Dog Population

First off, let me get you started on the right track. Everyone, I'm certain, will agree that dogs and cats ARE carnivorous quadrupeds... that cats cannot be traced to any existing wild animals (including lions and tigers), and that dogs are descendants of wolves or, perhaps, jackals. There you go, now try that one for a starter.

And, now, to set the record straight, please be advised that there are 3,247 licensed dogs in the Pointes. If you care for a breakdown of the canine population you'll find there are 1,084 dogs in the Farms, 1,073 in the Park, 563 in the Woods, 410 in the City, and 117 in the Shores.

Sad to relate the cat population in these beautiful communities never has been taken, because cats do not bark, prowl the neighborhood, snap at mailmen or growl when visitors walk into a home. Likewise, no one seems to know the squirrel population, which may be double that of dogs and cats combined. So, where are we?

Man's Best Friend

It has long been said that "a dog is man's best friend," and "recollect that the Almighty, who gave the dog to be companion of our pleasures and our toils, hath invested him with a noble nature, and incapable of deceit."

On the other hand, a cat is said to have "an acute mind, an inflexible will, and a divine patience." Cat buffs can really build a big case in favor of their feline friends. But so can those who worship at the throne of Canis familiaris!

Some felineophobes call them "dumb, purposeless, self-centered, indolent, treacherous." Again, on the other hand, those who dislike dogs say they can be ANY man's best friend, are devoted to anyone in whose company they find entertainment.

One of the most valued books in my library was written by a man with whom I became acquainted years ago, the late William Lyon Phelps, then an English professor at Yale University, who summered in Michigan's Thumb. The book, "Autobiography With Letters," contains a chapter titled "Inter-

Cats Much Neater

"One reason men have always liked dogs," he wrote, "is that the dog flatters us with fawning servility; it is agreeable to be received by demonstrations of affection. But the devotion of a dog has been overpraised. He is easily bored, can't entertain himself, his ideal is a life of active usefulness."

"I had to be disillusioned before I accepted this truth. My first dog was a noble Irish setter who apparently could not bear to have me out of his sight. He cared nothing for guests, or strangers; if I left the room he instantly followed me. I felt proud of this and often thought what a faithful fellow he was."

"Then, one day, I fell into a sickness, and had to stay in bed two weeks. For an hour or so that first day he remained in my room. But there were other men in the house. One of them took the dog for a walk, and alienated his affections. The dog never came near me, but pretended to be pleased when I recovered. Even the famous 'one-man' dogs are fed by one man."

"A dog does not compare in neatness with the cat. The dog is a jolly good fellow; he leaps joyously upon you, places his muddy paws on your shirt-front, and, after swimming, postpones the shaking of his frame, until he is in close range."

Cat Commands Respect

Dr. Phelps claimed that the superiority of the cat is "shown most convincingly in his intellectual resources. You may love a dog, but a cat commands your respect. His infinite capacity to keep still makes him good company for the quiet hours. The dog, as someone said, is always on the wrong side of the door."

"Every household should have a cat," he continues, "not only for decorative and domestic values, but because the cat in quiescence is medicinal to irritable, tense, tortured men and women."

"Now, when the cat decides to rest, he not only lies down, he pours his body onto the floor like water. It is reposeful merely to watch him."

"If the cat wishes to leave the room he makes no fuss about it, and does not annoy you with vocal importunities; he simply selects a position near the door, and waits patiently until someone opens it."

"It's a pity that dogs take no interest in washing themselves; it would help in passing the time. It is a constant resource for the cat. If there is nothing else going on, or if the cat is wakeful, he can always bathe himself. To a cat self-washing is a means of cleanliness, an athletic exercise, a pastime, a fine art, a religious ritual."

Cat More Graceful

Famed playwright William Gillette, once wrote: "Surely it must be evident to you that those who attack a person for appreciating the wonderful traits and beauties of cats are grossly and absolutely ignorant, and pitifully prejudiced against them."

Now, if all this sounds like

Rayburn I. McKay Plebe at Annapolis

Midshipman Fourth Class Rayburn L. McKay, 18, son of Mr. and Mrs. William C. McKay Sr. of 1 Alger Place, has completed his initial phase of Midshipmen indoctrination at the U.S. Naval Academy in Annapolis, Md.

During the 10 weeks of summer training he and other "Plebes" were introduced to and met the standards of discipline, conduct and performance required by Midshipmen.

He spent hours on the drill field, days on the rifle range and more hours sailing in the academy's 26-foot sailboats.

The summer training period came to an end with a Parent's Open House Weekend when the Midshipmen's parents visited the academy and were able to observe the progress made by their sons.

With the summer over and the upper classmen returning to Annapolis, the emphasis now shifts to academic subjects and integration into the 4,000-man Brigade of Midshipmen.

Gasoline Bonfire Burns Auto

Using gasoline to start a bonfire is dangerous business, as the 10-year-old son of the Thomas M. Atkinsons, of 1409

Kensington road, now knows. Park police report that the lad had some difficulty igniting a pile of leaves raked onto the side drive of the Atkinson home. He then poured some gasoline on the leaves, and tossed a match in on top of it. The leaves immediately burst into flame. In addition, some of the gasoline spattered on the side of the family's 1968 automobile parked in the driveway. Some of the paint was burned off, police said. Det. Sgt. James La Pratt, commenting on the mishap, urged parents to be on hand as supervisors when their children attempt to light a bonfire. "They are especially warned against using such highly inflammable liquids as gasoline," he added. "That could be tragic."

WSU Enjoying Building Boom

The clangs of cranes and construction crews—sounds almost as traditional as the gongs of the University clock on campus—will again greet students returning to Wayne State University this fall. All through the summer months new buildings have been taking shape in the biggest construction boom in Wayne State history. Four buildings, representing a total cost of approximately \$46 million are now under construction—the Basic Medical Science Building, the University Center Building, a Chemistry Building and Science Library, and a Foreign Languages and Speech Classroom Building.

The University Center Building will be the focal point for student life on campus, providing dining facilities, meeting rooms, lounges and a University bookstore. Included in the building, on the upper floors, will be the Charles Grosberg Religious Center housing the headquarters for all of the major religious faiths on campus. In addition to the new buildings, work has begun on outdoor facilities at the Matthaei Physical Education and Recreation Building, first of a series of planned University projects in a new campus area west of the John C. Lodge Freeway. New facilities include a new stadium, 16 tennis courts, and baseball, instructional and practice fields.

Groundbreaking is scheduled this year for the new Shiffman Medical Library and the Labor Archives Building. A considerable part of the cost for the record building program will come from gifts and grants to the University.

WALLET STOLEN

Gail Arner of 19883 Doyle place, told Woods police on Sunday, September 22, that while she was shopping at Arnold Drugs in Mack avenue, an unknown thief lifted her wallet from her purse, which was a basket type, but coverless. Her loss was \$37 in bills and change, operator's license and personal papers.

Thieves Get Club Liquor, Cigarets

Thieves forced their way into a semi-trailer parked in the lot of the Lochmoor Golf Club, 1018 Sunningdale, and escaped with \$235 worth of merchandise, it was reported on Wednesday, September 11.

Richard Brennan, manager of the club, notified Woods police of the break-in, disclosing that the burglars entered the trailer after filing off a master lock on the side door of the semi.

Missing, Brennan disclosed, were two cases of whiskey, brand unknown, valued at about \$120; 10 cases of premium and local beer, valued at a total of \$60; and 20 cartons of assorted brands of cigarettes, worth a total of \$55.

Discovery of the theft was made by Nick Moffa of 22800 Gary, St. Clair Shores, bar manager, when he went to the trailer to replenish depleted stock. The semi was parked at the northeast corner of the Club property.

Auxiliary Ladies Making Anniversary Ball Plans

The first meeting of the Detroit-Macomb 18th Annual Hospitals Auxiliary Ball committee was held Friday, September 13, at the home of general chairman, Mrs. Vollrad J. von Berg, of North Rosedale court. Ideas, suggestions, opinions, and questions were discussed with the purpose of planning for a most successful event. Sub-committees were selected under the guidance of Mrs. Frank Pugliesi, vice-chairman of the Ball.

The surest way to test a man's character is to find out if he lives up to his promises.

He's Still Controversial

Tagged by many as the most controversial columnist in American journalism, Drew Pearson unleashed several thousand words (some perhaps with tongue in cheek), during an hour-long address at Detroit's Masonic Temple last Friday night.

His white mustache twitched quite a bit as he chit-chatted on and on under the auspices of Detroit Commandery, Knights of Templar. Most of the audience of about 800, (which included many Grosse Pointers), are solid Republicans, it should be noted.

Much of Pearson's monologue was a rehash of past events about which most of his audience had previously read. He also allowed as how Nixon would be elected President if the votes were cast tomorrow, which seems most obvious. He made no November 5 prediction.

He also recited the yarn (rumor?) going the rounds among newsmen in Washington, which has been briefly mentioned before in some newspapers and magazines.

The story alleges that George Wallace proposes to drop out of the race, and throw his support to the major Presidential candidate who will give him the power to name the heads of the Department of Justice, and the Department of Health, Welfare and Education. Drew seems to think it's a good story, but that the "deal will never go through," which made everyone happier than they were when he started to discuss it.

Next, the genial old maestro of controversy discussed "Crime in the Streets," which he is against, and "Law and Order," which he is for. Now, at this point, as he spoke he raised the hackles on the necks of a few hundred Republicans, probably including Wilber M. Brucker and Lt. Gov. William Milliken who were at the speakers' table.

Drew allowed as how this sad situation, which scares the heck out of everyone but the perpetrators, is not the problem of the Federal Government, but of the Governors of states. He admitted that he does not permit Mrs. Pearson to take after-dark strolls in his home town of Georgetown, which is in the District of Columbia, where they have no governor.

Here he cited a recent FBI report, which listed the seven worst crime states in the USA as California, New York, Nevada, Maryland, Arizona, Florida and Michigan, in that order.

Then, with a most happy look on his face, he appeared delighted to emphasize to his Republican audience that the governor of each and everyone of those states is a Republican.

At that there was a long moment of dead silence in the hall, then Drew abruptly switched to another subject. He had left unsaid more than he said, which is an ancient trick of the professional propagandist, and deliberate news slanter.

What drew Drew failed to mention is that there are 19 other states where there are extremely low crime rates, which also have Republican governors. Just for the fun of it, we should also add, that the nation's most publicized, crime-ridden cities . . . such as Cleveland, Detroit, Boston, Chicago, Gary and St. Louis, to mention a few, have mayors who are Democrats. Pearson may be able to use this information in his next speech, but we doubt it.

It should be emphasized that we do not believe for one second, that a man's political party has anything to do with crime in the streets, and we are fairly certain Pearson feels the same way. We are doubly sure that Democrats and Republicans alike are equally concerned about the situation. That's the way it should be!

But, when a man of Pearson's stature tries to blame the crime in seven states he mentions on their governors, no matter what their politics, he's way out in left field.

So, dear Drew, why not stop trying to make the public believe this kind of nonsense, and spend your time trying to come up with a solution to the problem? Then you can report your personal findings to the governors and the mayors, and make a hero of yourself.

Are You Registered?

Everyone of voting age in the Grosse Pointe area surely knows that there will be a general election throughout the United States on Tuesday, Nov. 5.

On that day millions of voters will cast their ballots for the Presidential candidate of their choice. There also will be millions of citizens who, for one reason or another, will NOT go near their polling places, which is a pity.

Following the general election of 1964, it was estimated that nearly 30 million failed to cast their ballots, and that more than two million of these dissidents were citizens of Michigan. This is an indication against too many of us!

It is quite possible that there are a large number of Grosse Pointers who are NOT now properly registered to vote. Among them may be scores of young people who recently have become eligible to cast their ballots for the first time. Then there are those who have moved into the area, and have not applied for new registration cards.

Let us now emphasize that the final day for registering to vote in the Presidential election, is Saturday, Oct. 5, just nine days from today. We urge those who have not already done so go to the City Hall in their community and make certain they are eligible to vote on November 5. Do it NOW!

What Goes On at Your Library

By Virginia Leonard

We're a bit late, but September 17-23 happened to be League of Women Voters Week, and September 16-21, CONSTITUTION Week. Displays are still up for your viewing in our Central Library, and we hope you will come in and remind yourself of the importance of these two observances.

Both display cases contain a combination of pertinent and interesting materials, such as pictures, pamphlets and books—all underlining the need for awareness in our country's fine heritage and involvement in many of the problems that face our nation.

The material on the Constitution is provided by the Elizabeth Cass Chapter, D.A.R. This year, September 17, marked the 181st anniversary of the signing of the Constitution of the United States. In the present critical period of our history, it is even more important to reflect back to our origins, and the struggles our ancestors had to obtain and maintain freedom. Our libraries all contain books dealing with our history and current problems—it might be helpful to do some reading in these fields to reaffirm our beliefs and give us a better background before making judgments.

Another fall activity about to unfold is Mr. Robert M. Orr's course entitled: BOOKS AMERICA IS READING—AND WHY. This class, as you may know, is designed for the busy person who cannot keep up with today's best sellers — the books Americans are reading and talking about.

The first book, AIRPORT, by Arthur Hailey, will be reviewed on October 3. This book has been on the best seller list for a long time, and is as comprehensive on aviation as the author's last book was on the hotel.

The following week, October 10, Mr. Orr will be exploring IBERIA by James Michener. This is a book on Spanish travels and reflections — it is a monumental study, on the best seller list, and a Book-of-the-Month Club Selection.

On October 17, the title will be RED SKY AT MORNING by Richard Bradford. This is a warm and entertaining story of what happened to a Southern wife and a seventeen-year-old son when dad went off to fight Hitler.

As this is an election year, it is surely fitting that THE CASE AGAINST CONGRESS by Drew Pearson and Jack Anderson would be on our list for October 24. The subtitle of this book is: The Pervasive Corruption of Capitol Hill in Condemning Detail. It may be muck-raking, but it is important and informative.

A new fiction title by Allen Drury, PRESERVE AND PROTECT, will be reviewed on October 31. Here is another timely political novel, by the author of ADVISE AND CONSENT, and the fourth in his series. Here we have a president's death, assassination, and the Speaker of the House as "caretaker" president.

A top best seller is "Adam Smith's" THE MONEY GAME (the author's real name is George Goodman). "Adam Smith" knows money and its use; he presents a knowledgeable and entertaining study for investors—this one is scheduled for November 7.

On November 14, THE HURRICANE YEARS by Cameron Hawley will be up for consideration. Here, the author of CASH MCCALL tells of a 40-year-old executive who suffers a heart attack and gains new perspective on his wife and son.

And finally, on November 21, THE RIGHT PEOPLE, by Stephen Birmingham will close out the series. The author of OUR CROWD here presents a portrait of the American social establishment. He has been accused of inaccuracy, but his books are widely read and discussed. In this one, Grosse Pointe is featured.

This book review course will meet weekly in the Exhibition Room at Central Library. Each of the eight classes is devoted to a thorough review of the book by Mr. Orr, followed by a lively discussion of books, ideas and the major problems we face.

Public Schools in Focus

By Dr. Theos I. Anderson, Superintendent of Schools

I would be remiss if I did not take advantage of this means of communication with the public to comment upon the results of the September 12 special school millage election.

First, in behalf of approximately 13,000 students attending the public schools, I wish to thank those voters who cast affirmative votes.

As you know, the passage of Proposition No. 1 means that your public schools will be operating in the black for the next two years. If the proposition had failed, the school would be on deficit financing this year to the extent of \$671,000. In 1969-70 the deficit would have been \$2,600,000, for a total of more than \$3 million.

Our financial dilemma is not unique. The general consensus throughout the nation seems to be increasing resistance to the local property tax as the basis for public school operation. Local taxes account for over 70 percent of the school system's receipts, various State Aid programs provide about 22 percent of our revenues, with the balance coming from miscellaneous sources.

Readers will be interested in learning that less than one percent of the receipts of The Grosse Pointe Public School System come from the Federal government.

From the preceding breakdown you will see that the bulk of our operating funds are provided locally. But we keep hearing about alternatives to the local property tax. What might these be?

We read constantly about the need "for equality of educational opportunity for all children in Michigan." To achieve this end, a proposal was made recently in Lansing to institute a local income tax for the operation of the schools. The taxes paid to State of Michigan would be dispersed on an equal basis to all school districts.

What is the implication of such a plan to our system? Obviously, and additional tax on personal incomes in Grosse Pointe would raise a tremendous amount of revenue. Unfortunately, for this district at least, all the money collected would not be returned to Grosse Pointe.

Thus, if the State of Michigan were to achieve "equality of educational opportunity" in all school districts, we would be paying a disproportionate share to raise the level elsewhere, resulting in a local educational program of diminished quality. In my opinion, the picture of financing education in the future is indeed bleak. Next week I wish to comment upon three additional problems facing the Grosse Pointe school district.

Cutler Picked For Olympics

The Olympic Committee recently announced the selection of Lester Cutler to be one of a Kayak racing team representing the United States at the Olympic games in Mexico City. Cutler will compete in the Kayak events with approximately 100 contenders who will paddle their swift, lightweight kayaks in a series of elimination events which take place in October.

The appointment was won following the Kayak racing finals held at Rowing Stadium in Long Beach, Cal., where the American team was selected.

Cutler, the son of Mr. and Mrs. Senga Cutler of 20580 Fairway lane, is now a swimming coach at Esfancia High School in Costa Mesa, Calif.

Cutler's prowess in water sports goes back to his high school days when he captained the Grosse Pointe swimming team and was a Scenolastic All American for three straight years.

After graduating in 1958 he enrolled at the University of Iowa where he won Collegiate All American for three years and was appointed captain of the swimming team in 1961.

During his college years, Cutler entered the 1960 Olympic try-outs and came in 4th in the backstroke finals.

Cutler started Kayak racing in 1966 and trained in Sweden with some of the world's fastest paddlers, two of whom were Swedish racers and Gold Medal winners in the 1964 Tokyo Olympics.

Along with his team mates, Cutler will leave for Mexico City well in advance of the Kayak events to undergo further practice and become accustomed to the country's high altitude.

GIVE BRAILLE WATCHES

Officials of the Metropolitan Council of Lions Clubs went last Tuesday to Carmel Hall, a home for the aged at 2560 Woodward avenue, Detroit, and presented Braille watches to blind residents who live there. This was the largest number of these watches ever given by the Lions at one time, said Common Pleas Judge Benjamin Stanczyk, chairman of the committee which made the presentations.

Christ Child Carnival 'Pre-View' Is Slated

"Much Ado About Something" Theme Of '68 Pre-Holiday Fair; Orders May Be Placed At War Memorial Next Wednesday

The Christ Child Society will hold a "Pointe Pre-view" of its annual Fall Carnival on Wednesday, October 2, beginning at 10 o'clock at the Grosse Pointe War Memorial.

Mrs. Thomas F. McGann, East Side co-chairman, reports that members have been making many beautiful and unusual items for this year's Carnival.

The Apron Booth is called "The Taming of the Shrew." (The Carnival itself is a Shakespearean Fair entitled, "Much Ado About Something.") Besides aprons, shifts for girls from two to 12 and terry robes for beach or bath are featured.

The Christ Child Ladies, noted for their gourmet cooking, have been baking "Measure for Measure," and Pre-Viewers may order Halloween candy, holiday candy and fruit cake from "Juliet's Sweet Shoppe," plus "Twelfth Night" calendars for token gifts.

The ever-popular Christmas Booth, appropriately dubbed "A Winter's Tale," offers new and elegant versions of the proverbial wreath, Christmas angels and an assortment of tree skirts and stockings.

Very professional-looking flower arrangements may be ordered, beautifully done in variations of silk, velvet and straw flowers.

"The Merry Wives of Windsor" have been making decoupage bags and boxes all summer. (Come early for they won't last long!)

"All's Well That Ends Well" in the knitting booth. The fishermen's knits are "the greatest."

"Such Stuff Are Dreams Made Of" features items especially for little girls and boys: Dolls and Doll clothes—doll beds, too, garages for little boys and—yes, STILTS—for the 6 to 12 group, eight feet tall and hand painted. Special orders for monogram-

ming, mounting of prints, hand-painted Christmas tree ornaments and just about anything, will be taken in the Talent Unlimited Booth. Everything there is by special order only and "As You Like It."

Working to stack these booths are Mrs. William Dinan, Mrs. Eugene Freitas, Mrs. Richard Gallagher, Mrs. David Henes, Mrs. Robert Hurley, Mrs. Shad Kozlowski, Mrs. Donald Limberg and Mrs. Thomas Mayer.

Others are Mrs. David Marantette, Jr., Mrs. Edward Monahan, Mrs. Gilbert Pendolino, Mrs. Casimir Rejent, Mrs. Samuel Solomon, Mrs. Frederick Stone, Mrs. Carroll Treder, Mrs. Robert VerHelle and Mrs. Anthony Zaccari.

The Shakespearean Fair will be held on October 30 at the Raleigh House. A gourmet luncheon will be served with fashions by Milgrims.

Carnival Chairman is Mrs. Robert Gabriel, assisted by Mrs. Harry Heilmann and Mrs. Thomas McGann.

Planning the luncheon, fashion show, decorations and awards are Mrs. Clayton Alondt, Mrs. Bruce Bartsch, Mrs. Thomas Chuba, Mrs. Donald Pokony and Mrs. John Tulloch.

Proceeds from the Carnival are used to maintain a temporary shelter for homeless children and a school for the educable retarded.

The newest Christ Child Project is the Child Appraisal Center, where members are able to participate in community affairs through speech correction and remedial reading programs.

The redeeming feature about building castles in the air is that they still remain untaxed.

Smith-Korte Rites Are Held

Speaking their wedding vows Friday evening, August 30, in St. Jude Church were Virginia Anne ("Ginger") Korte, daughter of Mr. and Mrs. Harold H. Korte, of Detroit, and Sheldon Dodge Smith, son of Mrs. Berns Smith, of Lakeland avenue, and Fred Smith, of Salem, Va.

A reception at Hillcrest Country Club followed the 7:30 o'clock double ring rites, over which Father John O'Callaghan presided.

The bride, given in marriage by her father, wore a white organdy Empire gown, styled with pleated puff sleeves and a Victorian bodice of Alencon lace. A seed pearl-accented pillbox held her bouffant illusion veil, and she carried a French Colonial bouquet of daisies and white roses.

She was attended by honor maid Carol Hamel and bridesmaids Marilyn Short, Karen Walters and Donna Sewell, who selected floor length Empire frocks of lime pea.

Their headpieces were veiled bands of lime flowers, accented with pearls, and their French Colonial bouquets were fashioned of purple carnations, daisies and baby's-breath.

The bridegroom asked William Mumaw to act as best man. Ushers were Richard Walker, Richard McCarron and Ronald Korte, the bride's brother.

The newlyweds have returned from a vacation in the East and are making their home in Detroit.

Fall Plans Made By Newcomers

The Grosse Pointe Newcomers Club began its fall season with the formation of a new political party: The Bridge Party. Club members met Saturday, September 14, to play progressive bridge, (and, perhaps, to elect "Snoopy" as their president?).

The caucusing committee was headed by Bob and Joan Reinhard and includes Al and Mary Kleusner, Dick and Joanne Mills, Eddie and Mary Beth Pittman and Clarence and Eleanor Wascher.

The Afterglow convention was held at the Knights of Columbus Hall, Warren at Radnor.

Arrangements for the Newcomers' second annual football party at Ann Arbor have been completed. The group will see the Michigan-Navy game Octo-

ber 5.

Newcomers and their guests will bus to Ann Arbor and enjoy a tailgate lunch prior to the game. Chairman of this event will be Dick and Anne Silven. They will be assisted by Harry and Nancy Brown, Bill and Sally Pierce, Ken and Betsy Schooff, Jim and Emmy Seegert.

Couples who have recently moved to Grosse Pointe from outside the Detroit area are invited to contact Ed and Mary Sullivan, 821-1820, for information on Club activities.

Autumn's Busy Time At GPYC

September's calendar is stuffed with special activities for Grosse Pointe Yacht Club members.

The 1968-69 bowling season started with a pre-season bowling party Thursday evening, September 12, at 6 o'clock. League bowling began Monday, September 16, under the general chairmanship of F. W. "Bud" Seyler.

School Needs Scout Leaders

Girl Scout leaders at Brownell Junior High School are making a plea for additional help in carrying out the coming school year's program in Scouting at the school.

The present schedule calls for two afternoon Junior Troops for sixth graders only and two evening Cadette Troops for seventh, eighth and ninth graders.

Unless, however, an additional leader and several assistants can be found, the program may be cut back, according to Mrs. J. D. Thomas, Troop organizer. This would disappoint many interested and eager girls who are planning on their Girl Scout activities this year.

Anyone interested in volunteering her time to fill the vacancies, is asked to contact Mrs. Thomas at 884-1321.

MRS. CHARLES A. NUTTING, of Somerset road, was honored Sunday, September 15, by her family and friends at a surprise birthday party. Mrs. Nutting, the former RUTH WILKINSON, was born in Detroit 75 years ago on September 15, 1893, and has lived in Grosse Pointe Park since 1951.

Parsons-Kasab Rites Revealed

A gown of lace appliqued on organza-over-taffeta, an elbow length illusion veil and a bouquet of white roses were chosen by Virginia Kasab for the Sunday, September 15, ceremony at which she became the bride of William Henry Parsons.

She is the daughter of Mrs. Jack Kasab, of Detroit, and the late Mr. Kasab. The bridegroom is the son of Mr. and Mrs. Henry C. Parsons, of Westchester road.

Following the 4 o'clock rites in Immanuel Lutheran Church, at which The Reverend Constantine Trued officiated, and a reception in the Church Parish Hall, the newlyweds left for a vacation in Massachusetts and New York. They plan to make their home in Phillip street, Detroit.

Anni Kasab, who served as her sister's honor attendant, and bridesmaids Mrs. Sam Finazzo and Mrs. Harry Collins, the bridegroom's sister, wore ruffled-collared floor length frocks of grey brocade and carried carnation bouquets.

Flower girl Shelley Keys, the bride's niece, in a short, white dress, carried a basket filled with pink carnations.

Best man was David Burau, Harry R. Collins and Robert Nelson, the bridegroom's cousins, seated the guests.

The mother of the bride wore a blue silk gown, styled with a jeweled neckline. The bridegroom's mother chose a pale gold silk ensemble. Both mothers selected white cymbidium orchid corsages.

Keith E. Reichle Weds In North

Her floor length skirt with lace motifs at the hemline extended into a court train.

A matching Mary Queen of Scots' headpiece held her imported antique ivory silk illusion veil, and she carried an arrangement of white stephanotis and Amazon lilies.

Mrs. Thomas Shelton, a cousin of the bride, served as matron of honor with bridesmaids Carol Rosenbaum, Mrs. John DeGolia and Mrs. Ronald Harrington.

Their floor length maize linen A-line gowns styled with daisy-appliqued cowl necklines featured wateau paneled back accents. They carried bouquets of white daisies accented with baker fern.

Parsons-Kasab Rites Revealed

A gown of lace appliqued on organza-over-taffeta, an elbow length illusion veil and a bouquet of white roses were chosen by Virginia Kasab for the Sunday, September 15, ceremony at which she became the bride of William Henry Parsons.

She is the daughter of Mrs. Jack Kasab, of Detroit, and the late Mr. Kasab. The bridegroom is the son of Mr. and Mrs. Henry C. Parsons, of Westchester road.

Following the 4 o'clock rites in Immanuel Lutheran Church, at which The Reverend Constantine Trued officiated, and a reception in the Church Parish Hall, the newlyweds left for a vacation in Massachusetts and New York. They plan to make their home in Phillip street, Detroit.

Anni Kasab, who served as her sister's honor attendant, and bridesmaids Mrs. Sam Finazzo and Mrs. Harry Collins, the bridegroom's sister, wore ruffled-collared floor length frocks of grey brocade and carried carnation bouquets.

Flower girl Shelley Keys, the bride's niece, in a short, white dress, carried a basket filled with pink carnations.

Best man was David Burau, Harry R. Collins and Robert Nelson, the bridegroom's cousins, seated the guests.

The mother of the bride wore a blue silk gown, styled with a jeweled neckline. The bridegroom's mother chose a pale gold silk ensemble. Both mothers selected white cymbidium orchid corsages.

This is a beautiful people.

You can tell it by the hair-do. Long-ish, pulled straight back and tied with a beautiful-people scarf. It's the perfect summer thing, but it depends on the healthiest possible hair. Hair washed clean and glistening. Made body-ful by conditioners. Controlled by the best setting lotions. And brushed till it gleams. In other words, the kind of hair we specialize in. If you'd like to be a beautiful people, see a beautiful hairdresser. The name of one is directly below.

Two Grosse Pointers, Mrs. Thomas V. LoCicero, of the Women's Association for the Detroit Symphony Orchestra, and Mrs. Thomas Mercier, of the Junior Women's Association, are co-chairmen of this season's Symphony Kaleidoscope, a series of five music-appreciation lectures, jointly sponsored by the two organizations, which will start next Wednesday, October 2.

The first four sessions of the series will be held in Room B of the McGregor Memorial Center on the Wayne State University campus; the last session will be at Ford Auditorium.

The aim of the lectures, which are open to the general public, is to give concert-goers a greater understanding of some of the fine classical and 20th century music that will be played during the Detroit Symphony's 1968-69 season.

Symphony Kaleidoscope instructor will be Mrs. Robert L. Kaiser, of the Women's Association, who performed the same task so splendidly for last year's series, and who had previously, for 13 years, conducted similar courses in connection with the Cleveland Symphony.

Other localities on the Kaleidoscope committee include, for the Women's Association, Mrs.

Walter J. Burczyk, Mrs. Stephen Sweeney, Mrs. Jerome W. Benson and Mrs. Robert Crossen, and, for the Junior Women, Mrs. Henry Roesch and Mrs. Richard Noyes.

The topic for October 2 will be "The Magic of Mozart." Duo pianists Mrs. Thomas Young and Mrs. Ronald Ladd will help with the presentation.

Later dates and subjects are: October 16, "Contrasts in Romanticism," Mendelssohn and Berlioz; October 30, "Just an Impression," Debussy and Ravel, (Mrs. J. Merriam Barnes will discuss the related field of impressionistic art); November 15, "Mark of the Twentieth Century," Stravinsky, Pondericki, Colgrass and Schumann, with a sound film on Igor Stravinsky; December 4, "Symphonies are for People," featuring an appearance by William R. Mrs. Pierce Shows Collection

Photo by Eddie McGrath, Jr.

Delicious tempting taste is the result of the Walton-Pierce fashion recipe. The press sampled the fashion fare of Mrs. William Rust Pierce, September 18th. It was her 44th made-to-order-collection. They savored it. "It's so new. So young. So tasteful. It's a wealth of ideas." The fashion editors gave it prime coverage and space. We agree and say, "It's delicious."

What are the ingredients in this fashion rave recipe? They are the finest. There is no compromise with fabrics, they are the best and the newest from France, Italy and Switzerland. There is no stinting on time or trim. The heading designs are brilliantly created and lovingly hand-sewn in the workrooms. Fine furs must compliment. Nutria is the perfect soft gentle touch this year. Who puts it all together? The practiced, experienced and often witty gesture of Mrs. William Rust Pierce.

For daytime there are many coat and dress ensembles shown together but important enough to lead their own fashion life. A subtle green and tan Italian tweed double breasted coat shows the new, drop-waist-line. It features hidden pockets and is collared high with brown nutria. The dress is a solid green wool which picks up the color of the tweed. The bias cut treatment is so flattering to the figure.

A brown, ivory and beige tweed-check Italian wool coat is side-closed and is belted in back from side seam to side seam. It is worn over a drop-waist dress, the top of which is dark brown wool jersey joined to the tweed wool skirt with a scalloped effect.

The Cossack mood is seen in an imported black wool coat, side closed and side trimmed and collared with brown nutria. It is worn over a white wool dress. A brown suede back belt begins under low set pockets. A butter yellow Italian wool coat shows a modified Empire line. It is double breasted, lined in black and worn with a black wool jersey dress. Cherry red wool combined with a white jersey top sports its own side closed jaunty jacket.

The cocktail hour finds velvet making its appearance. Black velvet is used to belt and bow the waist of a black and white abstract satin velvet French brocade. Garnet velvet is used for a beautifully shaped coat and dress. The dress is trimmed at the hem with cerulean mink. The coat is collarless and is cuffs with cerulean. Swirls of gold and silver pattern the dramatic theatre costume. The coat is side buttoned.

The back has a new treatment which shapes and releases graceful fullness. The dress of the same fabric is elegantly simple with a deep round neckline.

For a season of opening nights and galas, there are enchanting long gowns. A strapless ball gown of ciel blue and silver French silk brocade has a modified Empire line and a full skirt. A French rose double faced peau de soie ball gown bares one shoulder. A black velvet bodice with a halter neck and a deep back decoil-tage tops a dancing skirt of sheer silver metallic brocade. A dramatic floor length cape of coral wool shelters a white cloque satin covered up long sleeved evening dress. Coral heading is encrusted at the neckline, down the front of the bodice, at the waist, and the cuffs.

The made-to-order collection has entertaining ideas for at-home hostesses and apres skis. A tunic top of silver, turquoise and ruby sheer metallic brocade has a high neck encircled with beaded ruby velvet. The waist is a modified Empire, defined with the same banding. The tunic is worn over pants which widen gracefully and with flare. A one piece pajama gown of turquoise, green and gold metallic brocade is shaped at the natural waistline. This 44th Walton-Pierce made-to-order-collection is sure to satisfy the taste of the fashion connoisseur morning, noon and night.

Mary Pardee Is Fall Bride

Planning to make their home in San Bernardino, Calif., are Mary Elizabeth Pardee, who has been living in Phoenix, Ariz., and Miley R. Maxwell, who exchanged marriage vows September 22.

The bride is the daughter of Mrs. Stewart H. Pardee, of Cranford lane, and the late Mr. Pardee. The bridegroom is the son of Mrs. Thomas Fiske, of Scottsdale, Ariz., and the late Miley Maxwell.

Symphony, Choir To Join Forces

Ernest Bloch's "Sacred Service," the first large-scale choral-orchestral work written for the synagogue by a major composer, will be performed at this week's Thursday-Saturday concerts of the Detroit Symphony Orchestra.

Leslie Guinn, baritone, and the Rackham Symphony Choir will join the orchestra, under Sixten Ehrling's direction, for both performances.

The concerts will be given in Ford Auditorium, beginning at 8:30 o'clock.

Ehrling also will lead the orchestra in Beethoven's Egmont Overture and Symphony No. 8 on Thursday evening.

Prokofiev's Symphony No. 3 will be performed prior to the Bloch "Sacred Service" on Saturday.

The Symphony will be giving its own first performances of the Bloch composition.

Bloch completed his "Sacred Service" — "Avodath Hakodesh": A Sabbath Morning Service, for Baritone (Cantor), Chorus and Orchestra—in 1933. The text is drawn from the Union Prayerbook for Jewish Worship, the official prayerbook of English-speaking Reform congregations.

Bloch himself wrote of the work that "in its great simplicity and variety, it embodies a philosophy acceptable to all men."

Bloch was born in Geneva, Switzerland, in 1880 and died in Portland, Ore., in 1959.

Leslie Guinn will be making his first appearance with the Detroit Symphony. He has performed in opera and in concert at the Brevard, Chataqua and Marlboro music festivals and with many U.S. orchestras.

Guinn is a native Texan, a graduate of Northwestern University and a former voice student of both Lotte Lehman and Todd Duncan.

The Rackham Symphony Choir is conducted by Maynard Klein, who is also director of choirs at the University of Michigan.

Following their wedding Wednesday evening, September 18, in St. Matthew's Church, and a reception at the Gourmet House, Mr. and Mrs. John F. Strehler left for a vacation in Northern Michigan. They will return to make their home in St. Clair Shores.

Mrs. Strehler is the former Josephine C. Aluia, daughter of Mr. and Mrs. Joseph Aluia, of East Outer drive, Detroit. The bridegroom is the son of Mr. and Mrs. Charles Strehler, of Linville avenue.

For the 5 o'clock rites, at which Father Richard Peretto officiated, the bride selected a gown of candlelight sheer spun silk. Accents of Alencon lace on her bodice and skirt were studded with pearls and crystal clusters, and a Cathedral length Watteau train fell from her high back yoke.

Her Cathedral length illusion veil fell from a miniature silk pillbox trimmed with a cluster of jewelled Alencon leaves. Her Colonial bouquet was fashioned of orchids and stephanotis.

In Victorian style gowns of turquoise worsted silk were honor maid Mariann Aluia and bridesmaids Stella Marie Aluia, Cathy Cipriano, Joann Cusumano, Josie Loericchio, Roseane Bommarito, Stella Bommarito, Stephanie Smith, Carol Dobosz and Kathy Pappas.

They wore small turquoise bows in their hair and carried Colonial arrangements of mixed garden flowers centered with cymbidium orchids.

Kirk R. Strehler was best man. In the usher corps were John Cusumano, Matt Loericchio, Joseph Loericchio, Vincent Loericchio, John Drummy, Jr., Dennis Dobosz and Charles Pappas.

The bride's mother wore a floor length gown of pale lime chiffon, fashioned with a beaded jacket. The bridegroom's mother selected a floor length frock of pale avocado worsted silk, accented with neckline beading. Both mothers chose orchid corsages.

Women's Trust Forum Slated

"Trusts for the World of Women" will be the theme of a special financial forum to be held Thursday, October 3, for women living in Detroit's north-east side, Harper Woods and Grosse Pointe.

The forum will be held at 2 o'clock in the Fries Auditorium of the Grosse Pointe War Memorial.

The two-hour program is being sponsored by Detroit Bank & Trust and is a repeat of a program offered by the bank last year, which attracted more than 200 women.

Two of the bank's vice presidents — both Grosse Pointe residents — will be featured on the program.

John E. Park, of the Trust Business Relations Department, will speak on "Why a Trust?"

John B. Watkins, of the Investment Department, will speak on "Help for Your Investments."

A question-and-answer period will follow the presentations by Mr. Park and Mr. Watkins. Tea will be served in the ballroom after the formal program in the auditorium.

The forum is being developed and coordinated by the Women's Banking Services Department of Detroit Bank & Trust, which was instituted by the bank several years ago. Miss Leah Dunham, assistant cashier of the bank and officer-in-charge of the Department, will welcome the guests and introduce the speakers.

She will be assisted by Mrs. Eve Meyers, another member of the Women's Banking Services staff.

Personnel from four Detroit Bank & Trust offices in the vicinity of Grosse Pointe will serve as hostesses and hosts for

the program. Among them will be Mrs. Katherine Gannon, an assistant cashier at the Mack-Hillcrest office of the bank.

Tickets for the forum are available from the managers of the Detroit Bank & Trust offices located at Harper and Chalmers, Jefferson and Piper, Mack and Chalmers and Mack and Hillcrest.

Additional information is also available from the Women's Banking Services Department, 222-3881.

Each year for the 27 years of its existence, the sale's reputation has grown in The Pointe and throughout the area from which its clientele is drawn.

Special effort is exerted by the sponsors to insure that outstanding values are represented in the merchandise and that they are preserved for the sale customers who line up an hour or so before the doors open to make sure of having first crack at the bargains.

It is this accent on value that has continued to make the sale a constantly growing success. Proceeds are used to help in the work of the Women's Association.

Launch IFCA 'Project TACS'

A hammer and tacks an incongruous symbol for a woman's program? Not according to the Advisory Committee and Board of Michigan's Chapter of IFCA (International Federation of Catholic Alumnae).

The bigger the job, the more important the tools, and in the opinion of Michigan IFCA, Project TACS, (a program aimed at nailing down the Truth About Catholic Schools), is a big job of top priority.

Mrs. C. Bradford Lundy, Jr.,

of Ballantyne road, is Governor of the Michigan IFCA.

As alumnae of Catholic high schools and colleges, IFCA affiliates have been acutely aware of the growing trend of debate and re-evaluation on Catholic schools today.

Constructive though re-evaluation might be in some regards, this debate has unfortunately concentrated on the problems facing Catholic schools while practically ignoring the positive aspects and basic principles behind their

very existence.

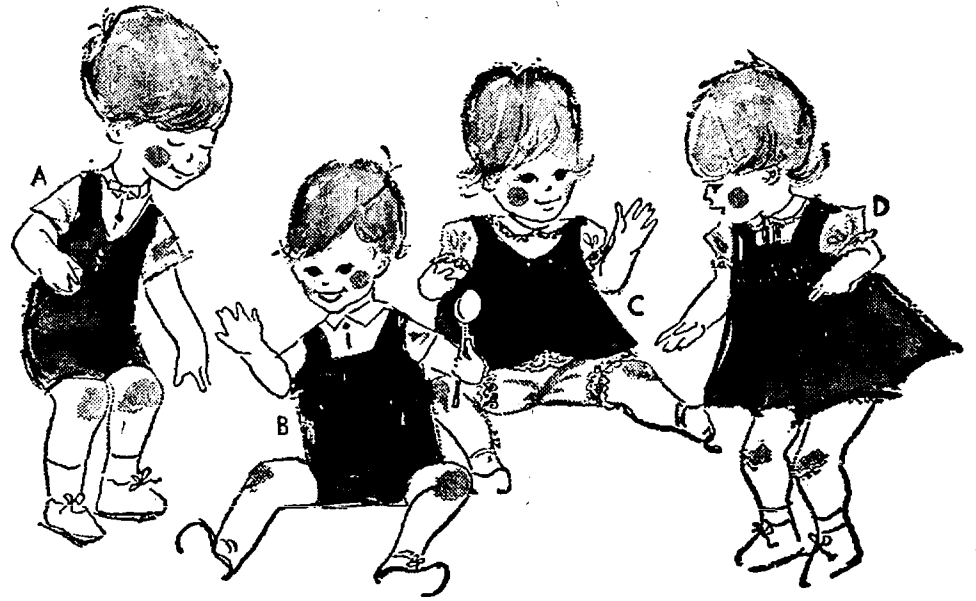

The late summer announcement of the closing of many Catholic school classes in Michigan moved IFCA from hand-wringing to action and, at the August Board meeting, the resolution launching Project: TACS was unanimously approved. Its purpose is to counteract negative thinking and publicity.

The program will be three-pronged: First, to promote the Truth About Catholic Schools, Second, to promote a clearer understanding of distributive and social justice as it applies to

educational funds, and Third, to encourage Catholic alumnae to involve themselves in school, Church and community services as their personal testimony to the truth about Catholic schools. IFCA's priority program throughout Michigan for the next two years, and will be offered for review at the IFCA Regional Conference in Boston, October 18 through 20.

One of the advantages of having an open mind is that once in a while something good drops into it.

Al-Di-La II Sails to Title

Frank Piku's Columbia 50 sloop Al-Di-La II got the light winds she thrives on in the Grosse Pointe Yacht Club's 30th annual 40-mile Blue Nose race.

By the time she reached the first mark of the flattened triangular course—the Thames River buoy—the big sloop had her competition almost out of sight behind.

"That's when the wind died altogether and so did I—nearly," said Skipper Piku. "We were right at the turning stake and had lost headway. We sat there and watched all of the other boats come up on a new wind."

But the wind favored Al-Di-La and she was up to saving her time in what amounted to a new race. She covered the 40 miles in 10 hours and 39 minutes to beat Fred Ford's 36-foot sloop, Bright Star, from the Little Club.

Conquest, tied within a fraction, with Al-Di-La II, going into the Bluenose, for the season's class A championship, finished third. Thus, Al-Di-La II, in her first year, won the highest honor in the class. She also took overall honors in the race with the best corrected time among the 104 cruising yachts that sailed the 40-mile course.

Significantly, it was the fourth time during the season that Al-Di-La II had won overall regatta honors in the big fleet. AS THE NEWS goes to press Al-Di-La II is in the running for boat-of-the-year honors.

While Al-Di-La II loved the light going other queens in the fleet didn't. When the judges gave up there were still more than 30 boats drifting out in Lake St. Clair. No one minded much except crews aboard craft that had run out of beer.

Velera II, Doug Wake's Cal 36, from Crescent Sail YC, probably the hardest sailed and campaigned cruising boat in the fleet—sailed off with the class B prize, beating a sister ship, Gene Mondry's Leading Edge, from Great Lakes YC.

Don Smith's Yare, 37-foot S&S sloop, was the Class C winner over Misty, Les McIntosh's Grosse Pointe YC yawl, which came on fast to place in the season's late regattas. Misty won the Pingree Bowl, for instance, for the third year in a row in the Detroit YC Sweepstakes.

Lions Gridders Split In Opener

By DuWayne Peterson
The Grosse Pointe Lions Little League Footballers from the Park and City, traveled to Riverview last Saturday where the varsity team picked up a 7-0 victory at the expense of the Riverview eleven.

The varsity defensive unit shows great promise with a hard charging line and a fast backfield. Bill MacConnachie and Tommy Steen sparked the defensive squad while Mike Monaghan, Joe Briggs, and Steve Morrison were very sharp on offense.

Dave Hyde, in addition to running and pass catching, handled the punting chores and at one point got off a 45-yard kick, leaving the Riverview team on their own 5-yard line. Coach Don MacKenzie was pleased that his boys were playing so well as a team after only three weeks of practice.

The Lions Freshman squad lost 21-0 in their encounter, but their Riverview opponents were not really three touchdowns better than our Lion cubs. Coach Barry Quinn said, "Our boys started practicing a full week later than their competition, and with youngsters who are playing football for the first time, one week makes a big difference."

Mark Monaghan and Bobby Gough handled the quarterback duties and Bob Conlan and Chris Cornwall showed some real talent as running backs. Mike O'Sullivan and Brian Myers looked good on defense. John Williams played well on offense and defense and John Linne had the crowd on its feet when he intercepted a pass and ran it back 25 yards.

The Lions Junior Varsity were well matched to their opponents and dropped a 13-6 decision. Jeff Gardner scored the Lions only tally, while Mike Verbiest did his part with a key pass interception. John Banks was a standout on the defensive squad and Don Brower played well on offense and defense. Coach Dan Hitchens felt that his youngsters too showed the disadvantage of starting practice a week late and is optimistic about them turning in a highly respectable record this season.

Packers Lose One, Tie Two

By Rick Moore
The Grosse Pointe Packers opened up their 1968 All-American Football League schedule against the East Detroit Tiger Cats last Sunday. It proved to be a disappointing afternoon for the Packers as they came away with one loss and two ties.

The Freshman squad was defeated by a faster East Detroit team 19-6. Early in the first quarter Mike Schmidt of the Tiger Cats went 40 yards on the game. Mike Bush scored the extra point to make it 7-0. The Packers quickly struck back with Mark Adamo going the final 15 yards for the touchdown but the Packers missed the extra point to make it 7-6.

In the second half, touchdowns by Jeff Ragland and Rock Marasco rounded out the scoring for the Tiger Cats. Packer standouts included Robbie Burns, Guy Aubrey, Mark Adamo and Bob Neville.

The Packer Junior Varsity fought a hard-hitting Tiger Cat team to a 12-12 tie, as both defenses rose to the occasion to spoil extra point attempts. Ray McMullin scored the first East Detroit touchdown. The Packers struck back with Whit Robb scoring around end. The Packers tallied again with Fritz Lehmann scoring on a perfect pass from Mark Simon to run the score to 12-6. The teams staggered back and forth until Saier scored for East Detroit on a varsity sneak.

The varsity fought a titanic defensive struggle with the Tiger Cats in a 0-0 tie. The Packer defense allowed the Tiger Cats inside their 40-yard line only once aided by interceptions by Stuart Thiede and Phil Simon. Great defensive plays by Thiede, Ed Troop, Bob Kaiser, John O'Neil, Dave Thomasson and Paul Kappaz stopped the Tiger Cats cold. A struggling Packer offense was stopped four times deep in Tiger Cat territory by a fired-up defensive line. The Tiger Cats defense held off Packers twice in the last three minutes with first down and goal inside the ten.

The Packers will try to improve upon Sunday's performance when they play the Roseville Mohawks Sunday in Roseville.

Hockey Season Gets Underway

Over 225 youngsters from all the "Pointes," ages 6 through 18, have already registered for the 1968-69 hockey season under the banner of the Grosse Pointe Hockey Association.

Although registrations will continue to be accepted, for most teams, until December, several divisions have indicated that they are fast approaching their player limit. The most popular Divisions continue to be the Squirt, ages 8 to 10 and the Pee Wee, ages 10 to 12. Any youngsters interested in these Divisions are urged to register immediately if they wish to participate. Registration is on a first come-first play basis.

The Bantam and Midget Divisions, ages 12 to 14 and 14 to 16 respectively, still have a considerable number of openings for league and travel team positions, and youngsters interested in these Divisions should inquire about registration and practice schedules from Don McCubbin, manager of the Bantam Division, telephone 886-4213 or Ted Wells, telephone 882-8292, manager of the Midget Division. Any 16 to 18-year-olds interested in playing Juvenile hockey should contact Bill Gill, telephone 884-6472.

This year, for the first time in its history, the Grosse Pointe Hockey Association is forming a Mite Division, ages 6 to 8, which will begin playing this fall when the GPUS rink opens in late November. This division has already received over 30 registrations and is fast approaching its player limit. Anyone having youngsters interested in playing in this age group should contact Harry Jewett, telephone 884-7798.

Will Henderson, president of the Grosse Pointe Hockey Association, has indicated that over 300 youngsters are expected to register for the 1968-69 hockey season by the time the registration period closes. This will be the largest number ever registered to play hockey under the auspices of the Association.

The Association indicates that ice time continues to be the main obstacle in the further development of minor league hockey in the Grosse Pointes, even though they are fortunate enough to be granted a considerable amount of winter ice time by the Grosse Pointe University School. As such, additional ice is required, and this has necessitated many teams traveling to Canada, Port Huron and elsewhere for practices and games.

In spite of the problems regarding ice time, the Association has made arrangements for a complete schedule of pre-season and winter practices, and there is every indication that this will be a most successful and rewarding season for the Association and for the many youngsters affiliated with it.

Anyone interested in helping to support and promote hockey in the Pointes, or anyone wishing further information concerning the program, should contact Wilton Henderson, president, Grosse Pointe Hockey Association, telephone 884-3488.

Troop 96 Scouts Enjoy Camping

Lucky members of Boy Scout Troop 96 at Grosse Pointe Memorial Church, have been making a lot of discoveries of late. Under the able guidance of their Scoutmaster Ralph Sandt, and Assistant Scoutmasters Wally Ernberger and Charles Donovan, the boys have been having a camping weekend every month.

This month they spent eight days camping in the Upper Peninsula and several days on Isle Royale. Among the excited campers were: Konrad Abbott, Jay Larrabee, Kirk Kirkin, Jim Scott, Bob Scott, Dean Ernberger, Eric Bott, Dennis Main, Greg Thomas, Geoff Thomas, Steve Sandt, Jim Sandt, Chris and James Spada.

The boys visited Tahquamenon Falls, Baraga State Park and took a six-hour boat trip aboard the Ranger III, from Houghton to Isle Royale National Park.

Hiked Isle Royale the Scouts hiked, camped and went swimming in water that warmed up to 45 degrees.

Troop 96 meets every Monday evening from 7:15 to 9 o'clock in Fellowship Hall at the church. Scoutmaster Sandt advised that there are still a few openings for boys who would like to join this award-winning Troop.

While attending Grosse Pointe High School, he lettered in tennis for two years. He also played in the Navy regional tennis tournaments, before meeting defeat in the quarter-finals.

Beyster works in the Personnel Office at the 14th Coast Guard District in Honolulu, where he is an administrative and clerical specialist.

Bowlers Donate To Torch Drive

For the past 10 years the Detroit Women Bowlers Association has looked on the Michigan Cancer Foundation, a Torch Drive service, as one of its favorite charities to which it gives an annual contribution approximating \$2,000.

Mrs. Lillian Jacob, of Bishop road, president of the association, usually submits the check during the Christmas season—sometimes requesting a minimal number of greeting cards, sometimes merely giving the contribution in the name of the organization.

To date the 10 years' giving totals \$23,355.55—with the 1968 gift soon to come.

Fishers Win Richardson Series; Going to Coast

Tom Fisher's Cal-40, Conquest, will be shipped to the west coast — Long Beach, Calif. — next month for the famous Congressional Cup series scheduled for March 13-16.

Fisher, with his son, Tom, Jr., as co-skipper, will represent the Detroit River Yachting Association and the Yacht Racing Union of the Great Lakes in this round-robin series of 10 match races involving that many skippers from all sections of the United States.

The Grosse Pointe Yacht Club co-skippers, and their crew, earned the right to represent the Great Lakes by winning the YRU Richardson series on Lake St. Clair last week against champion skippers and crews from Lakes Ontario, Erie and Michigan.

Crewing with the two Toms were Kurt Lagerfeldt, Mike Van Lokeren, John Schuch, Doug Fredericks, Gary Garuwa and Bill Paddock.

In winning the series, the Conquest crew beat the crews acknowledged as the toughest in the series. These were Bill and Tom Schoendorf's Milwaukee outfit from Lake Michigan and Walt Swindeman's gang, of North Cape YC, representing Lake Erie.

John Odenbach's Rochester crew, from Lake Ontario, after losing two starts in the round robin, returned home, thus forfeiting the next race in which he had drawn the Fishers. The GPYC crew emerged as winners with a 3-0 record, Schoendorf and Swindeman tied for second with 1-1 performances while Odenbach ended up 0-3.

Four of the starts didn't count because of breakdowns. In each case this involved torn sails—three jibs and one mainsail.

In one of these the Schoendorfs, carrying what is known as a 180 genoa jib, was leading the Fishers, carrying a smaller 150 genoa in a 25-mile wind. With less than a mile to go, the Schoendorfs' big jib blew out and Fisher went on to win.

Fisher had changed to a smaller jib on the first spinnaker run as he felt certain that the bigger 180 jib couldn't be carrying in the increasing winds.

The committee ruled the race a breakdown and called for a re-run. This precipitated discussion—most of it hot criticism directed towards the judges' committee.

"Part of yacht racing is knowing what sails to carry",

was a typical expression. Joel Bremer, a patrol judge said this. The ruling set a precedent for the series. It was no-race each time a sail was torn.

The re-match between the Lake Michigan and Lake St. Clair crews was the best of the series as Fisher, with a fine performance upwind, beat Schoendorf by 53 seconds.

Tom Fisher (Sr.) out of yacht racing for more than 20 years suddenly has become the most active racing skipper hereabouts. In addition, he has the time and wherewithal along with his enthusiasm.

His young crew plastered the cabin of Conquest with signs: "It's for the Old Man." They did too.

Conquest won't be back. After the Congressional series she is going on the block on the west coast.

The Fishers are sailing an onward and upward course. There's a 60-footer in the future of the Fisher Father & Son Combo. The design will be from Bill Cuthbertson, (Red Jacket's designer), the Canadian, or Olin Stephens. The new boat, which will be ready, if all goes well, for the end of the 1969 races like the Night Race and Bluenose on Lake St. Clair, already has a name. The Fishers will call her Campaign. She also has a sailing number nailed down. It's U. S. 5000.

Plans for the Fisher boat include covering the Southern Ocean Racing Circuit in 1970, the Bermuda race in June that year which will be followed by the Trans-Atlantic race.

The new boat is aptly named. She'll certainly be campaigned.

The 1969 Richardson series will be sailed at Mentor Harbor, near Cleveland and Black Watch 40s will be used.

Official notification that the Fishers and crew would sail in the Congressional series in March was made this week. In a bit of yachting protocol, Commodore Don Fairchild, of the Detroit River Y.A. notified Commodore Carl Hilton, of the Great Lakes Yacht Racing Union, that the Conquest skippers and crews have been designated to represent the Detroit River Y.A.

Norsemen Lose First Grid Game

By John Edwards '71

The Grosse Pointe Norsemen lost a football game September 20, 19 to 12, to the L'Anse Creuse Lancers.

The first quarter was a defensive battle until the last 23 seconds when a Laplander to Burlingame pass completion for a touchdown broke the ice to give the Lancers a 7 to 0 lead with the extra point.

In the second quarter the Norsemen scored when the Lancers failed to make their downs, the Norsemen regained control of the ball, marched down the field, and scored on a one-yard plunge by Glen Hilger '70, to make it 7 to 6. The extra point attempt failed.

The third quarter started with the Grosse Pointe defense holding the Lancers in the first four plays. They then went on to score at the 1:27 mark in the third quarter with a Hilger to Brian Webster '70 pass completion for a touchdown to give the Norsemen a 12 to 7 lead. The extra point attempt again failed.

In the fourth quarter, L'Anse Creuse scored on a 34-yard pass play from Laplander to Goswin at 11:15, putting the Lancers ahead 13 to 12, a lead which they never relinquished. The extra point attempt was blocked by Grosse Pointe. Then at 10:10 a Hilger pass was intercepted. The defense held but the offense could not generate anything. Hilger punted, it was fumbled by Burlingame and Grosse Pointe recovered, but an illegal procedure penalty nullified the Norsemen's recovery. On the next play, Burlingame sped off on a 74-yard jaunt for a touchdown, making the score 19 to 12 for the Lancers. The extra point attempt failed.

On the kickoff return, Chris Truhann set the Norsemen in good field position with a 40-yard return to the Lancers 40-yard line but couldn't score.

On September 28, the Norsemen football team will encounter Clintondale at Clintondale at 2 p.m.

Classes Started At Austin Prep

Austin Prep. opened its doors for the new school year on Tuesday, September 3 for a week of Orientation and Freshmen and Sophomore retreats. Orientation was conducted and schedules were passed out by Thomas E. Bailey, Vice Principal of Studies and Activities.

Some new innovations this year are the absence of bells throughout the day so that classes have a more continuous flow, individual classes having Mass together weekly; an expanded intramural program and five new elective courses.

YOUNG IMBIBERS NABBED

City police arrested three minors and two juveniles on Thursday, September 12, who were found sitting on the breakwall at the foot of Lake-land drinking beer. Officers found a partially consumed case of beer nearby. All five were taken to the City police station and charged as minors in possession. The two juveniles were released to their parents.

Blue Devils Ready to Open League Play in Royal Oak

The Blue Devils open their Border Cities League play this Friday in Royal Oak against a team that has failed to score a single point this year.

Dondero has lost its first two games by scores of 40-0 and 7-0 to Ferndale and Hazel Park. However, Head Coach Russ Hepner does not believe that the team is a pushover by any means. Royal Oak Dondero was rated highly by experts before the season and Mr. Hepner says, "Their personnel is as strong as Ann Arbor."

In explaining the Royal Oak ball club Mr. Hepner commented, "They're big and strong but so far things just haven't jelled for them." Blue Devil fans must hope, then, that things don't start to come around for Dondero before Friday.

The Devils will be able to take some momentum into that game, though, as they shut out Port Huron Saturday afternoon 19-0.

Grosse Pointe kept the ball in Port Huron territory most of the first half, and when the Devils got inside the 10, and failed to score, it looked like it was going to be a defensive battle. But with 50 seconds left in the half, Quarterback Steve Maun hit Robin Jacobs on a 30-yard touchdown pass. Chris Malafouris kicked the extra point and Grosse Pointe had a 7-0 halftime lead.

Malafouris then got the third quarter off and running when he picked off a Port Huron pass on the Devils' 15-yard line.

Then, weaving back and forth across the field, he brilliantly ran the ball 85 yards for a touchdown.

The Devils then scored their final TD in the fourth quarter on Bill Schleicher's 5-yard run. His effort capped a Devil drive that covered about 60 yards.

Two weeks ago, on Friday the 13th, the Devils opened the season in an unlucky way. They were shut out by Ann Arbor, 20-0.

The offense had trouble getting started, and when they did they were stopped by penalties, interceptions, and fumbles. Mr. Hepner commented, "You don't win games between the 15-yard lines," and contended that his players were probably not in condition. After the victorious Port Huron game, however, he said, "We worked on conditioning all week, and it helped."

The Blue Devil reserves won their first game, 6-0, over Port Huron last Thursday. The lone touchdown of the game was scored by Mark Gutwald on a two-yard plunge. Bill Zeidler had set up the opportunity when he blocked a Port Huron punt on the 12-yard line.

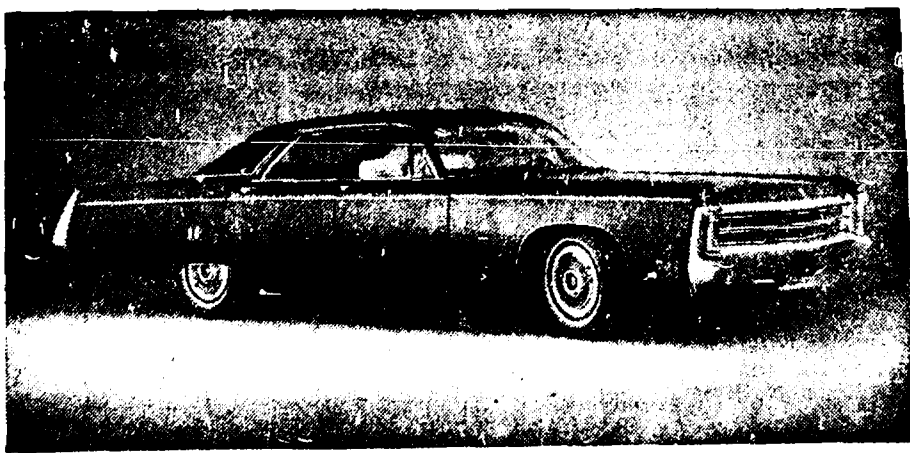

SQUIRRELS INJURED

Has recreation room in basement with 1/2 bath, powder room on 1st floor. 2 car attached garage with electric door opener. Large lot. Reasonable taxes. Open Sunday 2-5.

A FOURTH DOWN situation is what we are talking about when it comes to equity money required to finance this center hall offering on Touraine Road. Upstairs there is a bedroom each for a six man line, and three shower rooms. The 160 foot wide lot has enough room for punting practice. This one is certainly no wall flower . . . mum's the word.

A PERFECT BLOCK will help you up for this play. And the block to which we refer is just one block from the lake in Deerplands. You'll find no interference with your view of the water from the front yard. A thickly planted backyard perimeter will give you the protection you want for that screen play. Why not pick up the ball and run with this one!

WE'LL PLACE this story and a half on our starting team, and when you read the description you'll know why. Two bedrooms and full baths on each floor, family room with access to the kitchen and attached garage, positioned on a limited access street, yet close to shopping and four schools.

DON'T BE LEFT warming the bench while someone else steals the show. You'll capture the scoring honors by putting the family into this farm colonial by mid-season. Watch the games on your television in the new family room. If the kids make too much noise send them up to their bedrooms . . . there are four of them. Tell your wife to bring dinner in on a tray . . . she'll love this 'cause the kitchen's new with all built-ins.

Mrs. William Rust Pierce . . . invited us to view velvet tray after velvet tray of precious jewelry from France, Italy and Switzerland. She was hand-picking pieces for the Walton-Pierce Fine Jewelry Collection. We were also encouraged to ask lots of questions. The important answers from experts go like this. The trend is toward colored stones. Top international designers are using more cabochon rubies, emeralds and sapphires because of their subtle colorings and for a new facet. Cabochon rubies were combined with cut sapphires and diamonds for a strikingly beautiful pin and earring. Mrs. Pierce selected an exquisite gold bracelet scattered with semi-floreal designs in cabochon emeralds, rubies and sapphires . . . sparkled with diamonds. She also chose a fabulous oval pin of cut rubies and diamonds. The unique can't-take-your-eyes-off-it look is achieved by the beauty of the stones and a slight off-centering. We could go on and on but you can see for yourself sparkling examples of the trends and talents of the world's finest designers in the Walton-Pierce Fine Jewelry Collection.

MRS. URBAN W. BORESCH, OF KERCHEVAL AVENUE

By Janet Mueller

Wherever she went, she planted a garden. And she went a lot of places. "I'm an Army wife," Mary Lou Boresch explains. She moved, in the early days of her marriage, "on an average of once every seven months," to (and from) Houghton, Mich., Kansas, the State of Washington, Germany . . .

The Boresches, "Bo," Mary Lou and daughter Linda, came to Grosse Pointe in 1956. Bo to work with the Army Corps of Engineers in Detroit. He liked the job, and the area, so well that, when he retired from the Army as a full Colonel in 1960, he stayed on as a civilian Corps of Engineers' employee.

He's currently the Corps' Head of Operations.

Mary Lou liked it here too, and so did Linda, 14 now, a 10th grader at Grosse Pointe South High School.

They all still like it here.

Two Pointe Gardens
Mary Lou's dug two gardens in The Pointe, and seen both grow: The first in Manor avenue, site of the Boresches' original Pointe home, the second in the large backyard of their present home in Kercheval avenue.

She's had four years to work on the Kercheval garden, and it bears the fruits, vegetables and flowers of her labor, apples and cherries, squash, corn and tomatoes, chrysanthemums and roses.

She's had 12 years to become involved in her community; here, too, her work has borne fruit.

Out-going, (after a two-year term), president of the Grosse Pointe Branch of the American Association of University Women, she's served AAUW—and, through AAUW, the community—in numerous ways.

She's continuing to serve, as membership and Nominating committee chairman for the Pointe Chapter, as a two-hour-a-week volunteer in the Chapter's Tutoring Program at the Inner City's Lingenam School and as chairman of the Chapter's 1968 Used Book Sale.

Sale Opens October 1
The Sale opens next Tuesday afternoon, October 1, at 3:30 o'clock in the Grosse Pointe Unitarian Church Annex. It continues Wednesday, Thursday and Friday, October 2, 3 and 4, from 10 in the morning until 9 in the evening each day.

"This year we're stressing Better Books, Old and New," Mary Lou reports—and then hastens to add that the cartons and cartons of 10c-apiece paperback will, of course, again be available.

But it's the old books that are most intriguing: An 1831 German Bible . . . A "New" (1853) Paris Guide—perhaps the person who purchases it would like, as a companion piece, a magnificent illustrated History of Paris, published in 1958 and still in pristine condition? . . . editions of Harper's First and Second Readers . . . The Memoirs of General Andrew Jackson, dated 1845 . . .

(Our personal favorite is the 1900 "Woman's Guide to Health, Beauty and Happiness"—this you have to see to believe!)
Plenty for Everyone
And there'll be children's books, too, everything from Dr. Doolittle to Dr. Seuss, autographed books, textbooks, novels, biographies, "how-to" books, books in French, German and Italian, magazines, including bound copies of the National Geographic's 1915 and 1916 editions, records, sheet music . . .

Collection centers at 1590 Oxford road, 459 Rivard boulevard directly to the airline of their choice, no inconvenient transfer to make and no luggage to carry. Smart young ladies take the RCL . . . too! Both call TUxedo 6-1322.

Very Interesting . . . Mr. McHugh's successful Music Play-shop offers a unique piano class, designed to acquaint students with sounds and feelings of music which motivates, stimulates and challenges. Appealing teenage popular music . . . special pre-school classes. For details call 885-6215.

she recalls), before she and Linda could board their ship.

Mixed Variety Dog
That dog is gone now, but in his place the Boresches have "Fritz the Blitz"—"He's half Weimaraner and half some unknown variety," his mistress explains.

Bo, Mary Lou and Linda thoroughly enjoyed their two years in Germany. Mary Lou was able to plant her garden: She was delighted to find a Nursery at the end of the street in which the Boresches made their home, and to discover that the "fireman" who came in to stoke their furnace was a great gardener, more than willing to exchange Green Thumb "trade secrets" with the American colonel's wife.

Linda arrived back in The States at two-and-a-half, bilingual in English and German. Gardening is not by any means Mary Lou's only avocation. She likes to play bridge. She likes to cook—pies especially.

Freezes Her Pies
"Every summer," she says, "I bake pies for the freezer." This year, eight of her pies are made from cherries off her own tree.

She learned to make a marvelously thick, authentic French Onion Soup in Germany, following the directions of her German cook who had worked for many years in France. Proudly, she shows off a heavy white china soup tureen, her Out-Going President Gift from the Grosse Pointe AAUW.

"I was always bemoaning the fact that I had nothing to serve my soup in. Now, I do!"
She likes to sing: "I studied voice for four years at one time—never with the intention of singing professionally, but for my own enjoyment . . . I was in a private trio when I was in high school, and I do still sing at parties . . ."

Naturally, then, Mary Lou gravitated toward membership in the AAUW's American Folk Music Study Group. (The AAUW sponsors an extremely large variety of small Study Groups catering to members' special interests.)

Don't Have To Be Good
One doesn't have to be a "good" singer to join the American Folk Music Group. "We don't specifically sing," Mary Lou explains. "We more or less study the music."
She belongs to Quarters. "That's why I'm interested in all these horticulture magazines," she says, gesturing toward a pile of beautifully illustrated "back numbers" slated eventually for the Used Book Sale. "I'm going to do a paper on herbs for my Grand Marais Chapter."

She's a member of the Daughters of the American Revolution, historian of the Elizabeth Cass Chapter. She arranged the Chapter's Constitution Week Display at the Grosse Pointe Public Library, Main Branch.

She bowls once a week with the Grosse Pointe Memorial Church League and is vice-president of the Church's Friday Book Review Group. She likes to work with her hands: last year, she served on the Flower Arranging committee for the Memorial Church Christmas Fair—and loved it! "All those women," she marvels, referring to her fellow Flower Arrangers, "are fantastically talented!"

Likes Outdoors Best
But most of all Mary Lou likes to be outdoors. She and Bo love to fish; it's the way they usually spend their vacations. This past summer, they were invited to try their luck at a friend's cottage in Canada, north of The Soo. They had a marvelous time.

Mary Lou recalls other marvelous "fishy" times: "When we were in Washington State, on the Olympic Peninsula, we'd have crabbing parties on the

Seminary Club Holds Dinner

The Three Mile road home of Mr. and Mrs. Joseph Eichenlaub was the scene of a Dinner-Meeting for the Augustinian Seminary Club and Guild on September 18. The occasion was especially graced by the presence of the Very Rev. Richard Preston, O.S.A., former Librarian at Austin and Moderator of its Mothers' Club, who for the last four years has been assigned to Tolentine College in Olympia Fields, Ill., as Counsellor to the Provincial and Mid-West Director of the Guild.

Also present at the dinner-meeting were the pastor of St. Clare of Montefalco, Father John McLaughlin, Father William Sullivan, Father Robert Atwood from Chicago and the newly appointed Moderator of the Detroit Chapter, Father Joseph Hartman.

Others in attendance were: Mr. and Mrs. F. Cronin of Whittier, Mr. and Mrs. B. Capp of South Renard, Mr. and Mrs. M. DeFour of South Renard, Mrs. A. Berschback of Whittier, Mrs. D. Marcero of Bishop, Mr. and Mrs. C. Neveux of Higbie place, Mrs. N. Ritter of Cook road; Mrs. Singer of Riegermont; Mr. and Mrs. W. Stiebert of Bedford, Dr. and Mrs. V. It was all great fun . . . but there's fun, too, to be had in a Grosse Pointe backyard, putting in a patio, (Bo's doing that, laying 65-pound-apiece slabs "in his spare time"), nursing a "drowned" fruit tree back to health . . .

It's true . . . Fifteen-year-old John Chariot, son of the John Chariots, of Hawthorne road, DID play the drums with Buddy Rich's Orchestra, and he's STILL walking around with stardust in his eyes . . . Young John persuaded his parents to take him to The Rooster-tail to see and hear his idol, Mr. Rich, in person . . . The Chariots managed to secure a ringside table; they stayed through the first show, and the second, and finally John asked the entertainer, chatting with the audience at the end of his performance, if he could have a pair of his sticks as a souvenir . . . "What," said Mr. Rich, "are you going to do with them?" . . . "I," answered John, "am going to play in your band" . . . "Okay, kid," responded the entertainer, calling John's bluff, "C'mon up here" . . . And John did . . . and he played . . . and he brought down the house! . . . After some 20 minutes on stage, Mr. Rich invited John down to the dressing rooms, where he met all the members of the band . . . "Our paths will cross again" were the bandleader's parting words to the boy he called one of the most promising young drummers he's ever met . . .

Lafer, both of whom maintain that the setting for this year's tea, "The Acorns," Metamora estate of Mr. and Mrs. John Q. Nagel, is one of the most beautiful EVER . . . Mrs. Barbier and Mrs. Lafer were among a group of party-planners who enjoyed a preview tour of the Nagels' authentic Swedish Hunting Lodge and two lovely formal flower gardens . . . A drive through the estate in an English land rover provided the ladies with a view of a herd of Blue Ribbon Aberdeen Angus beef cattle, a tremendous floribunda rose hedge in full bloom and a stand of beautiful 14-year-old evergreens . . . Proceeds from the Tea, to be held next Thursday afternoon, October 3, from 1 until 4 o'clock, go to support the International Farm Youth Exchange Program (IFYE). The Michigan Division of WNF&GA, with 90 Branches and 4,800 members, is one of IFYE's principal sponsors . . . Tickets for members and their guests are available through Farm and Garden Branch presidents . . .

The ladies came . . . from as far west as Las Vegas and Los Angeles, from Pennsylvania, Virginia and the Carolinas, from George, Mississippi, Tennessee and Oklahoma, from Illinois and Texas . . . They were YWCA instructors, occupational therapists, art teachers and directors, instructors and owners of art and craft supply shops and studios, Senior Citizen "craft-mobile" directors . . . All converged at the Patricia Nimocks Decoupage Studio in Louisville, Ky., this summer, for a three-week invitational seminar on the Art of Decoupage . . . And lead instructor at the seminar was Grosse Pointe's own Louise Hoyt . . .

. . . Each participant . . . learned to make a bergere clock, a vue d'optique shadow box, a Faberge powder box done with natural pearl overlaid with gold filigree, a polished glass switchplate using a cut-out of hummingbirds in flight incorporating mother-of-pearl under glass . . . The decorative arts of the 18th century and their influence on present-day interpretation of the use of craft materials and the study of the Art of Decoupage were stressed . . .

. . . Mrs. Hoyt . . . home now in St. Paul avenue, starts her eighth year of teaching decoupage to Grosse Pointers September 30 . . . Registrations are now being taken for her classes, presented under the auspices of the Community Services Adult Education Program of the Grosse Pointe Public Schools . . . Available are classes for beginners, intermediates and advanced students, Mondays through Fridays, morning, afternoon and evening sessions . . . TUxedo 5-3808 is the number to call for further information . . .

Word from Lawson Duenweg . . . son of the Louis Duenwegs, of Devonshire road, on his first trip abroad alone, is that students enjoy their foreign travels MUCH more if they really KNOW a foreign language . . . Lawson spent three summer months "doing" Europe intensively, particularly those areas where his parents had lived. He retraced their footsteps, visiting places he had heard about at home all his life . . . He found Vienna "with its marble and gold palace, probably the most beautiful city I ever saw, Venice the most interesting—St. Mark's is simply fantastic, and the Doge's palace is something to write home about" . . . But Florence is his favorite of the Italian cities: "One could spend months there just visiting the art works, and I, being no great student of art, am always pleased when I find paintings I know, as I did many times in Florence" . . . He found the French Riviera, Nice, Cannes and Monte Carlo a bit too sophisticated for teenage enjoyment, but well worth a visit—particularly Monte Carlo, because the former Grace Kelly, Prince Rainier's wife, lived in "the same small town in California, Beverly Hills, where I was born and spent my childhood—however, my only claim to fame via motion pictures was as a pint-sized thespian, a five-year-old kindergartner in Elinor Powell's and Glenn Ford's 'Faith of Our Children,' a religious series."
