"A horseman and his Stallion"
Gordon Jamison and
PC Frost Em Peppy

WELCOME... to our 20th Quarter Horse Production Sale.

We were blessed with abundant surface moisture earlier this year and the grass, the horses and the cattle are all showing some extra bloom. There is a lot to be thankful for in Western Kansas!

The focus in our Quarter Horse breeding program remains centered on breeding and developing an optimum blend of cowhorse, arena performance and speedhorse genetics resulting in a versatile horse that meets the needs of our customers, whether you are a rancher, arena performance rider, or a pleasure rider wanting to ride the "real deal". Our goal is to match the right horse to the right person and we look forward to discussing the offering with you.

Our 2023 foal crop is an exciting blend of our foundation stallions and also, introducing for this year, our first crop of foals by Gallo Simpatico (Gallo Del Cielo) and JA Colonel Frost Em (PC Frost Em Peppy). Also notice the stallion introduction page in the catalog showcasing upcoming sires PC Oakwood Frost, Wily Woodduster, and JA Wily Sun Frost. We look forward to their progeny on the ground in 2024!

The gelding and saddle mare offering is as deep as we've offered and includes finished ranch horses all the way to started prospects along with some select consignments from friends. Also, a feature this year is a select offering of elite broodmares right out of the heart of the broodmare band.

We welcome Santa Fe Ranch and Hanging b Quarter Horses as guest consignors.

Feel free to call and visit with us or any of our crew about the horses and get familiar with the offering.

We are looking forward to seeing all of you at the Sale on October 5th!

Read Proverbs 3:5-6, believe what it says, and there is the foundation we stand on. The Jamison and High Families

OUR GOAL... Match the right horse with the right buyer.

A two year old who was started and ridden for a semester at the college in Lamar, CO. They called him the valedictorian of the class. He makes no mistakes, the students rode him without a bridle in their presentation. Solid bay and a true cowhorse pedigree. Just a two year old, he spent a semester at the college in Lamar, CO. They did a great job with him and he rides out quiet, soft, and gentle. A son of Frost Em and out of an own daughter of Wilywood, this colt has a lot to offer. He was easy to start and has stayed gentle, but also really tracks a cow well. Pretty laid back but when you ask him to step up, he's willing to grab another gear and go get the work done, but comes right back down. Meet you at the gate friendly, bred like he is, and a world of potential ahead of him, "Ranger" will make his mark!

The performance look, exceptional athleticism, and a big stop all come together here in a really special prospect. "River" is probably the cowiest of all the three year olds we've started this year and has that "extra" in every way that says performance in the high end of the arena events. Study him and look at his hind leg set and you can see why stopping comes easy for him. Too much drive and performance sting for the inexperienced rider, but the big time prospect for a competitive rider. Heelers and calf ropers take note!

The Driftwood look and really talented, "Coyote" needs to back into the box somewhere in his future. Nine times to Driftwood and he has the feel of a future heel horse with his speed and ability to track cattle. Mentally he's still on the make, and needs to continue to see some miles, but what a prospect if you are looking for a slam dunk in the roping pen. This is the kind that turns up at the NFR years down the road.

If we held a halter conformation class, "Tate" would be contender for the winners circle. Very athletic and with lots of heart and try, this colt stands out in many ways. Out of an own daughter of Playboys Buck Fever and by a linebred Driftwood sire, he offers a unique pedigree. He will track a cow nicely, has roped in the arena, and has been through the mountains and will stay with you no matter how big a circle you are on. After time off he works best with a warm up. If you like a long, smooth stride, take a hard look at this buckskin prospect. Dam Roosters Hope Chest has many fans and this is her last progeny by High Driftin Gold. Full brother last year sold well and is our idea of a using horse. A good mind comes baked in the cake and this colt is showing the athleticism and feel that we all look for to make the ride enjoyable. Roosters Shorty and High Rolling Roany, this is an interesting pedigree. There will be no registration papers due to a DNA glitch in the maternal ancestry.

Two Sox is a great four year old that has been a joy to work with from the beginning. He was easy to start and has been kind and willing about everything he's done since. He's drug a pile of calves to the branding fire, doctored yearlings outside, and even done a bit of ranch rodeoing. He's one of the safer feeling horses I've had and I would be confident putting a wide variety of people on him. Two Sox is no dead head though, he's very cowy, has a fast walk, and loves to cover country and do a job. If you're looking for a great, handy sized young gelding that is fun to do the job on Two Sox might be the one for you. Contact Ty Hotchkiss @ 605/210-0242 for more information.

Here's a red roan gelding that will catch your eye. Really solid in the temperament department and built to last, this colt has been a real pleasure to ride. He'll track a cow nicely and stays together when you ask for some speed. He has a nice turn around and is starting to really find the stop. If gentle and friendly is what you need, don't pass him by!

Really attractive young gelding with some extra chrome that has been on the ranch since last year. Aden used him hard sorting bulls and working the pens for the last bull sale and really got along good. He will really watch a cow and makes the right moves in the sorting pen to make things flow nicely. With multiple crosses to Sun Frost and a dash of Rooster, he has the license to go on in the performance arena. Just give him a steady job and he'll take you to the pay window down the road! Very mature looking for a three year old, "Gus" is gentle and has been easy to start and is a pleasure to be around. An own son of Wily Frosty Wood and out of a daughter of Special Drift, the Driftwood foundation is there with a shot of Sun Frost to add more potency. With his good attitude and manners, we really like having this colt around. He's been through the mountains and creeks and is tracking cattle nicely. Good looking chestnut gelding with some chrome to get him noticed. One of his greatest assets is how gentle he is. He's the kind that can go do the big jobs and then let the family play on him after the work is done. Has been roped off of, checked pastures and has gathered cattle in the Flint Hills. A good, solid dependable ranch gelding that will lope a nice circle and has a nice stop.

There's so much to say about this stand out gelding! "Night Train" is a cool looking blue roan that has seen it all! He has been used to ride cattle in the feedlot as well as covering country outside on the ranch. Drug hundreds of calves to the fire and the first one I saddle when there is wild cattle to tie down and load. Been hauled to all the ranch rodeos and never makes a mistake. Has been my main heel horse this summer and been to many World Series team ropings and rodeos. We used him to break in a lot of team roping steers for the simple fact he can take a ton of runs on both ends and is super easy to control the cow on while heading. Lets you handle the steer every time. He is a half brother to the horse I sold last year in this sale. Has that ranchy look with the cow horse ability, there's no mistake, he is a standout! Jamesy has been my go-to horse for a number of years. If I hadn't been riding for a month or two in the winter and needed someone dependable to do a job on he's the one I would grab. Jamesy lost his right eye as a baby but he hasn't let it slow him down. He's cowy and gets a job done with the best of them. He's drug tons of calves at brandings, doctored cattle in the pasture, been to quite a few ranch rodeos, and been used starting colts. The lack of the right eye puts a little more responsibility on the rider to watch out for him on that side, but if you take care of him he will take care of you. Jamesy is a good one with lots of looks, talent, and character! Contact Ty Hotchkiss@ 605/210-0242 for more information.

"Ten" is a solid and consistent gelding that has seen a lot of country. He is the same horse if you ride him every day or turn him out for six months. He is a cowy, smooth moving, fun horse to ride. Ten is very soft and well broke, however I wouldn't classify him as a beginners horse due to a couple of quirks. He does not like a rope being thrown off of him and he can be a little odd about things around his feet. The quirks are very easy to deal with, just perhaps exclude him from beginner status. Very dependable even tempered mare that has been in the very best of hands all her life. We have used her for everyone and she will fit into most any situation. Very gentle and controllable, but with all the cow smarts still there, this is one that you buy to enjoy the ride, whether it's yourself or the next generation.

Bred in the purple as a cutting horse, this mare rides just exactly as you would expect after studying her lineage. We've had "Squeeze" around for a couple of years and she just keeps getting better and better. She is intense in everything she does, whether you're loping circles, chasing a cow, or climbing a hill. Very gentle on the ground and easy to be around. Don't miss this prospect!

Perky is a special young mare that has been a lot of fun from the very start. She was easy to start and has been a sweetheart about everything since. She's drug lots of calves to the branding fire, doctored yearlings outside, and done everything else a horse could do on a ranch. She's very cowy and has been known to pin her ears and attack a bovine. We've got some pretty rough country on our forest permit and Perky feels like riding a gyroscope in it. She travels nice and always keeps her feet under her. If you're looking for a kind young mare with tons of eye appeal that will do a job with style and fit a wide variety of riders take a look at Perky. Really pretty daughter of JA Wily Sun Frost that is broke and gentle enough for a wide variety of riders and seems to get along well with the youngsters. Stays broke with time off and will meet you at the gate. Has tracked steers around in the arena and has a nice stop. Not a mean bone in her body and ready to go any direction. Super attractive two year old bay filly, "Rocket" rides around soft and gentle. She has been through the mountains and over the hills and has had more miles of riding than the average two year old. She was started by a young girl and all the right pieces seem to be in place. She is showing some cow and tracks down the arena just like one should. Just take her on and continue the training. If you are looking for a beginner level confidence builder for the next generation, look no further than Rambo! 3 years old, dark buckskin and completely gentle, he can step up and move out with a more confident rider or just dial back the energy and make the slower rides enjoyable. He's also broke to drive and will move on down the road with a steady gait pulling a cart or wagon regardless of traffic on the road. Parents, take a look at your next family friend! He is gentle and easy to be around and will make a good friend for the youngsters, whether they ride one or two at a time. Snap may have a bit more opinion than a completely inexperienced rider may enjoy but is great for those who have had a bit of saddle time under their belt. 122 JASPER
