

| Acrovyn by Design® Metallics

From left shown in Aegean, Acrovyn by Design® Metallics: Coarse Weave, Hatch and Solid.

The new Acrovyn by Design® Metallics collection offers a unique way to add a high-end aesthetic to any interior space. The combination of color and pattern with metallic undertones, illuminates a space while keeping it protected.

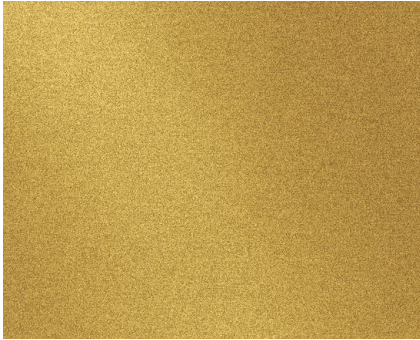

This collection features 3 exclusive patterns in 24 colorways, providing 72 trend-forward combinations. Available in both sheet and panel products, the Metallics collection offers an extra level of luxury, whether it is adding a subtle elegance or making a bold color statement.

The material is supplied in 4' x 8' and 4' x 10' sheets in .040" thickness or can be specified for our wall panel products. The Metallics collection is designed to coordinate with Acrovyn® solid colors, woodgrains, Acrovyn by Design patterns, and aluminum trims. For more information or to view additional patterns, visit [www.acrovyn.com/metallics](http://www.acrovyn.com/metallics).
