Live Steam and Models Boats | 0 Gauge and Large Scale Trains

00 Gauge, HO and N Gauge | Modern Issue Diecast | Kits

LIVE STEAM AND MODELS BOATS

1
Stuart Turner No.9 horizontal single cylinder mill engine, comprising of wooden clad horizontal cylinder with drain cocks, free running motion with 1 1/2 inch bore by 1 1/2 inch stroke, fitted with eccentric driven steam valve, steam and exhaust ports, with brass oiler cups to crank, powering a spoked 5" flywheel, mounted on a wooden display plinth, free running example in excellent condition
£400-600

Lot 1

2
Bing of Germany, Circa 1912, No.135/12 twin cylinder hot air engine, comprising red and white tin printed body, with central spoked fly wheel (6cm), raised on wooden plinth, with burner, height 24cm
£150-200

3
Bing of Germany, Circa 1912, hot air engine, comprising of single cylinder hot air engine, powering a 10cm spoked fly wheel with opposed take off pulley, brickwork effect tinplate housing with single wick spirit burner, steam engine casing is painted black and lined with orange, fully raised on two tone green and yellow base plate with later wooden plinth, height 36cm, free running example
£200-300

4
Wileco D21 Stationary Steam Plant, comprising of pellet fired polished tin housed brass boiler, with water gauge glass, water drain cock, with embossed brick type walls, 2 footbridges with railing and 2 ladders, double action reversible brass cylinder with flywheel, spring loaded safety valve, and steam whistle with chain, and other expected fittings, excellent condition
£150-200

5
No Lot

6
Roland Reichelt single cylinder hot air engine, comprising of single cylinder with slip eccentric and single heat exchanger, powering a 11cm spoked fly wheel, raised on hand painted green base, with burner, height 13cm
£150-200

7
James Carter, Circa 1920, stationary horizontal hot air engine, length 21 cm, comprising black base, with single cylinder powering a 3 inch spoked fly wheel, free running with replacement firebox and fuel reservoir
£80-120

8
James Carter, Circa 1920, stationary horizontal hot air engine, length 27cm, comprising black base, with single cylinder powering a 4 inch spoked fly wheel, free running, Size B
£150-200

9
James Carter, Circa 1920, stationary horizontal hot air engine, length 29cm, comprising black base, with single cylinder powering a 4 inch spoked fly wheel, with slip eccentric, free running, Largest model in this range, burner situated within base
£150-200

10
Bing, Circa 1906 and later restored stationary hot air engine, comprising of single cylinder with 4 inch spoked fly wheel, heavy cast base hand painted in green, black and red, with restored tinplate brickwork housing, chimney and burner, fully raised on tinplate and wooden base, length 35cm and height 36cm
£200-250

KEY TO CONDITION GRADING

- B** BOXED In the manufacturers original box or container, in appropriate condition
- M** MINT – As Purchased From Shop in Perfect Condition
- NM** NEAR MINT - With One or Two Extremely Minor Blemishes
- E** EXCELLENT – No Markings or Defects, with only small imperfections
- VG** VERY GOOD – Better than Good Condition, with more than 1 or 2 minor blemishes
- G** GOOD – In good general condition, with chips or scratches and marks for age, model shows blemishes
- F** FAIR – In Fair Condition with higher than average proportion of chips and marks for age, may include repaints
- P** POOR In only moderate condition, perhaps in-complete, significant paint loss, many faults
- R** Repainted – Has in Whole or Part Repainted
- A/F** Damage to model, or box, items missing, Broken

All lots plus buyers premium of 27% including VAT

11

PM Research Solar Engines of Phoenix Arizona, stationary horizontal hot air engine comprising single cylinder, 2 3/4" spoked fly wheel, raised on green painted base, length 19cm
£70-100

12

Stuart Turner "Real" The None Upside Down Engine from the Designs by Andrew Wood, very well engineered example comprising of single cylinder with slip eccentric, displacement lubricator, raised on four column supports, counter balanced pulley with other expected fittings, free running example hand painted in green and raised on wooden plinth, height 40cm
£350-450

Lot 13

13

Cotswold Heritage Cirrus Beam Engine, suitable for steam or compressed air use, comprising maroon central column with single vertical cylinder, fitted with Watts parallel motion, to power a small spoked flywheel, fitted with slip eccentric, and brass steam/air inlet union, raised on wooden plinth, with Cirrus name plaque and manufacturers plaque
£300-350

14

Cotswold Heritage Perseus single cylinder engine, comprising double acting cylinder and eccentric driven slide valve, raised on wooden plinth, with spoked fly wheel, finished in dark blue, with Heritage No P264, free running
£150-200

15

No Lot

16

Cotswold Heritage "Ariel" inverted steam engine, of usual specification from Cotswold Heritage, Height 12 inches, Bore 3/4 inch and Stroke 1 inch, free running example, plaque to read A003, excellent clean condition
£300-400

17

Engineers Scratchbuilt model of a single-cylinder hot air engine, comprising of large horizontal heat exchanger, with take off power a scotch crank engine housed in clear acrylic block, complete with single wick burner and fully raised on wooden plinth, height 17cm, length 27cm
£150-200

18

Scratchbuilt vertical hot air engine, in the manner of a French Vertical engine by Julian wood, comprising of single cylinder with vertical heat exchanger, single wick burner with twin opposed 2 inch fly wheels, free running example housed on wooden plinth, height 25cm
£80-120

19

PM Research Inc, Solar-10 Vertical Hot Air Engine, comprising all metal and brass construction, hand painted in black, with red flywheel and fully mounted on a solid hardwood platform, with single wick burner, free running
£80-120

20

Stationary horizontal hot air engine, comprising of a horizontal heat exchanger, single cylinder, powering a 5.5" spoked fly wheel, free running example fully housed on heavy metal base plate, length 36cm
£100-120

21

Wileco, Dampfmaschine D22 stationary steam plant, spirit fired with boiler on plinth, supplying 2 cylinders to power a line shaft, as issued by Wileco, excellent clean condition with very little use
£150-200

22

Stuart Turner No.1 vertical steam engine, with 2" bore x 2" stroke, single cylinder with drain cocks, displacement lubricator fitted, powering a 7 inch flywheel, housed on wooden base measuring 11" x 7", 15" tall, free running example painted in black and dark red
£400-600

23

Jan Ridders stationary horizontal flame eater vacuum engine, free running example with single wick burner, raised on an acrylic base with perspex case, length 19cm (Including Case), Height 11cm
£100-150

24

A Floyd McGuckin (Popular Science Magazine, February, 1950) stationary horizontal vacuum engine, comprising heavy cast base with single cylinder, Bore & Stroke 1.0" x 1.5", Flywheel to measure 3.2" in diameter, free running example with single wick burner, handpainted in maroon, the height of the engine 12cm
£200-250

25

Rebi Motor, Circa 1950 Type R2 vacuum engine, made by Willy Honsel of Germany, hand painted in light blue with red unspoked 4.5" fly wheel, free running example fully housed on wooden plinth, excellent condition
£200-250

26

Jan Ridder style flame licker vacuum engine, comprising of internal valve engine based on Ridder designs, spirit fired example, free running but may benefit from cleaning before use, housed on acrylic plinth with brass turned feet, with perspex case and wooden plinth, height of engine and plinth 12cm, length of wooden plinth 21cm
£100-150

27

Thermal Engine Corporation Heat Wave Hot Air Fan, free running example, of usual specification, height 33cm
£80-120

28

Kyko (British Made) large scale vertical hot air engine, circa 1930s, raised on wooden display plinth, free running, height 53cm
£400-600

All lots plus buyers premium of 27% including VAT

29

From Stuart Turner castings, the James Coombes table engine, 1" bore x 2" stroke based on a full size engine from a Bristol Colliery, Model 1" to the foot (1:12) scale on wooden plinth, 16" tall x 9" x 8", well finished example hand painted in red, raised on chequer work base plate and further displayed on wooden plinth, full height including plinth 45cm
£500-800

30

Roland Reichelt stationary horizontal hot air engine, comprising twin cylinders with twin heat exchangers, powering a centrally positioned 7" spoked fly wheel, two single wick burners, free running example, hand painted to a very high standard, length 44cm
£200-250

31

Carette Model Number 686/3, circa 1911 hot air engine, spirit fired of vertical formation comprising of cast base with spirit tank and wick burner, mounted crankshaft on tapered frames, maroon and yellow lined paint finish, free running, some rusted areas, rare early example, height 43cm
£700-1,000

Lot 29

32

Circa 1900 early Paradox stationary gas engine, comprising of central single cylinder powering two 3.5" spoked fly wheels, free running example, raised on wooden base, length 17cm, Height 13cm,
£200-300

33

Wanitschek of Germany, Circa 1980 stationary horizontal vacuum engine, air cooled version, hand painted in red, free running example raised on wooden plinth, length of engine 12cm, max height including plinth 10cm
£100-150

34

Wanitschek of Germany, Circa 1980 horizontal vacuum engine, water cooled example with hopper situated to the top of the engine, hand painted in green and red, free running example, raised on wooden plinth
£100-150

35

From Curly Lawrence LBSC Designs rotating single-cylinder steam crane, original build details can be see in The Model Engineer Magazine October 15th 1953, later details and improvements have been made, and paintwork updated, free running example in good clean condition, length of boom 51cm,
£200-300

36

A Davies Charlton Ltd of the Isle of Man, boxed stationary hot air engine, finished in green and red with usual expected fittings, the original box fitted in green with detailed picture of the hot air engine, with original instruction leaflet (VG)
£70-100

Lot 31

37

An American circa 1900 horizontal Paradox model gas engine, handpainted in dark blue, free running example, with single horizontal cylinder and twin opposed spoked flywheels to measure 9cm, fully raised on wooden plinth, Length 15cm, Height 14.5cm
£400-600

38

Bing, Circa 1912 single cylinder horizontal hot air engine, spoked 6cm flywheel and opposing take off pulley, single wick brass burner, raised on tinplate and lithographed base and wooden plinth, Length 26cm, Height 24cm, replacement chimney
£100-150

39

Bohm, HB7 hot air stirling engine, nicely finished kit comprising of stainless steel and brass components, length 16cm, height 7cm
£50-80

40

Carette, Model Number 143/1, Circa 1911 Stationary Hot Air Engine, comprising of a horizontal engine with single cylinder, powering a 6cm spoked flywheel, with single wick burner, fully raised on wooden plinth, length of plinth 21cm, Height 20cm
£100-150

41

Heinrici of Germany vertical hot air engine water pump, comprising twin spoked flywheels measuring 5 3/4" diameter, ball and socket jointed eccentric drive, hot air exchanger positioned below the engine, raised on 3 leg associated stand, height 44cm, possibly for laboratory use
£250-350

42

A pair of Mamod stationary steam plants, the first comprising of a horizontal spirit fired tin raised boiler powering a single oscillating cylinder engine with spoked flywheel and take-off point, housed on a red base, the second as per the first but with the cylinder above the boiler, both are sold with a tinplate mechanical roundabout fairground ride that could be powered by either engine
£40-60

43

A Wileco No. D405 Traction Engine comprising of blue & red body housed in the original pictorial sided card box, some use but very good overall condition, with original leaflet
£80-120

44

A Mamod steam tractor TE1A, green body, white roof, red spoked wheels, little use (E-BNM)
£50-80

All lots plus buyers premium of 27% including VAT

45

4 trays of mixed steam spares, part built chassis frames, traction engine wheels, trailing wheels and other associated live steam building spares and accessories,
£150-200

46

4 trays of mixed steam spares, part built chassis frames, traction engine wheels, trailing wheels and other associated live steam building spares and accessories,
£150-200

47

4 trays of mixed steam spares, part built chassis frames, traction engine wheels, trailing wheels and other associated live steam building spares and accessories,
£150-200

48

3 boxes of mixed steam spares, part built chassis frames, trailing wheels and other associated live steam building spares and accessories,
£70-100

49

Collection of 2.5 inch gauge items of rolling stock and wagon loads, well built example with various high street store liveries
£80-120

50

Doll et Cie, Overtime stationary steam engine, Model No.510, Circa 1920s, comprising horizontal raised boiler with slip eccentric, twin opposed 3-inch flywheels, sight glass, whistle, weighted safety and other expected fittings, raised on cast metal and hand painted base, with original removable burner, length 26cm, Height 29cm
£400-500

51

Mercer Precision Engineers of Birmingham, spirit-fired live steam traction engine, finished in green and red with single cylinder and slip eccentric, Stephenson's valve gear, brass silver soldered boiler, easy access to fittings, length 29cm
£500-600

Lot 51

52

Doll et Cie, stationary vertical steam engine, comprising of hand-painted cast metal base, single wick spirit burner, with vertical boiler, fitted with sight glass, Manometer, weighted safety, single cylinder vertical engine with slip eccentric powering a 3 inch spoked fly wheel, free running condition, height 32cm
£200-250

53

Bing, Circa 1900 stationary vertical steam engine, spirit fired example comprising of heavy cast metal base, vertical boiler, original twin wick spirit burner, single cylinder vertical engine with slip eccentric, weighted safety, ball governor, and fitted with a 4" spoked fly wheel, free running, height 31cm
£300-400

54

Doll et Cie stationary steam plant, comprising of horizontal tinplate brickwork housed boiler with sight glass and steam gauge, whistle, steam take off powering a single cylinder horizontal steam engine with slip eccentric, with ball governor, take off pulley and powering 3" flywheel, fully raised on tinplate base hand painted in black and lined with red and green, height 34cm, base measures 26cm x 28.5cm
£250-300

55

Fleischmann large-scale spirit fired stationary steam plant comprising of a horizontal spirit-fired boiler with sight glass, steam gauge, safety whistle and weighted safety, powering a single-cylinder steam engine with slip eccentric, working ball governor, 5" fly wheel, take off pulley, fully raised on large tinplate base, largest of the Fleischmann steam plants, height 44cm
£400-600

56

Stuart Turner and Reeves Castings spirit-fired steam plant, comprising of S50 Stuart Turner horizontal engine hand-painted in black, powered via a spirit fired Reeves Castings vertical boiler, free running example with Stuart Turner hand water pump, fully raised on wooden base, max height 27cm
£300-400

57

Marklin stationary steam plant comprising of spirit fired horizontal boiler with sight glass, steam gauge, safety whistle, weighted safety, powering a single cylinder engine with 3" fly wheel, free running example, Circa 1935, raised on tinplate dark green, black and orange base, max height 37cm
£200-250

58

Carette Circa 1895, Model No.692/3P Portable steam engine, comprising spirit-fired boiler with single cylinder mounted slide valve engine, chain driven rear wheel, ball governor, Carette Trademark to front of engine, free running example, length 23cm
£1,000-1,200

59

Wilesco D430 Locomobile Steam Engine, of usual specification, with burner, used condition in the original card box
£150-200

60

Wilesco D365 Dampfwalze, steam roller 'Old Smoky', boxed with quantity of leaflets, good clean free running condition
£100-120

61

Wilesco D409 Showmans Engine, Live Steam, finished in red and black with corrugated canopy to read "T.Pettigrove, Stonebridge Park, Middlesex", with burner, in the original box with related paper work (VG-BG)
£120-150

62

Bowman Models of Dereham No. 101 stationary steam plant comprising of tin housed horizontal boiler, with large brass burner, powering a single horizontal cylinder to unspoked heavy flywheel with cog take off, safety exhaust, fully housed and raised on wooden base with Bowman Trademark, with original wooden box
£120-150

All lots plus buyers premium of 27% including VAT

- 63**
Falk, Model Number 456/2/2S, c.1925 stationary semi portable steam engine with feed pump, fixed single cylinder and steam whistle, weighted safety, sight glass, steam gauge and other expected fittings, twin wick original burner, free running, height 27cm
£500-600
- 64**
Bowman Models of Dereham model No. M122 live steam plant comprising of tin housed horizontal boiler, with original burner, filler cap, funnel, powering a twin cylinder horizontal engine with unspoked flywheel take off, fitted with twin opposing oilers, free running example fully raised on Meccano style red base with Bowman Models trade mark
£70-100
- 65**
Ernst Plank, Circa 1910 stationary steam plant comprising of spirit fired horizontal boiler with whistle, single wick burner and take off powering a single cylinder horizontal engine, ball governor, raised on lithographed decorated tinplate base, height 26cm
£100-150
- 66**
Midwest Product Co Inc, kit built model VI Steam engine, built to a good standard, in the original card box
£100-120
- 67**
Wileco D14 Stationary horizontal steam engine, as issued in the original card box with leaflet and filler,
£80-120
- 68**
Doll Et Cie, Vertical Steam Engine No. 354/3, c.1930 Doll & Co trademark of Nuremberg, Germany. Fixed double-action cylinder, burnished brass boiler, weighted safety valve, steam whistle, regulator, drain tap, water-gauge indicator, lacquered cast-metal base, free running, height 36cm
£300-400
- 69**
Bing Circa 1912 stationary large-scale steam plant, comprising of horizontal tin housed boiler with spirit burner, weighted safety with sight glass and whistle, take off point running through base to power a single cylinder steam engine, with slip eccentric, spoked 4.5" fly wheel, all raised on wooden and tinplate base, height 44cm
£700-1,000
- 70**
Doll Et Cie of Germany, Number 359/5 stationary vertical steam engine, comprising of vertical boiler with single wicker burner to the cast iron base, fitted with sight glass, whistle and weighted safety, powering a single cylinder slide valve engine powering 3.5 inch fly wheel with take off pulley, free running example, well built example, height 35cm
£400-600
- 71**
Wileco, D455 vertical steam plant with tray spirit burner, little use but some storage blemishes, appears complete
£70-100
- 72**
Maxwell Hemmens Kit Built model of The Birmingham Dribbler, very well made example, length 19cm, raised on display plinth
£100-120
- 73**
Mamod SP3 1996 vintage steam plant, of usual specification, model with cast chimney, model is used, height 18cm
£80-120
- 74**
Wileco D6 Stationary Steam Engine, of usual specification housed on tinplate base, with original box, height 22cm
£70-100
- 75**
Bowman Models, Dereham, PW203, stationary steam plant, mounted on Meccano metal base comprising of BM tin housed boiler, connected to a single cylinder engine powering a small flywheel, base in original soap green paint
£60-80
- 76**
Mamod Stationary steam plant, comprising of a horizontal boiler powering a single-cylinder mill engine, raised on meccano style base
£40-60
- 77**
Bing stationary horizontal over type steam engine, comprising of tin housed horizontal boiler with sight glass, whistle and mounted with a single cylinder engine, powering a 3.5" fly wheel, fully raised on tinplate lithographed base with Bing trademark, height 37cm
£120-150
- 78**
Midwest Products or similar kit built vertical steam engine, comprising of vertical wooden clad spirit fired boiler with single cylinder engine and spoked 5.5cm fly wheel, raised on wooden base, height 23cm
£60-80
- 79**
Early Carette Circa 1905 vertical stationary steam engine, comprising of vertical boiler with single spirit burner, powering a single oscillating cylinder engine with opposed flywheel to measure 2", fitted with filler cap and safety whistle, height 27cm
£70-100
- 80**
Ernst Plank stationary steam plant, Circa 1900, comprising of tinplate hand-painted base, with brickwork supported horizontal boiler, with whistle and take off powering a small oscillating single cylinder engine, with 2" flywheel, height 23cm
£80-120
- 81**
Bing, Circa 1915 vertical steam engine, comprising of vertical boiler with sight glass, whistle, single cylinder engine with 2 3/4" fly wheel, cast iron base with burner, height 29cm,
£150-200
- 82**
Doll, Germany, early steam toy accessory, water mill with hand or steam engine driven pulley to drive as disc with miller and donkey, dummy water wheel, very good condition with DC transfer, from the Clibbon collection
£150-200
- 83**
An early 20th century Bing tin plate workshop steam accessory, comprising of large windmill with workshop and factory elevator machinery, fully raised on tin plate hand painted land effect base, trade mark to the rear side of the workshop building, free running example, full height to top of windmill sale 33cm, length 25cm, depth 14cm
£100-120
- 84**
A Bing tin plate windmill workshop steam accessory, comprising of handpainted tin plate base with brickwork effect windmill, flywheel to one side with four sails opposed to the other, free running example with one replacement/repairs tinplate sail, height 22cm, with simple music movement contained inside
£70-100

Lot 85

85

A Late Victorian brass dribbler type locomotive, spirit fired example with on and off lever to backhead controls, safety whistle, and filler cap, length 17cm
£100-120

86

A brass and copper spirit fired dribbler style locomotive of usual specification with on/off lever, filler cap, and single wick burner to underside, free running example, length 21cm
£100-120

87

A Hornby 3.5" gauge live steam Stephenson's Rocket train set together with accompanying G104 coach, both housed in original boxes and in used condition
£80-120

88

A set of four 2½" gauge Nigerian Railway coaches, circa 1920s, to go with a Bassett Lowke model locomotive The Emir of Zaria, the lot consists of two sleeping cars, a day car and luggage van, the roofs are hinged to open to reveal the fitted interiors with bunk beds and bedding, dining table, and other contents, the goods van contains a load of various sacks of grain, all models require some restoration
£150-200

89

A Caldercraft 1/32 scale kit built model of an Imara twin screw harbour tug boat, comprising of red and black hull with grey superstructure and stained wooden decking, fitted with twin can motors powering twin propellers, fitted with battery and twin electronize FR30 HX micro processor systems, with various light features, fixtures and fittings, complete with wooden display stand and a Planet T5 2 point fur GHZ digital remote control, model is built to an exceptionally high standard
£500-700

90

A Mountfleet Models 1/32 scale kit built model of an Admiralty Coaster C642 boat, handpainted in grey and black with green deck and removable superstructure to reveal rudder servo, motors, and steam unit with various other radio controlled fixtures and fittings, sold with a Spektrum DX6i hand set, and two model boat batteries, length 49.5" housed on a wooden display stand. Model is executed to a very high standard
£500-700

91

A very well made scale model of an HMS Grenadier T334 WWII military class armed trawler, comprising fibreglass hull, white metal fittings, and etched brass components, servos and electric motor fitted, but no radio control receiver or batteries fitted, length 619mm, beam 102mm, housed in a wooden carry case
£80-120

92

A very well made 1/96 scale model of an HMS Eastern LO9 WWII Hunt Class escort destroyer, comprising fibreglass hull with white metal etched brass and resin fittings, complete with servos and twin electric motors fitted but no radio control receiver or batteries, length 889mm, beam 101mm, supplied with a quantity of drawings associated to the build
£100-150

93

A 1/96 scale kit built model of an HMS decoy H75 1930s D-class destroyer, comprising fibreglass hull with white metal etched brass and resin fittings, servo and twin electric motors fitted but no radio control receiver or batteries, length 1.02m, beam 107mm, housed in a wooden carry case
£100-120

94

A 3½" gauge 2-6-0 part built locomotive chassis and running gear together with another 0-4-0 part built brass 3½" gauge chassis
£70-100

95

A wooden scratch built scale model of an Edwardian schooner rigged pond yacht, comprising of red and white wooden hull with weighted central keel, stained wooden deck with cream canvas sails, housed on wooden display plinth with brass plaque
£80-120

96

A GRP and wooden kit built radio controlled scale model of an Avon Garth Bristol tug boat, length 41", beam 11", a well executed model built to a very high standard, complete with lights, propeller shaft and rudder installed, requires motor and radio gear to complete model, fully raised on wooden display stand
£150-200

97

A Graupner kit built scale model of a Manhattan 74 yacht, fitted with twin speed turbo motors, driving twin water jet units with twin speed controllers, bow thruster with a marine 15 speed controller and working light, 49" in length with 11" beam, model is built to a very good standard, and is supplied with a wooden carry handle style display stand,
£150-200

98

A GRP hulled and wooden kit built model of a Princess 37 Flybridge cruiser, comprising of white and blue lined body with stained decking, complete with removable superstructure to reveal twin can motors and twin rudders, fully raised on wooden carry handle display plinth, full length 40", beam 13"
£150-200

99

A Mersey Model Company Ltd of Liverpool stationary horizontal type steam engine comprising of tin housed boiler, with filler cap, exhaust and take-off point, powering a single oscillating cylinder engine with 1½ unspoked flywheel, raised on wooden plinth and housed in the original labelled card box
£50-80

100

A collection of workshop miniature steam items to include a Mamod horizontal stationary steam plant with a boxed lineshaft accessory, and four Mamod unboxed lineshaft tools, together with a Meccano horizontal steam plant, and a Hess dynamo, some examples boxed, majority loose
£80-120

101

A Mamod SW1 steam wagon comprising green, white & red body with burner, scuttle and two steering rods, complete with matching Mamod 4-wheel trailer
£70-100

All lots plus buyers premium of 27% including VAT

I02

A 1/8th scale wooden and plastic kit built model of a 1940s Chris Craft barrel back runabout boat, built from a Dumas kit, fitted with brushless motor and speed control, requires radio control handset, and 9.6 volt C battery, model is constructed to a good standard, length 75cm

£100-120

I03

A Terio Designs 6m class racing yacht, comprising of GRP hull with weighted keel, hull is finished in yellow with black and white lining, complete with PG sails, RX, winch servo and steering servo, fully raised on wooden portable display stand

£100-120

I04

Packing and Postage

Most UK parcels can be sent in-house for our flat standard rate of £20 for up to 3 lots and £1.50 per lot thereafter, please contact our offices for overseas shipping quotes. For high value lots we recommend MailBoxes (info@mbemail.co.uk). If you choose an alternative courier we can pack for £8 per parcel.

We use APC Couriers and everything is sent 24 hour tracked and signed for. Some exclusions apply for larger lots such as dinner services, please contact our offices for a quote with regards to larger or bulkier lots. Jewellery, watches, coins and high value small items will be sent by Royal Mail Special Delivery with maximum insurance of £2500.

Please note that this service is NOT insured, therefore if purchasers require further cover, then they must arrange this themselves. Alternatively we can send by Parcelforce 48 with insurance charged at £4 upto £500 cover, £8-£1000 cover, £12-£1500 and £20-£2500 cover. Lacy Scott & Knight accept no liability for items which are damaged or lost during postage, and cannot and will not assist in any claims unless insurance cover has been taken out.

TERMS OF SALE

Both the sale of goods at our auctions and your relationship with us are governed by the Terms of Consignment (primarily applicable to sellers) the Terms of Sale (primarily applicable to bidders and buyers) and any notices displayed in the saleroom or announced by us at the auction (collectively, the “Conditions of Business”). The Terms of Consignment and Terms of Sale are available at our saleroom on request.

Please read these Terms of Sale carefully. Please note that if you register to bid and/or bid at auction this signifies that you agree to and will comply with these Terms of Sale.

I Definitions and interpretation

1.1 To make these Terms of Sale easier to read, we have given the following words a specific meaning:

“**Auctioneer**” means Lacy Scott & Knight, a partnership registered in England and Wales and whose registered office is located at 10 Risbygate Street, Bury St Edmunds, Suffolk, IP33 3AA.

“**Bidder**” means a person participating in bidding at the auction;

“**Buyer**” means the person who makes the highest bid for a Lot accepted by the Auctioneer;

“**Deliberate Forgery**” means: (a) an imitation made with the intention of deceiving as to authorship, origin, date, age, period, culture or source; (b) which is described in the catalogue as being the work of a particular creator without qualification; and (c) which at the date of the auction had a value materially less than it would have had if it had been as described;

“**Hammer Price**” means the level of the highest bid for a Lot accepted by the Auctioneer by the fall of the hammer;

“**Lot(s)**” means the goods that we offer for sale at our auctions;

“**Premium**” means the premium that we will charge you on your purchase of a Lot to be calculated as set out in Clause 4;

“**Reserve**” means the minimum hammer price at which a Lot may be sold;

“**Sale Proceeds**” means the net amount due to the Seller;

“**Seller**” means the persons who consign Lots for sale at our auctions;

“**Terms of Consignment**” means the terms on which we agree to offer Lots for sale in our auctions as agent on behalf of Sellers;

“**Terms of Sale**” means these terms of sale, as amended or updated from time to time;

“**Total Amount Due**” means the Hammer Price for a Lot, the Premium, any applicable artist’s resale right royalty, any VAT due and any additional charges payable by a defaulting buyer under these Terms of Sale;

“**Trader**” means a Seller who is acting for purposes relating to that Seller’s trade, business, craft or profession, whether acting personally or through another person acting in the trader’s name or on the trader’s behalf;

“**VAT**” means Value Added Tax or any equivalent sales tax; and

“**Website**” means our website available at www.lsk.co.uk.

In these Terms of Sale the words ‘you’, ‘yours’, etc. refer to you as the Buyer. The words ‘we’, ‘us’, etc. refer to the Auctioneer. Any reference to a ‘Clause’ is to a clause of these Terms of Sale unless stated otherwise.

2 Information that we are required to give to Consumers

2.1 A description of the main characteristics of each Lot as contained in the auction catalogue.

2.2 Our name, address and contact details as set out herein, in our auction catalogues and/or on our Website.

2.3 The price of the Goods and arrangements for payment as described in Clauses 4, 5, 7 and 8.

2.4 The arrangements for collection of the Goods as set out in Clauses 8 and 9.

2.5 Your right to return a Lot and receive a refund if the Lot is a Deliberate Forgery as set out in Clause 13.

2.6 We and Trader Sellers have a legal duty to supply any Lots to you in accordance with these Terms of Sale.

2.7 If you have any complaints, please send them to us directly at the address set out on our Website.

3 Bidding procedures and the Buyer

3.1 You must register your details with us before bidding and provide us with any requested proof of identity and billing information, in a form acceptable to us. You must also satisfy any security arrangements we have in place before entering the auction room to view or bid.

3.2 We strongly recommend that you attend the auction in person. You are responsible for your decision to bid for a particular Lot. If you bid on a Lot, including by telephone and online bidding, or by placing a commission bid, we assume that you have carefully inspected the Lot and satisfied yourself regarding its condition.

3.3 If you instruct us in writing, we may execute commission bids on your behalf. Neither we nor our employees or agents will be responsible for any failure to execute your commission bid, unless our failure to do so is unreasonable. Where two or more commission bids at the same level are recorded we have the right to prefer the first bid made (where this can be reasonably ascertained).

3.4 The Bidder placing the highest bid for a Lot accepted by the Auctioneer will be the Buyer at the Hammer Price. Any dispute about a bid will be settled at our discretion. We may reoffer the Lot during the auction or may settle the dispute in another way. We will act reasonably when deciding how to settle the dispute.

3.5 Bidders will be deemed to act as principals, even if the Bidder is acting as an agent for a third party.

3.6 We may bid on Lots on behalf of the Seller up to one bid below the Reserve.

3.7 We may refuse to accept any bid if it is reasonable for us to do so.

3.8 Bidding increments will be at our sole discretion (but will be in line with standard auction practice).

4 The purchase price

As Buyer, you will pay:

- a. the Hammer Price;
- b. a premium of 22.5% (plus VAT) of the Hammer Price;
- c. any artist’s resale right royalty payable on the sale of the Lot; and
- d. any VAT due.

5 VAT

5.1 You shall be liable for the payment of any VAT applicable on the Hammer Price and premium due for a Lot. Please see the symbols used in the auction catalogue for that Lot and the “Information for Buyers” in our auction catalogue for further information.

5.2 We will charge VAT at the current rate at the date of the auction.

6 The contract between you and the Seller

6.1 The contract for the purchase of the Lot between you and the Seller will be formed when the hammer falls accepting the highest bid for the Lot at the auction.

6.2 You may directly enforce any terms in the Terms of Consignment against a Seller to the extent that you suffer damages and/or loss as a result of the Seller's breach of the Terms of Consignment.

6.3 If you breach these Terms of Sale, you may be responsible for damages and/or losses suffered by a Seller or us. If we are contacted by a Seller who wishes to bring a claim against you, we may in our discretion provide the Seller with information or assistance in relation to that claim.

6.4 We normally act as an agent only and will not have any responsibility for default by you or the Seller (unless we are the Seller of the Lot).

7 Payment

7.1 Immediately following your successful bid on a Lot you will:

7.1.1 give to us, if not already provided to our satisfaction, proof of identity in a form acceptable to us (and any other information that we require in order to comply with our anti-money laundering obligations); and

7.1.2 pay to us the Total Amount Due in cash (for which there is an upper limit of 15,000 euros equivalent) or in any other way that we agree to accept payment.

7.2 If you owe us any money, we may use any payment made by you to repay these debts.

8 Title and collection of purchases

8.1 Once you have paid us in full the Total Amount Due for any Lot, ownership of that Lot will transfer to you. You may not claim or collect a Lot until you have paid for it.

8.2 You will (at your own expense) collect any Lots that you have purchased and paid for either:

8.2.1 not later than seven business days following the day of the auction; or

8.2.2 not later than seven business days following the date that we have received payment of the Total Amount Due in cleared funds, if later.

8.3 If you do not collect the Lot within this time period, you will be responsible for any reasonable removal, storage and insurance charges in relation to that Lot.

8.4 Risk of loss or damage to the Lot will pass to you when you (or your agents) take physical possession of the Lot.

8.5 If you do not collect the Lot that you have paid for within ninety days after the auction, we may sell the Lot. We will pay the proceeds of any such sale to you, but will deduct any storage charges or other sums that we have incurred in the storage and sale of the Lot. We reserve the right to charge you a selling commission at our standard rates on any such resale of the Lot.

9 Remedies for non-payment or failure to collect purchases

9.1 Please do not bid on a Lot if you do not intend to buy it. If your bid is successful, these Terms of Sale will apply to you. This means that you will have to carry out your obligations set out in these Terms of Sale. If you do not comply with these Terms of Sale we may (acting on behalf of the Seller and ourselves) pursue one or more of the following measures:

9.1.1 take action against you for damages for breach of contract;

9.1.2 reverse the sale of the Lot to you and/or any other Lots sold by us to you;

9.1.3 resell the Lot by auction or private treaty (in which case you will have to pay any difference between the price you should have paid for the Lot and the price we sell it for as well as the charges outlined in Clause 8.5). Please note that if we sell the Lot for a higher amount than your winning bid, the extra money will belong to the Seller;

9.1.4 remove, store and insure the Lot at your expense;

9.1.5 if you do not pay us within five business days of your successful bid, we may charge interest at a rate not exceeding 1.5% per month on the total amount due;

9.1.6 keep that Lot or any other Lot sold to you until you pay the Total Amount Due;

9.1.7 reject or ignore bids from you or your agent at future auctions or impose conditions before we accept bids from you; and/or

9.1.8 if we sell any Lots for you, use the money made on these Lots to repay any amount you owe us.

9.2 We will act reasonably when exercising our rights under Clause 9.1. We will contact you before exercising these rights and try to work with you to correct any non-compliance by you with these Terms of Sale.

10 Health and safety

Although we take reasonable precautions regarding health and safety, you are on our premises at your own risk. Please note the lay-out of the premises and security arrangements. Neither we nor our employees or agents are responsible for the safety of you or your property when you visit our premises, unless you suffer any injury to your person or damage to your property as a result of our, our employees' or our agents' negligence.

11 Warranties

11.1 The Seller warrants to us and to you that:

11.1.1 the Seller is the true owner of the Lot for sale or is authorised by the true owner to offer and sell the lot at auction;

11.1.2 the Seller is able to transfer good and marketable title to the Lot to you free from any third party rights or claims; and

11.1.3 as far as the Seller is aware, the main characteristics of the Lot set out in the auction catalogue (as amended by any notice displayed in the saleroom or announced by the Auctioneer at the auction) are correct.

11.2 If, after you have placed a successful bid and paid for a Lot, any of the warranties above are found not to be true, please notify us in writing. Neither we nor the Seller will be liable to pay you any sums over and above the Total Amount Due and we will not be responsible for any inaccuracies in the information provided by the Seller except as set out below.

11.3 Please note that many of the Lots that you may bid on at our auction are second-hand.

11.4 If a Lot is not second-hand and you purchase the Lot as a Consumer from a Seller that is a Trader, a number of additional terms may be implied by law in addition to the Seller's warranties set out at Clause 11.1 (in particular under the Consumer Rights Act 2015). These Terms of Sale do not seek to exclude your rights under law as they relate to the sale of these Lots.

11.5 Save as expressly set out above, all other warranties, conditions or other terms which might have effect between the Seller and you, or us and you, or be implied or incorporated by statute, common law or otherwise are excluded.

12 Descriptions and condition

12.1 Our descriptions of the Lot will be based on: (a) information provided to us by the Seller of the Lot (for which we are not liable); and (ii) our opinion (although it is likely that we will not be able to carry out a detailed inspection of each Lot).

12.2 We will give you a number of opportunities to view and inspect the Lots before the auction. You (and any independent consultants acting on your behalf) must satisfy yourself about the accuracy of any description of a Lot. We shall not be responsible for any failure by you or your consultants to properly inspect a Lot.

12.3 Representations or statements by us as to authorship, genuineness, origin, date, age, provenance, condition or estimated selling price involve matters of opinion. We undertake that any such opinion will be honestly and reasonably held and accept liability for opinions given negligently or fraudulently.

12.4 Please note that Lots (in particular second-hand Lots) are unlikely to be in perfect condition. Lots are sold "as is" (i.e. as you see them at the time of the auction). Neither we nor the Seller accept any liability for the condition of second-hand Lots or for any condition issues affecting a Lot if such issues are included in the description of a Lot in the auction catalogue (or in any saleroom notice) and/ or which the inspection of a Lot by the Buyer ought to have revealed.

13 Deliberate Forgeries

13.1 You may return any Lot which is found to be a Deliberate Forgery to us within 28 days of the auction (but must contact us in writing within 14 days of the auction) provided that you return the Lot to us in the same condition as when it was released to you, accompanied by a written statement identifying the Lot from the relevant catalogue description and a written statement of defects.

13.2 If we are reasonably satisfied that the Lot is a Deliberate Forgery we will refund the money paid by you for the Lot (including any Premium and applicable VAT) provided that if:

13.2.1 the catalogue description reflected the accepted view of experts as at the date of the auction; or

13.2.2 you personally are not able to transfer good and marketable title in the Lot to us,

you will have no right to a refund under this Clause 13.2.

13.3 If you have sold the Lot to another person, we will only be liable to refund the price that you paid for the Lot. We will not be responsible for repaying any additional money you may have made from selling the Lot.

13.4 Your right to return a Lot that is a Deliberate Forgery does not affect your legal rights and is in addition to any other right or remedy provided by law or by these Terms of Sale.

14 Our liability to you

14.1 We will not be liable for any loss of opportunity or disappointment suffered as a result of participating in our auction.

14.2 In addition to the above, neither we nor the Seller shall be responsible to you and you shall not be responsible to the Seller or us for any other loss or damage that any of us suffer that is not a foreseeable result of any of us not complying with the Conditions of Business. Loss or damage is foreseeable if it is obvious that it will happen or if at the time of the sale of the Lot, we, you and the Seller knew it might happen.

14.3 Subject to Clause 14.4, if we are found to be liable to you for any reason (including, amongst others, if we are found to be negligent, in breach of contract or to have made a misrepresentation), our liability will be limited to the total purchase price paid by you to us for any Lot.

14.4 Notwithstanding the above, nothing in these Terms of Sale shall limit our liability (or that of our employees or agents) for:

14.4.1 death or personal injury resulting from negligence (as defined in the Unfair Contract Terms Act 1977);

14.4.2 fraudulent misrepresentation; or

14.4.3 any liability which cannot be excluded by law.

15 Notices

15.1 All notices between you and us regarding these Terms of Sale must be in writing and signed by or on behalf of the party giving it.

15.2 Any notice referred in Clause 15.1 may be given:

15.2.1 by delivering it by hand;

15.2.2 by first class pre-paid post or Recorded Delivery; or

15.2.3 by email, provided that a copy is also sent by pre-paid post or Recorded Delivery.

15.3 Notices must be sent:

15.3.1 by hand or registered post:

a. to us, at our address set out in these Terms of Sale or at our registered office address appearing on our Website; and

b. to you, at the last postal address that you have given to us as your contact address in writing; or

15.3.2 by email:

a. to us, by sending the notice to both the following email addresses: ecrichton@lsc.co.uk and fineart@lsc.co.uk

b. to you, by sending the notice to any email address that you have given to us as your contact email address in writing.

15.4 Notices will be deemed to have been received:

15.4.1 if delivered by hand, on the day of delivery;

15.4.2 if sent by first class pre-paid post or Recorded Delivery, two business days after posting, exclusive of the day of posting; or

15.4.3 if sent by email, at the time of transmission unless sent after 17.00 in the place of receipt in which case they will be deemed to have been received on the next business day in the place of receipt (provided that a copy has also been sent by pre-paid post or Recorded Delivery as set out in Clause 15.2.3.

15.5 Any notice or communication given under these Terms of Sale will not be validly given if sent by fax, email, any form of messaging via social media or text message.

16 Data Protection

All client details remain confidential and will not be released to any third parties unless required by law.

17 General

17.1 We may, acting reasonably, refuse admission to our premises or attendance at our auctions by any person.

17.2 We act as an agent for our Sellers. The rights we have to claim against you for breach of these Terms of Sale may be used by either us, our employees or agents, or the Seller, its employees or agents, as appropriate. Other than as set out in this Clause, these Terms of Sale are between you and us and no other person will have any rights to enforce any of these Terms of Sale.

17.3 We may use special terms in the catalogue descriptions of particular Lots. You must read these terms carefully along with any glossary provided in our auction catalogues.

17.4 Each of the clauses of these Terms of Sale operates separately. If any court or relevant authority decides that any of them are unlawful, the remaining clauses will remain in full force and effect.

17.5 We may change these Terms of Sale from time to time, without notice to you. Please read these Terms of Sale carefully, as they may be different from the last time you read them.

17.6 Except as otherwise stated in these Terms of Sale, each of our rights and remedies are: (a) are in addition to and not exclusive of any other rights or remedies under these Terms of Sale or general law; and (b) may be waived only in writing and specifically. Delay in exercising or non-exercise of any right under these Terms of Sale is not a waiver of that or any other right. Partial exercise of any right under these Terms of Sale will not preclude any further or other exercise of that right or any other right under these Terms of Sale. Waiver of a breach of any term of these Terms of Sale will not operate as a waiver of breach of any other term or any subsequent breach of that term.

17.7 These Terms of Sale and any dispute or claim arising out of or in connection with them (including any non-contractual claims or disputes) shall be governed by and construed in accordance with the laws of England and the parties irrevocably submit to the exclusive jurisdiction of the English courts.

These terms are based upon recommended terms of sale by the Society Of Fine Art Auctioneers & Valuers (www.sofaa.org) of which we are members.
