ULTRA-LITE EXPANDABLES AND TRAVEL TRAILERS

Take Life to the Extreme!

INDUSTRY LEADING ULTRA-LITE TECHNOLOGY

**Kodiak 235 in
Foliage**

A feeling of home starts in the kitchen. Residential accents like raised panel upper cabinet doors, tasteful designer décors, spacious double-bowl stainless steel sink with high-rise faucet, 3-burner range with optional oven, large storage areas and tons of countertop space make Kodiak your best value.

ULTRA-LITE EXPANDABLES

**9 floor plans starting at 2608 lbs,
loaded with standard features.**

For active families on the go, Kodiak Expandables add sleeping space without the additional length and weight of traditional travel trailers. The ultra-lite design and aerodynamic profile make Kodiak a dream to tow. Plus, the interior of Kodiak is packed with high-end features, including designer décor, large kitchens with abundant storage, expansive living spaces and comfortable sleeping areas. So, when it is time for your next travel trailer, choose Kodiak, your best value in ultra-lite expandable travel trailers.

INDUSTRY LEADING ULTRA-LITE TECHNOLOGY

EXCLUSIVELY KODIAK

Cavlar 2000 Tents

Kodiak Expandables are built exclusively with premium Cavlar 2000, the best vinyl tent in the industry. Cavlar

2000 is a 15 ounce vinyl fabric that resists mold and mildew and wicks away condensation. Plus, Cavlar 2000 is made with UV protector that prevents damage and fading from the sun.

SELF-SUPPORTING BUNK ENDS

Kodiak Expandable's comfortable 60" x 80" queen bed bunk ends include a 5" thick mattress, zippered room darkening shades and a privacy curtain. A bunk end light and fan are available as an option.

Key-Locking Bunk End Doors

Key-locking "Easy Latch" tent doors eliminate the use of unsecured, crank-style door hardware. Simply unlock the tent door, push the release button, open the cam arm and drop the door into the open position.

Self-Supporting Bunk Ends

Kodiak Expandable's bunk ends are self-supporting. This revolutionary system suspends the 60" x 80" queen bed from the wall of the trailer. Kodiak does not require exterior tent poles to support the bunk ends. Plus, each bed has a 1200 lb. capacity, the highest capacity in the industry!

PREMIUM INTERIOR DESIGN

The interior of the 2006 Kodiak Expandable is our best looking ever. The designer décors with luxurious fabrics, raised panel upper cabinet doors, and residential vinyl flooring make Kodiak Expandables your best choice when it comes to expandable travel trailers.

Heated Bunk Mattress

Optional heated bunk mattresses are available on Kodiak to help keep you warm on those chilly nights.

Kodiak 235 in Foliage

BEST FEATURES BEST OPTIONS

Pac-n-Play Storage

Choose the Pac-n-Play option on floor-plans with bunks to maximize your exterior storage. It's large enough to store bikes, golf clubs, coolers and more.

Bike Carrier

The optional easy-to-use bike carrier mounts on the travel trailers "A-frame." It securely holds 3 adult or children's bicycles.

Spray Away Wash Station

Both Kodiak Expandables and Travel Trailers are available with the optional spray away wash station, featuring hot and cold water and a retractable, quick disconnect hose with sprayer.

Industry Exclusive!

Kodiak features AudioLITE™ exterior speakers by Intier.® AudioLITE speakers provide crisp, undistorted sound. Plus, they are impact resistant and waterproof. (optional)

Outdoor LP Grill

Take your cooking outside with the exterior barbecue grill available on Kodiak Expandables and Travel Trailers. (optional)

Audiovox™ 2-Way Radios

Audiovox optional 2-way radio system includes four radios and a 12V charger base station. (optional)

*Axle weight, dry hitch weight and unloaded vehicle weight (UVW) are base weights of units without options. Each unit includes a weight label which lists specific weight information for that unit. Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle. Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only. Warning: This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions.

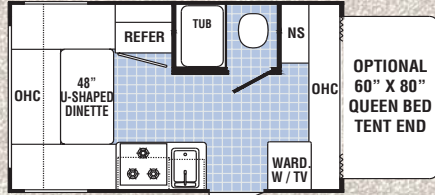

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features shown are optional and may be different or unavailable in Canada. Vehicles are designed for recreational use only and not intended for use as a primary residence.

*See owner's manual for complete warranty details.

KODIAK FULLY LAMINATED 6-WAY

Most Kodiak floorplans feature the HAPPI-JAC® secure track slide system. This low profile 12V electric slide system takes up less space, which frees up room for larger slide rooms and more storage.

Safety Glass Windows - Standard

KODIAK'S EXTREME OUTDOORS OFF ROAD PACKAGE
For those who need extra ground clearance for off road campsites:

8" Body lift kit ■ Extended jack and stabilizers ■ Double entry step
Dunlop Rover LT235/75R15 mud and snow tires
(Also available with standard ST205/75D14 tires)

CHASSIS

Kodiak Expandables and Travel Trailers feature the Norco European style, ultra-lite weight chassis. Kodiak is the first company in the industry to use European style frames in ultra-lites!

1. Folding entry step – low step height for easy entry
2. Ultra-lube hubs. Grease Zerk makes wheel bearings easy to lube. Extends life of bearings
3. Al-Ko torsion "independent suspension" axles – the smoothest ride in the industry
4. All tanks mounted in frame. Lowers the center of gravity, and saves valuable interior storage space
5. 46 gallon fresh water tank with Quick Drain feature. Tank design prevents water from standing in tanks during storage. The largest fresh water tank in the industry!
6. Optional enclosed underbelly protects tanks and floor from the hazards of the road
7. Norco ultra light weight chassis with lifetime powder coat over E-coat paint finish
8. Dual battery pack and (2) 30 lb. LP tanks with ABS cover (Travel Trailers) or (2) 20 lb. LP tanks with optional ABS cover (Expandables)
9. Integrated heavy-duty safety chains

WALLS

5-ply aluminum framed laminated construction.

10. Tubular aluminum welded frame reinforced around door
11. Radius corner, safety glass windows
12. Insulated baggage doors with key locks and finger locks
13. ABS fender skirts
14. Decorative wall board
15. Lauan wood backer
16. High density structural foam insulation
17. Lauan plywood backer
18. Smooth fiberglass with premium graphics package
19. Pass-through storage compartment (where available)
20. Aerodynamic front profile

ROOF

5-ply aluminum framed laminated construction.

21. Tubular aluminum welded framed roof, reinforced at A/C
22. Lauan wood backer
23. One-piece EPDM rubber roof with 12 year manufacturer's material warranty
24. High density structural foam insulation
25. Lauan wood backer
26. Decorative ceiling board
27. 5" Thick arched roof (Kodiak Travel Trailers)

FLOOR

5-ply aluminum framed laminated floor structure.

28. One-piece composite wheel wells
29. Armstrong residential vinyl flooring – full length of coach
30. Residential carpet with pad (optional)
31. Two layers of floor decking over foam
32. High density structural foam
33. Plywood base with polypropylene waterproof vapor barrier
34. Tubular welded aluminum framed floor, reinforced at tanks

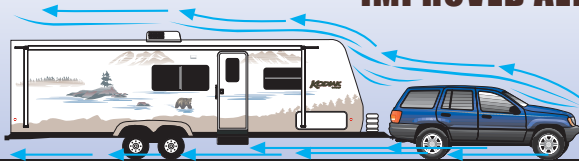

Take Life to the Extreme!

INDUSTRY LEADING ULTRA-LITE TECHNOLOGY

ALUMINUM FRAMED CONSTRUCTION

Setting the standard with **ULTRA-LITE CONSTRUCTION**

KODIAK VS. THE COMPETITION **IMPROVED AERODYNAMICS**

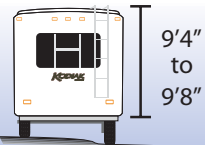

Lower profile – more aerodynamic!

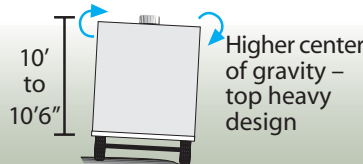

Flat front profile – less aerodynamic

Well balanced low profile design

LOWER CENTER OF GRAVITY

Torsion "independent suspension" axles

Leaf spring solid axles

AXLE TO HITCH WEIGHT RATIO

Optimal axle to hitch ratio for smooth towing

Excessive tongue weight causes more wear on tow vehicle

Well balanced design – axle and hitch

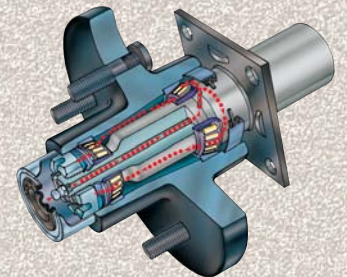

Excessive hitch weight

Kodiak, North America's first ultra-lite travel trailer is specifically designed to be towed by most light trucks, and sport utility vehicles. Kodiak's aerodynamic profile is designed to push air up the front wall and over the roof to *improve towability and fuel economy*. Plus, we position the axles and balance the weight of each floorplan to create the optimal hitch/weight/axle ratio for *towing with light trucks or SUVs*. And, Kodiak incorporates rubber torsion "independent suspension" axles on a European-style frame. Torsion axles allow each wheel to travel independently, unlike leaf spring axles that transfer variations in the road to the opposite wheel. Plus, the torsion axles *improve towing stability* by lowering the trailer to the ground and reducing the center of gravity.

Improved aerodynamics, optimal weight balance and a lower center of gravity results in the best towing characteristics possible in an ultra-lite travel trailer.

Large fresh water tank
46 gallon fresh water tank with Quick Drain feature. Tank design prevents water from standing in tanks during storage.

Ultra-Lube hubs

Kodiak includes Ultra-Lube hubs as a standard feature. This allows for easy maintenance of your wheel bearings. (N/A on Kodiak Expandables.)

Torsion Axles

Both Kodiak Expandables and Travel Trailers ride on rubber torsion "independent suspension" axles. Torsion axles soften the ride by absorbing road vibrations and making towing more comfortable. The center of gravity is lowered with torsion axles, which improves aerodynamics and maneuverability.

Norco Ultra-lite Frame

Kodiak Expandables and Travel Trailers feature an ultra-lite European-style chassis. This durable chassis is 400 pounds lighter than the traditional box-style chassis, which reduces weight and increases cargo capacity. The frame features a powder coat over E-coat paint finish, backed by a lifetime rust through warranty.

A Kodiak Exclusive!

TWO YEAR STRUCTURAL AND APPLIANCE WARRANTY • ONE YEAR BUMPER TO HITCH WARRANTY

ULTRA-LITE TRAVEL TRAILERS

**16 floor plans
as light as 3486 lbs,
loaded with standard features.**

Kodiak. The original Ultra-Lite travel trailer features 16 innovative floor plans, ranging from 18' to 30'. With units light enough to be towed by SUVs and light trucks, we are sure to have the model that best fits your family's needs.

Designer residential furnishings and fabrics, spacious kitchens, living areas and bedrooms are core features of the Kodiak product line. And just because Kodiak is an Ultra-Lite, it doesn't mean your trailer is light on storage. With spacious countertop and cabinet space, oversized pass-through exterior storage and innovative features like the optional "Pac-n-Play" storage compartment and rear "Stor-More" garage, it's easy to take everything along on your next adventure.

Kodiak – The leader in Ultra-Lite technology.

**Kodiak 30BH
in Foliage**

Kodiak kitchens feature a 3-burner range with large oven, large two bowl sink with high-rise faucet and a residential microwave. 30BH kitchen shown at right.

Kodiak features aluminum framed dinette, bed, bunks and pass through storage frames. Aluminum frames are more durable than wood framed structures and save weight.

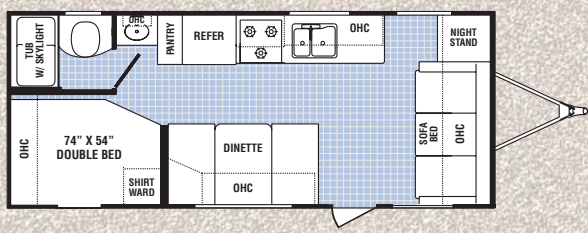

A Kodiak exclusive – our 53" x 72" U-shaped booth dinette!
 Kodiak's innovative slide room construction allows for the largest dinette in Ultra-Lites! The "U-shaped" booth seats six and folds into a massive 53" x 72" queen bed!
