ULTRA-LITE EXPANDABLES AND TRAVEL TRAILERS

Take Life to the Extreme!

INDUSTRY LEADING ULTRA-LITE TECHNOLOGY

PREMIUM INTERIOR DESIGN

Kodiak 214 in Foliage

For active families on the go, Kodiak Expandables add sleeping space without the additional length and weight of traditional travel trailers. The ultra-lite design and aerodynamic profile make Kodiak a dream to tow. Plus, the interior of Kodiak is packed with high-end features, including designer décor, large kitchens with abundant storage, expansive living spaces and comfortable sleeping areas. So, when it is time for your next travel trailer, choose Kodiak, your best value in ultra-lite expandable travel trailers.

ULTRA-LITE EXPANDABLES

10 floor plans starting at 2622 lbs, loaded with standard features.

INDUSTRY LEADING ULTRA-LITE TECHNOLOGY

THE INDUSTRY'S BEST EXPANDABLE

Cavlar 2000 Tents

Kodiak Expandables are built exclusively with premium Cavlar 2000, the best vinyl tent in the industry. Cavlar 2000 is a

15 ounce vinyl fabric that resists mold and mildew and wicks away condensation. Plus, Cavlar 2000 is made with UV protector that prevents damage and fading from the sun.

Key-Locking Bunk End Doors

Key-locking "Easy Latch" tent doors eliminate the use of unsecured, crank-style door hardware. Simply unlock the tent door, push the release button, open the cam arm and drop the door into the open position.

Self-Supporting Bunk Ends

Kodiak Expandable's bunk ends are self-supporting. This revolutionary system suspends the 60" x 80" queen bed from the wall of the trailer. Kodiak

does not require exterior tent poles to support the bunk ends. Plus, each bed has a 1200 lb. capacity, the highest capacity in the industry!

REVOLUTIONARY NEW FASTASLEEP™ TENT OPTION

EXCLUSIVELY KODIAK

Kodiak, the leading innovator in ultra-lite RV technology, and Therm-a-Rest, inventor of the self-inflating camping mattress and manufacturer of premium outdoor equipment, have teamed up to develop the innovative new FastAsleep tent. Kodiak chose Therm-a-Rest to design this groundbreaking product because of the company's 30-plus years of experience enhancing the comfort of outdoor enthusiasts. The result is an RV tent that features easier setup, more livable comfort, and greater protection than anything that's come before. (Optional on Kodiak Expandables)

INTRODUCING

THULE[®] SWEDEN

SMART RV

Thule, the industry leader in cargo management systems for cars and trucks, has partnered with Kodiak to create the Smart RV System. This patented system allows Kodiak owners to create a functional outdoor living area that's easy to set up and enjoy.

The Smart RV system uses a number of factory-installed anchor pods mounted on the exterior of the trailer.* The accessories mount to the pods in seconds using Thule's innovative quick-release latch system.

The optional Thule Smart RV Camping Package includes:

- Smart RV table with 2 chairs
- 2 Universal hooks
- Smart RV countertop

Smart RV Universal Hook

Here's a great way to wrap cables and cords, hang lanterns and bug zappers, or just dry out your towels!

- 2 Universal hooks per kit
- Rugged powder-coated steel tubes
- Foam padding offers cushion and extra grip

Smart RV Countertop

The perfect surface for a blender, a radio or anything else you've just gotta have to enjoy the great outdoors!

- Blow-molded 40" x 16" polyethylene countertop
- Support arms adjust to ensure a level table surface

Smart RV Table and Chairs

Bring the dining room outdoors with our patented "stable table" system.

- 48" x 24" Heavy duty polyethylene table top with power coated adjustable legs
- (2) Camping chairs with Thule logo. Made with black, weather resistant fabric

*Thule system is for use on units built after serial number #166463 (Kodiak Expandables) and serial number #120671 (Kodiak Travel Trailers). Units include wall bracing to accept Thule Pods.

*Axle weight, dry hitch weight and unloaded vehicle weight (UVW) are base weights of units without options. Each unit includes a weight label which lists specific weight information for that unit. Vehicle Loading – Every effort has been made to provide the greatest number of options for the recreation vehicle owner. Along with these choices comes the responsibility to manage the loads that are imposed by the choices so that they remain within the manufacturer's specified chassis weight limits. Do not overload the recreation vehicle. Net carrying capacity (NCC) determined by subtracting unloaded vehicle weight (UVW) from gross vehicle weight (GVWR) and includes fluids, options and cargo. Liquid capacities and weights are approximations only. Warning: This information is intended as a guide only. Weights of individual vehicles may vary. Consult your owner's manual for complete loading, weighing and towing instructions.

Product information, specifications, and photography in this brochure were as accurate as possible at time of printing. Photographs may contain some features that are optional on your vehicle. Since we continually strive to improve our products, actual products may differ. Prices and specifications are subject to change without notice. All capacities are approximate and dimensions are nominal. Some features shown are optional and may be different or unavailable in Canada. Vehicles are designed for recreational use only and not intended for use as a primary residence.

KODIAK FULLY LAMINATED 6-WAY

Most Kodiak floorplans feature the HAPPI-JAC® secure track slide system. This low profile 12V electric slide system takes up less space, which frees up room for larger slide rooms and more storage.

Safety Glass Windows - Standard

KODIAK'S EXTREME OUTDOORS OFF ROAD PACKAGE
For those who need extra ground clearance for off road campsites:

Aerodynamic Ultra-Lite Design for Better Fuel Economy!

8" Body lift kit ■ Extended jack and stabilizers ■ Double entry step
Dunlop Rover LT235/75R15 mud and snow tires
(Also available with standard ST205/75D14 tires)

CHASSIS

Kodiak Expandables and Travel Trailers feature the European style, ultra-lite weight chassis. Kodiak is the first company in the industry to use European-style frames in Ultra-lites!

1. Folding entry step – low step height for easy entry
2. Ultra-lube hubs. Grease Zerk makes wheel bearings easy to lube.(Most models)
3. Torsion "independent suspension" axles – the smoothest ride in the industry
4. All tanks mounted in frame. Lowers the center of gravity, and saves valuable interior storage space
5. 38 gallon fresh water tank with Quick Drain feature. Tank design prevents water from standing in tanks during storage.
6. Optional enclosed underbelly protects tanks and floor from the hazards of the road
7. Ultra light weight chassis with lifetime powder coat over E-coat paint finish
8. Dual battery pack and (2) 30 lb. LP tanks with ABS cover (Travel Trailers) or (2) 20 lb. LP tanks with optional ABS cover (Expandables)
9. Integrated heavy-duty safety chains

WALLS

5-ply aluminum framed laminated construction.

10. Tubular aluminum welded frame reinforced around door
11. Radius corner, safety glass windows
12. Insulated baggage doors with key locks and finger locks
13. ABS fender skirts
14. Decorative wall finish
15. Lauan wood backer
16. High density structural foam insulation
17. Lauan plywood backer
18. Smooth fiberglass with premium graphics package
19. Pass-through storage compartment (where available)
20. Aerodynamic front profile

ROOF

5-ply aluminum framed laminated construction.

21. Tubular aluminum welded framed roof, reinforced at A/C
22. Lauan wood backer
23. One-piece EPDM rubber roof with 12 year manufacturer's material warranty
24. High density structural foam insulation
25. Lauan wood backer
26. Decorative ceiling finish
27. 5" Thick arched roof (Kodiak Travel Trailers)

FLOOR

5-ply aluminum framed laminated floor structure.

28. One-piece composite wheel wells
29. Armstrong residential vinyl flooring – full length of coach
30. Residential carpet with pad (optional)
31. Two layers of floor decking over foam
32. High density structural foam
33. Plywood base with polypropylene waterproof vapor barrier
34. Tubular welded aluminum framed floor

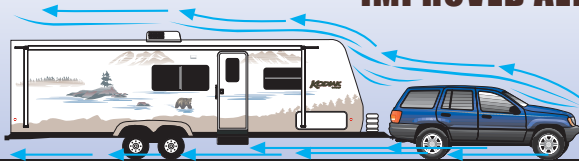

Take Life to the Extreme!

INDUSTRY LEADING ULTRA-LITE TECHNOLOGY

ALUMINUM FRAMED CONSTRUCTION

Setting the standard with **ULTRA-LITE CONSTRUCTION**

KODIAK VS. THE COMPETITION **IMPROVED AERODYNAMICS**

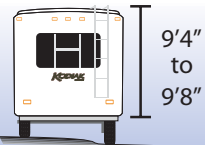

Lower profile – more aerodynamic!

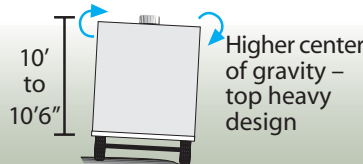

Flat front profile – less aerodynamic

Well balanced low profile design

LOWER CENTER OF GRAVITY

Torsion "independent suspension" axles

Leaf spring solid axles

AXLE TO HITCH WEIGHT RATIO

Well balanced design – axle and hitch

Optimal axle to hitch ratio for smooth towing

Excessive tongue weight causes more wear on tow vehicle

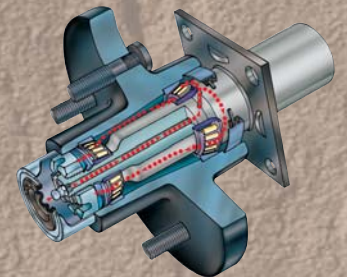

Excessive hitch weight

Kodiak, North America's first ultra-lite travel trailer is specifically designed to be towed by most light trucks, and sport utility vehicles. Kodiak's aerodynamic profile is designed to push air up the front wall and over the roof to *improve towability and fuel economy*. Plus, we position the axles and balance the weight of each floorplan to create the optimal hitch/weight/axle ratio for *towing with light trucks or SUVs*. And, Kodiak incorporates rubber torsion "independent suspension" axles on a European-style frame. Torsion axles allow each wheel to travel independently, unlike leaf spring axles that transfer variations in the road to the opposite wheel. Plus, the torsion axles *improve towing stability* by lowering the trailer to the ground and reducing the center of gravity.

Improved aerodynamics, optimal weight balance and a lower center of gravity results in the best towing characteristics possible in an ultra-lite travel trailer.

Large fresh water tank
38 gallon fresh water tank with Quick Drain feature. Tank design prevents water from standing in tanks during storage.

Ultra-Lube hubs

Kodiak includes Ultra-Lube hubs as a standard feature. This allows for easy maintenance of your wheel bearings. (N/A on Kodiak Expandables.)

Torsion Axles

Both Kodiak Expandables and Travel Trailers ride on rubber torsion "independent suspension" axles. Torsion axles soften the ride by absorbing road vibrations and making towing more comfortable. The center of gravity is lowered with torsion axles, which improves aerodynamics and maneuverability.

Ultra-lite Frame

Kodiak Expandables and Travel Trailers feature an ultra-lite European-style chassis. This durable chassis is 400 pounds lighter than the traditional box-style chassis, which reduces weight and increases cargo capacity. The frame features a powder coat over E-coat paint finish, backed by a lifetime rust through warranty.

A Kodiak Exclusive!

TWO YEAR STRUCTURAL AND APPLIANCE WARRANTY • ONE YEAR BUMPER TO HITCH WARRANTY

ULTRA-LITE TRAVEL TRAILERS

**16 floor plans as light as 2688 lbs,
loaded with standard features.**

Kodiak. The original Ultra-Lite travel trailer features 16 innovative floor plans, ranging from 19' to 30'. With units light enough to be towed by SUVs and light trucks, we are sure to have the model that best fits your family's needs.

Just because Kodiak is an Ultra-Lite, it doesn't mean your trailer is light on storage. With spacious countertop and cabinet space, oversized pass-through exterior storage and innovative features like the optional "Pac-n-Play" storage compartment it's easy to take everything along on your next adventure.

Kodiak – The leader in Ultra-Lite technology.

**Kodiak 30BH-SL
in Carbon**

Kodiak features aluminum framed dinette, bed, bunks and pass through storage frames. Aluminum frames are more durable than wood framed structures and save weight.

Upgrade your Kodiak with a 5-in-1 surround sound system with CD/DVD player and a 15" LCD flat panel TV.

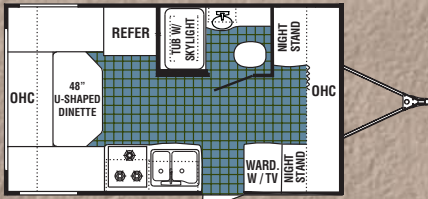

A Kodiak exclusive – our 53" x 72" U-shaped booth dinette! Kodiak's "U-shaped" booth seats six and folds into a massive 53" x 72" queen bed!
