

# The Commonwealth of Massachusetts

Executive Office for Administration and Finance

## Report on the Real Property Owned and Leased by the Commonwealth of Massachusetts

**2016**

Published February 15, 2017

Prepared by the

**Division of Capital Asset Management and Maintenance**  
**Carol Gladstone, Commissioner**

DIVISION OF  
CAPITAL ASSET  
MANAGEMENT &  
MAINTENANCE

## TABLE OF CONTENTS

Report Organization	1
Table 1: Summary of Commonwealth-Owned Real Property by Executive Office Total land acreage, buildings, and gross square feet under each Executive Office	5
Table 2: Summary of Commonwealth-Owned Real Property by County Total land acreage, buildings, and gross square feet under each County	11
Table 3: Commonwealth-Owned Real Property by Executive Office and Agency Detail site names with acres, buildings, and gross square feet under each Agency	17
Table 4: Commonwealth Buildings and Improvements at Each State Facility or Site by Municipality Detail building list under each facility with site acres and building area by City/Town	107
Table 5: Commonwealth Active Lease Agreements by Municipality Leases between the Commonwealth and Public and Private Entities	299
Appendices	
Appendix I: Data Sources	315
Appendix II: Glossary of Terms	319
Appendix III: Municipality Index Key	333
Appendix IV: Data Reconciliation Forms	336

# Report Organization

This page was intentionally left blank.

# REPORT ORGANIZATION

This report contains five tables which provide different ways of organizing, analyzing and displaying information about property owned and leased by the Commonwealth.

## **Table 1: Summary of Commonwealth-Owned Real Property by Executive Office**

This table shows groupings of Commonwealth-owned property by Executive Office and User Agency. The table lists the total land area in acres, the total number of improvements, and the gross square footage of all improvements for each User Agency and Executive Office.

## **Table 2: Summary of Commonwealth-Owned Real Property by County**

This table shows grouping of Commonwealth-owned property by County and Executive Office. Since many county governments have been abolished over the years, the County names used refer to the geographic regions they once encompassed and not the governmental body. This table shows the Executive Office overseeing property in each County. This table lists the total land area in acres, the total number of improvements, and the gross square footage of improvements for each Executive Office within each County.

## **Table 3: Commonwealth-Owned Real Property by Executive Office and Agency**

This table shows groupings of Commonwealth-owned property by Executive Office, User Agency and Facility. The facility or site name under each agency is alphabetical by municipality and shows the total land area in acres, the number of improvements, and gross square footage for each facility. Open land sites will show no improvement or gross square feet.

## **Table 4: Improvements at Each State Facility by Municipality**

This table provides a detailed list of Commonwealth-owned buildings, structures and other improvements at each Commonwealth facility. This table is organized by City and Town, showing alphabetically each State Agency managing a facility or overseeing a site in that municipality. The total acreage for each site is listed, the name of each improvement at that site is listed, and the total number of any same type structure (for instance 3 sheds) is listed, as well as the gross square footage of each improvement. Open land sites will show no improvement or gross square feet. Totals for Commonwealth property in each municipality are shown. This listing is determined by the reporting of all land and buildings in a city or town by either the User Agency or the Municipality.

## **Table 5: Active Lease Agreements**

This table lists sites occupied by a State Agency, but not owned by the Commonwealth. Table 5 provides the start and end date of the lease agreement, location of the space, and building usable square footage occupied. For more detailed information about a particular lease agreement, please contact the Division of Capital Asset Management and Maintenance, Office of Leasing at (617) 727-8000.

## **How to Find a State Owned Property**

### **If you know which State Agency manages or occupies a facility -**

See Appendix 2, Glossary of Terms for a helpful explanation of the acronyms for agencies as well as other terms used in this report. Look in Table 1 to find the executive office and agency of a property. In Table 3 the same executive office and agency will be listed by municipality with all the properties under that agency. Finally in Table 4 look up the municipality and improvements will be listed under all facilities under each agency.

### **If you know the city or town where the facility is located, but not the managing agency -**

See Table 4, Improvements at Each State Facility by Municipality. Table 4 will also show other facilities in the municipality that are managed by other state agencies.

### **To find out what facilities (sites) are managed by the same Agency statewide -**

See Table 3, where facility detailed information on agencies is located.

### **To determine the geographic distribution of state-owned property -**

See Table 2, Summary of Commonwealth-Owned Real Property by County or Region. Keep in mind that many county functions have been dissolved; where applicable, we refer to counties as a geographic region only in relation to the placement of a property within a particular area of the state.

### **If you want to compare how the properties are allocated between Executive Offices -**

See Table 1, Summary of Commonwealth-Owned Real Property by Executive Office.

## **USING THE APPENDICES**

**Appendix 1** describes the **Data Sources** used to prepare this report.

See the **Glossary of Terms** in **Appendix 2** for an explanation of all User Agency Codes as well as any other abbreviations used in this report. This Appendix also defines technical terms used both in collecting data and in generating the report.

**Appendix 3: Municipality-County Index Key** will help you find which county a municipality is located in.

Use the **Appendix 4: Data Reconciliation Forms** to correct information on an existing property. Please notify us of any acquisition, disposition, or transfers of land. Please update any information found in the report by filling out a form and forwarding it to us. Thank you.

For comments or questions about this report or any state-owned property, please contact the DCAMM CAMIS Team in our Office of Finance and Administration at 617-727-4050 extension 31478.

## Appendix I: DATA SOURCES

---

In the late 1980's, the Massachusetts Asset Management System (MAssets) staff initially collected data from all 351 municipalities across the Commonwealth and from state agencies reporting their land and building holdings. In 1999 pursuant to legislative authorization, DCAMM initiated the Capital Asset Management Information System (CAMIS). Through this program DCAMM conducted a comprehensive condition assessment of the state's capital assets and procured software to manage the collected data. In 2015 the MAssets data was merged into the CAMIS database.

Now, through its office of Finance and Administration, DCAMM has implemented the CAMIS program to both assist facilities in their daily maintenance activities and to provide data for DCAMM staff to optimize statewide capital maintenance and repair planning. CAMIS staff consult with facilities' staff throughout the state to update information about their buildings and improvements. And we consult with assessors of cities and towns statewide to verify information about parcels in their municipalities, and with various state agencies to confirm their land holdings and update any change in status.

The Office of Real Estate Management, which manages the purchase and sale of real property for the majority of Commonwealth agencies, works to ensure that each acquisition and disposition of land and buildings is logged into the Commonwealth portfolio of real property. They process approximately two hundred land transactions at any one time. They also report on information regarding telecom leases on state property, easements, land swaps, and care & control agreements between agencies. In addition, the Office of General Counsel provides information about real estate closings with deed reference information.

The Office of Leasing maintains information on properties leased on behalf of Commonwealth agencies. The information contained in the Leasing database is constantly changing, based on the commencement and expiration, as well as the terms, of each agreement. The Leasing Office diligently seeks the most appropriate and inexpensive rental space available to suit each agency's needs and records information on each agreement in their database as each transaction is completed.

Reporting on the Commonwealth's Real Property is in accordance with the requirements of Chapter 7C, Section 39.
