Whichever floor plan you decide on, the Palomino will provide great family camping comfort.

YEARLING SERIES

If you're looking for a midsize, affordable tent trailer with incredible value, choose one of the models in the Yearling or Pony Series for quality camping without compromising your desire for comfort.

These midsize, light weight tent trailers are ideal for anyone wanting the quality and amenities of the larger Palomino's but in a smaller, less expensive package.

The Colt-FT offers an extra large front trunk that is accessible from the outside as well as the inside of the trailer. With it's practical design, this model will satisfy your need for additional and readily available storage.

FEATURES AND BENEFITS

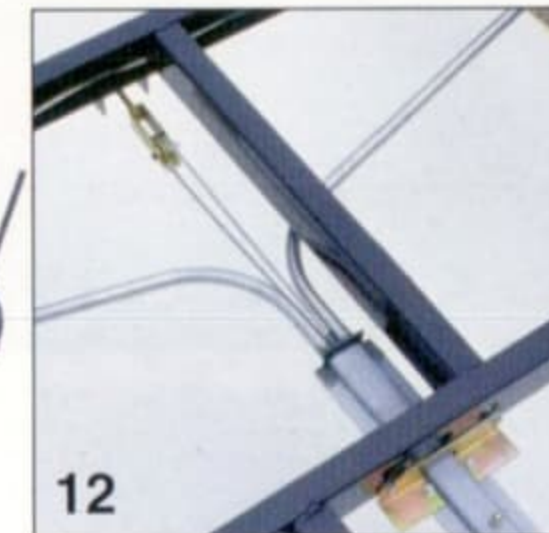

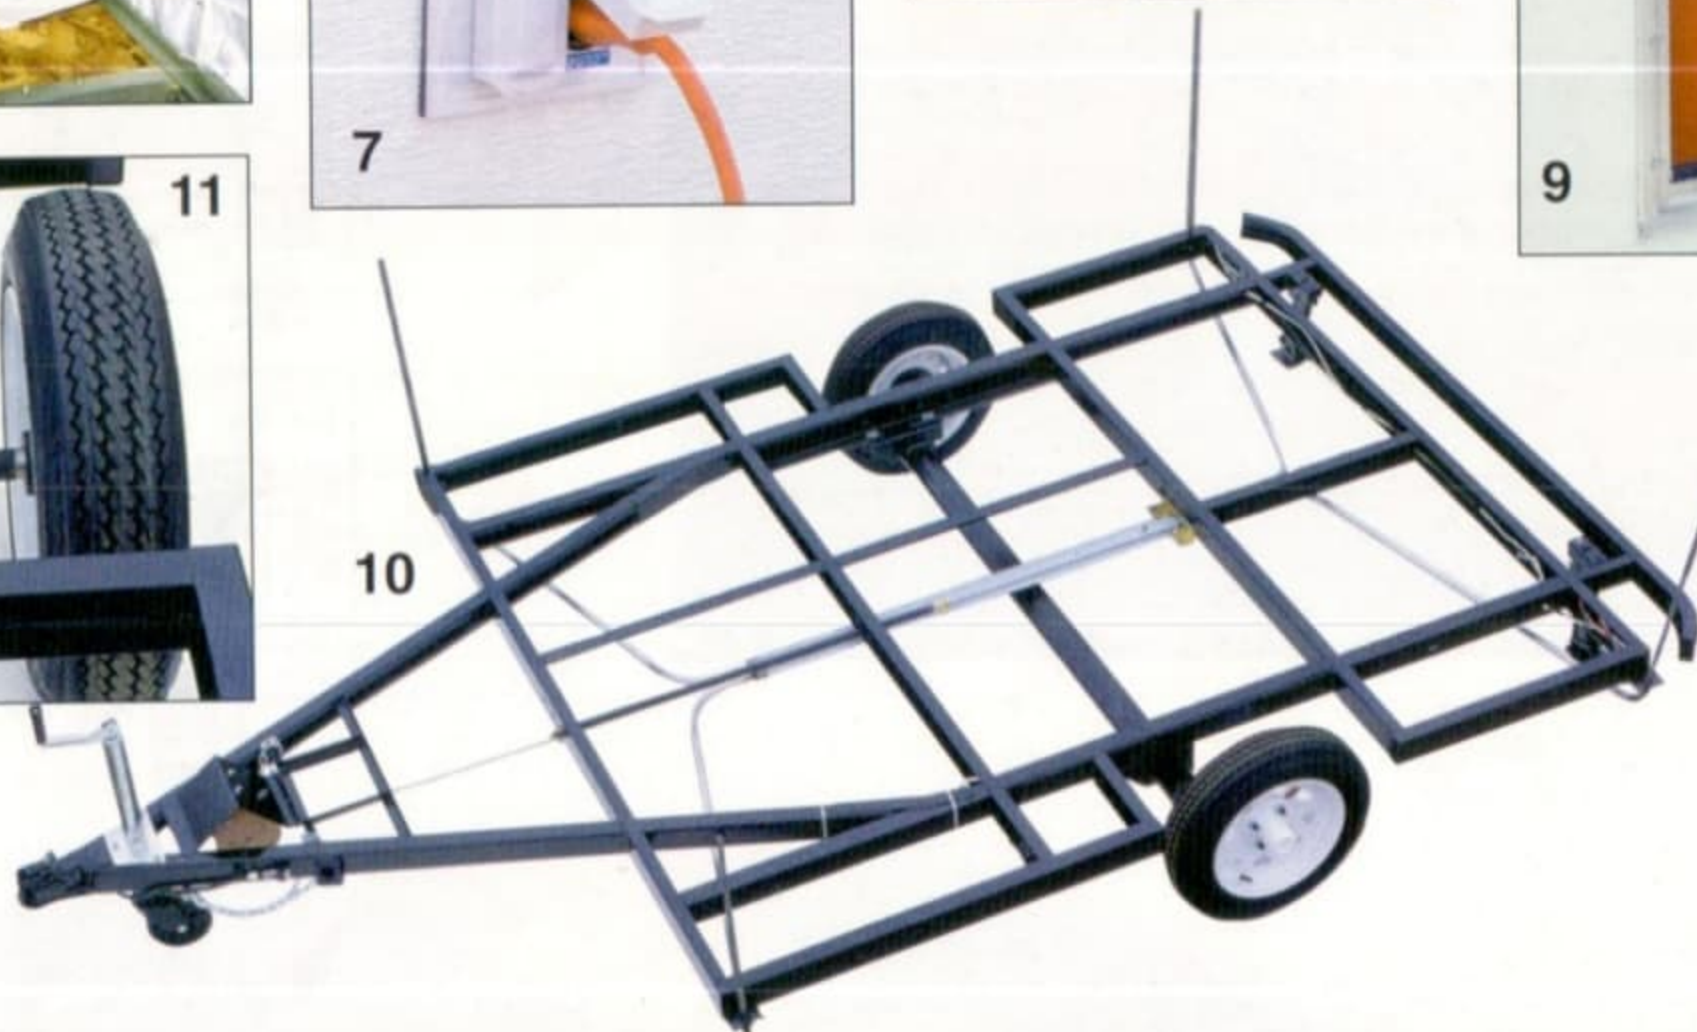

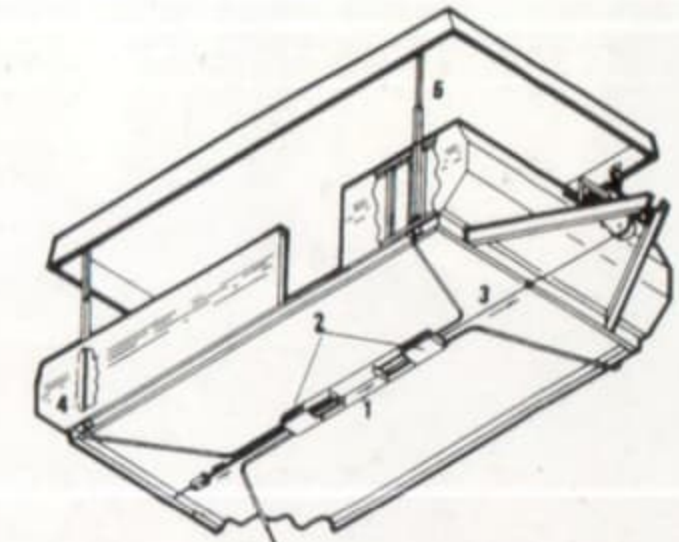

CRANK-UP LIFT SYSTEM

1. The drive system is enclosed for protection from weather and road conditions.
2. The underneath location of the system allows for easy inspection and maintenance. Grease zerks are located top and bottom of the main tube to allow yearly maintenance.
3. A single cable capable of 3,200 lbs. tensile strength rotates around the rear cable pulley and pushes the four flexible steel push rods up the lifter posts.
4. Flexible steel push rods.
5. Three stage plated lift post.

1. Conveniently located shelf for storing those kitchen items. 2. Retractable Clothes Hanger Bar. 3. Patio Light mounted on the roof rafter for greater illumination of your campsite area. 4. Enjoy the convenience of cooking inside or outside, a standard feature on all Palominos 5. Large capacity Power Converter is equipped with an automatic battery charger that will charge the RV Battery while plugged into 110 Volt source. No user adjustments are necessary. 6. Palominos exclusive two flap system on the tent assembly provides not only a great seal but also provides extra protection for small children while in the bed area. 7. Exterior 110 Volt Receptacle. G.F.C.I. Protected 8. "Hands Free" operation of water faucet. 9. Easy outside storage access for items you may need to have handy while traveling. (Not available on some models.) 10. Strong 3" or 4" Channel and Tubular Frame. 11. AL-KO independent torsion axle for smoother and more stable towing. 12. Single Cable/Single Pulley Lift System for simplicity and smooth operation, utilizing flexible steel push rods and plated steel lifter posts.
