

Batesville Product Catalog – 2017

Welcome to an Evolution in Great Service

For over a century, Batesville has been known for quality products and outstanding service. Now we're evolving to better serve the changing needs of funeral professionals like you, with:

- Great products, priced competitively
- The quality, service and reliable delivery you've come to expect
- A straightforward process with no contracts and no commitments

Our new, streamlined approach is designed to offer you only the products and services you really want.

Contents

The Batesville Difference	3	Cremation Caskets/Containers	38
Metal Caskets	4	Urns & Keepsakes	42
Wood Caskets	24	Personalization Options	46
Oversize Caskets	35		

Superior craftsmanship. Innovative and thoughtful design. High-quality materials. Exclusive features. No wonder Batesville has been rated #1 in quality, innovation and service in a nationwide industry survey two years in a row.

Metal

- A** Perfection cut prevents rubbing as a head cap is raised and lowered, protecting against damage.
- B** Adjustable bed and mattress; some models have a tilt feature.
- C** One-piece gasket creates an effective closure between the top and bottom of the casket and helps resist the entrance of gravesite elements.
- D** Memorial Record® system allows external identification without opening the casket.
- E** Slotted wedge bar, pull-down studs, pressure-equalizing hinges, and locking mechanism allow tight closure while preventing damage from over-tightening.
- F** Casket is chemically treated to prevent corrosion from accumulation of fluids.
- G** Continuous seam welding for added stability.
- H** Some models have Cathodic Protection, a proven scientific method of inhibiting rust on the outer surfaces of metal caskets.

Wood

- A** Adjustable bed and mattress; some models have a tilt feature.
- B** Multi-step finishing process for exceptional appearance.
- C** Patented latch design offers audible verification of effective closure.
- D** Memorial Record® system allows external identification without opening the casket.
- E** FailSafe® liner retains fluids during service, transport and after interment.
- F** Safety bottom: bed is attached to the vertical head and foot panel members, relieving casket bottom of stress from weight of bed and contents.

The Living Memorial® Program is a tangible symbol of Batesville's commitment to helping families honor the lives of those they love.® Upon request, we will arrange for a tree seedling to be planted in a national forest or selected woodland as a living memorial for families who purchase select Batesville caskets or cremation products. Since 1976, the Living Memorial Program has been responsible for reforesting thousands of acres of woodlands, one seedling at a time. Today, more than 13 million trees stand as living legacies to family members, friends and loved ones in forests throughout the United States, Canada, Australia, and the United Kingdom.

DUAL OVERLAY—ONE INTERIOR. TWO LOOKS.

New interior feature offers added flexibility

Now you can meet the needs of both men and women with one interior. Available on select LifeStories® featured caskets, Batesville's patented dual overlay offers either a traditional* look or a lace option.

Shown with Music design on corners and Wife, Mother & Grandmother and Together Forever medallions in lid.

P90 Star Quartz

Tell the Story. Remember the Life.

Personalization can be as simple or as detailed as you like.

Honoring special relationships and interests ...

| ... or a life of spirituality and service.

NewPointe Decorative Kits (for Solstice, Virgo, Spectra, and Hercules Collections)

The Solstice, Virgo, Spectra, and Hercules collections include decorative kits to give families the option of adding a personal touch. Kits for the Solstice, Spectra and Hercules caskets consist of an insertable appliquéd panel with translucent background. Kits for the Virgo collection also include corner hardware decals.
