GENESIS G80

HUMAN-CENTRED LUXURY. IT'S ABOUT TIME.

The Genesis experience is like no other. Through **Genesis at Home**, you can bring the purchase and ownership experience to your front door. From the design of our finely crafted products to an unparalleled suite of service offerings, each element of the Genesis ownership experience is highly personalised with the customer in mind. Begin the **Genesis at Home** experience by visiting genesis.ca or by contacting us at 1-866-999-9895.

TEST DRIVE WE COME TO YOU

The Genesis experience begins right at your front door. Through **Genesis at Home**, we invite you to schedule a personal product demonstration at your home or office.

PURCHASE WE COME TO YOU

To acquire your Genesis, browse and configure your vehicle online, get a price for your trade-in, and order your new vehicle for at-home delivery — all for one single, guaranteed price.

MAINTENANCE WE COME TO YOU

Enjoy ongoing stress-free ownership thanks to 5 years of complimentary scheduled maintenance — including at-home service and courtesy vehicles.

INTRODUCING GENESIS G80

When an archer draws back their bow in preparation to release the perfectly balanced tension that propels the arrow, there's a sense of athletic grace and confident poise. This is what Genesis designers imagined when they set out to create a new form of luxury. The Genesis G80 is available in two distinct variations: the athletic yet elegant G80 and the more aggressive G80 Sport. Each represents a quintessential articulation of beauty and function that originated with a human-focused design. Inside the exquisitely crafted cabin, you'll discover intuitive technologies and a devotion to fine details that will satisfy the senses.

SUPERIOR DRIVING DYNAMICS

To ensure it can tackle Canada's toughest driving conditions, the standard HTRAC™ All-Wheel Drive (AWD) system was rigorously tested in the world's most demanding environments, including Germany's famed Nürburgring racing circuit. With superior control and stability in all weather conditions, HTRAC™ offers four available drive modes to tailor control based on your driving environment.

In the G80, drivers can choose between a powerful 311 horsepower 3.8 litre V6 and an award-winning 420 horsepower 5.0 litre V8, both paired to an advanced 8-speed automatic transmission for optimal responsiveness and efficiency.

New for 2018, the exciting G80 Sport is powered by a twin-turbocharged 3.3 litre V6 engine producing 365 horsepower and 376 lb-ft of torque. With peak torque available at just 1,300 rpm, G80 Sport offers explosive mid-range response paired with smooth, linear power delivery.

All versions of G80 ride on a rigid platform featuring a fully independent multi-link suspension, with large four-piston fixed front brake calipers for confidence-inspiring stopping power. The available Genesis Adaptive Control Suspension can alter damping response based on road conditions or driver inputs, with Sport models featuring a firmer overall suspension calibration.

ENGINES
G80 3.8 3.8L V6
G80 SPORT 3.3T 3.3L Twin-Turbo V6
G80 5.0 5.0L V8

OUTPUT
G80 3.8 311 hp, 293 lb-ft^o
G80 SPORT 3.3T 365 hp, 376 lb-ft^o
G80 5.0 420 hp, 383 lb-ft^o

SUSPENSION
G80 3.8, 5.0 & G80 SPORT 3.3T Front and Rear 5-Link Independent

RIDE CONTROL
G80 5.0 Genesis Adaptive Control Suspension
G80 SPORT 3.3T Sport-tuned Genesis Adaptive Control Suspension

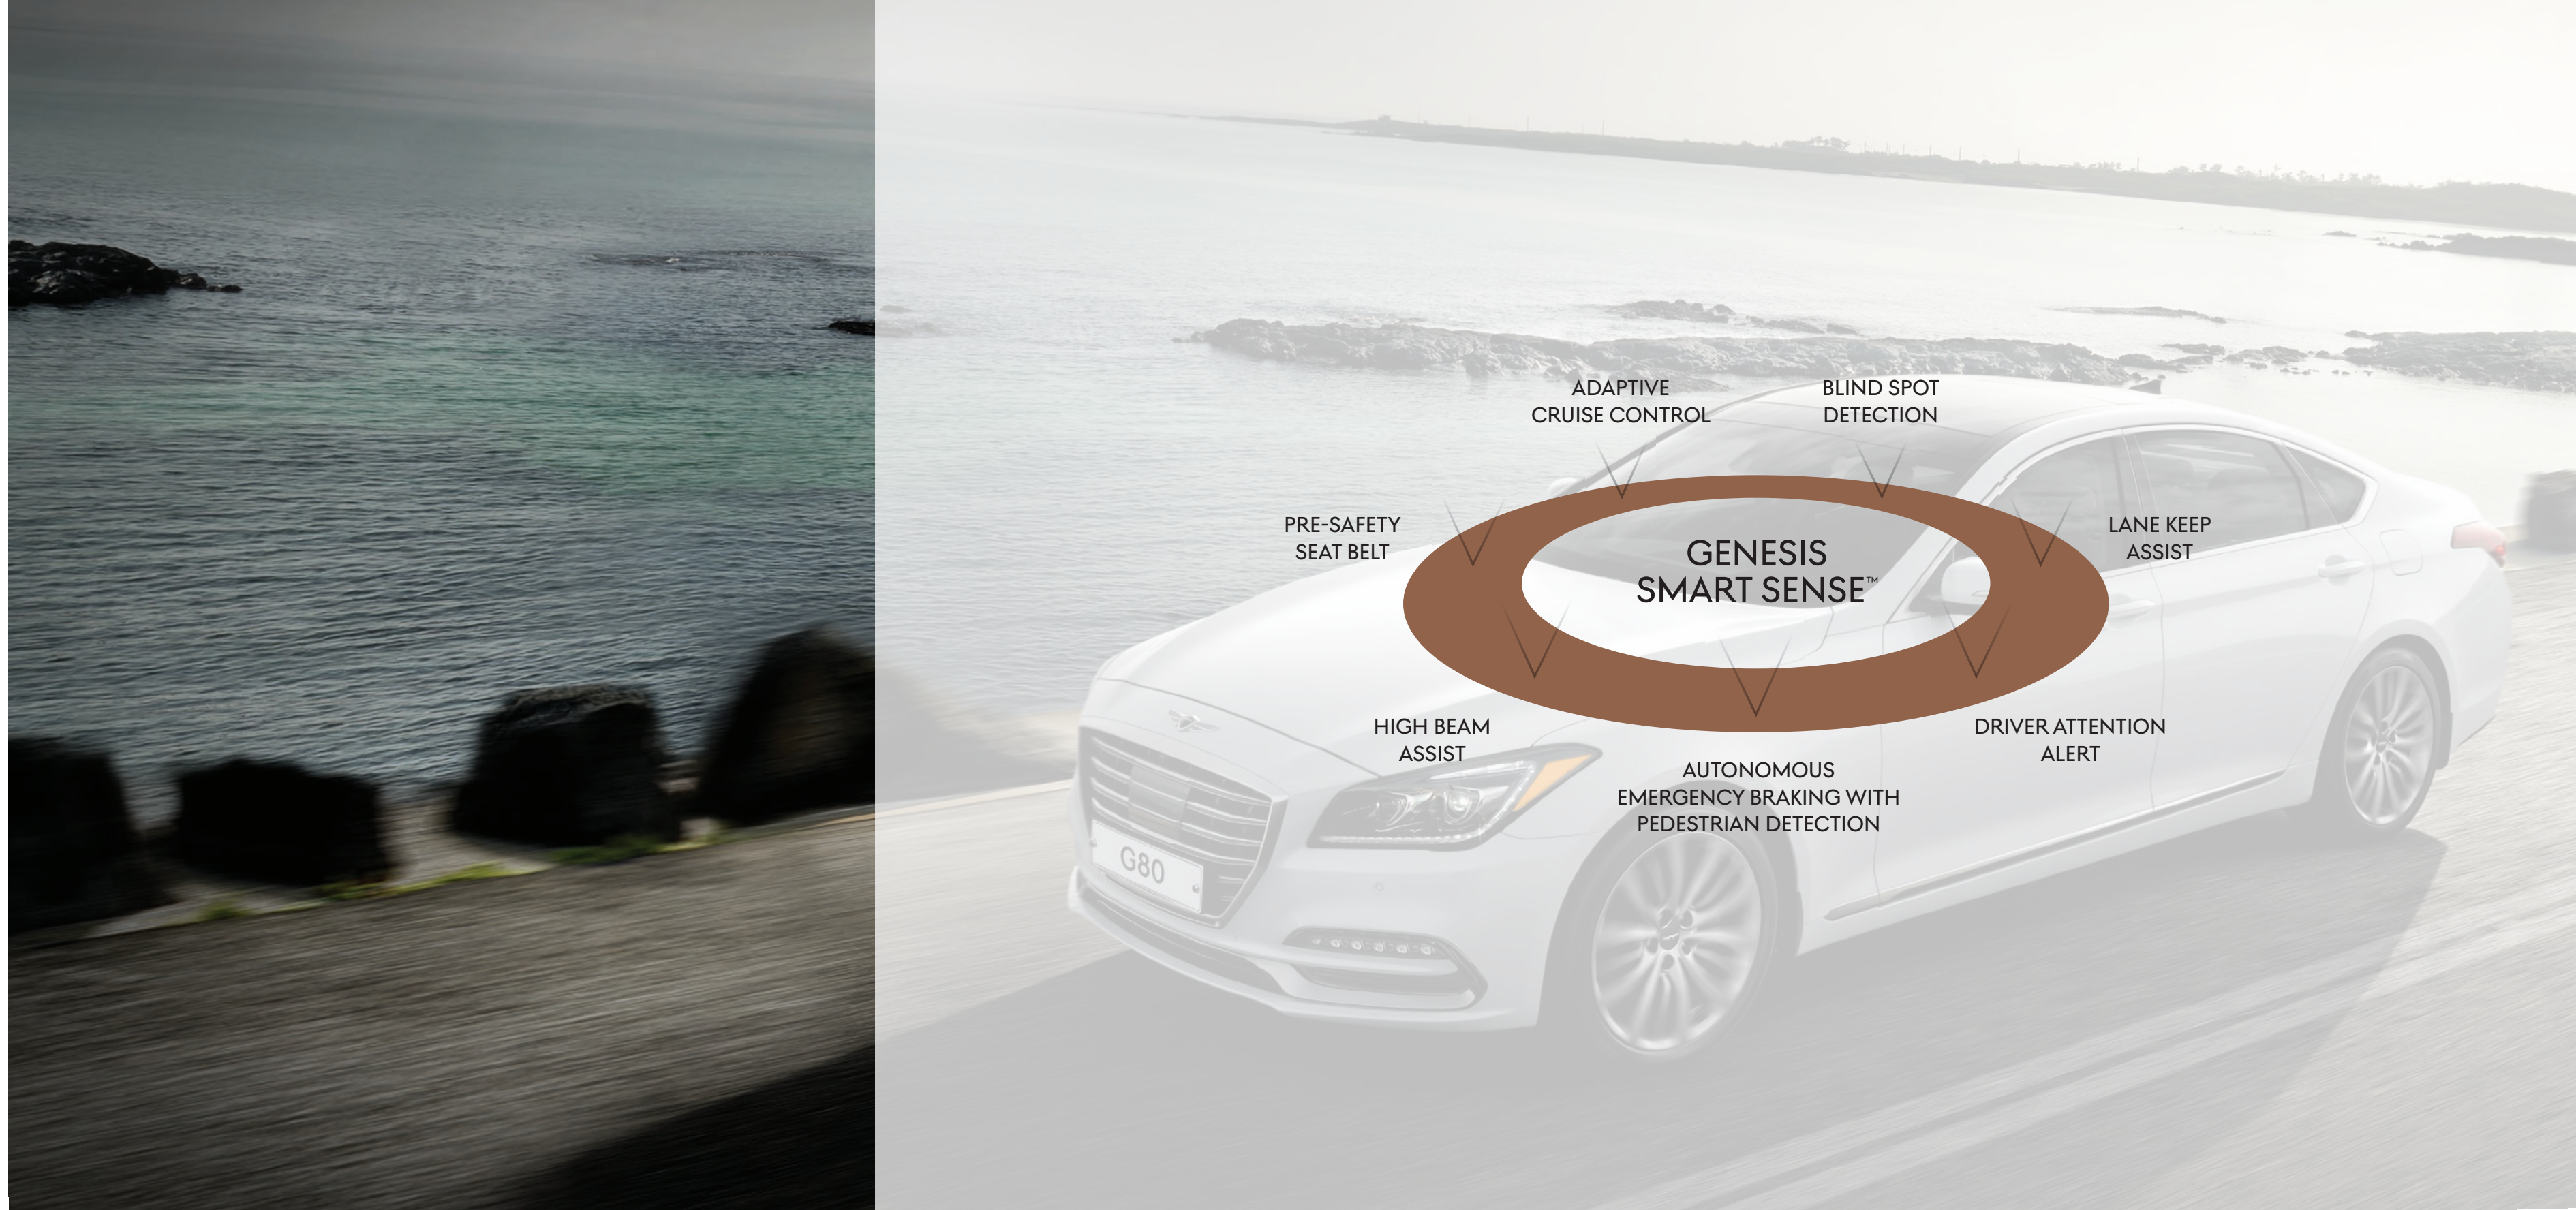

FRONT BRAKES
G80 3.8 4-piston calipers, 345 mm ventilated discs
G80 5.0 & G80 SPORT 3.3T 4-piston calipers, 360 mm ventilated discs

DRIVE CONFIGURATION
G80 3.8, 5.0 & G80 SPORT 3.3T HTRAC™ All-Wheel Drive

REAR BRAKES
G80 3.8 & G80 5.0 1-piston calipers, 314 mm solid rotors
G80 SPORT 3.3T 1-piston calipers, 330 mm ventilated rotors

EXTRASENSORY PERCEPTION

With advanced technological innovation at its core, the G80 features *Genesis Smart Sense™*, a suite of active driver safety technologies. Not only do these features cover the full spectrum of safety — keeping the driver alert and aware of their surroundings while monitoring the road ahead for potentially unseen hazards — but all of them also come standard.

EXTRASENSORY PERCEPTION

With advanced technological innovation at its core, the G80 features *Genesis Smart Sense™*, a suite of active driver safety technologies. Not only do these features cover the full spectrum of safety — keeping the driver alert and aware of their surroundings while monitoring the road ahead for potentially unseen hazards — but all of them also come standard.

G80

STYLE THAT DESERVES A LONGER LOOK

The Genesis G80 expresses a truly modern design through distinctive exterior styling with a sleek, refined appearance. You'll notice it immediately once you lay eyes on the striking crest grille, large alloy wheels, and the elegant character line running along the flanks of the car. The dynamic rear design benefits from a sculptural aesthetic, establishing an impression of visual width and a sense of stability.

WELCOME TO YOUR SANCTUARY

Enjoy a satisfying tactile experience with high-grade interior finishes, including genuine aluminum, open pore natural wood, and an available micro-suede headliner. As light shines in through the standard panoramic sunroof, you can immerse yourself in rich surround sound with the standard Lexicon® audio system featuring 14 or 17 speakers, depending on configuration.

TAILORED LUXURY

Every element of the G80's finely crafted interior is designed with comfort and intuitive ergonomics in mind. The 16-way power-adjustable driver's seat can be adjusted to fit like a tailored suit, in turn offering an unmistakable feeling of substance thanks to high-density pads that ensure firm and comfortable support. These perfectly contoured seats are adorned with sumptuous Nappa leather mirrored by tasteful leather accents throughout the rest of the interior.

G80 SPORT

BLACK MIRROR HOUSINGS
AND DARK TRIM ACCENTS

SPORT MEETS MASTERPIECE

For some drivers, performance is the ultimate luxury. In the new G80 Sport, this begins with a powerful twin-turbocharged engine sending 365 horsepower and 376 lb-ft of torque to the ground through the advanced, rear-biased HTRAC™ All-Wheel Drive system. Aside from a range of other performance enhancements including a firmer suspension and larger rear brake rotors, G80 Sport is set apart by aggressive new styling elements. A redesigned front bumper features larger air intakes and an intricate dark chrome grille. Sweeping rocker mouldings give the car a more grounded appearance while a sharper rear bumper with integrated diffuser and quad exhaust outlets leaves a lasting impression. Unique styling flourishes like hidden copper accents, dark chrome, and even dark-finish taillight lenses are found throughout.

INNER PASSION, PREMIUM COMFORT

Stepping into the driver-focused environment of the G80 Sport, you'll find Nappa leather seats with larger side bolsters and copper contrast stitching echoing the leather trim on the doors. Genuine carbon fibre trim, dark finish aluminum, and a black micro-suede headliner set a unique ambiance while the smaller-diameter sport steering wheel with aluminum shift paddles puts you firmly in control.

DARK-FINISH ALUMINUM TRIM

FORWARD-THINKING TECHNOLOGIES

01

AUTONOMOUS EMERGENCY BRAKING WITH PEDESTRIAN DETECTION¹

The Autonomous Emergency Braking function uses a forward camera and radar sensors to detect a rapidly closing distance between your vehicle and the vehicle ahead. If a potential forward collision is detected, warning notifications alert the driver. The system can provide full braking assistance to help avoid an imminent collision at speeds between 8 and 75 kilometres per hour (vehicle detection) or 8 and 65 kilometres per hour (pedestrian detection).

02

02

BLIND SPOT DETECTION² The Blind Spot Detection system heightens awareness by alerting the driver when there is a vehicle in their blind spot, or rapidly approaching, as they attempt to change lanes.

03

03

LANE KEEP ASSIST³ Drift outside your lane without signalling and the Lane Keep Assist system first warns you with haptic vibrations through the steering wheel, as well as audible and visual cues. If the vehicle continues to approach the edge of its current lane, Lane Keep Assist can provide steering assistance to bring the vehicle back on course.

04

04

HIGH BEAM ASSIST Using the front mounted camera and light detection technology, High Beam Assist automatically switches between high beams and low beams when traffic is detected ahead.

INTUITIVE TECHNOLOGY

A wide range of innovative technologies are applied in the G80 in the service of convenience and comfort. More importantly, each of these technologies is intuitive to use and contributes to a greater level of driving enjoyment.

01 HEADS-UP An available Head-Up Display helps reduce distraction by displaying critical driving information on the windshield, directly below the driver's line of sight. Information includes speed, navigation directions and Adaptive Cruise Control settings, as well as indicators from Blind Spot Detection and Lane Keep Assist.

02 ENJOY THE VIEW The G80's available 9.2-inch central screen features a crystal-clear 720p high-definition display, upgraded 64GB storage capacity, and a DVD player. All versions of G80 feature Apple CarPlay™ and Android Auto™, allowing seamless integration of useful smartphone functions.

03 MULTIPLE PERSPECTIVES Get an expanded view of what's around you with the advanced Multi-View Camera System. See your G80 in multiple perspectives, including an aerial view of the vehicle for a comprehensive look of the surrounding environment.

CREATE YOUR OWN MASTERPIECE

Accentuate the G80's sleek exterior styling with a choice of rich paint colours, then pick a complementary interior combination. From the elegant leatherwork to the open pore wood or carbon fibre accents, perfection is the benchmark. Now, make your own version.

Some vehicles are shown with optional equipment. All Genesis warranties have no deductible. The Genesis Comprehensive Limited Warranty coverage program covers most vehicle components against defects in workmanship under normal use and maintenance conditions. †The Genesis 24-Hour Roadside Assistance program is a limited service and does not cover certain costs or expenses. Roadside Assistance is not a warranty. *Some limitations apply. See an authorized distributor of Genesis products for complete details. †Repairs required as determined by an inspection conducted as part of the maintenance plan may not be covered by the plan. Some limitations apply. See an authorized distributor of Genesis products for complete details. †Includes complimentary map updates for 5 years with a maximum of 10 updates. †With premium fuel. †Autonomous Emergency Braking (AEB) is designed to detect vehicles that are directly in front of the vehicle. AEB will not detect all vehicles and objects. AEB may not work on winding or hilly roads, during certain weather conditions such as rain, snow, fog and any other times of limited visibility. AEB initiates full braking at speeds between 8 and 75 km/h (vehicle detection) or 8 and 65 km/h (pedestrian detection). AEB will not detect all pedestrians under certain conditions. See Owner's Manual for detailed descriptions of example conditions in which AEB may not detect a pedestrian. AEB is not a substitute for safe driving. Always check your surroundings when driving. See Owner's Manual for further details and limitations. †Never rely completely on Blind Spot Detection (BSD) and be sure to use proper lane changing procedures. BSD will not detect every object or vehicle and will not prevent accidents. Always look over your shoulder and use your mirrors to confirm clearance. See Owner's Manual for further details and limitations. †Lane Keep Assist system operates above approximately 69 km/h and only when the lane markings are clearly visible on the road and detected by the system. It will not prevent loss of control. See Owner's Manual for further details and limitations. †Apple CarPlay™ works with iPhone 5s, iPhone 5c, iPhone 5 and later models running the latest version of iOS 7 and above.
