HAND DELIVERY

Re: Comments of Mass Merchandisers, Inc. on EPA's Proposed
Plan of Action for the Arkwood, Inc. Site, Omaha,
Arkansas

Dear Ms. Greeney:

MMI's comments on the EPA Proposed Plan of Action for the Arkwood site notes that there have been certain omissions from the Administrative Record. MMI has asked that these omissions should be corrected by addition of the materials to the final Administrative Record. Also, attached you will find items which should be included in the Administrative Record as supplements to MMI's comments:

- A videotape of the February 12, 1990 EPA Public Meeting in Omaha, Arkansas. A transcript of this meeting is included as an appendix to the main comments submitted by MMI.
- A November 15, 1989 EPA memorandum from Randall Brown to Larry Wright regarding the disposal of wood treating wastes from the Arkwood site.
- A letter dated July 24, 1990, from Raymond H. Harbison to Frank Conner, and a copy of Dr. Harbison's curriculum vitae. Dr. Harbison's letter was submitted as a portion of Frank Conner's statement at the July 26, 1990, Public Meeting and should have been included in the record of that meeting.

If you have any questions regarding these supplements to MMI's comments, please do not hesitate to call me.
