

# GUARDIAN

1972

*"Then take my hand and as children we'll go now all alone  
through the thundering crowds. Take my hand and together  
we'll look now like a child for the little lost clouds."*

*Rod McKuen*

## *THE GUARDIAN*

*1972*

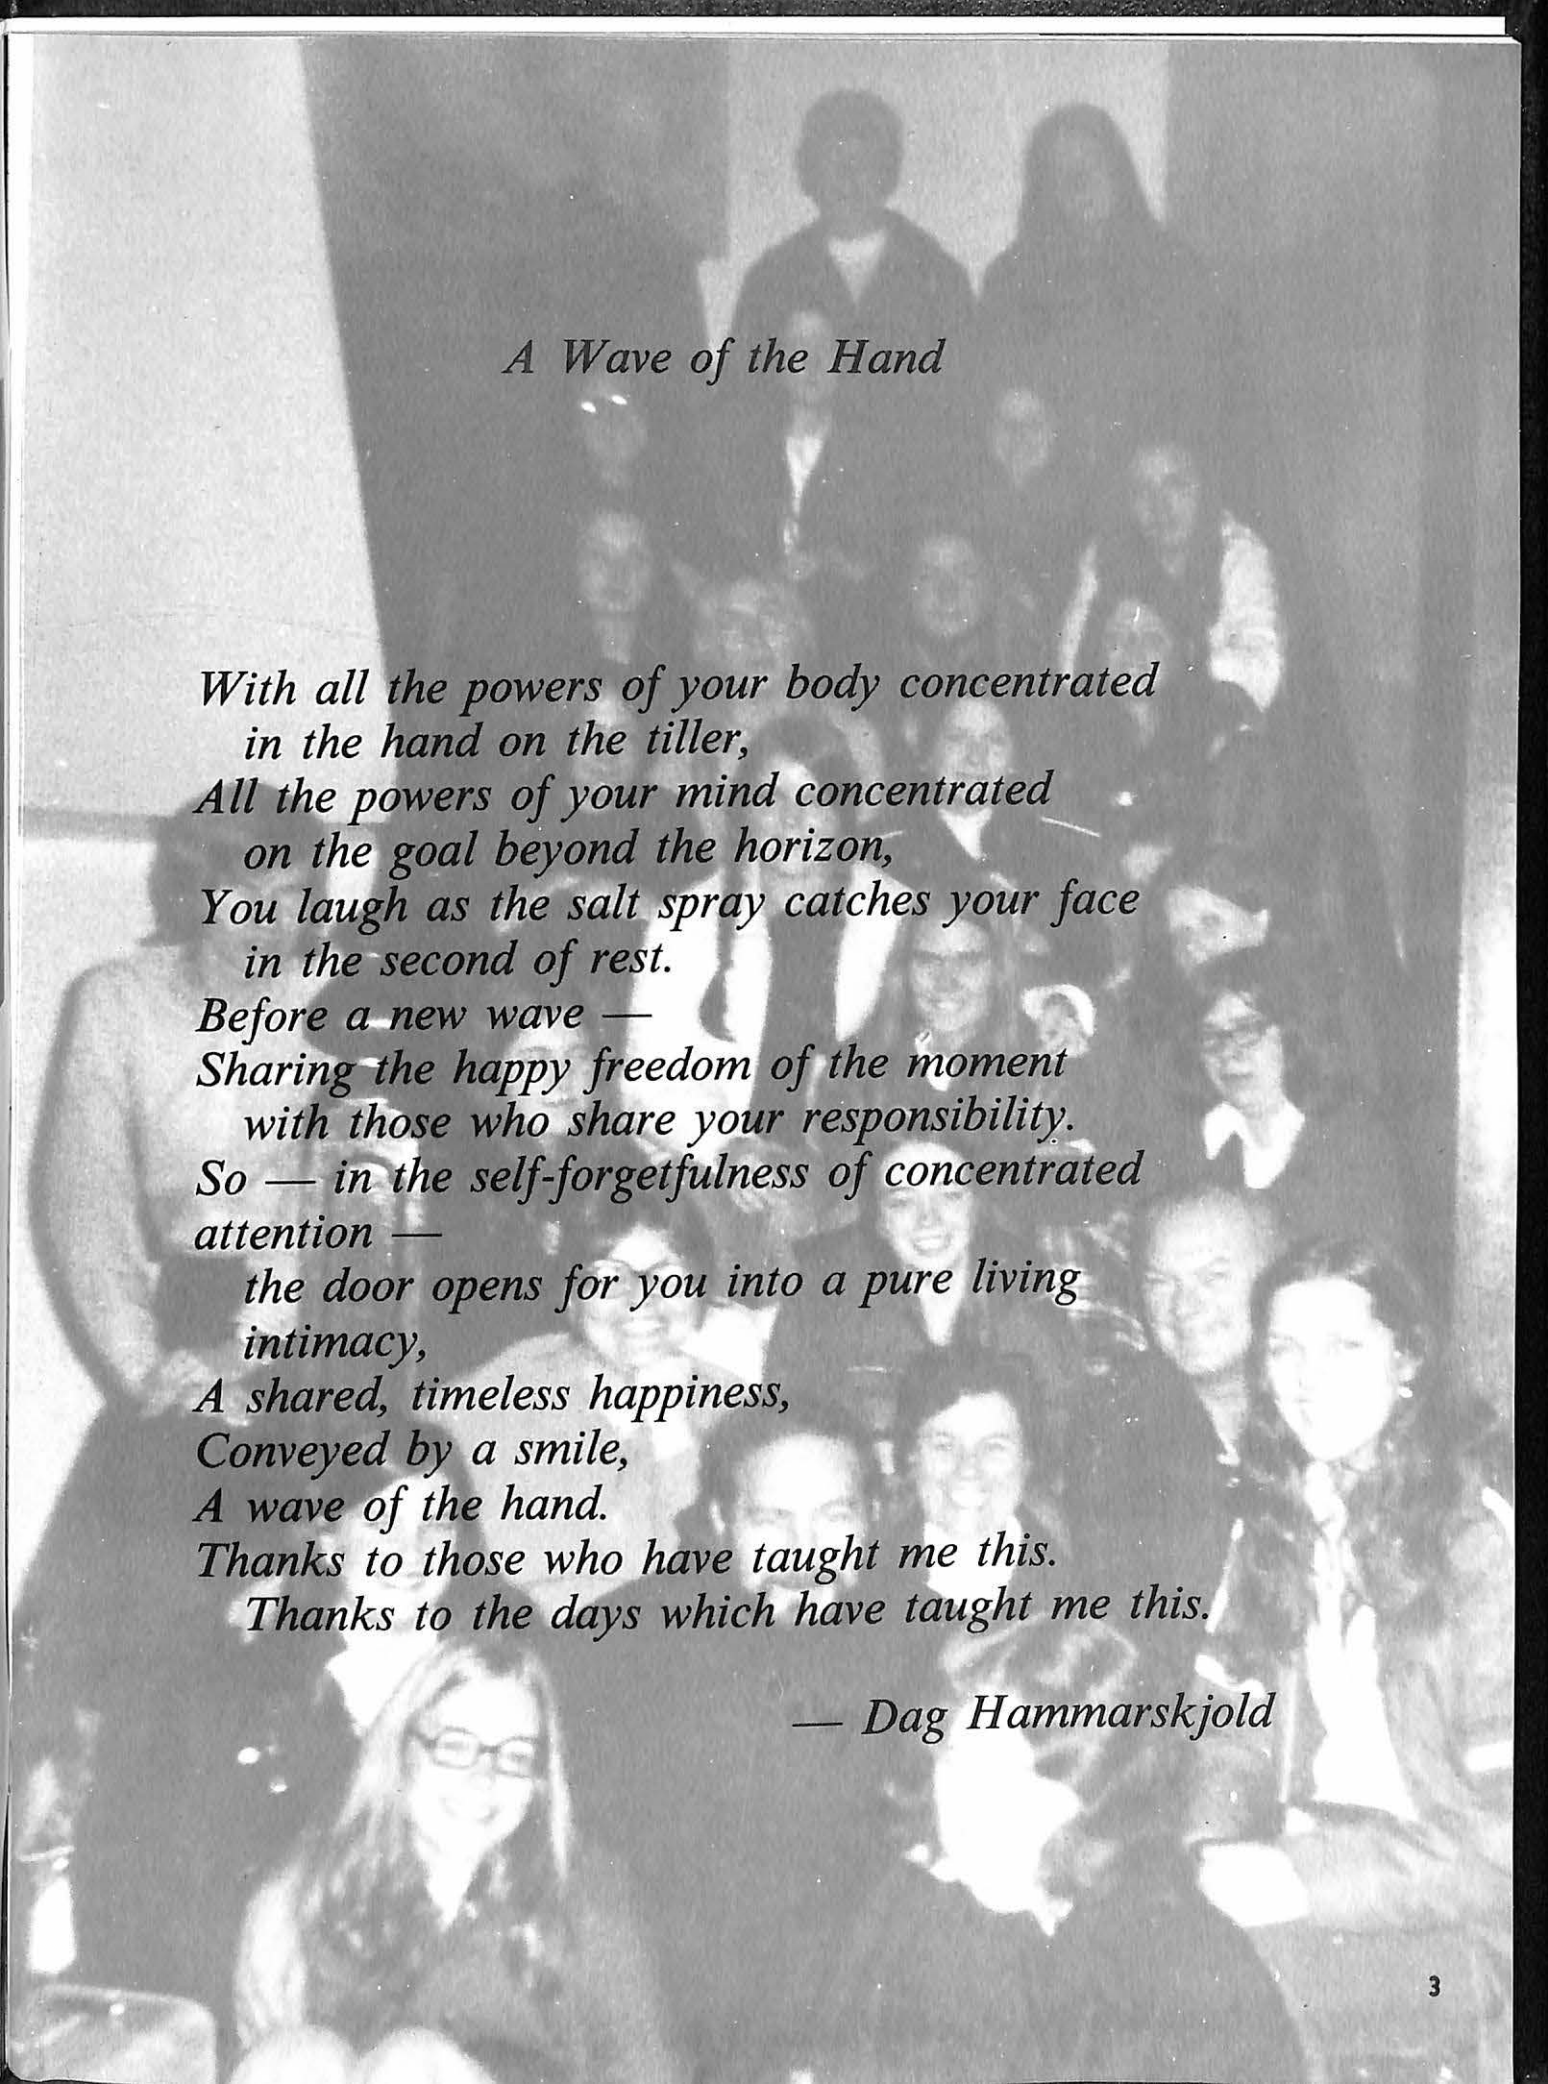

*ST. CHARLES HIGH SCHOOL WOBURN, MASS.*

## *Dedication*

Friendship is a very mysterious relationship. It can be a source of fun and adventure but it can also cause hurt to an individual as well as to a group. It takes a special kind of person to help repair a broken friendship. Luckily our class found a group of those extraordinary people. To Jim, Hank, Jack, Brendan, and all the other Friars at Rye, we wish to express our gratitude for the objectivity, the devotion, and the caring which you provided for us. Words cannot adequately express our lingering feelings so with this in mind we dedicate our "Guardian" to you.

*A Wave of the Hand*

*With all the powers of your body concentrated  
in the hand on the tiller,  
All the powers of your mind concentrated  
on the goal beyond the horizon,  
You laugh as the salt spray catches your face  
in the second of rest.*

*Before a new wave —  
Sharing the happy freedom of the moment  
with those who share your responsibility.  
So — in the self-forgetfulness of concentrated  
attention —*

*the door opens for you into a pure living  
intimacy,  
A shared, timeless happiness,  
Conveyed by a smile,  
A wave of the hand.*

*Thanks to those who have taught me this.  
Thanks to the days which have taught me this.*

*— Dag Hammarskjöld*
