## INTRODUCTION

---

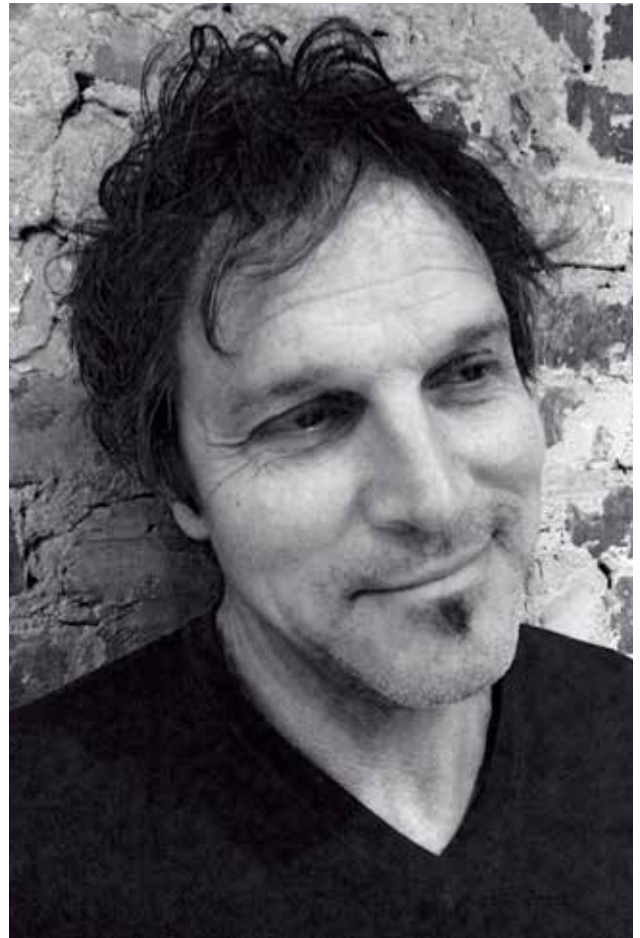

Welcome to the world of Tandu Centiva design. What constitutes the work presented in this product guide is an extraordinary collaboration and consensus of ideas, methods and materials.

Holistically interconnected, the products within speak to the commitment and purpose to innovate and manufacture floorcoverings that immediately communicate better, simpler, clearer form and function.

From the technical expertise, strength and recycled/recyclable core of our backing systems to the beautifully engineered construction of our face fibers and design layers, all of our product platforms—Powerbond® Modular, Broadloom, Woven and LVT—are developed to align toward today's 21st century market segments. In this new era, products need to work with one another aesthetically, and in terms of intent, and how they must function in work, education, social and healing environments.

This is what drives us. Our extremely dedicated staff of designers, engineers, research technicians, manufacturers and world-renowned textile consultants succeed when customers desire our floorcoverings, as much for their beauty as for their ability to add meaning and longevity to the interior spaces they so skillfully design.

With pride and gratitude.

The Tandus Centiva Product Guide is our annual showcase piece for as many products as possible at the time of print.

We are constantly updating our styles throughout the year, so please make sure you log onto [tandus-centiva.com](http://tandus-centiva.com) for the most up-to-date products.

Photos may not accurately depict color. Please order samples for exact product color.

# GLOBAL

With net sales of 2.7 billion euros in 2015, Tarkett is a global leader in innovative and sustainable solutions for flooring and sports surfaces. Offering a wide range of products including vinyl, linoleum, carpet, rubber, wood & laminate, synthetic turf and athletic tracks, the Group serves customers in more than 100 countries worldwide. With 12,000 employees and 34 industrial sites, Tarkett sells 1.3 million square meters

of flooring every day, for hospitals, schools, housing, hotels, offices, stores and sports fields. Committed to sustainable development, the Group has implemented an eco-innovation strategy and promotes circular economy. Tarkett is listed on Euronext Paris (compartment A, ticker TKTT, ISIN: FR0004188670). HYPERLINK "<http://www.tarkett.com>" [www.tarkett.com](http://www.tarkett.com).

**Tandus Centiva, a Tarkett company, creates innovative floorcovering solutions through our unique line of Powerbond<sup>®</sup>, Modular, Broadloom, Woven, LVT and MetalEdge<sup>™</sup> transition products. Each of our product platforms offer coordinated styles, extensive color ranges and a variety of patterns and textures that enhance the appearance of any commercial environment. Tandus Centiva products are also designed to coordinate with a range of Johnsonite wall base and finishing accessories, providing the ultimate flooring experience across the Tarkett family of brands.**

## PLATFORMS

---

Tandus Centiva's unique line of Powerbond® Modular, Broadloom, Woven and LVT works in tandem to create solutions for nearly every environment. These products offer a "fit-for-purpose" approach because we know each space has unique needs. Tandus Centiva is a single source for products that allows you to choose the correct platforms for your specific project.

## DESIGN COLLABORATION

Suzanne Tick is the founder of Suzanne Tick Inc., specializing in materials, brand strategy, product design, development, and direction for commercial interiors. Suzanne is currently partnering with Tarkett on Brand Strategy and Product Development, Design Consultant for Tandus Centiva, Creative Director for LUUM, and Design Partner for Skyline Design. She has maintained a distinguished career as a textile designer and studio Principal in New York City. Suzanne has been a Design Consultant at Tandus Centiva since 2005 and her designs,

across product platforms, have won numerous design awards and continue to break new ground in the industry. Suzanne is known for her intelligent and enthusiastic approach to design in evolving markets, along with conviction to provide innovative solutions. In addition to her work in commercial interiors, Suzanne maintains a hand weaving practice and creates woven sculptures from repurposed materials. Her work is exhibited worldwide, including MoMA and Art Basel, as well as collected by private and corporate clients. Her recent awards include a 2016 NeoCon Best of Year Gold Award and Interior Design's Hip Award for Tarkett's Collections Infinies.

# DESIGN COLLABORATION

## MARFA.DESTINATION MARFA, TEXAS

The unique backdrop of Marfa, Texas serves as one of the most unconventional sites for a design conference. Long known as the base of renowned sculptor Donald Judd and the home of many of his permanent installations, Marfa has become a sought-after destination for artists and designers from around the world that are interested in the intersection of art and architecture.

This annual gathering, hosted by Tandus Centiva, shares the unique qualities of Far West Texas... the amazing topography... the delicious culturally infused food... and of course behind-the-scenes tours of the Chinati Foundation and brilliant Marfa-based artists' studios to provoke insightful discussions and inspire talented designers from all over North America.

**INSPIRATIONS AWARDS  
PARTNERSHIP**

Sponsored by Tandus Centiva, the Inspirations Awards celebrate leadership in socially responsible design among commercial interior designers and architects. The 2016 award ceremony took place at NeoCon honoring top grant winner Staplehouse Restaurant in Atlanta designed by Square Foot

Studio. Also honored were Teach for America located in New York, designed by HOK, as well as Healthcare for the Homeless located in Houston, designed by Page.

## DESIGN COLLABORATION

### PUBLICOLOR

---

Publicolor is a youth development not-for-profit that has a multi-day, multi-year program continuum, which uniquely engages disaffected students in their education. Their gateway program empowers students through commercial painting and an applied learning model to transform their institutional looking schools into warm, welcoming student-centric environments. Other programs involve students in planning and preparing for college and career, while teaching strong and transferable work habits. The Summer Design Studio teaches at-risk teens literacy and math through product design. S.A.T. preparation and design classes are held on Pratt Institute's Brooklyn campus so students can experience the reality of college, while their afternoons are spent painting under-resourced but vital neighborhood facilities.

When you specify and purchase a Suzanne Tick product for a project in education, you are helping contribute to Publicolor's Summer Design Studio. Suzanne Tick Inc. and Tandus Centiva have each committed to donate \$0.10/sq. yd. from these sales, totaling a \$0.20/sq. yd. donation. Antron® Carpet Fiber has also committed to donate an additional \$0.10/sq. yd. when the Suzanne Tick Inc. design is made using Antron. With over 40 STI designs to choose from, your K-12 and higher education specifications and purchases will positively impact the lives of Publicolor students.

For more information on other ways you can get involved and support Publicolor, visit their website at [publicolor.org/joinus](http://publicolor.org/joinus).

## HERITAGE OF INNOVATION

Our heritage of innovation compels us to challenge conventional pursuits by fostering invention. But only when inventions become effective solutions accepted by markets, businesses and society are they truly innovative.

- 
- |   |  |
|---|--|
| <b>1967</b> Introduced Powerbond® — the industry’s first hybrid resilient sheet floorcovering   | <b>2013</b> Tandus and Centiva merged to provide value-added, coordinated solutions for the contract interiors market  |
| <b>1969</b> Introduced modular carpet to North America  | <b>2014</b> Celebrated 20 years of recycling   |
| <b>1994</b> Launched the first ever full-scale flooring recycling program   | Best of NeoCon winner for Substrate — Gold in Hard Surface   |
| <b>1996</b> First modular products designed for random installation with fashion designer Jhane Barnes — “Mosaics in Tile” collection | First American carpet manufacturer to achieve Cradle to Cradle Certified™ Silver v3.0 for ethos® Modular tile  |
| <b>2004</b> Launched ethos®, the first high performance carpet backing made from recycled PVB, the film polymer found in windshields  | <b>2015</b> Best of NeoCon winner for Indent— Gold in Broadloom  |
| <b>2007</b> First carpet company to partner with Cargill® to use a bio-based polyol cushion backing, ErgoStep®, for broadloom carpet  | Best of NeoCon winner for Avant— Silver in Modular   |
| <b>2008</b> Closed the loop on production water at our Florence, AL plant   | Surpassed 284 million pounds of flooring and waste that was recycled into new floorcoverings   |
| Achieved ISO 14001 at US carpet facilities  | Achieved highest moisture allowance in the industry with TarkettTAPE™ and ethos® Modular   |
| <b>2009</b> Developed first sheath core bio-based fiber (Genesis)   | <b>2016</b> Tarkett launches the first luxury vinyl tile (LVT) collection to use state-of-the-art digital printing technology with Collection Infinies™ and Tandus Centiva’s Indigenous Earth Collection |
| <b>2010</b> Produced product portfolios that are 100% reusable and recyclable   | Another industry first, ethos® Modular with Omnicat Technology™ launched, when used with TarkettTAPE™ allows for immediate installation over adverse flooring  |
| Centiva acquired by Tarkett   | Best of NeoCon, Gold Award, Collection Infinies™   |
| <b>2011</b> Introduced Sero®, a design technology that emphasizes the design of the floor plane rather than the floorcovering         | Best of NeoCon, winner for Open Archive OverStitch Gold in Broadloom   |
| <b>2012</b> Antron® MATCH™ Marketing Innovation Award — Grand Prize for Sustainable Portfolio System                                  | Best of NeoCon, Open Archive Cache Tweed and GeoKnit: Innovation Award   |
| The Antron® Carpet Fiber Sustainable Flooring Performance Award — Grand Prize for the sixth consecutive year                          | <b>2017</b> Powerbond celebrates 50th Anniversary with current installations lasting over 50 years.  |
| Tandus acquired by Tarkett  |  |

# DESIGN INNOVATION

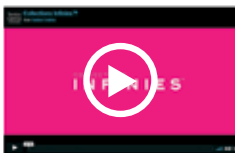

## COLLECTION INFINIES™

---

This is Collections Infinies™: the ultimate disruptive design experience. It's a unique breakthrough in LVT that uses the power of Co-Creation to breathe life into the design process. Here, you'll experience the inspiration of some of the most influential design minds of our time and meld it with your own creative process. Featuring state-of-the-art digital print technology, the possibilities for customization are as expansive as your imagination. And the results are nothing short of breathtaking.

### Key Benefits

Digital Printing allows the ability to be agile and switch between designs and color variations very quickly, opening up a new world of flexibility including the ability to co-create with our customers like never before... Longer Pattern Repeats – Digital Printing pattern repeats are only limited by the digital design itself and not simply the circumference of traditional cylinder printing.

VISIT [COLLECTIONSINFINIES.TARKETTNA.COM](http://collectionsinfinies.tarkettna.com) TO TO  
SEE THE ENDLESS OPTIONS OF CO-CREATION.  
<http://collectionsinfinies.tarkettna.com/>

# DESIGNER COLLABORATION

---

Collections Infinies doesn't just give you options. It opens the door of Co-Creation and allows you to elevate your designs with our renowned designers. Experience collaboration with some of the most amazing talents in the design world while simultaneously feeling the exhilaration of creating something unique to your vision. Explore. Discover. And co-create with all that is... Collections Infinies.

## IMAGINATIONS™ CUSTOM FLOOR DESIGN

### TECHNOLOGY

Tandus Centiva's focus on design sets us apart. You can choose from our vast array of standard patterns or work with our in-house cutting department to create custom designed flooring solutions. Tandus Centiva's unique ultrasonic cutting system — currently the most advanced in the world — is paired with state-of-the-art CAD technology which assures clean, precise cuts for even the most intricate designs with no entry or end points.

## PROCESS

Our knowledgeable staff will guide you from the early stages of the project through completion.

- Start with a standard design or send us your concept in a digital format.
- Tandus Centiva's design team will help determine appropriate sizes, colors, textures and edge treatments for your project.

- After the quote and layout are approved, the order can be placed for final design, costing and production.
- The design is cut using an ultrasonic cutting system paired with CAD technology.
- Each design is shipped in sections to allow for trouble free installation.

## IMAGINATIONS™ CUSTOM FLOOR DESIGN

The Imaginations Custom Floor Design program translates your vision onto the floor using Powerbond® or LVT. Whether it's an abstract design, wayfinding, branding, school spirit or mascot design, our products fulfill your needs. Tandus Centiva offers design capabilities that are unmatched by any other in the industry. Tandus Centiva's Powerbond and LVT are precision cut with an ultrasonic knife ensuring the most intricate designs

with no entry or end points. Powerbond seams are permanently welded together, and the textile wear layer eliminates seaming compounds for a crisp clean design. Inlay designs are created by the architect, designer or owner as part of the floor plan and cut by our in-house Imaginations team using CAD technology. The custom design is installed on site by the flooring contractor for both Powerbond and LVT.

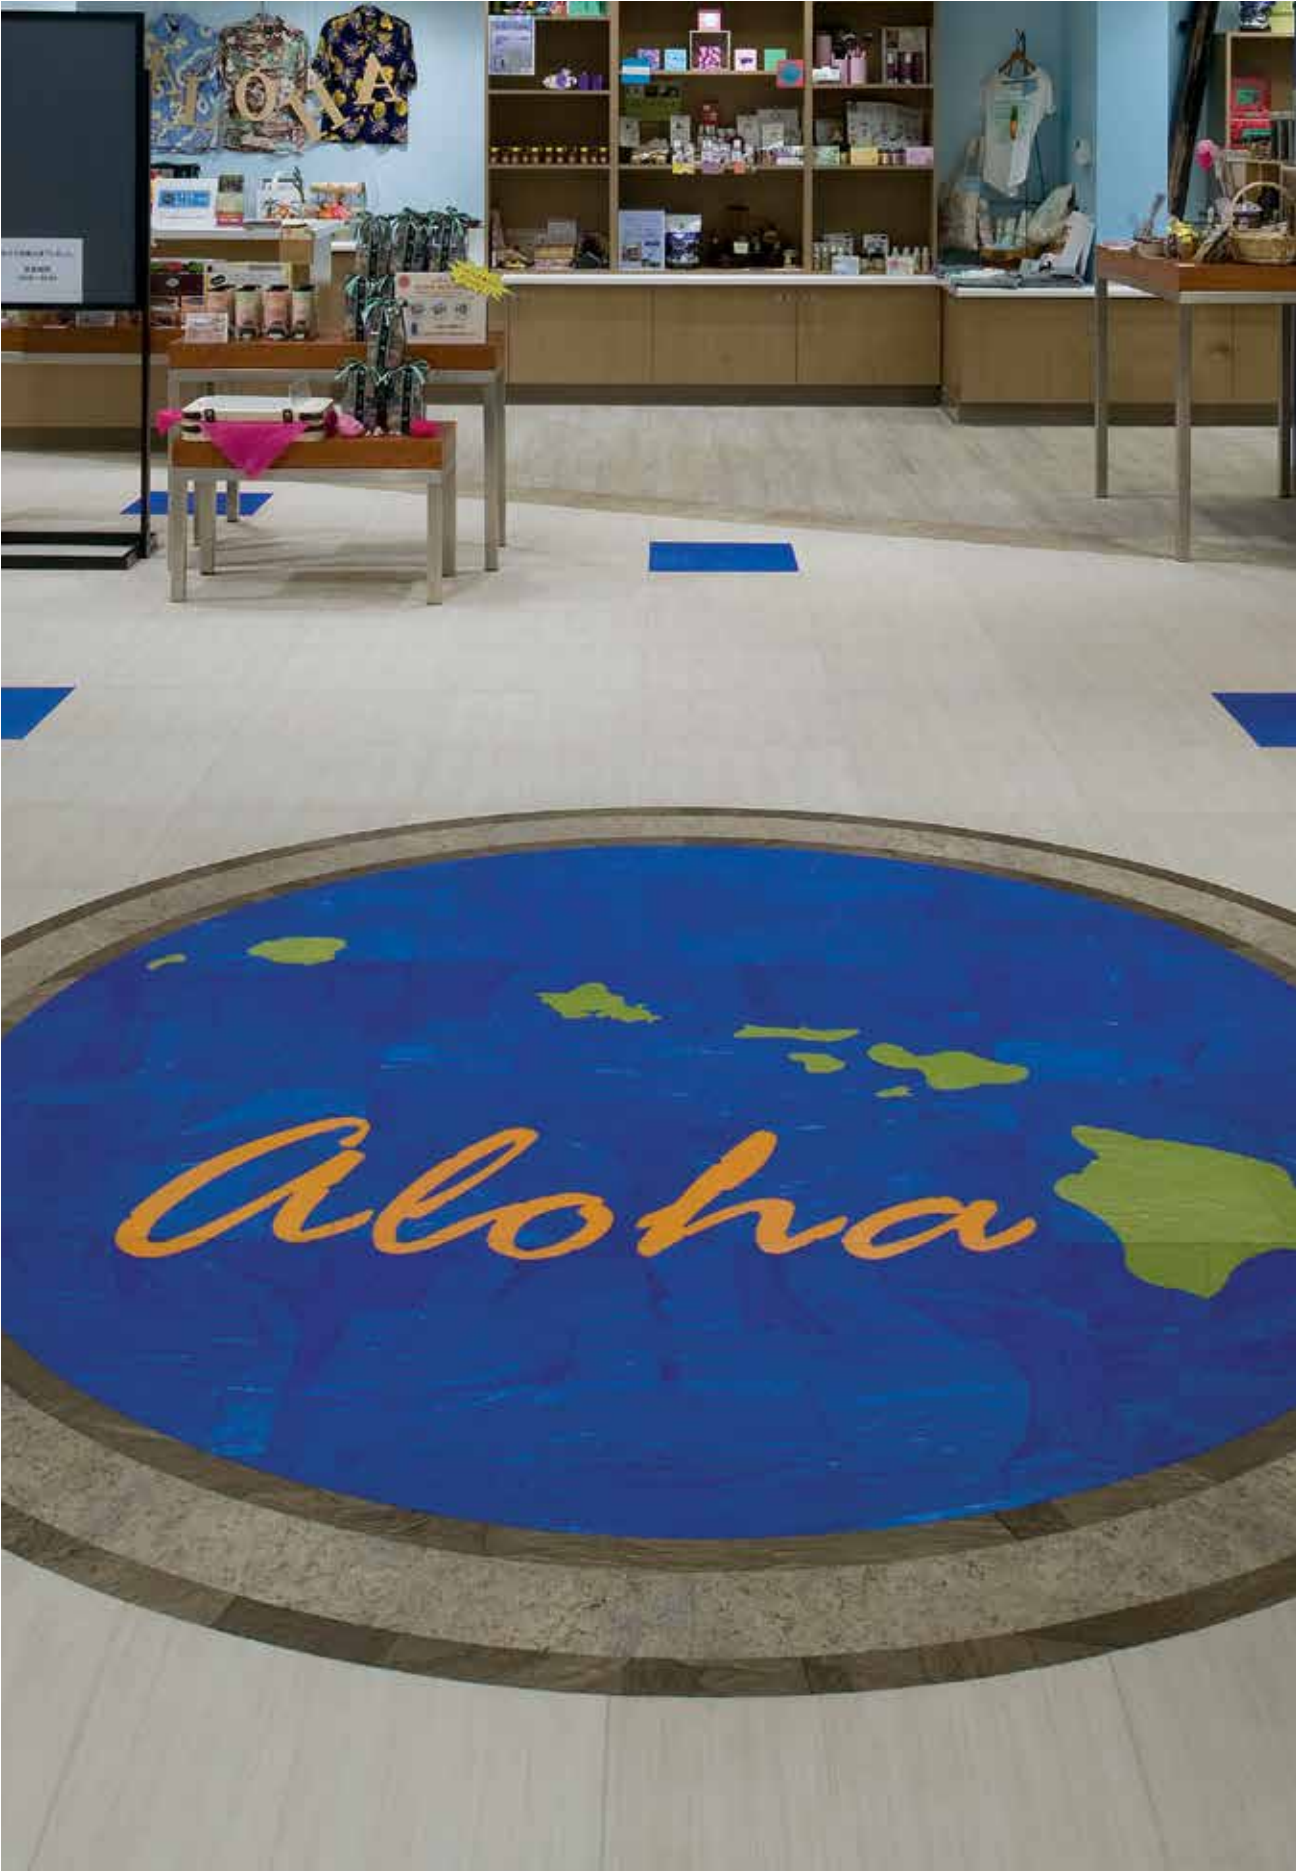

## IMAGINATIONS™ CUSTOM FLOOR DESIGN

Want something more? If you can imagine it then we can translate it onto the floor. Tandus Centiva's Imaginations Custom Floor Design program is used for more intricate and detailed designs such as logos, mascots, unique images or repeated designs (animals, stars, flowers). Fabricated at our manu-

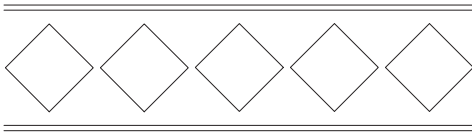

facturing facilities, shipped to the job site and inset by the flooring contractor. The Tandus Centiva Imaginations Custom Floor Design program is a first in the flooring industry, and we are the only company to offer this unique service. Contact your Tandus Centiva account executive to get started.

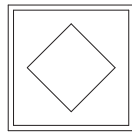

# BORDERS

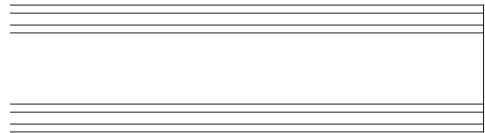

Accent a space using one of our standard borders. These designs are available in 4" and 6" widths. Any of our Victory®, Contour® or Event® Series products can be used in these standard border designs, making exciting floors easy.

## DESIGN ACCENTS

Create a noteworthy floor by incorporating one or more design accents. Any of our Victory®, Contour® or Event® Series products can be supplied as feature strips, offering a unique grout appearance.

---

### FEATURE STRIPS

Any Victory®, Contour® or Event® Series product can be supplied as feature strips. Feature strips are available in 1/8", 1/4", 1/2", 3/4", 1" and 2" in 36" lengths.

Feature strip options are illustrated below. An interesting grout appearance may be achieved by combining a feature strip of a lesser thickness and a beveled tile edge.

*\* Not available on all styles. Please refer to technical specifications for more information.*

Multiple Emboss options are available for many of the products in the Contour Series.

Appropriate surface texture, pattern, and color play a significant role in LVT performance, wear and maintenance requirements. Please consult your account executive to determine appropriate surface texture that will best fit the design and performance goals for your project.

---

---

**Tandus Centiva's integrated multi-platform website features an emphasis on design, user engagement and disseminating information easier and faster. The design boasts high-quality product photography throughout highlighting our five product platforms – Powerbond<sup>®</sup>, Modular, Broadloom, Woven and LVT. Taking the experience a step further, our Virtual View visualizer allows users to recolor, configure and explore the unique possibilities of our soft surface and transition products, with a few simple clicks.**

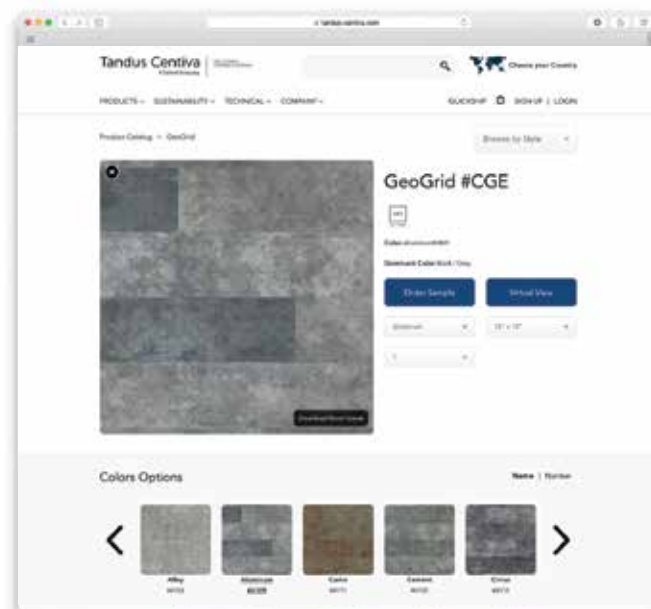

# PRODUCT CATALOG

The Product Catalog and Virtual View tools are easily accessible from the homepage of tandus-centiva.com. The user can browse by using the drop-down menus to search by style name, collection name, coordinate group, product platform, pattern style and color.

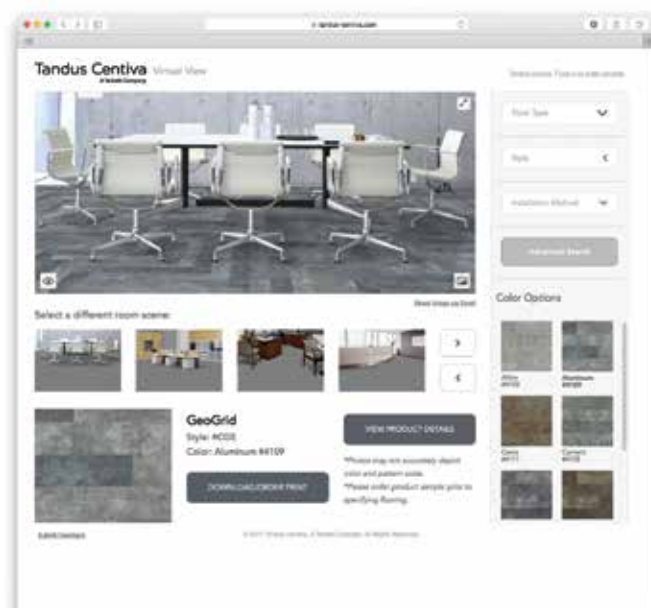

Select a style to see the installation image and color line.

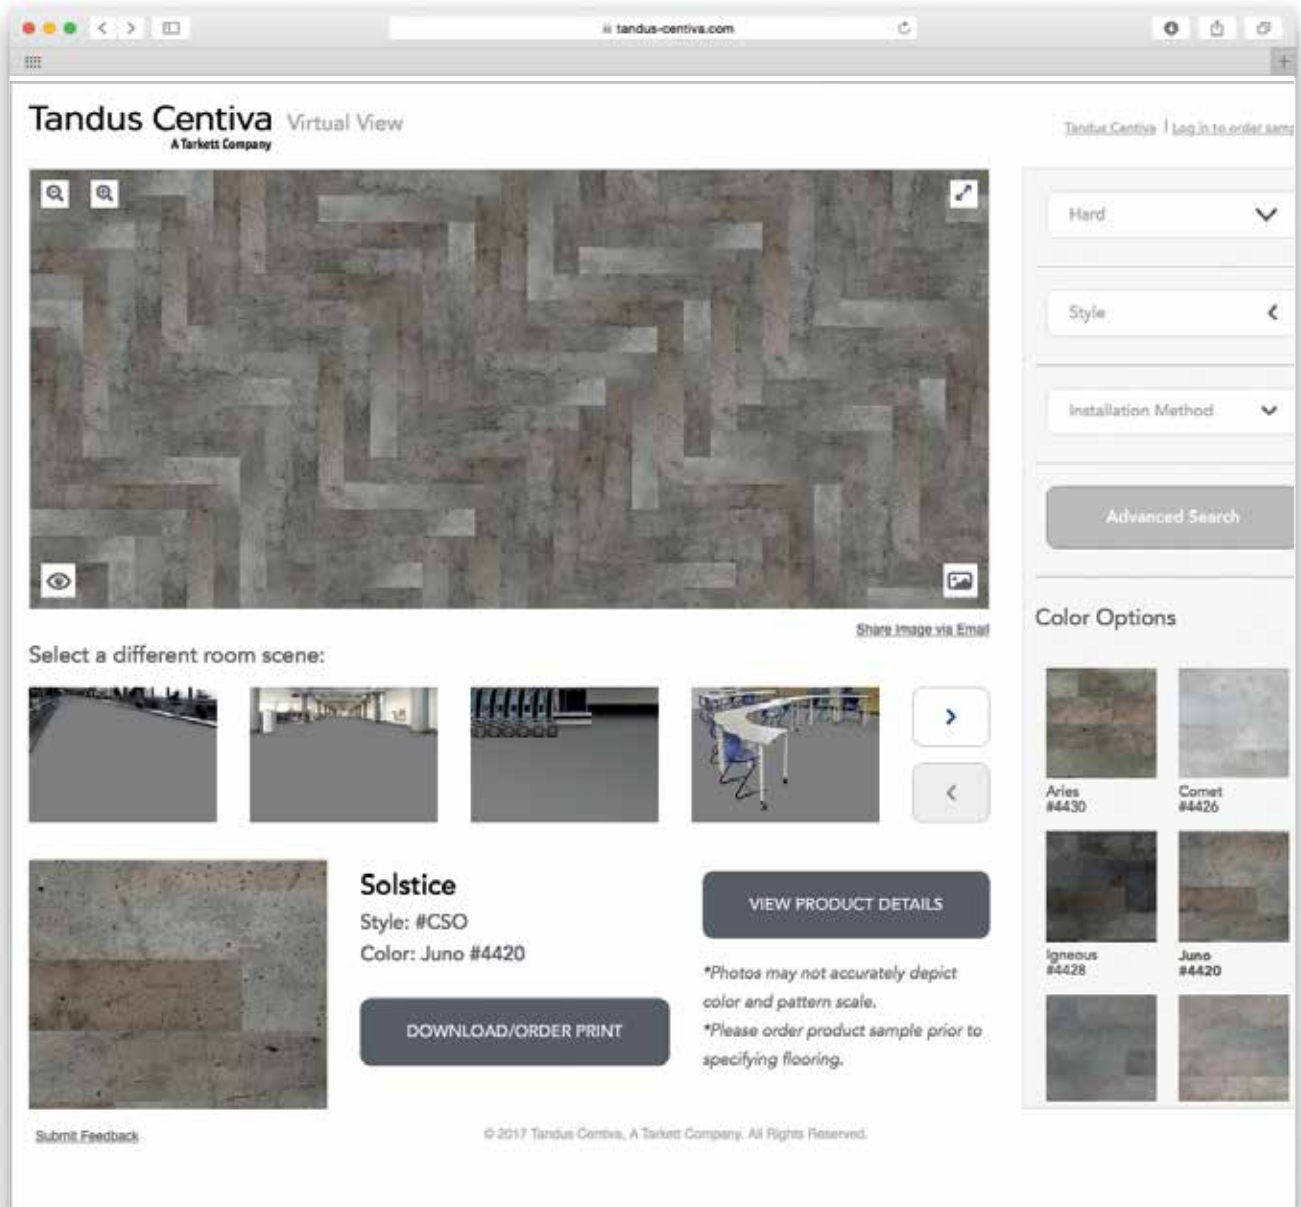

Select a color to see a close-up view of the pattern.

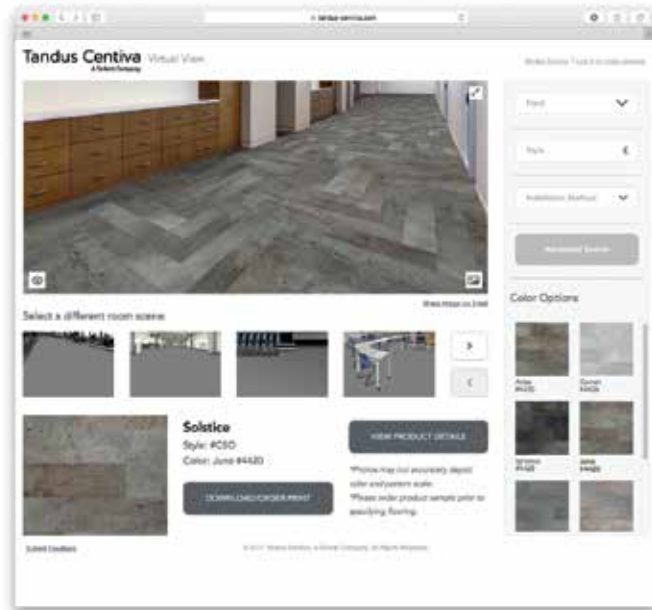

Select 'Virtual View' to see styles installed in room scenes where you have the ability to select room scene, color and installation method.

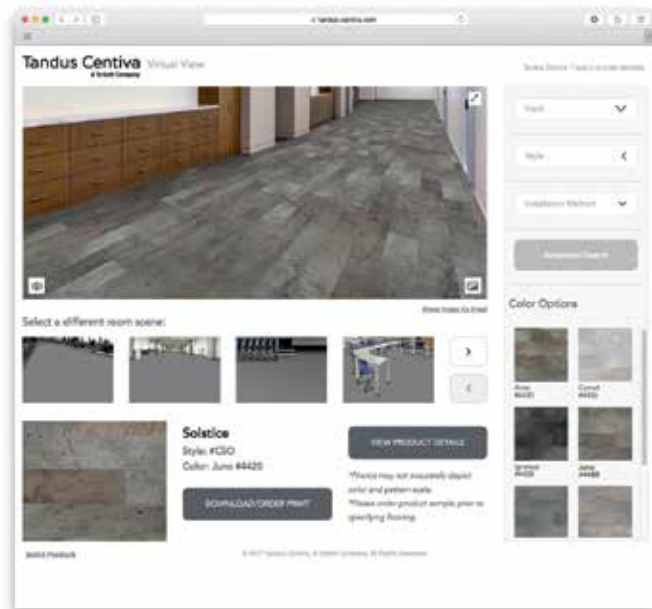

# VIRTUAL VIEW

With virtual view on Tandus-Centiva.com you can view your chosen LVT style in an array of layouts and room scenes. This tool allows you to make the product your own. The floor is your playground.

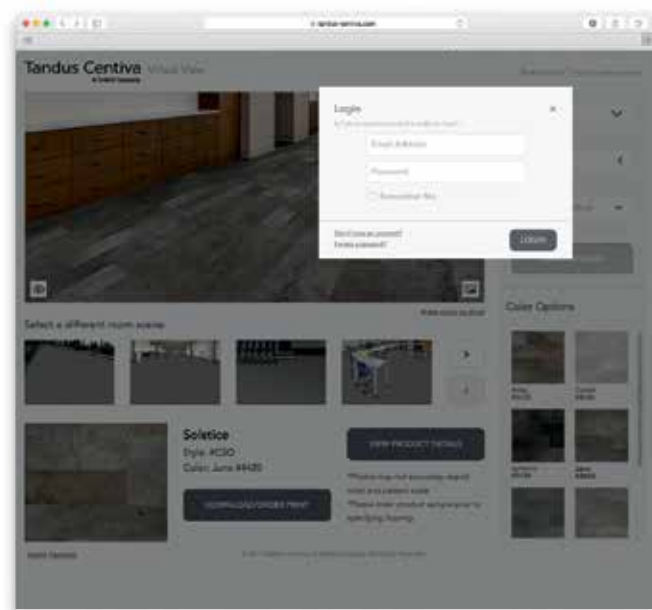

Select a room scene.

Choose among different installation methods for your room scene.

Download/Order a print of your designed space. Account setup is a click away.

## WHERE CO-CREATION IS REALIZED.

Our visualizer tool allows you to immerse yourself in the rich world of Tarkett's Collections Infinies. Experience the vision and inspiration of our designers firsthand and begin to see all of the Co-Creation possibilities brought to you through the remarkable nature of this exclusive collection. With our online visualizer tool, you are able to Co-Create with a designer.

Options include:

**TRANS-MATERIA** from Suzanne Tick of Suzanne Tick Inc.

**RIOT** from Georgie Stout of 2x4

**GLOW** from Krista Ninivaggi of K&Co

**CRYSTAL** from D.B. Kim

**ALPHABET** from Stefan Sagmeister of Sagmeister & Walsh

# COLLECTIONS INFINIES™ VISUALIZER

Explore the full possibilities of Collections Infinies using our visualizer tool.  
Co-Create alongside our five designers.

The hero banner features a collage of five images: a glowing orb with radiating lines, a modern architectural interior, a close-up of a white fabric flower, a city skyline at night, and a perspective view of a modern tunnel. The Tarkett logo is in the top left, and a pink 'MENU' button is in the top right. The central text reads 'COLLECTIONS INFINIES' and 'The ultimate disruptive design experience'. A pink button at the bottom says 'Co-create your LVT'.

Meet the renowned designers behind the new category of LVT.

**SUZANNE TICK**

A well-known trailblazer, noted for her passion-prove approach to design within evolving markets.

[Start designing with Suzanne Tick](#)

**2X4**

A brand strategist for cultural and commercial clients who value the power of design.

[Start designing with 2x4](#)

**D.B. KIM**

A conceptual and constructive practitioner, a commentator on creativity, a sophisticated traveler and citizen of the world.

[Start designing with D.B. Kim](#)

**STEFAN SAGMEISTER**

A celebrated graphic designer with a vision for how subjects of daily life can be transformed through design to more accurately describe our existence.

[Start designing with Stefan Sagmeister](#)

**K&CO**

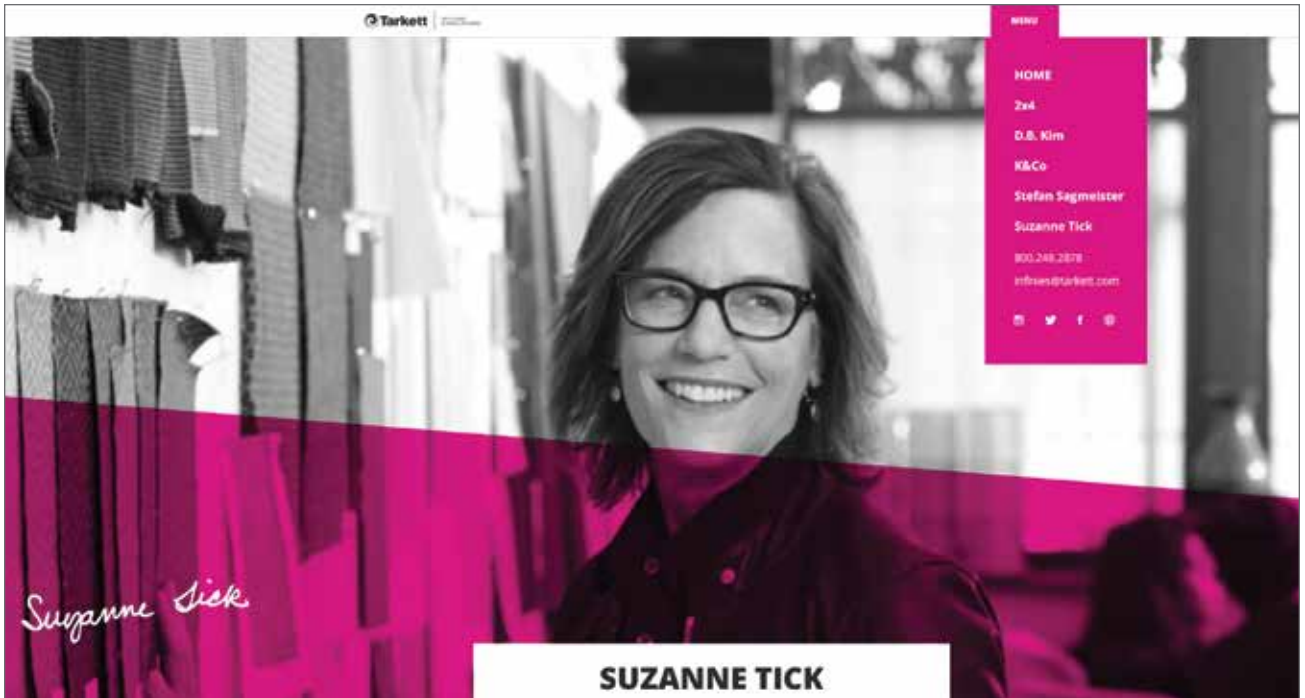

A cutting-edge designer, she's translated her love for NYC's vibrant requests into her calling, hospitality design.

[Start designing with K&Co](#)

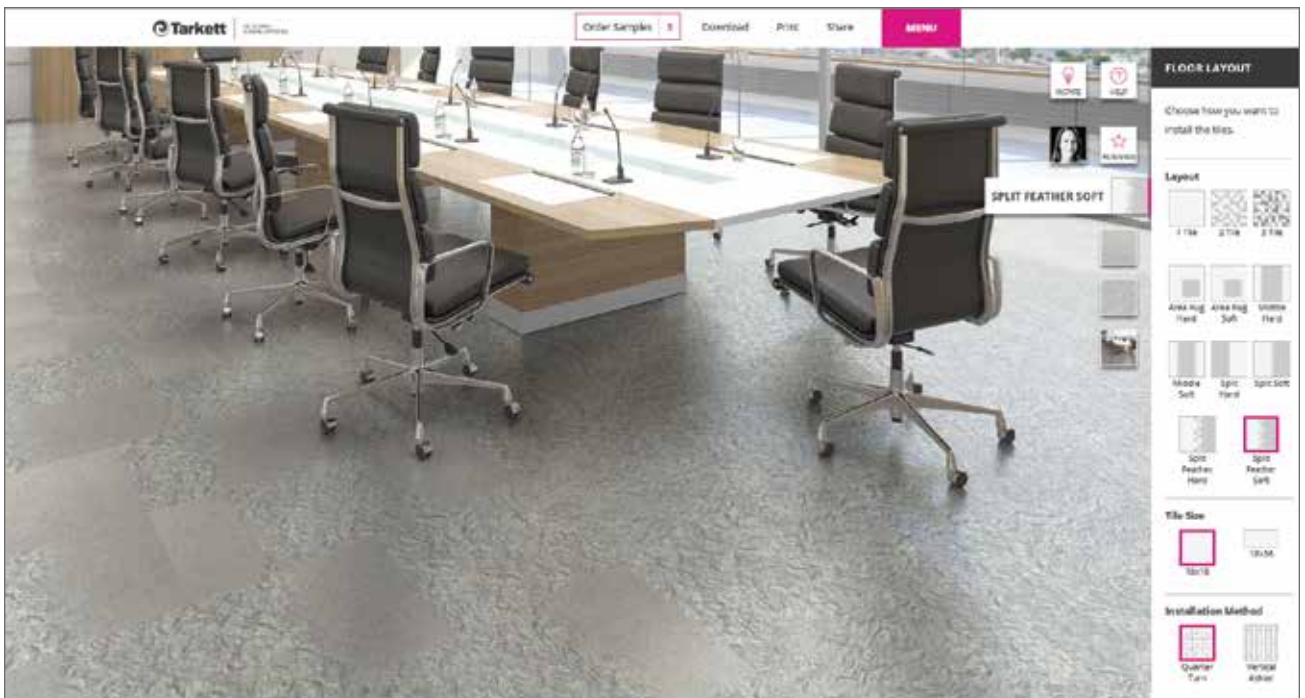

The visualizer interface shows a 3D rendering of a modern lounge area with several colorful chairs (blue, green, red) and small tables. A large pink overlay is centered on the image, containing the text 'COLLECTIONS INFINIES™' and 'A NEW CATEGORY OF LVT'. Below this, a smaller line of text reads: 'We believe truly disruptive design begins with embracing the act of co-creation.'

## COLLECTIONS INFINIES™ LUXURY VINYL TILE

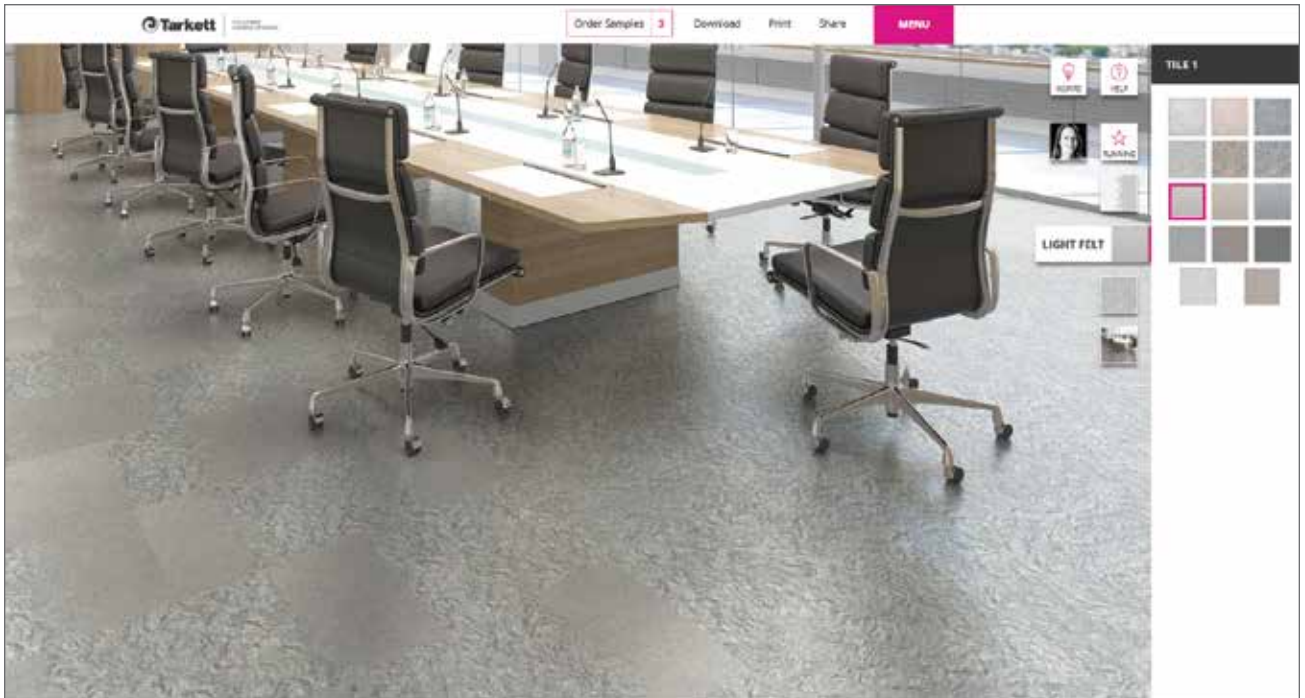

Collections Infinies uses groundbreaking technology to deliver the first digitally-printed LVT in the industry. Digital printing allows for extended pattern repeats, creating a portfolio of high designs with exclusive, randomized flooring motifs and enhanced realism.

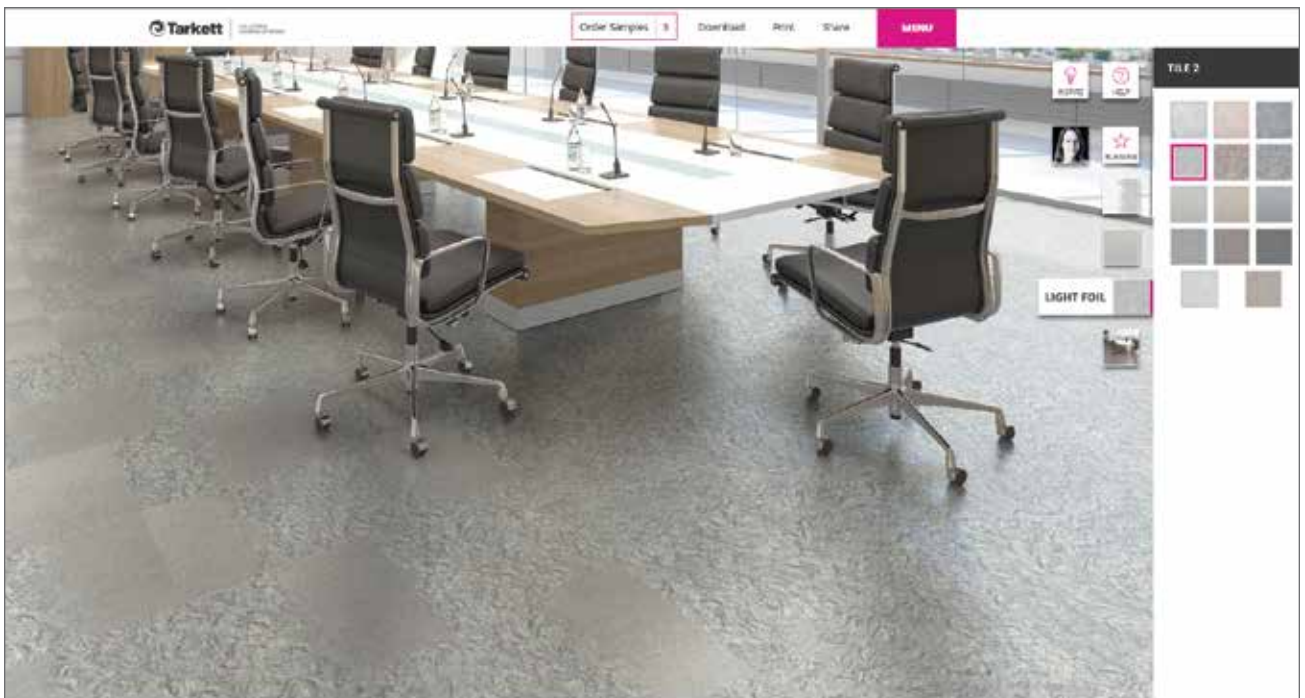

Select your favorite designer to start Co-Creating.

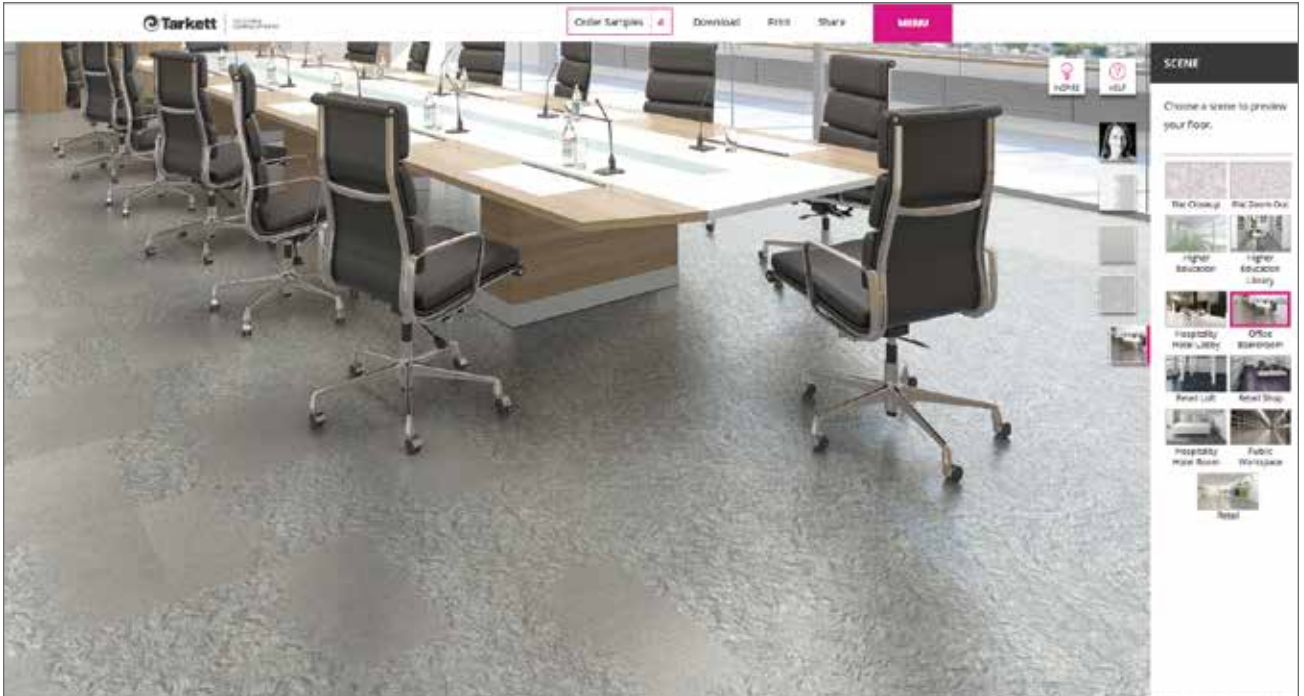

Explore the nearly infinite installation methods available.

Color the tile to your liking by choosing the color layers - Layer A.

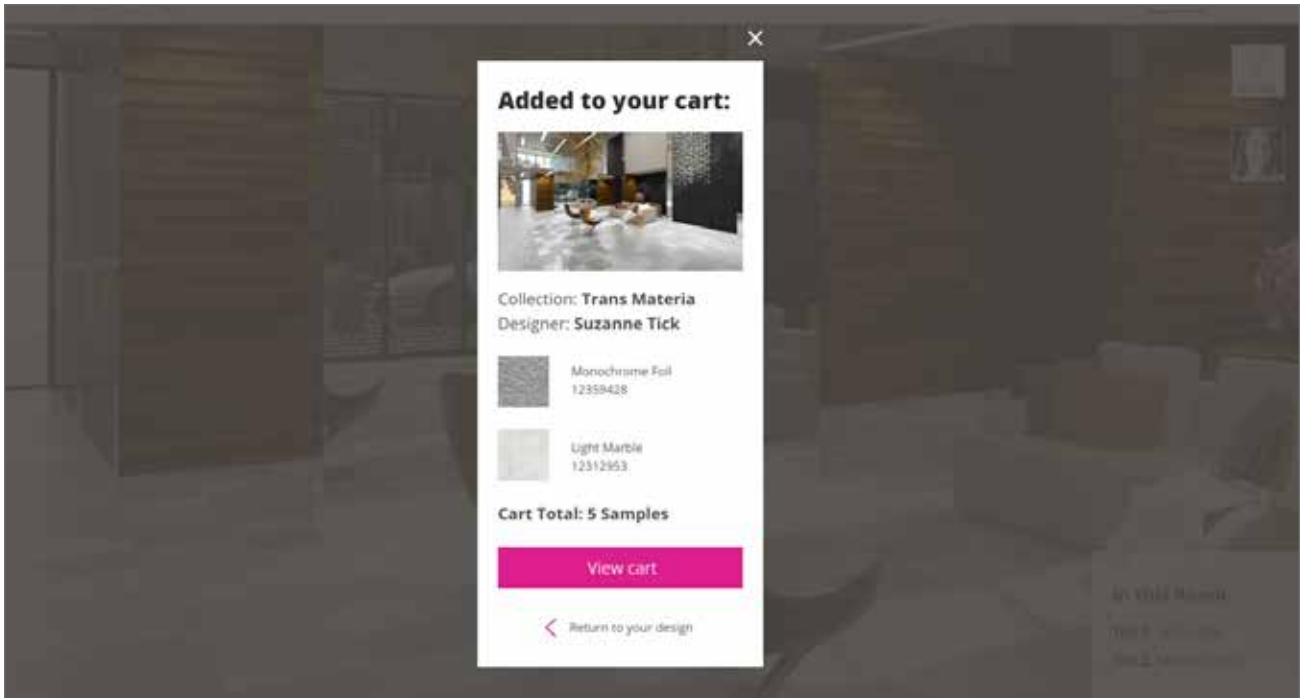

Color options for Layer B.

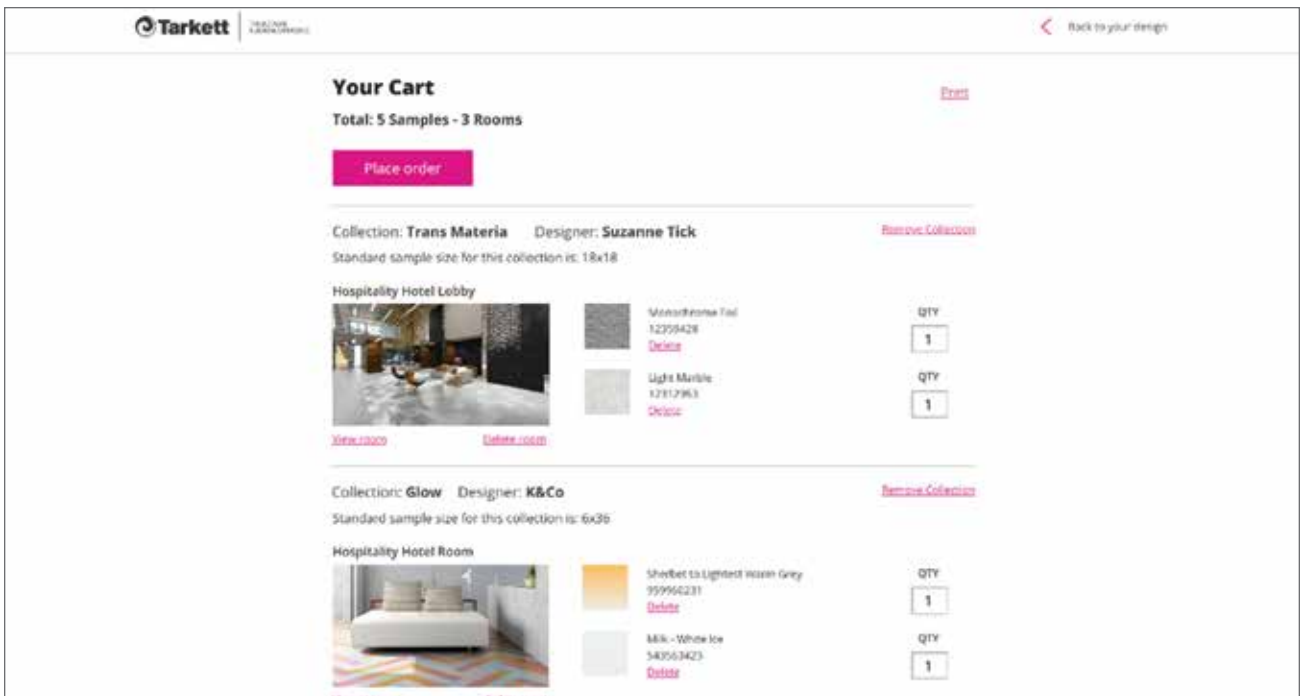

Visualize your Co-Created style in any room.

View in multiple room scene options.

Add styles to your shopping cart for easy sample ordering.

Sign in and complete your order.

# PRODUCT COORDINATES

## METALEDGETM COLLECTION

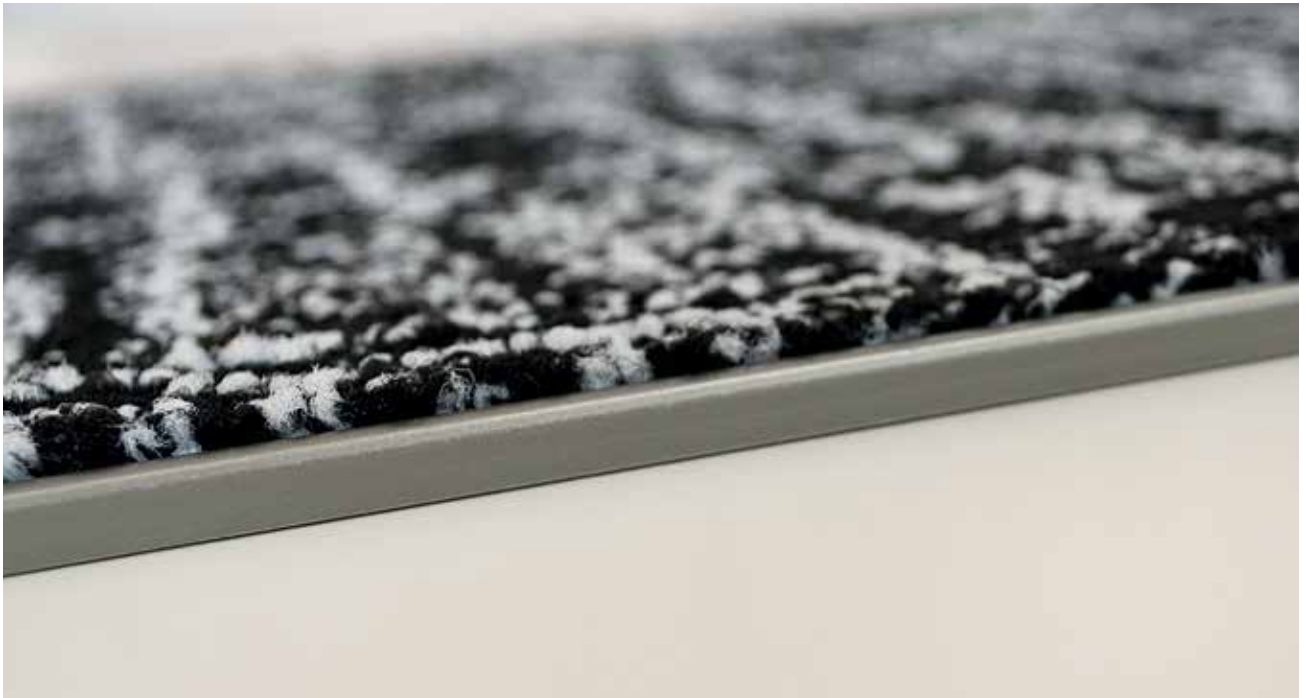

MetalEdge provides a transition solution and finish detail for any commercial space. It is offered in three aesthetically pleasing and tastefully refined systems, each engineered and colored to work with a vast array of Tandus Centiva soft and hard surface product platforms. Please contact your Tandus Centiva account executive for details.

**METALEDGE™ TRIM**

Introducing a protective edging solution for modular carpets, MetalEdge™ Trim. Designed to use when installing modular carpet tiles over existing concrete or wood floors, MetalEdge Trim provides a way for designers and architects to specify modular carpet without having to install it wall-to-wall

\* These MetalEdge™ Transition and Trim colors are metallic and may not be accurately represented.  
Please contact your Tandus Centiva account executive for details or to order samples, 800.248.2878.

## RESTART®

---

Tandus Centiva's ReStart® Program works to recover samples and product portfolios from the marketplace after they have served their purpose. We accept competitive vinyl sample materials in addition to our own. By reusing or closed-loop recycling the sample materials, we're able to extend the life of the materials and keep them out of landfills and incinerators.

The recovery process is easy. Just contact Tandus Centiva and leave the rest to us.

### HERE IS HOW IT WORKS:

#### Physical Samples

- Save the packaging from the physical samples
- Use the included prepaid label to return your samples
- Contact customer service at 800.248.2878 if you need a new label
- Call your carrier for pick up

#### Product Portfolios

- Call customer service at 800.248.2878
- We will send you a prepaid label or packaging
- Pack materials with prepaid label
- Call your carrier for pick up
- Portfolios will be returned to the closest Tandus Centiva regional office for reuse

*It's that easy!*

**Together we can make a significant environmental impact by keeping these materials out of the waste stream.**

**Thank you in advance for your assistance.**

## VICTORY® SERIES

### SPECIFICATIONS

<b>Classification:</b>	ASTM F1700 Class I Type B
<b>Total Thickness:</b>	0.120" (3.0 mm)
<b>Wear Layer Thickness:</b>	Homogeneous Solid Vinyl Tile
<b>Edge Treatment:</b>	Square (SE), optional Slight Bevel (SB)
<b>Emboss:</b>	Standard Granite (JS) Slate (SS)
<b>Warranty:</b>	20-Year Limited Commercial Wear Warranty
<b>Colors:</b>	84

### TESTING

<b>Flexibility:</b>	ASTM F137	Passes
<b>Dimensional Stability:</b>	ASTM F2199	Passes
<b>Static Load:</b>	ASTM F970	Passes
<b>Residual Indentation:</b>	ASTM F1914	Excellent
<b>Flammability:</b>	ASTM E648	CRF $\geq$ 0.45 watts/cm <sup>2</sup> NFPA Class 1
<b>Slip Resistance:</b>	ASTM D2047	Passes >0.5 ADA Compliant
<b>Smoke Density:</b>	ASTM E662	Passes <450 D <sup>MC</sup>
<b>Resistance to Light:</b>	ASTM F1515	Excellent
<b>Chemical Resistance:</b>	ASTM F925	Excellent
<b>Resistance to Heat:</b>	ASTM F1514	Excellent

### ENVIRONMENTAL DATA

<b>Materials:</b>	No Heavy Metals; Phthalate-free	
<b>Indoor Air Quality:</b>	Meets CDPH Standard Method v1.1-2010; FloorScore® Certification	
<b>Recyclability:</b>	100% Recyclable through our ReStart® Program	
<b>LEED Scoreboard:</b>	LEED 2009 MRc2 Construction Waste Management MRc5 Regional Materials IEQ 4.1 Low-Emitting Adhesives IEQ 4.3 Low-Emitting Materials Flooring	LEED v4 MRc2 Building Product Disclosure and Optimization– Environmental Product Declarations MRc3 Building Product Disclosure and Optimization– Sourcing of Raw Materials MRc5 Construction and Demolition Waste Management IEQc2 Low-Emitting Materials
<b>Third-party Certification:</b>	NSF/ANSI-332 Gold	
<b>Manufacturing:</b>	Made in the USA ISO 9001 Quality Management System ISO 14001 Environmental Management System OHSAS 18001 Occupational Health and Safety Management System	
<b>Packaged In:</b>	Recycled, corrugated cardboard	For samples, warranties and more information, visit <a href="http://tandus-centiva.com">tandus-centiva.com</a> or call 800.248.2878.

---------------------	--------------------------------	---

Multiple Emboss options are available for many of the products in the Contour Series.

Appropriate surface texture, pattern, and color play a significant role in LVT performance, wear and maintenance requirements. Please consult your account executive to determine appropriate surface texture that will best fit the design and performance goals for your project.
