## Structurally certified, engineered SPF post.

Designed by builders and preferred by engineers as a structurally certified product, RealPost™ has become the new standard in single-family and multifamily applications. Manufactured from premium locally sourced SPF that has been finger-jointed, edge-laminated and pressed, the final product is hollow and warranted against warping, twisting and joint separation.

- Structurally certified for your load bearing single-family and multifamily applications
- 15-year warranty against manufacturing defect
- Low maintenance and great for porch posts, gazebos, pergolas or as decorative posts

## Structural Innovation Perfected.

A hollow, engineered, SPF structural post solution. This sturdy manufactured post product will protect you against warping and seam separation, saving time and money.
