

The 2013 Acura

MDX

**WHEN MAN AND MACHINE CONNECT,
THE EXTRAORDINARY HAPPENS.**

It's almost intangible. That feeling of pushing a button and having the machine react immediately, instinctively – like an extension of you. We get to this feeling by eliminating excess in pursuit of intuitive, human-focused technology. We get to it through engineering that doesn't choose between form and function. The result is a vehicle that delivers performance and efficiency. One that takes luxurious technology and wraps it in sophisticated style. One that elevates not only driver enjoyment, but driver ability. This is the extraordinary. This is the Acura MDX.

Man. Machine. Connect.

THIS IS THE FUTURE OF ACURA.

2013 MDX

The perfection of connection.

It is the textbook collaboration of performance and luxury. The perfect balance of sophistication and style. And a flawless expression of the connection between man and machine. The 2013 MDX is truly designed to perfection. From the awe-inspiring 300 horsepower V6 engine to the confidence-inspiring Super Handling All-Wheel Drive,[™] to the just inspiring safety innovations, the MDX delivers an advanced driving experience like no other SUV. Intuitive, instinctual and incredibly innovative, the MDX reacts to you just as naturally as you react to it.

PERFORMANCE

Designed to deliver.

3.7-litre, 24-valve, VTEC® V6 Engine

The heart of an MDX is a class-leading 3.7-litre, 24-valve, VTEC V6 engine. The heart of an MDX driver can't help but accelerate along with it. Lightweight and fuel-efficient, the compact VTEC V6 is innovative to its core – and it will move you to yours.

Horsepower and Torque

With 300 horsepower at 6300 rpm and 270 lb.-ft. of torque at 4500 rpm, the MDX definitely delivers strength in numbers. With the added benefit of the Drive-by-Wire Throttle System,[™] those numbers provide efficient power delivery and smooth engine response in the instant they're required. When it comes to pulling power, MDX supplies you with more capable numbers – a 5000 lb. towing capacity. And still, the MDX is a low-emission vehicle with a Tier 2 Bin 5 rating.

Paddle Shifters with 6-speed Automatic Transmission

Strong collaboration yields incredible results. A 6-speed automatic transmission with Sequential SportShift[®] mode working with race-inspired paddle shifters intuitively located behind a leather-wrapped steering wheel literally has the driver and MDX working hand-in-hand. Throw Intelligent Shift Control and Grade Logic Control into the mix and the result is precision shifting, optimal engine response and a driving experience that's enhanced by the instincts of both man and machine.

Vehicle shown with accessories.

SH-AWD®

The real confidence boost a driver gets from an MDX comes with the first perfectly carved corner in less-than-perfect conditions. The revolutionary Super Handling All-Wheel Drive™ (SH-AWD) system responds intuitively to road conditions and alternates, or splits torque accordingly. The effect is significantly improved traction, stability, control and a car whose instincts allow you to feel confident with yours.

Active Damper System

Track-tested and tuned at Nürburgring, one of the world's most demanding racing circuits, the available Active Damper System senses driving conditions and changes the suspension-damper fluid viscosity in a fraction of a second – increasing damping firmness in each wheel, decreasing body roll and vehicle pitch. This perfect complement to the vehicle's fully independent suspension gives you a truer feel for the road, so you can truly react to it.

19-inch Wheels

Even when it's standing still the MDX performs. The available 19-inch aluminum-alloy wheels not only reinforce the MDX's grip on the road, they also showcase its grasp of stylish design.

HANDLING

Confidence through control.

U.S. model shown.

Straight-line Cruising

SH-AWD's sophisticated electronic controls automatically monitor road conditions and alternate torque from front to rear, as well as splitting rear-wheel torque from left to right. This results in a continuously smooth, stable ride, even in some of the worst road or weather conditions.

Straight-line Acceleration

The groundbreaking SH-AWD system offers dramatically enhanced traction, control and acceleration in all weather or loose road conditions. Accelerate, and the system directs up to 70% of the engine's torque to the rear wheels to, in turn, deliver full power to the ground.

Controlled Cornering

SH-AWD delivers a remarkably neutral steering feel as the rear wheels help generate cornering power. Electronic sensors monitor the speed and tightness of the turn and automatically vary torque to the outside cornering rear wheel, resulting in enhanced stability and driver control.

Acceleration Through a Corner

Here, the advanced SH-AWD technology stands alone. The outside cornering wheel gets up to 100% of the rear-wheel torque and is accelerated to rotate faster than the inside cornering wheel, providing greater turning force and an incredibly stable corner line.

TECHNOLOGY

Cutting-edge connections.

Acura DVD Entertainment System

We all connect differently and the available Acura DVD Entertainment System allows passengers to interact with the MDX in their own way. Featuring a 9-inch LCD colour display, wireless headsets with personal surround sound, integrated remote control and an auxiliary 2nd-row audio/video input jack for plug-and-play video game capabilities.

Available Acura Navigation System with Bilingual Voice Recognition™

Feel genuinely free to enjoy your journey by not having to worry about your destination. Using satellite-linked GPS technology, the MDX can pinpoint your location almost anywhere in North America or access its search directory. The system features real-time directions by voice or by moving-map display and is equipped with bilingual voice recognition software. To get directions, simply ask for the most direct route. Get stuck? Ask the system to offer an alternative route. Get hungry? With the Zagat® Survey ratings, the system can even help you find a restaurant based on your craving. When a car meets your needs like this, there's nowhere you can't go.

Bluetooth®-enabled HandsFreeLink™

For those times you need your connections to extend beyond the road, the MDX has you covered. Program and link your Bluetooth-enabled mobile phone to the HandsFreeLink interface and you can make and receive calls over the audio system. This system can recognize up to 800 verbal commands in English, or French, meaning there's never a reason to be out of touch with your MDX.

Available Acura/ELS Surround® Premium Audio System

It starts with the Acura/ELS Surround Premium Audio System with DVD-Audio and Dolby® Pro Logic™ II. It ends with 410-watts of enriched audio quality pouring through 10 perfectly placed speakers creating a dynamic surround sound experience with driver and MDX truly in concert. Add the available Bluetooth-enabled audio interface, and you can bring your personal playlist with you while leaving the cables at home. Need more music? The standard SiriusXM® Canada Satellite Radio† allows you to subscribe to some of the best content in the world.

†Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca or www.sirius.ca.

Blind Spot Information (BSI) System*

Your MDX senses where your field of vision ends and expands it for you by providing information about vehicles that are in, or about to enter, your blind spot when you're passing, being passed, merging or changing lanes. The available blind spot information system uses radar technology that can detect objects moving as slow as ten kilometres per hour.

*Does not replace the driver's responsibility to exercise due care while driving.

Backup / Multi-view Rearview Cameras**

The MDX has a standard backup camera. The MDX Technology and Elite Packages increase the eyes in the back of your head with a navigation-system screen display, multi-view rearview camera. When you engage reverse, the camera instinctually activates to show you a high-res, colour image of a wide view, normal view, or even top down view of what's directly below your bumper. The system can also display distance guidelines to better establish your sense of space.

**Does not replace the driver's responsibility to exercise due care while reversing.

INTELLIGENT DESIGN

Sophisticated style.

Cargo Space

A 50/50 split flat-folding 3rd-row bench seat and a 60/40 split flat-folding 2nd-row seat gives you 2364 litres of cargo space and a short list of things that can't come along for the ride. With capacity like that and the cooperation of a standard power tailgate, the MDX is the perfect companion to take with you on any road trip from the grocery store to the great outdoors.

Stealth Storage

Everything has its place and, with a variety of hidden-storage solutions in the MDX interior, you can keep everything just where you like it. A centre console with a sliding side storage compartment in the front and a concealed cargo well in the back keep your cabin clutter-free. A large lockable glove compartment for your valuables keeps your mind worry-free.

Luxury Seating for Seven

Ergonomically sculpted, tightly bolstered seating with available perforated premium leather trim not only announces luxury, it screams comfort. A 10-way power-adjustable driver's seat, including 2-way adjustable lumbar support, or the 8-way power-adjustable front passenger seat gives the vehicle a custom fit just for you. Plus, with a remote-linked 2-position memory system for the driver's seat, steering column, side mirrors and climate control, you'll feel united with your MDX every time you take the wheel.

Tri-zone Automatic Climate Control

A sense of personal comfort is all-encompassing in the MDX, and the synchronized tri-zone automatic climate control with air-filtration system ensures that. Keep the zones for the driver, front passenger and 2nd-row passengers all at their own desired temperature. Standard heated front seats and heated 2nd-row outboard seats also deliver an additional level of seasonal comfort and luxury.

SAFETY

Safety Through Innovation.

At Acura, Safety Through Innovation is based on the idea that an advanced driving experience starts with advanced safety features. This guiding principle is reinforced through the extensive number of standard safety features and use of innovative technologies you'll find in all Acura vehicles.

Anti-lock Brakes

The Anti-lock Braking System (ABS) helps you maintain steering control when braking hard on wet, slippery or loose surfaces, while Electronic Brake-force Distribution (EBD) and Brake Assist balances braking forces at each wheel to help compensate for cargo and passenger weight distribution inside the cabin. Plus, Brake Assist senses a panic stop and applies maximum braking power to help you stop quickly.

VSA®

The advanced co-operative Vehicle Stability Assist (VSA) system with Traction Control will automatically detect and correct understeer or oversteer situations, sometimes before you're even aware there's a problem. The system intuitively analyzes the conditions and then reduces throttle and/or applies braking to individual wheels. Should a loss of traction occur on a slippery surface, Traction Control will help compensate to get you safely underway.

Adaptive Cruise Control

The available Adaptive Cruise Control (ACC) system allows you to set a time and distance interval between you and the car in front of you. Simply engage the ACC and select a short, medium or long interval between you and the vehicle ahead during highway cruising. The system will then maintain that exact throttle speed and, if required, automatically apply moderate braking, to ensure your desired distance is maintained.

Collision Mitigation Braking System™ (CMBS®)

Innovation that allows the MDX to react the way you would, even when you don't. The available Collision Mitigation Braking System (CMBS) uses a radar transmitter located behind the vehicle's front grille to determine the distance and closing speed of the car directly in front of you and to react accordingly.

1. Recognition of Possible Collision

If the closing speed exceeds a programmed threshold, the system warns the driver with audio and visual alerts.

2. Seat Belts Tighten and Light Braking Begins

If no braking or speed reduction is detected, the system will gently pull the driver's seat belt and automatically begin light braking.

3. Strong Braking

If all warnings have been ignored and the system determines an impact is unavoidable, strong braking is automatically applied to reduce the collision speed and mitigate the force of the collision.

ACE™ Body Structure

The Advanced Compatibility Engineering™ (ACE) body structure utilizes a high-tensile, high-efficiency steel body structure to provide enhanced protection from a multi-directional collision. ACE reduces the force of a frontal impact by absorbing energy over a large area and dispersing it away from you and other occupants of the cabin. ACE is also designed to help reduce occupant injuries caused by misalignment in collisions between vehicles of different sizes.

Airbags

Maximum safety is achieved with multiple airbags designed to protect all occupants inside the cabin. Depending on the point and force of impact, the MDX will deploy dual-stage, dual-threshold front airbags (SRS) that activate at one of two rates depending on the severity of the impact; front side airbags with the innovative passenger-side Occupant Position Detection System (OPDS) that will not release if the system detects a child or small-sized passenger; and side curtain airbags with a state-of-the-art rollover sensor.

Tire Pressure

Correct tire pressure gives you the most idyllic connection to the road – literally. The Tire Pressure Monitoring System (TPMS) continually monitors the air pressure in your tires. If pressure drops in any one tire, a warning appears on your instrument panel, indicating which tire requires attention.

HID Headlights

Producing an intensely brilliant beam of focused light, High-Intensity Discharge (HID) headlights enhance your ability to identify what's ahead. And their striking appearance will turn heads while yours stays straight ahead, taking in a brightly lit road.

LED Taillamps

The last view others driver have of your MDX should be as inspiring as the first. Light-emitting Diode (LED) taillamps offer a brighter, safer way to let other drivers know you're braking, turning or passing. LED lights are extremely bright, long-lasting and are easier to see at a distance, regardless of the outdoor or ambient lighting conditions.

MDX

Specifications

ENGINE	
Engine	3.7-litre, 24-valve, SOHC, VTEC® V6
Horsepower	300 hp @ 6300 rpm
Torque	270 lb.-ft. @ 4500 rpm
Displacement	3664 cc
Redline	6700 rpm
Bore and stroke	90 x 96 mm
Emissions	Tier 2 Bin 5
Compression ratio	11.2:1
Multi-Point Programmed Fuel Injection system (PGM-FI®)	
Recommended fuel	Premium unleaded
Horsepower & Torque (SAE net Rev. 08/04, SAE J1349)	

DRIVETRAIN

6-speed automatic transmission with paddle shifters

Drive-by-Wire Throttle System™

Heavy-duty automatic-transmission cooler

Super Handling All-Wheel Drive™ (SH-AWD®)

Towing capacity: 2268 kg (5000 lb.)

CAPACITIES

Maximum cargo volume, 2nd- and 3rd-row seats folded down	2364 litres
Maximum cargo volume, 3rd-row seats folded down	1215 litres
Maximum cargo volume, behind 3rd row	425 litres
Fuel tank capacity	79.5 litres
Passenger volume	4015 litres
Windshield washer fluid tank	5.8 litres

SAFETY

Anti-lock Braking System (ABS) with Electronic Brake-force Distribution (EBD) and Brake Assist

Active front seat head restraints

Advanced Compatibility Engineering™ (ACE™) body structure

Battery management system (BMS)

Childproof rear door locks

Co-operative Vehicle Stability Assist (VSA®) with Traction Control

Dual-stage, dual-threshold front airbags (SRS)

Front side airbags with passenger-side Occupant Position Detection System (OPDS)

Immobilizer Theft-Deterrent System

Lower Anchors and Tethers for Children (LATCH) child-seat mounting system positions in 2nd row (3)

Child-seat tethers in 2nd row (3), 3rd row (2)

Three-row side curtain airbags with rollover sensor

Tire Pressure Monitoring System (TPMS) with location and pressure indicators

Trailer Stability Assist™

EXTERIOR

Body-coloured heated folding power-adjusting side mirrors with reverse gear tilt-down and integrated turn indicators

Chrome door handles

Dual-outlet exhaust

Fog lights

Front and rear splash guards

Halogen high-beam headlamps

Headlamp washers

High-Intensity Discharge (HID) low-beam headlamps

Intermittent rear window wiper/washer

Light-emitting diode (LED) taillamps

Power moonroof with tilt feature and auto-open/close

Rear roofline spoiler with integrated brakelight

Rear window defroster

Tinted glass

CHASSIS

18" aluminum-alloy wheels

MacPherson strut front independent suspension

Multi-link independent rear suspension with trailing arm

Power-assisted, ventilated front disc/drum-in-disc rear brakes

Pre-wired for trailer connection (4-/7-pin) and trailer brake

Tires: P255/55 R18 all-season

Variable power-assisted rack-and-pinion steering

EXTERIOR DIMENSIONS

Curb weight (MDX/Technology/Elite)	2069/2076/2109 kg
Ground clearance	207 mm
Height	1733 mm
Length	4867 mm
Track – front/rear	1720/1715 mm
Turning diameter	5.72 m
Wheelbase	2750 mm
Width – mirrors/no mirrors	2238/1994 mm

SEATING & TRIM

50/50 split flat-folding 3rd-row bench seat

60/40 split flat-folding 2nd-row seat

Driver's seat with 10-way power adjustment including 2-way power lumbar support and 2-position memory

Front passenger's seat with 8-way power adjustment

Heated seats in 1st- and 2nd-row outboard positions

Leather-trimmed interior

Leather-wrapped steering wheel and shift knob

COMFORT & CONVENIENCE

12-volt power outlet†

Ambient cabin lighting

Automatic day/night rearview mirror

Backup camera** with display in rearview mirror

Cargo area tie-down anchors (4)

Courtesy lights

Date, time, compass information in sub-display

Driver's and front passenger's illuminated vanity mirrors

Exterior temperature indicator

HandsFreeLink™-bilingual Bluetooth® wireless mobile phone interface

HomeLink® remote system

Maintenance Minder™ system

Multi-Information Display (MID)

Power tailgate

Power tilt and telescoping steering column

Power windows with driver's and front passenger's auto-up/down

Rear storage well

Remote entry system

Remote-linked 2-position memory system for driver's seat, steering column, side mirrors, climate control and select audio functions

Steering wheel-mounted cruise control

Tri-zone front and rear synchronized automatic climate control with humidity control and air-filtration system

ENTERTAINMENT

253-watt audio system with 6-disc in-dash CD changer, AM/FM/SiriusXM® Canada Satellite Radio† tuner, MP3/Windows Media® Audio compatibility and 8 speakers including subwoofer

Auxiliary input jack

Integrated glass antenna

Speed-sensitive Volume Control (SVC)

SiriusXM® Canada Satellite Radio†

INTERIOR DIMENSIONS

Headroom – 1st/2nd/3rd row	995/980/908 mm
Hip room – 1st/2nd/3rd row	1498/1502/1089 mm
Legroom – 1st/2nd/3rd row	1048/983/729 mm
Shoulder room – 1st/2nd/3rd row	1565/1561/1450 mm

FUEL ECONOMY

City	13.2 litres/100 km*
Highway	9.6 litres/100 km*
Combined	11.6 litres/100 km*

PACKAGES

TECHNOLOGY PACKAGE

(Adds to or replaces MDX features)

60 GB hard disk drive (HDD) Acura Navigation System with bilingual Voice Recognition™ and multi-view rearview camera††

Acura/ELS Surround® 410-watt Premium Audio System with DVD-Audio, AM/FM/SiriusXM® Canada Satellite Radio† tuner, MP3/Windows Media® Audio compatibility, DTS®, Dolby® Pro Logic™ II, Song By Voice™ and 10 speakers including subwoofer

Acura DVD Entertainment System with 9-inch display, integrated remote control, and wireless headsets with personal surround sound

15 GB hard disk drive (HDD) storage

Blind spot information system††

Bluetooth® Audio

Perforated Premium Milano leather-trimmed interior

Rear console 115-volt power outlet

Tri-zone front and rear synchronized automatic climate control with humidity control, air-filtration system and sun position detection system

USB device connector

ELITE PACKAGE

(Adds to Technology Package)

Active Damper System

Adaptive Cruise Control (ACC) with steering wheel-mounted controls

Auto-levelling front headlamps

Body-coloured power folding side mirrors with integrated turn indicators

Collision Mitigation Braking System™ (CMBS®)

Exclusive 19" aluminum-alloy wheel design

Roof rails

Tires: P255/50 R19 all-season

Ventilated front seats, heating and cooling

*Based on 2012 EnerGuide Fuel Consumption Guide ratings published by Natural Resources Canada. Transport Canada approved test methods used. Your actual fuel consumption will vary based on driving habits and other factors – use for comparison only.

**Does not replace the driver's responsibility to exercise due care while reversing.

†Includes a no-charge trial of 3 months, beyond which service fees apply. Available in 10 Canadian provinces and 48 contiguous U.S. states. See terms and conditions at www.xmradio.ca or www.sirius.ca.

††Does not replace the driver's responsibility to exercise due care while driving.

ACURA
Make it yours.

Choose from an array of genuine Acura accessories that give you the practical luxuries and advanced styling that will bring you together with your machine.

MDX PLATINUM PACKAGE – CHROME

19" alloy wheel – super bright chrome
Front and rear lower garnish
Side step bars – chrome

MDX PLATINUM PACKAGE – SILVER

19" alloy wheel – sparkle silver
Front and rear lower garnish
Running boards – Sport (satin finish)

MDX PROTECTION PACKAGE – BLACK, GRAY, BEIGE

All-weather floor mats
Tri-fold cargo tray

MDX TOWING PACKAGE

Trailer hitch and harness
Trailer hitch ball – 1 7/8" or 2"

MDX UTILITY PACKAGE

Running boards – Sport (satin finish)
Roof rack rails, black

REMOTE ENGINE STARTER KIT

Attachment
Base
Key fob

ACURA i-LINC® KIT

Attachment
Base
Harness, 2-port adapter

Accessories listed in the packages may also be added individually to your MDX.

1. Hood edge deflector
2. Side step bars – chrome
3. Rear backup sensors
4. Front lower garnish
5. Running boards – Premium
6. Towing package

ACCESSORIES AVAILABLE

- Ashtray
- Bike attachment – roof mount
- Body side mouldings
- Cargo cover – black, grayge or beige
- Cargo liner
- Cargo mat – black, grayge or beige
- Cargo organizer
- Cigarette lighter
- Cooler bag
- Door edge film
- Door edge guards
- Engine block heater
- Fender flare garnish
- Full nose mask
- Locking wheel nuts
- Moonroof visor
- Rear backup sensors*
- Rear bumper appliqué
- Roof box – medium
- Roof box – short
- Roof rack – crossbars, black or silver
- Ski attachment
- Snowboard attachment

*Does not replace the driver's responsibility to exercise due care while reversing.

- 7. Bike attachment – trailer hitch mount
- 8. Tri-fold cargo tray
- 9. Shift knob, AT, wood (black/grayge/beige)
- 10. Steering-wheel trim, wood (black/grayge/beige)
- 11. Roof rack rails – black or silver
- 12. Cargo net

At Acura, when innovation and performance meet purpose, remarkable things can be achieved. Through our commitment and continued involvement with events and organizations across Canada, we seek to create engaging and inspiring experiences for our customers and our community. Because at Acura we believe exhilaration goes beyond the driver's seat.

HOTELS

Acura has teamed up with W Hotels – a global luxury chain – to provide a fully loaded partnership that offers guests complimentary transportation in an Acura vehicle. The Whatever/ Whenever® service gets guests where they need to go in advanced luxury and style.

Acura is honoured to be the Canadian broadcast sponsor of golf's most historic and time-honoured tournament. The Masters is golf's first major open of the season and is famous for its ceremonial "Green Jacket" winner's presentation.

Driving a luxury vehicle should go beyond engineering and amenities. That's why Acura is committed to ensuring your ownership experience is equally luxurious. New Acura owners benefit from four-year 24-hour Roadside Assistance, which includes Dispatch Emergency Roadside Service, Emergency Lockout Service and Traffic Accident Services. See your Acura Retailer for details.

Warranty

Your new Acura vehicle comes with the following warranties: Major Component – 5-year/100,000-km limited warranty • Vehicle – 4-year/80,000-km Distributor's limited warranty • Rust Perforation – 5-year unlimited-distance warranty • Surface Corrosion – 4-year/80,000-km • Accessories – 4-year/80,000-km limited warranty (when installed by an authorized Acura Retailer at time of new vehicle delivery). Regular maintenance items and parts are subject to normal wear and replacement, and are not covered by warranty. Certain other items are excluded and certain conditions apply. See your Acura Retailer for details.

Acura Plus

Extend your worry-free ownership experience by purchasing additional coverage. Choose from Acura's flexible selection of Mechanical Coverage that extends up to 8 years or 200,000 km, whichever comes first. See your Acura Retailer for details.

Leasing And Financing

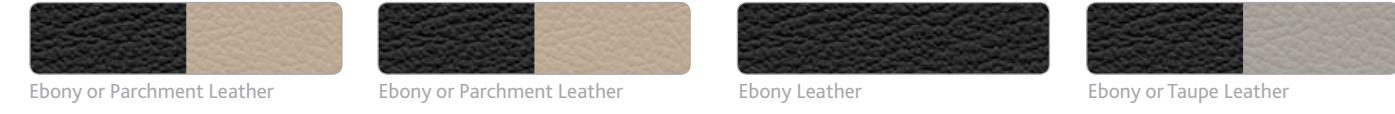

*Owning your Acura is easy. See your Acura Retailer for complete details on Conventional Financing.**
