ALPINE

Overseas model shown

history

Founded in France in 1955, Alpine's legendary status really commences with the victories of the A110 berlinette at the Monte-Carlo Rally in 1971. Alpine renewed this feat in 1973, also winning the World Rally Championship in that same year.

Alpine's success continued both in France and abroad, but the highest accolade came in endurance, with a victory in the A442b at the Le Mans 24 Hours in 1978.

The new A110 offers a modern reinterpretation of the timeless principles that made the success of Alpine: agility, lightness and compactness.

Alpine is the promise of driving pleasure, for everyone, every day.

FUNDAMENTALS

Alpine is faithful to its fundamentals.
Agility. Lightness. Compactness.

Alpine is the pleasure of driving.
On any roads. At any speed. In all occasions.

Alpine

A scenic winter landscape featuring a dark asphalt road that curves through a snow-covered mountain. Tall, dark evergreen trees are scattered across the snowy slopes. The overall atmosphere is serene and cold, with a soft, diffused light.

A110 PURE

The Alpine A110 Pure is faithful to the spirit of the legendary berlinette that won the Monte-Carlo Rally in 1971 and the first World Rally Championship in 1973. Fitted with leather and Dinamica Sabelt® lightweight bucket seats, the A110 Pure combines agility and driving precision.

Alpine A110 Pure

Overseas model shown

Exterior

Standard equipment

- Aluminium body and chassis
- Flat underbody and rear diffuser
- 4 LED front headlamps
- LED tail lights with dynamic indicators
- 18" Dark grey diamond-turned Sérac alloy wheels
- French flags on C-pillars

Main options

- Active sport exhaust system
- High-performance disc brakes (320mm)
- 18" Fuchs forged alloy wheels
- Electric folding door mirrors (Mirrors Package)

Interior

Standard equipment

- Driving mode selector: 3 driving modes (Normal / Sport / Track)
- Lightweight Sabelt® bucket seats in black leather and Dinamica upholstery
- Black leather and matte charcoal interior
- Matt carbon fibre finish
- Multimedia system with 7" touchscreen
- Rear parking sensor

Main options

- Front parking sensors with reversing camera
- Aluminium passenger footrest
- Focal® audio system
- Storage package
- Electrochromic auto-dimming rear view mirror (Mirrors Package)

Alpine A110 Pure

Overseas model shown

Overseas model shown

Sabelt® bucket seat

The one-piece Sabelt® sport seats offer maximum support whilst also contributing to the extreme lightness of the A110 Pure. They ensure comfort during long journeys and in daily use.

“Fuchs” alloy wheel

18-inch “Fuchs” wheels are forged for strength and lightness. As well as reducing the overall weight of the car, the wheels also minimise unsprung weight, which ensures the A110 handles with the precision and agility of a true Alpine.

Alpine Telemetrics

Alpine Telemetrics enables the driver to access real-time technical information such as; power and torque output, turbo boost pressure and engine and tyre temperatures.

Alpine A110 Pure

Overseas model shown

A110 LÉGENDE

The Alpine Légende A110 highlights the character of a GT with its six-way adjustable Comfort seats upholstered in black or brown leather. The high-gloss carbon fibre cabin trim and unique 18-inch diamond-diamond cut "Légende" wheels enhance the refined personality of the A110 Légende for everyday use.

- Brown leather interior
- Premium Focal® audio system
- Storage package

Alpine A110 Légende

Overseas model shown

Comfort seat

Adjustable six-ways and combining excellent lateral support with exceptional comfort, Légende's seats perfectly highlight the car's grand touring character. Upholstered in black or brown leather, they also reflect its sophisticated design.

"Légende" alloy wheel

Two-tone 18-inch wheels, which are unique to Légende recall a classic Alpine wheel design of the Sixties and Seventies.

Focal® audio

Fitted as standard, a four-speaker Focal® stereo incorporates patented flax cone technology, which helps to keep the car's weight to a minimum while also delivering a crisp and rich sound quality. Audiophiles can upgrade further to Focal® Premium.

A110S

With increased engine power and a focused suspension setup, A110S offers an intense sports car driving experience. The chassis is tuned for ultimate handling response and steering precision while the engine is optimised for thrilling power delivery. Unique styling elements such as black wheels and carbon flag emblems, orange brake calipers and Dinamica upholstery mirror the car's purposeful character. Ultimate handling response, high engine power and sophisticated design: A110S is Alpine's most intense sports car.

- Premium Focal® audio system
- Electrochrome auto-dimming rear view mirror (Mirrors Package)
- Storage package

Alpine A110S

Overseas model shown

Interior harmony

In the cockpit, orange stitching and black Dinamica emphasise the strong personality of the Alpine A110S. The leather and Dinamica steering wheels incorporates an orange '12 o'clock' marker and orange stitching. The pedals and footrests are in aluminum; the carbon fiber and orange flags – the same as those on the exterior – bring the final touch to the cabin.

Exclusive 18-inch "GT Race" wheels

Specific 18-inch "GT Race" wheels in a matte black finish and the high-performance orange brake calipers supplied by Brembo® reflect the car's purposeful character.

Exterior design

The lowered ride height and the optional Thunder Grey in matte finish paintwork highlight the sporty character of the Alpine A110S. An optional glossy carbon roof completes the individual style of the Alpine A110S.
