1985 Renault Alpine GTA 2.8 V6 Turbo

10000€

Category: Oldtimers
 Fuel gasoline
 Transmission: Manual
 Mileage read: 85000 km
 1st registration: 1985
 Engine: V6 Turbo - 2849cc - 147kW (200hp)
 VIN: (EU) VFAD50005F0000595
 Number of keys: 1

Because these Alpine was presented at the salon in Geneva 1984 and went into production in the beginning of 1985 the first 6 months of construction were used, and other molds for the assembly line manually built.

This model therefore has a different threshold and curvature of the flanks than all other models which were produced later.

There are slight differences in this series that were not subsequently used as the construction was more mechanically.

Option (s): power windows, leather interior, Azev 17 " wheels, central locking, double DEVIL exhaust outlet 4 with tips

Visible vehicle damage: cracks in right headlight, general use damage. (Under general use damage is any damage that might be expected given the age and mileage.)

You can consult the photo shoot for a detailed overview.

1972 Opel GT 1900 (converted to the GT / J 1100)

5000€

Category: Oldtimers
 Fuel gasoline
 Transmission: Manual
 Mileage Read : 95375
 1st registration: 11/10/1972
 Engine: 1078 cc (original engine was replaced in 1982)
 Chassis Number: 345634171
 Number of keys: 5

The Opel GT / J. In 1970 was taken from the 1100 production, as occurred in the city in 1971, the GT / J. This version was simpler than the GT version. Instead of an oil pressure and ammeter had the GT / J indicator lights, he had no relief in the engine compartment and the main difference is that all the chromium has been replaced by matt-black rubbers and rally stripes were applied on the side of the car. The GT / J came in four non-metallic colors: orange, blue, bright yellow, yellow ocher. Much of the production units are built for the American market.

Visible vehicle damage: general use damage.
 (Under general use damage is any damage that might be expected given the age and mileage.)

You can consult the photo shoot for a detailed overview.

1989 BMW Z1

22500€

Category: Oldtimers
 Fuel gasoline
 Transmission: Manual
 Counter reading: 114943
 1st registration: 10/08/1989
 Engine: 2476 cc - 123 kW
 VIN: WBABA91060AL01114
 Number of keys: 2

Very good condition.

The BMW Z1 is a convertible of the Bavarian carmaker BMW. The Z1 was designed in 1986 by Harm Lagaay. The car, which was presented in 1987, between 1989 and 1991 produced just 8,000 copies. More than three quarters of these cars were sold on the domestic market, Germany. The most striking of these cars were the doors that could sink into the body. That body consisted entirely of thermoplastic molded by General Electric in body panels. The car was also the first car in the world who could get 1g cornering with standard tires, partly through the hood in reverse wing profile and the transverse outlet also had an inverted airfoil.

Visible vehicle damage: general use damage, crack in Thermoplastic left front wing.

(Under general use damage is any damage that might be expected given the age and mileage.)

You can consult the photo shoot for a detailed overview.

1987 Porsche 911 Carrera Cabriolet 964 3.2 G50

30000€

Category: Oldtimers
 Fuel gasoline
 Transmission: Manual
 Mileage read: 7303 Miles
 1st registration: 21/04/1989
 Engine: 3164 cc
 VIN: WPOZZZ91ZHS171327
 Number of keys: 1

Very good condition, very low mileage.

Porsche 911 Cabriolet, 3.2 in conjunction with Getrag G50 gearbox, the perfect classic Porsche? With the 3.2 underwent the 911 one of its biggest changes. Not only was the car from 1987 through the placement of a G50 gearbox more suitable for everyday transport, was also a long-term relationship guaranteed by the fully galvanized body. The power convertible top, blue in the same color as the leather interior, stands out in contrast to the white body and excels in ease of use.

Visible vehicle damage: general use damage.
 (Under general use damage is any damage that might be expected given the age and mileage.)

2014 F06 BMW M6 Gran Coupé

20000€

Category: Exclusive cars
 Fuel gasoline
 Transmission: 7-speed M-DCT automatic transmission
 Mileage read: 43715
 1st registration: 25/04/2014
 Engine: 4.4 liter V8 Twin Turbo - 560 hp
 VIN: WBS6C910X0D385900
 Number of keys: 2

Impressive in every detail, overwhelming as total work: the BMW M6 Gran Coupe is much more than a perfectly coordinated combination of high-performance technologies. Rather, it represents the experience and craftsmanship of the engineers of BMW M. With an equally lively as imperturbable character, you have to experience yourself. Preferably one of the five perfectly contoured seats - optionally surrounded by the finest materials from the BMW Individual Collection. The deep growl from the characteristic dual tailpipes reveals the enormous power of the 560 hp M TwinPower Turbo V8 petrol engine. Thanks to the symbiosis of technologies such as the M double-clutch transmission with Drivelogic and the optional M carbon-ceramic brakes, the BMW M6 Gran Coupé is a compelling introduction to the M philosophy. And even this experience can be experienced even more intensely: the extra available Competition Pack increases the performance and the heartbeat of the pilot in the cockpit of the character shaped body.

2013 Porsche Cayenne S V8 Diesel

15000€

Category: Exclusive cars
 Fuel: Diesel
 Transmission: 8-speed S-tronic automatic transmission
 Mileage read: 56251
 1st registration: 17/12/2013
 Engine capacity: 4134 cc V8 Turbo Diesel - 281 kW (382 hp)
 VIN: WP1ZZZ9ZZELA68259
 Number of keys: 1

That V8 in the Cayenne S Diesel fine power. With 382 hp is trumped all competition, even the BMW X6 M50d has only one less horsepower. And no, that's no coincidence. But what is more important is the enormous torque of this unit. As many as 850 Nm is able to cough up the Cayenne S Diesel. How much that is your brand if you go once subtly on the gas to overtake: kick you pedal full of switches the eight-speed S-Tronic some move back, but go to work a little more subtle with the right foot then this often not even necessary and accelerates just very pleasant and rap without the gearbox have to feel a couple of times. Very comfortable, otherwise you can not really describe it. Yet there is also a sporty edge to the SUV. From zero to hundred sprint is for example possible in 5.7 seconds and top speed is 252 kilometers per hour.

The Cayenne S Diesel played a true feat ready at the Paris Charles de Gaulle. As the car drew an Airbus A380 of Air France forth and so won a place in the Guinness Book of World Records.
