Audi miniatures

quattro

All good things come courtesy of the four rings.

The fascination of Audi has many facets. And every Audi fan their own preferences.

To reconcile these two different perspectives, we have divided up the Audi collection into four sections:
rings, quattro, Audi Sport and heritage.

So that every customer can find just what they feel most comfortable with personally in the world of Audi.

Audi collection

The four rings of Audi are synonymous with quality, high-grade materials, precise workmanship and progressive design. That applies to the Audi models just as it does to the items in the Audi collection.

A passion for the original.

Audi drivers have high expectations. Even the details must have that wow factor.

Just like with the Audi miniatures, which reflect the extraordinary fascination of the originals on a small scale. That way your customers can bring to life and relish the spirit of the four rings in the comfort of their own home too.

Audi collection *miniatures*

The Audi miniatures are manufactured with the same precision and passion as their full-size counterparts. At the end of the day, even Audi's smallest products only receive the four rings when the quality is compelling right across the board.

The background of the entire page is a high-speed action shot of a white Audi racing car, possibly a DTM car, splashing through deep blue water. The car is tilted, with its front end lower than the back, and is surrounded by a large amount of white water spray. The lighting is bright, creating a sense of motion and intensity. The Audi Sport logo is overlaid on the left side of the image.

 **Audi Sport**

Audi's great motor racing triumphs are unforgettable. With new victories adding to the trophy cabinet all the time. Bring the aura of real winners into your own home. In the form of fascinating Audi miniatures from the DTM, LMS and Audi Sport TT cup.
