The Most Fuel-Efficient

Midsized Sedan in America.

FUSION HYBRID

GETS UP TO
41
MPG CITY¹

Fusion Hybrid in Light Ice Blue Metallic

The New 2011 Fusion+Hybrid

It's no wonder *Motor Trend* magazine² praised "the Fusion's combination of performance, comfort, fuel efficiency, and technology." Fusion continues to deliver on all fronts for 2011. Choose from the ultra-efficient 41-city-mpg **Fusion Hybrid**, the exhilarating 263-hp **Sport**, and the well-appointed, fun-to-drive **S**, **SE** and **SEL** models. Available **Ford SYNC**[®] – our award-winning, voice-activated, **in-vehicle connectivity system** – keeps you in touch, informed and entertained. The available **new Luxury Package** features 17-in. polished aluminum wheels and 2 leather-trimmed interior choices to expand your style possibilities. There's never been a better time to drive a Fusion.

¹EPA-estimated 41 city/36 hwy/39 combined mpg for Fusion Hybrid. Actual mileage will vary. Midsized class per R. L. Polk & Co. ²November 2009 issue.

Fusion SE in Red Candy Metallic Tinted Clearcoat with Appearance Package and other available equipment

GETS UP TO **33** MPG HWY¹

I-4, V6 and AWD Options

Give You All the Right Moves.

Pair the standard **2.5L I-4** engine with the **6-speed manual** for a spirited drive. Get up to **33 mpg hwy¹** with the I-4 and a smooth-shifting **6-speed automatic** transmission. Or go for the available 240-hp **3.0L V6 Flex Fuel** engine to keep your refueling options open – it runs on E85, gasoline or any blend of the two. The V6 is mated to a 6-speed **SelectShift Automatic™** that chooses the optimal gear for any situation, while giving you the power to shift for yourself whenever you want. It's the best of both worlds.

Every Fusion starts with an **independent double-wishbone** suspension up front and a **multilink twist-blade** setup in back. **AdvanceTrac® electronic stability control** is also standard. Combine it with available **intelligent all-wheel drive** and Fusion keeps moving – through the nastiest of challenges – even if only one wheel has traction.

¹EPA-estimated 23 city/33 hwy/26 combined mpg for 2.5L I-4 automatic with FWD.

Fusion Sport in Blue Flame Metallic with available equipment

SPORT

Fusion Sport

Grabs Attention. Holds the Road.

263 horsepower plus **249 lb.-ft. of torque** adds up to a whole lotta grins. Fusion Sport backs its bold attitude with an intense **3.5L V6** engine and our smart 6-speed **SelectShift Automatic™** transmission. With SelectShift, you can fly through the gears yourself, or leave the fun to Fusion. The taut ride, sharp cornering and road-grabbing skills are courtesy of its modified **performance-tuned suspension**. All-season tires and **18-in. 5-spoke wheels** transfer power to the pavement.

And the **athlete's stance**? No training required. Every Fusion Sport hits the street with aggressive front-end styling, sweet rocker moldings, gleaming chrome accents, dual chrome exhaust tips, and a muscular **decklid spoiler**. Inside: dynamic leather-trimmed seats with **new 10-way power for the driver**. Colorful accents or sleek monotone with contrast stitching. It's your call.

Fusion SEL in Charcoal Black leather trim with available equipment

The Competition Can't Beat **Fusion Quality.**

It's a fact. Ford Fusion can't be beaten by Camry, Accord or Altima when it comes to quality.¹ On style: it's clearly beyond compare. As evidenced by its precisely honed interior, Fusion is always ready to impress. Set yours aglow with available **ambient lighting** and choose from 7 hues that change whenever you like. Another entertaining technology: **HD Radio™** is optional for 2011. Paired with the available Navigation System, it's the digital evolution of AM and FM radio, offering new features like crystal-clear sound, new local FM channels, on-screen information and much more.

¹Based on RDA Group's QORS cumulative survey at 3 months of service in 3 surveys of 2009 MY Ford and competitive owners conducted 9/08-5/09.

Fusion Sport in Charcoal Black leather trim with Sport Blue inserts and available equipment

Brighten Your Perspective with
Cutting-Edge Technologies.

SYNC. Say the word. Voice-activated **Ford SYNC®** is an award-winning, available system that works with your paired Bluetooth®-enabled mobile phone and your digital media player. It provides hands-free calling, plays music, delivers Vehicle Health Reports and 911 Assist.™ With the touch of a button and voice commands. SYNC with **Traffic, Directions and Information** services provides turn-by-turn directions, personalized traffic alerts and more.¹ **SyncMyRide.com** has the latest details.

The available **Navigation System** (shown) features a vibrant 8-in. LCD touch screen and colorful maps that you can zoom and scroll. This system plays DVDs while Fusion is in Park and provides nearly 10 gigs of photo and music storage space. It also includes an introductory 6-month subscription to **Sirius Traffic™** and **Sirius Travel Link™**,² which provides fuel prices, weather reports, movie listings, sports scores and more. All this, in addition to over 130 channels of Sirius® Satellite Radio.

¹Driving while distracted can result in loss of vehicle control. Only use mobile phones and other devices, even with voice commands, when it is safe to do so. Traffic alerts and turn-by-turn directions available in select markets. Standard text messaging and data rates apply. ²Some features unavailable while driving. Subscription required after introductory 6 months expire.

2011 FUSION+HYBRID

ford.com

Drive one.

Over 700 City Miles

on a Single Tank in Fusion Hybrid.¹

These days, efficiency is the name of the game. And Fusion Hybrid is the star player – operating at speeds of **up to 47 mph in pure electric mode**. It also utilizes a **2.5L I-4 Atkinson-cycle engine** to help deliver as much as **191 net horsepower**. Regenerative braking helps keep the battery pack charged along the way, so you can score up to **41 mpg city**.¹

Another reward for driving efficiently: you can literally see your **efficiency forest** grow. **More leaves = more mpg**. If you stomp on the gas, you'll see your forest fade. This green motivator can be set to inspire in any display mode. With it, Fusion Hybrid has become the **first in its class to grow leaves**.

¹EPA-estimated 41 mpg city. 17.5-gallon tank. Actual mileage will vary.

SmartGauge™ with EcoGuide informs.

A built-in tutorial takes you through the 4 display modes, explaining your customizable options within each. Set your efficiency gauge style, language, units of measurement and more.

2011 FUSION+HYBRID

ford.com

Drive one.

Maneuver Smarter

with Radar Technology.

Warns with sight and sound.

Fusion is the only vehicle in its class¹ to offer the available radar-based **BLIS[®] (Blind Spot Information System)** with **cross-traffic alert**. When BLIS detects a vehicle in your blind spot, a warning light appears in your sideview mirror. When cross-traffic alert detects a vehicle behind you while you're slowly backing up, it sends an audible warning, a message center alert, and a visual display in the corresponding mirror.

¹Class is Midsize Sedans.

Shows exactly what's back there.

For even more visual assistance, a **rear view camera** joins BLIS with cross-traffic alert and new rain-sensing windshield wipers in the available **Driver's Vision Package**. Just shift into reverse, and a full-color image from the camera is displayed on the available Navigation System's 8-in. screen (when equipped) or in your rearview mirror.

Fusion Sport in Ingot Silver Metallic with available equipment

IIHS "Top Safety Pick"

4 years in a row; 2008–2011 model years.
Insurance Institute for Highway Safety (IIHS).

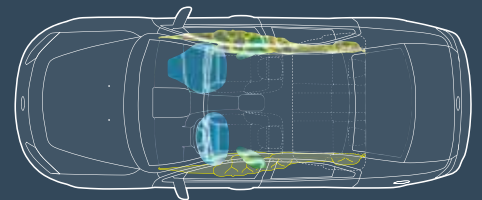

Ford Fusion and Fusion Hybrid each earned 5 Stars¹ – the highest possible score – in frontal crash test ratings for 2010.

Surround Yourself with **Peace of Mind.**

Standard **AdvanceTrac[®] electronic stability control² (ESC)** with brake-actuated traction control helps you stay on track. According to a National Highway Traffic Safety Administration (NHTSA) ruling,³ ESC reduced single-vehicle passenger car crashes by 34% compared to similar models without the technology. Available **intelligent all-wheel drive (AWD)** works in all kinds of weather – providing greater handling finesse even on dry pavement – and helps keep Fusion moving even if only one wheel has traction.

¹Based on 2010 model year ratings. 2011 model year to be tested. Star ratings are part of the U.S. Department of Transportation's Safercar.gov program (www.safercar.gov). ²Remember that even advanced technology cannot overcome the laws of physics. It's always possible to lose control of a vehicle due to inappropriate driver input for the conditions. ³U.S. Dept. of Transportation/Final Rule (www.nhtsa.gov).

Every Fusion gets **6 airbags** standard: **dual-stage front** airbags in the Personal Safety System,[™] **front-seat side** airbags and **2-row side-curtain** airbags.

2011 FUSION+HYBRID

ford.com

Drive one.

New Vehicle Limited Warranty. We want your Ford Fusion or Fusion Hybrid ownership experience to be the best it can be. So under this warranty, your new vehicle comes with 3-year/36,000-mile bumper-to-bumper coverage, 5-year/60,000-mile Powertrain Warranty coverage, 5-year/50,000-mile safety restraint coverage, and 5-year/unlimited-mile corrosion (perforation) coverage – all with no deductible. Fusion Hybrid is also covered by an 8-year/100,000-mile Hybrid Limited Warranty.³ Please ask your Ford Dealer for a copy of these limited warranties.

³10-year/150,000-mile Hybrid Battery Limited Warranty in California, Connecticut, Maine, Massachusetts, New Jersey, New York, Rhode Island and Vermont. See dealer for details.

Roadside Assistance. Covers your vehicle for 5 years or 60,000 miles, so you have the security of knowing that help may be only a phone call away should you run out of fuel, lock yourself out of the vehicle, or need towing. Your Ford Dealer can provide complete details on all of these advantages.

Ford Credit. Get the ride you want. Whether you plan to lease or finance, you'll find the choices that are right for you at Ford Credit. Ask your Ford Dealer for details or check us out at fordcredit.com.

Ford Extended Service Plan. For a purchase or lease, the Ford Extended Service Plan (ESP) gives you "Peace-of-Mind" protection designed to cover key vehicle components and protect you from the cost of unexpected repairs. Ask your dealer for a Ford ESP, the only service contract backed exclusively by Ford and honored at all Ford Lincoln Mercury dealerships.

Insurance Services. Get Ford Motor Company quality in your auto insurance. Our program offers industry-leading benefits and competitive rates. Call 1-877-367-3847, or visit us at fordvip.com for a no-obligation quote. Insurance offered by American Road Services Company (in CA, American Road Insurance Agency), a licensed agency and subsidiary of Ford Motor Company.

Comparisons based on 2010/2011 competitive models (Midsize Sedans Class), publicly available information and Ford certification data at time of release. Some features discussed may be optional. Vehicles shown may contain optional equipment. Features shown may be offered only in combination with other options or subject to additional ordering requirements or limitations. Fusion Standout Features

- A. The available **power moonroof** with sunshade features convenient one-touch-open/-close and one-touch-vent operation.
- B. Smart new **rain-sensing windshield wipers** can be found in the available Driver's Vision Package on SEL, Sport and Hybrid.
- C. The available 12-speaker 390-watt **Audio System from Sony** includes Dolby® Automotive Entertainment Program (DAEP) 5.1 Surround Sound.
- D. **Heated leather-trimmed front seats** are standard on Fusion SEL and available on Sport and Hybrid.
- E. You can program ignition keys to help encourage buckling up, traveling at appropriate speeds and more with the standard **MyKey® owner controls** feature.
- F. The **110-volt powerpoint**, standard on Fusion Hybrid, is perfect for use with your laptop and other portable electronic devices.
- G. Our industry-first **Easy Fuel® capless fuel filler** reduces evaporative emissions and helps get you back on the road in a snap.
