korando
Stylish Performer

 SSANGYONG

MODERN URBAN APPEAL

The New Korando features trendy new styling inside and out, and performance has been upgraded as well to maximise your satisfaction with this exciting compact SUV.

You'll be proud to be seen in this classy compact utility vehicle, which is fun to drive and looks terrific about town.

PROUDLY NEW ZEALAND OWNED

SsangYong New Zealand and all our SsangYong dealers are 100% NZ owned and operated.

GIUGIARO DESIGN

The latest generation Korando was redesigned by celebrated Italian Automobile Designer Giorgetto Giugiaro. Giugiaro won various prominent design awards and in 1999 was named Designer of the Century. This Korando was developed for dynamic driving on road and off road and has become a true urban SUV.

25 Watt HD Head lamps

Radiator grille

Fog lamps

Puddle lamp

Tail lamp assembly

Rear spoiler

A STYLING MAKE-OVER THAT STRESSES DYNAMISM AND REFINEMENT

The mesh radiator grille has been made slimmer and wider, and is complemented by the mesh air intake grille. The LED daytime running lights / positioning lamps and projection headlamps add elegance while the black finish on the lower part of the bumper completes the assertive, modern look.

The round fog lamps contrast with the forceful front bumper.

Side repeaters have been mounted on the outside mirrors, and a puddle lamp is attached to the bottom of each outside mirror to assist with vehicular entry and egress in the dark.

HIGH-END FEATURES TO ENHANCE EFFICIENCY, COMFORT AND FUN

The trip computer keeps track of travel distance and fuel consumption, and the 2-din audio system (Sport model) supports MP3, CDs, Bluetooth hands-free, the iPod / iPhone connectivity and radio data system (RDS).

The interior appearance has been upgraded, too. The new fabric seat covers are more luxurious, wearing a new pattern and woven with a double stitch. In black the seat covers are both functional and fashionable, and the woodgrain panelling now has a matte finish.

Electronic Eco-cruise control

PERFORMANCE NOW BETTER THAN EVER

The New Korando comes with two engine options, a powerful and efficient 2 litre diesel engine or a 2 litre petrol model. All comply with Europe's Euro-5 emissions standards, and are remarkably quiet in operation, thanks to constant innovation and improvement.

The e-XDi200 diesel produces high torque at the low-end for better fuel efficiency and NVH performance. The cylinder block and heads are made of light, high-strength metal, while a single-belt system minimises slippage and vibration. The e-XGi200 petrol performs at its peak in the low to medium speed range. The crankshaft offset, open deck cylinder block, and low-friction technology enhance eco-friendliness.

The Aisin automatic transmission provides prompt gear shifting and smooth driving.

e-XGi200 Petrol
109.6 kW (197Nm) 1,998cc

e-XDi200 Diesel
129 kW (360Nm) 1,998cc

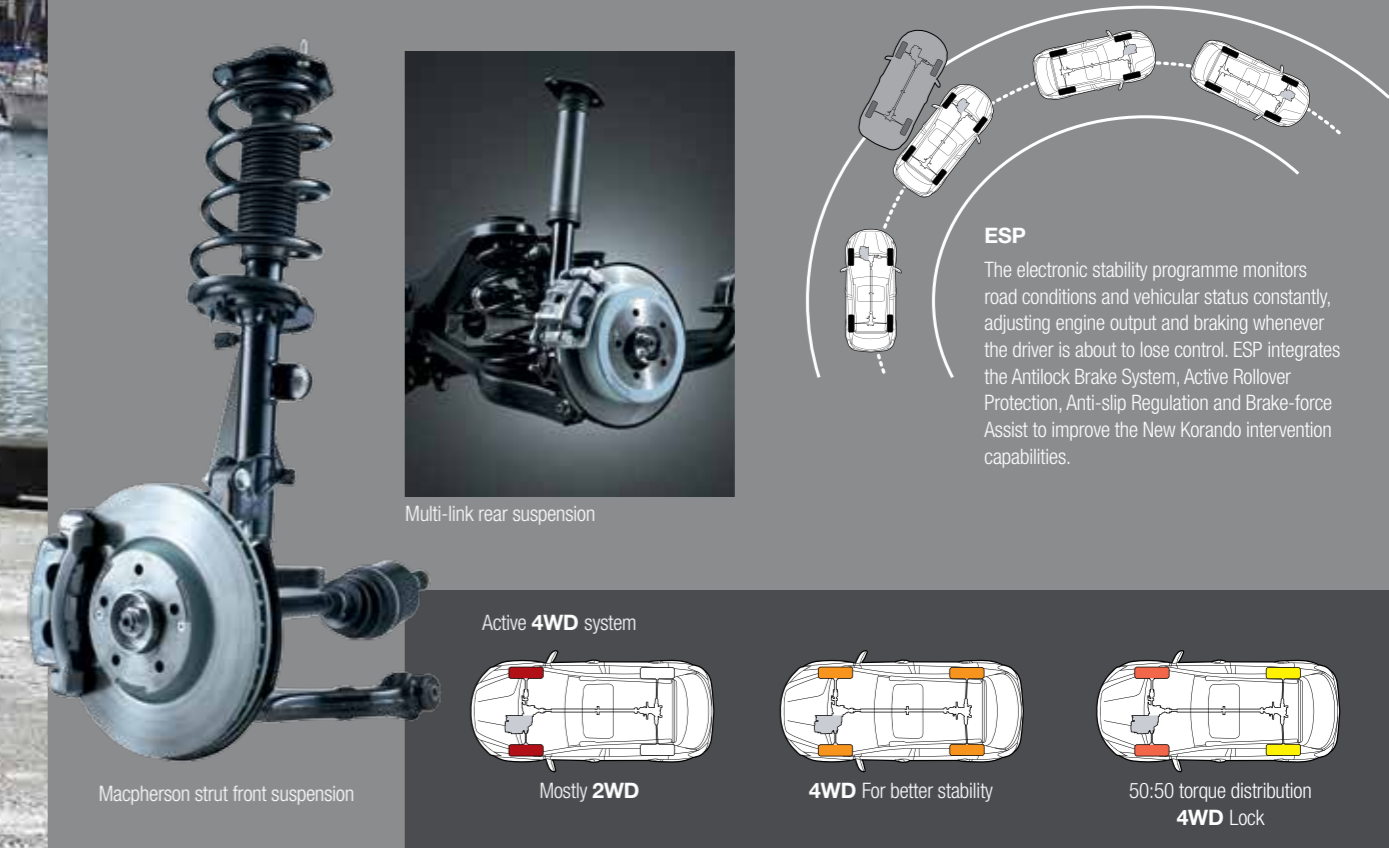

6-speed automatic transmission

Thumbs-up manual switch with 6-speed automatic

THE LATEST ELECTRONICS & HIGH-END MECHANICS

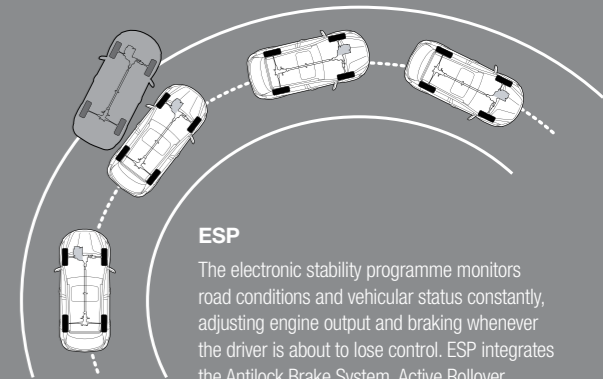

The New Korando is loaded with an array of advanced systems to promote operational safety and economy as well as greater comfort for all occupants. The Electronic Stability Programme (ESP) is the platform on which are added the Hill Start Assist (HAS), and Emergency Stop Signal (ESS) features. Meanwhile, the all-wheel drive system is electronically controlled and includes a 4WD lock mode.

Macpherson strut front suspension

Multi-link rear suspension

ESP

The electronic stability programme monitors road conditions and vehicular status constantly, adjusting engine output and braking whenever the driver is about to lose control. ESP integrates the Antilock Brake System, Active Rollover Protection, Anti-slip Regulation and Brake-force Assist to improve the New Korando intervention capabilities.

50:50 torque distribution
4WD Lock

VERSATILITY, THE NAME OF THE GAME

The New Korando has the flexibility to support everyday transportation needs as well as weekend leisure trips.

The 2nd row seats can be partially or fully folded flat depending on the load to be carried. The cargo bay is the largest for this SUV segment and the optimised interior layout provides the most possible legroom as well as

wide and comfortable seating in the rear.

2nd row folded flat 40% (814 litre capacity)

2nd row folded flat 60% (984 litre capacity)

2nd row folded flat 100% (1,312 litre capacity)

Normal seating (486 litre capacity)

IMPROVED SAFETY

In the Limited and SPR models, a total of six airbags are now deployed, including two front and two side airbags in the 1st row and a pair of curtain airbags that cover both the 1st and 2nd rows. The front airbag on the front passenger's side can be deactivated, and its presence is now completely hidden behind an attractively covered panel. All seats come equipped with head-rests, and ISO-FIX brackets for securing for a child's seat in the 2nd row.
