

ACHIEVING MORE

together

2020 ANNUAL REPORT

FROM THE PRESIDENT

**THANKS TO YOU, WE GAVE BACK
\$4,400,000 TO THE ACADEMY IN 2020!**

Your generosity allowed us to support the Corps of Cadets every step of the way last year - which was more important than ever as the Academy faced unforeseen challenges presented by the pandemic. Despite those challenges and with your support, we were still able to positively impact athletic and academic enrichment, the cadet experience, leadership

development, campus enhancements, and more.

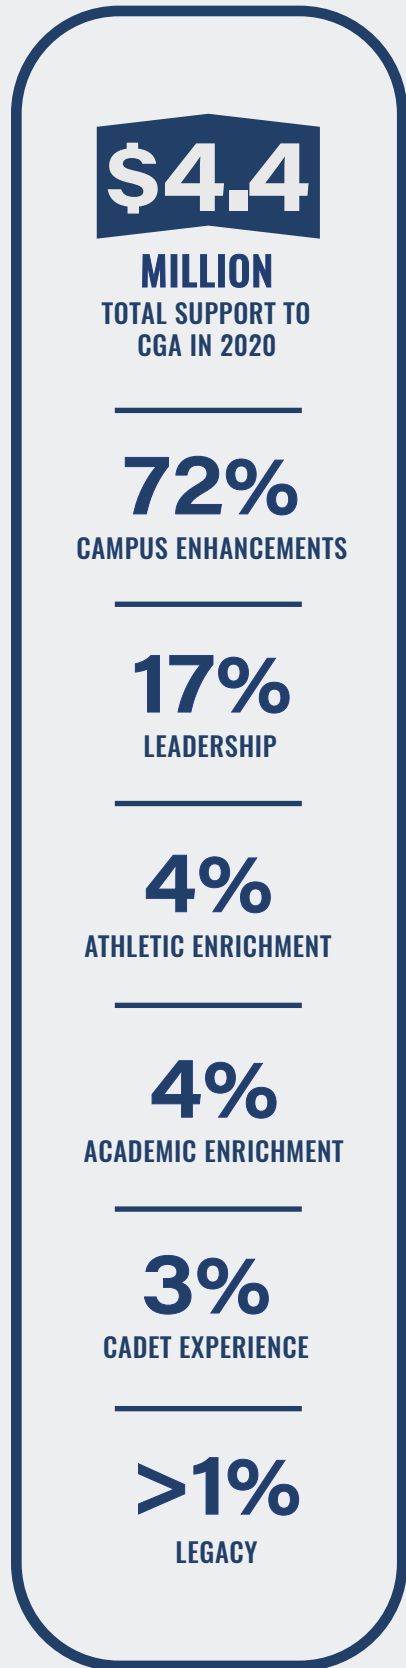

Even though the Academy experience looked very different in 2020, our support never wavered thanks to each of you. We hope you know how much it means to every cadet, the Academy's staff and faculty, and those of us here at your Alumni Association. While the pandemic curtailed many of the activities typically enjoyed by cadets and funded by us, our support pivoted in response as shared in the stories included in this report.

Together we also achieved more for our broader Academy community - enhanced connections between our alumni, parents and friends, increased support for our affiliate organizations, and improved outcomes for our alumni transitioning out of the military. None of these achievements would have been possible without you.

With heartfelt gratitude,

Andrea Marcille, Captain (ret), '89
President

WITH YOU EVERY STEP OF THE WAY

Through your generosity, we provided the Class of 2020 with a special graduation care package that included their ensign covers and shoulderboards, challenge coins, and more.

Engaging with our alumni in meaningful ways remained a top priority for the Alumni Association in 2020 - in fact it became more important than we could have anticipated. COVID-19 restrictions forced us to think outside the box and resulted in new programs and events that will continue into 2021 and beyond. From supporting our cadets and their parents to our alumni in the fleet and beyond, we found ways to support you every step of the way.

From March - May, more than 100 alumni stepped up to provide words of support and advice to the Corps of Cadets during the first few months of the lockdown. This included a number of you sharing video messages that were shared with the Class of 2020 as part of their virtual commencement. Through your generosity, we were also able to

provide the Class of 2020 with their shoulderboards and covers - a small way to show that the Long Blue Line has their back.

Unable to hold many of our in-person events, the team focused on developing a robust virtual event series that connected our constituents with the Academy and other alumni on an almost weekly basis beginning in May. 40 events later, more than 2,300 individuals tuned in to hear from senior leaders and cadets at the Academy, joined alumni as they shared transition tips, or hopped on a Zoom call to hang out with their classmates. One particular highlight was the virtual meeting of the Class of 1970 held on the 50th Anniversary of their commencement from the Academy with special guests CGA Superintendent RADM Bill Kelly and CG Commandant ADM Karl Schultz.

68%

OF ATTENDEES WOULD RECOMMEND OUR EVENTS TO A FRIEND OR CLASSMATE

Finally, in August we launched the Bears Supporting Bears (BSB) program to bring our members innovative services that capitalize on the power of the CGA alumni network. These services are also available to spouses of our active alumni members because we consider you all part of the CGA family!

The BSB Alumni Business Directory highlights those alumni and spouses who are business owners via a user-friendly online database. With 41 businesses included so far, the directory continues to grow.

The BSB Job Referral Platform is a robust job placement and referral ecosystem - powered by AliroVets. This platform supports our alumni and their spouses – as a job-seeker, mentor, or an employer – to match skills with opportunities.

2020 was a year like no other, but your Alumni Association remained committed to supporting you every step of the way!

MEMBERSHIP MATTERS

Membership in the Alumni Association truly matters. Membership connects alumni to each other and the Academy. Membership strengthens the bonds of the Long Blue Line and the Association. Membership supports alumni throughout their journey from Day One to retirement and beyond. Membership also gives back by supporting programs like the Link in the Chain and more.

So thank you to our more than 6,500 members... you matter!

OUR AFFILIATES

In January the Eclipse Legacy Coalition hosted a dinner that brought together cadets and officers stationed in the D.C. area who mentor cadet members of CGA's Asian Pacific American Council.

ECLIPSE LEGACY COALITION

While 2020 began with great expectations following successful planning meetings in January, most were tossed out once the country went into lockdown. The Eclipse Legacy Coalition (ELC) quickly shifted to virtual capabilities following the only in-person event they hosted - a dinner during the Academy's Asian Pacific American Council's trip to D.C. in January. The Coalition then went on to host, in collaboration with the Academy Minority Outreach Team, four virtual mentoring sessions with the cadets of the Genesis Council. Mentors, comprised of ensigns to retired admirals stretching from Puerto Rico to Alaska, shared their wisdom with the cadets and provided much needed encouragement and counsel for young men and women navigating Chase Hall through an unprecedented lockdown.

ELC coordinated efforts to support the graduating Class of 2020,

ensuring that the new ensigns from the APAC, Compañeros and Genesis councils would have a graduation gift awaiting them at their new units from the Coalition - a professional journal and navigation pen.

Last fall ELC officially partnered with the National Coalition of 100 Black Women (NCBW), integrating ELC mentors into the NCBW's education programs at two of their chapters - National Capital Area (specifically Prince George's County) and the Oakland Chapter with the help of the Alameda Chapter of the Women's Leadership Initiative (WLI). Mentors have observed the NCBW's Career

Readiness Mentee Workshop and given presentations on the Coast Guard Academy and career opportunities in the Coast Guard.

Perceiving a need for productive and necessary conversations on social injustice, equity, diversity, and inclusion, ELC set out to have difficult conversations on relevant topics to begin dealing with the significant pain the country experienced last year. Starting with the sharing of the Genesis Council's powerful video following the murder of George Floyd, these conversations continued via the launch of the "Difficult Conversation Series," held monthly since July. Conversation topics ranged from CG Unit Leadership following George Floyd's murder; Improving the DEI Culture at CGA; to the Impact of the Rise in Attacks on Asian American Pacific Islanders (AAPI). View them all at

www.EclipseLegacyCoalition.org

A screenshot from Bay Area Speaker Series event, "What is Intersectionality and Why Is It Important?" Panelists included Ms. Shana Summers (top left), Diversity, Inclusion & Belonging Community Programs at HubSpot; CDR Warren Wright (bottom left), D11; and YNC David Montoya (bottom right), Leadership & Management School-Petaluma; moderated by CDR Melanie Burnham (top right), Pacific Area Incident Manager Section Chief, and YNI Lana Port (top middle), D11.

USCG WOMEN'S LEADERSHIP INITIATIVE

Part of the USCG Women's Leadership Initiative's (WLI) impact each year is due in large part to its chapter model. Despite limitations to gathering in person, WLI saw continued growth across their chapters with 8 new chapters being brought on board. There are now 29 total chapters Coast Guard-wide.

From the start of the pandemic and throughout the year, chapters found creative ways to connect virtually. Particularly inspiring was the speaker series hosted by the Bay Area chapter that held discussions on critical topics like implementing the Service's diversity action plan, institutional racism, and intersectionality (defined by the Oxford English Dictionary as "the interconnected nature of social categorizations such as race, class, and gender,

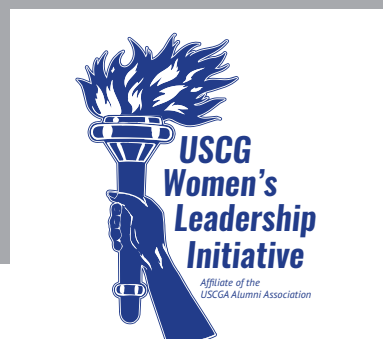

regarded as creating overlapping and interdependent systems of discrimination or disadvantage"). Recordings of these events are available online at www.cgaalumni.org/WLISpeakerSeries.

Shortly before many travel orders and nationwide restrictions began, WLI's governance committee was able to gather in Washington, D.C. with Coast Guard Commandant ADM Karl Schultz and Vice Commandant ADM Charles Ray. They discussed efforts that are underway in the continuum of inclusion and culture change that will make an impact in retaining women in the Coast Guard including:

body composition standards, implementing findings from the 2019 RAND women's retention study, the findings of the ongoing RAND underrepresented minorities retention study, childcare needs assessment, accountability on harassment and Sexual Assault Prevention and Response-related areas, berthing limitations, and transparency in the assignment process.

It was a meaningful dialogue across the board and as an official affinity group of the U.S. Coast Guard, the Women's Leadership Initiative offered their continued partnership to leadership, alongside their sustained work with the Coast Guard Affinity Group Council [learn more about the Council at <https://bit.ly/3sTz0oe>].

Paint Night at the Academy, supported by the Parents Association (Photo by Brad Clift)

USCGA PARENTS ASSOCIATION

The past 12 months have been a challenge and an adventure for the USCGA Parents Association (USCGAPA). “We have become Zoom experts, video editing aficionados, social media influencers and out-of-the-box thinkers,” said USCGAPA President Kate Farrington. “We are proficient at translating military jargon into easily understood concepts and we can navigate the new world of quarantine, isolation, and testing protocols.”

Their priority remained on providing as much information, support, and “normalcy” as possible. During Swab Summer, a deliberate and concerted effort was made to be easily accessible to the 2024 parents to help ease their concerns, which were already heightened due to COVID-19. Throughout the fall semester they increased

their annual support by \$4,000 to provide additional morale events for the Corps. There were tailgates, movie nights and Monday Night Football gatherings. Cadets enjoyed paint nights, the talent show and holiday morale programming in addition to USCGAPA’s traditional support of the printers, printer maintenance and supplies, and liberty vans totaling \$44,000.

Parents Weekend was by necessity a virtual event and included virtual cocktail parties for parents of each class, live events and many videos of things around the Academy typically seen in person during a normal year.

To support the growing number of International families and those that live abroad, they created a new position on their Council that has been filled by a 2024 parent who lives in Dubai, while three dormant Chapters were brought back to active status.

And, they almost fulfilled their \$1,000,000 pledge for the Emlen Tunnell Strength and Conditioning Center and plan to finish out the remaining balance this spring.

“All in all its been quite a year,” said Farrington. “We have a solid partnership with CGA Leadership as well as our Alumni Association team, which has resulted in our ability to provide better support to our cadets as well as our parents during the global pandemic.” www.cgaparents.org

The recently completed Emlen Tunnell Strength & Conditioning Center (photo by Paul Duddy '71)

Last fall when CGA needed more gathering spaces for the Corps of Cadets to account for social distancing, the Alumni Association delivered! In addition to completing the new Leamy Student Center renovation, we added over \$100,000 of upgrades to the Leamy Balcony, now Leamy Steel Beach, to ensure those "frequent quality interactions" could continue in person at a safe distance.

The highly anticipated Emlen Tunnell Strength and Conditioning Center was nearly complete at the end of the year and in March 2021 opened its doors to cadets, featuring state-of-the-art equipment, views of the CGA waterfront and necessary training space to aid in the development of healthy, strong and Service-ready Ensigns.

Finally, 2020 saw the completed design for the Maritime Center of Excellence, scheduled to break ground this July!

LEADERSHIP/ NATIONAL PROMINENCE

The Center for Arctic Study and Policy (CASP) released the Polar Guardians documentary last December - the culmination of two years of research, outreach, and creative thinking. The film is a unique way to help policymakers understand the dynamic environments of the poles, both physically and geopolitically.

It not only includes original sea stories and high-quality photography, but also offers a unique narrative of the challenges faced during the '50s, '60s, and '70s that sound very familiar to the discussions of today. While the initial goal was to preserve the oral histories, the documentary has become a part of the Coast Guard's overall strategy in the polar regions.

As a result, the messaging of the Coast Guard and the need for expanded capabilities, is reaching new audiences, including renewed interest among the Corps of Cadets in polar operations. Viewers of the documentary gain a new appreciation for these critical polar regions and the women and men who patrol their waters.

COVID affected the original dissemination of the film, which ended up being virtually launched with the Wilson Center in December. You can view the documentary at <https://www.wilsoncenter.org/event/polar-guardians-coast-guard-icebreaking-high-latitudes>.

Since joining CASP in January 2019, Class of 1965 Arctic Scholar Dr. Barry Zellen has developed and delivered two new Arctic Courses, published twelve articles, three book chapters, represented CASP at over a dozen events in Asia, Europe and the United States, and has a new book on Arctic international relations under contract.

The position of the Arctic Scholar, designed to be rotational in nature, allows CASP to provide in-depth, peer-reviewed research on emerging issues of greatest importance to Coast Guard leadership. Beyond directly preparing cadets and officer candidates to be informed future leaders, the Arctic Scholar serves as the academic subject matter expert for the Service. The Arctic Scholar ensures the research of Coast Guard postgraduate student and military fellows is novel, relevant, and well-supported. The Arctic Scholar also keeps CASP, and thus, the Coast Guard, tied into the academic communities, both domestic and international.

The research and publication aspect of the Scholar's portfolio, notably strong with Dr. Zellen, continues to influence these communities, which keeps the Coast Guard relevant in the conversation, and greatly extends new networking opportunities as well as the value of existing partnerships.

ATHLETIC ENRICHMENT

2020 was a year unlike any other and the Alumni Association continued to support the Division of Athletics, most notably through the Bear Club by providing crucial financial support for 30+ coach and staff positions and team travel.

While the 2019-20 winter season was cut short, 19 cadets still earned All-America honors in Pistol (4), Swimming & Diving (5), Track & Field (3), Cross Country (1), and Wrestling (6) from their respective national sport associations. The Men's Basketball team stunned the NEWMAC with a come-from-behind, overtime victory over WPI (89-86) to win the NEWMAC title and advance to the NCAA Tournament!

Although most intercollegiate athletic competition was canceled by the NCAA through the fall season, Athletics still provided a robust intercompany sports (IC Sports) program for the benefit of the entire Corps of Cadets. The 2020 fall IC Sports program included: flag football, team handball, innertube water polo, bowling, corn hole, spike ball, badminton, table tennis, and ultimate frisbee, with the first "Quarantine Cup" going to the Bravo Company Bulls!

Many of the Athletics staff, whose positions are supported by the Bear Club, were responsible for the successful administering of the fall IC Sports program.

ACADEMIC ENRICHMENT

“THEY MAY WANT TO BRAINSTORM, GRAPPLE WITH DEVELOPING AN ARGUABLE CLAIM, CREATE AN OUTLINE, EXAMINE THE STRUCTURE OF THEIR ESSAY, CHECK IF THEIR RESOURCES ARE CREDIBLE, ASK IF THE LAB REPORT ADHERES TO CORRECT FORMAT AND IF IT'S DIGESTIBLE.”

- Hewitt Writing & Reading Center Mentor

“I AM SO GRATEFUL TO THE HWRC FOR HAVING TEAMS SESSIONS AVAILABLE. I WOULD NOT BE CONFIDENT IN MY WRITING WITHOUT THEM.”

- Cadet visitor to the Center

VIRTUAL MENTORING The John and Erna Hewitt Writing and Reading Center (HWRC) is a lively space where cadets can receive tutoring support on their writing and public speaking. The iconic roundtables, designed to encourage side-by-side collaborative engagement over drafts, are often occupied by a steady rotation of students, as evidenced by the nearly 900 appointments logged during a typical (pre-pandemic) year.

In addition to tutoring, the daytime staff frequently facilitates small group writing or speaking workshops for various classes across the disciplines. Although this once lively space on the second deck of Waesche Hall has been quieter since cadets departed last year for Spring Break 2020, the Hewitt Writing and Reading Center's operations adapted to remote learning for tutoring and small group workshops. Cadets still make appointments through the scheduling program, WOnline, but now their sessions occur in the virtual space via the Microsoft Teams platform.

The medium has certainly changed, but the process remains the same, as mentor Muireann O'Callaghan explains, “I love when they want to work through various parts of the writing process, for example, they may want to brainstorm, grapple with developing an arguable claim, create an outline, examine the structure of their essay, check if their resources are credible, ask if the lab report adheres to correct format and if it's digestible.”

While appointment numbers and the pedagogical approach have remained consistent, what our data collection efforts do not capture is the social dimension of this process—that is, how students thrive through a sense of connection and when they have the opportunity to test their ideas and receive feedback on drafts. “I am so grateful to the HWRC for having Teams sessions available,” one student in her survey response writes. “I would not be confident in my writing without them. Thank you so much for your time and the HWRC for adapting to COVID protocols!”

2/c cadre enjoyed a series of virtual workshops this summer designed to increase their confidence around financial resiliency and readiness. "I felt like I was able to get a jump start on a lot of financial decisions I found overwhelming," shared one cadet. "This course helped me feel more comfortable with my finances and I am more excited than ever about my financial future in the Coast Guard."
(photo by Brad Clift)

FINANCIAL READINESS Thinking back to your time at CGA, do you wish you had a two-day immersive workshop on Military Personal Finance that included topics such as the TSP, the Post 9/11 GI Bill, credit scores, Roth IRAs, ETFs, index funds and military tax perks?

The Class of 2022 got exactly that last summer when COVID-19 altered the 2/c cadre training program. After hearing about some potential open days in the schedule, Mr. Robert Shaye '04 offered to run a series of virtual workshops for the 2/c cadre, with the objective of making cadets feel more confident about their finances. Mr. Shaye, now an officer in the USCG Reserve, is a CERTIFIED FINANCIAL PLANNER™ and lecturer in CGA's Management Department, where he teaches two personal finance electives. Mr. Shaye covered a topic with a lecture and small-group activities, then gave cadets time to work on that topic and regroup with questions. For example, cadets learned about the five components of a FICO® score, then installed a credit monitoring app or walked down the hill to NFCU to adjust their credit limit, or apply for a new card. The format allowed for immediate application of the lessons learned.

"I encouraged cadets to make small changes that would have a large impact, such as staying in the service for at least 90 days after their five-year CGA obligation so they could earn 40% of their Post 9/11 GI Bill benefit," Mr. Shaye explained. "The cadets were really excited when we looked at the long-term impact of making just two extra years of Roth IRA contributions in their early twenties, a difference that can amount to about \$350,000 at retirement!"

Exit data showed the workshops were a resounding success and even described by one cadet as "life changing." 100% of cadets reported an increase in personal finance knowledge and 96% stated it was a productive use of their time. Though this workshop initially was a result of changes due to COVID-19, CGA is looking at how the material can be incorporated into the cadet training program going forward. "This material is so important for young people to understand, especially the future leaders of our Service," says LCDR Pat Powers '08, CGA's Assistant Cadet Training Officer. "We look forward to offering more workshops in the future."

Stay tuned for a more in-depth look at CGA's financial resiliency initiatives in the June issue of The Bulletin.

CADET EXPERIENCE

"Dear CAPT Marcille and the entire Alumni Association,

"My name is 1/c Craig Feeny and I served as the Morale Department Head within Hotel Company for the Fall 2020 Semester. On behalf of myself and the entire Corps, I want to graciously thank you for your support throughout the Fall Semester!

"Through the generous donations we received from the amazing Alumni Association, we were able to fund two major Corps wide morale events: The Secretaries Cup Tailgate and various food trucks on campus. These were noted by cadets as some of the best events of the semester!

"When the Bears football team traveled down to Kings Point on 14 November, the rest of the Academy stayed home and cheered them on at a watch party, which featured a live stream of the ESPN broadcast

on the football field scoreboard, a cash bar on the Alumni Center Patio, and cupcakes provided by MWR in the Student Center. These were all paid for by your donations. Additionally, on 20 and 21 November, we had two different food trucks, New England Apple Fritters and Meriano's Cannoli Truck, come aboard the Academy to serve cadets some delicious treats before we left on Thanksgiving Leave. These trucks were certainly the talk of the school and gave everyone a much-needed lift to push through the final days. Your donations again paid for these and ensured they were of no cost to cadets!

"Although this has been an extremely challenging semester and entire year, your help has been a huge part in boosting morale throughout the Academy. **We thank you so much for your generosity and continued efforts you play in making this 103-acre campus our home.**"

LEGACY

With many in-person Academy traditions canceled last year as a result of COVID-19, the Alumni Association was determined to support the Link in the Chain classes of 1972 and 2022 in their efforts to commemorate the Golden Legacy Program. This program offers alumni the chance to donate their class ring, where it is then melted down and mixed with new gold to forge the class rings for the next generation of Coast Guard officers.

Normally held in Leamy Auditorium, the ceremony was cancelled last spring when cadets never returned to campus following Spring Break. Committed to marking the occasion anyway, the Alumni Association worked closely with the Class of 1972 to create an interactive online tribute to this special tradition.

The final product featured videos from each of the eight ring donors, messages from both the Class of 2022 Class Advisor and Alumni Association President, a video and photos of the ring melting process itself, as well as, a link to the keynote address intended to be made in person last spring by RADM Robert F. Duncan '72.

"We symbolically transfer some of our DNA, as a class, to you through a golden flow admixed to your class rings. But you should appreciate that this transfer is also quite real. The Class of '72 - the WHOLE Class of '72 - stands with you as you write your own history of challenges met and great achievements."

**"ALWAYS REMEMBER WHEN YOU WEAR YOUR RING, '22 AND '72 WILL FOREVER BE LINKED."

THE CAMPAIGN FOR THE USCGA Maritime Center of Excellence

"As the Coast Guard expands and recapitalizes its fleet of cutters and its afloat missions become more and more imperative to our national security, there will be an increasing Service need for more women and men to serve at sea. For that reason, the Maritime Center of Excellence has never been more important. This state-of-the-art facility will serve as a focal point in our mission to 'instill a liking for the sea and its lore' for the future leaders of the world's best Coast Guard."

- RADM Bill Kelly '87, USCGA Superintendent

The Maritime Center of Excellence will meet a broad range of educational, recruitment, outreach, and waterfront operational needs, serving as the centerpiece for the Coast Guard Academy waterfront. Despite a delay in the anticipated start date due to the uncertainty caused by COVID-19, the Alumni Association moved forward with completing the 100% design for the building and we are on track to break ground this summer.

VOLUNTEERS

We would not be able to accomplish our mission without the many volunteers who give selflessly of their time and talent. Over a thousand volunteers last year enabled us to keep our alumni connected to each other and the Academy, helped connect alumni with their passion, worked to foster connections with all of our constituents, shared their expertise via our virtual Lunch & Learn Series, supported the Academy's recruiting efforts, and so much more!

We'd like to give a special shout out to those alumni who serve as class correspondents. Their dedicated efforts to keep their class connected via the bi-monthly submissions of their Class Notes totaled an average of 300 hours spent each issue - that's more than 1,800 hours in total! And an average of 85% of the classes had notes in each issue last year. In addition, we had more than 65 individuals write articles or serve as a Track Lines feature in *The Bulletin* in 2020. The magazine wouldn't be what it is without these amazing volunteers... a helpful resource for our alumni and other members of the organization!

Class Notes are the #1 read section in The Bulletin

1,300
VOLUNTEERS (2020)

26,500
TOTAL HOURS (2020)

\$720K
TOTAL VALUE (2020)*

HONOR ROLL OF DONORS

Thank you very much for your support of our United States Coast Guard Academy Alumni Association during 2020. This list of contributors reflects charitable giving to the Association from January 1 - December 31, 2020. We've made every attempt to ensure that the list is correct; however, if you have a question about our listing please feel free to contact our Development Office at 860-442-2683, ext. 12, and we'll be happy to answer your question. Thank you for your membership and for your continued support of the Academy through your donations and membership in the Alumni Association.

HOPLEY YEATON SOCIETY: \$10,000+

HENRIQUES SOCIETY: \$5,000 - \$9,999

SPIRIT OF 1879 SOCIETY: \$1,879 - \$4,999

SUPERINTENDENT'S CLUB: \$1,000 - \$1,878

EAGLE CLUB: \$250 - \$999

Our donor recognition club levels include membership dues, gifts, gifts-in-kind, and matching gifts made during a calendar year. Members include living individuals, spouses of deceased individuals whose donations meet club criteria, and organizations.

**Due to the tremendous amount of support our organization receives from thousands of alumni, parents, friends, and organizations each year, we have made the full list of donors of \$250 or more and a listing of donors by class available online at www.cgaalumni.org/AR2020.*

MATCHING GIFT COMPANIES

Thank you to our alumni, parents, and friends who have secured matching gifts through the following companies who generously offer these programs to their employees and retirees.

Aetna Life & Casualty Foundation	Fannie Mae	Tennant Foundation
Altria Employee Involvement Programs	Gannett Match	Textron Matching Gift Program
American Honda Motor Co., Inc	GE Foundation	The Benevity Community Impact Fund
AT&T Foundation	Goldman Sachs & Co.	The FM Global Foundation
Battelle Memorial Institute	IBM Matching Grants Program	The Glosten Associates, Inc.
Burlington Northern Santa Fe	John Deere Foundation Matching Gift Program	ThermoFisher Scientific
Caterpillar Foundation	Johnson & Johnson	UBS Matching Gift Program
Chevron Matching Gifts Program	Microsoft Matching Gifts Program	USAA Foundation, Inc.
CIGNA Corporation	Northrop Grumman Litton Foundation	Vanguard Matching Gift Program
ConEdison, Inc	Pfizer Inc.	Verizon Foundation
Delta Airlines Foundation	Prudential Matching Gifts Program	Wells Fargo Foundation
Erie Insurance	Shell Oil Company Foundation	
Eversource	T. Rowe Price Program for Charitable Giving	
Exxon Education Foundation		

DOUBLE OR TRIPLE YOUR IMPACT!

Don't forget to check if your company will match your gifts to the Alumni Association!

A list of matching gift companies is also available at:

www.cgaalumni.org/matchinggifts

THE ALEXANDER HAMILTON HERITAGE SOCIETY

Named in honor of the first Secretary of the Treasury and founder of the Coast Guard, this Society was established in 1991 to recognize alumni, parents and friends of the Academy who have made provisions in their estate plans that benefit the U. S. Coast Guard Academy Alumni Association. When an individual or family informs us of their charitable intentions the Alumni Association will officially recognize those donors as members of the Alexander Hamilton Heritage Society (AHHS) during their lifetime. The Alumni Association is grateful to the following members of the Alexander Hamilton Heritage Society whose vision and generosity through the establishment of a planned gift will help the Academy and its cadets for years to come. **The newest members of the Society are listed in bold. P indicates that the AHHS member is a parent of an alum.**
