[Parts Index](#)

To our Valued Customers:

For over 4 decades we have been providing the best in restoration parts for 1937–54 Chevrolet Cars & Trucks. We continue to expand our inventory of hard-to-find restoration parts while improving our selection of Street Rod Parts. We strive to provide the best in service, quality and variety of parts needed for your vehicle—from a complete restoration to a full-blown street machine. We have an easy to use Illustrated Index in the front of our catalog to make finding parts easy along with an alphabetical Parts Index in the back.

Street Rod parts are found in our STREET ROD HEADQUARTERS catalog and online at www.STREETRODHQ.com.

Thanks for your business!

CEO/Owner*

HOW TO ORDER

ONLINE: Order anytime by accessing our online catalog from our website, www.chevsofthe40s.com. Credit card information is secure and we don't sell our customer database to anyone.

Call toll-free: 1-800-999-CHEV (2438)

Our sales reps are available to assist you:

- via the phone: 6 a.m. – 5 p.m. Pacific Time, Mon. – Fri.
- in the showroom: 8 a.m. – 5 p.m., Mon. – Fri.
- via our lovable voice mail for after-hour and weekend calls.

Existing customers—Simply provide your name and customer number off your catalog label, vehicle year, series and body style, credit card number (if appropriate), part numbers with descriptions and quantities.

New customers—Please provide all of the above information as well as your phone number (in case we have a question about the order) and a complete address including zip code.

Stuff our attorneys want us to say: Chev's of the 40's will not be responsible for any expenses incurred for installation, modification, fitting or shop repairs of parts. The items sold in this catalog are without warranties of any kind. Items and prices in this catalog are subject to change without notice. Information in this catalog may contain typographical errors or inaccuracies. We reserve the right to correct errors or omissions.

HOW TO PAY

Use **Check by Phone** to achieve prompt shipping (10 days faster than mailing a check.) And because it helps reduce our costs, our reward to you is a 4% discount on parts when you place your first electronic-check order by phone. Try it—it's convenient and secure.

Checks by mail are welcome; however the accounting department may hold your order on uncertified funds. At company discretion, a mailed-in check may be converted to an electronic check.

Checks and money orders need to be in U.S. funds.

Returned checks will be charged an NSF fee.

Credit Cards—Visa, MasterCard and Discover are welcome! Ship-to address must match your credit card billing address.

HOW WE SHIP

How We Ship: We ship via UPS and USPS Flate Rate Priority Mail (size and weight permitting). For international orders we use UPS Expedited or USPS Priority Mail. Please talk to our sales staff for a shipping quote.

When purchasing oversized parts, some can be shipped via UPS and others need to be sent via truck freight, so please call for rates.

If paying by check, please call for shipping rates and order total.

Shipping Time on ground deliveries takes 2 to 14 days depending on your location. For faster service options, when placing an order, please ask your sales person for an express delivery quote.

Most orders ship the same day!

Sales Tax: Due to the Wayfair decision, we must now charge sales tax to all applicable states. Tax is calculated on the order total (including shipping). Tax rates vary according to your region.

HOW PROBLEMS ARE HANDLED

Damage Claims: If a package appears to be damaged upon delivery, open the package with the delivery driver and have them note any damages. Then call Chev's of the 40s immediately to notify us of any problems/damages. Do not ship to Chev's of the 40s; we will let you know what to do next.

Shortages: All orders are scanned with a bar code reader before shipping. If, in the unlikely event a shipment error occurs, call us immediately.

Back Orders: Our computerized inventory system allows us to maintain tight control on our stocking levels. However, we do not have control over our suppliers. Back orders are not charged until they ship. Shipment occurs immediately when we receive the part.

RETURNS/EXCHANGES

Made-to-order items, such as glass, are non-returnable. All other parts (excluding Odds & Ends) may be returned within 30 days. Damaged or altered parts cannot be returned. CODs will not be accepted. Returns subject to a 25% restocking fee.

1. Have your invoice ready.
2. Call 1-800-999-CHEV (2438).
3. Obtain return authorization number.
4. Write the number on the outside of the package and on a copy of the invoice.
5. Include invoice copy in package.

Remember: Shipping can take up to 14 days, so allow 3–4 weeks on returns. Warranty applies only to purchase price of item or replacement of part.

Unfortunately credit card companies no longer credit your credit cards for returns after 90 days. Therefore, we will issue in-store credits or a refund check.

Note: Product pricing and availability subject to change.

OLD AIR — Air Conditioning & Heating System — GREAT FOR 6-CYLINDER APPLICATIONS!

Complete Universal systems with everything you need to install Heat & Air Conditioning in your vehicle (minus refrigerant). These Hurricane units are designed for efficiency and minimal use of space to allow for stereos, glove boxes, wiper motors, etc. Choose Hurricane unit with Upper, Lower or Side exit fittings (see dimensions below). System includes Sanden 508 Compressor (or equivalent), mounting brackets, Condenser (you'll need to measure your radiator), Receiver/ Drier, Binary Pressure Safety Switch, A/C & Heater Hose, Wire Harness, Clamps, 4 inch Vent Hose Kit, Control Panel w/ Knobs and more. Pick 4 vents to best suit your dash (some double vents count as 2). Optional items include Electronic Slide Controls (Vertical or Horizontal) in black or aluminum finish, Chrome Drier or Polished Compressor.

Condensers use flat tubes not round creating greater frontal area which equates to improved cooling.

The Heat & Defrost units for these systems mounts directly to your firewall. A/C & Heater lines pass through a custom rubber grommet that fits into the factory blower motor hole (shown below). Take a look at our In-Dash Vent and Switch kit below. These systems are designed for easy installation with custom condenser mounting, aluminum lines and step-by-step instructions. Retains cowl vent and majority of glove box. Has floor Heat and De-Humidified Defrost.

UNIVERSAL FOR MOST APPLICATIONS

A little tight on defroster space for your HVAC unit? Just let your sales rep know that you want the 90 degree defroster outlet option. And hey, we won't even charge you for it.

90° Defrost Option
Requires only 1-7/8" space above for duct hose routing, includes "Y" adapter.

Standard Defrost Outlets
Allow 2-1/2" to 3" above for duct hose routing

SECTION 050C STREET ROD PARTS

Pertronix Electronic Ignition System

Delivers twice the voltage to the spark plugs, increasing horsepower, fuel economy, and spark plug life. 2:1 improvement over "points" in current fall time for increased coil output. Rotating cobalt magnets trigger a Hall Effect integrated circuit, no points to burn, no moving parts to wear out. Epoxy molding makes our module impervious to dirt, oil, grease and moisture. Stable timing, no need for any adjustments. Will fit entirely inside the distributor (part #1112362 & 1112358). Simple and easy to install.

Dual Exhaust System

Nothing can beat the sound of the "Split Six" Dual Exhaust! This complete dual exhaust system has been designed for the do-it-yourselfer, and can be installed right in your own backyard or garage. All exhaust pipes are pre-bent, to fit and are made of aluminized tubing for long lasting life. William's Exhaust Headers will improve performance, and glass packed mufflers will give your car the sound made famous in the 50's. Complete with all necessary hardware and installation instructions, (Clamps, hangers, donuts, etc.)

RESTORATION PARTS**

Sound Deadener And Insulation Kit

ACOUSTI-SHIELD KIT INCLUDES: FULLY ILLUSTRATED INSTRUCTIONS FOR A PAINLESS, TWO-HOUR INSTALLATION. STAGE 1: PRE-SIZED SOUND DAMPER PADS. The first stage consists of pre-trimmed, self adhesive, Sound Damper Pads. Bonded to strategically located trouble spots on the floor pan and roof of the vehicle to control body panel vibration and noise. These spots are mapped and labeled in detailed instructions which are included in the kit. STAGE 2: PRE-TRIMMED HEAT ABSORBER/BARRIER PANELS, SPRAY ADHESIVES AND SEALING TAPE. The second stage uses a high-tech absorbing, barrier material bonded to the body panels. Will deaden sound and insulate the vehicle from radiant heat penetration. Each absorber panel is cut to the correct shape and contour for your vehicle and is mapped and labeled with detailed instructions.

Shop Manuals on CD

All CDs contain the factory service or shop manual and any applicable supplement. The factory manual is essential. It includes coverage on all mechanical and electrical systems. This is where you find specifications, wiring diagrams, diagnostic procedures, troubleshooting, installation and removal, and covers all systems. CDs contain the body service manual as well. In some cases, the body information is included in the service manual. Parts books are included on most CDs; check content information for specifics.
