CRESSI HYDROSPORTS 2022 COLLECTION

Hydrosports is the result of Cressi's experience, consisting of tradition, innovation, and quality, since 1946.

Today, with this new line of products, Cressi seeks to bring its passion above the surface and to the horizon. The Hydrosports line brings together our new iSUP & iKAYAK collection, along with our snorkeling, swimming and kid's collections. These assortments reflect not only the hard work and dedication of our designers and engineers to create innovative new products, but also highlights Cressi's proud history of making products – most of them manufactured in our facility in Italy – which remain in the market for decades, thanks to our commitment to safety, performance, and reliability. With the company's close relationship to this environment, the Cressi team has been able to develop this new line in response to the direct needs it encountered in practice and through water tests on its products.

Cressi's Hydrosports line mirrors people who share the same passion as us, discovering the world beyond the horizon.

Start exploring with Cressi Hydrosports.

START EXPLORING THE HORIZON

TARAH SWEENEY

Photographer
San Diego, California

Tarah describes herself as a simple person with a lot of love and passion. She lives life day by day and takes deep breaths to remind herself to enjoy every moment. These people in the picture are her tribe and her world revolves around them. Photography is her passion and all this love started when her parents gave her an old Canon Rebel since then, she considers her cameras as an extension of herself, because they allow her to create what she sees and feels.

THE BUCKET LIST FAMILY

Family Travel Journalists
Worldwide

The Gee family, just a typical family working from all over the world as Family Travel Journalists! Their story began on August 15, 2015, when they decided to sell everything and leave home for a trip around the world together. They started an Instagram and YouTube channel called, The Bucket List Family. It was a difficult decision to reset their lives and sell everything, but they are thankful every day that they took that chance and were brave. They hope that their little family and this big adventure continue to grow!

@ thebucketlistfamily

LUCA DELLA SANTA

Professional Paddle Board Instructor
Fort Lauderdale, FL

I was raised on the beaches of North Carolina and South Florida, where my love for the ocean began. Growing up, I was fishing, diving, or surfing any chance I could get. With my love for the ocean and wanting to experience it in different ways, I convinced my parents to get me my first paddle board at age 13 and was immediately hooked. Years later, I became a paddle board instructor in college and began to teach lessons and take customers on paddle board tours. Since then, I have continued to use my knowledge, skills, and passion for the sport to help teach and grow the paddle boarding industry in the best way possible.

CRAIG PARRY

Oceanic and nature Photographer
Northern NSW, Australia

Craig Parry is an award-winning ocean and nature photographer. Growing up in Byron Bay, it was his parents' gift of a water-proof camera at the age of five that set him on the path to his passion. Today his fine art photography offers a unique insight into the world around us. Portraying the obvious as abstract, Craig's images are both engaging and beautiful. His work regularly sees him travel to all corners of the world in search of new adventures and unique encounters, and he can often be found working with the likes of National Geographic, Discovery Channel and Travel Channel.

ISUP CATALOG A COMPARING TOOL

The Cressi Hydrosports catalog is designed to describe as best as possible each board's features, such as materials, construction, ability scores and box/set contents.

This catalog collects all the information to let you find the best suitable products to your need to have the best experiences on water.

Abilities chart
On this graph you can quickly see the ability scores of each Cressi Hydrosports SUP boards.

Case packaging
Case packaging picture and box content list

Human size comparison
Thanks to this visualization, you can immediately see the size of the SUP, compared to a human figure of 180 cm in height.

Comparison table
At the end of the ISUP section you can find the comparison table between all the tables in the catalog. On this double page you can have an overview of the entire Cressi Hydrosports ISUP collection.

THE SHAPES OF THE COLLECTION

The shapes of the SUP Cressi Hydrosports 2022 are designed to combine aesthetics and functionality.

All Round: easy to handle and stable, ideal for all levels of experience and sea conditions.

Touring: highly hydrodynamic, it is suitable for the more experienced and for long paddling sessions.

Fish: very stable and voluminous, it is suitable as a base for alternative activities.

| | ALL ROUND | TOURING | FISH |
|-----------------|-----------|---------|-------|
| Stability | ++++ | +++ | +++++ |
| Maneuverability | +++++ | +++ | ++++ |
| Hydrodynamics | +++ | +++++ | ++ |

FIND YOUR BOARD COMPATIBILITY CHART

This matrix is intended to help you find your SUP board according to your body measures and skill level.

Find the boards list in the cell between the cross section of row and column.

CRESSI SINCE 1946 | HYDROSPORTS

ELEMENT

// ALL ROUND ISUP SET

Minimalism and pure lines, combined with the quality of Cressi DWF technology, give rise to a classic, no-frills inflatable SUP for paddling purists.

The All Round shape, with rounded nose and flat tail, provides great maneuverability and stability. The nose rocker (curved bow) improves buoyancy by preventing the tip of the board from plunging into choppy waters, making Element perfect for sea use. The large diamond-patterned pad offers a spacious walkable area and optimal grip, even when barefoot in the water.

Element is a ready-to-use set, easy to inflate (in under 10 minutes), carry and store thanks to the practical backcase pack supplied: a space-saving solution equipped with all the accessories you need to go stand-up paddleboarding with peace of mind. Available in different sizes, it's suitable for all levels of experience and build.

ISUP CONSTRUCTION

DOUBLE WALL FABRIC

Element boards are made with Cressi DWF (Double Wall Fabric) technology, an airtight multilayer (1) material whose internal fibers (2) give it a perfectly flat and rigid surface once inflated. The

double-layer rail (3) with variable thickness guarantees excellent performance during use but is easy to roll up, for a board that's durable and easy to use.

DWF CORE

PACT**

Ready-to-use Set

Our lightest and most travel focused sup

High lightness and portability

Low volume travelight backcase pack

TRAVELIGHT

// FOLDABLE 9'2" ISUP SET

Easy to transport, light and compact: Travelight is the Cressi Hydrosports SUP that's ideal for travelers. The special pad design of the SUP enables it to be folded longitudinally then rolled up, thereby occupying half the space of an inflatable SUP of the same size. Travelight is made with Cressi LWF technology, our lightest and strongest construction in the Inflatable category, which minimizes its weight without affecting performance.

The All Round shape makes the board highly versatile and manageable for different levels of experience and build.

The set is complemented by similarly compact accessories designed ad hoc, including the small Feather pump and the MOD5 modular paddle, which lets you transport the entire set in the TERA backcase pack, only 50 cm tall.

TECHNICAL FEATURES

TRAVELIGHT ISUP 9'2" SET INCLUDES:

- Travelight ISUP 9'2" (x1)
- MOD5 Paddle (x1)
- Mini Quick Skeg Fin 7" (x2)

CRESSI
HYDROSPORTS

LIGHTWEIGHT WALL FABRIC

Innovative flat-weave core (1) that minimizes the thickness of the upper and lower layers for an extremely low weight and high flexibility, allowing longitudinal folding and rolling

once deflated. It's surrounded by a sturdy rail (2) designed to compensate for the board bending and guarantee excellent performance during use.

FOCUSED SUP

PADDLING AND SNORKELING

- A large window to look beyond
- Ideal for snorkeling
- Fish shape for max stability
- Ready-to-use set

REEF

// WINDOW 10'2" ISUP SET

The full snorkeling experience from above the surface: a new perspective for encountering and observing the underwater environment with maximum respect. This is Reef, the new Cressi Window ISUP with the biggest window yet. The large 34" 'fish' shape coupled with the pre-laminated material have enabled us to design an elongated window that extends

from the paddling position to the bow, and thanks to the sturdy layer of Crystal Clear PVC, Reef's window offers an exceptional view of the seabed during your outing. The high buoyancy, curved bow and generous 9" drift give the board great stability, to let you comfortably admire the sea wherever you go.

ISUP CONSTRUCTION

WINDOW PLF

The largest window of ISUP category, designed thanks to Cressi's experience in developing boards with opened structure. Made with a thick layer of transparent PVC (1) with perimeter reinforcement, designed to avoid deformations and structural deficits.

Moreover, thanks to the pre-laminated (2) material, made without glue, and the double-layer rail (3). The Reef offers the maximum viewing area and comfort while paddling.

FLUID

// ALL ROUND 10'2" ISUP SET

Our most versatile, safe and performing board in all aquatic conditions and activities, suitable for learners as well as the most experienced, ideal for sea excursions in calm or choppy waters, through to yoga and fitness.

Thanks to Cressi Double Chamber PLF technology, this inflatable board also combines exceptional structural stiffness with the safety of a second integrated air chamber.

Stable and maneuverable thanks to its generous thickness (15 cm) and wide width (81 cm), Fluid is the ideal SUP to ensure

maximum fun at all times. Equipped with an 8" fin

to increase maneuverability, the classic All Round shape with a rounded and curved bow transmits a linear and gentle feeling of paddling.

The diamond-patterned pad always ensures a firm grip, even with bare feet in wet conditions.

Fluid is a set complete with all the accessories you need to practice, and thanks to the supplied pump it inflates in under 10 minutes.

TIGER SHARK // MULTITASK 10'2" ISUP SET

Can the pleasure of stand-up paddleboarding be combined with a passion for spearfishing and freediving?

Tiger Shark was born from this question and is designed to offer new possibilities for enjoying these activities.

The large and spacious 'fish' shape is ideal for providing stability onboard when preparing and setting up the equipment.

Thanks to Cressi Storage Hatch PLF technology, this board makes it easy to transport equipment, with a large and practical locker in the bow equipped with a cover mesh pocket for storing items like ropes, fins or the catch itself.

The supplied adjustable strap with D-Ring can be passed under the board to connect the ascent line during diving and stored while paddling, so as not to affect hydrodynamic performance.

The bow is equipped with a base and shaft with a diving flag, while the D-Rings are equipped with adjustable elastic bands to attach spearguns and rods to the side hooks, so as not to take up space onboard and always offer a view of the equipment.

The practical bungee elastic cords are positioned at the stern to provide an additional cargo area.

NEW 2022

JET

// CRUISE 11'2" ISUP SET

Jet is the Cressi Hydrosports ISUP designed for cruising (medium and long time paddling activities). His "spear" shape combined to the 11'2" length gives to the board a great hydrodynamic performance keeping at the same time a good roll stability thanks to the 32" width and the US 9" fin supplied.

The board profile has a nose rocker to improve floating on the sea waves and ripples, avoiding the bow sinking.

Jet is made with Cressi double chamber technology that guarantees floating in case of accidental punctures than a better maritime safety; the inner "core" chamber also gives the board a great stiffness that enhances paddling thrust.

Ready-to-use set

FURY

// TOURING 12'2" ISUP SET

Fury is the ISUP from Cressi Hydrosports dedicated to touring. The hydrodynamic and elongated shape, coupled with the very light Carbon paddle supplied, make this set the best one for lengthy paddleboarding sessions.

The curved bow (nose rocker) improves its buoyancy in the sea, preventing the tip from sinking into the ripples of the waves, while creating hydrodynamic resistance.

The Cressi Double Chamber PLF technology maintains a highly performing structural stiffness while paddling, despite the board's length of over 12 feet, and the double air chamber guarantees greater safety in case of accidental punctures.

The large 9" drift positioned far from the center of gravity helps maintain a linear trajectory even at low speeds, providing an advantage over long distances.

PADDLES

// SUP & KAYAK

Lightness, strength and versatility: these are the key values our collection of paddles seeks to offer. Our designs are created to meet the specific needs of those who go stand-up paddleboarding and kayaking, with a focus on inflatable products and portability.

For this reason, the choice of materials is directed only towards those with high levels of corrosion resistance, lightness, and elasticity such as aluminum, nylon and carbon fiber.

Behind the apparent simplicity hides great attention to detail, aimed at improving performance and usability.

Highlights include: the one-hand height adjustment mechanism, the floating capacity and an easy assembly system.

Finally, modularity is what unites all our paddles, to ensure easy transport and storage within the sets they are supplied in.

- Space-saving modular paddles
- Sturdy and lightweight materials
- Adjustable height handle
- Floating paddles

WELTER

// 2000 CC HAND PUMP

Welter is the largest capacity Cressi Hydrosports pump. With a volume of 2000 cc, it can inflate a 300 l board in under 10 minutes.

The mechanical selector can be set to double or single action, to reduce fatigue when pumping at high pressures.

Equipped with a deflation valve, pressure gauge and multiple connections, it's compatible with Cressi Hydrosports SUPs and

Its foldable pedestal and unscrewable handles make the Welter compact and easy to store in a backcase pack.

NEW 2022

SPIDY

// DRY DECKCASE PACK 25 LITER

Spidy 25L Dry Deckcase pack born from the desire to create a waterproof backcase pack that can be comfortably carried on water during paddling activities. Spidy deckcase pack features adjustable straps with snap hooks, which can be hooked to the D-rings of each SUP boards from our collection.

The backcase pack is completely waterproof and can be opened and closed in two different ways: from the top side, thanks to the large opening with strap for watertight closure, or from the bottom by the practical dry zip that surrounds

the backcase pack's structure. The lower hinged opening is especially useful during paddling, when the Spidy is fastened at the board, as it lets you easily access the inside of the deckcase pack without having to unroll the upper opening. The front of the backcase pack has a bungee rope to storage equipment, while the side has a utility pocket.

The back and the adjustable padded shoulder straps, combined with the chest strap, make the Spidy a practical, comfortable and roomy backcase pack, ideal for all water activities.

TECHNICAL FEATURES

- 180° field of vision:** Cressi Duke boasts a visual field that is 30% larger than normal full face masks
- Stop fogging:** The new baffle that Cressi has created optimizes air circulation, completely eliminating the fogging effect
- Safety valves:** Special safety valves allow you to easily purge water
- Natural breathing:** Ample front area lets you breathe naturally through your nose and mouth with 0% effort
- Dry Snorkel:** The snorkel features a special Dry System that keeps water out of the tube
- High quality:** Cressi Duke is made using extremely high quality materials and technology. Cressi provides a convenient carrying bag
- #cressievolution:** Cressi Duke is the evolution of the first full face mask ever produced, called the Medusa, made in 1946

BARON

// WINDOW TO THE SEA

The Baron is the version of Duke with a different case pack (cardboard box instead of the reusable bag) and a more simplified aesthetics, but with identical features that differentiate it from other face masks on the market.

The Duke-Baron project has required in-depth studies of the design and circulation of both inlet and exhaust air, in order to solve the usual problems in these masks in competing models and make the Cressi face mask especially safe in any situation. The valveless design guarantees a large

supply flow, unthinkable in other similar models, especially in case of fatigue or stress. The evacuation of the exhalation is channeled in separated ductwork that prevents the accumulation of carbon monoxide in the breathing zone.

The air circulation in Baron is clearly superior to that of any other mask on the market. Tested in the laboratory of the Engineering Department of the Milan Polytechnic, where the results exceeded any expectations.

NEW 2022

KNIGHT

// FULL FACE MASK

Designed with the highest quality materials and technology. It lets you explore the marine world by breathing naturally through the nose and mouth with zero effort. Its field of view is approximately 30% larger than common full face masks.

The air deflector completely eliminates fogging. It is equipped with special safety valves for draining the water. The snorkel has a special dry system that prevents water from entering.

TECHNICAL FEATURES

- MASKS
- No fogging.
- Safety valve for purging water
- Natural breathing through the nose and mouth
- Larger field of vision

LARGER FIELD OF VISION

PALAU LAF SET

// ONDA MASK + SUPERNOVA DRY SNORKEL + PALAU LAF FIN

The Palau LAF Set is ideal for active water sports enthusiasts. Easy to case pack, it's the ultimate travel companion and is suitable for snorkeling, swimming, body surfing, boogie boards and more. The Palau Long Adjustable Fins (LAF) are open heel made for use with bare feet and provide outstanding comfort and versatility. The open-heel design means each fin can accommodate a wider range of sizes. It also allows dive schools or rental departments to stock fewer sizes while providing very high quality fins to customers. The Palau's blade delivers excellent thrust with a modest kicking effort. The Onda has a single tempered glass lens, and is designed for snorkeling, swimming and scuba diving. The skirt is made from soft hypoallergenic transparent silicone. The visibility provided

by the single lens and the unusual shape of the frame extends in all directions. Excellent seal on many face types, average internal volume. Quick-release strap buckles.

The Supernova Dry has a splash guard on the top that reduces the entrance of water during use on the surface. The top features a special valve that seals the tube when diving even the snorkel is submerged. A water collector, featuring a purge valve, allows quick and easy expulsion of water. The Palau set includes a re-usable zip-up bag with a shoulder strap, perfect for travel and recreational use.

PALAU SAF SET

// ONDA MASK + SUPERNOVA DRY SNORKEL + PALAU SAF FIN

A true sports fin, the Palau SAF Set is ideal for active water sports enthusiasts. Short and easy to case pack, it's the ultimate travel companion and is suitable for snorkeling, swimming, body surfing, boogie boards and much more. The Palau Short Adjustable Fins (SAF) are open heel made for use with bare feet and provide outstanding comfort and versatility. The open-heel design means each fin can accommodate a wider range of sizes, so family members or friends can share equipment more easily. It also allows dive schools or rental departments to stock fewer sizes while providing very high quality fins to customers. The Palau's blade delivers excellent thrust with a modest kicking effort.

The Onda has a single tempered glass lens, and is designed for snorkeling,

swimming and scuba diving. The skirt is made from soft hypoallergenic transparent silicone. The visibility provided by the single lens and the unusual shape of the frame extends in all directions. Excellent seal on many face types, average internal volume. Quick-release strap buckles.

The Supernova Dry has a splash guard on the top that reduces the entrance of water during use on the surface. The top features a special valve that seals the tube when diving, even when the snorkel is submerged. A water collector, featuring a purge valve, allows quick and easy expulsion of water. The set comes in a practical travel bag.

BIG EYES & SUPERNOVA DRY

// BIG EYES MASK & SUPERNOVA DRY SNORKEL

The Big Eyes & Supernova Dry is a combination of a really good Mask and a complete Dry snorkel perfect for enjoying the snorkeling.

The Big Eyes, that began a revolution, remains one of the most duplicated designs today. Its inverted tear-drop lens shape and raked lenses provide 30% greater field of view than typical twin-lens masks. The high-grade silicone skirt's unique shape positions the lenses comfortably close to the eyes and provides an excellent seal. The Supernova Dry has the dry-top design that

allows users to take every breath with confidence and focus on the reef below. A float-activated valve instantly seals off the breathing tube if submerged while swimming or from overhead waves. A generous bore provides ample airflow and a lower purge valve enables instant clearing when needed. The Combo comes with a nice and useful hand bag for carrying the equipment.

SAILING THE GREAT VIEW

MAREA & SUPERNOVA

// MAREA MASK + SUPERNOVA DRY SNORKEL

The Marea & Supernova Dry is the perfect solution for most snorkelers and scuba divers. The Marea is made in 100% silicone to assure comfort and a perfect seal. It is a multi-use mask suitable both for use on the surface and in depth thanks to the small inner volume and to the soft nose pocket, which makes equalization easy. The Supernova Dry has a splash guard on the top that reduces the entrance of water during use on the surface.

The top features a special valve that seals the tube when the snorkel is submerged. A purge valve at the bottom of the tube allows for quick and easy expulsion of water.

 - Easy adjustable buckles
- SNORKEL
 - Dry top valve
 - Splash guard top
 - Bottom purge valve
 - Quick-release snorkel keeper
 - Silicone mouthpiece

PERLA & SUPERNOVA DRY

// PERLA + SUPERNOVA DRY SNORKEL

The Perla & Supernova Dry combo is suitable for enjoying snorkeling and diving without worrying about water entering the mask or snorkel. The Perla mask skirt is made out of 100% hypoallergenic soft silicone and the lenses are tempered glass and anti-fog treated. The mask has a smaller profile and a slight tilt, allowing the mask to sit closer to the face. The Perla is a low volume mask that sits closer to the eyes, increasing the underwater field of view. The Supernova Dry snorkel is equipped with a special valve that seals

the tube as you dive down, almost totally preventing the entrance of water when the snorkel is submerged. At the bottom of the snorkel there is a large purge valve, making expelling excess water quick and easy. The Perla & Supernova Dry Combo is perfect for any intermediate to advanced level snorkeler.

IKARUS & ORION DRY

// IKARUS MASK + ORION DRY SNORKEL

The Ikarus & Orion Dry combo is a lightweight equipment great for travelers that want to discover the underwater world. Both mask and snorkel have parts made with soft and hypoallergenic silicone to ensure comfort and ease of use. The mask has a silicone skirt to ensure comfort and a perfect seal. Thanks to the adjustable buckles, it is possible to adjust the length of the silicone strap. The lenses are made in tempered glass. The

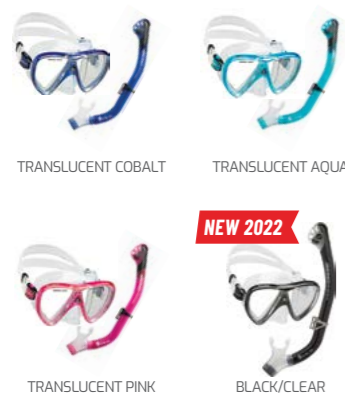

snorkel features a special valve on the top that seals the tube when submerged. The mouthpiece is made in soft silicone for avoiding jaw fatigue. At the bottom, a purge valve makes it easy to purge the water from the snorkel.

FOCUS

The ultimate in versatility, this classic mask offers the best fit and performance for the greatest variety of facial shapes.

Its low-volume, twin-lens design gives divers and snorkelers a proven

combination of size, fit and durability. Lightweight and easy-to-clear, it has swiveling, quick-adjust buckles and accepts corrective lenses. It is also an excellent value.

The lenses are positive for correcting negative dioptres (myopia)

ESTRELLA

The Estrella is a mask suitable for teens and people with narrow faces. This mask has a single tempered glass lens to ensure a wide view, designed for snorkeling and swimming. The skirt is made from soft hypoallergenic transparent silicone, an ideal material that is soft on the skin and

ensures a perfect seal. The mask features an easy-to-reach one-hand nose pocket for ear equalization. The buckles system allows to easily adjust the length of the mask strap. Mask has a double feathered edge skirt and wide split strap design that provide a great seal.

TECHNICAL FEATURES

- Suitable for snorkeling and swimming
- Single tempered glass lens
- Adjustable buckle for proper fitting and easy use
- Hypoallergenic Transparent Silicone Skirt
- Double Feathered Edged Skirt for Comfort & Fit

MAREA

The Marea is made in 100% silicone to ensure comfort and a perfect seal. It is a multi-use mask suitable both for use on the surface and in depth thanks to the small inner volume and to the soft nose pocket to compensate for air pressure. A mask particularly suitable

for freediving and snorkeling, but just as appropriate for use in scuba diving. It has separate lenses, a skirt edge that adapts to most faces and a small inner volume, perfect for freedivers. It is made from soft silicone and comes with strong rapid action buckles to adjust the strap.

PERLA

A mask particularly suitable for freediving and snorkeling, but just as appropriate for use in scuba diving. It has separate lenses, a skirt edge fitting most of the faces and a

small inner volume, perfect for freedivers. It is made from soft transparent or dark silicone for a better comfort and a perfect seal. It comes with strong rapid action buckles to adjust the length strap.

SNORKELS

ALPHA ULTRA DRY

The Alpha Ultra Dry uses the latest dry-top snorkel technology with a compact valve that automatically closes to keep water out regardless of the angle of the snorkel. The Alpha also has a new, highly flexible tube that reduces jaw fatigue and folds compactly for storing in a BC pocket or travel case pack. A new, wider elliptical shape increases air flow capacity for more comfortable breathing, while the purge valve enables instant clearing.

TECHNICAL FEATURES

- Dry Valve Technology seals breathing tube when submerged at any angle
- Flexible tube allows folding for storage
- Mouthpiece drops away when not in use: great for scuba divers
- Angled mouthpiece reduces jaw fatigue
- Lower purge valve allows any water to be quickly expelled
- Streamlined design reduces drag while swimming
- Adjustable snorkel keeper for securing to any mask

TAO DRY

The Tao Dry is a dry snorkel that allows divers to take every breath with confidence and focus on the reef below, not worrying about water in your air way.

The top has a Splash Guard and a floating mechanism that prevents entry of water when submerged. The contoured tube provides ample airflow and a lower purge valve enables instant clearing.

FINES

PALAU LAF

// LONG ADJUSTABLE FINS

These open-heel fins are made for use with bare feet and provide outstanding comfort and versatility. The open-heel design means each fin can accommodate a wider range of sizes, so family members or friends can share the equipment. This

allows dive schools or rental departments to stock fewer sizes while providing very high-quality fins to customers. The Palau's blade delivers excellent thrust with a modest kicking effort.

PALAU SAF

// SHORT ADJUSTABLE FINS

The Palau short adjustable fin (SAF) opens the way for a new type of snorkeling and swimming fin. It has been designed for two specific purposes. The first was to have a foot pocket that could easily adapt to at least three or four consecutive foot sizes. This would enable the same fin to be used by all the members of a family, or by a group of friends. It would also make it

great for rentals in a diving center or on a charter boat, without requiring an infinite number of sizes. The second purpose was to guarantee extreme comfort and an ease of fit in a strapped open heel fin even if it is to be worn barefoot.

TONGA

// SHORT ADJUSTABLE FINS

The Cressi Tonga are short open heel fins with adjustable straps to use both outdoors and indoors. They are ideal for travelers thanks to their dimensions and light weight.

The buckles have a special design to ensure robustness and long use. The fin strap features a large thumb loop to make easy the donning and doffing. It is also practical to hang them on a hook.

The foot pocket is made of a rubber material that makes donning comfortable and easily adapts to different shapes of feet. Being an open foot pocket fin with an adjustable strap, it adapts to different shapes of feet and can also be shared between different people who have a

similar size. The composite design of the blade provides comfortable finning and helps to reduce leg cramping. The fins come with a practical net bag ideal for rinsing the fins after use and removing any sand.

BONETE PRO

// SHORT ADJUSTABLE FINS

The Bonete fins are short, open-heel fins with adjustable straps. The redesigned buckle system increases the sturdiness and ensures a long lifespan. The fin strap features a large thumb loop for easy donning and doffing. They can also be hung on a hook for drying. The foot pocket is made of a rubber material for comfort and adapts to all feet. This open-foot pocket fin comes with an adjustable strap,

which allows it to be shared between different people in a similar foot size-range. The composite design of the blade provides comfortable finning and helps reduce leg cramping. A practical net bag is included with the fins, ideal for rinsing them after use and removing any sand. The fins are ideal for travelers due to their compact dimensions and light weight.

PLUMA

// FULL FOOT POCKET FINS

This high-tech fin designed specifically for snorkeling benefits from the best technologies used in freediving and scuba diving. Cressi's unique molding process also allows for the use of three separate materials to create a highly-responsive

blade. Now, snorkelers can power through currents and enjoy hours on the water without undue muscle strain. The Pluma's computer-designed foot pocket provides excellent power transmission and unparalleled comfort.

LIGHT-WEIGHT POLYPROPYLENE BLADE

AGUA

// FULL FOOT POCKET FINS

The Agua is a very easy fin to use and doesn't require any special athletic or water-sports training, yet still delivers excellent performance without tiring the feet.

Thanks to the latest technology and Cressi's experience in developing these products, we've been able to markedly decrease the weight of this fin compared to others in its category, while still preserving excellent responsiveness.

The foot pocket features the original Self Adjusting Foot Pocket system, which thanks to the special softness and elasticity of the blends, makes for a consistently soft and adherent fit.

RONDINELLA

// FULL FOOT POCKET FINS

The Rondinella is the ideal fin for snorkeling and swimming.

Made with the same materials as the more technical range: polypropylene for the skin and very flexible thermoplastic rubber for footwear and side members. Polypropylene is the main elastic of the blade which translates into a fluid and effective finning with reduced effort.

The fin is designed with the shoe in the middle of the blade so that the transmission of force is effective, with a progressive and pleasant movement for the swimmer, reducing the hydrodynamic resistance of the upper part of the foot.

The sole of the shoe has a calculated rigidity to avoid foot cramps. The back

area of the foot pocket is larger and reinforced, and a small rubber tab on the upper part makes it easier to put it on.

Its proportioned design, the materials, and the comfort of its structure are an excellent quality / price / comfort ratio of the fins of this category.

TECHNICAL FEATURES

- Full foot long blade
- Above blade foot pocket
- Reactive polypropylene blade
- Flexible and comfortable foot pocket
- Light and powerful

CLIO

// FULL FOOT POCKET FINS

Colorful and functional, the Clio has been a staple of the Cressi fins line for many years. The blade, made with EVA, is melted during the molding with a Soft Thermo-Rubber (elastomer) used for the foot pocket, for the side stringers and for some inserts, to offer maximum quality and comfort. It features a fluid and undemanding kick, perfect for children

and adults alike. Because of its extreme comfort, prolonged use of the fin is possible. The Clio is an excellent fin for snorkeling and swimming.

AGUA SHORT

The Cressi Agua Short swim fin is the shorter more versatile version of Cressi's popular Agua long blade fin. The Agua Short fin is ideal for travelers and it is a concrete swimming aid either for pool or sea swim-lovers or snorkelers. It has the same features as Cressi fins such as an above-the-blade, self-adjusting foot pocket

for incredible flexibility and comfort. The Agua Short fin is great for any level of user and it is a must-have for your next tropical vacation or water workout next time you travel.

TECHNICAL FEATURES

- Light polypropylene blade
- Self-adjusting foot pocket system
- Above blade foot pocket
- Short blade

LIGHT

// SPECIFICALLY DESIGNED FOR TRAINING AND BUILDING MUSCLES

The Light fins are specifically designed for pool use and for swim training, but can also be used adequately for recreational swimming and snorkeling. The short blade is made of a highly reactive and light material which guarantees agile and effective kicking without tiring out your legs. The length of the blade has been researched and studied by Cressi to ensure perfect muscle training without causing cramps or discomfort. The anatomically

designed foot pocket is made from soft rubber elastomers, and it houses the foot with a great deal of comfort, even during long swimming sessions.

TECHNICAL FEATURES

- Increased speed
- Improved leg strength and flexibility
- Improved body motion & position
- Improved racing technique
- Anatomic foot pocket
- Short blade

WETSUIT DETAILS

MOREA

// 3 MM

The Morea is a 3 mm neoprene one-piece wetsuit ideal for scuba diving, snorkeling, swimming, and other aquatic sports in warm waters. It is assembled using flat sewing with anti-fraying thread. The large neoprene panels optimize its natural elasticity and combine with an elastic nylon lining. With the goal of reducing water leaks, the dorsal YKK® zipper is equipped with an Aquastop® flap. Velcro® dorsal zipper closure. The ankle

and wrist finishes are completed using Overlock cuffs. It has an Anatomic Shape® preformed collar that complements the contours of the chest and neck with a super-elastic Ultraspan® lining and nylon lining mixed with Ultraspan® in the joint areas. Improving hydrodynamics, the elasticity guarantees a quick-dry when the suit is out of the water and exposed to the wind in aquatic activities like skiing, sailing, or surfing.

- › Rubberized neoprene on the chest
- › Mixed ultraspan material
- › 120° Anatomic shape neck closure

MAYA

// 2.5 MM

All-in-one for temperate waters, hoodless, with long sleeves and pants, made from double lined 2.5 mm thick neoprene. To reduce water infiltration, the strong rear YKK zipper has an Aqua stop under the zip. The neck is watertight thanks to a single-

lined neoprene seal. Legs and sleeves finished with the simple, economic, and reliable Overlock cuff. The legs are pre-formed to guarantee easier kicking movement.

► Shoulder size indication

NeoPro-fit

Cressi wetsuit designs ensure a superior fit. NeoPro-fit combines a high level of erosion resistance and durability, along with superb elasticity and softness. We guarantee better performance and affordability.

TECHNICAL FEATURES

- One-piece full wetsuit
- 2.5 mm neoprene for warm water diving
- Provides protection from stinging sea life
- Easy donning and doffing
- Anatomic cut neck closure

BAHIA FLEX

// 2.5 MM

The Bahia Flex 3mm is the successor of the Bahia front-zip full wetsuit. This model is redesigned to ensure total freedom of movement and can be used in any water sport. The wetsuit features separate anatomical cuts for both men and women. The front-zip, made of metal YKK®, ensures ease of donning and doffing. The cut is designed to guarantee complete adherence to the body, just like a second skin. The Flex areas facilitate movement, ensuring complete comfort. A

small difference between thickness makes donning and movement easier, particularly in the arms and ankle areas. Cuff seals prevent water entry while swimming and the double-lined Neoprene resists compression at depth. The double-lining is more durable than the single-lining of other competitor's wetsuit. The knee and shin area is reinforced to protect the wetsuit against accidental scratches. The Aquastop wrist and ankle seals limit water exchange.

► One-piece wetsuit

...FLEX

Cressi wetsuit designs guarantee complete adherence to the body, just like a second skin. The flex areas facilitate movement, ensuring complete comfort and ease of donning and motion, especially in the arm and ankle areas.

LIDO LONG

// 2 MM

The easy-entry, front zipper placement of the Lido makes it effortless to put on. It is perfect for snorkeling, diving in tropical waters, swimming, surfing and other activities. Highly flexible 2 mm Neoprene and a flattering cut conform easily to most body shapes for a great

fit. The absence of seams under the arms prevents the intrusion of water. Fabric cuts are anatomical for both men and women. The legs and sleeves are finished with a simple, economic, and reliable Overlock cuff.

PLAYA FLEX

// 3 MM

The Playa Flex is the successor of the Playa front-zip short wetsuit. The cut is designed to guarantee complete adherence to the body, just like a second skin. The Flex areas facilitate movement, ensuring complete comfort. A small difference between thickness makes donning and movement easier, particularly in the arms and ankle areas. The wetsuit features separate anatomical cuts for both men and women. This model is redesigned to ensure total freedom of movement and

to be used in any water sport. The front-zip, made of metal YKK®, ensures ease of donning and doffing. Divers will appreciate the high-quality double-lined Neoprene, which retains its shape and insulating ability at depth. The Playa Flex is perfect for snorkeling, diving in tropical water, swimming, sailing and all water sports in general. The arms and legs are made with an elastic Neoprene Ultraspan® braided seal to minimize water infiltration.

2.5 mm high stretch neoprene

SKIN

// 3 MM

Crafted from nylon material, the Skin is a versatile and a must-have fullsuit for traveling divers. The high-stretch material is effortless to swim in and naturally conforms to the body to reduce drag. The Skin provides UV protection on the surface

and just the warmth needed for extended snorkeling or diving sessions in tropical waters. A long front zip makes the Skin easy to put on and the suit easily layers under thicker dive wear.

CRESSI'S SIZE CHART IS TO BE USED AS A REFERENCE ONLY

TROPICAL GLOVES

// 2 MM

Five fingered gloves 2 mm thick Neoprene, made from two different soft and light materials. The palm and finger area uses a light Gray Napa that becomes extraordinarily soft upon contact with the water. However, the upper part of the glove and the wrist area are made from very thin, supple neoprene.

A large area that corresponds to the upper side of the wrist allows for instant adjustment, both before and during the dive. These are particularly suitable gloves when you need the very best touch sensitivity in the fingers. The palm also offers good resistance to abrasions.

ANTI-SLIP SOCKS

// 2.5 MM

These are single-lined, thin, high stretch neoprene socks. The inner is lined in Metallite so they are easy to put on. The sole has an effective non-slip lining. They can be used with both closed foot fins for greater warmth and to protect the skin

from scratches and chafing, as well as with firm-soled socks, using open-heel fins. In this case, warmth is considerably increased and it is also easier to put on your wetsuit.

DRYBAG

OCTOPUS

// DRY BACKCASE PACK

The Octopus is a Dry Bag of 30 liters capacity full of accessories. It features 2 adjustable shoulder straps completed with D-Rings allowing to attach other kinds of equipment. On the left side, there is an adjustable hand strap with 2 other d-rings. On the right side, there are handles allowing to attach other equipment and tools like carabiners. It is

ideal for protecting your equipment from the water when sailing or in a boat. It can be used also for carrying wet equipment like scuba diving wetsuit and snorkeling gear to avoid wetting other things like the car trunk. The seams are made with Seamless technology (high-frequency welded) and with a completely watertight closing system.

CRETE

The Crete is great for hauling virtually any dive equipment, even the heavy stuff. The duffel-style mesh bag is made of durable polyester mesh that lets water drain easily. Roomy enough and strong enough for a full set of snorkeling, it is an ideal gear-hauler for live-aboard use or for carrying dive suits separately. The mesh bag is also excellent for carrying rental equipment when resort diving. It folds compactly into a round bag with handle and is easy to store in your suitcase or

main dive bag, ready when you need it. Bag is equipped with YKK zippers. Padded full wrap-around carry handles make hefting the load that much easier. The Crete dimensions are long enough to case pack a complete set of snorkeling as fins, masks, snorkels, wetsuits. You can rinse the gear while still-in-the-bag and let it dry after.

SPIDER MESH BAG

DESCRIPTION:
The Spider Mesh Bag is great when you need to carry your wet scuba gear or your snorkeling equipment. Thanks to its net design, it lets the equipment dry fast. The mesh is made of strong polyester fabric, a material that resists weight and dries quickly. It has a high storage capacity, enough for carrying a complete scuba set (BCD, regulator, gauges, octopus) and even mask, fins and snorkel and also wetsuits. It features a drawstring closure with a barrel lock fastener.
DIMENSIONS: 61 X 91 CM | 24 X 36 IN.

| CODE | CASE PACK |
|----------|-----------|
| UB939000 | 10 |

NETBAG

DESCRIPTION:
The Net Bag with drawstring closure with barrel lock fastener is ideal for carrying long fins and snorkeling equipment. The net style mesh allows to rinse the fins while still in the bag and hang to drip dry after use.

MAREA JR & MINI DRY

// MAREA JR MASK + MINI DRY SNORKEL

The Marea Jr & Mini Dry is a combination of two colorful products for children that want to have fun snorkeling and discovering the underwater nature. The Marea Junior is Italian made and is the small size of the Marea for adults. It is a 2 windowed mask with tempered glass lenses. It features a double feathered skirt edge that adapts to most faces and a small inner volume that is perfect for going deep underwater. The Marea Jr is made of 1 high-quality soft silicone that offers extraordinary and unprecedented comfort and fit. It is equipped with

micrometric buckles for easily adjusting the strap length. Thanks to the silicone hand-nose pocket it is easy to equalize the pressure even wearing thick gloves. The Mini Dry features a Splash Guard and a Dry Top to avoid water entering the tube. The corrugated tube is flexible and made in soft silicone. At the bottom there is a small tank and a purge valve for blowing out easily some water. The mouthpiece is soft and made in clear silicone. The snorkel has a keeper for securing it to the mask strap that features a quick release for un-linking it.

KIDS

ESTRELLA JR & TOP

// ESTRELLA JR MASK + TOP SNORKEL

The Estrella Jr mask is a single tempered lens mask suitable for young water lovers and is designed for snorkeling, swimming and scuba diving. The mask skirt is made from soft hypoallergenic transparent silicone with a double feathered edge that gives an excellent seal on many face types. The Top snorkel is a modern, small semi-dry snorkel, designed specifically for kids. The tube is made from a transparent, contoured and flexible material. The quick-

release snorkel keeper system allows height adjustment for comfort.

The top end of the tube ends with a semi-dry splash-guard to prevent water from entering the tube even in rough water. The angled 100% high-quality silicone mouthpiece is designed for extreme comfort even during extended use. The top snorkel has a large internal elliptical one-way purge valve at the bottom for improved drainage.

CRESSI'S SIZE CHART IS TO BE USED AS A REFERENCE ONLY

KIDS MOON

The Moon is a small mask suitable for children. The mask is really more comfortable, compared to the traditional swim goggles, and are ideal to be used in the swimming pool even in the sea with a snorkel.

The two lenses have a design that follows the natural shape of the face drastically increasing the field of view. They are made with anti-scratch and anti-fog treatment. They also protect the eyes against the dangerous UV sun rays.

The skirt is made of hypoallergenic TPR, a soft material that ensures comfort. The front frame is made of very flexible plastic and, in combination with the TPR, the mask ensures a perfect seal and adapts to most shape faces. The nose pocket is easy-to-reach for ear equalization if the child swims below the surface of the water.

The buckles are the same used in the Cressi premium scuba diving mask and allow the user to easily adjust the strap length without effort.

KIDS MINI DRY

Version of the Supernova Dry model for kids. The Mini Dry snorkel has an original anti-splash end with a special valve that seals the tube as you dive, almost totally preventing the entrance of water as the snorkel is submerged. The lower end

has a corrugated part that is smooth on the inside and keeps the snorkel away from the mouth when using a breathing apparatus. A special water collection cup, with a large elliptic discharge valve, makes expelling water quick and easy.

TECHNICAL FEATURES

- Top with floating valve that seals the tube while submerged
- Splash-guard top
- Corrugated tube made of flexible silicone
- Angled mouthpiece for reducing jaw fatigue
- Replaceable mouthpiece made of hypoallergenic silicone
- Lower purge valve for blowing out excess of water
- Quick-release snorkel keeper

KIDS

KIDS SWIMSUIT

// 1.5 MM - SHORT SLEEVE

One-piece swimsuit for little children ideal for any kind of water activity. It is a must-have for the swimming pool or to go snorkeling in the sea. The wetsuit works

like a second skin, protecting against the harmful sun ray and against jellyfishes. Lightweight and easy to put on, it offers excellent freedom of movement.

TECHNICAL FEATURES

- Shorty style
- Chest, back and legs fabric: 1.5 mm Neoprene
- Sleeves, collar and colored axillary section fabric: Elastane
- Front YKK zipper
- Great sun UV-rays protection: UPF 50+
- Jellyfish protection

KIDS MINI COBRA

The Mini Cobra is designed for kids, for swimming and enjoying the sea. Made of silicone, a better and longer-lasting material than plastic PVC. This material is more comfortable and allows a perfect fit for most facial profiles. The mask is made with a single-piece skirt that is characterized by the presence of an elastic element within the structure that allows

a better fit than other goggles. The lenses are shatterproof and made with an Anti-Scratch, UV Protection, and internal Anti-Fog treatment.

KIDS BALOO

The Baloo is the best seller mask in the Cressi swim line for kids, designed with extreme comfort in mind.

The mask has a flexible frame, a watertight fit, and easy adjusting buckles that make it the most comfortable and easy-to-use children's swim mask on the market today. It is perfect for swim lessons and is the ultimate in aquatic eye

protection. Because the lenses are curved, children do not feel claustrophobic. In addition, they are shatterproof, have an internal anti-fog treatment and are kid safe. The Baloo mask is the perfect solution for kids ready to experience the aquatic world.

KIDS ROCKS

The Rocks are designed for young swimmers that need comfortable swim goggles for prolonged use. They feature a classic round lens shape that is also slightly curved for excellent peripheral vision. Lenses feature external anti-scratch treatment, UV protection and

internal anti-fog treatment. TPR gaskets around the lenses form a comfortable, watertight seal. 100% hypoallergenic silicone strap for maximum comfort and fit. Strap and buckles are interchangeable with all other Cressi goggles and masks in the swim line. Offered in a variety of colors and lens tints, including a mirror lens version with black silicone.

THUNDER

SIZE D

The Thunder goggle is characterized by an elastic nose bridge which allows for perfect adaptability to a large number of facial profiles. The lenses are slightly inclined to follow the natural shape of the human face and increase the field of view. The lenses are shatterproof and offer UV ray protection. An internal anti-fogging treatment prevents fog during use.

The gasket is made with hypoallergenic, high-quality silicone to ensure comfort and a perfect seal. The double-strap is made with silicone to ensure a perfect fit without over-tightening. The Cressi-patented buckle system makes adjusting the strap effortless. The Thunder is a versatile goggle, ideal for recreational swimming and competition, as well as both indoor and outdoor use.

TECHNICAL FEATURES

- Comfortable leak proof eye gasket
- Flexible nose bridge fits various facial profiles
- Split strap made of soft and flexible silicone
- Eyes gaskets made of hypoallergenic, high-quality TPR
- Micrometrically adjustable buckles easy to reach
- Lenses: Inclined 18° anti fog, anti scratch,
- 100% anti UV

FLASH LADY

SIZE B

Flash goggles are characterized by the presence of an elastic element within the structure which allows for perfect adaptability to a large number of facial

profiles. Lenses are slightly curved on the outer profile, offering maximum visibility. Shatterproof lenses with scratchproof treatment and UV protection, as well as internal anti-fogging treatment. Indestructible, micrometrically adjustable buckles. Possibility of instantly replacing the buckle-strap structure with other models from the Cressi range.

TECHNICAL FEATURES

- Comfortable leak proof eye gasket
- Flexible nose bridge fits various facial profiles
- Recreational, fitness and open water swimming
- 2 year warranty
- Curved lenses technology for optimum side viewing
- Lenses: Inclined 18° anti fog, anti scratch, 100% anti UV
- 100% High quality TPR

RIGHT

SIZE B

The Right goggles feature a classic round lens shape. The lenses are also slightly curved which provides excellent peripheral vision. The TPR gaskets around the lenses form a comfortable, watertight seal around the eye socket. The lenses feature external anti-scratch treatment,

UV protection and internal anti-fog treatment. The headband is made of 100% hypoallergenic silicone for maximum comfort and fit. The strap and buckle is also interchangeable with all other goggles and masks in the Cressi Swim Line.

PROTECTIVE BOX!

NEW 2022

NUOTO 3.0 & 2.0

The redesigned version of the Nuoto goggles for adults, the Nuoto 2.0 has been improved for maximum comfort.

The Nuoto 2.0 are made from soft thermoplastic materials, with a high standard of quality. The shape of the two eyepieces is highly anatomical, thus ensuring an excellent watertight seal on most face shapes. The lenses are

made from shatterproof material that has anti-fog treatment and UV ray protection. The strap has a buckle for quick and easy adjustments.

The Nuoto goggles have been designed to offer swimming and water sports enthusiasts a product that is of excellent quality and comfort at an affordable price.

GALILEO

// THE ONLY GOGGLES WITH TEMPERED GLASS LENSES

The Galileo goggles have marked a historical turning point in the swimming goggles sector.

Their flat lenses are mounted on a rigid frame, just like a diving mask, thus guaranteeing perfect vision with no distortion.

The shape of the lenses, which are perfectly flat and have no side curving, also prevents annoying distortion at the

sides of the lenses. The watertight seal is extraordinary and comfort is excellent. The strap has a quick adjustment system (Cressi patented), similar to that used on the prestigious Cressi-sub masks, which allows quick and easy adjustment.

The shatterproof lenses have external anti-scratch treatment, UV protection, and internal anti-fog treatment.

TECHNICAL FEATURES

- Lenses made of shatterproof tempered glass
- Flat lenses offer no distortion while underwater
- External anti-scratch coating
- Anti-fog treated
- Soft skirt ensures watertight seal and comfort
- Split strap made of hypoallergenic silicone
- Patented micrometrically quick adjustment buckle system
- Anti-UV protection

SKYLIGHT

// MONO LENS TECHNOLOGY

Cressi Skylight goggles have an innovative frame, unique to Cressi. This mask uses mono-lens technology, and the lenses are manufactured with an internal anti-fog treatment, are scratch-resistant, and shatterproof. The lenses in the mirrored and tinted version block out the ultraviolet light, enabling the swimmer to make out shapes more clearly. The innovative shape

of the Skylight frame delivers a maximized peripheral view. The silicone strap provides a secure and stable fit on the face for long periods in the water. Our patented easy-adjustable buckle has made it among the very best, for many years. If you are looking for the ultimate swim mask in the market, the Cressi Skylight is the mask for you.

LIGHT

// SPECIFICALLY DESIGNED FOR TRAINING AND BUILDING MUSCLES

The Light fins are specifically designed for pool use and for swim training, but can also be used adequately for recreational swimming and snorkeling. The short blade is made of a highly reactive and light material which guarantees agile and effective kicking without tiring out your legs. The length of the blade has been researched and studied by Cressi to ensure perfect muscle training without causing cramps or discomfort. The anatomically

designed foot pocket is made from soft rubber elastomers, and it houses the foot with a great deal of comfort, even during long swimming sessions.
