BID LIVE during any session. Please be sure to be connected during the equivalent time in your time zone!

FOLLOW THE BIDS as a spectator without the need to register or log in (but then you can't bid live).

We also WELCOME your bids on any lot in the auctions by e-mail, up to 24 hours before the lot will be offered.

THE DETAILS:

When you register, you choose your own user name and password, which will stay the same for all transactions on our site.

1. Bidding normally starts in the auction room and the lot will be adjudicated ignoring the Internet unless an Internet bidder has been recognised before the last price is reached.
2. Please click on the bid button as early as possible for your **FIRST BID** in the bidding as it may take a moment to connect via the server due to the different Internet connection speeds around the world. Once your bid is relayed the auctioneer notes an Internet presence and will delay the bidding at the end giving you a chance to finalise your bid.
3. When and only when there is an Internet bidder the display will show **GOING GOING GONE!** in sequence confirming the end of the bidding. You must get your final bid through at the moment of the display of the first **GOING**.
4. Sometimes several Internet bids may be made at the same moment. The server accepts the first bid received and ignores the others at the same price. This explains why you may have bid but the next bid is **NOT** for you. Please bid again immediately.
5. Every Internet bidder is automatically awarded a **credit limit** of € 20'000 or equivalent. If more is required before the sale just send us an E-Mail at: "accounts@davidfeldman.com" mentioning the new desired credit limit. During the sale you can ask to increase your credit limit through the "Finance" page of the Live Auction Software. Please note that in this case a few minutes could be needed to receive the answer.
6. Because of persons who have missed lots because of auction speed, we strongly urge you to e-mail us a listing of all lots or groups of lots on which you may bid (no obligation), so the auctioneer may be aware. We also suggest you to give us a phone number where we can reach you during the sale in case of any difficulties. If you need help in any way before or during the auction, please contact our auction secretariat by telephone at: +41.22.727.0770, which will connect you with the appropriate person.

27p Black on rose, phenomenal example with stupendously large margins (see “Expertise” below) and exceptionally sharp impression in deep black, cancelled by light legible “PIATRA / MOLDOVA / 26/10” small double-circle datestamp in blue. One of the finest used examples possible and an important rarity used from Piatra (2 used singles and one cover recorded; none approaches this in condition)

Expertise: several old signatures incl. Thier; cert. Heimbüchler (2008) mentions two tiny scuffs on reverse outside design, and also states this is the “largest” example of any of the First Issue known (“...zu grössten bekannten Marken der 1. Ausgabe.”)

Background: Heimbüchler Handbook I, 291/3; of 154 used off-cover examples, this is one of just three items recorded with the Piatra datestamp, one of which (a cover) was in the Witzleben collection, now in the Russian Postal Museum

The Rarest Stamp of Romania: Unused 80 Parale Bluish Paper

7ax

80p Red on greenish-blue paper, an impressive **unused** example of this Second Issue rarity, mint with full brownish original gum, very large even margins all around, stunningly fresh, a superb item for the true connoisseur of quality as well as rarity

Expertise: certificate A. Diena (as blue pelure paper) and Heimbüchler (2008; see "Note" below)

Note: the Heimbüchler certificate opines that this stamp is NOT on the ordinary lilac-bluish paper, which is exceptionally rare (reportedly 3 unused known), but on an **even scarcer unrecorded greenish-blue paper**, "Possibly a rare shade between, which happened when different papers were bought and used by the printing office." Such a distinction is primarily of academic interest. In any case, it is NOT the yellowish-white paper on which nearly all unused examples are found, and may well be **UNIQUE** on this shade of blue paper.

This is the only unused example of the 80 parale we have ever seen or handled on **any** bluish paper!

Background: Heimbüchler (Handbook I) states, "the 80 parale on bluish paper is surprisingly rare...even rarer than the unused 81 parale of the first Moldavia issue" (only 35 recorded, with only 25 seen since 1950).

Condition of Covers

Extremely Fine / Superb – outstanding, the envelope shows only the slightest amount of wear, the stamp and cancel appear fresh

Very Fine – choice condition, the envelope shows typical slight soiling or wear from usage

Fine to Very Fine – normal condition, the envelope shows a bit heavier wear or soiling

Fine – evident wear, still a presentable example

Light edge wear, top backflap faults, slight reductions at one side, and file folds are normal for 19th Century covers. Also normal are light cleaning and small mends along the edges. They are to be expected and are not always described, and are not grounds for return.

Very Fine – choice condition, the envelope shows typical slight soiling or wear from usage

Fine to Very Fine – normal condition, the envelope shows a bit heavier wear or soiling

Fine – evident wear, still a presentable example

Light edge wear, top backflap faults, slight reductions at one side, and file folds are normal for 19th Century covers. Also normal are light cleaning and small mends along the edges. They are to be expected and are not always described, and are not grounds for return.

Condition of Covers

Extremely Fine / Superb – outstanding, the envelope shows only the slightest amount of wear, the stamp and cancel appear fresh

Very Fine – choice condition, the envelope shows typical slight soiling or wear from usage

Fine to Very Fine – normal condition, the envelope shows a bit heavier wear or soiling

Fine – evident wear, still a presentable example

Light edge wear, top backflap faults, slight reductions at one side, and file folds are normal for 19th Century covers. Also normal are light cleaning and small mends along the edges. They are to be expected and are not always described, and are not grounds for return.

| 31264 | ☒ | 238 | 1917 Submarine Mail to Bremen - Tauchbootbriefe Nach Bremen | Offer |

In 1917, "Tauchbootbrief nach Bremen" was the address to which letters were posted for onward transmission by submarine to the United States of America and beyond, to be carried by the merchant submarine "Deutschland" based in Bremen, following two successful crossings in autumn 1916. A 2 Mark surcharge was added to the standard overseas letter rate of 20pf. An outer envelope franked with this surcharge and addressed to "Tauchbootbrief nach Bremen" contained the letters destined overseas. However, by February 1917, relations between Germany and the USA had deteriorated leading to the cancellation of the voyage and the letters were returned to the sender who could reclaim the 2 Marks per cover fee.

Award-winning exhibition collection of 98 covers and 7 fragments neatly and knowledgeably written up comprises eleven outer covers (including double and triple rates as well as outer covers from Austria and Hungary), destinations apart from the USA, include elusive Hawaii, Bolivia, Chile, Argentina, Brasil, Guatemala, Cuba (2 known), Costa Rica, Nicaragua, Dominican Republic, Honduras, Haiti(!), Venezuela, Paraguay, Peru, Philippines, Dutch Indies, China, Spain, Dutch Guyana, and Mexico. A study of the different censor markings includes the fairly recently discovered "Y" marking and the very elusive "C" mark (only 3 examples known). Rare examples of the DOR cancel incl. January 31st, also different refund of the surcharge pmks, plus a section of examples of mistakes, errors and infringements.

⊙ | www | SLOVENIA: 1850-1945, One man's collection formed over many decades with a few hundred pages housed in 5 albums, without doubt the best Slovenian combined stamp and postal history collection we've had the pleasure to offer. This represents a co-ordinated search 'A-Z' on stamps and covers, particularly the latter from stampless covering the period of Austro-Hungarian empire through to Yugoslavia, as well as WWII with both Italian and German occupations, in considerable depth. There are about 300 postal history items here, as well as several hundreds of stamps on piece in superb condition, all written-up, including specialised cancels such as fancy, coloured strikes, herringbone postmarks, censors, occupations etc. Also seen good postage dues on cover, official mail including ornate strikes from the 19th and even 18th century through to oddball such as post check usage etc. Towns and villages such as Ajdovscina with good cancels on imperf and perf classics of Austria and on Austro-Hungarian postal stationery through to bilingual strikes etc. Also seen Italian postmarks where the name becomes Aidussina, this is typical of the collection. There is quite a range 'A-Z' on many places through to Zgornje Gorge, even Zirovnica. An excellent group is the Koper/Capo d'Istria which starts with a cover of 1786 with oval crowned postmark of the Venetian Republic in superb condition, followed by official cover of 1876 with 'Municipio Di Capodistria' and human/bull head emblem fancy cancel stampless, most visual. Other highlights are a postcard of 1905 with Austria 5h green and highly unusual 2h orange 'Serbian Nation' donation stamp with illustration of a boy with his mother gesturing towards the rising sun, both tied by rectangular strike of Krainburg. Also fascinating WWII era, material such as German official mail from Adria with special eagle and swastika cancel for Laibach etc. Also in the German occupations are covers with multiple strikes of provisional straight-line handstamp cancels for various towns on Third Reich combinations, Laibach again with 30c on 50c violet (#5) franking of 15 on money order, as well as decorative Italian official cancels, further Lubiana ovpts on Yugoslavia with 1d on 4d ultramarine block of four on cover etc. This description only scratches the surface of this wonderful collection and it must be viewed page for page to be properly appreciated. The "Szigetvar" Bisect Cover

1871 Engraved 2 Krajczar Orange, horizontal pair plus se-tenant third stamp BISECTED diagonally to make up the 5Kr inland single weight letter rate, all neatly struck by two clear SZIGETVAR / 30.1.73 cds to folded entire to Pecs, with arrival bs (31.1). Next to the bisect is written "szükségből" ("emergency" i.e. a lack of the proper stamps to make up the 5Kr rate) which would have been the only justification for the bisect usage.

An outstanding usage of great rarity, in fact the ONLY such usage known from this town, and per 1993 Ferchenbauer certificate, the only such legitimate bisect of this issue known to him. An exhibition showpiece of the highest rarity and importance.

Expertise: Ferenc Orban (1991) states "I have never before seen bisectings from Szigetvar office however, I am convinced that the office was in an emergency situation, which is stated with the old fashion Hungarian word "szükségből." Bisecting was forbidden, but there was not taken due at the arrival." Also certificate Ferchenbauer (1993).

**31360** ☒**LIBYA - 1896 Italian Franking Used From Tripoli**

1896 Large registered cover to Constantinople franked by Italy 1889 1 Lire neatly tied by TRIPOLI DI BARBERIA / 2.8.96 squared circle, with "T" in oval alongside and similar ds at right, sent via Syracuse (4.8.96 cds) and Udine (6.8.96 cds). At Constantinople, the Ottoman Post Office did not accept the franking (Levant P.O. should have used Levant stamps, not a normal Italian issue) and applied a total of 6 piastres postage tax (Turkey 1892 1pi blue-green strip of four + single, plus 1pi black postage due) on reverse and tied with Stamboul oval and battal cancels

Unique usage of the 1 Lire of Italy and obviously a great rarity of Libyan, Italian and Ottoman postal history. Ex Arsman

POST OFFICE IN RIZE

A postal agency opened at Rize by the ROPIT, probably much later than in other Black Sea Ports (possibly 1880s). Earliest cancellations recorded are of 1890 and the office closed on 1st October 1914.

During the WWI, Rize was occupied by the Russians in April, 1916 and remained in their hands until the end of 1917. A Field Post Office, perhaps also a civilian one, may have operated during this occupation, and used ordinary Russian stamps. However no postal material of the period is known.

Following types of cancellations were recorded and classified by Tchilinghirian.

POST OFFICE IN ORDU

A ROPIT Postal Agency is known to have operated at Ordu since the early 1860s, and was probably opened at the same time as Giresun. It must have used ordinary Russian stamps in 1863/4, ROPIT stamps in 1865/8, and Russian Levant thereafter. This office remained in operation until 1914.

△ ◎ 田 **1918-19 The Trident Overprints:** Exhibition collection neatly mounted & knowledgeably written up of 120 album pages the following is a brief description of each from of the frames of the collection

Frame 1: the exhibit commences with a specialised study of the main District of Kiev. Basic stamps are shown but mainly interesting items, specialised shades and varieties form the basis of this frame. High values of Kiev I including the 10 Rouble are shown, as well as some of the major varieties. A page to mention is the specialised study of Klyntsi. This includes some very rare pieces in particular a strip of five with the first Trident Inverted. As Kiev covered a large area, the stamps of Kherson, Novobilytsia (including a block of 4 with missing Tridents, note ex Ceresa included as Certificate), Zhytomyr, Ovruch and Sarny are displayed. The Romanov issues of Russia overprinted with Kiev IIgg are shown including inverted and usage on cover. Of interest is the wrapper of Type IIgg used locally within Kiev. The Parcel Post Receipt on the last page is most attractive.

Frame 2 commences with a Telegraphic Money Transfer Form stamped with Kiev II Tridents. Highlights of Kiev Type III are displayed including inverts, doubles and a major strip of the 2 Kopek with the overprint missing on the first stamp and part of the second stamp. This Trident was also overprinted in Brown. The most difficult area to show is the Ministerials of which a most representative display is included, both Red and Black overprints. An inverted Black is shown. The second portion of the frame details the first Types used in Odessa. Individual stamps are classified as well as a selection of some of the rare doubles. The highlight of this part of the Exhibit is a Printers proof of the 3 Kopek with a Trial pull of Odessa I in the top left hand corner which comes from the famous Baillie Collection. Rare stamps of Odessa I follow including inverts and misplaced overprints, incl. plateable positions.

Frame 3 starts with an attractive cover including Odessa I, II and III in combination. Odessa II then deals with a selection of varieties plus some plateable flaws. Some fine covers of Odessa II are displayed. A page of Tridents overprinted by General Wrangle's Army are included. A complete sheet of Odessa III is included displaying the only Standard Plating mark indicated in this issue. An informative page showing Odessa Types I, II and III is shown for the viewer to note the different Types of Trident used in this period.

Frame 4: the first page shows an important "Trachtenberg" cover showing two of the rarest Trident stamps on cover. Odessa IV covers some of the major errors and some high values complete this issue. The rest of the frame is devoted to an in depth display of Types 5a, 5b, 5c and 5d showing a great variety of errors and varieties including a fine selection of the high values both mint and used.

Frame 5: the first pages show the differences between Odessa 6a and 6b, including a most attractive Money Order Transfer Receipt stamped with a 1 Rouble value. The last 12 pages are devoted to the DISRICT OF KHARKIV, the third largest. An attractive registered cover plus some attractive varieties are shown. The 2 Kopek Green overprinted in Red Ink is a fine item. The items shown at the top of page 4 are important errors. The study of Types II and III are important, especially the High Values. The last pages show KHARKIV LOCAL ISSUES. The frame is completed with a selection of errors on high values and some fine used copies

Expertise: Many of the important items are signed by a series of well known experts incl. Biermann, Bulat, Seichter, Svenson, Zelonka, U.P.V.; Provenance: Many items from the Baillie, Seichter & Zelonka collections

A truly wonderful collection and a superb basis for study & expansion (1800+ singles & multiples, 33 covers & cards)

GUATEMALA**31584** ☒ (☒) 294 **Early Central America Postal History**

Excellent exhibit collection of about 180 items on 156 pages showing the pre-adhesive postal markings of the "Kingdom of Guatemala" (pre-independence) and its successor states, including Mexico (Chiapas), Honduras, El Salvador, Costa Rica and Nicaragua (all of which, except for Mexico had formed the Central American Confederation, 1821-39) and subsequently went their separate ways.

The exhibit starts with an early printed decree, map and other preliminary pages (6), then continues by States (incl. pre-independence items) starting with Chiapas (13 items on 9 pages, many diff. cancels on fronts or covers) followed by Guatemala proper (45 pages, some with more than one cover or front, incl. incoming, royal mail hs, etc.), Honduras (9 pages), El Salvador (40 pages, some with 2 covers or fronts), Nicaragua (14 pages) and Costa Rica (6 pages) with a further section of Official Correspondence (Guatemala) on 27 pages.
(continued on next page)

Overseas - Guatemala (continued)**31594 (cont.)**

Fronts, rather than full covers, are the norm for this material (it was archived thus) and this collection has a surprisingly generous number of full covers as well. The markings are legible to superb, and additional cachets, rate marks, etc. enhancing the value are sometimes present as well. Some incoming covers are included for the period, which is rich in pre-independence items incl. some with the famous patriotic "VIVA F. VII" as part of the handstamps.

Included with the lot are four volumes of the "Diccionario Geographico de Guatemala" (1961-62 2-vol. original edition plus 1968 2-vol. Supplement, all paper bound)

Estimate: € 8'000 - € 12'000

David Feldman Special Extended Payment Facility

David Feldman S.A. (**DF**) may offer a special extended payment facility for buyers. In these cases, the buyer may choose to pay a minimum of 25% of the total invoice on receipt, and the balance over an extended period of 6 months, paying an equal installment at the end of each month. Interest plus charges of 1%, is debited to the buyer's account at the end of each month. When the special extended payment facility has been granted, the buyer understands that any claims regarding his/her purchases must be made within 30 days of the auction sale date, even though the lots may be held by **DF** awaiting full settlement of the account. Until delivery, lots may be examined by their respective buyers at the offices of **DF**.

David Feldman SA - Conditions of Sale

The currency of the auction is the Euro (€)

Participation in any David Feldman S.A. auction means acceptance in full of the following conditions as well as any rights and obligations arising therefrom. These same conditions also apply to all transactions in auction lots taking place outside the realm of the auctions. DAVID FELDMAN S.A., organiser of the auctions, acts as an agent only and is not liable in any way whatsoever for any default(s) of purchaser(s) and/or vendor(s)

1. THE AUCTION LOTS ARE OFFERED

1.1 As presented in the relative auction catalogue and/or through the David Feldman S.A. website: Lots are meticulously described and with the greatest care, however without responsibility. Photographs count as part of the description with regard to the margins, perforation, centering, postmarks and all other visible attributes. The descriptions of the lots mention if the items are signed by recognised experts and/or accompanied by expert certificates.

1.2 As viewed in person: Before and during auction sales, all lots may be examined at our offices or at the auction location as scheduled in the auction catalogue and on the website. Persons or their agents attending a Live Room auction and/or who have viewed lots before an auction are understood to have examined all lots which they purchase and accept them as they are at the moment of the knocking-down and not necessarily as described.

2. AUCTION BIDS

2.1 The auction bid steps for all auctions are as follows: (some auctions may be in other currencies than Euros)

€ 50 - 100	€ 5	€ 2000 - 5000	€ 200
€ 100 - 200	€ 10	€ 5000 - 10000	€ 500
€ 200 - 500	€ 20	€10000 - 20000	€ 1000
€ 500 - 1000	€ 50	€20000 - 50000	€ 2000
€1000 - 2000	€100	€50000 - 100000	€ 5000

Bids between these steps will be adjusted accordingly to the next highest bid step. The bidder is bound by his offer until a higher bid has been validly accepted.

2.2 The Huissier Judiciaire together with DAVID FELDMAN S.A. have full discretion to refuse any bidding, to divide any lot or lots, to combine any two or more lots and to withdraw any lot or lots from the sale without in any case giving any reason. DAVID FELDMAN S.A. may also bid on behalf of vendors in cases where reserve prices have been fixed. In these cases, the vendor is treated as a buyer and the auctioneer shall bid on his behalf up to reserve prices. If the reserve price fixed by the vendor is not reached, the auctioneer passes to the next lot by a simple knock of the hammer.

2.3 Bid orders received by DAVID FELDMAN S.A. including via its website before the relative auctions have priority over room bids in the case of Live Room auctions. Clients giving bidding instructions to DAVID FELDMAN S.A. may make alternative offers and/or limit the total of their expenditure in advance. Bids marked "BUY" are considered as up to ten times the quoted estimate price where such exists. Bids made in other currencies than the advertised currency of the auction will be converted into that currency at the market rate of the day of receipt by DAVID FELDMAN S.A. Bids are standing and hold good for at least 60 days from the auction period. DAVID FELDMAN S.A. reserves the right to invoice bidders up to the end of the 60 day period, payment being due immediately.

3. THE AUCTION

3.1 Live Room auctions are held under the control of the relative supervising authority at its location. The relative supervising authority has no liability. The auction will be held under the ministry of a "huissier judiciaire" of the Canton and Republic of Geneva. The currency of the auction is Euros.

3.2 Prerogatives of David Feldman S.A.: DAVID FELDMAN S.A. may withdraw, group differently, divide or refuse to knock down any lot. DAVID FELDMAN S.A. reserves the right to refuse any bid orders and/or for Live Room auctions, refuse admittance to the auction room, at its discretion, to anybody whomsoever. DAVID FELDMAN S.A. cannot be held responsible for any physical accident that may occur on the premises where auctions take place.

3.3 Bidders' representatives and auction agents: Any person bidding for the account of a third party is fully liable for any obligation arising from such bidding. This responsibility is notably applicable for the verification of the condition and for the payment of purchased lots.

3.4 Adjudication: Each lot is sold on behalf of the respective owner to the highest bidder who becomes the buyer at the next highest bid step, which is the adjudication price. In addition to the adjudication price, the buyer pays an all-in fee of 20% to cover commission, charges and expenses including lotting fees, adjudication taxes, insurance, packing, export formalities etc. whether all incurred in particular cases or not. Cost of postage or shipping for all lots is additional and will be invoiced separate from the buyer all-in fee. On the adjudication, liability for the lots passes to the bidder whose bids have been accepted. The lots are delivered to the buyer when the total sale price (adjudication price plus all fees including postage or shipping) have been paid in full.

VAT (Sales Tax) - Notes for guidance concerning auctions for which the lots are located in Switzerland: Buyers domiciled abroad are not liable for this tax once the goods are duly exported from Switzerland. DAVID FELDMAN S.A. are pleased to arrange this export; alternatively, clients may make their own arrangements and furnish DAVID FELDMAN S.A. with proof of export, stamped by Swiss customs. Any purchases by buyers who wish to keep their purchases in Switzerland will be liable to VAT at 8% of the purchase price in Swiss Francs at the converted Euro value during the auction.

3.5 Payment: Sale price plus commission and postage or shipping (if any) are due for immediate payment as invoiced against delivery of the lots. Payment in other currencies is accepted at the rates of exchange of the day as quoted by a Swiss major bank. The bidders who are successful with whom it has been expressly agreed that they pay after the sale under special conditions, are due to pay the sale price and the commission according to those terms. In these cases, DAVID FELDMAN S.A. keeps the adjudicated lots which are delivered to the buyers on full settlement of their account. Delivery of the purchased lots by post, courier or any other means if instructed by the buyer including cost of normal transit insurance cover is at the

expense of the buyer. Title or ownership of the purchased lots, delivered or not, remains with the auctioneer on behalf of the seller until payment has been made in full.

3.6 Special extended payment facility: DAVID FELDMAN S.A. may offer a special extended payment facility for buyers. In these cases, the buyer may choose to pay a minimum of 25% of the total invoice immediately, and the balance over a maximum period of 6 months, paying an equal instalment at the end of each month. Interest plus charges of 1% is debited to the buyer's account at the end of each month from the auction date. When the special extended payment facility has been granted, the buyer understands that any claims regarding his purchases must be made within 30 days of the auction sale date, even though the lots may be held by DAVID FELDMAN S.A. awaiting full settlement of the account. Until delivery, all lots may be examined by their respective buyers at the offices of DAVID FELDMAN S.A.

3.7 Pledge: Until full settlement of the account, the buyer grants to DAVID FELDMAN S.A. a pledge on any and all properties held by DAVID FELDMAN S.A., acquired prior to, during and/or after any auction. This pledge secures the repayment of any amount due in principals, interests, commissions, costs and other possible fees. DAVID FELDMAN S.A. is entitled, but not obliged, to realise freely the pledge assets without further formalities and without previous notice if the buyer is in default with the payment of his debts or with the fulfilment of any other obligation hereunder. For this purpose, DAVID FELDMAN S.A. is not bound to comply with the formalities of the Federal Law dealing with actions for debt and bankruptcy proceedings; in addition, DAVID FELDMAN S.A. may choose to institute or go on with the usual proceedings without having beforehand sold the pledged goods and without having moreover given them up.

4. GUARANTEE

4.1 Extent of the guarantee: Subject to paragraph 4.3 below, the authenticity of all philatelic items sold in the auction is guaranteed for a period of 30 days from the auction date, with the express exclusion of any other fault(s). Any reclamation regarding authenticity must come to the notice of DAVID FELDMAN S.A. on the delivery of the lots but at the latest within 30 days from that date. Before delivery, which may take place after the 30 days period, the lots purchased may be examined at the Geneva offices of DAVID FELDMAN S.A. The buyer whose reclamation is made after 30 days from the auction date loses all rights to the guarantee. Such reclamation will not be valid by DAVID FELDMAN S.A.. An extension of the period is required in order to substantiate the claim with an expertise, a request for such extension must be made to DAVID FELDMAN S.A. within 30 days of the auction date. No request for extension will be considered beyond this 30 days period. The results of the expertise for which an extension was agreed must come to the notice of DAVID FELDMAN S.A. within 3 months of the auction date. No further extension of the period will be considered without the express agreement in writing of DAVID FELDMAN S.A. Only claims, expertise results or other details which are made within the agreed periods will be valid.

4.2 Expertise and counter-expertise: Should the authenticity of a lot be questioned, the buyer is obliged to provide an expertise or counter-expertise from a prominent expert in the field, justifying the claim. If a stamp is found by a recognised expert taking financial responsibility for errors to have been forged, he may mark it accordingly. Consequently, the marking "FALSCH" (forged) is not considered an alteration. In the case of such reclamation, DAVID FELDMAN S.A. reserves the right to request, at its own discretion, one or more further expertises. All expertise and relative charges accrue to the vendor's account in the case of a justified claim, or to the buyer's account if the claim is not justified. In the case of a justified claim, the lot is taken back and the adjudication price plus the commission are refunded to the buyer. In the case of delayed payment due to expertise agreed by David Feldman S.A., interest is charged at 50% the standard rate for all cleared lots. If David Feldman S.A. has not agreed then full interest is due.

4.3 Exclusions: Lots described as collections, accumulations, selections, groups and those containing duplicates, cannot be the subject of any claim. Claims concerning lots described as a set or groups of sets containing more than one stamp, can only be considered under the terms of paragraph 4.1 above if they relate to less than one third of the total value of the lot. Lots which have been examined by the buyer or his agent, lots described as having defects or faults cannot be subjected to a claim regarding defects or faults. Illustrated lots cannot be subjected to a claim because of perforations, centering, margins or other factors shown in the illustrations.

4.4 Late Payment: If the payment of the adjudicated price plus commission due by the buyer is not made within 30 days of the date of the auction, DAVID FELDMAN S.A. reserves the right to cancel the sale and dispose of the lot(s) elsewhere and/or to make a recourse to any legal proceedings in order to obtain payment of the amounts due as well as for any incurred damages and losses and any legal expenses. A charge on overdue payment of at least 5% for the first month and 2% per month afterwards plus expenses incurred is chargeable on any outstanding amount after 30 days of the date of the auction. The buyer who is in default in any way whatsoever has no right of claim under any circumstances.

4.5 Exceptionally, the adjudication price will be reduced to the lowest winning bid where it is shown that a buyer has inadvertently increased the price by using more than one medium of bidding on the same lot.

5. APPLICABLE LAW AND JURISDICTION

Unless otherwise stated, all auctions as well as any rights and obligations arising from them shall be governed exclusively by Swiss law. Any legal action or proceeding with respect to the auctions shall be submitted to the exclusive jurisdiction of the courts of Geneva, subject to appeal to the Swiss Federal Court in Lausanne. In every case, DAVID FELDMAN S.A. shall also be entitled, at its discretion, to sue any buyer in default at his place of residence; in such case, Swiss law shall remain applicable and in the case of issues regarding price value, the Euro is converted at its Swiss franc value at the time of the auction.

6. All Transactions: These conditions apply to all transactions of every kind including those outside the auctions, with David Feldman SA

David Feldman SA - Conditions de Vente

La monnaie utilisée pour cette vente est l'Euro (€)

La participation dans l'une des ventes aux enchères de David Feldman SA implique une adhésion totale aux conditions décrites ci-dessous ainsi qu'aux droits et obligations qui en découlent. Ces mêmes conditions sont applicables à toute transaction en relation à des pièces ou des lots faisant partie de la vente aux enchères et conclue en dehors de celle-ci. La Maison DAVID FELDMAN S.A., organisatrice de la présente vente aux enchères, agit exclusivement comme mandataire et n'assume donc aucune responsabilité quelconque en cas de manquement(s) des acheteurs et/ou vendeurs.

1. LES LOTS SONT MIS EN VENTE

1.1 Sur la base de leur présentation dans le catalogue et/ou sur le site internet: Les lots sont décrits avec le plus grand soin sans toutefois engager la responsabilité de la Maison DAVID FELDMAN S.A. Les photographies font partie intégrante des descriptions pour ce qui est des marges, de la dentelure, du centrage, des oblitérations et de toute autre qualité apparente. La description des lots mentionne si les pièces sont signées par des experts et/ou sont accompagnées de certificats d'expertise.

1.2 Sur la base de leur examen: Tous les lots peuvent être examinés, avant et pendant la vente dans nos bureaux ou à l'endroit de la vente, aux horaires indiqués dans le catalogue de vente ou sur notre site Internet. Les acheteurs ayant examiné les lots avant la vente et/ou y participant personnellement et/ou y étant représentés, sont censés avoir examiné tous les lots achetés et les accepter dans l'état où ils se trouvent lors de l'adjudication, indépendamment de la description figurant dans le catalogue.

2. LES OFFRES D'ENCHERES

2.1 Chaque offre d'enchère doit être supérieure à celle formulée précédemment selon l'échelle suivante: (la monnaie peut changer selon la vente aux enchères)

€ 50 - 100	€ 5	€ 2000 - 5000	€ 200
€ 100 - 200	€ 10	€ 5000 - 10000	€ 500
€ 200 - 500	€ 20	€ 10000 - 20000	€ 1000
€ 500 - 1000	€ 50	€ 20000 - 50000	€ 2000
€ 1000 - 2000	€ 100	€ 50000 - 100000	€ 5000

Les offres se situant entre ces montants seront arrondies à la surenchère supérieure. L'enchérisseur est lié par son offre tant qu'une nouvelle surenchère n'a pas été valablement formulée par un autre enchérisseur.

2.2 L'huissier ou le crieur a le droit d'avancer les enchères, de séparer, joindre ou retirer n'importe quel lot, cela à son entière discrétion. La vente a lieu en français mais les enchères pourront être répétées en anglais. La Maison DAVID FELDMAN S.A. est également autorisée à enchérir pour le compte de vendeurs lorsque des prix de réserve ont été fixés. Si le vendeur fixe des prix de réserve pour certains de ses lots, il sera alors considéré comme acheteur et la Maison DAVID FELDMAN S.A. enchérira pour le compte de celui-ci jusqu'à concurrence des prix de réserve fixés. Lorsque le prix fixé par le vendeur n'est pas atteint, il sera passé à la criée du lot suivant par un simple coup de marteau.

2.3 Les offres d'enchères écrites reçues par David Feldman SA ou sur le site Internet avant la vente, sont dans tous les cas prioritaires sur les offres d'enchères faites dans la salle de vente. L'enchérisseur donnant un ordre d'enchères écrit peut faire des offres alternatives et/ou limiter le montant global de ses offres. Les offres d'enchères données "à acheter" sont considérées comme pouvant atteindre jusqu'à 10 fois la valeur de l'estimation imprimée dans le catalogue. Les enchères doivent être faites en euros. Les offres d'enchères libellées en d'autres monnaies seront converties en euros au cours du jour de leur réception par la Maison DAVID FELDMAN S.A. Toute offre écrite d'enchères est considérée comme liant son auteur pendant 60 jours après la date de la vente aux enchères. La Maison DAVID FELDMAN S.A. est donc en droit de facturer la marchandise à l'enchérisseur jusqu'à l'expiration de ce délai. Toute facture reçue par celui-ci est de ce fait valable et doit être payée immédiatement.

3. LA VENTE AUX ENCHERES

3.1 La vente en direct se déroule sous le contrôle de l'autorité compétente qui n'assume cependant aucune responsabilité. La vente aux enchères se déroule sous le ministère d'un "huissier judiciaire" de la République et Canton de Genève. La monnaie de la vente aux enchères est l'euro.

3.2 Prerogatives de David Feldman S.A.: La Maison DAVID FELDMAN S.A. est en droit selon sa libre appréciation de retirer, de diviser ou de grouper les lots faisant partie de la présente vente ainsi que de refuser l'adjudication de n'importe lequel desdits lots. La Maison DAVID FELDMAN S.A. se réserve le droit de refuser selon sa libre appréciation toute offre d'enchères et/ou l'entrée de la salle de vente à n'importe quelle personne quelle qu'elle soit. La Maison DAVID FELDMAN S.A. n'assume aucune responsabilité quelconque en cas de dommage corporel survenu sur les lieux de la vente.

3.3 Représentants et Agents de Vente aux Enchères: L'enchérisseur qui agit pour le compte d'un tiers engage son entière responsabilité personnelle en particulier en ce qui concerne toutes les obligations contractées dans le cadre de la présente vente. Cette responsabilité s'étend notamment à la vérification de la qualité des lots achetés ainsi qu'au règlement ultérieur de la facture des lots acquis.

3.4 L'adjudication: Chaque lot est adjugé au plus offrant pour le compte de son vendeur respectif. Des frais de 20% sont facturés en sus du prix d'adjudication par David Feldman SA couvrant la commission, les taxes d'adjudication, frais par lot, assurance, emballage, frais d'exportation etc. et ceci dans tous les cas, tous frais encourus ou pas. Les frais de port sont facturés en sus à la tombée du marteau, les profits et risques des lots ainsi adjugés passent à l'enchérisseur dont l'offre a été acceptée. La marchandise ne sera cependant remise à l'acquéreur qu'au moment du règlement intégral du prix d'achat (prix d'adjudication plus les frais).

TVA (Taxe à la vente) - Note indicative concernant les ventes aux enchères dont les lots se trouvent en Suisse: Les acheteurs domiciliés à l'étranger ne sont pas soumis à cette taxe, à condition que les marchandises soient exportées hors de Suisse. DAVID FELDMAN S.A. se fera un plaisir de s'occuper de l'exportation de ces marchandises. Les clients peuvent aussi faire cette exportation par leurs propres moyens; dans ce cas, ils doivent fournir à DAVID FELDMAN S.A. une attestation dûment signée et timbrée par les douanes suisses. Toute acquisition par des acheteurs désirant garder la marchandise en Suisse est soumise à la taxe TVA de 8% sur le prix d'achat en francs suisses, montant converti à l'équivalent en euros pendant la vente.

3.5 Paiement: Les adjudicataires présents sont tenus de payer comptant en euros le prix d'achat et la commission contre remise de la marchandise acquise. Le paiement en d'autres monnaies est accepté au cours du jour tel qu'établi par une des grandes banques suisses. Les enchérisseurs par correspondance auxquels un lot est adjugé ainsi que les adjudicataires présents auxquels la Maison DAVID FELDMAN S.A. accorde l'autorisation expresse d'acquitter les montants dus après la vente, sont tenus de payer le prix d'achat et la commission due à réception de la facture de la vente aux enchères. Dans ce cas, la Maison DAVID FELDMAN S.A. conserve les lots adjugés qui ne seront remis à leurs acheteurs qu'à réception par la Maison DAVID FELDMAN S.A. du paiement intégral des

montants dus. Sauf instructions spéciales de l'acheteur, l'envoi des lots s'effectue par la poste, la Maison DAVID FELDMAN S.A. assure, de manière usuelle, la marchandise pour le transit. Les lots, délivrés ou non, conservent titre de propriété de la Maison DAVID FELDMAN S.A. pour le compte du vendeur jusqu'au paiement intégral de la facture.

3.6 Facilités de paiement: La Maison DAVID FELDMAN S.A. accorde, selon sa libre appréciation, des facilités de paiement aux acheteurs. L'acheteur au bénéfice de telles facilités paie un montant minimum de 25% du montant total de la facture dès réception de celle-ci puis acquitte le solde encore dû en mensualités égales sur une période de 6 mois maximum. Un intérêt mensuel plus les frais encourus au taux de 1% sont perçus, à partir de la date de la vente, par la Maison DAVID FELDMAN S.A. L'intérêt est débité chaque mois au compte du client. En cas d'octroi de facilités de paiement, la Maison DAVID FELDMAN S.A. garde les lots adjugés jusqu'au paiement intégral des montants dus par l'acheteur, étant précisé que l'acheteur peut, en tout temps avant livraison, examiner la marchandise acquise auprès de la Maison DAVID FELDMAN S.A. Par ailleurs, l'acheteur perd tout droit de réclamation tel que prévu sous chiffre 4 ci-dessous, 30 jours après la date de la vente aux enchères.

3.7 Droit de gage: Jusqu'au paiement intégral du montant dû, l'acheteur confère à DAVID FELDMAN S.A. un droit de gage sur la totalité des lots gardés par DAVID FELDMAN S.A., acquis avant, pendant et/ou après la présente vente aux enchères. Ce gage garantit le remboursement de tout montant dû en capital, intérêts, commissions et frais éventuels. DAVID FELDMAN S.A. est autorisée, mais non obligée, à réaliser les gages sans autres formalités et sans préavis si l'acquéreur est en demeure pour le paiement de sa dette ou l'exécution d'une obligation quelconque. DAVID FELDMAN S.A. pourra dans tous les cas réaliser les gages de gré à gré. A cet effet, elle n'est pas tenue d'observer les formalités prévues par la Loi fédérale sur la poursuite pour dette et faillite; DAVID FELDMAN S.A. est libre en outre d'introduire ou de continuer une poursuite ordinaire, sans avoir préalablement réalisé les gages et sans renoncer pour autant à ceux-ci.

4. GARANTIE

4.1 Etendue de la garantie: Sous réserve de l'article 4.3 ci-après, l'authenticité de toutes les pièces philatéliques vendues aux enchères est garantie pendant 30 jours à compter de la date de la vente aux enchères. Toute garantie de défaut ou autre garantie de quelque nature qu'elle soit est expressément exclue. Toute réclamation concernant l'authenticité doit être transmise à DAVID FELDMAN S.A. dès réception des lots, mais au plus tard dans les 30 jours à compter de la date de la vente aux enchères. Avant la livraison, qui peut intervenir après ce délai de 30 jours, les pièces philatéliques acquises peuvent être examinées auprès de DAVID FELDMAN S.A. L'acheteur dont la réclamation parvient à DAVID FELDMAN S.A. après ce délai de 30 jours à compter de la date de la vente aux enchères perd tout droit à la garantie. Sa réclamation ne sera pas prise en considération par DAVID FELDMAN S.A. Si un délai supplémentaire pour formuler une réclamation liée à l'authenticité d'une pièce philatélique s'avère nécessaire, la demande doit en être faite à DAVID FELDMAN S.A. dans le délai de 30 jours à compter de la date de la vente aux enchères. Aucune demande parvenue après ce délai de 30 jours à DAVID FELDMAN S.A. ne sera prise en considération. Les résultats de l'expertise pour laquelle un délai a été accordé doivent parvenir à DAVID FELDMAN S.A. dans les trois mois à compter de la date de la vente aux enchères. Un délai supplémentaire ne peut être accordé qu'avec l'accord écrit de DAVID FELDMAN S.A. Seules les réclamations, résultats d'expertise ou autres notifications parvenues dans les délais seront pris en considération par DAVID FELDMAN S.A.

4.2 Expertise ou contre-expertise: Lorsque l'authenticité d'un lot est contestée l'acheteur est tenu de produire un certificat d'expertise ou de contre-expertise émanant d'un expert qualifié justifiant sa réclamation. Si l'expert reconnu, assumant toute responsabilité en cas d'erreur, juge que le timbre a été falsifié, il peut le marquer en conséquence; les signes "FAUX" ou "FALSIFIE" ne constituent pas alors une altération du lot. En présence d'une telle réclamation la Maison DAVID FELDMAN S.A. se réserve le droit de demander selon la libre appréciation une ou plusieurs expertises subséquentes dont les frais seront mis à charge du vendeur dans l'hypothèse où la réclamation de l'acheteur est fondée. Dans le cas contraire l'acheteur supportera tous les frais d'expertise encourus. Lorsque la réclamation est fondée, le lot est repris et le prix d'adjudication ainsi que la commission sont intégralement remboursés à l'acheteur. Dans le cas d'un paiement retardé dû à une expertise agréée par David Feldman S.A., des intérêts sont payables à 50% du taux habituel pour tout lot dont l'authenticité est confirmée. Si David Feldman S.A. n'est pas d'accord tous les intérêts seront dus.

4.3 Limites de la garantie: Les lots décrits comme collections, sélections ou groupes, ceux formés de doubles et d'accumulations, ne peuvent faire l'objet d'une réclamation quelconque. Les réclamations concernant les lots décrits comme série ou groupes de séries contenant plus d'un timbre, ne sont prises en considération dans les limites de l'article 4.1 ci-dessus que si elles portent sur plus d'un tiers de la valeur totale d'acquisition du lot. Les lots qui ont été examinés par l'acheteur ou son agent, ainsi que les lots qui sont décrits comme ayant des défauts ne peuvent faire l'objet d'aucune réclamation par rapport à ceux-ci. Tout lot illustré ne peut faire l'objet d'aucune réclamation au sujet de la perforation, du centrage, des marges ou tout autre élément visible dans l'illustration.

4.4 Paiement tardif: Si le paiement du prix d'achat et de la commission due par l'acheteur n'intervient pas dans les 30 jours à compter de la date de la vente aux enchères, la Maison DAVID FELDMAN S.A. se réserve le droit d'annuler la vente et de disposer des paiements en souffrance d'au moins 5% dès le premier mois et 2% par mois supplémentaire. De plus, les dépenses encourues seront perçues sur toutes les sommes dues par l'acheteur 30 jours après la date de la vente aux enchères. Le débiteur défaillant perd en outre tout droit de réclamation.

4.5 Le prix d'adjudication pourra, exceptionnellement, être ramené à la mise gagnante la plus basse s'il est établi qu'un enchérisseur a augmenté le prix par inadvertance en utilisant plus d'un moyen de miser.

5. DROIT APPLICABLE ET FOR COMPETENT

La présente vente aux enchères ainsi que tous les rapports juridiques qui en découlent seront soumis au Droit suisse exclusivement. Toute action légale ou procédure concernant la vente aux enchères ainsi que les rapports juridiques qui en découlent seront soumis à la juridiction exclusive des tribunaux de Genève, sous réserve d'appel au Tribunal fédéral suisse à Lausanne. Dans tous les cas, la Maison DAVID FELDMAN S.A. se réserve le droit de poursuivre tout acheteur défaillant à son lieu de résidence, auquel cas le Droit Suisse reste applicable et dans les cas se rapportant à la valeur, l'euro est converti à son équivalent en francs suisses pendant la vente.

6. Toute transaction: Ces conditions sont applicables à toute transaction même en dehors des ventes aux enchères, avec David Feldman SA.
