

AFRICA
& BEYOND

INSPIRING JOURNEYS...

Africa is a fascinating continent full of exciting and unique experiences, breath taking landscapes, ancient cultures and some of the world's largest concentrations and diversity of wildlife.

"If there were one more thing I could do, it would be to go on safari once again."

Karen Blixen

Planning a holiday to Africa can be a daunting task, and even the best guide book doesn't always help when it comes to planning the logistics of where to go, when to go and how. This is where knowledge of the great Continent needs to be combined with an intricate understanding of how to piece it all together into an unforgettable, seamless, life-changing experience.

Our team of dedicated travel professionals have an in-depth knowledge of Africa and years of experience in arranging tailor-made holidays throughout East and southern Africa and the Indian Ocean Islands. Our true expertise allows us to unravel the seemingly impossible and create your dream itinerary whether it's your honeymoon, a family holiday, a special interest safari or even an exotic wedding.

Every holiday is unique and every enquiry is equally important, meaning we use all our expertise to plan each holiday as if it was our own.

Tailor-made journeys of distinction to some of Africa's most exciting destinations...

South Africa page 6

South Africa truly is "a world in one country". No country on the African continent can boast such a diversity of attractions and abundance of activities and interests. South Africa really does have something for everyone and every interest.

Botswana page 38

Over twice the size of Great Britain, Botswana has a population of less than 2m and almost 40% of the country is devoted to wildlife. With the world's largest inland Delta and Africa's highest population of elephant, Botswana is a true safari lover's dream destination.

Namibia page 50

Namibia is immense even by African standards. But it's what occupies this seemingly endless space that makes it special. Namibia is filled with rugged, beautiful landscapes of every kind, creating a unique environment in which an amazing wealth of wildlife has adapted and thrives.

Tanzania page 60

Famous for the great migration, Tanzania has so many more wildlife reserves than the justifiably famous "northern circuit". The south is home to little visited reserves, as well as chimpanzees. The coast is home to the spice Island of Zanzibar and other idyllic barefoot paradise islands.

Zambia page 100

Another gem for the safari lover and the home of the walking safari, Zambia has some of the finest protected areas in Africa making it another favourite for safari lovers. In addition, the spectacular Victoria Falls are also accessible from Livingstone.

Uganda page 126

The Pearl of Africa is home to a lot more than the traditional safari as it is one of the best places for primate viewing with mountain gorillas and chimpanzees the major attraction. Uganda also offers exceptional birdwatching, Lake Victoria and the source of the Nile.

Kenya page 78

Kenya is one of the world's great tourism destinations, known for its remarkable diversity of landscapes, wildlife and cultures. Kenya is Africa's original safari destination, attracting explorers, adventurers and travellers for centuries. It is home to Africa's famous 'Big Five' along with miles of pristine coastline.

Mozambique page 112

Mozambique has become an increasingly popular destination, especially for honeymooners and those who desire barefoot luxury without the crowds. Visitors are lured by the pristine white beaches and clear waters, ideal for diving and snorkelling, untouched wilderness areas and excellent bird watching.

Zimbabwe page 136

Home to one of the great natural wonders of the World – Victoria Falls – Zimbabwe also has some of Africa's finest big game reserves with few visitors and abundant wildlife. The mighty Zambezi offers superb canoe safaris and the south of the country is rich in cultural history.

Malawi page 94

Dubbed the 'Warm Heart of Africa' due to the friendliness of the people, Lake Malawi is an inland sea of warm water and pristine sandy beaches. Malawi is also of particular interest to nature lovers and especially keen birdwatchers.

Rwanda page 118

Rwanda is a green undulating landscape of hills, gardens and tea plantations. It is home to a third of the world's remaining Mountain Gorillas, as well as a third of Africa's bird species, several species of primates, volcanoes, game reserves, resorts and islands on the expansive Lake Kivu.

Indian Ocean page 144

Paradise is often associated with the Indian Ocean islands. With pristine beaches, clear turquoise waters and a tropical climate, it's easy to understand why. The diversity among the islands is also great – from the granite of the Seychelles to the lush vegetation of Mauritius.

SOUTH AFRICA

A world in one country

Often described as a “world in one country”, South Africa has gained the enviable reputation of offering something for everyone. With awe-inspiring mountain ranges, the Big Five, parched deserts, heavenly beaches and floral kingdoms, the incredible variety of landscape is matched by a melting pot of cultures and a fantastic array of wildlife. A vast country, more than five times the size of Great Britain, each of the nine provinces is a destination in itself and each deserves a mention, so great are the contrasts and places of interest to visitors.

The Western Cape is easily the most visited and most famous region of South Africa with Cape Town rightly considered one of the most beautiful cities in the world, instantly recognisable with its dramatic backdrop of Table Mountain. Nearby, the Cape Winelands are some of the most picturesque on earth and the Cape has one of the world’s richest plant biomes in its unique fynbos and the flora of Namaqualand. Hermanus is recognised in season to offer the best shore-based whale watching in the world and Route 62 is one of the most scenic drives on the continent.

The Garden Route is a popular and scenic stretch of the south-eastern coast of South Africa. It stretches from Mossel Bay in the Western Cape to the Storms River which is crossed along the N2 coastal highway in the extreme western reaches of the neighbouring Eastern Cape. The name comes from the verdant and ecologically diverse vegetation encountered here, and the numerous lagoons and lakes dotted along the coast. Whales, dolphins, sharks and penguins can all be found along this often rugged coastline. Inland, the Little Karoo Desert is a stark contrast.

The Eastern Cape and Wild Coast fill the country between Port Elizabeth and Durban and the area is home to some of the finest non malarial Big 5 game reserves in Africa. Popular with families, these game reserves are very child friendly and along with private safari house options, many camps have kids' clubs and baby sitters.

The Wild Coast is a 250km stretch of unspoiled coastline that stretches from East London along sweeping bays, unvisited beaches, lazy lagoons and rocky headlands, and there is limited tourist development.

KwaZulu-Natal has spectacular mountain ranges, miles and miles of beaches and some of the country's finest game reserves. The often snow-capped Drakensberg Mountains stretch for miles with spectacular scenery and hiking countryside. The Greater St. Lucia Wetlands Park has five distinct ecosystems and a unique biodiversity found nowhere else on earth, offering everything from Big 5 game viewing, sandy beaches and some of the best snorkelling and scuba diving in the country. The Anglo-Zulu and Anglo-Boer war battlefields offer a fascinating insight into the history of the country.

Mpumalanga incorporates half the world famous Kruger National Park and some of the country's finest private game reserves. The area is home to an impressive 147 species of mammal, including the Big 5, and over 500 species of bird. Kruger also offers self-drive visitors the more affordable option of staying in public rest camps and game viewing in their own time in their own vehicle. The area has some of the finest private game reserves in Africa and the variety of accommodation available is really quite amazing, from rustic tented camps to super luxurious lodges.

South Africa's northernmost province, Limpopo, borders onto Mozambique, Zimbabwe and Botswana. The area is rich in wildlife, has spectacular scenery and a wealth of historical and cultural treasures. The northern section of the Kruger National Park, which is located in Limpopo, is renowned for its large herds of elephant and buffalo, and rich bird life. To the east of the province are the malaria free reserves of Welgevonden and Marakele where there are some excellent private safari lodges with the Big 5 and the backdrop of the Waterberg Mountains.

Gauteng is a province that is essentially the greater Johannesburg area, incorporating Johannesburg, its suburbs and Pretoria. This is usually a transit stop for people on their way to other parts of the country and often no more than a night is spent here in one of the many hotels. However, there is plenty to do should visitors wish to stay longer, with a tour of Soweto and the Apartheid Museum a must. Pretoria is steeped in history and a city tour is very rewarding especially if interested in the history of the country.

The scenic North West Province of South Africa consists of flat areas of scattered trees and grassland. The Magaliesberg mountain range in the northeast extends about 80 miles from Pretoria to Rustenburg. There are also several national parks, including the Madikwe Game Reserve and the Pilanesberg Game Reserve, which is located in the crater of an extinct volcano. Both are malaria free and home to the Big Five.

The Northern Cape is a land of many diverse cultures and is untamed nature at its finest. It has impressive parks with endless game and one of the most unique floral kingdoms in the world as well as miles of rugged coastline. The Kgalagadi Transfrontier Park comprises an area of the Kalahari Desert of over 3.6 million hectares – one of very few conservation areas of this magnitude left in the world. Other parks of interest in the Northern Cape include the Augrabies Falls National Park, Richtersveld National Park and the Tankwa Karoo National Park.

For the golf enthusiast, South Africa is a wonderful destination with some of the finest courses in the southern hemisphere. The country has an ideal climate for spending time out on the fairways under the bright African sun, and golfers here are spoiled for choice. Whether you just want to play a couple of rounds as part of your holiday, or whether you want to play a different course every day, virtually every province in South Africa has championship courses and some even have the added challenge of wildlife wandering freely around the course.

SELF DRIVE HOLIDAYS

Self drive holidays in South Africa are a great way to take in all the sites and explore this vast country. The driving distance chart (right) illustrates some of the more popular destinations you may wish to visit during your stay, and the distances you will need to consider when planning your itinerary.

WHEN TO GO

- ◆ Being so vast, South Africa does not have as defined seasons as many countries and they can vary greatly between provinces. For this very reason, South Africa has something to offer all year round.
- ◆ Summer is from December – April when you can expect hot days and occasional showers, except in the Cape where it is usually hot and dry.
- ◆ In the drier winter months, May – October, you can expect warm dry days but some wind and occasional showers in the Cape.
- ◆ KwaZulu-Natal has a temperate climate year round but can be hot and humid in summer.

SOUTH AFRICA

Suggested itineraries

CLASSIC GARDEN ROUTE

Cape Town

Day 1 – 4

Start your journey in the picturesque city of Cape Town in the shadow of the mighty Table Mountain. Explore the Waterfront, Cape Peninsula, Kirstenbosch Botanical Gardens, Robben Island and much more.

Winelands

Day 5 – 6

Journey today to the idyllic Winelands region, stay in either Stellenbosch, Franschhoek or Paarl and enjoy tours to the famous vineyards in the area as well as sampling some of the finest dining on offer by local chefs.

Knysna

Day 7 – 8

Nestled between the imposing Outeniqua Mountains and the Indian Ocean and surrounded by world-renowned forests, Knysna offers a wealth of activities for visitors such as hiking and sailing.

Plettenberg Bay

Day 9 – 11

Moving east along the coast brings you to Plettenberg Bay, a beautiful town with miles of unspoilt beaches.

Eastern Cape Safari

Day 12 – 14

Your final stop, and one worth waiting for, is a chance to experience the Big 5. The area offers malaria free safaris within private game reserves perfect for families.

Day 15

Depart homeward bound or continue your adventure to the coast or further adventures in South Africa or neighbouring Botswana, Zambia or Namibia.

CLASSIC KWAZULU-NATAL

Durban Coastline

Day 1 – 2

On arrival head to the seaside resort town of Umhlanga Rocks, just outside Durban. It is the perfect location for ocean enthusiasts with great opportunities for diving, swimming, scuba diving, whale watching, dolphin viewing, deep sea fishing and kite boarding.

Drakensberg Mountains

Day 3 – 4

Driving inland today, you can't fail to notice the imposing mountain peaks of the Drakensberg range. This is a UNESCO World Heritage site and forms part of the National Park. There is a wealth of hiking trails to explore on foot, as well as mountain biking, horse riding and nature drives.

Battlefields

Day 5 – 6

Today head into the famous Battlefields, sites that hold centuries of history, you can't help being moved by the stories of struggles of Anglo-Boer and Anglo-Zulu wars. Visits to Spioenkop, Isandlwana and Rorke's Drift will bring these stories alive.

Hluhluwe Game Reserve

Day 7 – 11

Hluhluwe-Umfolozi Game Reserve is your last stop, a 94 000-hectare reserve which is not only home to one fifth of the world's black and white rhino population, but all the Big 5. Game drives and walks are available here as well as nearby water safari activities.

Day 12

Depart homeward bound or continue your adventure to the coast or further adventures in South Africa or neighbouring Botswana, Zambia or Namibia.

SOUTH AFRICA

Suggested itineraries

TWO CENTRE SAFARI

Madikwe Game Reserve

Day 1 – 4

Arriving today into Madikwe Game Reserve, your safari starts straight away. Driving from the airstrip to the camp your driver/guide is on hand to spot and identify not only the Big 5 but possibly the Magnificent 7 which include Wild Dog and Cheetah. Plains game such as giraffe and zebra are in abundance as well as over 340 recorded bird species. Enjoy day and night game drives and guided nature walks as well as specialist photographic safaris and chances to join conservation projects.

Day 5 – 8

Fly in to the famous Sabi Sands Private Game Reserve, set within the greater Kruger National Park. Another Big 5 safari area spreading over 65,000 hectares, where the wildlife can roam freely between the reserve and the national park.

There are a wide variety of lodges to choose from to suit your style and traveling party, enjoying game drives, walks, sleep outs, biking and horse riding.

EXTENSIONS

Mauritius Beach Holiday

Just a four-hour flight from Johannesburg brings you to the idyllic island of Mauritius. Sheltered from the open sea by the world's third largest coral reef, Mauritius offers natural, clear lagoons and pristine beaches. The exquisite levels of luxury and attention to detail throughout the resorts on the island, make this the perfect beach holiday destination for families, honeymooners and those just seeking a place to recharge.

KwaZulu-Natal Coastline

Flanked by the warm Indian Ocean, the region also has areas of vast, unspoiled beaches and coastline teeming with nature. In Maputaland, a great number of turtles inhabit the waters and breeds include the Leatherback, Loggerhead, Olive Ridley, Green Turtle and Hawksbill. There are a number of lodges in the area located beside the endless coastline welcoming families, couples and honeymooners as well as those looking for a remote wedding location.

Train Journeys

In South Africa, two train operators, Blue Train and Rovos, operate luxury train journeys connecting some of the sub continent's most famous attractions in absolute comfort. They offer journeys through the heart of Africa combining some of the most magnificent scenery with the glamour and excitement of the golden age of rail travel. One of the most popular routes crosses from Pretoria in the North East to Cape Town in the South West, taking in the remarkable Kimberly 'Big Hole' enroute, a reminder of the area's mining heritage.

Whale Watching

Every year, between June and November, the small coastal town of Hermanus becomes the mecca for whale watching enthusiasts. The Southern Right whales make their annual journey from the Antarctic to the south coast of South Africa, stopping in the food rich warm waters of Walker Bay to both mate and give birth. The World Wildlife Fund has named this area one of the best places in the world to view whales as not only can you view the whales via local guided cruises and kayak trips, but from land as well along a 12km long cliff top with numerous prime vantage points.

BOTSWANA

A vast, untamed wilderness

Botswana is a rarity in our over-populated, over-developed world. Land-locked, it is virtually the same size as Kenya, larger than France and more than twice the size of Great Britain. With a population of just 1.85 million and a full 38% of its total land area devoted to national parks, reserves and wildlife management areas, travelling in many parts of the country has the feeling of an immense untamed wilderness. With so much space and so few people it is one of the last great refuges for some of Africa's great wildlife concentrations in a completely untouched environment.

Botswana is home to the world's largest inland Delta – the Okavango; the second largest game reserve – the Central Kalahari; the isolation and endless horizons of the Makgadikgadi – uninhabited pans the size of Portugal; and the prolific wildlife of the Chobe National Park, the neighbouring Linyanti, Selinda and Kwando Reserves and the world famous Moremi Game Reserve. The country's low density tourism policy restricts visitor's numbers to protected areas, meaning there are concessions of 2,300sqkms with just a couple of camps accommodating a handful of visitors and offering the most exclusive safari experience imaginable.

The diversity of the habitat affords the region a variety of game viewing opportunities, making this a truly exciting safari destination. Activities include game drives in open 4x4 game viewing vehicles, boat cruises along the Chobe and Linyanti Rivers where, in the dry winter months, tens of thousands of elephant and huge herds of buffalo converge; gliding silently in a mokoro through the waterways of the Okavango, canoeing the channels and spillways of the Linyanti, walking on islands, horse and elephant back safaris, quad biking on pans and even mountain bike safaris; all creating the ultimate safari destination.

Due to its exclusivity Botswana can be expensive, but if luxury is not your main priority, there are some excellent mobile safaris which keep prices down by operating with small groups of like-minded travellers on set dates. The dry season in Botswana is between May – October and this is considered peak season when rates are highest. Huge savings can be achieved by travelling in lower seasons and whilst the wildlife will not always be as concentrated, a good Africa travel expert knows the best camps for the different seasons and the best game viewing.

WHEN TO GO

- ♦ The dry winter months are from May – December when the days are warm and sunny, and little chance of rain.
- ♦ The Okavango flood peaks around May – June and the large herds of elephant and buffalo start to arrive back in the Chobe/Linyanti areas.
- ♦ July is one of the best times to see wild dog after they den.
- ♦ Late November usually signals the start of the rains when the herds of elephant split into smaller herds and spread out. Summer migrant birds begin to arrive along with flamingos when the salt pans fill and zebra and wildebeest migrate to the Kalahari.

BOTSWANA

- ◆ Rides between 3 and 7 nights
- ◆ Rides tailored to abilities
- ◆ Riding safaris over a variety of terrains
- ◆ Fully guided and catered

BOTSWANA

Suggested itineraries

CLASSIC BOTSWANA SAFARI

Okavango Delta

Day 1 – 3

This unique inland delta is a fascinating place which changes continually by the ebb and flow of the seasonal flood waters. Because of the seasonal watery channels, boating safaris and mokoros become a great way to view the wildlife as well as traditional 4x4 safaris and guided walks. The wildlife congregates here in huge numbers making it one of the premier places on the planet to see big cats such as lions and leopards. In addition, sleep outs and hot air balloon safaris are available in the area.

Linyanti

Day 4 – 6

The Kwando-Linyanti river system is home to a series of private game reserves, where an abundance of wildlife roams freely between the woodland habitats, ancient floodplains and forests that make up these lush, unfenced reserves. The big game in this area increases dramatically during the dry season when the area hosts large herds of impala, blue wildebeest, giraffe and buffalo as well as the world's highest density of elephant. Several packs of wild dog are found in the area and lion, leopard and cheetah are frequently sighted.

Victoria Falls

Day 7 – 9

Your final destination is Victoria Falls (Mosi oa Tunya) and is listed as a World Heritage Site. The Zambezi River, that feeds the Falls, flows year-round, reaching its peak between April – July after the rains. Falls visits are a must, but the area is known also for its adrenaline sports and water activities; including Gorge Swing, helicopter flights, white water rafting and bungee jumping to name a few.

Day 10

Depart homeward bound or continue your adventure in neighbouring South Africa, Zambia or Namibia.

CLASSIC BOTSWANA DESERT SAFARI

Kalahari Game Reserve

Day 1 – 3

Adventurous travellers seeking a truly remote African safari will be thrilled to discover that such a thing still exists. As the second largest game reserve in the world and one of the least visited, nothing can prepare you for the sheer wonder of exploring this vast reserve with its wild, untouched beauty. The landscape is dominated by sand veldt and acacias, interspersed with grasslands, and dotted with occasional sand dunes, pans and fossil river valleys. Guests will be guided on game drives and walks in addition to horse riding and quad bike safaris.

Makgadikgadi & Nxai Pan National Parks

Day 4 – 6

An opportunity to visit the Makgadikgadi Pan, the world's largest salt pan, is not to be missed. The pan was formed on the bed of an ancient lake that began evaporating aeons ago, but today is a relatively sparsely visited park which supports one of Africa's largest migrations of zebra as well as vast numbers of flamingos and other water birds. Enjoy game drives and walks, sleep outs, quad bike safaris.

Day 7

Depart homeward bound or continue your adventure in neighbouring South Africa, Zambia or Namibia.

HORSE RIDING IN BOTSWANA

Tuli Block

Day 1 – 7

Take a tailor-made safari and enjoy the thrill of a horseback adventure in the wild. Due to the nature of the terrain, the rides cater generally for advanced riders, but there is plenty to do for non-riders too. Guests can choose from a day, a few days or a full week, staying at lodge, tented accommodation or full on open-air sleep outs. Gently ride amongst a plethora of wildlife species including lion, cheetah, leopard, African wild dog, a multitude of plains game like zebra, wildebeest and giraffe, as well as over 350 species of birds. Sleeping out under the stars in the wilderness of Africa is always a memorable experience. The constant sounds of the night, hyenas whooping, lions growling and elephants snapping branches are memories to treasure, and even in the safety of the wooden kraal there is always a sense of being tangibly close to nature. A most thrilling and unique way to safari!

NAMIBIA

Landscapes, dunes & deserts

Namibia is a large and mainly arid country dominated by deserts including the world's oldest - the Namib Naukluft – incorporating the vast shifting sand dunes of the Namib Desert spreading inland for 50 to 80 miles. To the west is 795 miles of some of the most desolate and striking coastline in the world; provocatively named the Skeleton Coast which takes its name from the stark shoreline strewn with bleached whalebones, skeletal remains and many shipwrecks; yet home to incredibly adapted flora and fauna that survives in this unforgiving place.

The Kunene Region is a vast swathe of harsh and inhospitable desert. It covers much of north-west Namibia and is divided into several huge private conservancies of rolling dunes and endless plains, ancient valleys and dry river beds in this wild yet beautiful landscape. These seemingly inhabitable surroundings are home to superbly adapted wildlife that has evolved over time to survive in this arid environment. Herds of nomadic elephant are found traversing the dried seasonal riverbeds as is Africa's largest free roaming population of black rhino, as well as lion and cheetah.

Etosha National Park is one of southern Africa's finest and is home to 114 mammal species and 340 bird species. Meaning "Great White Place", Etosha is dominated by a massive mineral pan, which for much of the year is a large dusty depression of salt and dusty clay which fills only if the rains are heavy and only holds water for a short time. It attracts thousands of wading birds including impressive flocks of flamingos. Visitors can expect to see many buck species, elephant, giraffe, rhino and lion. More fortunate visitors will also see leopard and cheetah.

The red and yellow sand mountains of the Namib Desert stretch all the way to the horizon and beyond. At dazzling depths the gorges of the Fish River Canyon cut into vast plains. Travelling through these landscapes you will truly look about in wonder. Only occasionally will you spot a farm far off the gravel road; villages and towns are even rarer and water is scarce. It is this very austerity which makes the south so fascinating where unique plants like the quiver tree and resurrection plant have adapted, as have springbok, gemsbok and ostrich.

WHEN TO GO

- ◆ Namibia is an excellent year round destination and even after the summer rains (between December – February) offers a different dimension with the chance of green deserts.
- ◆ Game viewing in Etosha is definitely best in the dry winter months from May – November when the wildlife concentrates around permanent water.
- ◆ In winter, days are dry, sunny and warm but the nights can turn chilly, especially in the desert.
- ◆ A good network of roads make Namibia an excellent self-drive destination and it is only in the wetter summer months when certain roads become inaccessible to 2WD vehicles.

NAMIBIA

Etosha National Park accommodation

ONGAVA LODGE

- ◆ 14 luxury bush chalets
- ◆ Game drives in Etosha National Park
- ◆ Located on Ongava Private Reserve
- ◆ Watch wildlife from the hide

- ◆ Set amongst granite boulders
- ◆ Fish River Canyon walks and drives
- ◆ Wildlife game drives and camp outs
- ◆ Swimming pool

NAMIBIA

Suggested itineraries

CLASSIC FLYING SAFARI

Day 1

Arrive in Windhoek, the country's capital and immediately you'll feel the relaxed, friendly vibe of the city. Spend the day relaxing or exploring and overnight in accommodation to suit your style from traditional hotel to boutique guesthouse.

Day 2 – 5

Depart from Windhoek Eros airport heading for the remote wonderland of the Namib Desert. Spend your days exploring and climbing the giant sand dunes, maybe try horse riding or quad biking across the vast plains or for the ultimate rush, witness the breathtaking landscape from on high with a sunrise hot air balloon flight.

Day 6 – 8

Next, fly along the rugged Atlantic coastline to Damaraland, a vast region where the coastal dunes roll into dramatic desert plains filled with ancient valleys, mountain peaks and hardy desert adapted animals including rhino and elephant. Expert guides will introduce you to the unique surroundings, and adventures on foot to track rare black rhino are a true highlight. Game drives and 'sleep outs' under the stars are also possible. Accommodation choices are excellent here.

Day 9 – 11

An eastward flight takes guests to Etosha National Park, a prime wildlife region where game drives concentrate around the central mineral pan, especially in the drier seasons where it becomes one of the only sources of water for wildlife. Here guests will find a wide variety of accommodation from ensuite tented accommodation to luxury private villas all offering games drive within the park and surrounding private reserves.

Day 12

Fly back to Windhoek and depart for home or continue your adventure to neighbouring South Africa or Botswana.

SAFARI EXTENSIONS IN NAMIBIA

Big Cat Module

Day 1 – 4

Okonjima is home to AfriCat – a wildlife charity that is passionate about the protection of the Big Cats of Namibia. The country supports the largest population of cheetahs in Africa, but with that comes conflict when cheetahs meet farmland. AfriCat rescues injured cats and whenever possible will relocate them to more remote areas where human contact is more limited. But for those they are unable to release, they get to live at Okonjima, a 55,000 acre private reserve, where guests come to learn more about these most elegant creatures and see them up close. A choice of accommodation welcomes all guests, whether you're looking for the family friendly Plains Camp or the total exclusivity that The Grand African Villa provides.

Skeleton Coast Safari

Day 1 – 4

The Skeleton Coast shoreline is dotted with bleached whalebones and other skeletal remains, as well as a host of shipwrecks. It is a wild, desolate environment, yet it supports a host of incredible adapted wildlife. The arid conditions do not support large volumes of big game species, but offer an exploration of the smaller desert wonders. Freshwater springs permeate through the barren sands to create rare oases in the desert that sustain pockets of wildlife. Springbok, gemsbok (oryx), the rare desert-adapted elephant, brown hyena, black-backed jackal, and occasionally even lion and cheetah enter this rugged domain. The famous Cape fur seals are present in their thousands on the beaches, attracting predators as well.

Fish River Canyon

Day 1 – 4

Second only in size to The Grand Canyon in Arizona, USA, Fish River Canyon is an outstanding area of natural beauty. Driving to the southern point of the country you'll scarcely see anyone else which is why it is such a fascinating place to visit. Not only home to antelope species such as Springbok and Oryx, but the iconic Quiver Tree, part of the aloe family and unique to this southern region of Africa.

TANZANIA

Bush & beach

Tanzania is one of the unique destinations on the African continent that has yet to be discovered by many. It is a land of many wonders, having an unparalleled diversity of fauna and flora. The northern circuit has some of the most famous wildlife reserves in the world. The Serengeti is famously home to the great migration, which follows an ancient path in a clockwise direction, culminating in great river crossings from July to October and massed herds calving in the south of the park in February. Aside from the migration, Serengeti offers some of the most amazing game viewing in Africa.

The Ngorongoro Crater is a vast dormant caldera and the permanent home of nearly 25,000 animals with ideal game viewing opportunities all year round. All the Big 5 are found here and nearby Lake Manyara is famous for its tree climbing lions and millions of flamingos. Tarangire simply teems with game, especially from July to October when it has its own migration, with elephants arriving en masse. Mount Kilimanjaro towers over the north of the country and is the highest free standing mountain in the world – a challenge to the many who climb one of several routes to the summit each year.

Selous Game Reserve is vast and covers 5% of Tanzania's total area with abundant game including the Big 5. Boat safaris on the Rufiji River and its tributaries are a highlight as are overnight fly camps. Black rhino are present but elusive as are wild dog and there are some 350 species of bird. Ruaha is the second largest National Park and home to perhaps the greatest diversity of antelope species due to the transitional East Africa savannah and southern Africa woodland. The impressive array of large predators is boosted by both striped and spotted hyena, as well as the highly endangered African wild dog.

A huge untamed wilderness with just a handful of camps, Katavi is a true wilderness, providing the few intrepid visitors who travel there with a thrilling taste of Africa as it must have been centuries ago. During the dry season, when the floodwaters retreat and the Katuma River is reduced to a trickle becoming the only source of drinking water for miles, the floodplains support game concentrations that defy belief. An estimated 4,000 elephants converge on the area together with several huge herds of buffalo, while an abundance of giraffe and plains game provide easy pickings for the numerous lion prides.

Lake Tanganyika is overshadowed by the remote and mysterious Mahale Mountains, home to some of Africa's last remaining wild chimpanzees: a population of roughly 800. The mountains also support diverse forest fauna and many species of bird. On the northern shores of the Lake, Gombe Stream is the smallest of Tanzania's national parks: a fragile strip of chimpanzee habitat straddling the steep slopes and river valleys. Its chimpanzees – habituated to human visitors – were made famous by the pioneering work of Dr Jane Goodall.

WHEN TO GO

- ♦ The north of the country has 2 rainy seasons in November and then the heavy rains from March to May. The south has a more defined season with rains from November to April when many camps close.
- ♦ The Great Migration moves clockwise from the northern Serengeti from October arriving on the southern plains to calve around January. It then slowly moves up the western corridor to arrive in the northern Mara Triangle around June when the herds start to amass to cross into Kenya.

ZANZIBAR

With historic Stone Town, beautiful beaches, vibrant coral reefs and the only place in the world where you can find the Kirk's Red Colobus monkey, Zanzibar is a tropical paradise – the perfect place to relax and unwind, especially at the end of an adventurous safari. Pemba Island is also idyllic with fertile hilly terrain, white beaches lapped by the Indian Ocean and lower visitor numbers. Mafia Island and its reefs are renowned as a world-class diving destination and with less than a 1000 visitors a year, the island really is unspoiled.

WHEN TO GO

- ♦ Coastal Tanzania is hot and can be humid all year round, but from July – October there is the least chance of rain and a cooling southeast breeze reduces humidity making it an ideal time to visit.
- ♦ December to March can have the occasional shower and some cloud, but in general this is a good time of year to go.
- ♦ November can often mean afternoon showers and stronger winds during the short rains.
- ♦ April and May, and sometimes into early June, are the longer hard rains. At this time some lodges and hotels will close for refurbishment.

TANZANIA

Serengeti accommodation

DUNIA

- ◆ 8 spacious safari tents
- ◆ 4x4 game drives
- ◆ Hot air balloon safaris
- ◆ Family tent sleeping up to 5
- ◆ Great for birdlife

- ◆ Great family friendly property
- ◆ Water sport and dive centre
- ◆ Great for diving and snorkelling
- ◆ Ideal for larger weddings

TANZANIA

Suggested itineraries

CLASSIC NORTHERN SAFARI

Arusha

Day 1

Arrive in Arusha, the launch point for most safaris in Northern Tanzania. Overnight in either the town or maybe at one of the lush green coffee plantations.

Tarangire

Day 2 – 3

Transfer to Tarangire National Park, home of one of the biggest elephant populations in Africa. The Tarangire River is at the heart of the park and the magnet for all wildlife in the area.

Ngorongoro Crater

Day 4 – 5

Continue today to the world renowned Ngorongoro Crater stopping enroute at Lake Manyara National Park to witness the huge flocks of flamingo on the lake or maybe a tree climbing lion. Stay for two nights on the Crater Rim, taking daily game drives and nature walks.

Serengeti

Day 6 – 9

Your final destination is the Serengeti National Park, famed for its huge annual migration of wildebeest and Thompsons Gazelle, not to mention attracting large numbers of predators. Spend your days here exploring the differing regions of the park by vehicle or perhaps try a hot air balloon flight or horse riding.

Day 10

Depart homeward bound or continue your adventure to the coast or further safaris in Tanzania or neighbouring Kenya, Uganda or Rwanda.

CLASSIC SOUTHERN SAFARI

Southern Highlands

Day 1 – 2

Fly into the Southern Highlands, a remote, beautiful yet rarely visited region. A much cooler climate than lower lying parks, the highlands supports vast lush, green forests, and is the home for many farms, growing produce that supply the whole country. A perfect, relaxing start to a safari including, walks, horse riding, fishing and mountain biking.

Ruaha

Day 3 – 5

Fly next to Ruaha National Park, the 2nd largest in Africa. Great numbers of plains game, predators and birds await you. The Great Ruaha River provides much of the region's water, and game drives and nature walks are often focused here for prime wildlife viewing.

Selous

Day 6 – 9

Next stop is Selous Game Reserve, dominated by the Great Rufiji River, which provides excellent boat safaris, getting up close to hundreds of hippos and crocodiles as well as prolific birdlife. Game drives focus around the park lakes where visitors go in search of predators like wild dog and lions, as well as great numbers of wildebeest, giraffe and zebra.

Day 10

Depart homeward bound or continue your adventure to the coast or further safaris in Tanzania or neighbouring Kenya, Uganda or Rwanda.

CHIMPS AND LAKES SAFARI

Arusha

Day 1

Arrive in Arusha, the gateway to many safaris in Tanzania. Overnight in either the town or maybe at one of the lush green coffee plantations.

Katavi

Day 2 – 5

Encompassing Lake Katavi, the Katuma River and picturesque Lake Chala, Katavi National Park stretches across roughly 4500 square kilometres of Tanzanian woods and wetlands. It boasts a wide array of bird and animal life, including leopard, elephant, zebra, buffalo, lion and the densest hippo and croc populations in the country.

Mahale

Day 6 – 8

Mahale Mountains National Park is one of the most remote and untouched places in Africa. At its centre is Lake Tanganyika, a huge expanse of crystal clear water and surrounded by forested mountains, which is home to many elusive resident chimpanzee families. Hiking trails to view chimpanzee life, and a myriad of water-based activities are the source of entertainment here, and definitely a journey worth making.

Day 9

Depart homeward bound or continue your adventure to the coast or further safaris in Tanzania or neighbouring Kenya, Uganda or Rwanda.

KENYA

Big cats & migrations

Kenya is one of the world's great tourism destinations, known for its remarkable diversity of landscapes, wildlife and cultures. Kenya is Africa's original safari destination, attracting explorers, adventurers and travellers for centuries. It is home to Africa's famous 'Big Five' (lion, elephant, rhino, leopard and buffalo) and is one of the best places to see these five magnificent species in their natural environment. Kenya also has an incredible range of wild habitats, each one with its own unique range of species. Open savannah, deep forest, freshwater lakes, alpine meadows, coral reefs, caves, beaches, river deltas and more.

The Masai Mara Game Reserve is widely considered to be Africa's greatest wildlife reserve. The vast plains are scattered with herds of zebra, giraffe, gazelle and topi. Elephant and buffalo wallow in the wide Musiara Swamp. Each year the Mara plays host to the world's greatest natural spectacle, the Great Wildebeest Migration from the Serengeti. The Mara has been called the Kingdom of Lions and these regal and powerful hunters dominate the grasslands. Cheetah and leopard are also a common sight in the Mara, as are hyena and smaller predators such as jackals.

Amboseli has one of the most famous landscapes in Africa, with large herds of elephant crossing open plains against the backdrop of the snow capped peak of Kilimanjaro. To the east, Tsavo West and Tsavo East form one of the largest National Parks in the world and at almost 22,000 sqkm, it is the largest in Kenya. The park is famous for its large herds of dust red elephant, along with rhino, lion, buffalo, leopard, gerenuk, and lesser kudu to name a few. Sandwiched between, the much quieter Chyulu Hills are surrounded by open plains with good populations of game, but are far less visited and offer a real wilderness experience.

In the northern and central plateau are some of Kenya's less visited treasures with the Meru and Samburu National Reserves being perhaps the better known. Linking these and other parks are a series of private farms and ranches forming the Laikipia Plateau and Lewa conservancies, which have been converted into community based wildlife sanctuaries, providing a migratory corridor between the National Reserves. All the Big 5 are found here as well as many rarer species and as it is private land, activities are less restricted with horse and camel safaris a highlight.

Lake Nakuru and Naivasha provides visitors with one of Kenya's best known images: thousands of flamingo, joined into a massive flock, making for a breathtaking sight. At Kenya's western frontier lies the great Lake Victoria; the second largest freshwater lake in the world at almost 68,000 sq km and the source of the River Nile. The Kenyan coast is lined with pristine white sandy beaches fringing the warm waters of the Indian Ocean. Here the wilderness meets the sea, and the ocean itself holds a world of spectacular coral reefs teeming with life and colour.

WHEN TO GO

- ♦ Kenya has a distinct rainy season (March – May) which can have an impact on any safari and means that many camps and lodges close as Parks and Reserves become inaccessible.
- ♦ There are lighter rains in Nov and Dec but the longer hard rains are from March – May peaking in April and May. Visitors will be rewarded with much lower visitor numbers, lots of young animals and wild flowers.
- ♦ The famous Great Migration generally starts to arrive into the Masai Mara in July and leaves early October, but this varies dependent upon the rains.

KENYA

Meru & Samburu accommodation

ELSA'S KOPJE

- ♦ 9 open fronted cottages
- ♦ Day and night game drives
- ♦ Guided bush walks
- ♦ Line fishing
- ♦ Visits to Tharaka village

- ◆ Mountain biking

KENYA

Suggested itineraries

CLASSIC KENYA SAFARI

Amboseli National Park

Day 1–3

Fly down to Amboseli, famed for being one of the best places in Africa to get close to free-ranging elephants alongside numerous other wildlife species, overshadowed by the iconic, snow capped peak of Mount Kilimanjaro that dominates the skyline. Other attraction of the park includes opportunities to meet the Maasai people.

Lake Nakuru & Lake Naivasha

Day 4–5

Fly back to Nairobi today and then drive with your guide to Lake Naivasha, the highest of the Rift Valley Lakes and despite having no outlet is one of only two Rift Valley freshwater lakes. The beautiful lake is fringed by papyrus and acacia trees and supports a vast array of bird species. Take daily drives out to Lake Nakuru and Hells Gate.

Masai Mara

Day 6–9

Drive on today to the highlight of any visit to Kenya, the Masai Mara. Together with Tanzania's Serengeti the two parks form Africa's most famous wildlife park. The annual wildebeest migration through the Serengeti and the Masai Mara is the largest mass movement of land mammals on the planet – with more than a million animals following the rains. But that is not where the game viewing ends; large prides of lions, elephants and giraffes in grasslands, gazelles and eland to mention but a few. Aside from traditional vehicle safaris, hot-air ballooning over the Mara plains has become almost essential and you can even do a horseback safari.

Day 10

Depart homeward bound or continue your journey to the coast, further adventures in Kenya or neighbouring Tanzania, Rwanda or Uganda.

NORTHERN ADVENTURE

Samburu National Park

Day 1–3

Flying in today, you'll notice the landscape here a much more arid than that of lower lying parks and daily temperatures can vary wildly, hot dusty days and chilly nights. However, this region is not without its wildlife. Attracted by the waters of Ewaso Nyiro River, great numbers of elephant, Grevy's giraffe, Reticulated giraffe and gerenuk inhabit the park in addition to an extensive bird species list and predators such as lions and wild dog.

Guided activities include rhino tracking, day and night game drives, walks, cultural visits and even a helicopter flight.

Laikipia

Day 4–6

There are two rivers that play a vital role in the geology of this area, the Ewaso Ng'iro and Ewaso Narok, so it's not surprising to learn that the area supports the second largest elephant population in Kenya. Within this region, visitors hope to see lion, leopard, cheetah and wild dog, whilst the plains game species are dominated by some rarer breeds such as Grevy's Zebra, Jacksons Hartebeest and Beisa Oryx. A huge choice of activities can occupy your time here such as white water rafting on the rivers, game drives and walks, fly camping, mountain biking and even a camel safari.

Day 7

Depart homeward bound or continue your journey to the coast, further adventures in Kenya or neighbouring Tanzania, Rwanda or Uganda.

HORSE RIDING KENYA ADVENTURE

Nairobi

Day 1

Starting your adventure in Nairobi, a bustling capital, where there are some fascinating attractions including the Karen Blixen Museum, Sheldrick Elephant Orphanage, Nairobi National Park as well as a wealth of restaurants with menus that reflect both African and Asian influences.

Tsavo East & West

Day 2–5

Drive today with your guide to the quiet, less frequented area of Chyulu Hills National Park. A region which was formed between the Amboseli and Tsavo West National Parks to protect this unique habitat and because of its significance as a water catchment area. The landscape is made up of open grass plains and tree covered rolling hills with Mount Kilimanjaro as a backdrop. Horseback game viewing is unique because a person on a horse is perceived by animals to be different to a person on foot or in a vehicle, often resulting in a more intimate experience. There are horses and rides to suit all levels of experience and both English and South African saddles are available. It is compulsory to wear helmets for safety and insurance purposes. Every rider wanting to do a ride above novice level will need to take an arena test simply to see if they are suited more to intermediate or advanced riding.

Day 6

Depart homeward bound or continue your journey to the coast, further adventures in Kenya or neighbouring Tanzania, Rwanda or Uganda.

MALAWI

The warm heart of Africa

Malawi is a warm and welcoming country that offers visitors wonderful scenery, fascinating parks and some of the friendliest people in Africa. It is no wonder that it is known as the “warm heart of Africa.” Malawi is a country in the heart of central southern Africa that offers a true African experience at a relatively low cost. It is a long and narrow, landlocked country covering more than 1,000km from north to south. Lake Malawi, nearly 600km long and up to 80km wide, dominates the countryside and is one of the main attractions.

Lake Malawi is like a freshwater inland sea that is lined with white sandy beaches and dotted with rocky islands. This vast lake is fringed by beaches and is not only a scenic wonderland, but it also provides water sport opportunities for those looking for something beyond sun, sand and swimming. This is a wonderful place to unwind after a dusty safari and combines wonderfully with Zambia as well as a safari in Malawi itself. Watersports, yachting, snorkelling and kayaking also keep the more active entertained in an idyllic setting.

The south of the country is home to perhaps the two finest wildlife sanctuaries in Malawi as well as the highland regions of Mulanje and Zomba Plateau which are surrounded by forests and tea plantations. Liwonde is perhaps the most popular of the game parks due to its easy access and excellent facilities. Whilst lion are only occasionally encountered, Liwonde has good game and excellent birding as well as boat safaris on the Shire River. Majete Reserve has been extensively restocked with game including the Big 5 and now boasts a superb lodge.

Next to the central lake is the ruggedly beautiful Nkhotakota Wildlife Reserve, which now boasts 2 excellent lodges offering a host of activities with the emphasis on a true wilderness experience. To the north, Nyika is Malawi's largest park and extends across a great plateau which is essentially a granitic dome and its environment is like none other in the whole of Africa. Game viewing is excellent and over 400 species of bird have been recorded. In the rainy season over 200 types of Orchid flower. Game drives, trekking, and horse and mountain bike safaris are a highlight.

WHEN TO GO

- ♦ Malawi is a year round destination and whilst the summer months from Nov – Apr are the rainy season, camps remain open and all but the remotest corners are accessible. Malawi has such diverse habitats that bird watching is superb, with over 650 recorded species.
- ♦ Nyika Plateau is best in the rainy season when over 200 types of Orchid are in flower. The grasslands of Nyika are rich in wild flowers in other seasons.

MALAWI

Lake Malawi & Safari Destinations accommodation

CHINTECHE INN

- ♦ 10 guest rooms with waterfront views
- ♦ Swimming pool and waterfront terrace
- ♦ Set on Lake Malawi

- ♦ 8 stylish bush chalets
- ♦ River views from the pool
- ♦ Dedicated family chalet and activities
- ♦ Game drives and boating safaris
- ♦ Game viewing from local hide

MALAWI

Suggested itineraries

CLASSIC MALAWI

Majete Wildlife Reserve

Day 1 – 3

Sprawling across 700 square kilometres of the Great African Rift Valley, Majete Wildlife Reserve's undulating terrain incorporates grassy plains, riverside groves and forests of marula, acacia and leadwood interspersed with palms and the occasional baobab tree. The park provides a sanctuary for a diverse mix of wildlife, including black rhino, antelope and warthog, while the Shire River is populated by large numbers of crocodiles and hippos. Lodging options include chalets and a wonderfully scenic campsite set above the Matitu Falls. Your guides will conduct game drives and walks from your lodge.

Liwonde National Park

Day 4 – 6

Although Liwonde is one of Malawi's smaller parks, it's arguably the most popular of all the game parks. Malawi's principle river, the Shire, forms its western boundary and is the reserve's life blood. With plentiful water hippos, crocodiles and elephants are in good supply and black rhino has been re-introduced into the area. The birding is excellent and a favourite sighting among twitchers is the Pel's fishing owl.

Lake Malawi

Day 7 – 10

Lake Malawi is an integral part of this beautiful country. The Lake is three quarters of the length of Malawi and plays a major role in feeding much of the population. Numerous fishing villages are scattered along its length but there are still miles and miles of uninhabited golden beaches which form the country's major tourist attraction. Lake Malawi has more species of fish than any other freshwater lake in the world, with over 600 species of fish in the Lake Malawi National Park alone.

The 590km long and 85km wide Lake is the third largest lake in Africa, occupying one fifth of Malawi's total area. At 700m it is incredibly deep – its lowest point is more than 200m below sea level. An ideal destination for everyone with a wide range of activities including snorkelling, fishing, sailing, kayaking, water skiing and sun set dhow cruises.

Day 11

Depart homeward bound or continue your adventure to the coast or further adventures in Zimbabwe, South Africa, Zambia or Botswana.

ZAMBIA

Home of the walking safari

The Victoria Falls are one of the seven natural wonders of the world and a 'must see' on any visit to Zambia, but the country has so much more to offer. With over 40% of the land protected wildlife areas, and some of Africa's most significant rivers, lakes and wetlands, Zambia offers some of the finest wildlife viewing on the continent. The legendary walking safari was pioneered in the Luangwa Valley and this is still one of the best places to explore Africa's natural world on foot.

Most famous of Zambia's great national parks is South Luangwa – and with good reason. A haven of just over 9000sqkm, it is teeming with wildlife which concentrates on the Luangwa River as the water levels drop in the dry season, and offers some of the best leopard sightings in Africa. The remote North Luangwa is so underdeveloped that you can only explore on foot and there are only ever a handful of visitors in this pristine wilderness at any one time. Kafue is one of the largest national parks in Africa and remains largely unexplored.

The Kafue holds possibly the greatest diversity of wildlife of any national park in Africa, and in recent years has seen a small growth in the number of safari camps. The Busanga Plains found in the north are regarded as the jewel in the crown of this beautiful park. A vast flood plain which for much of the year is submerged below seasonal flood waters generates vast areas of grazing, attracting abundant wildlife.

The Lower Zambezi National Park is still relatively undeveloped, and its beauty lies in its absolute wilderness. The legendary Zambezi River is in itself a spectacle and is the namesake of this pristine wilderness, where canoe and boating safaris are a highlight. The Bangweulu Swamps is one of the best places to see the elusive Shoebill Stork, along with myriad other species of wildlife including black lechwe and nearly 400 species of bird.

WHEN TO GO

- ♦ The rainy season is from November – April. Many of the remoter bush camps close during this period but this is a great time, especially for birdwatchers, and some excellent camps remain open.
- ♦ June – October is the dry season and the best time for game viewing. The Falls are at their most spectacular after summer rains between March – June when the river starts to drop again.
- ♦ From November up to 10 million straw coloured fruit bats converge on Kasanka National Park as the fruits of a local tree ripen.

ZAMBIA

Livingstone accommodation

ISLANDS OF SIANKABA

- ♦ 7 secluded luxury chalets
- ♦ Set on 2 private islands on the Zambezi

- ◆ Set on the Iteshi Teshi Lake
- ◆ Families welcome
- ◆ Game drives and walks
- ◆ Water safaris

LEOPARD LODGE

- ◆ 5 stone chalets
- ◆ Huge over-river viewing deck
- ◆ Swimming pool and open dining
- ◆ Fishing and birdwatching
- ◆ Vehicle and boating safaris

MUKAMBI PLAINS CAMP

- ◆ 4 huge, stylish safari tents
- ◆ Set within Busanga Plains
- ◆ Dining and bar space with views
- ◆ 4x4 game drives within the park
- ◆ Seasonal walking safaris

MAYUKUYUKU BUSH CAMP

- ◆ 4 thatched, tented chalets
- ◆ Available as self-drive option
- ◆ Open, shaded central dining space
- ◆ Set on the bank of Kafue River
- ◆ Fishing, vehicle and boating safaris

NANZHILA PLAINS CAMP

- ◆ 3 chalets and 3 safari tents
- ◆ Views over the watery dambo
- ◆ Elevated central area
- ◆ Game drives and bush walks
- ◆ Wildlife views from hides and waterhole

SHUMBA CAMP

- ◆ 6 luxury, spacious safari tents
- ◆ Indoor and outdoor showers
- ◆ Hot air balloon flights
- ◆ Specialist birding safaris
- ◆ Boating, walks and game drives

ZAMBIA

Suggested itineraries

CLASSIC ZAMBIA SAFARI

South Luangwa National Park

Day 1 – 2

Known as the leopard capital of Zambia, South Luangwa National Park is an established favourite amongst safari goers old and new. At the heart of the park is the Luangwa River, and with its seasonal water levels, brings not only changes to the landscape but the interaction with its resident wildlife. Guided walks, village and cultural tours as well as day and night game drives are possible within this wildlife and birdlife rich region.

Day 3 – 5

Today move to another area to explore further into the park. The Luangwa River in particular is the perfect place for wildlife spotting as the animals rely on this precious resource in the dry seasons. Try either another lodge or perhaps a mobile fly camp.

Lower Zambezi National Park

Day 6 – 8

The mighty Zambezi River dominates the landscape here supporting huge elephant herds and hippo pods, lion prides and numerous antelope species. There is much to do here with the River playing a large part in boating safaris, canoeing and fishing in addition to walks and day/night game drives on land.

Livingstone

Day 9 – 10

Your final destination is Victoria Falls (Mosi oa Tunya) which is listed as a World Heritage Site. The Zambezi River, that feeds the Falls, flows year round, reaching its peak between April – July after the rains. Falls visits are a must, but the area is known also for its adrenaline sports and water activities; including gorge swing, helicopter flights, white water rafting and bungee jumping to name a few.

Day 11

Depart homeward bound or continue your adventure in Zambia or neighbouring Botswana, Zimbabwe or Malawi.

CLASSIC KAFUE SAFARI

Kafue National Park

Day 1 – 4

Kafue National Park is a huge expanse, roughly the size of Wales, made up of the Lufupa, Lunga and Kafue Rivers, floodplains and woodlands supporting an impressive array of wildlife. Great herds of elephants roam the plains alongside hartebeest, roan and waterbuck. The park is also home to several packs of wild dog, prides of lions and leopards. Due to the diversity of the terrain, guests can experience game drives, boat safaris, walking trips and possibly one of the most privileged way to view wildlife, a hot air balloon flight.

Livingstone

Day 5 – 8

Your final destination is Victoria Falls (Mosi oa Tunya) which is listed as a World Heritage Site. The Zambezi River, that feeds the Falls, flows year-round, reaching its peak between April – July after the rains. Falls visits are a must, but the area is known also for its adrenaline sports and water activities; including Gorge Swing, Helicopter flights, white water rafting and Bungee Jumping to name a few.

Day 9

Depart homeward bound or continue your adventure in Zambia or neighbouring Botswana, Zimbabwe or Malawi.

RIVERS & WETLANDS SAFARI

South Luangwa

Day 1 – 3

Fly into the South Luangwa National Park, a park that certainly lives up to its name of 'Leopard Capital' of Africa. However, across the breadth of the park, great numbers of game live, supported by the essential waters of the South Luangwa River. Viewing vast groups of hippo pod and colonies of carmine bee-eaters during the dry season is a great highlight of the region. Game drives, walking and fly-camp activities are all part of the adventure and guides will explore different areas of the park each day.

Bangweulu Wetlands

Day 4 – 6

Your flight today takes you into the heart of the Bangweulu Wetlands, a remote and scarcely visited region, home to rare black lechwe found in their hundreds of thousands and of course the peculiar Shoebill Stork. In fact, there is superb variety of bird species here including the rare wattled crane, a real delight for keen birdwatchers. Game drives and guided walks are taken here.

Day 7

Depart homeward bound or continue your adventure in Zambia or neighbouring Botswana, Zimbabwe or Malawi.

MOZAMBIQUE

Barefoot paradise

Mozambique has become an increasingly popular destination – especially for honeymooners and those who desire barefoot luxury without the crowds. Mozambique stretches for 2500km on the south eastern coast of Africa and has miles of deserted, idyllic beaches flanked by the warm waters of the Indian Ocean.

Tourism has developed over recent years and despite an increase in accommodation, many of the options available remain isolated and untouched. Increased flight schedules mean the whole country is now much more accessible and it combines wonderfully with other countries in both East and southern Africa.

The extensive Quirimbas Archipelago consists of 27 offshore islands strung along the coast parallel to Pemba. The islands are composed of fossil coral rock and have lush vegetation and mangrove swamps supporting a wide variety of wading birds, turtles and terns. With only a handful of island lodges and resorts in the Quirimbas, this area remains one of the last undeveloped areas in Africa. The establishment of the 7,500sqkm Quirimbas National Park in Mozambique's northern-most Cabo Delgado Province, close to the border with Tanzania, represents a globally significant conservation achievement.

Off the South coast of Mozambique, Benguerra Island is one of the 5 islands that make up the Bazaruto Archipelago. Some of the best scuba diving and snorkelling in the world is available off Benguerra's shores with the surrounding coral reefs rich in sea life. It is famous for its unspoiled beaches, remarkable dive sites and excellent fishing (subject to a strict 'catch and release' policy). The archipelago is one of the last remaining habitats of the endangered Dugong: a pale, voluptuous sea mammal fabled to have made bygone mariners believe in mermaids.

WHEN TO GO

- ♦ The main dry season runs from April to November and during this time, daytime temperatures average 24°C.
- ♦ The rainy season is from November to March and temperatures average 27°C; humidity can be high.

MOZAMBIQUE

Indian Ocean Coast accommodation

ANANTARA MEDJUMBE ISLAND

- ♦ 12 luxury villas on a private island
- ♦ Private plunge pools
- ♦ Uninterrupted beach views
- ♦ Whale watching, diving and snorkelling
- ♦ Wide range of adventure watersports

AZURA QUILALEA PRIVATE ISLAND

- ♦ 8 luxurious villas, 1 private cliff-top villa
- ♦ Huge private wooden deck
- ♦ Beautiful ocean views
- ♦ Whale watching, diving and snorkelling
- ♦ Beach dining and spa treatments

IBO ISLAND LODGE

- ♦ 14 luxurious, ocean view rooms
- ♦ History and culture tours
- ♦ Large pool and spa treatments
- ♦ Dhow and kayak safaris
- ♦ Diving and snorkelling

ANANTARA BAZARUTO ISLAND

- ♦ All-inclusive luxury island resort
- ♦ Beach and sea view villas, family options
- ♦ Dive centre, snorkelling, whale watching
- ♦ Beach and dune horse riding
- ♦ Luxury spa and wellness offering

AZURA BENGUERRA ISLAND

- ♦ 20 chic, varied beach villas
- ♦ Each spacious villa with plunge pool
- ♦ Presidential villa with personal chef
- ♦ Spa treatments and fine dining
- ♦ Whale watching, diving, fishing and canoes

BENGUERRA LODGE

- ♦ 10 casinhas and 2 cabanas
- ♦ Set within marine conservation area
- ♦ Horse riding and village walks
- ♦ Sunset dhow cruise
- ♦ Helicopter flights and watersports

WHITE PEARL

- ♦ 21 beach and pool suites
- ♦ Endless ocean views
- ♦ Plunge pool and spa treatments
- ♦ Ocean safaris and horse riding
- ♦ Seasonal turtle viewing

MACHANGULO BEACH LODGE

- ♦ 17 luxury beach rooms and villas
- ♦ Villas each have private plunge pools
- ♦ Views over the Indian Ocean
- ♦ Scuba diving and snorkelling
- ♦ Kayaking and birdwatching

CORAL LODGE

- ♦ 10 luxury villas
- ♦ Secluded beach hideaway
- ♦ Ocean front swimming pool
- ♦ Snorkelling, diving and canoeing
- ♦ Dedicated children's activities

MOZAMBIQUE

Suggested itineraries

MOZAMBIQUE ITINERARY

Day 1 – 7

After flying into Vilanculos, a 2500kms stretch of coastline awaits, with classically white, unspoilt sandy beaches. Choosing whether you stay on the north or south coast will be the hardest decision you have to make, after that the luxurious beach resorts will take care of your every wish.

Ways in which to while away your time are not in short supply either; snorkeling, kayaking, beach dining, Dhow cruises, paddle boarding, whale watching and horse riding. However, scuba diving in this region is a true highlight, coral reefs, a myriad of fish, turtles and even rare manatee sightings are all possible.

Mozambique works well as a standalone beach holiday or an extension to a safari in South Africa, Tanzania, Malawi or Botswana.

DHOW SAFARI

Day 1 – 8

The cruise sails throughout the 32 islands of the pristine Quirimbas Archipelago. Home for this trip is a mix of luxury lodge, on board a dhow and island sleep outs and whilst the dhow is a traditional fishing boat, today it is a luxurious way to reach remote hideaways.

Jumping out for picnics on sandbanks, snorkeling the crystal waters and camping out on uninhabited islands are all part of the adventure, whilst the crew prepare a meal of delicious fresh seafood.

This cruise can be taken as part of a group on fixed departure dates or a private tailormade trip.

RWANDA

Gorillas & volcanoes

Rwanda is a green undulating landscape of hills, gardens and tea plantations. The Volcanoes National Park, made famous by Dian Fossey, is home to one third of the world's remaining Mountain Gorillas, one third of Africa's bird species, several species of primates and – as the name would suggest – volcanoes. Lake Kivu is the largest of numerous freshwater bodies that shimmer in the valleys of Rwanda and Akagera National Park offers a complete contrast with big game viewing. Fed by the Akagera River, the park attracts vast numbers of antelope including oribi, duiker and reedbuck

as well as one of the few places in Africa to see a Shoebill Stork. Akagera is not without its mammals either, lion, hyena, leopard and with plans to reintroduce the black rhino will make this Rwanda's only Big 5 destination. Nyungwe National Park is a less visited corner of Rwanda. Its pristine rain forests are home to some 400 chimpanzees and huge troops of Colobus and L'Hoest's monkeys. It too is a wonderful haven of beautiful and diverse species of bird, many of which are endemic to the region.

Kigali City is among the safest and friendliest of African capitals, and will be the entry point for many visitors who may often need to spend a night here. For those with time to linger there are several fascinating museums and the Genocide Monument. Rwanda's location in the Albertine Rift and its dense forests and mountains create a unique and remarkable environment with an impressive bird list of over 700 species recorded, and supports the second highest number of Albertine Rift endemics of any country.

For most, a visit to Rwanda is to see the gorillas in the Volcanoes National Park where there are limited permits each day and pre booking is essential. A gorilla visit will entail a 1 to 4 hour trek through the forest, led by experienced trackers. You may spot golden monkeys or see buffalo, bush duiker and a wide variety of bird life. But the high point, of course, is spending an hour with the gentle giant gorillas – one of the greatest wildlife experiences on earth.

WHEN TO GO

- ♦ Gorilla trekking takes part year-round, although it can be difficult in the wet season.
- ♦ Warm, drier weather is best between June – September and December – February.
- ♦ The longest wet season is March – May when many areas are difficult to reach. Shorter rains fall between October and November, gorilla trekking permits are often cheaper at this time.

RWANDA

Volcanoes National Park accommodation

BISATE LODGE

- ♦ 6 luxurious guest tents
- ♦ Newest lodge to the park
- ♦ Close to gorilla trekking
- ♦ Cultural visits and walks
- ♦ Birding and Dian Fossey grave visit

SABINYO SILVERBACK LODGE

- ♦ 7 cottages and 2 suites
- ♦ Breathtaking views
- ♦ Gorilla trekking and primate walks
- ♦ Guided birdwatching
- ♦ Mountain biking and cultural tours

GORILLA MOUNTAIN VIEW LODGE

- ♦ 30 large guest chalets
- ♦ Ecolodge supporting local community
- ♦ Gorilla trekking
- ♦ Bird and primate viewing
- ♦ Local guided walks

RWANDA

Akagera National Park accommodation

AKAGERA GAME LODGE

- ♦ 64 rooms, suites and family room
- ♦ Set within Akagera National Park
- ♦ Large pool and gardens
- ♦ Prime game viewing area
- ♦ Walks in search of Shoebills

RUZIZI TENTED LODGE

- ♦ 9 spacious guest tents
- ♦ Quiet unspoilt national park
- ♦ 4x4 game drives
- ♦ Search for rare Shoebills
- ♦ Prolific birdwatching

KARENGWE MOBILE CAMP

- ♦ 6 traditional, rustic bush tents
- ♦ Only opens seasonally
- ♦ Boat safaris on Lake Ihema
- ♦ Unique, exclusive experience
- ♦ Game drives within the park

- ◆ Close to airport and golf course

RWANDA

Nyungwe & Lake Kivu accommodation

NYUNGWE FOREST LODGE

- ◆ 22 luxury rooms and suites
- ◆ Pool with rainforest views
- ◆ Safaris in Nyungwe National Park
- ◆ Chimp and other primate trekking
- ◆ Guided walks and birdwatching

TOP VIEW HILL HOTEL

- ◆ 12 individual guest cottages
- ◆ Unique elevated location
- ◆ Canopy walk way and hikes
- ◆ Chimpanzee trekking
- ◆ Birdwatching and flora walks

LAKE KIVU SERENA

- ◆ 66 guest rooms and suites
- ◆ Set on the shore of Lake Kivu
- ◆ Family friendly rooms and activities
- ◆ Swimming pool and private beach
- ◆ Water and land sports

RWANDA

Suggested itineraries

GORILLAS AND SAFARI

Kigali

Day 1

Rwanda's capital and biggest city is built across an undulating series of lush hills surrounded by higher mountains, and is the country's gateway. Spend the day exploring the numerous restaurants and points of interest, including the Kigali Genocide Centre, an atmospheric market and numerous craft shops.

Akagera

Day 2 – 4

Akagera National Park stretches across a vast expanse of low-lying mountains and savannah plains, taking in the lakes and wetlands of the Akagera River along the way. Game drives and walks are conducted within the park by lodge guides.

Volcanoes National Park

Day 5 – 8

Set high on the jungle-covered slopes of the volcanic Virunga Mountains, Parc National des Volcans is best known as a sanctuary for the region's rare mountain gorillas. Highly regulated treks through the reserve allow visitors to spend an hour at a time with these incredible primates in their natural habitat.

Lake Kivu

Day 9 – 10

One of Africa's Great Lakes, Kivu is the sixth-largest and eighteenth-deepest lake in the world, covering a whopping surface area of roughly 2,700 square kilometres and reaching to almost 500 metres at its maximum depth. Watersports enthusiasts will have a field day at Lake Kivu, and bird watchers are likely to be equally thrilled by the lake's diverse menagerie of avian species.

Day 11

Depart homeward bound or continue your adventure in Rwanda or neighbouring Tanzania, Kenya or Uganda.

PURE GORILLAS

Kigali

Day 1

Arrive into Kigali, Rwanda's capital, and spend time relaxing or exploring the city. There will be time here to sightsee by yourself or take a guided tour visiting museums or the moving Kigali Genocide Centre. Accommodation is available in the city or surrounding hillsides.

Volcanoes National Park

Day 2 – 5

Set within the Virunga Mountain range, Volcanoes National Park is not only home to the rare and endangered mountain gorilla, but provides some of the most beautiful and dramatic landscapes on the African continent. However, whilst the gorillas are the main attraction, the region supports troops of Golden monkey, numerous bird species, in addition to local cultural tours and community projects. Of particular poignancy, is a visit to the tomb site of Dian Fossey, the eminent scientist, researcher and ultimate champion of gorilla protection.

Trekking to see gorillas will start early in the morning, and may take several hours of strenuous walking to reach the overnight nesting site of one of the habituated groups. Your guide will ensure you are well positioned to observe the complex workings of a gorilla family.

Day 6

This safari works as a standalone short trip or combines well with further adventures in Rwanda or neighbouring Tanzania, Kenya or Uganda.

UGANDA

The Pearl of Africa

Uganda is where the East African savannah meets the West African jungle. This incredibly lush country has open plains and rainforest, as well as channels teeming with hippo and mountains shrouded in mist, and is famous for the source of the Nile. Uganda is one of the best places to see the threatened Mountain Gorilla and this biodiversity is further strengthened by Uganda's status as by far the smallest of the four African countries whose bird checklist tops the 1,000 mark.

Kampala is the capital city of Uganda and is located in the central region on the shores of Lake Victoria. There are many points of interest across the city, including museums and gardens, with a range of

accommodation to suit all travellers using the city as a gateway to the numerous national parks. Lake Victoria is the largest lake on the African continent and the second largest freshwater lake in the world. A visit to the forested island group of Ssesse is a must for birdwatching enthusiasts, entomologists or those seeking a tranquil hideaway to relax. Entebbe is the international point of entry to the country and sits on the Lake Victoria peninsula.

Bwindi Impenetrable Forest is home to a population of around 330 Mountain Gorillas, half of the world's population, and is the only forest in Africa to have Chimpanzees and Mountain Gorillas co-existing.

In addition to these incredible creatures, the park supports a total of more than 120 mammal, 346 bird and 202 butterfly species, so it is not surprising that the park is a must for passionate wildlife enthusiasts and was declared a UNESCO World Heritage Site in 1994.

Kibale National Park covers an area of roughly 795sqkm and has one of Uganda's most unspoilt tropical forests. It's also one of the best safari destinations in Africa for chimpanzee tracking along with 13 other species of primate. Shoebill Storks are often sighted in the Semliki Game Reserve. Queen Elizabeth and Kidepo National Parks offer the visitor excellent big game viewing, all of which make Uganda a nature lover's paradise.

Murchison Falls National Park is situated in the Northern region of the country, at its centre the Victoria Nile rushes along 80 kilometres of rapids before crashing over the 40 meter drop at Murchison Falls. However, the park is ideal for vehicle and boat safaris, viewing elephants, buffaloes, hippos, crocodiles and the rare Shoebill around Lake Albert.

Queen Elizabeth National Park is one of the most beautiful of the country's parks making it a popular destination. A huge region stretching from the Rwenzori Mountain range across the Ishasha River attracts visitors in search of chimpanzees, elephants, plains game and a prolific birdlife population of over 600 species.

WHEN TO GO

- ◆ The dry seasons run from June to September and late December through to February, at this time game viewing is in its prime as the grasslands are less dense.
- ◆ Gorilla trekking is available year-round, however, not recommended during the heaviest rains.
- ◆ Due to the tropical climate, rains could fall at any time but are most prevalent between March and May and October to November.
- ◆ Shoebills are a rare bird species and are best observed from a boat trip during the dry season.

UGANDA

Bwindi accommodation

BUHOMA LODGE

- ◆ 10 spacious guest chalets
- ◆ Views across Bwindi Forest
- ◆ Situated within the National Park
- ◆ Gorilla trekking

- ◆ Day and night game drives and walks
- ◆ Infinity pool

APOKA SAFARI LODGE

- ◆ 10 canvas, thatched rooms
- ◆ Remote, unspoilt area of Kidepo
- ◆ Large pool with beautiful views
- ◆ 4x4 game drives and guided walks
- ◆ Community visits and birdwatching

UGANDA

Suggested itineraries

CLASSIC UGANDA SAFARI

Entebbe

Day 1
Entebbe is your gateway to the country, stay overnight in the city or on the shores of nearby Lake Victoria.

Kibale National Park

Day 2 – 3
A drive today through many tea plantations and local markets on your way to the park. Activities here include a visit to the enchanting Chimpanzee Habituation Centre, observing family socialisation, feeding, hunting and playing.

Queen Elizabeth National Park

Day 4 – 5
Boasting one of the highest bio diversities of any national park, Queen Elizabeth National Park is home to a wealth of primates such as chimps, colobus monkeys and baboons, predators such as lions and hyena as well as elephants, buffaloes and hippos. Activities are fully escorted including game drives, boat trips on Kazinga Channel and forest trekking.

Day 6
After spending the day trekking the forests in search of Chimpanzees and taking a game drive in Ishasha looking for tree climbing lions, relax this evening sharing photos and stories of your journey so far.

Bwindi Impenetrable National Park

Day 7 – 8
Bwindi Impenetrable National Park is your final destination and the trip highlight, gorilla trekking. Known as one of only a few places on the planet where it is possible to reach these elusive, protected animals, limited daily permits allow just a few visitors a very close encounter.

Day 9
Depart homeward bound or continue your adventure in Uganda or neighbouring Tanzania, Kenya or Rwanda.

GORILLAS AND LAKES

Kampala

Day 1
On arrival transfer to the centre of Kampala, the country's capital. Spend the day exploring the city's museums and parks.

Bwindi Impenetrable National Park

Day 2 – 4
Transfer to Bwindi Impenetrable National Park today to trek the rainforests in search of the iconic Mountain Gorillas. Treks start early in the morning and are often long and tiring, but from your first glimpse it will be worth it. Spending around 1 hour per visit, your guide will explain the gorilla behaviours and lifestyles, offering a great insight into their secret world. Game drives within the park are also a fascinating way to spend time here, uniquely, chimpanzees also inhabit this region as well as elephants, numerous antelope species and rare endemic bird species.

Lake Victoria

Day 5 – 7
Head back toward the capital today staying on the shores of Lake Victoria. The fresh, cool climate of Africa's largest lake is a wonderful contrast to the rainforest. Relax on the beach or try out some watersports as well as opportunities to visit the forested channel of the Ssesse Islands famed for their wealth of birdlife. Ssesse is an archipelago of over 80 islands and home to a wealth of bird and insect life, and accessed via regular, scheduled ferries. Whilst fairly basic, there is an opportunity to stay on some of the islands as an alternative.

Day 8
Depart homeward bound or continue your adventure in Uganda or neighbouring Tanzania, Kenya or Rwanda.

ZIMBABWE

Waterfalls & Wilderness

Despite its recent history, Zimbabwe has much to offer and the people are amongst the warmest, friendliest and most hospitable that you are likely to meet. Victoria Falls are a spectacular sight of grandeur on the Zambezi River, with columns of spray seen from miles away as up to 546 million cubic metres of water per minute plummet over the edge at a width of nearly two kilometres into a deep gorge below. In addition to witnessing this natural phenomenon, the region has become a hub for adventure sports including bungee jumping, gorge swinging, micro-light and helicopter flights and white water rafting to name a few.

The Zambezi continues its journey through Lake Kariba, a man-made creation formed in the 1950s, where the resident wildlife of neighbouring Matusadona National Park are regular visitors drawn by the permanent source of water. Whilst further along the Zambezi you'll find Mana Pools National Park, rich in wildlife such as hippo, crocodile and elephants. Canoeing is the highlight of any visit here, gently paddling along the river whilst elephants cast a wary eye in your direction is a thrilling encounter with nature.

Hwange National Park has one of the densest concentrations of game in Africa and some of the highest mammal diversity for any park in the world. At 1.4 million hectares, it is the largest reserve in Zimbabwe with varied habitats and vegetation types. There are just a handful of excellent camps in the park that offer superb guided game viewing, in particular the dense number of elephants and cape buffalo. In addition, visitors may encounter hyena, African wildcat, lions, leopard, Burchell's zebra, numerous jackal species and honey badgers.

Matobo National Park occupies a total area of 44,500 hectares and includes an Intensive Protection Zone where a large population of black and white rhino are successfully breeding. The region is distinctly recognised for its huge granite rock formations where many historic rock art works have been preserved.

WHEN TO GO

- ◆ Zimbabwe's summer is from November – April when afternoon showers can be expected. Mana Pools closes during this period but Hwange is less affected and camps remain open.
- ◆ The Victoria Falls peak flood is in March and April when due to the masses of spray rising, the full width of the Falls can't be seen on foot. The aerial view at this time though is spectacular.
- ◆ As the floods abate, the view of the Falls gets better and better. At its lowest, around November and December, the Falls become smaller rivulets spilling over the edge.

ZIMBABWE

Hwange accommodation

DAVISON'S CAMP

- ◆ 8 luxury tents and 1 family tent
- ◆ Refreshing pool and viewing deck
- ◆ Day and night game drives
- ◆ Guided bush walks
- ◆ Village and cultural visits

LITTLE MAKALOLO

- ◆ 6 luxury, traditional tents
- ◆ Sleep out star bed available
- ◆ Log-pile hide overlooking waterhole
- ◆ Day and night game drives
- ◆ Village and cultural trips

JOZIBANINI CAMP

- ◆ 3 raised deck tents
- ◆ Sleep out star beds available
- ◆ Exclusive, remote location
- ◆ Guided mountain bike trips
- ◆ Day and night game drives

ELEPHANT'S EYE

- ◆ 72 lodge rooms and suites
- ◆ Huge wildlife viewing deck
- ◆ Family friendly
- ◆ Victoria Falls visits
- ◆ Water, adventure and safari trips

ZIMBABWE

Suggested itineraries

CLASSIC ZIMBABWE

Matobo National Park

Day 1 – 3

Arriving into this region, you notice immediately the striking, unspoilt landscape that Matobo National Park is renowned for. As far as the horizon, the view is littered with a range of massive red-tinged, granite boulders interspersed with gorgeous wooded valleys making it a dream destination for hikers, climbers and nature lovers alike.

The park also boasts remarkably diverse flora and fauna, making game drives and walks especially interesting.

Matobo is also home to an impressive range of African wildlife including the highly endangered black and white rhinoceros, zebra, wildebeest, giraffe, cheetah, hippo, warthog and crocodile as well as Africa's largest concentration of leopard and black eagles.

Hwange National Park

Day 4 – 7

Hwange's reputation for supporting huge herds of elephant does not disappoint visitors arriving in Zimbabwe's largest reserve.

The excellent guides here will also endeavour to find wild dog, lions and giraffe whilst out on game drives. Terrain ranges from desert dunes and savannah lands to rocky outcrops and sparse forests, and visitors have the choice of game drives, guided walks or horseback safaris as a means of experiencing the park and its creatures.

Victoria Falls

Day 8 – 10

Visitors to The Falls from the Zimbabwe side will argue that the view here is much better. You can decide for yourself if you choose an additional step across the border to Zambia as well. Whilst Victoria Falls is the main attraction here, there are numerous adrenaline sports to try as well as a visit to Mosi oa Tunya National Park to see the highly protected and rare rhinos.

Day 11

Depart homeward bound or continue your adventure in Zimbabwe or neighbouring South Africa, Zambia or Botswana.

ZIMBABWE WALKING SAFARI

Victoria Falls

Day 1

One of the original natural wonders of the world, the Victoria Falls is a World Heritage Site and an extremely popular tourism attraction. Known locally as 'The Smoke that Thunders' this spectacle is accessible from both Zambia and Zimbabwe and it is an ideal place to combine game viewing and water sports. There is excellent fishing, a terrifying bungee jump and arguably the best commercial white water rafting in the world.

Hwange National Park

Day 2 – 6

Fly today into Linkwasha Airstrip, your guide will meet you and your safari will commence straight away on your drive to camp.

Over the coming days, you will be guided to some of the most amazing regions of the park such as Scott's Pan and Ngamo Plains. Most exploration will be on foot, interspersed with game drives to give your feet a rest.

Whilst encountering big game is the highlight of this adventure, your guide will take care to capture the full essence of the region by pointing out important flora and fauna that contribute in their own way to the eco-system. There are set departure dates for this trip, but it can also be taken as a private safari where you can alter the areas visited and the camps you stay in.

Day 7

Depart homeward bound or continue your adventure in Zimbabwe or neighbouring South Africa, Zambia or Botswana.

INDIAN OCEAN

Tropical island paradise

The island of Mauritius sits in the warm waters of the Indian Ocean, where never ending clear blue skies stretch to the horizon. Palm-fringed white beaches give way to a lush and fertile interior with dramatic mountain backdrops. Offshore coral reefs and secluded lagoons ensure that the waters are calm and perfect for swimming, diving and snorkelling. For the more active there are plentiful watersports, land sports and a selection of world class golf courses. Families are well provided for with many hotels offering a fantastic array of supervised activities and entertainment for children.

WHEN TO GO

- ♦ Mauritius has a year round subtropical climate with two main seasons. Summer runs from November to April, with temperatures averaging 30°C. Winter temperatures still average a more than comfortable 24°C.
- ♦ Some heavy rains, wind and even the odd cyclone can occur between January and March.
- ♦ August to December is when humidity and the risk of rain are at their lowest.
- ♦ October to April is the best time to enjoy big game fishing.

The Seychelles is made up of a cluster of 115 idyllic islands that lie scattered across 950,000sqkm of the Indian Ocean. This cluster is surrounded by clear waters and generally warm weather, and epitomises the expression 'tropical island paradise'. The islands fall into two distinct groups: The granitic Inner Islands – Mahé, Praslin, and La Digue – lie within the relatively shallow Seychelles plateau, 4 degrees south of the Equator. The Outer Islands are further divided into five groups – The Amirantes Group lying 230km from Mahé, the Southern Coral Group, Alphonse Group, Farquhar Group and the Aldabra Group, which is 1150 km from Mahé.

WHEN TO GO

- ♦ Seychelles' enviable climate is always warm and without extremes. The temperature seldom drops below 24°C or rises above 32°C. All but the remotest southern islands lie comfortably outside the cyclone belt.
- ♦ During the North West trade winds in October to March, the sea is generally calm and the weather warm and humid with cooling winds.
- ♦ In January and February the islands receive their rains.
- ♦ Between May and September the weather is a little cooler.

INDIAN OCEAN

Mauritius accommodation

CANONNIER BEACHCOMBER GOLF RESORT & SPA

- ◆ 283 rooms, suites and apartments
- ◆ 3 restaurants
- ◆ Family friendly with kid's activities
- ◆ Spa Beachcomber

- ◆ Fishing in the ocean

OTHER HOLIDAY IDEAS

Africa & Beyond holiday options

As well as our incredible safari destinations we also offer a great range of alternative holidays from weddings, scuba diving, train tours, scheduled tours and much more. Whatever's on your mind, we're here to help transport you to your dream destination.

HORSE RIDING

Animals are comfortable around other animals, which is why a riding safari allows you a unique 'up close and personal' insight into natural wildlife behaviour. The horses are able to walk amongst the plains game, elephants and even predators without disturbing them. This experience however, is not limited to those with riding skills at the highest level, we work with lodges across the continent who offer experiences from novice upwards and for all ages too. Whether galloping out across wilderness plains or a gentle trot along a white sandy beach is your dream, there is a perfect ride out there for you.

Destinations of interest
Kenya, Botswana, South Africa, Malawi and Mozambique.

WEDDINGS

With the world so much more accessible, many couples are not only choosing more exotic honeymoons but now many are searching for that unforgettable wedding venue, and Africa and the Indian Ocean Islands now offer an exciting array of possibilities. Whether this is under a Sausage Tree in Zambia's South Luangwa National Park, on a beach in the Seychelles, on an island in the Zambezi with a back drop of the Victoria Falls or on top of Table Mountain in Cape Town, almost anything is possible.

Destinations of interest
South Africa, Kenya, Tanzania, Mauritius, Seychelles, Mozambique and Botswana.

TRAIN JOURNEYS

In southern Africa, two train operators operate luxury train journeys specifically designed for international visitors, connecting some of the sub continent's most famous attractions in absolute comfort. The world famous Blue Train and Rovos Rail offer journeys through the heart of Africa combining some of the most magnificent scenery with the glamour and excitement of the golden age of rail travel. In Namibia, the Desert Express unique rail experience offers an overnight weekend getaway from Windhoek to the coastal towns of Swakopmund and Walvis Bay. The Desert Express also offers a seven-day tour from Windhoek to Swakopmund, Etosha and back to Windhoek on selected dates.

Destinations of interest
South Africa and Namibia.

SCHEDULED TOURS

Escorted tours are an excellent method of transport for people who don't want to drive themselves and want to see as much as possible with as little stress as possible. Expert guides bring long journeys to life, pointing out things that might otherwise get missed. Planned itineraries with pre-booked sightseeing ensure that every day time is maximised but at a leisurely pace. For the younger or more adventurous traveller, we have a range of scheduled departure tours and safaris where accommodation ranges from camping to rustic country inns. One step up from an overland trip, these vary in length from a few days to a few weeks, and specially adapted vehicles provide fantastic sightseeing for small groups of 'younger at heart' travellers.

Destinations of interest
Botswana, South Africa, Namibia, Tanzania, Kenya and Zambia.

GOLF

South Africa is home to some of the finest Championship golf courses in the southern hemisphere. As well as a perfect golfing climate, there are dozens of superb courses throughout Western and Eastern Cape, KwaZulu-Natal, Mpumalanga, Limpopo and Sun City. South Africa combines well with Mauritius where there are even more top class courses. Elsewhere in Africa, there are good courses in Namibia and Kenya. Whether golfing is the main reason for your holiday or just part, you'll find courses to challenge the skills and level of any player.

Destinations of interest
South Africa, Namibia, Kenya and Mauritius.

HOT AIR BALLOONING

Take to the skies and enjoy your safari on a whole new level. Crisp, clear mornings set the scene for the perfect sunrise flight, gliding high above the wildlife and finishing your morning safari with a bush, Champagne breakfast. A hot air balloon flight, allows guests to see animals in their natural habitat, completely uninterrupted and is truly the icing on the cake of safari activities.

Destinations of interest
Botswana, Zambia, Namibia, Kenya and Tanzania.

SCUBA DIVING

The warm Indian Ocean waters off the coast of East and southern Africa offer some of the best warm water Scuba diving in the world. The coasts of Mozambique and KwaZulu-Natal stand out as two of the leading dive destinations in the world. Whale Sharks, Manta Rays, Loggerhead and Leatherback Turtles, Dugongs, Humpback Whales, Sharks, Dolphins, and over a 1000 different species of tropical fish can all be found. All this combines perfectly with a safari or a holiday in South Africa with a selection of accommodation for every taste and budget.

Destinations of interest
South Africa, Mozambique, Malawi, Mauritius and Zanzibar.

CLIMBING

Across the African continent there are many peaks to conquer, the most iconic of all being Mount Kilimanjaro, Tanzania. A 4,900m climb from base camp, via six different routes, this proves to be the ultimate African challenge. Elsewhere, the distinctive beauty of the dunes in Sossusvlei, Namibia, draws visitors year after year to witness sunrise or sunset across this red desert, whilst in Kenya, Mount Meru awaits. Central Africa, Uganda and Rwanda offer the finest rainforest trekking in search of the elusive mountain gorillas.

Destinations of interest
Tanzania, Kenya, Uganda, Rwanda and Namibia.

PRIVACY POLICY

In any circumstances in which a carrier is liable to you by virtue of the Denied Boarding Regulation 2004, any liability we may have to you under our contract with you, arising out of the same facts, is limited to the remedies provided under the Regulation as if (for this purpose only) we were a carrier. When making any payment, we are entitled to deduct any money which you have received or are entitled to receive from the transport provider or hotelier for the complaint or claim in question.

It is a condition of our acceptance of liability under this clause that you notify any claim to us and our supplier(s) strictly in accordance with the complaints procedure set out in these conditions.

Where any payment is made, the person(s) receiving it (and their parent or guardian if under 18 years) must also assign to us or our insurers any rights they may have to pursue any third party and must provide ourselves and our insurers with all assistance we may reasonably require.

Please note, we cannot accept any liability for any damage, loss or expense or other sum(s) of any description: which since the information given to us by you concerning your booking prior to our accepting it, we could not have foreseen you would suffer or incur if we breached our contract with you; or relate to any business.

We will not accept responsibility for services or facilities which do not form part of our agreement or where they are not advertised in our brochure. For example, any excursion you book whilst away, or any service or facility which your hotel or any other supplier agrees to provide for you.

Excursions & Recommendations

Occasionally we may recommend local excursion and activity providers ("local operators") for you to book activities and excursions with whilst on your holiday. These recommendations are provided by us to you entirely in good faith based on our knowledge and experience. However, this recommendation is not an endorsement of these local operators nor does any local activity or excursion you book (whether pre or post departure) form part of your contract with us. Furthermore, excursions or other tours that you may choose to book or pay for whilst you are on holiday are not part of your contracted arrangements with us. For any excursion or other tour that you book, your contract will be with the operator of the excursion or tour and not with us. We are not responsible for the provision of the excursion or tour or for anything that happens during the course of its provision by the operator.

Your Financial Protection

We provide financial security for our package holidays. For flight inclusive packages, we do this by way of our ATOL with the Civil Aviation Authority under ATOL number 9470.

When you buy an ATOL protected product from us you will receive an ATOL Certificate. This lists what is financially protected, where you can get information on what this means for you and who to contact if things go wrong. For further information, visit the ATOL website at www.atol.org.uk. The price of our flight inclusive arrangements includes the amount of £2.50 per person as part of the ATOL Protection Contribution (APC) we pay to the CAA. This charge is included in our advertised prices. Not all holiday or travel services offered and sold by us will be protected by the ATOL Scheme. ATOL protection extends primarily to customers who book and pay in the United Kingdom.

We, or the suppliers identified on your ATOL Certificate, will provide you with the services listed on the ATOL Certificate (or a suitable alternative). In some cases, where neither we nor the supplier are able to do so for reasons of insolvency, an alternative ATOL holder may provide you with the services you have bought (at no extra cost to you). You agree to accept that in those circumstances the alternative ATOL holder will perform those obligations and you agree to pay any money outstanding to be paid by you under your contract to that alternative ATOL holder. However, you also agree that in some cases it will not be possible to appoint an alternative ATOL holder, in which case you will be entitled to make a claim under the ATOL Scheme (or your credit card issuer where applicable).

If we, or the suppliers identified on your ATOL certificate, are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) you under the ATOL

scheme. You agree that in return for such a payment or benefit you assign absolutely to those Trustees any claims which you have or may have arising out of or relating to the non-provision of the services, including any claim against us, the travel agent (or your credit card issuer where applicable). You also agree that any such claims may be re-assigned to another body, if that other body has paid sums you have claimed under the ATOL scheme.

We provide full financial protection for our package holidays which don't include flights, by way of a bond held with ABTA. See clause 24 for further details.

If you book arrangements other than a package holiday from us, your monies will not be financially protected. Please ask us for further details.

Passport, Visa and Immigration Requirements & Health Formalities

It is your responsibility to check and fulfill the passport, visa, health and immigration requirements applicable to your itinerary. We can only provide general information about this. You must check requirements for your own specific circumstances with the relevant Embassies and/or Consulates and your own doctor as applicable. Requirements do change and you must check the up to date position in good time before departure. Most countries now require passports to be valid for at least 6 months after your return date. If your passport is in its final year, you should check with the Embassy of the country you are visiting. For further information contact the Passport Office on 0870 5210410 or visit <https://www.gov.uk/browse/citizenship/passports>. For European holidays you should obtain a completed and issued form EHIC prior to departure.

Up to date travel advice can be obtained from the Foreign and Commonwealth Office, visit <https://www.gov.uk/travelaware>
Non-British passport holders, including other EU nationals, should obtain up to date advice on passport and visa requirements from the Embassy, High Commission or Consulate of your destination or country(ies) through which you are travelling.
We do not accept any responsibility if you cannot travel, or incur any other loss because you have not complied with any passport, visa, immigration requirements or health formalities. You agree to reimburse us in relation to any fines or other losses which we incur as a result of your failure to comply with any passport, visa, immigration requirements or health formalities.

Conditions of Suppliers

Many of the services which make up your holiday are provided by independent suppliers. Those suppliers provide these services in accordance with their own terms and conditions which will form part of your contract with us. Some of these terms and conditions may limit or exclude the supplier's liability to you, usually in accordance with applicable International Conventions. Copies of the relevant parts of these terms and conditions are available on request from us or the supplier concerned.

Prompt Assistance in Resort

If the contract we have with you is not performed or is improperly performed as a result of failures attributable to a third party unconnected with the provision of the services, or as a result of failures due to unusual and unforeseeable circumstances beyond our control, the consequences of which could not have been avoided even if all due care had been exercised, or an event which we or our suppliers, even with all due care, could not foresee or forestall, and you suffer an injury or other material loss, we will offer you such prompt assistance as is reasonable in the circumstances. Where you experience a delay, which is not owing to any failure by us, our employees or sub-contractors, this prompt assistance is likely to extend to providing help in locating refreshments, accommodation and communications but not paying for them. Any airline or other transport supplier may however pay for or provide refreshments and/or appropriate accommodation and you should make a claim directly to them. Subject to the other terms of these conditions, we will not be liable for any costs, fees or charges you incur in the above circumstances, if you fail to obtain our prior authorisation before making your own travel arrangements.

Delays, Missed Transport Arrangements and other Travel Information

If you or any member of your party misses your flight or other transport arrangement, it is cancelled or you are subject to a delay of over 3 hours for any reason, you must contact us and the airline or other transport supplier concerned immediately.

Under EU Law, you have rights in some circumstances to refunds and/or compensation from the airline in cases of denied boarding, cancellation or delay to flights. Full details of these rights will be publicised at EU airports and will also be available from airlines. If the airline does not comply with these rules you should complain to the Civil Aviation Authority at www.caa.co.uk/passengers. Reimbursement in such cases is the responsibility of the airline and will not automatically entitle you to a refund of your holiday price from us. If, for any reason, you do not claim against the airline and make a claim for compensation from us, you must, at the time of payment of any compensation to you, make a complete assignment to us of the rights you have against the airline in relation to the claim that gives rise to that compensation payment. A delay or cancellation to your flight does not automatically entitle you to cancel any other arrangements even where those arrangements have been made in conjunction with your flight.

We cannot accept liability for any delay which is due to any of the reasons set out in clause 10 of these Booking Conditions (which includes the behaviour of any passenger(s) on any flight who, for example, fails to check in or board on time).

The carrier(s), flight timings and types of aircraft shown in this brochure or on our website and detailed on your confirmation invoice are for guidance only and are subject to alteration and confirmation. We shall inform you of the identity of the actual carrier(s) as soon as we become aware of it. The latest flight timings will be shown on your tickets which will be despatched to you approximately two weeks before departure. You should check your tickets very carefully immediately on receipt to ensure you have the correct flight times. If flight times change after tickets have been dispatched we will contact you as soon as we can to let you know.

Please note the existence of a "Community list" (available for inspection at http://ec.europa.eu/transport/air-ban/list_en.htm) detailing air carriers that are subject to an operating ban with the EU Community.

This brochure is our responsibility, as your tour operator. It is not issued on behalf of, and does not commit the airlines mentioned herein or any airline whose services are used in the course of your travel arrangements.

Advance Passenger Information

A number of Governments are introducing new requirements for air carriers to provide personal information about all travellers on their aircraft to the Authorities before the aircraft leaves the UK. The data will be collected either at the airport when you check in or in some circumstances when, or after you make your booking. Accordingly, you are advised to allow extra time to check in for your flight. Where we collect this data, we will treat it in accordance with our privacy policy.

Foreign Office Advice

You are responsible for making yourself aware of Foreign Office advice in regard to the safety of the countries and areas in which you will be travelling and to make your decisions accordingly. Advice from the Foreign Office to avoid or leave a particular country may constitute Force Majeure. (See clause 10).

ABTA

We are a Member of ABTA, membership number Y5609. We are obliged to maintain a high standard of service to you by ABTA's Code of Conduct. We can also offer you ABTA's scheme for the resolution of disputes which is approved by the Chartered Trading Standards Institute. If we can't resolve your complaint, go to www.abta.com to use ABTA's simple procedure. Further information on the Code and ABTA's assistance in resolving disputes can be found on www.abta.com.

Africa and Beyond understands and respects the importance of your privacy and we are committed to safeguarding your personal information. In providing our service to you, we must collect personal information from you and this policy outlines how we treat your personal data after it has been collected by any of our channels and any future digital services or channels as they evolve.

What information will we collect?

We may collect all or some of the following information relating to you or other members of your party:

- Names, job titles and contact/address details including telephone number and email address;
- credit/ debit card or other payment details (including card number, cardholder name, expiry date);
- special requirements such as those relating to any disability or medical condition which may affect the chosen arrangements;
- demographic information such as preferences and interests;
- information relevant to customer surveys and/or offers;
- dietary restrictions (which may disclose your religious beliefs).

You are responsible for ensuring that other members of your party are aware of the content of this Policy and consent to your acting on their behalf in all your dealings with us.

Some of the information we collect (such as about health or religion) may be considered "sensitive personal data" under the Data Protection Act 1998. We collect it to cater to your needs or act in your interest, and we are only prepared to accept sensitive personal data from you on the condition that we have your positive consent. We will seek this consent when necessary.

How will we collect this information?

We will only collect personal information from you by specifically asking for it:

- When you purchase a product or service from or through us;
- When you subscribe to our newsletter;
- When you register an account with us;
- When you speak to any of our team;
- When you complete a survey or enter a competition;
- When we use cookies (see our Cookies Policy below).

What will we do with it?

- (1) We will use your name, address and credit card details to complete your booking with us.
- (2) We will also use your details to manage your booking, send you correspondence and communicate with you generally.
- (3) For the purpose of completing your booking, we will have to disclose some of your information to the providers of the services making up your booking (who could be located outside the UK/EEA). We may also have to disclose some information to third parties in relation to customer services, credit card processing, or other services.
- (4) We may need to disclose your information where required by law, where such a request is made by a legal authority.

- (5) We may need to disclose our customer list including any personal information relating to you to a third party who acquires or attempts to acquire all or substantially all of the asset/ stock in our company.
- (6) We may also disclose information to organisations who act as "data processors" on our behalf, or to other organisations that perform business functions on our behalf, some of whom are outside the UK/EEA. These functions include administration, providing services (and contacting you where necessary), customer care, business management and operation, re-organisation/structuring/sale of our business (or our group companies), risk assessment, security and crime prevention/detection, research and analysis, marketing, monitoring, measuring and assessing customer purchasing preferences and trends, dispute resolution, credit checking and debt collection.

- (7) We may from time to time contact you with information about special offers, brochures, new products, forthcoming events or competitions. If you do not wish to receive such information, you may ask us in writing not to receive it.
- (8) We may pass your details to other parties who offer goods or services which we feel may be of interest to you. However we will not do this where you have indicated that you do not wish us to contact you in this way.

We would also like to store and use your personal details for future marketing purposes (for example, emailing you our newsletter). All details you give us in connection with your booking will be kept but we will use only names and contact details for marketing purposes unless you have indicated that you do not wish us to do so.

We have taken all reasonable steps to have appropriate security measures in place to protect your information. Outside the European Economic Area, controls on data protection may not be as wide as the legal requirements in this country.

What can I do?

If you do not agree to our use of the information as set out above, you should inform us as soon as possible by writing to us at 62 Gordon Road, Eccles, Manchester, M30 9TA or by email at enquiry@africaandbeyond.co.uk.

In accordance with the Data Protection Act 1998, you may ask us in writing for a copy of the information we hold about you (for which we may charge an administration fee) and to correct any inaccuracies in your information. We aim to respond to you within 21 days from the date of request.

You can also choose not to provide us with some of the information we request, however as a result we may not be able to complete your arrangements.

Opt-Out Policy

Subscribers can opt out of receiving further information from us at any time. You will also be given a fast and easy option of opting out on all communications. Email us at enquiry@africaandbeyond.co.uk to unsubscribe.

GENERAL INFORMATION

Quality Charter

AITO is the Association for independent and specialist holiday companies. Our member companies, usually owner managed, strive to create overseas holidays with high levels of professionalism and a shared concern for quality and personal service. The Association encourages the highest standards in all aspects of tour operating.

Exclusive Membership

AITO sets criteria regarding ownership, finance and quality which must be satisfied before new companies are admitted to membership. All members are required to adhere to a Code of Business Practice which encourages high operational standards and conduct.

Financial Security

AITO members are required to protect money paid by customers to the member for any holiday sold under the AITO logo and to comply with UK Government Regulations in this respect. Members submit details of their bonding and guarantee arrangements to the Association on a regular basis.

Accurate Brochures and Websites

All members do their utmost to ensure that all their brochures and other publications, print or electronic, clearly and accurately describe the holidays and services offered.

Professional Service and Continual Improvements

All members are committed to high standards of service and believe in regular and thorough training of employees. Members continually seek to review and improve their holidays. They listen to their customers and always welcome suggestions for improving standards.

Monitoring Standards

AITO endeavours to monitor quality standards regularly. All customers should receive a post-holiday questionnaire the results of which are scrutinised by the Association.

Responsible Tourism

All members acknowledge the importance of AITO's Responsible Tourism guidelines, which recognise the social, economic and environmental responsibilities of tour operating. Those demonstrating their achievements beyond the pure acceptance of this principle are recognised by the award of 2 or 5 star status.

Customer Relations

All members endeavour to deal swiftly and fairly with any issues their customers may raise. In the unlikely event that a dispute between an AITO member and a customer cannot be settled amicably, AITO's low-cost Independent Dispute Settlement Service may be called upon by either side to bring the matter to a speedy and acceptable conclusion.

Africa and Beyond is a member of the Association of Independent Tour Operators.

The air holidays shown are ATOL Protected by the Civil Aviation Authority. Our ATOL number is ATOL 9470. ATOL Protection extends primarily to customers who book and pay in the United Kingdom.

Africa & Beyond would like to express a very heartfelt 'thank you' to all the lodges, camps, hotels and guesthouses that feature in our brochure for allowing us to use their images. We would like to especially thank the following for their additional images that have brought this wonderful continent to life in our brochure: Asilia Lodges, Azura, Beachcomber, Benguerra Lodge Botswana Tourist Board, Chem Chem, Desert & Delta, Elewana Collections, Governor's Camps, Hermanus Tourist Board, Ibo Island, Ilala Lodge, Jamie Taylor, Jemma Storey, Julie Wakeham, Kwandwe, Mashatu, Norman Carr Safaris, Okonjima, Pete Ogley, Robin Pope Safaris, Rwanda Tourist Board, Sanctuary Lodges, Sun International, Toka Leya, Tswalu, Volcanoes and Wilderness Safaris.
