Color Fashion 2012

Color Fashion 2012

Color Fashion 2012 pubblica la Gamma Colori di tutti i modelli delle case automobilistiche inerenti al 2012 sul mercato italiano.

All'interno la gamma delle tinte è suddivisa per:

- Casa Automobilistica
- Modello
- Effetto Colore (Met-Mica-Pearl / Pastello)

Con la pubblicazione **2012** abbiamo inserito una colonna con i riferimenti colori del **CPS** che consente un immediato riscontro visivo della tinta colore.

N.B. I cartellini **CPS** inseriti debbono essere considerati come indicazione della tinta colore, è' opportuno controllare nel Profit Manager le altre varianti esistenti per poter scegliere la card più appropriata.

Color Fashion 2012, riporta la posizione della " targhetta colore " che vi permette di trovare e codificare rapidamente il codice colore sulla vettura.

Color Fashion contiene per talune case auto informazioni supplementari:

- **Codici Bicolore**
- **Paraurti**
- **Tetto**
- **Griglie , mascherine e modanature varie.**

Vi rammentiamo che per ulteriori informazioni potete sfogliare Color List 101, CD-rom Profit Manager o visitare il nostro Sito Internet www.it.glasurit.com

Color Fashion verrà pubblicato una volta all'anno; conservandolo accuratamente vi creerete negli anni un "**Archivio Storico**".

N.B. Nel Color Fashion 2012 potrebbe capitare di trovare delle tinte che non avranno la card/colore come riferimento CPS, essendo colori nuovi la card sarà prodotta non appena riceveremo dalla casa costruttrice gli standard finali.

Per qualsiasi informazione potrete rivolgervi al nostro Servizio Assistenza "Colorimetria Glasurit" tel. 0362 512 650.
