## Explanation

Words and figures enclosed in brackets [ ] are given for information, but do not appear on the title pages of the publications cataloged. When place and printer are not given, it is to be understood that the publication is printed at the United States Government Printing Office, Washington, D. C.; if processed, publisher is issuing office. When size is not given octavo is to be understood. Size of maps is approximate, measurement being made from outer edge of border, excluding margin. The date, including day, month, and year, given with Senate and House documents and reports are the dates on which they were ordered to be printed. Usually the printing promptly follows the ordering, but various causes sometimes make delays.

The word "processed" as used in this catalog indicates publications which are reproduced by duplicating processes other than ordinary printing, e. g., mimeograph, multigraph, planograph, rotaprint, multilith. Processed publications are not obtainable from the Superintendent of Documents and requests for them, if they are available, should be addressed to the issuing office.

Under provisions of the Printing Act of January 12, 1895, all Government publications are entered in the Monthly Catalog. However, press releases and administrative, regional, and confidential publications are omitted.

The L. C. card number appended to some of the entries is for those libraries ordering printed cards from the Library of Congress. The number at the extreme right of an entry indicates the classification of the publication in the Office of the Superintendent of Documents.

# General Information

The Superintendent of Documents, Washington, D. C., is authorized by law to sell copies of Government publications and to allow a discount of 25 percent to book dealers and quantity purchasers on condition that the purchasers will adhere to the public sales price set by the Superintendent of Documents and that publications shall not be overprinted with any advertising matter (the 25 percent discount to dealers does not apply to the Congressional record (daily issues and subscription), Supreme Court reports (bound volumes and subscription), Catalog of copyright entries, Climatological data (subscription) and all weather maps, Weekly corn and wheat region bulletin, and Weekly weather and crop bulletin, Federal register (subscription), 1938 U. S. wall map, old Naval documents, and Writings of George Washington, which may, however, be sold by dealers at a price in advance of that charged by this Office).

Publications cannot be supplied free to individuals nor forwarded in advance of payment.

The sales stock, which amounts to more than 8 million, includes approximately 65,000 different titles. Many rare books are included, but under the law all must be sold regardless of their age or scarcity. Many of the books have been in stock some time, and are apt to be shopworn. In filling orders the best copy available is sent.

## PRICE LISTS

A general price list of public documents is not available, but numerous lists have been prepared on special subjects and any of these will be furnished free, on application, if the person interested will state the subject or subjects concerning which information is desired. It will also be noted that current publications which are for sale are listed in this catalog.

## WEEKLY LIST

In addition to the price lists, the Documents Office issues a Weekly list of selected United States Government publications for sale by the Superintendent of Documents. Each list is arranged alphabetically by subjects, with annotations and prices, and may be obtained free upon application to the Superintendent of Documents.

## HOW TO ORDER PUBLICATIONS

Publications entered in this catalog that are for sale by the Superintendent of Documents are indicated by a star (\*) preceding the price. A dagger (†) indicates that application should be made to the department, bureau, or division issuing the document. A double dagger (‡) indicates that the document is printed for official use and is not obtainable. Whenever additional information concerning the method of procuring a document seems necessary, it will be found under the name of the bureau by which it was published.

In ordering a publication from the Superintendent of Documents, give (if known) the name of the publishing department, bureau, or division, and the title, together with the classification number which is added to the entry at the extreme right; order the congressional documents and reports by the title, together with the document or report number and the Congress and session, e. g., H. doc. 72, 76-1.

Do not use the L. C. card number in ordering a publication.

## HOW TO REMIT

Remittances for the documents marked with a star (\*) should be made to the Superintendent of Documents, U. S. Government Printing Office, Washington, D. C., by coupons, postal money order, express order, or check. Currency may be sent at sender's risk. Foreign remittances should be made either by international money order or draft on an American bank.

*Foreign money, defaced or smooth coins, will not be accepted. Do not send postage stamps.*

For the convenience of the general public, coupons that are good until used in exchange for Government publications sold by the Superintendent of Documents may be purchased from his office in sets of 20 for \$1. Address order to Superintendent of Documents, Government Printing Office, Washington, D. C.

No charge is made for postage on documents forwarded to points in United States, Alaska, Guam, Hawaii, Philippine Islands, Puerto Rico, Samoa, or to Canada, Colombia, Cuba, Dominican Republic, Ecuador, Guatemala, Honduras, Mexico, Newfoundland (including Labrador), Panama, or Venezuela. To other countries the regular rate of postage is charged, and remittances must cover such postage. In computing foreign postage, add one-third of the price of the publication.

## TO LIBRARIANS

The number given at the extreme right of each entry (except for congressional documents and reports) is the classification number by which the publication is arranged in the Library and in the sales stock of the Office of the Superintendent of Documents. It can be used as a classification number by such libraries as are using, for the departmental publications, the arrangement of public documents advocated in the Check list of United States public documents, 1789-1909. In using this number as a classification number in a library, it should be noted that the shilling mark (/) is used to separate what would ordinarily be a superior or inferior number (the numbers immediately following the line) from the main classification number, it not being practicable to print these numbers as superiors or inferiors in the Monthly catalog.

## LIBRARY OF CONGRESS CARDS

Numbers to be used in ordering the printed catalog cards of the Library of Congress are appended to entries for many publications. These are given at the left, with "L. C. card" prefixed. Do not confuse with the Documents Office classification number given at the right. Orders for these cards, remittances in payment for them, and requests for information about them should be addressed to the Card Division, Library of Congress, *not* to the Superintendent of Documents.

## MONTHLY CATALOG DISTRIBUTION

The Monthly catalog is sent to public libraries free on application. Subscription price to individuals, \$1.50 a year, including index; foreign subscription \$2.10 a year. Back numbers cannot be supplied. Notify the Superintendent of Documents of any change of address.

## INDEX

An Index to the Monthly catalog will be issued at the end of the calendar year. This will contain index entries for all the numbers issued from January to December, and can be bound with the numbers as an index to the volume. Persons desiring to bind the catalog at the end of the year should be careful to retain the numbers received monthly, as duplicate copies cannot be supplied.

# Notes of General Interest

## REORGANIZATION

Under provisions of the President's Reorganization plan no. 2, made effective July 1, 1939, by Public resolution 20, 76th Congress, the office of Consumers' Counsel of the National Bituminous Coal Commission was abolished and its functions transferred to, and administered in, the Office of the Solicitor of the Department of the Interior under the direction and supervision of the Secretary of the Interior.

## SUGAR DIVISION

Pursuant to Agriculture Department Memorandum 849, dated January 19, 1940, the personnel and functions of the Sugar Division were transferred to the Agricultural Adjustment Administration, effective February 1, 1940; however, the Division of Business Administration, Agricultural Marketing Service, will continue during the remainder of the fiscal year 1940 to perform the fiscal, personnel, and procurement services now being performed for the Sugar Division under Memorandum of Understanding approved by the Secretary on June 14, 1939.

## VIRGINIA (MERRIMAC)-MONITOR COMMISSION

The Virginia (Merrimac)-Monitor Commission was created by Congress under the provisions of House concurrent resolution 32, 76th Congress, which was passed in the House of Representatives on July 31, 1939, and the Senate on August 2, 1939. The Commission was created to consider and report as to the feasibility, practicability, and desirability of creating in Hampton Roads, Va., or on or near the shores thereof at a site to be selected by the Commission, a suitable memorial in commemoration of the battles in Hampton Roads, Va., (1) on March 8, 1862, participated in by the former U. S. frigate Merrimac, raised after burning, and rechristened the Confederate States ironclad Virginia, and Cumberland, Congress, Minnesota, Roanoke, and St. Lawrence; and (2) on March 9, 1862, the first battle in the history of the world between ironclads; that is, the Confederate ironclad Virginia (Merrimac) and the U. S. ironclad Monitor.

Concurrent resolution 32 also provided that the Commission should be composed of six commissioners, as follows: Three Senators to be appointed by the President of the Senate and three Members of the House of Representatives to be appointed by the Speaker of the House.

## PUBLIC ROADS BUREAU

NOTE.—The Bureau of Public Roads in the Department of Agriculture, under provisions of the President's Reorganization plan no. 1, made effective July 1, 1939, by Public Resolution 20, 76th Congress, was transferred from the Department of Agriculture to the newly created Federal Works Agency, to be administered as the Public Roads Administration.

All functions and personnel (including the Chief thereof) of the Secretary of Agriculture relating to the administration of the Bureau of Public Roads were transferred to the Federal Works Administrator.

The publication listed below was ordered printed by the Agriculture Department. See also Public Roads Administration under Federal Works Agency.

*Transportation maps*

NOTE.—These maps show in color the Federal-aid and State highways, with status of improvement, principal connecting roads, railroads, airways and airports, canals and dredged channels—in short, all the media of organized transportation. They also show the boundaries or locations of National and State forests and parks, Indian reservations, military reservations and recreational areas with the roads leading to them. Special maps to a larger scale, printed as insets on the regular sheets, where practicable, show in better detail, the transportation routes within the larger metropolitan areas.

*Vermont*, transportation map, highways, railroads, canals, air lanes, and dredged channels; highways corrected to Jan. 1, 1939. Scale 1:250,000, approximately 1 in.=4 m. [Washington, D. C.] Geological Survey, 1939. 2 sheets, each 23×33 in. [Modified polyconic projection.] \*40c. per set of 2 sheets.

— United States foreign trade statistics, monthly statement, advance official data subject to revision. [Processed.] † various prices, see note below. C 18.185: no.

NOTE.—Many of the divisions of the Foreign and Domestic Commerce Bureau issue monthly statistical statements in processed form showing the exports or imports (and in some cases reexports) of various commodities. For convenience the statements issued by a division have been grouped in numerical order under the name of the issuing division. Except for the statements issued under the group number 1700 which contain only summary monthly statistics the statements show the exports or imports of commodities in complete detail by countries, and in certain instances by customs districts as well. Statistics covering trade in commodities by principal countries no longer appear in the "Monthly summary of foreign commerce of United States" and it is only through subscription to appropriate statistical statements that a record of such trade can be secured. Annual compilations are published in "Commerce and navigation of United States."

The annual domestic subscription price of each statement is based on the number of sheets of information included therein, the minimum price being \$1.00. Where the subscriber resides outside the United States an additional charge—usually \$1.00 per year—is levied. Single copies are to be charged for at the rate of one-tenth of the annual subscription price in every case. Apply to the Foreign and Domestic Commerce Bureau, Washington, D. C., for these statements and for further information concerning them.

Group numbers are assigned for 1940 as follows:

- 1700—Summary foreign trade statistics. (4 statements.)
- 2100—Tobacco and tobacco products: issued by Tobacco Division. (1 statement.)
- 2400—Finance: issued by Finance Division. (2 statements.)
- 2600—Agricultural implements: issued by Machinery Division. (6 statements.)
- 2700—Automotive: issued by Automotive-Aeronautics Trade Division. (4 statements.)
- 2800—Chemicals and allied products: issued by Chemical Division. (34 statements.)
- 2900—Electrical and radio equipment: issued by Electrical Division. (10 statements.)

## LAWS

NOTE.—The public and private acts and public and private joint resolutions are first published separately, and in this form are known as "slip laws." Heretofore, at the end of each session of Congress they have been published in a paper edition popularly known as Session or Pamphlet laws; subsequently the Session laws for the whole Congress were printed in a permanent bound edition entitled Statutes at large.

Beginning with the 75th Congress in accordance with provisions of S. 3440, 74th Congress (Public 724, approved June 20, 1936), the Session or Pamphlet laws were discontinued and the Statutes at large heretofore published at the end of a Congress will be issued at the end of each session of Congress.

Each act of Congress in slip form now bears the chapter number of the Statutes at large in which it will appear later, as well as the session of Congress to which it belongs, but this information does not appear in the entries listed below.

Private [act] 290-303, 76th Congress.

NOTE.—The Division of Research and Publication, State Department, receives a small supply of the private acts and private joint resolutions which it distributes free upon application.

*Progress maps*

NOTE.—These maps show the status of improvement of the Federal-aid system in each State, regardless of whether the construction has been done with the aid of the Federal Government, by the States, by the counties, or by the townships. A system of symbols indicates the type of improvement of all the roads and whether the work was done with or without the assistance of the Federal Government. Sheets are of uniform size, some States requiring 2 or more, and are so issued that they may be punched and put in a loose-leaf atlas. The maps are called progress maps, and the series will be issued periodically to show any change in improvement of the highways. As the transportation maps for each State become available, publication of progress maps for that State is discontinued.

#### *Topographic quadrangle maps*

NOTE.—The Geological Survey makes the contoured—i. e., the three-dimensional topographic maps of the country that are designed eventually to cover the whole United States, also Alaska, Hawaii, and Puerto Rico. The individual maps are projected to represent quadrangle areas rather than political divisions, and each map is designated by the name of some prominent town or natural feature in the area mapped. The scales most commonly used are 1:31,680, 1:62,500, and 1:125,000, corresponding approximately to  $\frac{1}{2}$  mile, 1 mile, and 2 miles to 1 inch. The area covered varies with the latitude, but the average area of a quadrangle is 58, 230, or 920 square miles, respectively, for these three scales. Topographic maps are printed on uniform-sized paper, about 20 by 16 $\frac{1}{2}$  inches, and the maps of the quadrangle areas represented thereon are about 17 $\frac{1}{2}$  inches long and 12 to 15 inches wide, according to latitude. For some areas of particular importance special large-scale maps are published. A general description of topographic maps and a list of the symbols used are printed on the reverse of each sheet.

About half of the continental area of the country, excluding Alaska, has been mapped, every State being represented. Connecticut, Delaware, the District of Columbia, Hawaii, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Ohio, Rhode Island, and West Virginia are completely mapped. Maps of the regular size are sold by the Geological Survey at 10c. each. Except as otherwise indicated, a discount of 40 percent is allowed on any order which amounts to \$5.00 at the retail price. The discount is allowed on an order for either maps or folios alone or for maps and folios together. In ordering, give the name of the map and the State in which the area lies.

NOTE.—The *Reclamation era* is a magazine for the farmers and the personnel of the Bureau. Its aim is to assist the settlers in the proper use of water, to help them in overcoming their agricultural difficulties, to instruct them in diversifying and marketing their crops, to inspire the employees of the Bureau and chronicle engineering problems and achievements, and to promote a wholehearted spirit of cooperation, so that reclamation shall attain the greatest heights of success. "Notes for contractors" enable them to keep posted on the Bureau's needs.

The subscription price of the *Reclamation era* is \$1.00 a year to other than water users; foreign subscription, \$1.36 payable in advance. Subscriptions should be sent to the Commissioner, Bureau of Reclamation, Washington, D. C., and remittance in the form of postal money order or New York draft should be made payable to the Bureau of Reclamation. Postage stamps are not acceptable in payment of subscription.

#### TOPOGRAPHY DIVISION

NOTE.—The Division of Topography has on file maps showing all roads used by the rural free delivery mail service. Rural delivery routes are shown in detail on county or local maps which, with a few exceptions, are drawn to the scale of 1:62,500 or 1:63,360 (1 mile to the inch). Maps of more than 1,550 counties in the United States have been prepared by the Post Office Department and blue-line prints, made from the latest available negatives, are sold for 50 cents per copy. Each county map shows in addition to the roads traveled by rural carriers, all post offices within the county at the time the negative was made and all other roads, houses, schools, and churches known at the time the map was originally drawn, together with an outline of the drainage. A list of the county maps on file will be furnished upon application to the Disbursing Clerk, Post Office Department, Washington, D. C. Rural delivery routes emanating from post offices in counties for which county maps have not been drawn are shown on local maps. Blueprint copies of such maps are sold at 25 cents each. Orders for all postal maps should be accompanied by money order and addressed to the Disbursing Clerk, Post Office Department, Washington, D. C. Rural delivery maps should not be confused with the State post route maps which are listed in the Monthly catalog for January 1940, page 109.

## SMITHSONIAN INSTITUTION

NOTE.—In a recent price list, the Smithsonian Institution publishes this notice: "Applicants for the publications in this list are requested to state the grounds for their requests, as the Institution is able to supply papers only as an aid to the researches or studies in which they are especially interested. These papers are distributed *gratis*, except where price is given, and should be ordered by the *publication numbers*, arranged in *sequence*. The serial publications of the Smithsonian Institution are as follows: 1. Smithsonian contributions to knowledge; 2. Smithsonian miscellaneous collections; 3. Smithsonian annual reports. No sets of these are for sale or distribution, as most of the volumes are out of print. Special publications are also issued from time to time. The papers issued in the series of Contributions to Knowledge and Miscellaneous collections are not public documents, but are printed in limited editions at the expense of the Smithsonian Fund. They are distributed without charge to public libraries, educational establishments, and learned societies in this country and abroad; and are supplied to other institutions, and to individuals at the prices indicated. Remittances should be made payable to the 'Smithsonian Institution.' A discount of 20 percent is allowed to bookdealers. The Smithsonian report volumes and the papers reprinted in separate form therefrom are distributed *gratuitously* by the Institution to libraries and individuals throughout the world. Very few of the Report volumes are now available at the Institution, but many of those of which the Smithsonian edition is exhausted can be purchased from the Superintendent of Docu-

ments, Government Printing Office, Washington, D. C. The Institution maintains mailing-lists of public libraries and other educational establishments but no general mailing list of individuals. A library making application to be listed for Smithsonian publications should state the number of volumes which it contains and the date of its establishment, and have the endorsement of a Member of Congress."

The only Smithsonian publications that are regularly issued as public documents, are the annual report volumes. The publications in the other series have free transmission by mail, and therefore, are included in the Monthly catalog.

#### NATIONAL MUSEUM

NOTE.—The publications of the National Museum comprise an annual report and three scientific series, viz. Proceedings, Bulletins, and Contributions from national herbarium. The editions are distributed to established lists of libraries, scientific institutions, and specialists, any surplus copies being supplied on application. The Proceedings are usually brief technical papers and the Bulletins generally monographs based on the Museum collections in biology (except botany), geology, and anthropology. Contributions from national herbarium are wholly botanical. No sets of any of these series can now be furnished.

The Proceedings are now issued in pamphlet form only. The separate papers will be sent to depository libraries and to others designated to receive them, as issued, and a title page and index will be published for each volume so that the volume may be bound if desired.

#### STATE DEPARTMENT

NOTE.—All publications of the Department (except laws and treaties) have, since Oct. 1, 1929, been numbered consecutively in the order in which they were sent to press. Publications of a similar character are brought within well-defined series and each series publication bears a series number in addition to its publication number. The diplomatic correspondence of the United States is published in the volumes entitled Foreign relations of the

How to order publications—See General Information

United States. Laws are issued in separate series and are numbered within each series in the order in which they are signed. Treaties are issued in a separate series and are numbered in the order in which they are proclaimed. Treaties are also published in the compilation *Treaties and other international acts of the United States of America*, which contains literal copies of the documents, followed by notes of a textual and procedural character. The Department of State Bulletin, published weekly and indexed semiannually as of the dates of the last issues in June and December, contains the texts of the daily mimeographed press releases, information regarding treaties and other material on the Department's work. The Bulletin contains each quarter a complete list of the Department's publications for the preceding quarter.

The list below frequently includes certain relevant publications issued by other agencies of the Government under requisition of the Department of State and certain relevant congressional documents.

Under the practice of the State Department prior to the inauguration of the Executive agreement series (no. 166 which is listed below) the material would have been published in the Treaty series. Those desiring to maintain a joint file of the Treaty series and the Executive agreement series may insert each number of the Executive agreement series in its appropriate place in the Treaty series, which place will be indicated in each number of the Executive agreement series.

For information concerning Executive orders and Proclamations of the President, formerly promulgated by the State Department, but beginning with Mar. 12, 1936, distributed by the Federal Register Division, see National Archives, Federal Register Division, *Federal register*.

## TAX APPEALS BOARD

NOTE.—The Board of Tax Appeals reports are first promulgated in leaflet form, designated as "advance sheets." At the end of each month, these advance sheets are consolidated into pamphlet form and published as "advance parts." A list of memorandum opinions is included in each pamphlet. Later, the advance parts are consolidated and issued in bound volumes. Both the advance sheets and the advance parts are sold on subscription by the Superintendent of Documents, Government Printing Office, Washington, D. C. The subscription price of the "advance sheets" is \$2.25 per volume, foreign subscription, \$2.85; single copies usually 5c. The "advance parts," or monthly consolidations, are sold as follows: 20c. single copy, \$1.25 per volume, foreign subscription, \$1.85. The price of the bound volume will be given upon application.

## WAR DEPARTMENT

*Army regulations.*

NOTE.—Army regulations are administrative regulations and are issued in pamphlet form for insertion in loose-leaf binders. The names of such of the more important administrative subjects as may seem appropriate, arranged in proper sequence, are numbered in a single series, and each name so numbered constitutes the title and number of a pamphlet containing certain administrative regulations pertaining thereto. Where more than one pamphlet is required for the administrative regulations pertaining to any such title, additional pamphlets will be issued in a separate sub-series.

#### MISSISSIPPI RIVER COMMISSION

NOTE.—The publications of the Mississippi River Commission consist of annual reports, annual pamphlets showing daily river stages, annual pamphlets showing daily river discharge, and annual pamphlets showing results of river discharge measurements; also publications of the Waterways Experiment Station operating under the direction of the Mississippi River Commission. The Mississippi River Commission publishes maps and charts of the Mississippi River; navigation maps of the Mississippi River from Cairo, Ill., to the Gulf of Mexico, Louisiana; and wall maps in colors of the lower Mississippi River Valley from the head of the St. Francis Basin near Cape Girardeau, Mo., to the Gulf of Mexico, Louisiana, -scale 1:500,000 and 1:250,000. Topographic quadrangle maps in colors, scale 1:62,500 of the alluvial valley of the lower Mississippi River are also published by the Mississippi River Commission; the topographic quadrangle maps comprise over 200 sheets and cover portions of the States of Missouri, Illinois, Kentucky, Arkansas, Tennessee, Mississippi, and Louisiana adjacent to the Mississippi River and tributaries, with an area of almost 51,000 square miles mapped. All are sale publications obtainable only from the Mississippi River Commission except the annual reports which are issued by the Superintendent of Documents. No discount is allowed. Requests for information as to lists of publications and maps and method of making remittance should be addressed to: The Mississippi River Commission, P. O. Box 80, Vicksburg, Miss.
