MAKE A STATEMENT

The muscular, sporty profile and aggressive chrome-accented grille of the HR-V will catch eyes from every angle.

Cruise with more control.

The HR-V is ready to pack in all the adventure you can handle. Along with a sporty, fun ride, you get the ability to bring it all while you do it all. Inside, it's full of tech features like Display Audio System,¹ an available 180-watt audio system, and available Forward Collision Warning system.¹ There's also added confidence behind the wheel thanks to available Real Time AWD.[™] It may look like a medium outside, but it'll feel more like a large once you get in. It reconfigures in various ways to help fit your stuff. And if you're bringing friends along, they won't have to feel cramped. No matter how good the HR-V looks on paper, it looks even better on the road.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

Know all the angles.

No matter where you go, the HR-V always makes a statement. Grounding the muscular curves and sleek body are bold 17" aluminum-alloy wheels. LED brake lights and available fog lights help you stand out when the lights go out. And for better visibility once the snow falls, body-coloured heated power side mirrors and front wiper de-icer help clear your vision. Available roof rails can be a practical style choice, but if you're set on bringing something impractical instead, they won't judge. Whether you're late or early, the HR-V ensures you arrive fashionably.

Key Features

Body-coloured rear roofline spoiler

Available mirror-integrated LED turn indicators

Available one-touch power moonroof with tilt feature

Get the inside story.

AVAILABLE ONE-TOUCH POWER MOONROOF WITH TILT FEATURE

The HR-V never sacrifices style for comfort. It just gives you both. On cold days, the heated front seats keep chattering teeth to a minimum. If you and your passenger can never agree on the perfect temperature, then don't. The available dual-zone climate control lets you both have it your way.

The available proximity key entry system and pushbutton start offer next-level convenience, while the available leather-trimmed seating surfaces add more than a touch of class. It's a big, wide world in here. Buckle up and enjoy it.

Key Features

Driver's seat with 6-way manual adjustment (including height adjustment)

Heated front seats

Available leather-trimmed seating surfaces

Available leather-wrapped steering wheel

Available proximity key entry system with pushbutton start

CARGO CONVENIENCE

Whether you flip up the seatbacks, fold them down, lift up the cushions or try a combination, the HR-V offers cargo configurations for just about anything.

Keep your options wide open.

The HR-V has plenty of room for virtually everything, except compromise. The HR-V folds down, folds up or reconfigures so you can just pack and go.

UTILITY MODE

You'll be asking the question, "Will it fit?" a lot less with the HR-V. With the rear seats down, you'll get up to 1,665 litres of cargo space to lay awkwardly-shaped or tall objects* flat.

LONG MODE

People watching you unload the HR-V might just start believing in magic. If you're loading up material for that DIY project, or just got a deal on a small kayak,* you're in luck. The front and rear passenger seats fold back to make storing long cargo a little smoother.

TALL MODE

Sometimes, it's better to stand it up than lay it flat. Flip up the rear seats to create a taller, more forgiving stowage area.** Say yes to awkwardly-sized flat pack furniture boxes or that big cactus that even you won't be able to kill.

*Up to 8 feet (2.4 metres) long.
**Up to 3.5 feet (1 metre) tall.

Embrace every detail.

AVAILABLE LEATHER SHIFT KNOB

Performance on command.

The available Real Time AWD™ keeps your confidence levels high, in practically any conditions. The 1.8-litre, i-VTEC® 4-cylinder engine comes with a manual transmission (MT) for the more hands-on, or an available continuously variable transmission (CVT) can do some of the thinking for you. If you thought it was a dream to have a spirited drive and practicality, then things just got real.

Key Features

- Eco Assist™ system
- ECON mode button
- Available Real Time AWD™ with Intelligent Control System™
- 1.8-litre, 16-valve, SOHC, i-VTEC® 4-cylinder engine with 141 horsepower¹ and 127 lb.-ft. of torque¹
- 6-speed manual transmission (MT)
- Available continuously variable transmission (CVT)

¹ Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

AWD

AVAILABLE REAL TIME AWD™ WITH INTELLIGENT CONTROL SYSTEM™

The available Real Time AWD™ with Intelligent Control System™ keeps your confidence levels high in the toughest of conditions.

Your way on the highway.

 TOUCH-BASED CLIMATE CONTROL WITH AIR-FILTRATION SYSTEM

Innovation meets intuition.

The Display Audio System¹ with HondaLink™^{1,2} Next Generation is the centre of entertainment of the HR-V. From your podcasts to playlists to audio books, your entertainment for the road is along for the ride. You're also just a tap, pinch or swipe away from all your audio and display settings. The available 180-watt audio system with 6 speakers fills your HR-V with warm, bright acoustics. Team it with available SiriusXM™³ to discover new music, follow your favourite teams on the road or catch up on that shock jock you love.

The HR-V is also designed to take the guesswork out of driving. The available Honda Satellite-Linked Navigation System™^{1,4} helps you plan your route turn-by-turn, while the available Honda LaneWatch™ blind spot display¹ lets you see what's happening in your blind spot as it happens. And with the multi-angle rearview camera¹, you get a live feed of everything going on behind you from three different angles. From front to back, the HR-V has the tech to help keep everyone on board connected, in control, and happy.

Key Features

Bluetooth® Streaming Audio^{1,2}

Available Honda Satellite-Linked Navigation System™^{1,4} and bilingual Voice Recognition

Available HD Radio™⁵

Available Honda LaneWatch™ blind spot display¹

Available SiriusXM™³

HONDALINK™^{1,2} NEXT GENERATION

AVAILABLE HONDA SATELLITE-LINKED NAVIGATION SYSTEM™^{1,4} AND BILINGUAL VOICE RECOGNITION

MULTI-ANGLE REARVIEW CAMERA¹

AVAILABLE 180-WATT AUDIO SYSTEM

AVAILABLE HONDA LANEWATCH™ BLIND SPOT DISPLAY¹

AVAILABLE PUSHBUTTON START

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

3. Only available in certain areas. Includes a no-charge trial of three months.

4. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

5. Coverage varies by market.

Solid on safety.

At Honda, we strive to provide a high level of standard safety features to help ensure the safety of occupants, other drivers and even pedestrians. This added peace of mind helps our drivers maintain the confidence to enjoy every road to the fullest.

Active safety

Controlled Braking

To assist with safe stopping, the 4-wheel Anti-lock Braking System¹ (ABS) is designed to help you maintain control under hard braking conditions, while Electronic Brakeforce Distribution (EBD) helps to optimize braking power based on weight distribution inside the vehicle. In addition, Brake Assist is engineered to help improve braking performance by applying brake pressure when a panic stop is detected.

Vehicle Stability Assist (VSA[®]) with Traction Control

Vehicle Stability Assist¹ with Traction Control is designed to sense and help correct oversteer and understeer scenarios to enhance handling and cornering stability, while Traction Control is designed to minimize wheel spin when accelerating on loose or slippery surfaces, helping to inspire greater driver confidence.

Hill Start Assist¹

When you take your foot off the brake, this feature is engineered to temporarily maintain brake pressure to help prevent your HR-V from starting to roll backwards when stopped on an incline.

Forward Collision Warning (FCW) system

The available Forward Collision Warning system¹ uses an onboard camera designed to detect the presence of vehicles in front of you and issue alerts if you're approaching with too much speed.

Lane Departure Warning (LDW) system

Using a camera behind the rearview mirror, the available Lane Departure Warning system¹ is designed to monitor vehicle lane position and alert you if your vehicle drifts into a new lane when you haven't signaled.

Passive safety

HondaLink™ Assist Automatic Emergency Response System

The HondaLink Assist Automatic Emergency Response System^{1,2,3} helps you get the help you need when you need it most. If the airbags deploy, your Display Audio System¹ is engineered to automatically attempt to put you on a call with an operator who will forward your location to first responders if needed. It works with any compatible Bluetooth[®]-paired phone as long as it has reception, does not require a subscription and gives you peace of mind while you're on the road.

Child safety

The HR-V features childproof rear door locks, as well as rear seat Lower Anchors and Tethers for Children (LATCH), which give you a simple and convenient method to install compatible child safety seats without using the vehicle's seat belt system.

Six standard airbags

The cabin of the HR-V contains six standard airbags. It features i-SRS front airbags as well as side curtain airbags with rollover sensors, which are designed to deploy the side curtain airbags in the event of a rollover. Plus, it has SmartVent™ side airbags, which are designed to deploy safely in a manner that mitigates the risk of injury to out-of-position or smaller occupants.

Seat belt safety

The HR-V helps prepare you for the unexpected with 3-point height-adjustable front seat belts with automatic tensioning system, and 3-point rear seat belts.

Advanced Compatibility Engineering™ (ACE™) body structure

The highly innovative, next-generation Advanced Compatibility Engineering™ (ACE™) body structure is engineered to help disperse frontal impact energy to enhance occupant protection, while more effectively controlling it in a severe collision, to help prevent intrusion into the passenger cabin.

Pedestrian safety

Innovative pedestrian safety features include an energy-absorbing hood and front fenders and deformable wiper pivots.

1. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.
 2. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.
 3. Operation requires wireless mobile phone to be paired with the vehicle. Operation is dependent upon cellular data and/or voice connection availability and GPS satellite signal reception.

Blue Skies for Our Children

The Power of Dreams, in all their forms.

At Honda, we're committed to being a leader in innovative thinking. It's part of everything we do, from the design of our vehicles to the way we work. We have a proud tradition of turning ideas into products and initiatives that help move and improve people's lives in every conceivable way. Today, our innovation manifests itself in many forms: our revolutionary Earth Dreams™ technology; the race-inspired performance of our motorcycles and automobiles; the world's most advanced humanoid robot, ASIMO; HondaJet, the fastest, highest flying and most fuel-efficient aircraft in its class; and the first full line of fuel-efficient, low-emission, 4-stroke outboard motors. We continually strive to do things others think can't be done, because true innovation comes from daring to dream.

Beyond dreaming up new products, Honda believes we have a responsibility to help preserve our planet. This belief is why we make significant efforts to help ensure preservation of the environment in virtually all of our company's activities. It's why our head office in Markham, Ontario was designed and built to be LEED® (Leadership in Energy and Environmental Design) Gold Certified. It's why our Alliston, Ontario plant is ISO 14001 certified. And it's why Honda, along with our associates and families, has helped plant more than 140,000 trees in Canada over the last 11 years.

As we move forward, we will continue to honour our responsibility and tradition of turning innovative ideas into products that help make our world a better place. That's what we do. That's The Power of Dreams.

We're Here. At Honda, assistance and support are always available. The team of trained technicians at your Honda dealership will help keep your vehicle in terrific shape. If you need more information or assistance relating to your warranty, call us at 1-888-9-HONDA-9. For all of the latest Honda information, including product specifications, pricing, photos and more, visit honda.ca. It has everything you need to “design” your Honda and personalize it with items from a list of quality accessories.

We're Ready to Help. When you purchase a new Honda, you automatically receive Honda Plus Roadside Assistance. This service is available to you, or any authorized driver, 24 hours a day, 7 days a week, anywhere in Canada or the continental United States. Coverage is for 3 years over an unlimited distance and includes a 24-hour toll-free Honda Plus Roadside Assistance number, mechanical breakdown towing, emergency roadside service and many other helpful features. Ask your dealer for more information.

Honda Plus Extended Warranty. Experience added protection with Honda Plus coverage that is behind you for the road ahead. With available coverage options of up to 8 years/200,000 km, you can choose the one that best suits your needs. With a plan this wide-ranging, the only thing that's uncertain is where it will take you.

Honda Financial Services. Whether you buy or lease a Honda, Honda Financial Services can assist you with the process. Ask your dealer which lease or purchase plan best suits your needs.

New Honda Vehicle Warranty. The Honda warranty protection makes Power Train components a minor concern with the Honda 5-year/100,000-km No Nonsense Warranty. In addition to the Honda 5-year/100,000-km No Nonsense Warranty, you and your new Honda are protected by a Honda 3-year/60,000-km Distributor's Warranty as well as an additional series of warranties for such items as emission controls, body corrosion and more.

Genuine Honda Accessories give you the opportunity to fine-tune your new Honda just how you like it. Whether you want to turn up the style, the versatility or the exclusivity, every accessory is designed and built to adhere to the strictest Honda standards. See your dealer for full details.

Genuine Honda Replacement Parts are made to the same exacting standards as original Honda components and are guaranteed by the Genuine Honda Parts Warranty. Using Genuine Honda Parts will help to maintain the quality, reliability and performance of your vehicle.

Always use seat belts and appropriate child seats. Children 12 and under are safest when properly restrained in a rear seat. Properly secure all items stored in cargo areas. Always read the vehicle owner's manual for detailed vehicle operation and feature information.

Honda reserves the right to terminate or change any of the services and/or features listed in this brochure at any time, for any reason. Some features require registration. Certain features may transmit to Honda and/or other service providers a vehicle's location, operating conditions or other information that may be tied to the vehicle identification number (VIN) and can be combined to track a vehicle. For Honda's data use and Privacy Policies, see www.honda.ca/privacy. Specifications, features, illustrations and equipment shown in this brochure are based upon the latest available information at the time of publication. Although descriptions are believed to be correct, accuracy cannot be guaranteed. Honda reserves the right to make changes at any time, without notice or obligation, in colours, specifications, accessories, materials, models and trim availability. Some vehicles may be shown with optional equipment. Some vehicles shown may be U.S. models. Canadian specifications may vary. 1. Horsepower and torque calculations reflect SAE net, Rev. 08/04, SAE J1349 procedures.

2. None of the features we describe are intended to replace the driver's responsibility to exercise due care while driving. Drivers should not use handheld devices or operate certain vehicle features unless it is safe and legal to do so. Some features have technological limitations. For additional feature information, limitations and restrictions, please visit www.honda.ca/disclaimers and refer to the vehicle's Owner's Manual.

3. Only compatible with certain devices and operating systems. Operation may be dependent upon: 1. connection to vehicle's built-in Wi-Fi hotspot, or 2. GPS satellite signal reception and available cellular data and/or voice connection; associated charges (incl. data plans, roaming charges and/or other amounts charged by your wireless carrier) may apply.

4. Map database covers major metropolitan areas in Canada and the 48 contiguous U.S. states.

5. Coverage varies by market.

6. Only available in certain areas. Includes a no-charge trial of three months.

*Real Time AWD[™] model only.
**CVT only.
