### FINANCING SERVICES — FCA BANK

Purchasing your new car is a chance to act freely. With FCA BANK you can choose a payment method which best suits your needs from a wide and appealing range of finance solutions.

**Instalments:** this is the finance solution that allows you to spread the payment of all or part of your new FIAT over a period ranging from 12 to 72 months, or a part of the purchase of a used car for a period ranging from 12 to 60 months.

**FiatPiù:** this is a sales programme which allows you to have your new Fiat and only pay for what you actually use. At the end of the agreement, you are free to choose between three options: replace your car and buy a new one, keep the car by paying the last remaining instalment or return it after only paying for what you actually used.

**Leasing:** an alternative to financing, this solution offers you the option of using your car without tying up your capital. You have a choice of contract term (from 24 to 60 months) and advance, plus a flexible final redemption value. Ideal for professionals, sales agents and entrepreneurs, owing to the economic and tax benefits that characterise this financial product.

**FCA BANK**, together with the financing, offers a comprehensive range of services that protect you against the unknown: Indelible marking on key vehicle components as a maximum deterrent against theft, the special Fire&Theft, Collision (protection against collisions with other vehicles), Kasko (fully comprehensive insurance) and Prestito Protetto protected loan (e.g. instalment repayment if you lose your job) policies and three types of StradaFacendo Warranty with different coverage for keeping your car in shape.

For further information: **Call our Contact Centre on 199.818.203** (from Monday to Friday between 9 a.m. and 5 p.m.) – [www.fcabank.it](http://www.fcabank.it) - Request information from any participating Fiat Group Dealership.

ALWAYS SOMETHING  
**500**  
ALWAYS MORE.

True legends don't grow old: they change. Just like 500, the icon of Italian design and life style, which has been reinventing and renewing itself for almost 60 years while remaining faithful to its original spirit. Hip and cool ever since it first took to the road, today the **New 500** is born again with an even bolder and captivating personality, greeting the world with a fabulous new look: an irresistibly cheeky charm guaranteed to turn heads.

When it comes to the **New 500**, it's not just the details that make the difference.

## DETAILS MAKE PERFECTION.

On the exterior, look no further than the rear light clusters in matching body colour and the chrome inserts, while inside, there's the new dashboard, new steering wheel, new buttons and new materials, all trendier than ever: every last detail of the **New 500** is designed to enhance the car's originality while at the same time bestowing an even more sophisticated status on the model.

## ALL EYES ON ME.

That's what the **New 500** seems to want to say with its new front - now even cheekier with the new ribbing, the enhanced whiskers and the front bumper surrounding the three-dimensional grille - not to mention the new daytime running lights, reminiscent of the zero in the logo, that become a veritable signature feature, impossible to mistake with any others.

Iconic and with an instantly recognisable silhouette, for the interiors too the **New 500** adds a contemporary twist to the classic curvy design that has always made it

**UNIQUE**

STYLE IS INNATE.

EITHER YOU HAVE IT,  
OR YOU DON'T.

# POP

The version that welcomes into the world of the 500. POP is the car with a "casual" style, ideally suited to every day life.

\* The wheels in the picture are available on request (Opt. 6U4)

# LOUNGE

Elegant at a first glance and so chic at the same time, the New 500 Lounge is like a classic suit redesigned with a contemporary twist, that stands out for its refined details.

**LOUNGE + in addition to POP** • Panoramic roof • Uconnect™ 5" Radio Live • 15" alloy wheels • Split 50/50 seat • Leather steering wheel • Chrome front grille.

\* The wheels in the picture are available on request (Opt. 5ZZ)

BETWEEN TWO CHOICES,

MY PREFERENCE  
IS THE THIRD.

## SECOND SKIN SMALL

### ETHNIC

A geometric motif reminiscent of the trendiest patterns favoured by great fashion designers, perfect for those who like to stand out with style: ladies and gentlemen, we present the ETHNIC pattern.

## SECOND SKIN MEDIUM

### LORD

The cheeky chappy motifs are perfect twinned with matching socks, so brightly coloured diamonds are de rigeur: the LORD customisation is for those who wouldn't compromise on sophisticated style and refined casualwear for all the tea in China.

# SECOND SKIN MEDIUM

## COMICS

The pop culture-inspired personality of the 500 is enhanced by this customisation, which draws on the colours and details of the world of comics: an irresistible mix of colours and cheerful design.

### CAMOUFLAGE

Hot off the catwalks, the camouflage pattern makes a bee-line for the body-work of the New 500, making it even more fashionable: a strategic choice for those who never want to blend in with the crowd.

## SECOND SKIN MEDIUM

### NAVY

Dedicated to those who love the sun, sea and carefree days of summer, this customisation stands out with its fresh graphics sporting chunky Navy-inspired stripes.

(beats)

If the new 500 is in perfect harmony with the rhythm of every day, it is all thanks to the innovative **Uconnect™** system, designed to deliver the best in on-board infotainment and to promise everyone one thing: with this car, you'll never get lost, except in the pleasure of driving!

**UCONNECT™ RADIO**

this is the gateway to the world of Uconnect™: a straightforward but comprehensive audio system thanks to the **AM/FM** tuner with **USB, AUX** inputs and steering wheel controls.

**UCONNECT™ 5" RADIO LIVE**

adds a large 5" touchscreen, with digital radio **DAB** tuner (Digital Audio Broadcasting) in addition to steering wheel controls, to the **handsfree Bluetooth®** functions and Uconnect™ LIVE services (TuneIn, Reuters, Twitter, Facebook, Deezer, my:Car and eco:Drive).

**Uconnect™ 5" Radio Nav LIVE** represents the top of the infotainment offering in the 500, with the addition of the integrated 2.5D TomTom navigation and TomTom LIVE services (real-time traffic, weather forecast, mobile speed camera locations and searches for points of interest).

Unpredictable and playfully irreverent by nature, the New 500 knows that when it comes to driving, it's time to stop fooling around, as everything must be

## PERFECTLY UNDER CONTROL.

That's why it features an on-board 7" TFT digital display which, apart from being uber-cool, is useful for monitoring all the information you could possibly need while driving, like the information from the speedometer, the rev counter, the temperature, the **gear shift indicator** and the trip computer. What's more, everything is perfectly integrated with the **Uconnect™ 5" Radio LIVE** and **Uconnect™ 5" Radio Nav LIVE** radios, which let you see the media player, telephone and navigator on the same screen.

As demonstrated by the alloy rims – two are brand new - from which you can choose to complete and put your own unique stamp on a car which knows when there is no point in chasing perfection, when it can already be reached. And perhaps even surpassed.
