NISSAN INTELLIGENT AROUND VIEW MONITOR
WITH NEW MICRA AS YOUR PARTNER,
EVEN PARKING IS A PLEASURE

What if parallel parking was easier? A rearview camera is great when backing up - but when it comes to parking, it's nice to see more than just what's directly behind you. That's why NEW MICRA's Class-Exclusive Around-View Monitor, uses four cameras that give you a virtual 360° bird's-eye view of your vehicle, with selectable split-screen close-ups of the front, rear, and curbside views, so you can get a better look. And since all obstacles aren't stationary (shopping trolleys, we're talking to you), Moving Object Detection helps keep an eye around your NEW MICRA, and can warn you about moving objects detected in your vicinity.

RIGHT ON THE NOSE.

In Drive, the display gives you both a front and overhead view, so you know just how far to pull up - without going too far.

COMPLETE THE PICTURE.

Located under your driver's side mirror, this camera helps round out your virtual 360° bird's-eye view, whether you're in Drive or Reverse.

SPARE YOUR WHEELS.

In Drive or Reverse, you can push the camera button to switch out the overhead for a side view. A great help for seeing how close you are to the curb.

BACKGROUND SAVVY.

In Reverse, the display helps you see what's directly behind you, while the overhead view helps with smaller objects that might be hidden below your window.

NISSAN INTELLIGENT DRIVING BRIM YOUR CONFIDENCE

Imagine a bolder ride through life – driving with greater exhilaration, confidence, and connection to the world around you. That is the inspiration behind Nissan Intelligent Mobility. Brim with confidence in the all NEW MICRA with systems that keep an eye out all around you, watch the flow of traffic, and even step in to take action to help keep you out of trouble. Because the more secure you feel behind the wheel, the more you can experience the sheer joy of driving. NEW MICRA comes packed with technologies also including: Traffic sign recognition, High Beam Assist, Blind Spot warning, Hill Start Assist.*

NISSAN INTELLIGENT MOBILITY

INTELLIGENT EMERGENCY BRAKING. Constantly monitoring the presence of objects or pedestrians in your way, this upgraded system gives you warning and applies light braking if there's any danger ahead.

LANE DEPARTURE WARNING AND PREVENTION. This technology gives you a visual and audible alert or assists you with a steering correction and subtle braking to put you back into the lane in case you start drifting out without indicating.

BLIND SPOT WARNING. Boost your vision: the system will warn you if there are vehicles in the blind spots diagonally behind the car.

*Features vary by grade

NISSAN INTELLIGENT DRIVING ALWAYS LOOKING OUT FOR YOU

Enjoy the sheer excitement of driving with radar and cameras to back you up. NEW MICRA features a class-leading range of safety technologies that support you all the way. Like having a third eye and sixth sense all in one, Nissan's Intelligent Driving systems make your journey more addictive every day.

TRAFFIC SIGN RECOGNITION. Stick to the latest speed limits thanks to automatic road sign detection as you go.

*Features vary by grade

HIGH BEAM ASSIST. See more on dark roads. The system activates the beams and temporarily dips the lights for oncoming traffic.

HILL START ASSIST. No rolling back. This system holds the brakes for the time it takes to get going on a hill.

NISSAN INTELLIGENT DRIVING

NEW MICRA, QUIETLY MAKING YOU A BETTER DRIVER.

Agile and responsive, NEW MICRA'S driving dynamics give you a better feel for the road. Active Ride Control reduces impact shock for a smoother drive while Active Trace Control works with Nissan's new Electric Power Steering (EPS) system to deliver supple yet secure manoeuvrability. Excitement. Confidence. Control. With the NEW MICRA, Nissan has engineered the driving experience you've been waiting for.

NISSAN **INTELLIGENT MOBILITY**

ACTIVE RIDE CONTROL applies subtle braking to prevent unpleasant upper body motion over bumps and enhance the overall comfort of your ride.

ACTIVE TRACE CONTROL delivers confident handling around corners. It adjusts the brake pressure on individual wheels to help keep you on an optimal line through turns.

*Features vary by grade

NISSAN INTELLIGENT POWER CATCH ME IF YOU CAN

Put your foot down and enjoy the NEW MICRA's aerodynamic performance, best-in-class drag coefficient, through its choice of downsized responsive and fuel efficient engines. Choose the IG-T 90PS petrol engine for outstanding acceleration or the dCi 90 diesel engine for exceptional responsiveness and fuel economy.

CHOOSE YOUR ENGINE

Choose an engine to match the way you drive. Use our table to compare power, torque, fuel consumption and emissions or visit your nearest Nissan dealer for advice.

**AT NISSAN,
WE FOCUS
ON QUALITY.**

It comes first in everything we do, in the lab and the design studio, the factory and our dealerships and in our relationship with you. We try, retry and try again. Because everything we do is mastered through experience. We call it Nissan Quality.

360° PROCESS

We build in quality from the outset, meticulously conceiving each car to make them more comfortable and more durable through innovative design, intelligent technology and thoughtful details inspired by you.

SAFETY

We work with our intelligent driving systems to constantly look out for you and help you avoid any mishaps for a bolder, more confident driving experience day after day. Our Around View Monitor uses 4 cameras to give you a virtual birds eye view of your car in its surroundings.

EXTREME RELIABILITY

We push our cars to the limit to guarantee their daily performance and reliability. We travel millions of kilometres in pre-production tests, open and close doors and bonnets thousands of times a day and even use real volcanic dust from Japan to test window resistance.

NISSAN SERVICE PLAN

Nissan Service Plan is the easiest way to give your Nissan MICRA the maintenance it deserves while you save money in the long run. Nissan Service Plan provides a convenient and easy solution, enabling you to spread the cost of your servicing needs by making low monthly payments rather than having to pay the full amount all at once. Nissan Service Plan also ensures that your Nissan MICRA is serviced in line with manufacturers recommendations/specifications giving you peace of mind motoring. A well maintained vehicle offers Nissan drivers safety, reliability and economy with a "FSH" (Full Service History) also protecting future residual re-sale values. Nissan Service Plan customers can also rest assured that your vehicle is maintained and serviced by qualified Nissan technicians using Genuine Nissan Parts.

NISSAN EXTENDED WARRANTY

Nissan 5 year Extended Warranty provides you with ongoing protection after the standard warranty ends. Protect your MICRA for longer with our comprehensive Extended Warranty cover to extend your cover to 5 years or 250,000kms whichever comes first. The Nissan Extended Warranty covers the cost of repairing or replacing covered mechanical or electrical components should they breakdown due to warrantable defect of material or workmanship during the period of cover. If you sell your Nissan privately, you can transfer the cover to the new owner adding value to your vehicle when you sell. Transfers are free.

NISSAN MICRA OFFERS YOU:

3-YEAR WARRANTY

12-YEAR ANTI-CORROSION BODY PERFORATION WARRANTY

YEARLY OR 30,000 KM SERVICE INTERVAL FOR DIESEL ENGINES

AT NISSAN, YOU BRING OUT THE BEST IN US.

You spark our imagination. You provoke our ingenuity. You inspire us to change the rules and innovate. And at Nissan, innovation is not just about additions and extensions; it's about crossing the line to reinvent the status quo. It's about developing unexpected solutions to satisfy your wildest and most pragmatic desires. At Nissan, we design cars, accessories and services that break the mould - making the practical exciting and the exciting practical to offer you a more exhilarating driving experience everyday.

NISSAN INTELLIGENT MOBILITY

Intelligent Mobility guides everything we do. We're using new technologies to transform cars from mere driving machines into partners. Together the journey is more confident, connected, and exciting. Whether it's cars that share the task of driving with you, or highways that charge your EV as you go along, it's all in the very near future. And it's a future already taking shape in the Nissan you drive today.
