The Original Coastal Voyage since 1893

April 2022 to May 2023

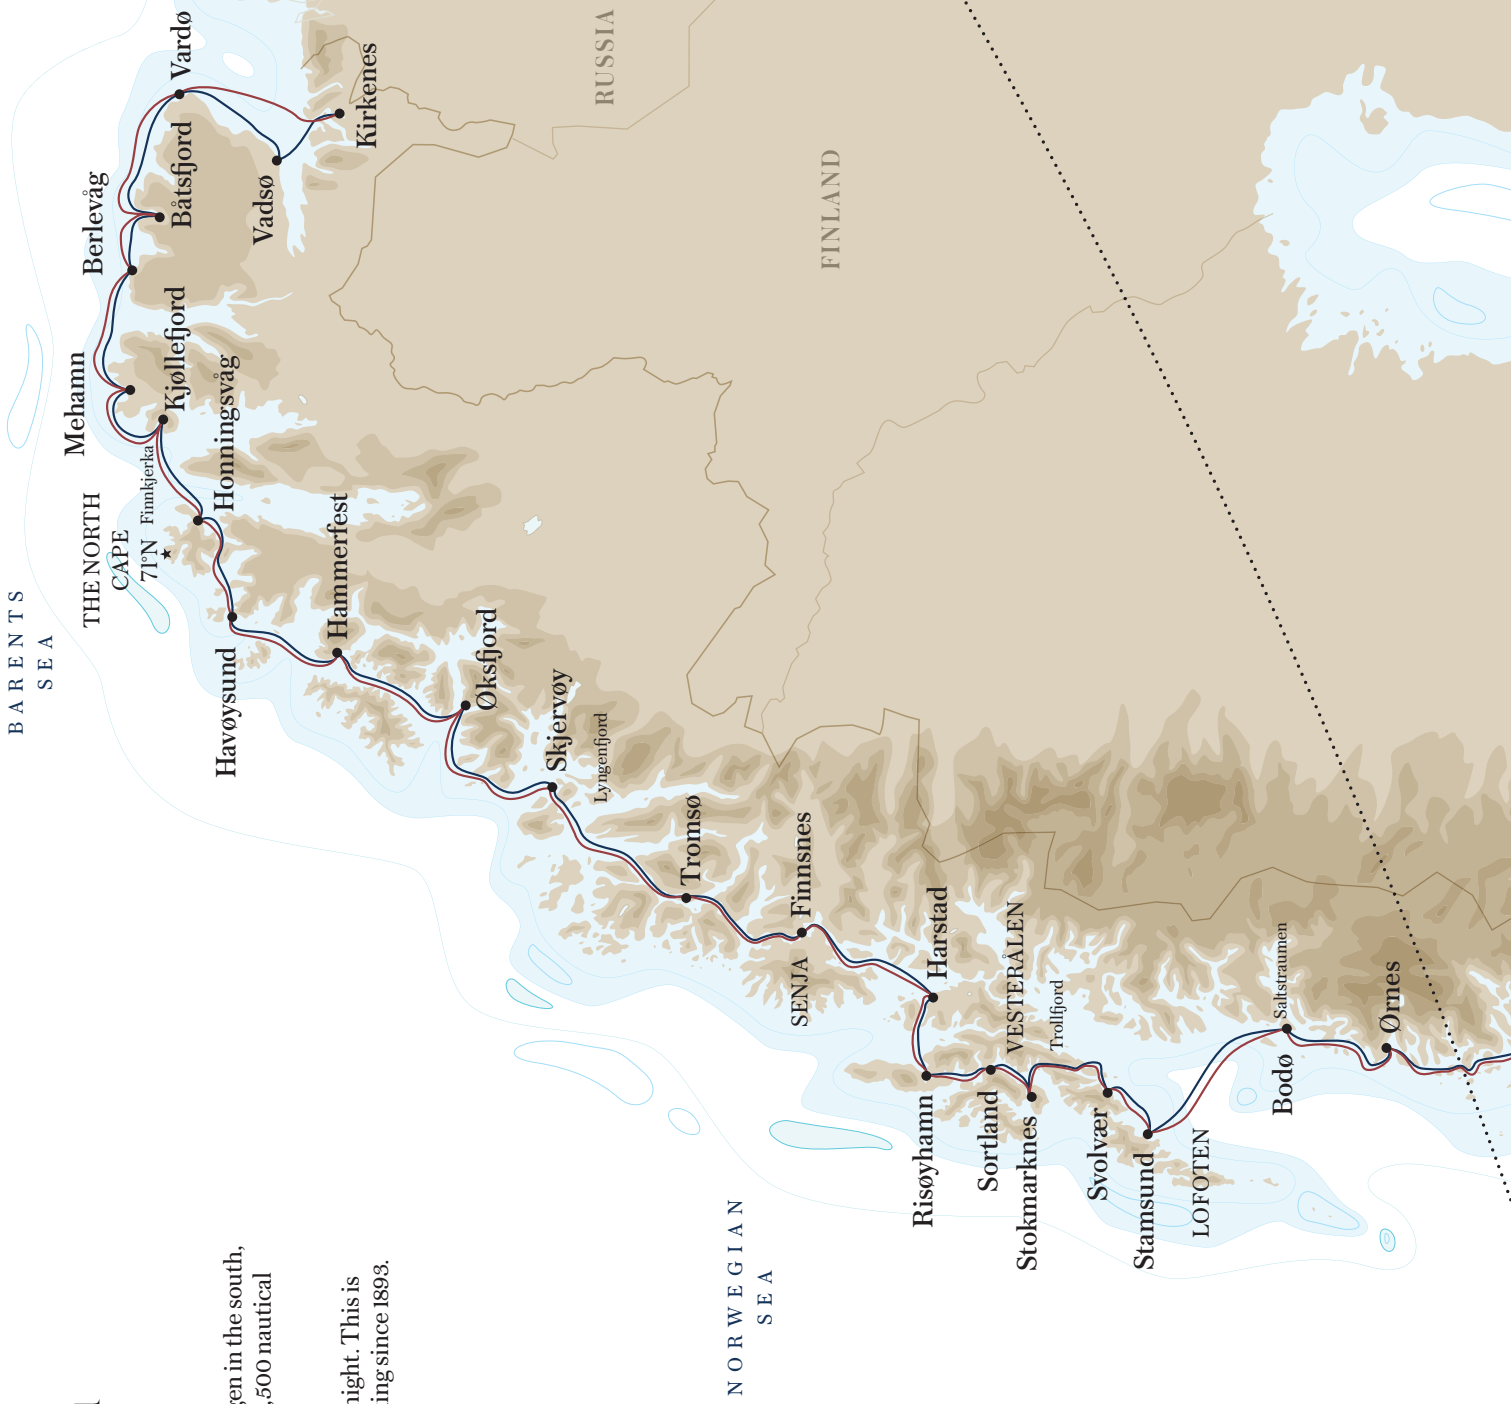

The Original Norwegian Coastal Voyage

Our signature voyage along the Norwegian coast travels from Bergen in the south, across the Arctic Circle, up to Kirkenes, and back. It's 12 days and 2,500 nautical miles of some of the most stunning scenery you'll ever see.

Along the way, your ship stops at 34 coastal communities, day and night. This is the everyday Norwegian coast; an authentic experience in the making since 1893.

At the heart of the Norwegian coast

I'm sure you'll agree that, now more than ever, it's time to get back to what really matters: reconnecting with nature, meeting real people, and having authentic experiences. I am so pleased to be able to offer you exactly that on board our Original Norwegian Coastal Express.

These classic voyages are your pure and unfiltered escape to the charming everyday life of the Norwegian coast. You'll sail our traditional route, a genuine piece of living history that has faithfully connected the cities, towns, and villages of coastal Norway for almost 130 years.

We are proud to be a unique and iconic part of Norway's coastal culture, loved by local Norwegians generation after generation. Ours is a legacy and an experience that can never be copied.

The onboard atmosphere is famously informal, and the pace relaxed, allowing you to slow down, rest, recharge, and really have time to take in every special moment of "The World's Most Beautiful Voyage".

The sight of magnificent fjords, majestic mountains, and perhaps even the magical Northern Lights are sure to soothe your soul, while interactions with friendly locals, crew, and other like-minded guests will do wonders to raise your spirits.

Know that your visit benefits each of the small coastal communities we visit in so many ways; from exciting optional excursions that bring you into the heart of the stunning landscapes, to us sourcing fresh ingredients from local artisans for your mouth-watering meals on board.

More than sustainability, our voyages here are about harmony and synergy with the local communities and with nature too. Not only are our ships equipped with green-tech for shore power but we are also the first cruise line to go single-use plastic free.

Our Norwegian Coastal Express is an extraordinary experience like no other. Come with us for the full story of the Norwegian coast with local food, behind-the-scenes culture, expert knowledge, and our unmatched heritage. We can't wait to share it all with you.

Our story together

Celebrating Norway Day

Since we first began sailing the Norwegian coast in 1893, our story has been a collective one, bringing together coastal communities and visitors from across the world.

We are generations of sailors, cooks, receptionists, waitresses all working to bind the country together. For nearly 130 years, our ships have been a lifeline to coastal communities of all sizes and a way of life for the people who reside here. We exist because they do and because you do.

You've trusted us to take you to the intimate places of the Norwegian coast; secret fjords, myth-inspiring mountains, hidden hamlets. We've brought you to spectacular landscapes under the glow of summer's Midnight Sun and shown you

the Northern Lights for the first time or the hundredth time.

You've come from near and far to travel side by side with local Norwegians, experiencing everyday life here and coastal culture at its most authentic and real. This is our story together, intertwined and connected at the heart of the Norwegian coast. We warmly welcome you to come and take your place in it.

1893
 Captain Richard With establishes the Hurtig Ruten ("Fast Route") service between Trondheim and Hammerfest, connecting the coastal communities in between.

1952
 The entire fleet now carries over 500,000 passengers a year.

1898
 The route along the Norwegian coast is extended further south to include Bergen.

1982
 New vessels replace older ships, some with a revolutionary side hatch for easier loading and unloading.

1908
 Kirkenes, near the Russian border, becomes the northern turning point of our voyage.

1993
 Our 100-year anniversary and the construction of MS Kong Harald mark the dawn of the modern era.

1922
 Ports in the stunning archipelagos of Lofoten and Vesterålen are added to our route.

2001
 MS Lofoten, built in 1964, is declared a national monument by the Norwegian government, a testament to our faithful service along the coastline.

1936
 More than 230,000 passengers, locals and tourists alike, travel on The Coastal Express this year.

1925
 DS Queen Maud is the first ship of a new generation of Coastal Express vessels which feature cabins with running water and a separate ventilation system.

2011
 The northbound voyage aboard MS Nordnorge is broadcast live over five and a half days using 11 cameras. It is the world's longest live TV documentary.

1945
 Redeployment of Coastal Express ships after World War II is given the highest priority by the government.

2015
 Hurtigruten Foundation was established to reinvest in the communities we visit and to support environmental initiatives. We also launch our popular Northern Lights Promise for our winter voyages.

2018
 Tonnes of single-use plastic items are removed and banned from the ships fleet-wide.

2021 and beyond
 We continue to serve communities all along the coast, supporting livelihoods shoulder to shoulder with locals, and showing visitors the heart and soul of our beautiful home.

CARING FOR THE COAST

Nature

The Norwegian coast has cared for us all these years, sheltering and nourishing us. We owe it to protect its pristine waters and shores in the most sustainable ways possible.

Better by sea

Our commitment to caring for nature on the coast is at the core of who we are. Each year, our ships are busy transporting 80,000 freight orders a distance of 2,680 nautical miles, equivalent to almost 5,000 kilometres. It's a tonnage and a distance that would require 10,000 trailer trucks to match. Less trucks on the road means a lot less gas guzzled and emissions released.

Carbon cutbacks

We go far beyond mere words to offer you not just "The World's Most Beautiful Voyage", but one of the greenest and most sustainable too. Together with regular maintenance and checks by engineers, close to 30 different energy-saving measures are active throughout our fleet.

This could include state-of-the-art hybrid engines that employ advanced batteries to power the ship with low-emission electric energy. Or specialised aquadynamic propellers which cut cleanly through the water, reducing drag and minimising fuel. Or an intricate network of heat-efficient exchange systems that permeate the ship.

For fuel, our ships use SDM (Special Distillate Marine), which has more than 30 times lower sulphur emissions, less NOx, and less soot than heavy oil. Most of our ships have also been adapted to plug into shore power whenever in certain ports.

These innovations and initiatives all add up, enabling us to slash some 18,000 tonnes of CO2 and 500 tonnes of NOx per year.

Taking out the (plastic) trash

At the current rate, by 2050, there will be more plastic waste than fish in the sea. We must take action.

In 2018, we banned all unnecessary single-use plastic – the first cruise line to do so. Instead of plastic straws, bottles, cups, and bags, you'll find environmentally friendly alternatives made of biodegradable paper. We may invite you to take part too, joining local volunteers in a communal beach clean-up to collect and dispose of washed-up plastic and any other marine litter we come across.

Good, green food

The majority of the ingredients we use for our onboard cuisine are received by our ships at half of the ports we visit – with as few food miles in between as possible. Not only does this provide farming and fishing families with important income, but it also cuts down on the energy needed to transport or refrigerate ingredients.

We insist our seafood suppliers adhere to sustainable practices and our full range plant-based menus are a healthy option for you and for the planet.

As you tuck into a sumptuous desert that features berries that were hand-delivered straight from the local forager to our onboard chefs, you'll likely feel more connected to the life and the landscapes here. Savouring each dish, you'll appreciate that sustainability doesn't just do good, it tastes good too.

Connecting the dots

Caring for nature on our coast means understanding it. Since 1935, our ships have taken water temperature readings at 22 points along the Norwegian coast for the Institute of Marine Research, one of the longest-running set of measurements in the world. The valuable environmental data we provide helps scientists see what's happening on our coast and by extension the planet as a whole.

The Norwegian coast prides itself on being one of the most immaculate and unsullied stretches of shoreline in Europe. We do everything we can to keep it that way.

Norway's fjords have been a defining part of the country through the ages, sheltering communities, sustaining life, and inspiring the Norwegian concept of *friluftsliv*.

Hjørundfjord

Geirangerfjord

Geirangerfjord

Channelled deep into the mainland and coming to rest in the traditional yet trendy town of Geiranger, this fjord is the site of breathtaking views. Widely regarded as Norway's "celebrity" fjord; it is a well-earned title showing off several waterfalls such as the Seven Sisters, the Bridal Veil, and the Sutor.

Fjords and *friluftsliv*

Famously Norwegian

Fjords feature in a few places across the planet, but you'll likely agree that none are as well-known as those that bless the Norwegian coastline. Even the word stems from the old Norse *fjōddr*, a hybrid of words that mean "crossing" and "to travel".

Norway's fjords were formed from a great multitude of glaciers that once covered the length of the Norwegian coastline 2.6 million years ago. The gradual grinding of the ground by glacial ice and meltwater created long valleys over the millennia. These later filled with seawater, giving us the wonderful fjords as we know them today.

Shaping the nation

For early Viking communities, the surrounding mountains of the fjords offered them natural shelter from the elements and from enemies. The fjords also gave them access to food in the form of fish, mussels, and seaweed. Fjords likewise acted as natural waterways for travel, enabling the establishment of important trade routes.

Such striking landscapes have also sparked generations of exploration, inspiring the intrepid to go further and see further. It's no surprise that history's most revered explorers were born and raised among the fjords of the Norwegian coast.

A cultural concept

From the Vikings and polar explorers to modern times, being connected to and in harmony with nature has always been a vital part of Norwegian culture. There's even a word for it; *friluftsliv*, translated as "life in free air". Less an activity and more a state of mind, *friluftsliv* emphasises the feeling of rejuvenation and sense of calm that comes from a walk in the forest, atop a mountain, or alongside a fjord.

During your voyage, you'll be able to immerse yourself in the beauty of the fjords from deck. A range of optional seasonal excursions will also bring you closer to the landscape and local culture. Seeing Norway's famous fjords first-hand with us, you'll understand just why the fjords and *friluftsliv* go hand in hand.

Hjørundfjord

The entrance to this hidden fjord lies south-east of the coastal town of Ålesund. Expect 20 kilometres of serene scenery surrounded by the mighty Sunnmøre Alps and dense verdant forest. You'll see mountain peaks over 1,700 metres high, overlooking the tranquil fjord.

Trollfjord

Trollfjord

This small fjord is tucked away in the Lofoten islands, an area in northwest Norway where sea eagles roam. While it has an opening of just 100 metres and only stretches for 3 kilometres, what it lacks in length, it makes up for in grandeur with towering 1,100-metre-high cliff walls.

See this fjord on a southbound voyage with us

We feel truly humbled by all the love locals and guests are inspired to express about our ships in thousands of photos and videos on social media. Eva Rental lives on the coast and is a regular poster dear to our hearts.

Thank you, Eva!

Each of us have our daily routines; a morning coffee, a walk with the dog, a quick workout. For Eva Rendal, a key part of her schedule involves greeting and filming The Hurtigruten Coastal Express ships that pass her house near Ørnes at 6:30am and 10am several times a week.

“I’ve felt a close relationship with The Coastal Express since I was a child. My father worked on one of the ships - MS Vesterålen - in the 1970s. The ships are like part of my family,” Eva tells us with a smile.

Likes and chocolate

Eva has filmed almost all of our ships passing her home for the last seven years, posting them on Instagram and on dedicated Facebook groups. Her photos and short videos of our ships have grown ever popular, both locally and in the worldwide online community.

“There are loads of likes and comments, from people all over the world,” says Eva, pleased. She herself has become somewhat of a local Coastal Express celebrity. “Because I stand on my balcony, waving, some passengers that know about my films stand on deck and they wave back at me,” she exclaims. “Quite often, they also post their own pictures of me, taken from the ship!”

Eva’s most memorable greeting didn’t come from Facebook though. A German couple who had travelled with The Coastal Express when it sailed past her house later came back to the Ørnes area on a camping trip. They remembered Eva’s house and decided to stop by. Unfortunately, she wasn’t at home, but when she returned, there was a lovely greeting card and a box of chocolates waiting for her on the doorstep.

“Whenever I’ve not been there on the balcony because of maybe travelling somewhere, people immediately get in touch asking if I’m ok and why I was missing. So, whenever I’m not there, I get my

mother to stand in for me so people don’t worry.” Eva looks visibly touched by the care shown by the online community she is part of.

“When I started with these daily films, I did it for myself, to help me cope with a diagnosis to do with a chronic disability. But it’s become a little phenomenon that everyone seems to enjoy. When I go to the local grocery store, people come by with a grin and a quick comment about my posts. Even journalists have come to my door.”

Saying hello back

Our Captains and crew on our ships also know Eva well. They make it a point to salute her with the ship’s horn or lights as they pass her balcony. It’s a personal hello to her which she often captures on her videos.

Eva is also an avid contributor on Hurtigruten Insiders, a fan-run Facebook group dedicated to The Coastal Express. When she found out on the group that one of our ships from the Hurtigruten Expeditions fleet was sailing on a separate trip nearby, she put up a post inviting it to “swing by” her house.

“My husband and I really didn’t expect anything, but suddenly it came through Meløysundet, made a turn right outside our house, blew the whistle, and gave us a really good view. It was such a nice gesture,” Eva says happily. “So, the next time it came by, we raised the flag in our garden all the way to the top to greet it back.”

From all of us at The Coastal Express, thank you Eva and all our fans. You help us love what we do even more.

Look out for Eva when sailing with us near Ørnes and give her a wave back! To see her photos and videos, add her on Instagram [@rendaleva](#)

Spring

The brighter days brought by the spring sunshine enliven the Norwegian coast, luring everyone back to the outdoors as they enjoy the best of both sun and snow.

A burst of life

Watch nature reawaken after the long winter. The sun takes its seat in the sky, the snow begins to melt, the land is reclaimed by lush vegetation, and migrating birds return. Flowers go into bloom, sprinkling the coast with colour. This change happens gradually, and at varying times each year; in some places, the snow can last into May and even June.

Spring is also the best time of year to see waterfalls. The melting snow and ice feed the rushing rivers and streams, creating clearer and more powerful cascades. By the end of the season, the Midnight Sun will begin to remain in the sky in parts north of the Arctic Circle, even as areas of the landscape still sleep under the last blanket of snow.

Cheers and *Skål!*

As the days get sunnier, Norwegians are drawn outside for their first *utepils* or “outdoor beverage” of the year. They’ll do this even while it’s still cold, another sign of Norwegians’ synergy with the outdoors. Join them in a garden, on a terrace, or even at a roadside café for a beer, wine, soft drink, or coffee in the preliminary sunshine. This quieter season is also a great time to explore the country, without the summer crowds.

Norway Constitution Day

Time your voyage around the 17th of May when Norwegians young and old celebrate the country’s independence. The day typically involves colourful children’s parades and marching bands, as well as feasts of cakes, Champagne, hot dogs, and ice cream.

To mark the occasion, many locals dress to impress in their *bunad*, the national costume. These beautifully embroidered suits and dresses, some handcrafted with silver jewels, feature patterns unique to regions and families. We’ll have a mini parade on board our ships too, with plenty of fun flag waving and cheering.

Summer

Long days and bright nights bring a carefree atmosphere to Norway, with festivals, bonfires, and leisurely hikes. At season's peak, the Midnight Sun reigns for 24 hours a day above the Arctic Circle.

Warm weather and wildlife

With the longest days of the year and temperatures creeping above 20°C, summer is the most popular season to visit the Norwegian coast. That applies not just to humans, but also to animals. This is part of the breeding season for a variety of bird species such as auks and gulls. Further north, you may be able to spot puffins and kittiwakes in the nesting cliffs. Sometimes, whales grace the waters near the ship too and reindeer can be seen grazing along the coast.

The vibes of summer

Norwegians are perhaps best known for their love of the outdoors. They even have a word for it: *friluftsliv*, which translates to “life in free air”. Summer here naturally draws people outside more than any other season, and for longer. The long, sunny days lift the spirits of locals, who focus on enjoying barbecues, hikes, kayaking, or simply sitting and chatting outdoors.

The summer spirit is enhanced by a multitude of music festivals, as well as outdoor art and theatre shows. Food festivals are also high on the list, touting seafood, beer, and local delicacies. Norwegians also look forward to *Sankthans* (Saint John's Eve) on 23rd June when groups get together around bonfires by the water.

Solar power

From late May to September in Northern Norway, you can experience endless days under the Midnight Sun, a polar phenomenon that brings 24 hours of continuous daylight. During this period, while you can see the sun moving across the sky, it never falls below the horizon. You may find that the extra hours of sunlight give you an energy boost. Make the most of it by joining in the local festivities or maybe enjoying exhilarating hikes in the mountains.

Autumn

Autumn in Norway means harvest foods and crimson red leaves. The golden sunlight of the season reflecting off the fjords and warming the rust-coloured trees is a sight not to be missed.

The colours of Autumn

During the short months of autumn, the landscape here undergoes a stunning transformation. The forests are set ablaze with deep shades of red and orange. Norwegians soak up the last of these long sunny days by going hiking in the mountains, admiring the vivid colours of the trees, and enjoying the light crunch of fallen leaves underfoot.

As the days shorten and get wetter later in the autumn, locals finally say goodbye to summer and brace themselves for the colder winter weather ahead. For those in Northern Norway, they can take some solace as the Northern Lights begin to reappear in the skies, increasing in sightings as the season goes on.

A feast from the forest

The Norwegian word for autumn, “høst”, actually means “harvest”. It’s normal for Norwegians to make time during this season to explore the forests, picking berries from bushes and mushrooms from the forest floor. These fresh ingredients usually find their way into autumnal dishes and desserts you can try aboard the ship. This period is also

the hunting season, so reindeer and game meats like grouse and moose are on the menu in many restaurants.

Where few ships sail

For the two autumn months, our ships make a detour into Hjørundfjord on the northbound route. Surrounded by the Sunnmøre Alps, this idyllic fjord is a hidden gem. Explore this stunning area out on deck, away from the summer crowds, peaceful and picturesque. Take a quiet moment to admire the few farms that cling to the green slopes, fringed by sepia-shaded forests, and watched over by the tops of mountains dusted with fresh snow. It’s a view which sums up the essence of the autumn season to perfection.

Cloudberries

Winter

Twinkling stars, skiing or sledging in the snow, the swirling Northern Lights, knitted jumpers, warming up with a hot mug of coffee, and open fires. Welcome to winter in Norway.

Winter weather patterns

As the trees finish shedding their leaves in late October and the days become shorter, winter begins in Norway. This beautiful season is usually divided into two periods: dark winter and light winter. Locals consider October to December to be dark winter, a time of increased rainfall and fading light, with some northern parts of the country experiencing less than five hours of sunlight daily.

Light winter arrives after the winter solstice around 21st December, when the days start lengthening and when most of Norway is transformed by a layer of snow. During this time, you can experience the romantic “blue hour”, when the light of the afternoon twilight reflects off the sea and the snow, bathing the landscape in a beautiful blue hue. Many Norwegians spend the winters taking to the ski slopes and hibernating in mountain cabins.

Making the most of *kos*

“Kos” is a Norwegian word that loosely translates to “cosiness” but also embodies a sense of homeliness, warmth, and wellbeing. Everyone has their own definition, but the gentle flicker of candlelight paired with the crackling of a fire and the warmth of a woollen jumper all evoke the concept of *kos*. You’ll have plenty of opportunity to capture a sense of Norwegian *kos* in many places on your voyage with us.

Norway’s literal highlights

Parts of northern Norway experience Polar Night, a period of a couple of months when the sun doesn’t rise above the horizon. The resulting darkness forms the perfect backdrop for one the Seven Wonders of the Natural World to make an appearance: the aurora borealis. Shafts and ribbons of light dance across the winter sky, sometimes painting the night in dramatic colours of green, purple, and even flashes of yellow. Nothing compares to watching this natural light show with your own eyes.

Season duration:

Dark winter: October - December

Light winter: January - March

Polar Night in Kirkenes
(approx): 27 Nov. - 13 Jan.

Average temperatures

(high | low):

Bergen: 6°C | -1°C

Bodø: 2°C | -4°C

Kirkenes: -3°C | -14°C

Seasonal specialities:

Fresh seafood like king crab, langoustine, trout, and cod.

Seasonal excursions:

Cross-country skiing, snowshoeing, dog sledding, snowmobiling.

Names: The Northern Lights are also known as Aurora Borealis. The term was coined by Galileo Galilei in 1619. "Aurora" is Latin for "dawn" and "Borealis" means "Northern Winds". They are sometimes referred to as "Polar Lights", a term that includes the Southern Lights too.

Colour spectrum: Ranging in rarity from white to blue to green to pink and purple, the colour depends on the composition of gases in the Earth's atmosphere, at what altitude charged solar particles collide with them, and at what speed.

Shapes: The number and the sequence of these collisions creates different shapes and movements. There are four main types: the corona aurora (rays of light), the drapery aurora (ribbons or curtains), the arc aurora (a rainbow) and the diffuse aurora (a hazy glow).

The Original Northern Lights Promise

Sailing on The Hurtigruten Coastal Express has always been the best way to see and enjoy the aurora. We're so confident of this that we offer you the closest thing you'll get to a guarantee.

Sail with us on our 12-day Classic Voyage between 1 October and 31 March, and if the Northern Lights don't appear at least once within sight from the ship, we promise to give you a 6 or 7-day voyage the following Northern Lights season absolutely FREE.

Northern
Lights
Promise

The Greatest Show on Earth

The Northern Lights are one of the world's most celebrated natural phenomena for a reason. On our ships, the spectacular sight of the aurora lighting up the night never fails to impress.

Photon-producing particles

The aurora occurs when electrically charged particles from the sun, also known as the "solar wind" or "solar storms", collide with gases in the Earth's upper atmosphere. The Earth's magnetic field steers the charged particles towards the North and South poles, forming auroral ovals or zones. The collisions produce photons that appear as jaw-dropping flashes and swirls of light in the sky.

In Pole position

The best chances in Europe of seeing this spectacular light show is in Northern Norway between October and March. Sitting above the Arctic Circle inside the Auroral Zone, it is a region ideally situated for Northern Lights sightings.

Of the 34 ports that The Hurtigruten Coastal Express visits, 22 are above the Arctic Circle. On our 12-day Classic Voyage, you'll spend six nights in the Auroral Zone, upping your chances of seeing the Northern Lights not just once, but multiple times.

A floating observatory

There's nowhere better to see the Northern Lights than sailing along pristine fjords with us, far from the ambient lights on shore. Away from air and light pollution, the visibility and vibrancy of the lights improves, along with your odds of a sighting. And as the ship is on the move, we'll be passing overcast areas, giving aurora hunters a better likelihood of sailing under clear skies.

Front-row seats

You'll find not knowing exactly when the aurora might appear creates a real sense of suspense and thrill. When you do hear the crew announce a sighting, the frisson of excitement that seems to ripple through the ship is palpable. Everyone hurries up to the observation deck or gazes intently out of the ship's large windows, eagerly looking skywards.

What patterns, colours, and intensity of light will you be lucky enough to witness on board with us? Each sighting is unique and seeing the aurora parade across the skies, whether for a few minutes or more, is a truly special and magical moment that you'll cherish forever

Hiker's heaven

The exceptionally beautiful landscape of the Norwegian coast beckons you to explore it. Thankfully, our onboard Coastal Experts know the areas we sail in better than anyone. They've handpicked a selection of optional hikes for you to enjoy almost every day of your voyage. Each hike is adapted for the season you sail in, with seven hikes offered during summer and autumn, and nine hikes from winter to spring, based on a full 12-day voyage.

Embracing *friluftsliv*

You'll set off on your hike into the Norwegian wilderness in small, intimate groups led by your Coastal Experts. Enjoy learning more about the local region's history, geology, biology, and culture as you hike together with them.

Hikes give you an opportunity to *friluftsliv*, a Norwegian concept which has at its heart an innate and profound affinity towards nature and the outdoors. Fresh air, sitting around a campfire with a warm cup of coffee, the crunch of soft snow underfoot, or the warmth of the sun on your skin while walking the trail – these are some of the simple elements you'll probably experience on your hike, making up the pure pleasure of *friluftsliv*.

Gear up

Hikes involve a high level of physical activity over a few hours, on terrain that may often be uneven, slippery, and steep. You'll need to have a reasonable level of fitness and mobility, and the right gear too.

Solid shoes will be key, but not new ones you've yet to use. A few layers of clothing are ideal, as well as a wind and rainproof jacket with a hood, and a small backpack. Don't worry about shoe spikes, trekking poles, snowshoes, or headlamps. We'll provide them to you free of charge when the season or weather calls for them.

Get out there and explore!

Step into our office

Experts on the Norwegian coast, many of whom live locally, will be by your side on your voyage with us, showing you their home and sharing their stories with you.

No guidebook, website, or mobile app can replace the human connection of having one of our Coastal Experts point out places on the coast special to them. Through their hands-on experience of Norway and the Norwegian coast, you'll be able to learn insights and key facts about the landscapes, culture, and way of life here.

From near and far

Many of our Coastal Experts are local Norwegians, born and raised on the coast and elsewhere in Norway. They'll be able to tell you their childhood memories of our ships, what our service has meant to their coastal community, and maybe how they've had generations of their family connected to us, either as crew or as passengers.

Other Coastal Experts may have lived in Norway for several years, perhaps coming from the same country as you. You can learn about what drew them to Norway and to working on The Coastal Express. See the coast through their eyes as they pick out details about life here, perhaps sharing interesting anecdotes about their experiences of Norwegian culture.

Enriching your experience

Coastal Experts enhance your voyage with in-depth knowledge of the local culture, nature, science, and history; an understanding they've stored up over years. You'll see that they have a range of specialist, well-researched topics in their repertoire, ready to share with you in lectures and presentations on board, on deck, and ashore.

Amateur photographers will be pleased to know that our Coastal Experts also run a small photography programme on board. Certified by Canon, the short, informal course is designed to give you the tips you need to capture the coast in all its glory, including how to shoot the illustrious Northern Lights should they occur.

Dedicated to what they do and to the Norwegian coast, Coastal Experts provide an intimate and personal perspective to your journey with us. You'll sense their passion whether they're busy talking about points of interest out on deck or animatedly telling stories over a relaxed drink at evening gatherings.

A touch of *koselig*

Throughout our ships, whether in the lounge, the restaurants, or your cabin, you'll find beautiful and simple interior design, imbued with the Norwegian concept of *koselig*.

A Scandi idea

The minimalist forms, bold colours, and atmospheric lighting of Scandinavian interior design have influenced modern tastes in décor the world over. At the heart of its success is the pursuit of *koselig*, or *hygge* as the Danes refer to it.

For Norwegians, *koselig* doesn't simply translate to the word "cosy", but goes much deeper. It's a word that conjures up a sense of being at home; embraced by a warm hug; wrapped in the pages of a good book; snuggling up under the duvet; the morning sun with the smell of freshly brewed coffee; candle-light; and an open fire.

You'll find splashes of *koselig* on board our ships; in the eclectic furniture of the bakery, interesting ornaments in the restaurants, and in the artwork that adorns the walls of common areas. The same influence is clear in the calm ambience of the Explorer Lounge & Bar, complete with a smokeless, non-wood burning fireplace.

Classic and charming

MS Vesterålen is one of our oldest ships in service, featuring an intimate atmosphere and nostalgic cabins. There is a small lounge to the aft of the ship, a café in the middle, and a restaurant at the bow. Without a doubt, the pièce de resistance is the newly refurbished panorama lounge occupying the top deck and boasting the best views on board.

© AGURTYXANE CONCELON / HURTIGRUTEN

Cabin categories

Cabins on board are your comfortable haven at sea for a good night's sleep. They all have ensuite bathrooms and are available across four main categories, each clearly designed with *koselig* in mind.

Expedition Suites

– Located on the upper decks, these spacious, sublime rooms are the best we have to offer. All boast large bay windows or a private balcony with splendid views.

Arctic Superior

– Enjoy outside views of the passing scenery with these roomy cabins which are normally situated on the upper or middle decks.

Polar Outside

– Found on the middle decks, this category comes with a window or small porthole for exterior views. Some cabins look out onto the mid-level walking deck.

Polar Inside

– Similar in size to Polar Outside cabins, just without the window. Cabins may have single beds that can be combined into a double, or with one bed converting into a sofa.

NORWAY'S Coastal Kitchen

FRESH AND
LOCAL FOOD

Your voyage with us is also about experiencing authentic local cuisine. Our chefs use fresh ingredients sourced from suppliers all along the coast, giving you a true taste of Norway.

Seasonal delights

From lamb stew and reindeer steak, to more modern fare like vegan cheeseburgers, you'll also find our menu accommodates both traditional and new tastes. You can look forward to being treated to a range of seasonal Norwegian dishes too. Winter is the main season for seafood like soft flaky *skrei*, fresh shrimp, and delectable king crab.

Guests sailing with us in autumn will delight in the distinctive flavour of cloudberries in the desserts we serve during this period. These tangy berries are known locally as "Highland Gold", a nickname for their colour, rarity, and being an important source of income for those who pick them.

Green and vegan

We are as passionate as you are about eating healthily and sustainably, without sacrificing flavour. For those vegetarians and vegans among you, our chefs have got you covered with a three-course plant-based meal that changes each day of your voyage.

These menus have been crafted by skilled chefs in a way that will entice even the staunchest meat lovers over to the green side. Expect gourmet dishes like borlotti bean casserole, vegan pancakes, oven-baked pears, beetroot à la Bourguignon, strawberry sorbet, and vegan chocolate mousse.

Eco-friendly sourcing

Many of our ingredients are delivered to our ship at half the ports we visit. Organic cheeses, Norwegian bread, vegetables, berries, juices, shellfish, ice cream, and many others come from 27 sustainable suppliers and eco-farms found all along the coast.

Not only does the minimal transport mean fresher ingredients for your dishes, it also cuts down on the energy and emissions involved in refrigerating them. With local food sourcing, your taste buds win, and so does the environment.

Sustainable economics

Our Norway's Coastal Kitchen concept has another benefit; supporting local, home-grown businesses. Some of our food suppliers have existed here for centuries and are well known, cherished brands in Norway. Others are family-run farms passed from generation to generation, full of personal history.

We also give a helping hand to new ventures and start-ups, such as young entrepreneurs who use shoots, peas, and beans to make tasty meat alternatives. In fact, 80% of our ingredients and food originate on the Norwegian coast. Whatever their particular food speciality, background, or heritage, our focus is on quality and sustainable practices.

By trading with food suppliers on the coast, we help to secure vital jobs. The benefits of this in turn emanate out to individual families, to remote communities, and up to the local economy as a whole. Every jar of jam, each bottle of beer, and each piece of fresh fish represent a livelihood that keeps the Norwegian coast going.

A culinary connection

Sourcing our ingredients locally is also another way that you can enhance your experience of the Norwegian coast. Learn about regional specialities, how ingredients connect to local industry and agriculture, and listen to the intimate stories of suppliers on optional excursions.

On board, enjoy freshly caught Arctic char from Sigerfjord in Vesterålen, award-winning cheeses from Aalan farm in Lofoten, and succulent king crab from Troms and Finnmark county. As you do so while sailing the area where these delicacies come from, you'll have a deeper appreciation for just how bountiful the "pantry" of the Norwegian coast is.

From fresh fish to smoked sausages, our food suppliers are hard at work to provide our talented chefs with the best ingredients Norway has to offer.

Sustainable sourcing

We take pride in serving great food to our guests on The Coastal Express, using first-class products from local suppliers based all along the Norwegian coastline.

1 Fjell Brewery

The owners of this Bergen-based brewery take pride in making quality craft beer.

2 Aalan Farm Cheesemaker

Torget

Meaning “marketplace” in Norwegian, our main restaurant offers a variety in its menus for all three daily meals.

Breakfast - served from 7:30am:

– Start your day with a range of hot dishes as well as a buffet of fresh bread, cereal, fruit, yoghurt, smoothies, juices, energy shots, porridge, salmon, made-to-order eggs, and pancakes.

Lunch - served from 12pm:

– Look forward to salads, sliced vegetables, local cheeses, deli cuts, homemade desserts and cakes. You'll also have meat, fish, and vegetarian home-cooked style hot dishes to pick from.

Dinner - served from 6pm:

– Enjoy three-course dinners, choosing with different dishes every day of your voyage. There will be a selection of meat, fish, and vegetarian dishes, as well as a separate vegan menu.

Kysten

Dine in style at Kysten, our à la carte option. You'll savour dishes crafted by our most skilled chefs, using the finest ingredients the Norwegian coast has to offer. Seafood is freshly caught, meats are free range, and the cheeses award-winning.

In the evening, you'll be spoilt for choice with four sumptuous starters, five exquisite mains, four desserts, and our famous cheese plate to top everything off. Pair your meal with a bottle of wine from our expertly selected list. Guests on Platinum fares can indulge in all three daily meals here as part of their voyage.

Brygga

The name of our onboard bistro can be translated from the Norwegian as “wharf”. It serves traditional Nordic dishes alongside fresh salads, sandwiches, wraps, and good old comfort food like freshly prepared pizzas and gastro burgers. Among these crowd pleasers is, of course, our mouth-watering signature shrimp sandwich, served with eggs and dill mayonnaise. Try the soup of the day, sirloin steak, or grilled salmon, and finish with locally-inspired desserts and sweet cakes.

Explorer Bar

What really makes the Explorer Bar stand out is the atmosphere of the surrounding lounge and the panoramic views through the floor-to-ceiling windows. Order from a range of hot and cold beverages, relax in a comfortable armchair, chat with a drink in hand, and watch the world go by.

The Explorer Bar serves premium coffee, organic teas, hot chocolate, fruit juices, various beers, red, white, and rosé wine, and a collection of Norwegian aquavit that would make any spirit lover jealous. Enjoy along with a selection of snacks, such as grilled sandwiches using local ham and cheese, or even a Norwegian classic: dried fish!

Multe

Let the aroma of freshly baked cakes and pastries guide you to Multe. This onboard bakery serves open sandwiches, called *smorbrod*, along with smoothies, coffees, and a selection of Lofoten ice creams. The name "Multe" means "cloudberry" in Norwegian. Jam made from this rare Arctic berry can be sampled in the bakery, often served with waffles and generous dollops of whipped cream or ice cream.

Your home at sea

Our ships are especially designed to make your voyage as relaxing and as comfortable as possible. Sit back, enjoy the stunning views, and feel the worries fade away.

Laidback lifestyle

As your home away from home, your small and intimate ship enjoys a casual, informal ambience. Take our dress code, for example. We don't have one. The local Norwegians who travel with us don't dress up for dinner, so you don't need to either. This is where you can feel at home and walk around all day in your loungewear if you like.

You'll also find our staff to be friendly and helpful. Many of them live in the areas we sail through and will happily share nuggets of local insider knowledge with you.

Detox and de-stress

Get away from it all by joining us at sea on a coastal voyage, leaving cares and concerns behind. Many like to take the opportunity to undergo a digital detox, freeing themselves from the persistent pings of emails and text messages.

As we sail past sparkling fjords, picturesque islands, and calming mountain scenery, you'll naturally fall into the soothing rhythm of daily life on the ship. Fully relaxed and reset, the stress that was previously weighing on you may melt away into a distant memory.

Bask in the views

Your surroundings are the star of the show on your voyage with us. Watch the ever-changing landscape go by from the ship's expansive outdoor decks, which are also the ideal spot for witnessing the Northern Lights in winter or the Midnight Sun in summer. You can also enjoy a soak in one of two outdoor hot tubs*, admiring the views while the bubbles work their magic.

Throughout the ship, you'll notice how we bring the outside in with impressive floor-to-ceiling windows – in the lounge, the restaurants, the gym, and even the sauna. So, you can have a workout, steam your pores, tuck into your meal, sip cocktails at the bar, all the while missing none of the spectacular scenery outside.

Enjoy the ship's lounge

One of the best places to unwind on the ship is the Explorer Lounge & Bar. This area features wide windows offering stunning views of the coastal scenery. With it being the site of the ship's bar, it is the natural, social hub of the ship.

Come here to sink into an armchair with a drink, swap stories, and get to know your fellow ship-mates. You can also opt to nestle into a quiet, cosy nook with a book, either in the lounge or in the many other seating areas found around the ship.

Home suite home

You have a range of cabins to choose from on board, all with ensuite bathrooms, and all comfortable and stylish. The simple, Scandinavian-designed rooms are an appealing mix of clear-cut lines, polished surfaces, and natural materials that harmonise with the landscapes outside. Likewise, your bed boasts fine linen and smooth, soft duvets, keeping you warm and snug as you sail off to sleep.

Your voyage day by day

These next pages give you a detailed preview of which highlights you can look forward to each day of your journey, plus what optional seasonal excursions you can cherry-pick from.

Day by day

Between Mountains and Fjords

Bergen / Bryggen / Summer / UNESCO World Heritage Site

You begin your voyage in **Bergen**, a vibrant coastal city founded in 1070 by King Olav Kyrre and now the second largest in the country. It owes its modern prosperity in part to the influential 14th century German trading organisation, the Hanseatic League, who maintained a strong presence in Bergen for 400 years.

From the centre of the city, you'll definitely want to visit the charming UNESCO-listed **Bryggen quarter**. The area features the restored wharves of Bergen's historic Hanseatic era, built on medieval foundations from the 12th century. Wander

the cobblestone backstreets for small galleries featuring local art and boutiques selling artisanal goods.

Just across the street from Bryggen, you'll find the **Fish Market**. This bustling market, which also serves delicious meals, has been here in the centre of Bergen since the 1200s. The outdoor section is open from May and throughout summer while the indoor fish market is open year-round.

Bergen is known as the "City of Seven Mountains" although there is much debate among locals as to which of the

17 surrounding mountains actually make up the "Seven". Two that always make the list though are Mount Fløyen and Mount Ulriken. Reach the peak of **Mount Ulriken** by **cable car**, or ride the **Fløibanen funicular** to the top of **Mount Fløyen**. You'll be treated to incredible views of the city either way.

For cultural considerations, **KODE** is the place to go. One of the biggest art museums in the Nordic countries, KODE showcases art of all kinds, from fine art and design to crafts and music. With multiple exhibitions running throughout the

year, there's always something for everyone.

Also part of KODE is **Troldhaugen**, home of the late Norwegian classical composer Edvard Grieg. Explore the villa while his music plays softly in the background. Walk down to the cabin and look out over the lake from the same place Grieg composed many of his famous pieces.

Take a step into the past at the open-air **Old Bergen Museum**. In this reconstructed small town, you can see traditional wooden houses from the 18th, 19th, and 20th centuries. Talk to

Our staff will also be on hand to answer any questions you have about your voyage or to pre-book optional seasonal excursions for you.

In the evening, we'll set off north through **Hjeltefjord**, along the same route Vikings once travelled. Aboard the ship, you'll be treated to a dinner buffet made from fresh coastal produce. Spend the rest of the evening relaxing on deck or in our panorama lounge, marveling at the incredible views outside.

UNESCO World Heritage Site

During the night, we stop at **Floø**, Norway's westernmost town, and then **Måløy**, home to the mushroom-shaped Kannesteinen rock. After that, we head to **Torvik** where early-risers have the chance to enjoy the breathtaking beauty of **Nordfjord**.

Navigating the skerries and islands further north, our ship arrives at **Ålesund** at 9:45 am. Those visiting in spring and winter will have most of the day to explore this delightful town. For summer and autumn guests, you'll head off for fabulous fjords before returning here in the evening.

The first thing you might notice about Ålesund is the unique architecture. The larger part of the town was destroyed in a blaze in 1904, after which much of it was rebuilt in the **Art Nouveau** style. Look out for brightly coloured buildings with semicircular windows and charming rounded towers that wouldn't look out of place in a fairytale.

You won't want to miss the town's **Atlantehavsparken**, one of Northern Europe's largest saltwater aquariums. It's home to an extensive variety of sea life, including seals, otters, crabs, and even penguins at the

open-air pool.

The viewpoint from nearby **Mount Aksla** is the perfect place to take impressive photos of the whole town. To challenge yourself, you have the option of climbing the 418 steps to the top.

For summer sailings, we'll leave Ålesund and make our way to UNESCO-listed **Geirangerfjord**. The world-famous fjord is located deep within a branching fjord system that stretches more than 90 kilometres. As we sail in and out of Geirangerfjord, **Storfjord**, and **Sunnylvfjord**, you'll be treated to some of the most

magnificent scenery Norway has to offer.

As we navigate the Geirangerfjord, you may be able to see one of the most famous Norwegian waterfalls, the **Seven Sisters**, made up of seven separate streams. Depending on recent rainfall, the streams can be seen most clearly around early June, fed by meltwater from last winter's snow.

During an autumn cruise, rather than Geirangerfjord, we'll instead sail on **Hjørundfjord**. Overlooked by the **Sunnmøre Alps** as high as 1,300 metres, Hjørundfjord is a hidden gem

rarely visited by others. Look out for thousand-year-old small farms and communities clinging to the lush mountainsides.

At about midday during an autumn cruise, we reach **Urke**, a little village in the Sunnmøre Alps. This area has been visited over the years by famous hikers and members of European aristocracy who admired the quiet and scenic landscape. Sip coffee outside a local café and gaze at the towering mountains and their reflections in the fjord below.

The last port of the day is **Molde**, where we arrive late in the evening. If sailing with

us in the summer, there might still be enough daylight for you to see the breathtaking view of **222 mountain peaks** across the fjord.

In the city itself, **roses** of all shades and scents will be in bloom from mid-June to late August, lining the streets and adorning old wooden houses.

Trondheim / Nidaros Cathedral / Summer

Moving steadily north, the ship stops in **Kristiansund** a few hours past midnight. This section of the voyage sees us enter the **Trøndelag** region of Norway, marked by crumpled hills, fields dotted with farmsteads, and low-lying coastal settlements.

We arrive in Norway's third largest city just before 10am. **Trondheim** was founded in 997 by the Viking King Olav Tryggvason, making it the country's first capital. Rich in history, Trondheim is the third largest city in Norway, boasting a lively waterfront and a buzzing student

population filling the cafés, restaurants, and bars.

You'll have three hours to explore Trondheim, and most of its highlights can be seen on foot via a circular route of the historic old town, the Bakklandet neighbourhood, and Nid River.

From the ship's dock, cross the bridge over the canal to **Ravnkloa**, a popular "fiskertorg" or fish market. From here, you can walk south along the tree-lined **Munkegata** boulevard in the direction of the cathedral.

City Of Kings and Palaces

© MYKOLA ISENFONTOV / VISIT TRONDHEIM

You'll pass **Stiftsgården**, a huge classical Baroque wooden residence constructed at the height of Trondheim's golden age in the 18th Century. It is now a royal residence with a small elegant garden and fountain.

Trondheim's **Nidaros Cathedral** is a fine example of medieval Gothic architecture and is seen as the most sacred building in all Norway. King Olav Trygvason – who introduced Christianity to Norway – is buried here.

Marvel at the intricacy of the carvings on the exterior and maybe buy a ticket to head

inside to see the equally stunning interior. In summer, you can climb the 172 steps up the tower for an unsurpassed city view.

Next door to the cathedral is the **Archbishop's Palace**, or Erkebispegården. Dating from the 12th Century, **Norway's Crown Jewels** are housed here in a part of the building dedicated as a museum.

Walk east from the cathedral, to arrive at the old city bridge **Gamle Bybro** which sits over **Nid River**. The bridge dates to 1681 and is also known by some as "The Gate of Happiness" after

the lyrics of a 1940s Norwegian waltz.

On the other side of the river is the old Hanseatic district of **Bakklandet**. Stand on the bridge for a picturesque view of the neighbourhood's colourful old wooden wharves, propped up on stilts by the river's edge.

Top up with a coffee and cake in one of Bakklandet's many cafés and trendy eateries before heading up to **Kristiansten Fort** for great views of the city and the fjord. From here, loop north and back across the river to return to the ship.

As we sail out of Trondheimsfjord in the late afternoon, we'll pass by a number of islets and rocky reefs. Look out for the ochre-coloured **Kjeungskjær Lighthouse** as we head towards Rørvik in the late evening.

At **Rørvik**, our northbound and southbound ships cross paths. Our time here is short, but you'll at least be able to take a quick look at the distinct architecture of the **Norveg Coastal Museum** with its three metallic "sails" and concrete "hull".

Into the Arctic

Helgeland / The Arctic Circle / Autumn

Through the night, we sail along the **Helgeland Coast** into Nordland county, with short stops at **Brønnøysund** and **Sandnessjøen**.

After a 10-minute stop in Nesna, the ship will cross the **Arctic Circle** around 7am. You'll see the line marked on a globe statue on the small islet of Vikingen. Join us out on deck for a small tradition that is sure to be effective in fully waking you up!

Above this geographic line, you can see the **sun 24 hours** a day throughout the summer, even at midnight. In winter, your

chances of seeing the **Northern Lights** greatly improve.

You'll be passing skerries and reefs, farms and fishing villages. Head out on deck to take in the glorious views of thousands of islands dotting the sea and Helgeland's "troll-like" mountains which have inspired many a local legend.

On your right, you might catch a glimpse of **Svartisen**, Norway's second largest glacier. To your left is **Mount Rødøylova**, a famous mountain that appears to be a lion lying on its back with its head raised.

The village of **Ørnes** sits snugly among a beautiful archipelago of 700 islands and against a backdrop of 30 steep mountain peaks. Visit the **Love Bench** at the tip of the pier, where sweethearts, young and old, declare their eternal love with a padlock.

The ship then sails towards charming **Bodø**, Northern Norway's second largest city. The spectacular **Borvass** peaks, a chain of mountains dominates views of the area. Take a walk to see the fabulous street art, visit the architectural gem **Kulturkvartalet Stormen** with its modern library, or join an optional excursion

to Saltstraumen, the world's strongest whirlpool.

Our course sets for Lofoten, we next head northwest across **Vestfjord** to **Stamsund**. Along this stretch, you can look forward to seeing majestic mountains, the famous **Skomvær Lighthouse**, a powerful **whirlpool**, and quaint fishing villages.

The region is also rich in **birdlife** with over 250 species recorded, while **seals** and **orcas** can often be spotted in the fjord.

The highlight of today comes late afternoon as **Lofotveggen**, the Lofoten Wall, appears on the

horizon. At 100 kilometres (62 miles) long, and up to 1,000 metres (3,300 feet) high, the "wall" is, in fact, a string of islands packed tightly together, notable for their spectacular, jagged, granite peaks.

We dock in **Stamsund** on the island of Vestvågøy, home to one of the largest trawler fleets in Lofoten. Local fishing folk are busiest between January and April when Arctic cod called skrei swim 1,000 km from the Barents Sea to Vestfjord to spawn.

You'll continue along Vestfjord among stunning islands, steep

mountains, beautiful beaches, and sheltered bays. Come evening, when you see row upon row of traditional **fishermen's huts** on stilts, known as *rorbuer*, you've arrived in the picturesque harbour of **Svolvær**.

The breathtaking scenery, fishing heritage, and the added attraction of the exceptional light of the **Midnight Sun** or the **Northern Lights**, has drawn many artists to these parts and inspired their work. No doubt, you'll be captivated too.

Capital of the Arctic

Tromsø / Summer

We dock at **Stokmarknes** and Sortland in the small hours of the morning before arriving at **Risøyhamn**. If you're aboard with us in the summer, the **Midnight Sun** will be reigning in the sky all day and all night.

For voyages between October and March, you may find that it's the **Northern Lights** who come out to play, dancing across the dark Arctic sky glistening with stars.

If you're awake early in summer, the stretch between Risøyhamn and Harstad is also known to offer excellent **birdwatching** opportunities. Several bird

colonies are found close by, including one with at least 160,000 nesting puffins.

The deep, nutrient-rich waters here are also ideal feeding ground for **sperm whales**. Keep your eyes peeled - you might get lucky, especially during winter.

Harstad is known to Norwegians as the "Culture Town of the North," and its calendar is usually peppered with events like beer festivals and concerts. At the time of day we'll be there though, it will likely be quiet, perfect for a peaceful morning stroll.

Continuing our journey north, you should be able to enjoy views of **Senja's** varied landscape of rolling hills and fjords surrounded by steep jagged mountains - scenery that has earned the island a reputation among locals as a "Mini Norway".

We call at **Finnsnes** next, a small town next to the impressive **Gisund Bridge**, which joins Senja to Norway's mainland. The ship then arrives at **Tromsø** in the afternoon. You'll have just over four hours to explore "The Paris of the North" and join a range of thrilling optional

seasonal excursions.

One theory about Tromsø's nickname is linked to its history as the start and end point of past polar expeditions. For weary Arctic explorers returning to civilisation, the fashion, food, and culture of Tromsø were such a sight for sore eyes that they compared it to Paris, France. Whatever the origin, the nickname stuck and it's become a reputation to aspire to.

If you follow the waterfront south from the ship, you'll find **Polaria**, the world's northernmost aquarium. From there, you

Day 6 Øksfjord – Berlevåg Northbound

Journey to the top of the European continent, into the heartland of the indigenous Sámi. This is a vast realm of mountains, seabirds, and the coast's most remote communities.

Øksfjord 70°N – Berlevåg 70°N

The North Cape / Winter

During the night, we continue into Troms & Finnmark county, stopping in **Øksfjord** briefly. This is one of Norway's largest yet least populated counties, characterised by beautifully stark landscapes of rugged mountains and deep fjords.

We dock in the town of **Hammerfest** on the island of Kvaløya early in the morning. In summer, the island has herds of **reindeer** migrating here in their thousands. Some are known to wander into the centre of Hammerfest, especially at this time of day when it's quiet and no cars are about.

You'll know we've reached **Havøysund** when you see the wind turbines of the landmark **Havøyløven** windfarm which produces enough electricity to power 6,000 local homes.

Just opposite Havøysund is **Hjelmsøystauren**, a nesting site boasting the highest number of different bird species gathered on a bird mountain in all of Europe. Spot birds like Atlantic Puffins, Common Guillemots, razorbills, and kittiwakes.

We arrive at **Honningsvåg** mid-morning, the gateway to the North Cape where a globe

Norway's Northern Frontier

monument marks the top of continental Europe. The optional excursion up to the dramatic promontory is very popular so it's best to pre-book early to secure your place.

In the fishing village itself, you'll find the **North Cape Museum** where you can learn more about the cape and the area's coastal culture. Ten minutes away from the museum, you'll find **Honningsvåg Church** from 1885, the oldest building in the area.

It's also worth checking out the **Once Upon A Dream art gallery** and the **Artico Ice Bar**

here. At **Perleporten Culture House** in the summer months, you can also watch a group of young local actors enact a short play about life in one of the world's northernmost towns.

The ship heads eastwards to the village of **Kjøllefjord**. Near the entrance of the village, look out for the striking, building-like rock formation **Finnkirka**, an ancient Sámi sacrificial site. The surrounding hills and plains here form part of the larger Sápmi area and have been the summer pastures for Sámi reindeer herds for generations.

The Sápmi region spans parts of Northern Norway, Sweden, Finland, and Russia, inhabited by the indigenous people for over 11,000 years. While the Sámi of Northern Norway have modernised their lifestyles, they also carefully preserve their customs including traditional herbal remedies, *joik* folk songs, and reindeer husbandry.

We reach our northernmost port of call, **Mehamn**, in the evening. Fishing has always been the primary industry for the residents here. The months of February and March see them hang 300 tons of cod on outdoor wooden racks called *hjell*,

mainly destined for export as dried stockfish.

The ship now sets off for **Berlevåg** around dinner time. On our way, we pass the **Slettnes Lighthouse** located on Gamvik's shore. One of Norway's tallest lighthouses, it has the distinction of being the northernmost mainland lighthouse on Earth.

Berlevåg is protected from the crashing waves of the Barents Sea by four man-made breakwaters, enabling our ships to dock and deliver essential goods to the 1,000 residents who live here.

Where Norway Meets Russia

Kirkenes / Winter

We call at **Båtsfjord** and **Vardø** in the night, before docking at **Vadsø** early in the morning. Fleeing famine in the early 1800s, settlers from Finland moved to Vadsø which still has a strong Finnish heritage today.

In Vadsø, cast your eyes east of the ship's berth for a piece of polar exploration history. You'll see the 60-metre mooring mast for the **airship Norge** flown in 1926 by Roald Amundsen in his bid to reach the North Pole.

The area around Vadsø is one of the most scenic and popular **birdwatching** spots in the Arctic, lying directly under the

migration path of birds flying from east to west. Watch the skies for hooded crows and sea eagles. If you're visiting in early summer, you might even spot the rare Steller's eider duck.

We sail along **Varangerfjord** towards Kirkenes. It was here in the 1980s that local fishermen began hauling up strange-looking, enormous crustaceans in their nets – the now-famous local delicacy Red King Crab. The crabs had spread from Murmansk further along the coast, introduced into the wild by Russian researchers.

By the time we reach **Kirkenes** after breakfast, you'll have travelled further east than St. Petersburg and Istanbul. Located just a few miles from the Russian border, you'll find many Russian influences in Kirkenes; from road signs in both Norwegian and Russian, a monthly Russian market, and the **Russian Monument** commemorating how the Red Army liberated the area from Nazi occupation in 1944.

At the **Varanger Museum**, you can learn about the town's ordeal during WWII; bombed a total of 328 times in four years, making it the most bombed place

during the war after Malta. For more insights into this historic period, visit the **Andersgrotta** WWII Bomb Shelter which could house up to 2,500 people underground.

Kirkenes marks the turning point of our 12-day voyage. As the ship changes direction and heads south, several of the places we sailed to during the night we'll now see during the day.

We return to **Vardø** in the late afternoon. It is the only town in Norway actually situated in the Arctic climate zone. True enough, it gets very windy here, so much so that some locals

Day 7
Båtsfjord – Kirkenes –
Berlevåg
Northbound/Southbound

You've arrived at the eastern edge of Norway and its coastline. The nearest city from here is in Russia and you'll see many aspects of Russian culture appear.

claim that, in the old days, children carried rocks in their pockets to prevent themselves from being blown away!

You can visit the solemn **Witches' Monument** inscribed with the names of the 90 victims of the 'witches' trials in the 17th century. A ten-minute walk away, you'll find the star-shaped **Vardøhus Fortress**, built in 1737. The northernmost fortification of any kind, it remains a part of the military to this day.

We arrive back at the small, bustling port of **Båtsfjord** in the evening. If it's still light here, you might notice the stripes of different layers of strata in the sandstone cliffs.

The ship then makes for **Berlevåg** later tonight, crossing paths with the northbound ship. You might be able to make out **Mount Tanahorn** to the west, sacred to the Sámi. Or see **Kjølnes Lighthouse** blinking atop a cliff overlooking the Barents Sea.

From the top of Europe

The North Cape / Winter

We call at **Mehamn** and **Kjøllefjord** during the night before making an early morning stop at **Honningsvåg**.

On our way to **Havøysund**, we sail through the narrow **Magerøy Sound** along the east coast of Magerøya, home of the North Cape. Following winter, the ocean current here is too strong for the poorly nourished reindeer that need to cross every spring to their summer pastures on Magerøya. As a result, the Norwegian Army deploys landing craft to transport around 3,800 reindeer across the strait each year.

After docking briefly in **Havøysund**, we make an extended stop in **Hammerfest**, an urban surprise along a sparsely populated coast. The town defended its reputation as the northernmost town in the world for many years until the title passed to Longyearbyen in Norway's Svalbard archipelago.

Check out the UNESCO-listed **Meridian Column** in Hammerfest. It marks the northernmost measuring point of the Struve Geodetic Arc, a chain of survey triangulations for geographic meridians that established the exact size and shape of the planet. Plotted by

astronomer Friedrich Struve between 1816 and 1855, the arc stretches over 2,820 km through a total of 10 countries, from Hammerfest to the Black Sea.

Amble to the highly informative **Polar Bear Society** and stop by the lovely souvenir shop. For sweeping views over the whole area, take the zig-zag path behind the town to the viewpoint on **Mount Salen**.

We continue sailing south to **Øksfjord** to find a small but thriving community of around 500 people. Nearby, you might be able to glimpse one of Norway's top ten

largest glaciers, the mighty **Øksfjordjøkelen**, towering 1,204 metres above sea level.

The horn of our ship is a welcome sound in these parts. Like many of Norway's coastal towns and villages, Øksfjord is not easy to reach by road. On emerging out of the four kilometre-long dimly lit, narrow tunnel that leads here, one traveller described it as going from "hell to heaven in the blink of an eye".

Our next port of call is the picturesque settlement of **Skjervøy**, surrounded by mountain peaks. We've been docking at this vital fishing port

Day 8 Mehamn - Tromsø Southbound

Enjoy the natural beauty of Troms & Finnmark county's rugged coastline, explore the delightful town of Hammerfest, and bask in views of the Lyngen Alps.

Mehamn 71°N - Tromsø 69°N

since 1896. If you're visiting in winter, you might spot orcas and humpback whales that gather here to feed on herring. On our way to Tromsø, we'll pass by the entrance of stunning **Lyngenfjord**. If weather allows, you'll enjoy sweeping views of the **Lyngsalpene** mountains, where some of the highest peaks run all the way down to the shoreline.

We dock at **Tromsø** just before midnight. In the summer months, you can stroll around the still busy city in glorious 24-hour daylight. Tromsø has more restaurants and pubs per capita than any other Norwegian

town so perhaps you'll enjoy a local brew before we depart at 01:30 am.

If you're not too tired, we recommend staying on deck to experience the **Midnight Sun** over nearby **Fjellheisen Peak** in summer. During the rest of the year, depending on solar storm activity in the atmosphere and clear skies above, you might see the **Northern Lights** reflecting on the sea.

High Peaks and Idyllic Islands

Lofoten / Spring

We'll sail through the night from **Tromsø**, arriving at **Finnsnes** very early in the morning. A quick stop here and then it's on to **Harstad**, located on Hinnøya, the largest island of mainland Norway. Our popular "A Taste of Vesterålen" bus excursion departs from here, driving through beautiful scenery to Sortland.

As the third largest city in Northern Norway, Harstad's history is connected to herding fishing, the military, and in more recent times, oil. You should be able to spot the white walls of **Trondenes Church**, the world's northernmost medieval stone church, on the

peninsula to the north.

Next is **Risøyhamn** on the island of Andøya. At 200 inhabitants, it is our smallest port of call. Our founder Captain Richard With moved here in 1875, spending the next few years having sand dredged from the nearby **Risøyrenna** channel to expand it. Thanks to his efforts, our ships were later able to sail here to support the local villagers.

The ship now heads south to **Sortland** where the landscape slowly transforms from hills to steep 1,000-metre-high mountains rising up from the ocean.

Sortland is sometimes called "The Blue Town on the Sound" thanks to a local artist's idea to have many of the town's buildings painted shades of blue.

Stokmarknes on the north side of Hadseløya is where Captain Richard With first began The Coastal Express back in 1893. Take a short stroll from the port to **Hurtigrutemuseet**, a ship-in-a-bottle building that chronicles our legacy, centred around retired ship MS Finnmarken.

On our way to Svolveær, we sail along **Raftsund** and pass **Raften** at around 4-4:30pm. Locals and any camping guests

here normally like to wave to us from shore. This is something that always makes our Captains and crew proud, and just goes to show how much our ships are appreciated.

Trollfjord is well worth a detour if weather allows. It's a breath-holding moment as the Captain skilfully manoeuvres the ship to enter the tiny, narrow fjord. The mountain walls will look so close you'll think you can reach out and brush them! To exit the fjord, the ship will rotate on the spot by 180 degrees, then sail back out. Remember to look out for **sea eagles** here too, after catching your breath.

Day 9
Tromsø - Stamsund
Southbound

The mountains and islands in the Vesterålen and Lofoten archipelagos probably represent the most stunning scenery the Norwegian coast has to offer.

Tromsø 69°N - Stamsund 68°N

We reach **Svolvær** in the evening. The huge mountain here is named the **Svolvær Goat** due to its supposed resemblance. See if you agree! There are plenty of restaurants to enjoy in this thriving town, including a few with views out over the harbour.

The ship will now sail for Stamsund. We pass the **Vágakallen** mountain range, where you might be able to admire the contrast between dramatic, dark mountains and bright green grasslands. You'll also see **Lofotveggen**, the Lofoten Wall of giant granite mountains that seem to guard

the entrance to these magnificent islands.

Leaving **Stamsund** late in the evening marks the end of this day. In summer, we'll have the **Midnight Sun** behind us, while autumn and winter might give us swirling **aurora borealis** above.

Sandnessjøen	11:45 - 12:15
Brønnøysund	15:00 - 17:25
Rørvik	21:00 - 21:30

EXCURSIONS

- UNESCO Vega Archipelago
- Visit the salmon
- Hike to Torghatten
- Visit Hildurs Urterarium

Brønnøysund / Torghatten / Summer

We sail south towards the glorious landscapes of the Helgeland Coast, passing skerries and small islands, interspersed with charming fishing villages. The ship calls at **Bodø** in the small hours of the morning and then **Ørnes** at 7am.

We then cross over the **Arctic Circle** just after breakfast. Join us on deck as we commemorate the moment with a fun tradition that's different to what we do on the northbound route – this time involving tasting cod liver oil. The Vikings were known to highly value this Vitamin D-rich tonic for its powers of healing, going so far as consuming cod

livers dipped in the oil. It'll just be a spoonful for you though!

We make a short stop at **Nesna** before sailing on to **Sandnessjøen**, gateway to the Helgeland Coast. To the west of Sandnessjøen, the **Dønnamannen Mountain** towers above the islands. To the east, you'll see the modern design of the elegant **Helgeland Bridge** that crosses **Leirfjord**.

Our journey continues south past the island of **Herøy** to the west with its five bridges and medieval cathedral. Be sure to spend some time looking east on deck to admire the stunning

A Landscape of Trolls

landscape of the **Seven Sisters mountain range**, with peaks up to 1,100m high. Legend has it that the seven beautiful troll princesses of King Sulis, fleeing from unwanted suitor Vågekallen, got caught out as the sun rose, turning them into the seven beautiful mountains you see today.

You'll not want to miss views of **Torghatten Mountain**, with the distinctive hole in it, on Hestmann Island to the east. According to a Norwegian folk tale, Torghatten was formed when the troll Hestmannen, spurned by a young woman Lekamøya, shot an arrow at her.

The Troll-King of Sømna threw his hat between them to protect her. At that moment, dawn turned everything to stone, leaving behind the former hat as a mountain with an arrow-hole through its centre.

We reach **Brønnøysund** mid-afternoon. You'll have two and a half hours to explore this pretty coastal town, rich in maritime history. The town's name comes from the Old Norse word "brunney" or "brunnur", meaning a "well" – indicating seafarers of yore knew they'd find fresh water here.

Explore the bustling marina on a

walk along **Havnegata**. Venture into one of the local pubs or enjoy a delicious snack at one of the charming cafés. In the centre of town is **Brønnøy Church**: a stone church in the Neo-Gothic style dating back to 1870.

Along the next stretch, we pass through **Bindalfjord** and **Tosenfjord**, which mark the centre point of the Norwegian coastline. To the west, you can spot **Leka**, with its red mountains dating back 500 million years.

Our last stop of the day is the cosy fishing port of **Rørvik**

in the picturesque Vikna archipelago. The town hosts a **Cod Festival** every March to celebrate the return of *skrei* to the area from the Barents Sea. Stroll around the coastal museum **Norveg**, an architectural landmark and maybe enjoy cod cakes and *Vikna-suppe*, a local twist on traditional fish soup.

Ålesund	00:30

EXCURSIONS

- Trondheim with Nidaros Cathedral
- The hidden rooms of Nidaros Cathedral
- The Atlantic Road
- Bergtatt - magnificent marble mine

Kristiansund / Winter

See **Trondheim** in the early morning as the city slowly wakes up from its slumber. Stroll around its narrow alleys and streets, many dating back to the Middle Ages.

Visit landmarks such as the **Nidaros Cathedral** and the **Gamle Bybro** "Portal of Happiness" bridge over **Nid River**. Treat yourself to quality coffee and a Nordic patisserie in one of the Baklandet district's many chic cafés. Work off the cake with a walk up to **Kristiansten Fort** and be rewarded with great photo opportunities of Norway's third largest city.

As the ship leaves Trondheim, we'll pass the tiny island of **Munkholmen**, the site of a former fort, prison, execution site, and German submarine base during WWII. Thankfully, the island now serves as a popular recreational area, with a lovely beach and restaurant.

After retracing our path up the majestic **Trondheimsfjord**, we'll enter the channel which separates the marshy island of **Hitra** from the mainland. Coined the "Island of Deer", Hitra has the densest population of deer in Northern Europe.

Coastal Communities & *Klippfisk*

© BENJAMIN ZOCHOLL/HURTIGRUTEN

Just north of **Hitra** is **Smøla**, a flat, scenic island whose name is thought to mean “crumble”. This supposedly is in reference to the thousands of small islands and islets scattered around the main island, with at least one for each one of its 2,400 inhabitants. The area is home to the world’s largest population of White-tailed Sea Eagles. See if you luck out as you sweep the skies for these massive birds of prey from the ship’s observation deck.

Hidden within the Smøla archipelago is the historically significant island of **Edøya**. A 17-metre Viking burial ship was located near the old **Edøy**

Church using radar technology in 2019. You might make out the old stone church, dated 1190, as we sail past the island.

Next, we encounter the magnificent mountain peaks of **Tustna**, rising some 900 metres above sea level. Soon, the island of **Grip** and its lighthouse come into view. A little over 100 people live in the clusters of houses built around the small 15th century stave church here.

We dock at **Kristiansund’s** harbour late afternoon for an hour. This is a town spread over three islands. While its history

as Norway’s “Bacalao Capital” is to do with drying and salting cod on the surrounding cliffs, it’s now also a base for North Sea oil workers and a place where boats are built and repaired.

Take a walk around the cobblestone streets of the **old town on Innladet island**, and tour the lively port flanked by colourful houses and salted cod or *klippfisk* wharves. If you have time, it’s an easy walk to the **Varden** viewpoint, where an old watchtower gives breathtaking 360-degree views of Kristiansund and its neighbouring islands.

As we cross the open sea to **Molde**, you will spot the steep, pointed peaks of the lofty **Romsdal Alps** and a panorama of 222 peaks. Molde has a reputation as “**The City of Roses**” and if you’re sailing with us between mid-June and late August, the flowers should be in bloom, decorating streets and houses in the late evening sun.

An Unforgettable Ending

Bergen / Bryggen / Winter / UNESCO World Heritage Site

Later today, our journey together, at least this time, reaches its end. During the night, we'll call at **Ålesund** and **Torvik**. On our approach to **Måløy**, you might catch a glimpse of the northbound Coastal Express if you're up early.

The Norwegian coast never runs out of breathtaking scenery, and even on the last stretch of your voyage, there's still plenty of beauty waiting to be admired. You'll have a chance to glimpse **Nordfjord**, under the enormous **Jostedal Glacier**, mainland Europe's largest. From here, the fjord widens to the

east, reaching 90 kilometres inland to Loen and Olden.

We'll pass the islands of **Gangsoya** and **Risøya** as we cross over into the Bremanger municipality. The ship then takes you into **Skatestraumen**, a narrow strait with rapid tidal currents that have made it a productive fishing spot since the Stone Age.

The ship docks at **Florø** in the morning at around 7:45 where you can stretch your legs for half an hour, taking in the harbour and marina. Drop by the local bakery for a morning snack and buy some cake to bring back

to the ship with you.

This western town was built largely on the herring trade. The waters around the town have been a herring spawning area for possibly thousands of years. Although inconsistent, some periods saw extremely large herring catches, including a record 12.3 million hectares of herring in 1956.

It's time to make our way to Bergen, our last stop. Leaving **Florø**, you'll spot **Stabben Lighthouse**. This sturdy, isolated lighthouse, built on a slippery, solitary skerry in the middle of the shipping lane, is a favourite subject for

photographers whatever the sea conditions.

On our way to Bergen, we still have some nautical miles of memorable scenery to take in. Enjoy stunning views as we cross the mouth of the mighty **Sognefjord**, "King of the Fjords". This is both the longest and widest fjord in the whole of Norway, stretching 205 kilometres inland and reaching a maximum depth of 1,308 metres.

As we reach our final port in the afternoon, the ship will navigate through more islands and skerries, and sail down

Day 12
Ålesund - Bergen
Southbound

Your journey is soon coming to its finale in Bergen, but there's still plenty to see beforehand, including islands and fjords, each with their own stories to tell.

Ålesund 62°N - Bergen 60°N

Hjeltefjord. Take your last few photos, say goodbye to the crew and your fellow passengers, and enjoy your last meal aboard the ship.

After disembarking at the terminal in **Bergen**, you're free to make your way back home or go on exploring more of Norway. As Norway's second-largest city, Bergen has plenty to offer, so why not spend some more time here before heading home. Stroll through the stalls at the Fish Market and pick out handcrafted souvenirs for your loved ones over at the **Bryggen quarter**.

Although the journey is over, the new memories you've made with us will stay with you long after you've left the ship. Even when you do return home, you likely won't be able to stop thinking about all you experienced on "The World's Most Beautiful Voyage".

Bergen

Norway in a Nutshell

Travel by bus, train, and ferry through some of Norway's most magnificent scenery. This popular one-day adventure features journeys on Bergen Railway, a cruise on the UNESCO-listed Nærøfjord, and a panoramic mountain tour aboard Flåm Railway which takes you to the famous Kjosfossen waterfall.

Start/end: Bergen Railway Station, daily at 7am

Duration: Approx. 9–14 hours

Available: 01.04.2022 – 31.05.2023

Price: From £229 per person

Bergen

Sognefjord in a Nutshell

Beginning and ending in Bergen, this round trip combines a beautiful boat trip on Sognefjord with a scenic train journey on Flåm Railway. Referred to as "The King of Fjords" by locals, Sognefjord is Norway's longest and deepest fjord, stretching inland by 200 kilometres to the base of the mighty Jotunheimen Mountains.

Start/end: Strandkai terminalen (near Bergen fish market), daily at 8am

Duration: Approx. 10–14 hours

Available: 01.04.2022 – 30.09.2022, 01.04.2023 – 31.05.2023

Price: From £248 per person

Bergen

Fjord Cruise to Mostraumen

This spectacular tour, on a comfortable, modern boat with a sundeck and kiosk, takes you deep inside Osterfjord, and up into the region of Modalen. Along the way, the fjord narrows in between steep mountains at Mostraumen Strait, making for many picture-perfect photo opportunities.

Start/end: Zachariasbryggen, (Bergen fish market), daily at 10am

Duration: Approx. 3 hrs

MS Nordkapp

The ship is named after the iconic North Cape, the northernmost point on mainland Europe, accessible via the port of Honningsvåg which we stop at. Christened by Queen Sonja of Norway, MS Nordkapp briefly embarked on our expeditions to the Baltic Sea, Chile, and even Antarctica, before returning to the coastal route full time since 2007.

Terms and Conditions

1. YOUR CONTRACT

These Booking Terms and Conditions together with our privacy policy, the information contained in your brochure and any other written information that we brought to your attention before we confirmed your booking, form the basis of your contract with Hurtigruten Ltd whose registered office is at Bedford House, 69-79 Fulham High Street, London, SW6 3JW (Company No: 02865967), a company wholly owned by Hurtigruten AS.

When you book an air package holiday or sailing with us the contract between us will exist as soon as you or your travel agent asks us to confirm your booking. We then become responsible to provide you with the voyage arrangements or air package holiday you have booked and you become responsible to pay for them, in each case subject to these terms and conditions. You will also become responsible to pay for any additional arrangements made by us on your behalf including International Flights not included in any air package, optional excursions, travel insurance or other arrangements requested by you and booked.

When you make a booking you guarantee you have the authority to accept and do accept on behalf of your party the terms of these booking conditions and accept responsibility for making all payments to us for all members of the party. We are unable to accept provisional or conditional bookings. We will send all documents and other information to you and you will be responsible for ensuring that all other members of the party are kept fully informed.

A confirmation invoice which you should check as soon as you receive it will be sent on receipt of your deposit. If you wish to change or cancel any arrangements later you may have to pay an amendment or cancellation charge and additional costs (see clauses 6 and 7 below) which may be as much as the whole of the original price of your arrangements. Only one invoice and one set of documents will be issued. No verbal amendments may be made by either party to these written booking conditions; any change must be in writing signed by the Chief Executive of Hurtigruten AS.

If your confirmed arrangements include a flight, we (or if you booked via an authorised agent of ours, that agent) will issue you with an ATOL Certificate and a confirmation. Upon receipt, if you believe that any details on the ATOL Certificate or confirmation or any other document are wrong you must advise us immediately.

If you book your holiday through a travel agent all communication must be through that agent. Please quote your booking reference number in all communications.

You are responsible for complying with any visa or other entry requirements for you or any of your party who are not full European Union Passport Holders.

2. YOUR FINANCIAL PROTECTION

We provide financial security for flight inclusive Packages and ATOL protected flights. We do this by way of a Escrow held in favour of the Civil

Aviation Authority (www.caa.co.uk; 45-59 Kingsway, London WC2B 6TE) under ATOL number 3584.

When you buy an ATOL protected flight or flight inclusive holiday from us you will receive an ATOL Certificate. This lists what is financially protected, where you can get information on what this means for you and who to contact if things go wrong. For further information, visit the ATOL website at www.atol.org.uk. The price of our flight inclusive Arrangements includes the amount of £2.50 per person as part of the ATOL Protection Contribution (APC) we pay to the CAA. This charge is included in our advertised prices. Not all holiday or travel services offered and sold by us will be protected by the ATOL Scheme. ATOL protection extends primarily to Customers who book and pay in the United Kingdom.

We, or the suppliers identified on your ATOL Certificate, will provide you with the services listed on the ATOL Certificate (or a suitable alternative). In some cases, where neither we nor the supplier are able to do so for reasons of insolvency, an alternative ATOL holder may provide you with the services you have bought (at no extra cost to you). You agree to accept that in those circumstances the alternative ATOL holder will perform those obligations and you agree to pay any money outstanding to be paid by you under your contract to that alternative ATOL holder. However, you also agree that in some cases it will not be possible to appoint an alternative ATOL holder, in which case you will be entitled to make a claim under the ATOL Scheme (or your credit card issuer where applicable).

If we, or the suppliers identified on your ATOL certificate, are unable to provide the services listed (or a suitable alternative, through an alternative ATOL holder or otherwise) for reasons of insolvency, the Trustees of the Air Travel Trust may make a payment to (or confer a benefit on) you under the ATOL scheme. You agree that in return for such a payment or benefit you assign absolutely to those Trustees any claims which you have or may have arising out of or relating to the non-provision of the services, including any claim against us, the travel agent (or your credit card issuer where applicable). You also agree that any such claims may be re-assigned to another body, if that other body has paid sums you have claimed under the ATOL scheme.

We provide financial security for holidays not including flights by way of a Escrow held with ABTA (www.abta.com; 30 Park Street, London SE1 9EQ).

If you book Arrangements other than an ATOL protected flight or Package from us, your monies will not be financially protected. Please ask us for further details.

3. PAYMENT

Once you have asked us to confirm your booking the total price of the arrangements you have booked is due and is payable as follows:

(i) If you book more than 60 days (90 days for Expedition voyages) before your scheduled departure date a non-refundable deposit of 20%. The balance is due 60 days before your scheduled departure date. (90 days for Expedition voyages). No second

invoice will be sent. Travel documents will be issued 7 to 14 days prior to departure.

(ii) If you book less than 60 days (90 days for Expedition - Wherever it says explorer, please change to Expedition voyages) before your scheduled departure date the full price is payable when you book.

Our preferred method of deposit payment is by bank debit card or credit card. Balance payment may be made by cash, bank debit card, credit card or cheque (providing there is time to clear it to meet the payment schedule shown above – you should allow 5 working days for clearance from the time we receive it).

Online Bookings

Bookings made online that cost less than £800 or made within 60 days (90 days for Expedition voyages) of departure require full payment at the time of booking and no refund is made if cancelled.

Your booking may be cancelled if we do not receive payment by the due date (we will not normally send reminders) and cancellation charges as set out under 'If You Cancel' (see below) will be payable by you.

4. FITNESS TO TRAVEL ON THE SHIP, PREGNANCY, DISABILITY OR REDUCED MOBILITY, MEDICAL/ MOBILITY EQUIPMENT

In order to ensure that the Carrier is able to carry passengers safely and in accordance with applicable safety requirements established by international, EU or national law or in order to meet safety requirements established by competent authorities including the ships flag state every Passenger warrants that he/she is fit to travel by sea and that his/her conduct or condition will not impair the safety of the ship or inconvenience the other passengers. We reserve the right to require any Passenger to produce medical evidence of fitness to travel in order to assess whether that Passenger can be carried safely in accordance with applicable international, EU or national law. If we consider it necessary, we are entitled to administer a health questionnaire prior to boarding.

If it appears to us, the Master or the Company's nominated medical representative that a Passenger is for any reason unfit to travel, likely to endanger safety, or likely to be refused permission to land at any port, or likely to render the Carrier liable for Passenger maintenance, support or repatriation, then the Carrier or the Master shall have the right to take any of the following courses:

(i) Refuse to embark the Passenger at any port;

(ii) Disembark the Passenger at any port;

(iii) Transfer the Passenger to another berth or cabin;

(iv) If the Company's nominated medical representative considers it advisable, to place or confine him/her or to transfer the Passenger to a health facility at any port, at the Passenger's expense;

(v) To administer first aid and administer any drug, medicine or

other substance or to admit and/or confine the Passenger to a hospital or other similar institution at any port provided that the ship's nominated medical representative and/or Master considers that any such steps are necessary.

Where a Passenger is refused embarkation as a result of safety and/or fitness to travel, neither we nor the carrier shall be liable for any loss or expense occasioned to the passenger thereby, nor shall the passenger be entitled to any compensation from the Carrier.

Passengers who need assistance and/or have special requests or need special facilities or equipment with regard to accommodation, seating or services required or need to bring medical equipment must notify us at the time of booking. If there are any particular conditions, disabled or reduced mobility which require personal care or supervision then such personal care or supervision must be organised by the passenger and at the passenger's expense. Those passengers confined to wheelchairs must furnish their own standard size foldable wheelchairs but needn't be accompanied by a travelling companion. Unless we and or the Carrier agree otherwise and in writing Passengers are limited to bringing 2 items of such mobility or medical equipment on board per cabin with a total value not exceeding £2,200. All equipment must be capable of being carried safely and must be declared before the sailing. The Carrier may decline to carry such equipment where it is not safe to do so or where it has not been notified in time to enable a risk assessment to be carried out.

Pregnant women are highly recommended to seek medical advice prior to travel at any stage of their pregnancy. Women who are up to 23 weeks pregnant at the end of the cruise are required to produce a medical certificate of fitness to travel. The Carrier cannot for safety reasons carry pregnant passengers of 24 weeks or more by the end of the cruise.

5. A - PRICES

All Voyage prices shown in this brochure are in pounds sterling and are per person based on full occupancy of the cabin accommodation unless otherwise stated.

Single/Sole occupancy of cabins with more than one berth is at our discretion as single/sole use of multiple berth cabins will be limited. We reserve the right to change any of the prices quoted in this brochure although there will be no change within 30 days of your departure date. You will be advised of the current price of the voyage or air package holiday you wish to book before your contract is confirmed. The price of your confirmed holidays is subject at all times to variations in:

(i) the price of transportation resulting from the cost of fuel or other power sources;

(ii) the level of taxes or fees applicable to the holiday imposed by third parties not directly involved in the performance of your holiday, including tourist taxes, landing taxes or embarkation or disembarkation fees at ports and airports; or

(iii) the exchange rates relevant to your package.

You will be charged for the amount of any increase in accordance with this clause and, where this is necessary, we will notify you of the relevant adjustments by issuing a new invoice. However, if this means that you have to pay an increase of more than 8% of the total price of your confirmed holiday (excluding any amendment charges and/or additional services or travel arrangements), you will have the option of accepting the price increase and paying the requested amount, accepting a change to another holiday if we are able to offer one (if this is of equivalent or higher quality you will not have to pay more but if it is of lower quality you will be refunded the difference in price), or cancelling and receiving a full refund of all monies paid to us, except for any amendment charges and/or additional services or travel arrangements not forming part of your package. Should you decide to cancel for this reason, you must exercise your right to do so within 14 days from the issue date on your new invoice.

Should the price of your voyage or air package holiday go down due to changes above then any refund due will be paid to you, less an administration fee of £60. Please note that travel arrangements are not always purchased in local currency and some apparent changes have no impact on the price of your travel due to contractual or other protection in place.

There will be no change made to the price of your confirmed holiday within 20 days of your departure nor will refunds be paid during this period.

5. B - VOYAGE AND AIR PACKAGE HOLIDAY

Prices Do Not Include:

- Travel Insurance • Luggage Handling
- International Flights except where included in the Air Package Holiday Price • Optional Excursions • Gratuities

Optional Excursions booked before you travel or local excursions or other activities that you may choose to book and pay for whilst on holiday are not part of your voyage or air package holiday arrangements provided by us nor are we agents for the provider of the service. For any excursion or other activity you book before departure or with which you are assisted in arranging whilst on holiday, your contract will solely be with the supplier of the excursion or activity and not with Hurtigruten. We are not responsible for the provision of your excursion or activity or for anything that happens during the course of its provision by the supplier.

6. IF YOU CHANGE OR TRANSFER YOUR BOOKING

If you wish to change your travel arrangements after they have been confirmed we will do our utmost to help but it may not always be possible. Any request for changes to be made must be in writing by the person who made the booking or your travel agent. You will be asked to pay an administration charge of £60 per person and any further cost we incur in making this alteration. NB: most airlines will charge a fee for ticket changes. Costs may increase the closer to the departure date that

changes are made. For example, the transfer within 60 days of departure of arrangements involving a scheduled flight will mean the cancellation and re-booking of this flight and a significant additional charge.

If you change the number of people in your party, the price of the arrangements will be recalculated for the new party size e.g. this may mean that accommodation is under-occupied and each member of the party may have to pay an increased price.

Any increase in price caused by changes you have requested is not a cancellation charge even though it may arise because a member of your party has cancelled. Any change by you to your confirmed arrangements after departure is in all cases subject to availability and any relevant costs.

Transfer of Booking: If any member of your party is prevented from travelling, that person(s) may transfer their place to someone else, subject to the following conditions:

- that person is introduced by you and satisfies all the conditions applicable to the Arrangements;
- we are notified no less than 7 days before departure;
- you pay any outstanding balance payment, an administration fee of £100 per person as well as any additional fees, charges or other costs arising from the transfer; and
- the transferee agrees to these booking conditions and all other requirements applicable to the holiday booking.

You and the transferee remain jointly and severally liable for payment of all sums.

If you are unable to find a replacement, cancellation charges as set out will apply in order to cover our estimated costs. Otherwise, no refunds will be given for passengers not travelling or for unused services.

7. IF YOU CANCEL

You, or any member of your party, may cancel your travel arrangements at any time. Written confirmation from the person who made the booking or your travel agent must be received by us via email or our offices. For postal cancellations, we recommend recorded delivery. Cancellation takes effect the day we receive your letter or email. Since we incur costs in relation to your arrangements from the time we confirm your booking you will have to pay the applicable cancellation charges as shown in the table below (which also applies if we cancel because you have failed to make payments on time - see 'Payment' section) together with the cost of any air fare for which we have had to pay at the time of the booking and will be payable immediately on cancellation.

Less than 14 days	100%

If you have to cancel for a reason covered by your travel insurance you may be able to reclaim the cancellation charges, less applicable excess. Insurance premiums are not refundable.

8. IF YOU CANCEL DUE TO FORCE MAJEURE

You have the right to cancel your confirmed holiday before departure without paying a cancellation charge in the event of unavoidable and extraordinary circumstances occurring at your holiday destination or its immediate vicinity and significantly affecting the performance of the holiday or which significantly affects transport arrangements to the destination. In these circumstances, we shall provide you with a full refund of the monies you have paid but we will not be liable to pay you any compensation. Please see clause 10 for more information on Force Majeure.

9. IF WE CHANGE OR CANCEL YOUR BOOKING

We reserve the right to change any of the details, and correct any errors in this brochure or invoices at any time. If changes are made before you have made your booking we will advise you before we confirm your arrangements.

We reserve the right in any circumstances to cancel your travel arrangements (for example if a minimum number of participants for a particular travel arrangements not reached, we may have to cancel it) and to change airline, aircraft types, vessels and itineraries without liability for any subsequent loss. Even after we have confirmed your booking we may have to cancel or make alterations to your booking but we will not cancel your travel arrangements less than 60 days before your departure except for reasons of force majeure or failure by you to pay the final balance in full. Most alterations will be minor and while we will do our best to notify you or your travel agent of any changes as soon as reasonably possible if there is time before your departure, we will have no other liability to you.

Occasionally we may have to make a significant change ("Significant Change") to your confirmed arrangements. Significant Changes include the following:

Change of UK departure airport. Note: A change from one London airport to another is not considered a Significant Change. London airports are Heathrow, Gatwick, Stansted, Luton and London City. Change of your time of departure or return by more than 12 hours.

Change of your flight from a day flight to a night flight if this also includes a change to your departure time of 3 hours or more.[†]

Change of resort.

Change of holiday accommodation to accommodation of a lower official rating.

[†] For the purposes of the contract night flights are those which depart from the UK between 2200 and 0600 hours or arrive in the UK between 2400 and 0600 hours.

If we have to make a Significant Change we will notify you as soon as possible and you may either:

(a) accept the Significant Change and the contract between us will then be varied to incorporate the change; or

(b) take alternative arrangements altogether (subject to availability). If the alternative arrangements selected are a lower price than those originally confirmed the difference will (if already paid) be refunded to you; or

(c) withdraw from the booking completely in which case we will, as soon as possible, refund all money paid to us.

You must inform us of your decision as soon as reasonably possible and not later than 7 days of being informed of the alteration. If you choose (a) or (b) above, you will receive as compensation a credit towards the cost of your arrangements, or any alternative selected, as per the amount shown in Scale A below. If you choose (c) we will pay you compensation shown in Scale B below. In all cases we will have no liability for any other or greater compensation or for expenses or losses incurred.

Period before Credit/ Compensation departure date per fare paying notification passenger given by us (excluding infants)*

	Scale A	Scale B
0-7 days	£50	£25
8-14 days	£40	£20
15-28 days	£30	£15
29-42 days	£20	£0
43-59 days	£10	£5

*The compensation shown above applies to full fare paying adults only. Children or others travelling at concessionary rates will receive compensation pro rata based on the concessionary price against the full adult price as shown on the confirmation.

IMPORTANT NOTE: We will not pay you compensation in the following circumstances:

where we make a change that is not a Significant Change;

where we make a Significant Change or cancel your arrangements more than 60 days before departure;

where we have to cancel your arrangements as a result of your failure to make full payment on time;

where the change or cancellation by us arises out of alterations to the confirmed booking requested by you;

where we are forced to cancel or change your arrangements due to Force Majeure (see clause 10).

Please note: where arrangements with a higher price than the original arrangements are offered by us and accepted by you, the difference in price will be deducted from any compensation payable. In no case will we pay compensation if the arrangements offered by us and accepted by you are of a higher price than those originally booked by you and in the same location where no additional payment is made by you.

If we become unable to provide a significant proportion of the arrangements that you have booked with us after you have departed, we will make alternative arrangements for you at no extra charge and, if

Terms and Conditions

appropriate in all the circumstances, will pay you reasonable compensation.

A flight or ship delay does not constitute a change to holiday arrangements.

10. FORCE MAJEURE

Except where otherwise expressly stated in these Booking Conditions we are unable to accept liability or pay compensation where the performance or prompt performance of our contractual obligation is prevented or affected by reason of circumstances amounting to 'force majeure' i.e. any event which we or the supplier(s) of the service(s) could not, even with due care foresee or avoid. Such events may include, but are not limited to, war, threat of war or civil commotions, riots, terrorist activity, industrial dispute, natural or nuclear disaster, adverse weather, fire, flood, drought, government action, airport and port regulations and closures, technical transportation problems, maintenance to vessels, scheduling of transport and similar events outside our control.

A flight or ship delay does not constitute a change to holiday arrangements.

11. COMPLAINT PROCEDURE

If there is a problem during your holiday, you must report it on board immediately or to the relevant airline, ground handler, hotelier or other supplier, so that prompt efforts can be made to resolve the problem. In the unlikely event that a problem cannot be resolved at the time and you wish to complain, you must send us full written details within 28 days of your return.

Failure to take either or both of these steps will prejudice our ability to resolve your problem and / or investigate it fully. In consequence, any right to compensation you may have will be extinguished or, at the very least, substantially reduced.

Where the port of embarkation for your sailing is in the EU then any complaints relating to EU Regulation 1177/2010 on Passenger Rights when travelling by Sea and Inland waterways must be made to us in writing no later than 2 months after return from travel or the date on which the service complained of was performed. We will provide a final reply within 2 months. You must supply full details to enable us to deal with your complaint.

Please note that we offer an Alternative Dispute Resolution service through our ABTA membership. Please see clause 12 for further details. You can also access the European Commission Online Dispute (ODR) Resolution platform at <http://ec.europa.eu/consumers/odr/>. This ODR platform is a means of registering your complaint with us; it will not determine how your complaint should be resolved.

12. ABTA

We are a Member of ABTA, membership number V7545. We are obliged to maintain a high standard of service to you by ABTA's Code of Conduct. We can also offer you ABTA's scheme for the resolution of disputes which is approved by the Chartered Trading Standards Institute. If we can't resolve your complaint, go to www.abta.com to

use ABTA's simple procedure. Further information on the Code and ABTA's assistance in resolving disputes can be found on www.abta.com.

13. OUR LIABILITY TO YOU

(i) We will accept responsibility for those arrangements we agree to provide or arrange for you as an 'organiser' under the Package Travel, Package Holidays and Package Tours Regulations 1992 and the EU Directive 2015/2302 on Package Travel (and subsequent UK regulations) as set out below. Subject to these booking conditions, if we or our suppliers perform or arrange your contracted holiday arrangements negligently, taking into consideration all relevant factors, we will pay you reasonable compensation. The level of such compensation will be calculated taking into consideration all relevant factors such as but not limited to: following the complaints procedure as described in these conditions and the extent to which ours or our employees' or suppliers' negligence affected the overall enjoyment of your holiday. Please note that it is your responsibility to show that we or our supplier(s) have been negligent if you wish to make a claim against us.

(iii) Where death and or personal injury and or loss of or damage to property occurs during carriage by air or by sea then liability and the extent of damages recoverable will be dealt with by International Conventions as set out in paragraphs (v) and (vi) and not otherwise.

(iv) As set out in these booking conditions we limit the maximum amount we may have to pay you for any claims you may make against us which do not involve personal injury, illness or death. Except where loss of and/or damage to luggage or personal possessions is concerned if we are found liable to you on any basis the maximum amount we will have to pay you is twice the price (excluding insurance premiums and amendment charges) paid by or on behalf of the person(s) affected in total unless a lower limitation applies to your claim under clause 13 (vi) below.

(v) Where any claim or part of a claim (including those involving death or personal injury) concerns or is based on any travel arrangements (including the process of getting on and/or off the transport concerned) provided by any air, sea, rail or road carrier or any stay in a hotel, the maximum amount of compensation we will have to pay you will be limited. The most we will have to pay you for that claim or that part of a claim if we are found liable to you on any basis is the most the carrier or hotel keeper concerned would have to pay under the international convention or regulation which applies to the travel arrangements or hotel stay in question. (for example, the Warsaw Convention as amended or unamended and the Montreal Convention for international travel by air and/or for airlines with an operating licence granted by an EU country, the EC Regulation on Air Carrier Liability No 889/2002 for national and international travel by air, the Athens convention for international travel by sea).

Please note: Where a carrier or hotel would not be obliged to make any payment to you under the applicable International Convention

or Regulation in respect of a claim or part of a claim, we similarly are not obliged to make a payment to you for that claim or part of the claim. When making any payment, we are entitled to deduct any money which you have received or are entitled to receive from the transport provider or hotelier for the complaint or claim in question. Copies of the applicable International Conventions and Regulations are available from us on request. We do not have any liability to you by virtue of the Regulation 261/2004 which applies solely to the operating carrier. Any liability we may have to you under our contract with you, arising out of the same facts, is limited to the remedies provided under the Regulation as if (for this purpose only) we were a carrier; any sums you receive from the carrier will be deducted from any amount due from ourselves.

(vi) Travel by sea is governed by the provisions of the Convention Relating to the Carriage of Passengers and their Luggage by Sea 1974 as amended in 1976 ("The Athens Convention) and where applicable from 1 January 2013 EU Regulation 392/2009 relating to the Liability of carriers of passengers by sea in the event of accidents ("EU Regulation 392/2009). For the purposes of the Athens Convention and EU Regulation 392/2009 we are the Contracting Carrier.

The Athens Convention and EU Regulation 392/2009 limit the Carriers' liability for death or personal injury or loss or damage to luggage and makes special provision for valuables. It is presumed that luggage has been delivered to you undamaged unless written notice is given by us and/or the performing Carrier.

a) in the case of apparent damage, before or at the time of disembarkation or redelivery; or

b) in the case of damage which is not apparent or of loss, within 15 days from the date of disembarkation or redelivery or from the time when such redelivery should have taken place.

Damages for cabin luggage payable by the Carrier are limited up to the Athens Convention limit of 833 SDRs or 2250 SDRs if EU Regulation 392/2009 applies. Limits shall be reduced in proportion to any contributory negligence by the Client and by the maximum deductible specified in Article 8(4) of the Athens Convention or EU Regulation 392/2009.

In so far as we may be liable to a Client in respect of claims arising out of carriage by sea, we shall be entitled to all the rights, defences, immunities and limitations available, respectively, to the actual carrier and under the relevant Conventions and nothing in these Booking Conditions shall be deemed as a surrender thereof. To the extent that any provision in these Booking Conditions is made null and void by the Athens Convention or EU Regulation 392/2009 or any legislation compulsorily applicable or is otherwise unenforceable, it shall be void to that extent but not further.

Any liability in respect of death and personal injury and loss of and damage to luggage which we may incur to you shall always be subject to the limits of liability contained in the Athens Convention or EU

Regulation 392/2009 for death/ personal injury of 46,666 Special Drawing Rights (SDR) or 300,000 SDR under Athens Convention or 400,000 SDRs under EU Regulation 392/2009 except in the case of liability for war or terrorism 250,000 SDRs. We are not liable for valuables, monies or other securities including jewellery and watches. If they have been deposited with the reception desk on the ship for safe keeping and a receipt issued then in those limited circumstances the Carriers liability will be as set out in the Athens Convention or EU Regulation 392/2009. The use of safes on board a Vessel is not a deposit with the ship or with the company under the Athens Convention or EU Regulation 392/2009 or otherwise. The limits are 1200 SDRs pursuant to Athens or 3,375 SDRs pursuant to EU Regulation 392/2009.

(vii) Where there is any loss of or damage to property including luggage which is not covered by any international convention and where liability is not limited by reference to any enactment, terms of conditions, then any legal liability that we may have for any such losses or damage will not exceed £500 per guest.

(viii) You must provide ourselves and our insurers with all assistance we may reasonably require. You must also tell us and the supplier concerned about your claim or complaint as set out in clause 11 above. If asked to do so, you must transfer to us or our insurers any rights you have against the supplier or whoever else is responsible for your claim or complaint (if the person concerned is under 18, their parent or guardian must do so). You must also agree to cooperate fully with us and our insurers if we or our insurers want to enforce any rights which are transferred.

(ix) Please note, we cannot accept any liability for any damage, loss or expense or other sum(s) of any description: (a) which on the basis of the information given to us by you concerning your booking prior to our accepting it, we could not have foreseen you would suffer or incur if we breached our contract with you; or (b) relate to any business.

(x) We will not accept responsibility for services or facilities which do not form part of our agreement or where they are not advertised in our brochure. For example any excursion you book whilst away, or any service or facility which your hotel or any other supplier agrees to provide for you.

14. YOUR RESPONSIBILITIES AND INDEMNITY

When you book arrangements with us you accept responsibility for the proper conduct of yourself and your party. If your actions or omissions cause damage to any property in the provision of the contracted arrangements, or cause delay or diversion to any flight or other means of transportation, you agree to fully indemnify us against any claim (including professional fees and legal costs) made against us by or on behalf of the owner of such property or the operator of the flight or other means of transportation. The Captain of an aircraft or Master of a ship has authority over the aircraft/ship and passengers at all times when they are boarding or on board. There will be

no liability on our part, or that of any supplier, for any refund, compensation, or costs thus incurred. Additionally, we will have the right to recover full costs resulting from the incident from the passenger.

At any port or place we may refuse to embark or may disembark any passenger who, in the opinion of the ship's authorized personnel, might be excluded from landing at further destinations by local authorities or who may be suffering from any contagious or infectious disease, or whose presence may be detrimental to the wellbeing of passengers or crew. In cases of quarantine of the ship, or individual passengers (passengers may be required to remain in their cabin or as instructed by authorised personnel on board if they or any other occupant of the accommodation presents any symptoms or may be considered to put other passengers at risk) we will not be liable for expenses thus caused and in such cases as above there will be no entitlement to any refund or compensation and we will have no liability for costs incurred as a result.

Your specific passport and visa and health requirements and other immigration requirements are your responsibility and you should confirm these with the relevant Embassies and/or Consulates. We do not accept responsibility if you cannot travel because you have not complied with the latest requirements. If you have made independent travel arrangements you accept responsibility for joining the ship in good time, regardless of any change to the sailing time or date, or to the itinerary. We are not able to refund monies paid to us, or any third party acting on our or your behalf, or make compensation or other payments where, for whatever reason, you fail to join the ship. Passengers going ashore are responsible for re-boarding the ship prior to departure from port.

We reserve the right to substitute another vessel for the scheduled vessel whether or not owned or operated by Hurtigruten. Any part of the travel arrangements and the voyage is subject to cancellation, delay, modification, or island/mainland visit cancellation for any reason, including medical disembarkation of crew or passengers or any other circumstances beyond our or our suppliers' control. You therefore acknowledge and agree that the scheduled itinerary for the voyage and the announced departure and arrival times are not guaranteed and we shall not be liable to passengers for any damages or other claims in the event of any delay, changes in itinerary or inability to perform services by reason of any event or events beyond our or our suppliers' control.

15. INSURANCE

It is a condition of the contract with that every member of the booking has travel insurance in force for the entire duration of the booking, covering at least the cancellation of the booking and providing medical cover for illness or injury and repatriation while overseas. Please provide us with the name of your insurer, together with their 24-hour emergency number when you book or as soon as possible.

16. TIMINGS, DELAYS & OTHER TRAVEL INFORMATION

Timings are estimates only and cannot be guaranteed, even if shown on tickets. They may be changed due to regulatory authority requirements, weather conditions, maintenance or technical reasons, and the ability of passengers to check in and board on time. Sometimes delays cannot be avoided but in such situations, in conjunction with our local agents or representatives, we will try to ensure your comfort during the course of any delay.

Where the port of embarkation is in the EU and the company reasonably expects the departure of a cruise to be delayed for more than 90 minutes beyond its scheduled departure time, passengers departing from port terminal shall be offered free of charge snacks, meals or refreshments as are appropriate given the waiting time, provided they are available and can reasonably be supplied. If the delay in departure necessitates a stay of one or more nights or a stay additional to that intended by the passenger where and when physically possible the Company shall, subject to the Package Travel Regulations 1992 and the EU Directive 2015/2302 on Package Travel (and subsequent UK regulations, offer passengers departing from port terminals free of charge adequate accommodation on board or ashore, and transport to and from the port terminal and place of accommodation in addition to the snacks, meals and refreshments previously referred to. The maximum amount that the company will pay for accommodation ashore and transport to and from the port terminal shall be equivalent to 80 Euros per person per night for a maximum of three nights. The company will not have an obligation to provide such accommodation ashore where the delay is caused by weather conditions endangering the safe operation of the ship.

Please note the existence of a "Community list" (available for inspection at https://ec.europa.eu/transport/modes/air/safety/air-ban_en) detailing air carriers that are subject to an operating ban with the EU Community.

17. PROMPT ASSISTANCE

If the contract we have with you is not performed or is improperly performed as a result of failures attributable to you or a third party unconnected with the provision of the arrangements, or as a result of failures due to unusual and extraordinary circumstances, and you suffer an injury or other material loss, we will offer you such prompt assistance as is appropriate in the circumstances. In particular, we will provide you with appropriate information on health services, local authorities and consular assistance, and with distance communications and finding alternative travel arrangements. Where you experience a delay which is not owing to any failure by us, our employees or sub-contractors, this prompt assistance is likely to extend to providing help in locating refreshments, accommodation and communications but not paying for them. Any airline or other transport supplier may however pay for or provide refreshments and/or appropriate accommodation and you should make a claim directly to them. Subject to the other terms of these conditions, we will not be liable for any costs, fees or charges you incur in the above circumstances, if you fail to obtain our prior authorisation before making your own travel arrangements.

18. VALIDITY OF TERMS AND CONDITIONS

These terms and conditions are valid from August 2021 and the details and prices may be superseded. Changes may occur after the date of release, and some hotel/ship facilities may become unavailable. While this website features photography and descriptions of local wildlife, there is no guarantee of sightings.

19. LAW AND JURISDICTION

Your contract shall be governed by English law and the jurisdiction of the English Courts. You may however choose the law and jurisdiction of Scotland or Northern Ireland if you wish to do so.

20. DATA PROTECTION

In order to process your booking and ensure your travel arrangements run smoothly and meet your requirements we, Hurtigruten Ltd, need to use the information you provide such as name, address, any special needs/dietary requirements etc. We take full responsibility for ensuring that proper security measures are in place to protect your information. We must pass the information on to the relevant suppliers of your travel arrangements such as airlines, ships, hotels, transport companies etc. The information may also be provided to security or credit checking companies,

public authorities such as customs/immigration if required by them, or as required by law.

Additionally, where your holiday is outside the European Economic Area (EEA), controls on data protection in your destination may not be as strong as the legal requirements in this country. We will not pass any information on to any person not responsible for part of your travel arrangements. This applies to any sensitive information that you give to us such as details of any disabilities, or dietary/religious requirements. (If we cannot pass this information to the relevant suppliers, whether in the EEA or not, we cannot provide your booking. In making this booking, you consent to this information being passed on to the relevant persons.) Please note that where information is also held by your travel agent, this is subject to your agent's own data protection policy. Hurtigruten is not responsible for the privacy practices of any other companies.

Please see our privacy policy for further information: <https://www.hurtigruten.co.uk/practical-information/statement-of-privacy/>

NORTHERN LIGHTS PROMISE TERMS AND CONDITIONS

What do we mean by a Northern Lights Occurrence? A Northern Lights Occurrence is defined as a sighting from the ship which has been recorded by the ship's deck officers and which has been announced to passengers on board. An occurrence can last anything from a few minutes to a matter of hours, and the ship's decision as to whether the Northern Lights occurred is final.

Subject to the following terms and conditions: Offer valid for UK and Ireland passengers only. You will be able to take a 6 or 7 days Classic Voyage, departing 1 October 2023 to 31 March 2024 in an unspecified inside twin cabin on a full board basis (you may upgrade to another grade of cabin subject to additional costs and availability). Our Northern Lights Promise is valid on all 12-day voyages departing between 1 October 2022 and 31 March 2023. The cruise must be booked within 28 days of your return date. A choice of departure dates will be given. Offer excludes flights, transfers, all on board expenses, excursions, luggage handling. Offer does not apply to rescheduled or cancelled cruises. Bookings made under this offer are non-transferable, non-changeable and have no cash value.

The air holidays in this brochure are **ATOL** protected by the Civil Aviation Authority. Our ATOL number is 3584. Please see booking conditions for more information. ATOL protection only applies to holidays that include international air travel, and therefore does not apply to all holiday and travel services shown in this brochure. Please ask us to confirm what protection may apply to your booking.

Hurtigruten is also a member of **ABTA**. UK & Ireland and is bonded accordingly. This ensures the protection of your monies, once paid to Hurtigruten, for all holidays contained in this brochure that are not ATOL protected, for example voyage only. It also covers your repatriation to the UK in the unlikely event of our insolvency.

CARBON FOOTPRINTS: In partnership with **CLIMATE CARE** (www.jpmorganclimatecare.com) we would also like to invite you to contribute a small amount per passenger, which will be used on projects designed to offset the emissions generated by your air travel.

ENVIRONMENTALLY CERTIFIED PAPER Our brochure is printed on paper certified by the **Forest Stewardship Council® (FSC®)**, sourced and produced following strict environmental standards.
