PENALTY—NON-EXHIBITION OF CATTLE.

In order to prevent the non-exhibition of animals which have been entered for the Show, thus causing unnecessary preparation, expense, and disarrangement of the Show Yard, any person making any entry will be subject to a fine of £1 for each entry of cattle not exhibited, unless a certificate under the hand of exhibitor or his authorised agent be lodged with the Secretary of the Society before the day of Exhibition, to the effect that such non-exhibition is caused either by (1) the death of the animal or animals; or (2) contagious or infectious disease (confirmed by the explanatory certificate of a veterinary surgeon); or (3) by its becoming ineligible for the class in which it has been entered, or other reasonable cause. The non-payment of such fines to debar all persons owing them from exhibiting at future exhibitions of the Society.

SPECIAL CATTLE REGULATIONS.

1. The age of Beef Cattle, and Fat Cattle to be the actual age up to and inclusive of 1st March, 1949, and Dairy Cattle up to and inclusive of 1st January, 1949. An animal born on or prior to 1st March, in the case of Beef Breeds, and 1st January, in the case of Dairy Breeds, of the preceding year, shall not be eligible for the under 12 months old class. A similar provision shall apply to the other age classes when calculating the age from date of birth up to and inclusive of the 1st March, and 1st January. Full particulars must be stated on the certificate of entry of age, breeding number, colour, pedigree, and herd book number, if fixed. In the case where no herd book number is fixed, proof of acceptance for herd book must be produced except where otherwise specified.
2. All adult animals must have been finally accepted for registration in a recognised herd book (Shorthorns, Poll Shorthorns, Herefords, and Poll Herefords are considered as distinct breeds; also see Fat Cattle Special Regulation No. 1 (c)) and a proof of registration must accompany all entries for the Show. All animals not of age for registration must be the progeny of registered sires and dams and definitely recorded in the calf register of the breed society represented; proof of foregoing must be supplied in every case.
3. The pedigree of all stock, excepting Fat Cattle, must be stated on the certificate of entry. This does not apply in the case of herd book foundation stock.
4. Exhibitors of Fat Cattle must state on the certificate of entry the name of the breeder, where fattened, and the food upon which the cattle have been kept during the 12 months previous to the Exhibition.
5. In Fat Cattle classes, unless otherwise stated, no animal will be eligible to enter in or compete if:—  
(a) In the case of an animal entered in a stall fed class it is over 2½ years; or  
(b) In the case of an animal entered in a pasture fed class it is over the age of 4 years, or has, or shows evidence of having had more than six teeth up as at judging day.
6. A Class in which the exhibit comprises one animal shall be a Single Class; a Class in which the exhibit comprises more than one animal shall be a Group Class.
7. All cows in the Stud Beef Classes three years old and over, in accordance with the Show Regulations, must be in calf or show signs of having been a breeder. As proof of the latter provision the calf must have been registered with a recognised Herd Book Society during the past 12 months.
8. The exhibitors of dry cows in breeding classes must supply, before judging, a certificate that the cow has calved at least nine months prior to the date of exhibition and has been at least six months in calf.
9. Any cow entered as dry, if in milk at the time of the competition, may compete as a wet cow, and vice versa. Cows entered in dry classes, which are in milk on the day of judging, must be milked out immediately prior to their entering the judging ring.
10. All cows entered in the Cow in Milk Classes will be milked dry at 4.30 p.m., Sunday, 10th April, when an inspection will be made. The exhibitor or his representative to be present when the cows are being stripped out. Any cow which, in the opinion of the Stewards, is carrying excessive milk shall be debarred from competition. # Stud Cattle Sales Reach Record Figures

## 360 Animals Bring 108,210 Gns. Averaging 301 Gns.

### Totals, Averages For All Breeds And Studs

Total sales at auction at this year's Stud Cattle Sales amounted to 360 animals for a total of 108,210 guineas, an average of 301 guineas.

This compared with a total of 329 animals sold for 82,213 gns. averaging 250 gns. last year and 284 animals sold for 46,635 gns. averaging 164 gns. in 1947.

Generally, the average figures show increases over those for last year, which were themselves an improvement on 1947, except for Hereford Females, and Devon Bulls and Females, which all show a very normal decrease. Red Poll Bulls show a decline, but the numbers offered and sold were too small to make a reasonable comparison with earlier sales.

The following tabulations show how the totals and averages were made up. It should be noted that animals sold after the fall of the hammer have not been included, and animals which have been re-sold at these sales by owners other than the actual breeders have not been included in stud averages but have been taken into consideration in total sales for their breed. Where averages were half a guinea or more, the next whole number above has been taken as the average.

12. No staining or colouring of horns or skin of any animal entered for the Show will be allowed.
13. Cattle (exhibits entered in Pasture Fed Classes excepted) which are not thoroughly tractable to lead will not be admitted to the ground.

15. Exhibitors in the Cattle Section will be allowed up to THREE entries in each Class, unless otherwise specified.
16. Judges to be instructed that all cases of doubtful age shall be referred by them to the Stewards before the awards are made.
17. The age of stud animals shall be governed by the certificate issued by the breed Society with which the animal is registered. In the Beef Cattle Section, the breed represented by the Champion Steer will lead the Parade each year. # STARS OF THE SHOW

## TUTT BRYANT EQUIPMENT

Showtime is with us again, and people from all walks of life and with varied interests are flocking to the exhibits. Each person is interested in one field more than the others, and it is at the best of this field that he looks. Attention is focussed on the Stars of the Show.

At their Stand, Tutt Bryant have grouped the Stars of the construction and industrial fields — machines which are the outstanding performers of their kind. They illustrate the wide range of equipment, designed by the world's leading manufacturers, which is being brought to Australia by the Tutt Bryant Organisation.

You can make the Tutt Bryant Stand your headquarters at the 1949 Royal Sydney Show . . . arrange to meet your friends there. It is centrally situated in Commemoration Avenue—Stand 152—opposite the Manufacturers' Hall and the Woodchop. It's easy to recognise by the display of giant "Stars of the Show."

# THORPES LTD.

Pioneers of prepared feeds for Cattle, Sheep, Pigs and Poultry for 36 years.

For over 30 years THORPES LTD. have been exhibiting at the "Royal" but for 1949 we will be absent.

Once the war was over we looked forward confidently to once more providing the wide range of feedstuffs for Cattle, Sheep and Pigs that we had provided in pre-war days.

Unfortunately, however, scarcity of material, labor and Railway transport has made it impossible for us to once again take up this branch of our Stock Feed business.

We look forward, however, with confidence in the future and against that day are carrying on constant trials and experimental work, particularly with Beef Cattle, Dairy Cattle and Calves.

The scope for improved methods of feeding in these fields is immense and the adoption of improved feeding practices can double and treble our Meat and Milk production while better methods of calf raising will prevent the enormous waste in this field that is now prevalent.

When materials are available we look forward to making available the right class of feeding-stuffs to enable stock owners to secure the maximum returns from their livestock.

**BECTIVE HEREFORD STUD**

BECTIVE DEFENSE

The Bective Hereford Stud was founded in 1929 with the purchase of females from Hobartville, Golf Hill, Ennisview and Mount Leonard and Glengarry dispersal sales. Since then the best sires sold in Sydney have been procured and used in the Stud with the result that the Stud is finding ready sale for both males and females that are offered, and has also figured prominently in the Show ring in Sydney and Brisbane and locally. The aim of the breeders is to produce soft early maturing well marked types of cattle with good heads, broad in the buttocks and standing square on their feet. Bective bulls meet with ready sale when offered, and universally purchasers' comments are very encouraging and pleasing to the breeders.

**PRIZES—£50.**

Presented by Harbottle Brown and Co. Pty., Ltd., 21 Lang-st., Sydney. Agents for "Glencor" Whisky.

**CONDITIONS.**

These competitions are for the purpose of educating and to encourage cattle exhibitors and attendants to parade exhibits before a Judge in the most efficient manner. Suitable attire of competitors and condition of animals, although highly desirable, shall not be the

deciding factor except in the case of equality of competitors.

There shall be two competitions, viz.:—

- (a) For exhibitors or their principal herdsman, and
- (b) For exhibitors' cattle attendants, other than the principal herdsman.

From each breed, during the judging of the cattle classes on Saturday Monday, and/or Tuesday, 9th, 11th and 12th April, three competitors may be selected for the purpose of competing against other breed competitors on Friday morning, 15th April, in the main Judging Ring opposite the Society's Office.

The competition shall commence as soon as the exhibits in each class enter the Judging Ring on Saturday, Monday, and/or Tuesday, 9th, 11th, and 12th April. The selected competitors from each breed shall be those who, in the opinion of the competition Judges, parade their animals in the most efficient manner. Account will be taken of difficulties which a competitor may have in controlling an exhibit.

A competitor shall not be placed at an advantage or disadvantage as a result of parading animals in a less or greater number of classes.

Each competitor shall be allotted an armband number which must be worn in each class, and in the final judging. The armband number shall be the only form of identification.

For the judging to take place on Friday, 15th April, each selected competitor shall parade an animal as though under actual judging conditions.

One Judge shall decide the prizes.

CONDITIONS.

These competitions are for the purpose of educating and to encourage cattle exhibitors and attendants to parade exhibits before a Judge in the most efficient manner. Suitable attire of competitors and condition of animals, although highly desirable, shall not be the deciding factor except in the case of equality of competitors.

There shall be two competitions, viz.:—

- For exhibitors or their principal herdsmen, and
- For exhibitors' cattle attendants, other than the principal herdsmen.

From each breed, during the judging of the cattle classes on Saturday and Monday, 9th and 11th April, three competitors may be selected for the purpose of competing against other breed competitors on Friday morning, 15th April, in the main Judging Ring opposite the Society's office.

The competition shall commence as soon as the exhibits in each class enter the Judging Ring on Saturday and Monday, 9th and 11th April. The selected competitors from each breed shall be those who, in the opinion of the competition judges, parade their animals in the most efficient manner. Account will be taken of difficulties which a competitor may have in controlling an exhibit.

A competitor shall not be placed at an advantage or disadvantage as a result of parading animals in a less or greater number of classes.

Each competitor shall be allotted an armband number which must be worn in each class, and in the final judging. The armband number shall be the only form of identification.

For the judging to take place on Friday, 15th April, each selected competitor shall parade an animal as though under actual judging conditions.

One judge shall decide the prizes.

CLASS 321—The "Glencor Whisky" Cattle Paraders' Competition—Restricted to exhibitors' or their principal herdsmen. First prize, £15; second prize, £7; third prize, £3.

2. 3. No exhibitor shall enter more than three exhibits in any one class.
4. Unless otherwise stated no animal will be eligible to enter in or to compete in any class if:—  
(a) In the case of an animal entered in a stall fed class it is over the age of 2½ years; or  
(b) In the case of an animal entered in a pasture fed class it is over the age of 4 years, or has, or shows evidence of having had, more than six teeth up as at judging day.
5. No cow in calf or heifer in calf will be eligible for competition in the Fat Stock classes.
6. Every exhibit must be the property of the exhibitor at judging day and must have been owned by him at all times during the period of three months immediately preceding day of judging.
7. Exhibits in classes for live animals, other than pasture fed classes, must be quiet and tractable and be trained to tie up and to lead.

9. In export classes the Judge may be given by the Chief Steward the weights of exhibits. It will be left to the discretion of the judge to disqualify or to penalise any exhibit if an animal shall be considered to be over or under weight or size, but no animal shall be precluded from parading before the judge by reason only of weight or size.
10. The Society shall have the right to weigh any or all exhibits at any time, and each exhibitor shall afford the Secretary all facilities and assistance if and when required so to do.
11. The weight of an exhibit certified by the Secretary to be correct shall for all purposes be accepted as correct.

CARCASS CLASSES.

22. No carcass of any animal shall be eligible for entry in the carcass classes unless the animal is entered for exhibition and is exhibited in one or other of the classes for live fat stock.
23. The following rules will apply to the judging of carcass classes:—  
(a) the animals of which the carcasses are entered for competition will be slaughtered at the abattoirs at Homebush Bay;  
(b) carcasses will be dressed and weighed, and will then be exhibited to the judge in the presence of the stewards of the Fat Cattle Section, and if so desired by the judge or by any steward, carcasses will be quartered and will be further cut up as may be required. If the carcass is weighed hot, the official weight shall be deemed to be the scale weight, less three per cent.  
(c) the judge shall not be present during the killing or during the dressing of the carcasses;  
(d) care shall be taken by the stewards that each carcass shall be capable of identification by the Steward-in-Chief and by the Chief Steward, but shall not be identifiable by the judge and shall not bear a catalogue number;  
(e) carcass classes in which the carcasses of pure-bred animals and of crosses between two recognised beef breeds may compete; shall be judged before the judging of the carcass classes restricted to the carcasses of pure bred animals of a particular breed;  
(f) the carcasses shall not be grouped according to breed or so that the Judge may distinguish the carcass of one breed from the carcass of another breed or of a cross;  
(g) no information shall be given to the Judge, and the Judge shall not seek or obtain information which may tend to distinguish any one or more carcasses from another or others;  
(h) in the judging of a carcass the judge shall have regard to quality, depth and evenness of fleshing, and to conformation, lightness of bone, marbling, and absence of waste.

STALL FED EXHIBITS

(Classes 330 to 360).

SHORTHORN, HEREFORD, ABERDEEN ANGUS, RED POLL, THE EXPORT STEER AND PEN STEER CLASSES.

JUDGING ARRANGEMENTS.

Applicable to Classes 330 to 339, 343 to 347.  
The steers must be quiet and tractable in order to be led into the Judging and Sale Rings. They may be either stall fed, grazed on natural pastures or both.  
The steers are to be weighed alive at 9 a.m., Thursday, 7th April, and the weights will be handed to the various judges, who will commence judging at 9 a.m., Friday, 8th April.  
The steers will be sold by auction on behalf of the exhibitors at 11 a.m. on Saturday, 9th April, after which they will be sent to the State Abattoirs, at Homebush Bay, where will be slaughtered on Monday, 11th April. The judge will not be on the killing floor while the steers are being slaughtered and carcasses dressed. The day following slaughter the carcasses will be weighed and judged. The judge has power to have the carcass cut as he wishes in order to arrive at a correct judgment. The prizes are the property of the exhibitors who enter the steers and not the purchasers.  
The Committee reserves the right of freezing and placing the 1st, 2nd, and 3rd prize carcasses in a refrigerated cabinet at the Royal Agricultural Society's Show of this year, and delivering same after the Show has terminated. ## FORDHAM Automatic DRINKERS

Fordham Automatic Drinkers are made from malleable iron for the castings and heavy gauge pressed steel for the bowls. As the animal drinks it releases a fresh supply of water by pressure on the metal tongue.

Each animal draws its own drinking water from its own bowl and infection is avoided as a matter of course.

Feed cannot lodge in the hemispherical bowls and the tongue lifts back for cleaning purposes. For sparkling health, clean fresh water, fresh for each drink, is essential.

Fordham Drinkers are guaranteed for 5 years, and are the result of years of field experiments and use overseas.

Single bowls (7 lbs.) .. . 40/- each  
Twin set bowls (14 lbs.) .. 75/- "

Place your order early and come and inspect them.
