Passion for life

New Renault KOLEOS

A powerful, athletic style

The New Koleos broadens your outlook. An unprecedented combination of power and refinement, its assertive design pushes the boundaries of what is expected and expresses itself with bold style. Its confident stature commands respect. An SUV with broad shoulders and muscular side panels, its robust front end, broad tyres and large wheelbase give it the look of a partner that can rise to any challenge. The New Koleos takes you further, whichever path you take, whatever your quest.

The art of drawing attention

The New Koleos embodies new aspirations. Charismatic, with a sense of detail and personality enhanced by its sleek appearance and athletic curves. The chrome inserts that start at the headlamps underline the vehicle's dynamism and strength of character in an elegant and singular fashion. The striking design of the lighting signature and the LED PURE VISION projectors attract attention and make an impression. Right down to the robust look of its 19-inch alloy wheels, the New Koleos reflects your desire to get ahead.

The Escape starts from the inside

By completely immersing you in a world of technology and refinement, the experience on board the New Koleos gives you the opportunity to escape. Everything is designed for your driving pleasure. The ergonomics of the centre console, which puts the main controls at your fingertips, the technologies controlled by the R-LINK 2 multimedia system with its 8.7-inch touchscreen, the personalisation of the TFT instrument panel and the innovative driver assistance tools all help create an unprecedented experience combining pleasure and ease on board.

A feeling of exclusivity

Refinement is all about details. The design of the New Koleos and the choice of materials will meet all of your expectations. The finish of the overstitched leather, the satin finish of the chrome inserts and the immaculate trim of the doors provide a level of comfort that is worthy of a large saloon. The grab handles on either side of the centre console and the raised driving position let you know that you are in a real SUV.

Intuitive, connected technology

Technology opens the door to new experiences. Immerse yourself in a rich acoustic experience, as intense as a live concert, with the Bose® audio system. Configure the features of the large, connected R-LINK 2 touch screen, taking full control of the vehicle, multimedia, navigation, telephone and driving assistance functions. With the TomTom Traffic* service, get the best traffic information in real time. With Android Auto™ and Apple CarPlay™, easily access your smartphone's driving-compatible applications directly using the large R-LINK 2 screen. Take advantage of smart services such as finding your parked Renault by linking your MY Renault** mobile application to your R-LINK 2.

Comfort in any situation

The New Koleos thinks big. The generous amount of space has been dedicated to your comfort and that of your passengers. Your seat hugs you whilst the sunroof opens up new perspectives. You experience the spirit of adventure that comes with SUVs from the comfort of your "cocoon", both in front and in the rear. To make your life easier, Renault has fitted the New Koleos with Remote Engine Start. Programme it with the time that you want your vehicle to start and by the time you step into your car, the temperature inside will be perfect. Welcome to a new kind of comfort with programmable settings.

It indulges you with plenty of space

The New Koleos is generous when it comes to space. Enjoy the tailor-made comfort of its heated and ventilated front seats. Your rear passengers can also enjoy unrivalled comfort and convenience with large cup holders that have been designed to keep your drinks up in all circumstances. The rich connectivity interface enables you to connect your devices. Every journey is a chance to escape.

INITIALE
PARIS

Perfectly exclusive

Experience rare sensations with KOLEOS INITIALE PARIS, saving the best of Renault's expertise just for you. The design is enhanced by the deep metallic hue of its Amethyst Black tint, 19-inch diamond cut wheel rims, special marking under the front logo and a chrome trim on the tips of the front wings. The seats, steering wheel and gear lever feature the sensual, premium natural grain of Nappa leather. Wrap-around headrest, heated/cooled seat cushions—every detail inspires a feeling of luxury. Connect all of your devices and access a large range of driving aids.

* Bovine-sourced leather.

KOLEOS

Renault KOLEOS

Explore its performance

Drive the New Koleos and experience the effect of its all-terrain ALL MODE 4x4-i technology; its engine, connected to its new X-Tronic gearbox; and its numerous driver assistance technologies—not to mention the unique quality of its Bose® sound system. It's the kind of performance that will always take you further, be it on an urban adventure or off the beaten track.

Rise to every challenge

Underneath its chic city style, there is no mistaking that the Koleos is a real SUV. Make every day a new adventure and go off the beaten track with its ALL MODE 4x4-i technology. Switch from 2WD mode to AUTO or LOCK mode. Your vehicle will maintain a perfect grip whatever the circumstances due to the optimal distribution of torque between the front and rear wheels. Push the boundaries with the New Koleos!

ALL MODE 4x4-i technology: Controlling the road

Let the ALL MODE 4X4-i technology make all your dreams of escaping come true. It allows you to select the transmission mode that your vehicle will need to be equally at home on dirt, snow or sand as it is on tarmac. For your pleasure and safety, there are three different modes, adapted to each situation.

4x2

In 4x2 mode, only the front wheels power the vehicle.

4x4 Lock

Select Auto to switch automatically to ALL MODE 4x4-i whenever conditions require it, and take advantage of the automatic distribution of torque between the front and rear wheels. Select Lock mode for permanent transmission between the four wheels and fixed torque distribution between front and rear, in order to maximise the clearance capacity and stability in any environment. Get out there and surpass yourself with the New Koleos ALL MODE 4X4-i technology.

Performance and emotion

At the heart of the driving experience offered by New Koleos, our engineers have combined the reliable and simple dynamism of the four engines in the range with the comfort of the brand-new automatic X-Tronic continuous variation gearbox. A unique combination that guarantees real driving pleasure.

dCi 175 & dCi 175 X-Tronic **The power of pleasure**

The Diesel Energy dCi 175 engine, which generates a healthy 380 Nm torque from 2,000 rpm, delivers even more powerful acceleration for unequalled performance and driving pleasure.

X-Tronic

The new X-Tronic automatic continuous variation transmission offers fluid, responsive driving without any interruption of torque. X-Tronic adjusts continuously whilst maintaining optimal engine speed and can also simulate gear shifts, producing even more powerful acceleration.

SCe 170 X-Tronic **Intense emotion**

The SCe 170 petrol engine gives New Koleos power all of its own. You'll be surprised by the driving pleasure and the feeling you get with its rapid acceleration, responsiveness and fluidity.

SCe 145 & SCe 145 X-Tronic **Fluidity and responsiveness**

The 145 horsepower SCe petrol engine delivers everyday driving pleasure at an affordable price. Perfect for drivers who expect their vehicle to be economical as well as enjoyable to drive.

ALL MODE 4x4-i:

The four-wheel-drive versions of New Koleos come equipped with the new ALL MODE 4x4-i technology. Select your driving mode: Auto, Lock or 2WD and keep complete control of the engine function on any terrain.

Freedom of movement

You approach, it responds. Switches on the daytime running lights, unlocks the doors, deploys the door mirrors. Do you need to load luggage? Use your remote key card or place your foot underneath the rear bumper; the motorised tailgate opens automatically, giving you access to the 538-litre luggage compartment in just 5 seconds. Organise the modular space to suit your requirements in a single movement, with the Easy Break system. The rear seats fold down to create a flat floor space. The low loading sill makes it easier to place your more cumbersome items inside. The New Koleos is there to steer you through the adventures of daily life.

Bose[®] Surround. A sound you can feel

The exclusive Bose[®] sound system that comes with the New Koleos takes you inside the sound, to where the emotion is strongest. Its 13 high-performance speakers give you the feeling you are sitting in the middle of a concert hall. Together they create a Surround sound that immerses passengers and reproduces the sound quality of a live performance. Set off on an adventure and let yourself go with a sound that is rich, pure and balanced.

Innovation sharpens your reactions

A new era of modernity, comfort and safety awaits, thanks to the impressive range of driver assistance technologies that Renault has installed in New Koleos. Koleos analyses every situation and instantly activates the appropriate technological solution to protect, warn or assist its driver. Stay one step ahead of trouble with the active emergency braking, blind spot warning, hill start assist or Easy Park Assist systems.

Easy Park Assist. The system measures the space and defines the trajectory. Let it take over the wheel and park itself.

Adaptive cruise control. Maintain the optimum safe following distance between you and the vehicle in front. Between 50 km/h and 150 km/h, the adaptive cruise control regulates your speed by controlling the brake or the accelerator.

Active emergency braking with pedestrian detection. Emergency brake assist takes over when you are at risk of colliding with the vehicle ahead of you, or a pedestrian who comes out into the street. First, you are warned with an alarm, and if you do not react or do not react enough, the brakes are activated automatically.

Fatigue detection warning With its trajectory analysis system, the New Renault SCENIC detects any anomaly linked to fatigue and lets you know.

Automatic main beam and dipped headlight switching You automatically switch to dipped beam headlights as soon as you enter a built-up area or approach another vehicle from the front or from behind.

Blind spot detection system New Koleos detects vehicles entering your blind spot. An indicator light located on each of your door mirrors will warn you.

LIFE

19" PROTEUS

Safety and driving assistance

- ABS with Emergency Brake Assist
- Driver and passenger adaptive front airbags (passenger airbag can be disabled)
- Chest-level side front and rear airbags
- Front and rear curtain head airbags
- Tyre pressure monitoring system
- Tyre inflation kit
- Cruise control, speed limiter
- Lane departure warning
- Active Emergency Braking System (AEBS)
- Electronic Stability Programme (ESP)
- Hill Start Assist
- Speeding alert with road sign reader
- Rain and light sensor (automatic dipped beam headlights, windscreen wiper activation and speed)

Exterior design

- 19" PROTEUS alloy wheel rims
- Halogen headlights
- Rear heated tinted window

Interior design

- Black fabric seats
- Console with 2 wide cup holders
- Nappa leather* steering wheel

Comfort and multimedia

- 60:40 folding rear bench seat
- Automatic dual zone heating and air-conditioning system
- Automatic locking of doors whilst driving
- 7" TFT instrument cluster with customisable colour matrix
- Electric front and rear windows

- Rear removable central armrest (with storage space and cup holder)
- Audio system with 4.2" screen, Bluetooth® connection - Hands-free telephone
- 1 USB input and 1 AUX input in the front
- 12 V sockets in the rear and boot
- Eco-Mode, Eco-Advice

Options

- Rear parking sensors
- Longitudinal roof bars
- Heated steering wheel
- R-LINK 2: 7" touch screen, Bluetooth® connection, hands-free telephone
- Cooling and heating cup holders
- Air vents and heating and air-conditioning system for rear seats

* Bovine-sourced leather. The seats are fully upholstered in pigmented corrected-grain leather/calfskin on the front of the seat cushion, the seat back, the headrests and the side supports. The other parts are in coated fabric.

Accessories

Style

1. Side steps. Dare to be different and treat yourself to a style that is both intrepid and chic. They are perfectly integrated, making access to your vehicle and its roof easier. They also protect the bodywork from small daily impacts.

2. Illuminated door sills. Elegance and modernity every time you open a door. White time-delayed lighting on your sills turns heads day or night. Their Renault stainless steel finish also protects your vehicle's doors. Set of 2 sills (right and left).

3. Sport pack. Ideal for boosting the dynamic/racy look of your vehicle, giving it more sportiness. The pack includes front and rear skid plates with a chrome finish.

4. Jaipur 19" Dark Silver diamond cut alloy wheel rims. Assert your personality with the exclusive range of Renault wheel rims. For a sleek look and safety without compromise.

Accessories

On-board experience

1. Modular boot protection - EasyFlex. Non-slip and waterproof, it is essential for protecting the boot of your vehicle and transporting bulky and dirty items! It folds and unfolds easily, adapting to the position of the rear seats. Once completely unfolded, it covers the entire loading space. Versatile and practical, for daily use and for leisure activities.

2. Focal Music Premium 8.1. speaker pack. Premium Hi-Fi sound built in! This eight-speaker pack with subwoofer and a total power of 400 W is the standard for on-board audio systems. Sharp, clear, and powerful: add rhythm to your drives and get the best possible listening experience! The pack contains 2 front speakers, 4 rear speakers, 2 tweeter speakers, 1 subwoofer and 1 remote control.

3. Hanger on headrest - Chrome. Very useful for carefully hanging your clothes from the back of the front seat. Removable and easy to install, it will soon become an everyday essential. Its chrome finish makes it both elegant and aesthetic.

4. Portable smartphone support - Vent-mounted - Magnetic. Make full use of your smartphone in complete safety while driving. Small and discreet, the support matches the design of your vehicle. Its magnetic system allows you to easily attach your smartphone to your vehicle's air vents. Removable, for easy transportation between vehicles.

5. Tablet holder and Nextbase 10" tablet. Enjoyment and entertainment during long journeys! Easily attaches to the headrest and allows rear passengers to view touch screen tablet content comfortably and to charge the tablet (USB 2.0). Compatible with Apple and Samsung.

Accessories

Leisure

1.-2. All-electric towbar. Make the most of a towbar system, ready to use in a few seconds and without tools or effort, for towing or transporting your equipment. Automatically position the towbar via a control in the boot. It becomes invisible and protects the design of your vehicle. Official Renault equipment – for perfect compatibility with your Koleos.

3. Boot sill - Stainless steel. Cover and protect the rear bumper with an aesthetically appealing and made-to-measure accessory. Made of polished stainless steel and embossed, it adds a designer touch to the rear of your vehicle.

4. Ski rack. Whatever your trip and whatever your equipment, you can transport your boards and skis in complete safety on the roof of your vehicle. Easy to assemble, load and unload, in all weather. Several models available depending on your needs.

5. QuickFix roof bars - Aluminium - For longitudinal bars. The innovative QuickFix mounting system makes it quick and easy to install without tools. Ideal for transporting a bicycle rack, ski rack or roof locker and increasing the vehicle's storage capacity. This genuine Renault equipment meets advanced standards in safety and resistance. Set of two bars with anti-theft system.

Renault Services. Serenity effect

Renault maintenance contracts

Do you want to save time and hassle?

Then scheduled maintenance is the choice for you. There are dates and intervals where your Renault needs specific attention: periodic servicing, fluid top-ups, inspection of wear and tear parts, and their replacement if necessary, in keeping with manufacturer recommendations.

You get complete peace of mind:

- The expertise of the Renault network and the quality of Renault genuine spare parts.
- Greater value retention for your vehicle upon resale.
- Cost-effective maintenance for your vehicle.

Warranties

Drive with confidence.

You receive a 3-year or 150,000 km Manufacturer Warranty*: free repairs, parts and labour, 24-hour assistance in case of off-road breakdowns with roadside repair or towing, a 3-year Paint Warranty (unlimited mileage) and a 12-year Anti-corrosion Warranty (unlimited mileage).

Warranty Extension Contracts

At Renault, during the period following the purchase of your new or used car, we take care of all repairs and replacement of any mechanical, electrical and electronic parts that prove to be faulty.

The extended warranty prolongs the benefits of your manufacturer's warranty. Even more peace of mind.

No need to keep an eye on the meter as you drive:

- Your car will always be in the hands of the best network of experts.
- Genuine parts for all jobs.
- Warranty of up to seven years and/or 200,000 km.

Connected services

With Renault R-LINK 2, recognised as Europe's best multimedia system*, you can enjoy connected services inside your car. Innovative and intuitive, they offer features that are essential today: stay connected to the outside world, benefit from driving assistance to optimise your journey as well as some of the most high-performance safety warnings available.

Only the best:

- Navigation: maps pre-installed in your vehicle with free updates for the first year. If you want to extend your subscription, just download online from the R-LINK Store.
- Traffic info: view traffic conditions on your route in real time.
- App catalogue: tailor your on-board experience by downloading new apps from R-LINK Store such as Coyote, Michelin, rest time management, RSS feeds, etc.

* Whichever comes first, unlimited mileage during the first years. ** Source: SBD study 2014.

The Renault network undertakes to

- Respond to your online requests in under xx working hours.
- Guarantee you a test drive in a vehicle from the range of your choice, immediately or by appointment within xx working days.
- Keep you informed about the progress of your order until delivery.
- Deliver your vehicle on time and for the agreed price.
- Ensure you are not charged for any work carried out without your agreement.
- Provide a 1-year parts and labour warranty for work carried out in our workshops and that you have paid for.
- Reward your loyalty by giving you special offers on xx.
- This undertaking may vary from country to country.

Accessories

Style

1. Side steps. Dare to be different and treat yourself to a style that is both intrepid and chic. They are perfectly integrated, making access to your vehicle and its roof easier. They also protect the bodywork from small daily impacts.

2. Illuminated door sills. Elegance and modernity every time you open a door. White time-delayed lighting on your sills turns heads day or night. Their Renault stainless steel finish also protects your vehicle's doors. Set of 2 sills (right and left).

3.

3.

4.

3. Sport pack. Ideal for boosting the dynamic/racy look of your vehicle, giving it more sportiness. The pack includes front and rear skid plates with a chrome finish.

4. Jaipur 19" Dark Silver diamond cut alloy wheel rims. Assert your personality with the exclusive range of Renault wheel rims. For a sleek look and safety without compromise.

Accessories

Leisure

1.-2. All-electric towbar. Make the most of a towbar system, ready to use in a few seconds and without tools or effort, for towing or transporting your equipment. Automatically position the towbar via a control in the boot. It becomes invisible and protects the design of your vehicle. Official Renault equipment – for perfect compatibility with your Koleos.

3. Boot sill - Stainless steel. Cover and protect the rear bumper with an aesthetically appealing and made-to-measure accessory. Made of polished stainless steel and embossed, it adds a designer touch to the rear of your vehicle.

4. Ski rack. Whatever your trip and whatever your equipment, you can transport your boards and skis in complete safety on the roof of your vehicle. Easy to assemble, load and unload, in all weather. Several models available depending on your needs.

5. QuickFix roof bars - Aluminium - For longitudinal bars. The innovative QuickFix mounting system makes it quick and easy to install without tools. Ideal for transporting a bicycle rack, ski rack or roof locker and increasing the vehicle's storage capacity. This genuine Renault equipment meets advanced standards in safety and resistance. Set of two bars with anti-theft system.

On-board experience

1. Modular boot protection - EasyFlex. Non-slip and waterproof, it is essential for protecting the boot of your vehicle and transporting bulky and dirty items! It folds and unfolds easily, adapting to the position of the rear seats. Once completely unfolded, it covers the entire loading space. Versatile and practical, for daily use and for leisure activities.

2. Focal Music Premium 8.1. speaker pack. Premium Hi-Fi sound built in! This eight-speaker pack with subwoofer and a total power of 400 W is the standard for on-board audio systems. Sharp, clear, and powerful: add rhythm to your drives and get the best possible listening experience! The pack contains 2 front speakers, 4 rear speakers, 2 tweeter speakers, 1 subwoofer and 1 remote control.

3. Hanger on headrest - Chrome. Very useful for carefully hanging your clothes from the back of the front seat. Removable and easy to install, it will soon become an everyday essential. Its chrome finish makes it both elegant and aesthetic.

4. Portable smartphone support - Vent-mounted - Magnetic. Make full use of your smartphone in complete safety while driving. Small and discreet, the support matches the design of your vehicle. Its magnetic system allows you to easily attach your smartphone to your vehicle's air vents. Removable, for easy transportation between vehicles.

5. Tablet holder and Nextbase 10" tablet. Enjoyment and entertainment during long journeys! Easily attaches to the headrest and allows rear passengers to view touch screen tablet content comfortably and to charge the tablet (USB 2.0). Compatible with Apple and Samsung.

A blurred landscape with mountains, a lake, and a dirt road, suggesting motion and adventure. The scene is captured from a low angle, looking down a dirt road that curves to the left. The foreground is dominated by a blurred path of dirt and sparse vegetation, including some green grass and yellowish-brown shrubs. In the middle ground, a calm blue lake is visible, nestled between dark, rocky slopes. The background features steep, rugged mountains with varying shades of brown, tan, and grey, indicating different geological layers or vegetation. The overall atmosphere is one of a vast, untamed wilderness. The text is overlaid in the upper left quadrant in a clean, white, sans-serif font.
