**TRUCK MOLDINGS**

**No other chrome molding is so well protected... and looks so great!**

Trim-Gard has changed the rules for automotive after-market moldings! Our line of top-capped OE-style moldings provides a choice you've never had before. We've capped our chrome with a thick, tough layer of crystal-clear vinyl, giving 20 times more protection to the chrome finish, making these moldings more durable than ever and actually improving the look of the chrome by imparting a deep rich glow not possible before.

# DECORATIVE Striping

Our premium-grade TFX professional striping system was developed exclusively for use in the automotive market. A special adhesive was developed specifically to make it possible to reposition the tape without breaking it or leaving adhesive residue. It immediately gained popularity and recognition among professional restylers and now stands alone in the marketplace as the benchmark for all other brands. A full color spectrum is available in both opaques and metallics. We also offer many other materials and specialty films available in a variety of other forms, such as **Shimmer Metallic**, **Ultra Metallic**, **Radiance**, **Black Non-Skid**, **Black Out**, **Luster**, **Polyester Film**, and **Premium Reflective**, as well as a surface protection film called **Uni-Gard**®. Below is a printed representation of these colors and materials. Printed colors are a simulation of the actual vinyl color. For an accurate TFX vinyl color match, refer to our Striping Systems Color Chart.

### TWO-TONE PAINTING

With the Striper stencil tape, two-tone pinstriping is easy and looks great! It solves the problem of matching the correct size pinstriping with the desired colors, which is a problem with regular vinyl pinstriping tape.

Printed colors are a simulation of paint colors.

**THE STRIPER™**

The Striper™ stencil tape is available in 160' rolls and in over 50 different sizes. Our tape leaves the cleanest and sharpest lines, nothing else even comes close!

**LOGO SCREENS**

Logo screens each feature a pair of graphics, approximately 1/2" tall. The screens measure 6" tall by 4" wide.

Place the screen on the car with the lip side down. Put paint on the screen, push down, and squeegee paint across the screen. Lift up quickly. Clean your screen with water or mineral spirits.

Stock designs are pictured here, but we can custom make any design or modify any of the stock designs for a small charge.

Use any of the Finesse paints on page 64 to coordinate with your painted pinstripes!

Working together with our designers and graphic artists, we can help you realize the design of your dreams. By combining the best aspects of multiple digital printing technologies, and standard vinyl cutting, we work hard to maximize your budget.

- Gerber Edge provides 12" wide thermal based, 4-color and spot color prints.
- Roland Solvent Inkjet, print/cut up to 52" wide with 6 color process output.
- HP/Scitex Latex Inkjet, print up to 104" wide with 6 color process output.
- Our workflow offers print/cut, and print/laminate/cut, providing you with cost/performance options.
- Standard vinyl cutting, in hundreds of colors, up to 46" wide in a single piece.

In addition, we can print directly to banner, static cling, perforated window film, pressure sensitive vinyl, and signboard materials!

**GRAPHIC DESIGN**

**DIGITAL PRINTING FEATURES**

- 1440dpi for photo-realistic prints
- 6-Color output for more realistic color
- Low cost per square foot
- 3-5yr outdoor durability—  
reduces need for lamination
- Custom contour cuts without  
costly die fees
- No film charges - prints directly  
from your digital file
- 3M ControlTac™ Film - for easier installs
