Consult the City Directory

When you phone, write or call upon our patrons, you will do a kindness both to them and to us if you mention this DIRECTORY—a kindness to them because they like to have this evidence that the book in which they are investing their money is received and used by buyers, and to us, because the DIRECTORY will then be getting due credit for service rendered.

BUYERS' GUIDE

OF THE CITY OF

SAN DIEGO

CALIFORNIA

1943

The Buyers' Guide contains the advertisements and business cards of the more progressive business men and firms in the City, classified according to lines of business.

SAN DIEGO DIRECTORY CO.
PUBLISHERS

THIS PUBLICATION IS THE PRODUCT OF A MEMBER OF

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference

book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

The City Directory

places the city on the map and is its only representative to the world beyond its own gates.

It is the city's catalog of business and represents the city, its citizens and institutions in every corner of these United States.

It is the logical means of publicity in advertising the city, its manufacturing industries, its advantages and resources.

The men who direct the affairs of progressive and up-to-date business institutions recognize the fact that the City Directory tells the story of the city's life and keeps it before the public as no other publication does or can.

The *City Directory* is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Common Sense...

ABOUT CITY DIRECTORY CIRCULATION—

The true value of advertising circulation is circulation consulted.

To be exact by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

To be conservative we will eliminate the sixty Sundays and Holidays when no tests were made. For every thousand directories sold there will be an average of three and one-half daily consultations for each book for three hundred and five days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = \\ 1,067,500$$

Consultations or Circulations Consulted

Every Wasted Minute

Costs You Money

Whether it's your time or that of an inexpensive clerk that is wasted by using an out of date DIRECTORY, the loss is yours.

In the course of a year the time wasted usually costs far more than the price of a new DIRECTORY.

Misdirected parcels or messages cause expense and annoyance.

Cut out this leak. Order a new DIRECTORY at once. It will pay you bigger dividends for the money invested than you realize.
