Of the City of San Diego.  
Gentlemen:

I am returning herewith, Document number 238999, being a proposed Ordinance providing for the licensing and bonding of painters, paperhangers or decorators, known as the Painters Ordinance, with my veto.

In putting into effect regulatory Ordinances, one has to decide, in the first place, whether or not the proposed Ordinance involves the health and safety of the Community. Neither of these seem to be involved in the proposed Ordinance. If the health and safety of the Community is not involved, an Ordinance further regulating conditions should not be passed unless there is a strong call for its enactment. As far as I have been enabled to find out a large majority of the people of this City are opposed to the regulations as contemplated in this Ordinance.

For these reasons I have felt constrained to return it with my veto.

Respectfully submitted,  
Harry C. Clark, Mayor.

"July 3, 1929.

The Honorable Common Council,  
Of the City of San Diego, California.  
Gentlemen:

I am returning herewith, Document #244630, which is a proposed Ordinance, appropriating \$371.60 from what is known as the Sutherland Dam Bond Fund, which is for the purpose of paying part of the salary of the resident engineer, caretaker and State Compensation insurance for the month of July and also the premium for insurance on the City camp buildings, with my veto.

It doesn't seem that these items as recited are a proper charge against the Sutherland Dam Bond Fund. Active work on the construction of the dam is not now going on and the pay of the resident engineer who was employed for the purpose of construction work should be paid out of funds provided for work upon which he is engaged. The salary of the caretaker, the State Compensation insurance and the premium on insurance on the City Camp buildings at Sutherland should be paid for as a part of City maintenance as should Camp buildings caretakers and insurance in other parts of the City. The opinion heretofore rendered by the City Attorney, questions the legality of making these payments.

Respectfully,  
(signed) HARRY C. CLARK,  
Mayor."

"December 18th, 1929.

The Common Council.  
City of San Diego.

Gentlemen:

I am returning herewith Document #251693, being an Ordinance establishing a minimum wage for laborers employed by the city of San Diego, and providing that the day laborers shall be entitled to full days pay for certain holidays and half holidays, with my Veto.

It does not seem advisable to change so radically, the holiday arrangements for the city forces, without making a study of the years Budget and see what the expense to the city would be for a change of this kind. I fear the Departments will come to us during the latter part of the fiscal year, saying that their funds are not sufficient to carry them up through the year. If such an Ordinance as this is to become effective, it should be done in my opinion at the time the Budget is made up, so that the various Departments could have it in mind in submitting their estimates.

Respectfully  
Harry C. Clark,  
Mayor".

Thereupon, on motion to adopt said ordinance, notwithstanding the Mayor's Veto, the roll call showed the following, vote to-wit: Ayes--Councilmen Alexander, Dowell, Maire, and McMullen. Noes--Councilman Irej. Absent--None.

"San Diego, California.  
January 22, 1930.

To The Common Council  
City of San Diego, California.  
Gentlemen:

I am returning herewith Document #252673 being a proposed Ordinance regulating the business hours of Pawn Brokers, Junk Dealers and Second Hand Dealers, with my Veto.

This Ordinance was prepared based on a petition filed with the City Council by a large percentage of the Pawn Brokers of this city. It was apparently the intention of these firms to request of the Council, an Ordinance regulating the hours at which the Pawn Brokers might keep open. The Ordinance passed by your body will not only cover all pawn brokers and those dealing in second hand jewelry, clothing etc., but will operate against all Automobile Wrecking Houses, Service Stations and Tire Dealers selling Used Automobile Accessories or parts. The Ordinance exempts dealers in second hand Automobiles.

The proposed Ordinance covers a much larger field than would appear to have been the intention of the parties filing the original petition. Unless required for safety or health measures, I do not favor any more regulations than is necessary, and feel that all regulatory Ordinances should be adopted with a great deal of caution and hesitancy. If the Ordinance had been drawn to meet a particular line of business handled by the petitioners, it would probably not meet with much opposition. As it appears to me, at least eighty percent of the Pawn Brokers in the city desires such an Ordinance.

Respectfully submitted  
Harry C. Clark,  
Mayor."

"April 3rd, 1930.

Members of the Common Council  
San Diego, California.  
Gentlemen:

I am returning herewith Document #255624, being a proposed Ordinance prohibiting maintenance or operation of Loud Speakers or Amplifiers, adopted by your body March 24th, 1930.

I am returning this with my veto for the following reasons;

First, the language of this proposed Ordinance appears to me to legislate against any use of Radio Equipment using a loud speaker or sound amplifier at any place within the city of San Diego, from eight o'clock P.M. until ten o'clock A.M. except it be a public affair of general interest. It seems that this would make it possible for any neighbor, whether the sound was actually a nuisance or not, to make difficulty because of this ordinance.

Second, it makes unlawful, the operation or connection of any loud speaker or sound amplifier if the sound gets outside of the building, between the hours of ten o'clock A.M. and eight o'clock P.M. unless a permit has been granted by the Common Council. Under this provision it would appear that no one could operate a Radio even during the day time, without a permit from the Council, unless they could be certain that no sound would reach outside of the building.

It appears to me that these two provisions are too stringent. I am in sympathy with the effort to control the improper use of Radios or any other loud speaker or sound amplifiers, but that prohibition should be confined to cases where such sound is to some extent at least, disturbing the common peace of the particular community.

Respectfully submitted.

Harry C. Clark, Mayor".

Thereupon, said ordinance was adopted notwithstanding the Mayor's Veto, by the following vote, to-wit: Ayes--Councilmen Alexander, Irely, Maire, and McMullen. Noes--Councilman Dowell. Absent--None.

Clark regarding the change in zoning at Pacific Beach, together with a communication from Timothy Herlihy on the same subject, was presented, read and on motion to rescind the action taken on the matter at the meeting of Monday April 7th, 1930, and that the recommendation of the Planning Commission be accepted, the roll call showed the following, to-wit: Ayes--Councilmen Alexander, Irely, and Maire. At this time the matter of the proposed contract for the construction of a Golf Course in Balboa Park and the erection of a sewage disposal plant to reclaim water for irrigating the greens and for general irrigation in Balboa Park, was taken up and discussed at great length. The proponents of the proposition stated that due to the fact that considerable opposition had arisen over this project being placed in the park, and for that reason they had taken an option on several acres of land several miles east of the park and that they were willing to erect the disposal plant on their own land.

Thereupon, Councilman McMullen, moved that Balboa Park site be eliminated from the proposed water reclamation project, which motion carried unanimously.

It was also suggested that the city-owned land at the foot of 32nd Street be considered as a site for the proposed plant.

Thereupon, it was decided to postpone action on the project until some later date, after more data had been secured on the suggested sites.

Thereupon, on motion Council adjourned.

That, in the Passing of Honorable James E. Wadham, a former Mayor of this City, on May 26, 1930, San Diego has lost a citizen who has mingled his interests and fortunes with those of his adopted home community over a period of six decades.

During all of that long span of year, Mr Wadham had loved the City of San Diego in a way which could not have been exceeded even though it had been the place of his birth.

As a man among men in this growing City of the southwest he had always had a place prominently to the fore as one who would work for the advancement and development of the community.

In the field of law he had been prominent during several generations and as attorney and counsellor he had enjoyed the confidence of numerous prominent corporations, as well as of his many private clients.

In May, 1911, he assumed the responsibilities and duties of chief executive of the City of San Diego and continued to occupy the Mayor's chair for two years, with credit to himself and honor to the community which he served.

Coming with such short notice to his friends everywhere his death was a distinct shock to all, and there will be legion of those who will miss his cheery smile and greeting.
