India - Handstruck Postage Stamp - Postal History Cover

1823 Mirzapore

Mirzapore is situated 600 N and 800 E on the right bank of the Ganges in Mirzapore District, United Provinces, 200 miles from Calcutta and 100 miles from an important trading centre at the close of the eighteenth century.

A letter dated 26th November 1823 with the AE India seal and a circular stamp of Mirzapore according to the old G.P.O. (There existed stamps in use at the Calcutta G.P.O. The "MIRZAPORE/POST PAID" despatch stamp had come to light in 1877 when Mr. Bruce Adams acquired a cover dated 1823 and writes about its results a second example found by him in 1925. This would have been, most probably, the latest year of use of this mark, as the circular stamp of "MIRZAPORE/PP. PAID" is recorded from 1823. Dispatched before to one of the two known examples of this mark.

The letter was despatched from Mirzapore on 26th Nov. 1823 having been paid by a letter of 1 Rupee weight to Calcutta, where it arrived on the morning of the 26th July 1823, enclosed by the red "AE" and the circular "CALCUTTA/INDIA. POST OFFICE" receipt stamp.

The letter was later received from Calcutta in Madras and on the reverse of the cover in the hand "POST PAID" applied in Madras during the period 1820-23 when that postmark had been paid to destination at Simonsland, which would have been 6 annas.

When the letter was received by the Post Office in Simonsland, it was re-addressed back to Madras where the circular stamp "MADRAS/REARING POSTAGE" receipt stamp was added, showing 12 annas due for the return journey between Madras and Simonsland.

HANDSTRUCK STAMPS OF INDIA

This famous exhibition collection on 138 pages is offered by the following 138 single lots, almost one page with one or two covers and letters each. It contains hand-stamps and postmarks from the several cities, areas and presidencies of India, from the late 18th to the middle of the 19th century, on inland mail as well as on letters from and to India like the famous ‚Horatio Hardy’ forwarded letter to India. The reference numbers given in parentheses (as HS.../CS...; Rev...) are according to Robson Lowe (HS...), the first D.H. Giles publication by E. Franklin DeSouza 1960, while the last one (Rev.) means the revised Giles numbers (handbook edited by Christie’s Robson Lowe in 1989).
