Inspired by the beauty of natural stone, our team has mastered the creation of a surface that reflects a fresh natural complexion and compliments a modern lifestyle. Pompeii Quartz is recognized for its beauty, quality and effortless care. Our extensive color palette and variety of patterns and styles are sure to be the solution to all of your creative design projects.

# ABOUT

Pompeii Quartz™ is a natural surface material made from pure and natural quartz. It is bound with resin, inorganic pigments and manufactured with the most advanced machinery, Breton Technology.

## EXPERIENCE THE BENEFITS OF POMPEII QUARTZ

- Exceptionally resistant to heat, cracking, chipping, scratching and abrasion
- Remarkably stain resistant
- Highly resistant to chemicals and acids
- Resistant to molds, mildew and bacteria
- Extremely dense with minimal absorption
- Simple to clean with soap and water
- Limited 15-year warranty
- For Care and Maintenance (*Please visit [www.pompeiiquartz.com](http://www.pompeiiquartz.com)*)

## ECO-FRIENDLY PRODUCTION PROCESS

Pompeii Quartz is certified by NSF for food safety (ANSI 051). The Product is also certified by Green Guard as being free of volatile organic compounds, contributing to LEED status. Our products are certified safe for indoor air quality of commercial and residential facilities as well as for children and schools.

Pompeii Quartz surfaces are anti-microbial in accordance with ASTM D6329-98 (2003). The product is also non-porous, stain resistant and easy to clean requiring minimal maintenance. The plant and process for manufacturing of Pompeii Quartz does not pollute the environment and is controlled under the

ISO 14001:2004 management system. All the processes preserve the environmental balance and comply with the strictest standards and does not release any polluting gaseous or sound emissions into the atmosphere. All water used in the production is recycled.

**Disclaimer: Pompeii Quartz is made with natural stone products and shade variation is inherent. We make every effort to keep color variation to a minimum. These photos are representative of the color but may vary from the material you actually receive.**

Disclaimer: Brushed finish surfaces require additional daily maintenance and care than the polished surfaces. The area exposed on a brushed finish is more than the polished surface; hence any dirt, markings and scratches would be more obvious on a brushed finish surface than on a polished surface. These markings can be removed using non abrasive cleaning products.
