

2006 **RENDEZVOUS**

2006 BUICK RENDEZVOUS 

## DEFINED BY ITS QUALITIES, NOT BY CATEGORIES.

Work. Play. Formal. Casual. Emotional. Rational. Social. Solitary. In your world, there is more than enough room for all the different facets of your life and your personality. And there is a vehicle that is equipped to make it all come together – Rendezvous. Literally defined, it means a meeting place. Which is an apt description of a vehicle that combines the finest attributes of an SUV, a minivan, a premium sedan – and a Buick. Which means Rendezvous takes all the attributes of a supremely practical vehicle and adds the characteristics that distinguish every Buick – namely an unwavering dedication to quality manufacturing, craftsmanship, graceful design, dependability, and the Buick-pioneered QuietTuning process. A vehicle that defies categorization. A vehicle with qualities all its own. The 2006 Rendezvous.

Every Buick is built with exquisite care to exceptionally high standards, achieving a level of quality that ranks Buick among the elite. Every Buick is also equipped with the enhanced safety and security of OnStar, and employs QuietTuning for a supremely quiet ride. And now, for 2006, every Buick is backed by a new comprehensive four-year/80,000 km warranty\* that solidifies Buick's position as one of the world's premium automakers.

\*Whichever comes first.

For more information about Rendezvous visit our Web site at [rendezvous.gmcanada.com](http://rendezvous.gmcanada.com)

## **DESIGNED WITH A PURPOSE. MAKE THAT SEVERAL.**

While Rendezvous is built to adapt to a wide range of uses, it incorporates the differing aspects of its personality in one highly original and distinctive design.

RENDZVOUS CX, CX PLUS, CXL, CXL PLUS

Rendezvous CXL, shown in Cappuccino Frost Metallic with available equipment.

CX, CX PLUS, CXL, CXL PLUS 

## RENDEZVOUS – IN FOUR DIMENSIONS.

Rendezvous effortlessly encompasses dimensions of an SUV, minivan and sedan. But that is only the starting point. Adding further dimensions to the Rendezvous lineup are the four different models. Each provides its own take on the Rendezvous character.

If you revel in an added dimension of sportiness, there's the CXL Plus. For heightened performance, CXL Plus features the 242 horsepower 3.6L V6 with variable valve timing (VVT). For enhanced versatility, the seven-passenger seating plan includes flip-and-fold second-row seating and a stowable third-row bench.

All other Rendezvous models feature the dependable 3.5L 3500 V6 engine. The CXL provides added comfort, with heated front bucket seats and leather seating surfaces, as well as automatic dual-zone climate controls. The CX and CX Plus include a full complement of power amenities, such as mirrors and windows, in addition to a leather-wrapped steering wheel with integrated sound system controls.

For added all-season traction, the on-demand Versatrak all-wheel-drive system is available on all models.

No matter which Rendezvous model you choose, it will incorporate the many dimensions of quality that define every Buick.

**A HIGH LEVEL OF  
CRAFTSMANSHIP  
AND COMFORT.**

INTERIOR DETAILS 

## A FLAWLESS SENSE OF DIRECTION.

INTERIOR DETAILS 

It isn't only the available DVD navigation system that helps ensure that you are right where you should be. The same holds true for the ergonomic layout and shape of the controls. Everything is positioned for intuitive adjustment. This allows you to retain full focus on the road ahead – a quality that is most apparent with

the innovative Head-Up Display instrumentation that is standard on CXL Plus. While you focus on the driving, your rear-seat passengers can focus on their favourite movies, courtesy of the available DVD entertainment system. Rendezvous – first-hand experience is strongly recommended: request a test drive.

The DVD entertainment system features both CD and DVD players, and a flip-down 178 mm (7 in.) wide-screen monitor. The system is controlled by an infrared remote. Two wireless infrared headphones are included. The system is available on CXL and CXL Plus.

The DVD-based touch-screen navigation system uses Global Positioning System technology to pinpoint your vehicle's exact location.\* The system can also recommend routes to a range of destinations, along with other useful information. Available on CXL and CXL Plus.

The Driver Information Centre keeps you updated on numerous vehicle functions – everything from the fuel level to tire inflation. The LCD readouts are in English or French, using metric or imperial measurements. Standard on all but the CX model.

Head-Up Display instrumentation projects vital data onto the windshield. So you can monitor functions ranging from vehicle speed, signalling, and high beams, to low fuel level and sound system status. Standard on CXL Plus.

Separate rear-seat audio controls are included in the premium eight-speaker sound system. The system includes cassette tape and CD players, as well as two headphones. Standard on CXL and CXL Plus.

\* At the time of print, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. Choose the factory navigation option and you will receive an updated navigation DVD each of the first two years following your purchase.

VERSATILITY 

**BECAUSE EVERY DAY IS DIFFERENT.**

 VERSATILITY 

Flexibility is the ultimate luxury – to do exactly what you want when you want. In other words: freedom from schedules and itineraries. That requires more than your own sense of spontaneity. It demands a vehicle that can easily adapt to an ever-changing mix of people and cargo. Rendezvous is such a vehicle. It offers numerous

seating configurations to suit your specific needs. Each offers a spacious cargo capacity of up to 3084 L (108.9 cu. ft.), in addition to several storage compartments conveniently located throughout the cabin. So no matter where you're going – and who or what is travelling with you – Rendezvous will get you there in style.

The three-bin rear storage system is standard on CX Plus and CXL with the five-passenger seating configuration. A single-bin storage compartment is included on CX Plus and CXL seven-passenger models.

The front console not only provides a handy storage area, it also includes a power port you can plug into.

Seven-passenger seating configuration, shown with divided second-row seats and folding third-row bench.

Seven-passenger seating, with the third-row seat folded to the floor for extra cargo space.

Six-passenger seating configuration, with second-row captain's chairs and folding third-row bench.

Six-passenger seating, with the third-row bench folded to the floor for increased cargo space.

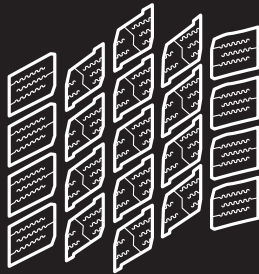

Flip-fold-and-stow second-row seats allow even greater cargo- and passenger-carrying convenience.

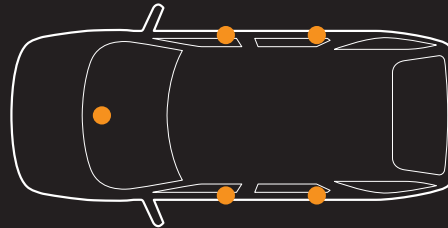

QUIETTUNING 

## NOT JUST QUIET – QUIETTUNING.

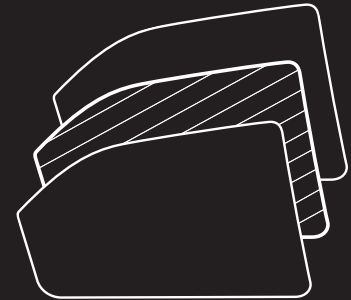

Many vehicles boast a quiet interior environment. But only Buicks feature QuietTuning. It encompasses three distinct strategies: reduce noise at its source; block the noise path before it enters the passenger compartment; and use acoustic insulation that absorbs noise in the cabin. Together, these QuietTuning measures produce an interior environment that is defined by its quiet, as much as its comfort and refined design.

The quiet-tread tires use a rubber compound and tread pattern that not only provide excellent grip, but also generate minimal noise.

The use of special acoustic materials in strategic locations on the instrument panel absorb noise before it enters the cabin.

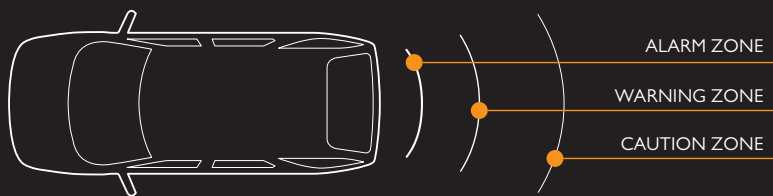

Acoustic laminate side-door glass sandwiches a thin layer of plastic between two layers of glass – each of different thicknesses, to keep noise out.

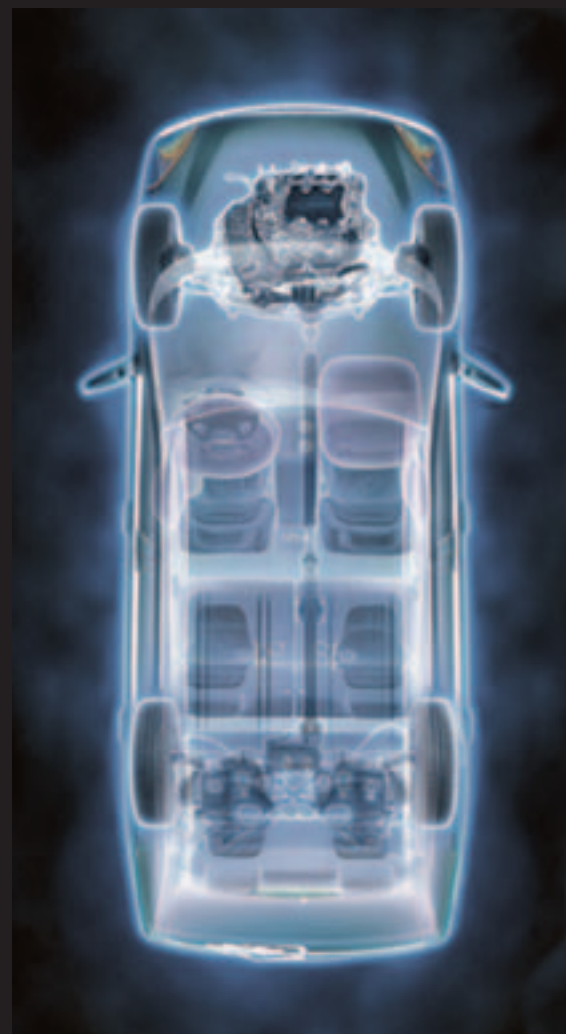

## THE APPROACH HERE IS NOTHING SHORT OF EXHAUSTIVE.

The comprehensive safety and security package inside every Rendevous refers not only to features such as dual-stage frontal air bags,\* or a solid steel safety cage that surrounds the passenger compartment. It also refers to the way Rendevous is engineered, from the selection of tires to the safety of the windshield glass. The approach to security is equally rigorous, with the advanced OnStar System standard on CXL and CXL Plus. All models also feature a remote keyless entry system with a Panic button. Your safety and security – it's fundamental to Rendevous.

\* A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. Refer to the vehicle Owner's Manual and child safety seat instructions for more information.

The ultrasonic rear parking assist sends out sonar waves when the vehicle is in 'Reverse' at a low speed. When a stationary object is detected, audio and LED warnings alert you to its presence. Standard on CXL and CXL Plus, available on CX Plus.

VERSATRAK 

**WE CAN'T CONTROL THE ROAD CONDITIONS.  
SO WE DID THE NEXT BEST THING.**

VERSATRAK & TECHNOLOGY 

The fact is: driving in Canada exposes you to some less-than-desirable road conditions. Frequently. Rendezvous is built with this fact in mind. That's why every Rendezvous model offers the available on-demand Versatrak all-wheel-drive system. In normal conditions, the system operates in the more fuel-

efficient front-wheel-drive mode. When driving conditions take a turn for the worse causing front wheel slippage, Versatrak automatically directs power to one or both rear wheels for added traction. And this happens so smoothly, you won't even be aware of it. More traction - less worry.

## NO ENGINEERING DEGREE REQUIRED.

The technology incorporated into Rendezvous is very advanced. But understanding what it does for you is very simple. Take the variable valve timing (VVT) on the 3.6L V6 engine that's standard on the CXL Plus. It controls combustion timing to optimize both power and fuel efficiency - benefits that you'll be eager to take advantage of. Or how about the automatic rear level-control suspension that helps maintain a level plane when you're towing a trailer or carrying a heavy load? It is included with the available Trailer Towing Package, which enables Rendezvous to haul loads up to 1588 kg (3500 lb.). Technically complex. Easy to appreciate.

LEFT: When hauling a trailer or heavy load, the automatic rear level control inflates a bladder around the rear shock absorbers. This raises the rear of the vehicle until it is level, improving the ride and handling, and correcting the headlight aim. It is included with the available Trailer Towing Package.

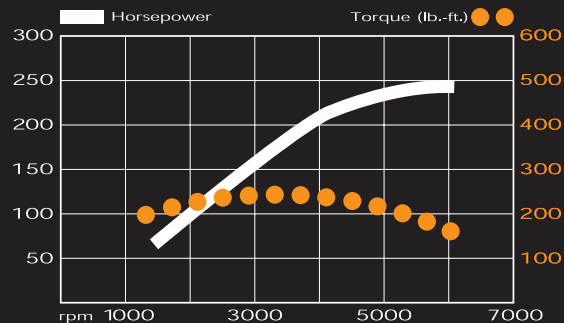

## ENGINES

### 3.5L 3500 V6

Rendezvous CX, CX Plus and CXL models feature the reliable 195 horsepower 3500 V6 engine. With its overhead valve design, roller hydraulic lifters and rocker arms, plus lightweight aluminum cylinder heads, this engine delivers its power smoothly and efficiently.

### 3.6L V6 VVT

The all-aluminum 3.6L V6 VVT engine produces 242 horsepower and 232 lb.-ft. of torque. The variable valve timing not only provides excellent fuel economy and emission reduction but also helps deliver 90 percent peak torque over the extremely wide operating range of 1600 to 5800 rpm. Standard on CXL Plus, available on CXL.

3.6L V6 VVT

## A FITTING ADDITION TO YOUR RENDEZVOUS.

# Accessories

Rendezvous is designed and manufactured with you in mind. Yet you can make your Rendezvous truly unique – a personal statement of your style and sensibilities – through the addition of selected GM Accessories. They are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. And only GM Accessories are backed by Buick's 4-year/80,000 km New Vehicle Limited Warranty.\* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for Rendezvous, or visit [gmcanada.com](http://gmcanada.com)

\*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

GM Accessories available for Rendezvous include:

- Moulded hood protector
- Cargo organizer
- Trailering Package
- Pet Restraint Package
- Roof cross bars
- Cargo area liner.

Every Buick is defined by a host of complementary qualities. Among them is the unparalleled combination of safety, security, and convenience provided by OnStar.\* OnStar uses advanced communications technology to enhance your peace of mind whenever you're in your Rendezvous. All it takes is a single push of the blue OnStar button usually located on the interior rear-view mirror, in the overhead console, or near the radio display – the button connects you with one of our specially trained OnStar Advisors. They are standing by, ready to provide support 24 hours a day, 365 days a year.

What can OnStar Advisors do for you? They can provide a wealth of information and perform a variety of services, including a remote diagnostic check of your vehicle's engine and electrical components. In an emergency, an Advisor will attempt to locate your vehicle, find out what assistance you need, and notify nearby emergency service providers. And if air bags are deployed in your vehicle, an Advisor will contact you to determine if you are in need of assistance.

Another convenient feature is OnStar Hands-Free Calling, a hands-free, voice-activated wireless technology integrated into your vehicle. It's there in case your hand-held phone is lost, forgotten or has a low battery. Even better, there are no additional monthly fees, or additional long distance and roaming charges. And as a new customer, you will receive 30 complimentary minutes good for two months after activation.

Now you can enjoy the peace of mind that comes with knowing you're doing all you can to help keep you, your family, and your vehicle safe. Just ask the almost 150,000 people who have become OnStar subscribers in Canada. How hard does OnStar work for you? The facts speak for themselves: every month in Canada OnStar Advisors handle an average of 9100 routing calls, 2500 emergency calls, 2600 door unlocks, and 625 Roadside Assistance dispatches.

OnStar offers two different service plans, allowing you to select the services that are most convenient for you. The Safe & Sound Plan is included for the first year on Rendezvous CXL and CXL Plus, available on CX Plus. In addition, the available Directions & Connections Plan offers all the safety and security services included in the Safe & Sound Plan, plus you'll have access to driving directions, information and convenience services and RideAssist. See your dealer for more information on plans and services.

\*OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, existing OnStar service contract, and prepaid calling minutes, and is not available in Alaska and some other markets. Calls may be made to the U.S. and Canada only. OnStar voice recognition system may not work with some voices. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Due to the transition of the wireless industry from analogue to digital technology, as of January 1, 2008, OnStar plans to offer service only through equipment that operates on the digital network, which may require the purchase of a system upgrade for eligible vehicles. Call 1.888.4.ONSTAR (1.888.466.7827), TTY 1.877.248.2080 or visit [onstar.ca](http://onstar.ca) for OnStar's Terms & Conditions, Privacy Policy, and system limitations and details.

## COMMITMENT:

We're committed to engineering and manufacturing Buick Rendezvous so that it is an absolute pleasure to drive. And that's just the beginning. We're also committed to making the ownership experience just as responsive to your specific needs. You'll find that our comprehensive support programs make it easier to purchase or lease a Buick. They also help to protect you and your vehicle down the road. A powerful example of the level of protection you can expect is the Buick New Vehicle Limited Warranty. It's so thorough it covers your vehicle from the roof right down to the tires. So when you drive off the lot of your Buick dealership, you can do so with total confidence. Peace of mind is knowing that your vehicle is built for the long haul, and is backed by a comprehensive warranty.

## THE BUICK NEW VEHICLE LIMITED WARRANTY:†

The Buick New Vehicle Limited Warranty is your promise of total warranty protection. It covers every new Buick Rendezvous for 4 years or 80,000 km.\* Complete vehicle repairs are covered,\*\* including parts and labour, with no deductible. The warranty includes:

- 4-year/80,000 km\* complete vehicle repair coverage
- 6-year/unlimited km corrosion perforation coverage
- 8-year/130,000 km\* coverage on catalytic converters and powertrain control modules (PCMs).

\*Whichever comes first.

\*\*To correct any defects in material or workmanship occurring during the warranty period.

Regular maintenance is not included, nor is excessive wear and tear caused by reckless or negligent driving.

## OTHER OWNERSHIP PRIVILEGES AND PROGRAMS:†

- **Roadside Assistance** – 24/7 service via toll-free number during your warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during the warranty period
- **GM Protection Plan (GMPP)** – the only extended services contract backed by the resources and commitment of General Motors, GMPP may be purchased at the time of your sale or lease, or subsequently
- **GM Mobility Program** – you may be eligible for reimbursement of up to \$1000 (taxes included) for adaptive equipment for your GM vehicle
- **GM Accessories** – personalize your vehicle with GM Accessories, specifically engineered for your new GM vehicle
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

## TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Financing** – on the spot financing at your GM dealership††
- **GMAC SMARTLEASE** – a smart alternative to traditional financing††
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 on GM Card® Earnings toward the total purchase price or lease down payment on selected vehicles. For more information on The GM Card please call 1-800-461-3279.†

## INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM Web site at [gmcanada.com](http://gmcanada.com)
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users) – for information about any GM product or service, including The GM Card and the GM Mobility Program
- For information about GMAC, visit the [gmcanada.com](http://gmcanada.com) or call 1-800-616-4622.

†Conditions and limitations apply.

††Subject to eligibility.

5 – Does not include trailer hitch.

## TOWING

3.5L 3500 V6 (FWD): 3.29 final drive ratio/1588 kg (3500 lb.)\* maximum gross trailer weight\*\*

3.5L 3500 V6 (AWD): 3.69 final drive ratio/1588 kg (3500 lb.)\* maximum gross trailer weight\*\*

3.6L V6 VVT (FWD/AWD): 3.29 final drive ratio/1588 kg (3500 lb.)\* maximum gross trailer weight\*\*

\*Trailer towing capacity for Rendezvous CX is only 907 kg (2000 lb.). Rendezvous CX Plus requires V92 Trailer Towing Package. Without V92, maximum trailering capacity is 907 kg (2000 lb.). Capacity applies with no more than two people.

\*\*Maximum trailer weight ratings are calculated assuming a standard equipped base vehicle plus driver. The weight of the trailer, cargo, passengers and optional equipment will reduce the maximum trailer weight your vehicle can tow. All towing recommendations are subject to change. Trailer tongue load should be 10% of the maximum trailer weight but should not exceed the load rating specified for that vehicle, engine or hitch combination. See your dealer or refer to the Rendezvous Owner's Manual for details.

Coverage is significantly limited outside these areas. Choose the factory navigation option and you will receive an updated navigation DVD each of the first two years following your purchase.

S – Standard. 0 – Optional individually or in combination with other optional equipment.

### A word about this brochure

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your Buick dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

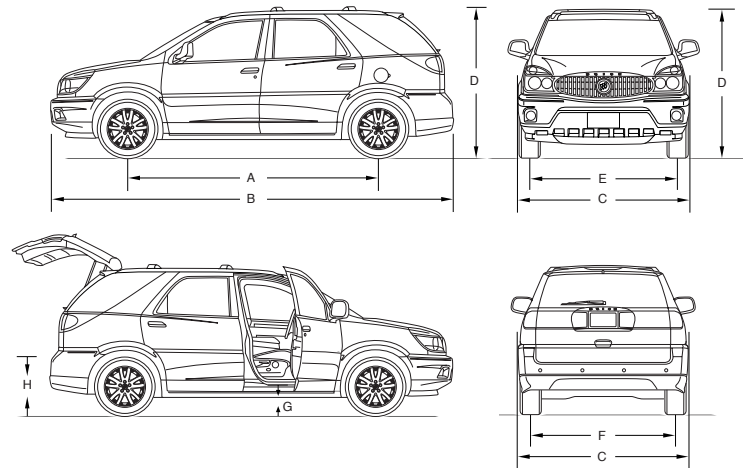

### Privacy Statement

At General Motors of Canada Limited ("GM Canada") we respect your privacy and value our relationship with you. Your personal information will be protected, will never be sold, and will be used only by GM Canada, our affiliates, dealers/retailers, and service suppliers (only to provide services). If you wish to be removed from GM Canada marketing communications; would like to limit only certain marketing communications from us; would like a listing of our specific uses or further information about those with whom your information is shared; or for further information about our Privacy Policy and practices, please contact us at 1-800-GM-DRIVE (1-800-463-7483) or through our Web site at gmcanada.com

### A word about assembly

Buicks are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Buicks. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

## DIMENSIONS

### EXTERIOR, MM (IN.)

Wheelbase (A)	2850 (112.2)
Length (B)	4737 (186.5)
Width (C)	1869 (73.6)
Height (D)	1750 (68.9)
Front tread (E)	1593 (62.7)
Rear tread (F)	1621 (63.8)
Step-in height (G)	434 (17.1)
Lift-over height (H)	703 (27.6)

### INTERIOR, MM (IN.) FRONT/REAR

Headroom	1039/1019 (40.9/40.1)

## A STORY ONLY GENERAL MOTORS CAN TELL.

General Motors' commitment to setting the highest standards in quality, safety, innovation, and fuel efficiency are matched by an equally strong commitment to the community.

### DID YOU KNOW?

**QUALITY:** GM plants swept the J.D. Power Initial Quality Study<sup>SM\*</sup> rankings for North and South America: Gold and Silver Plant Quality Awards for the Canadian Oshawa #2 and #1 car plants, in addition to the Bronze Plant Quality Award for the Hamtramck, Michigan plant.

**SAFETY:** General Motors is the only automotive manufacturer committed to offering a full range of cars, trucks, and SUVs that provide safety protection before, during and after a collision.

GM vehicles are equipped with a range of features and technologies that help drivers

avoid collisions, reduce the risk of injury should a collision prove unavoidable, and help you get the assistance you need after a collision.

**INNOVATION:** GM is at the forefront of automotive technology with breakthrough features such as OnStar and XM Satellite Radio.

**FUEL EFFICIENCY:** GM offers more cars than any other automaker in Canada that get better than 7.0 L/100 km in highway driving. GM has also won more EnerGuide fuel-efficiency awards than any other car company.

### GM IS COMMITTED TO CANADA

**INVESTMENT:** GM invests more in Canada than any other car company: The \$2.5 billion Beacon Project represents the largest automotive investment in Canadian history.

**EMPLOYMENT:** GM directly employs over 20,000 people in Canada – more than any other car company.

**DESIGN:** GM is the only car company that designs, engineers and builds cars in Canada.

### GM IS BEHIND YOU AND YOUR VEHICLE

GM is equally comprehensive in the way it backs its Buick vehicles. All Buick models include:

- 4-year/80,000 km\*\* complete vehicle repair coverage
- 6-year/unlimited km corrosion perforation coverage
- 8-year/130,000 km\*\* coverage on catalytic converters and powertrain control modules (PCMs)
- 4-year/80,000 km\*\* 24-hour Roadside Assistance.

\*General Motors Corporation – Oshawa #2 (Ontario – Car) was the highest ranked plant, Oshawa #1 (Ontario) was the second ranked plant and Hamtramck, MI was the third ranked plant in North/South America among plants producing vehicles for the U.S. market in J.D. Power and Associates 2005 U.S. Initial Quality Study<sup>SM</sup>. Study based on a total of 62,251 U.S. consumer responses indicating owner reported problems during the first 90 days of ownership.
