FEEL ALIVE

2006

PONTIAC
G6

FEEL ALIVE

UNCOMMON STIMULATION FOR YOUR SENSES. At Pontiac, we're about a lot more than just point-A-to-point-B transportation. We design our vehicles to help you get the most enjoyment out of every minute you spend with them. Case in point: the G6.

From the beginning, the G6 was conceived as a car that would reward the senses in every possible way. From the way it looks to the way it sounds and, most important of all, the way it feels as you put it through its paces, the G6 is an experience you don't want to miss.

And for 2006, the G6 evolution continues. There's more of everything that G6 stands for this year. More style, in the form of the breathtakingly beautiful new G6 Sport Coupe. More efficiency, with the addition of a 4-cylinder G6 Sport Sedan to the lineup. More excitement, thanks to dramatic new top-of-the-line 240 horsepower GTP models. And more sheer driving pleasure with the new G6 Convertible, which is coming in early 2006.

Pontiac G6. It's not about A-to-B. It's about what it means to feel alive.

For more information about G6, visit our Web site at g6.gmcanada.com

G6 SPORT SEDAN

YOUR EYES, YOUR EARS AND THE SEAT OF YOUR PANTS AGREE. After five minutes behind the wheel, your pulse will tell you everything you need to know about the G6 Sport Sedan. We designed this to be one exciting car, with fluid lines, a world-class body structure, agile, fully independent suspension and up to 240 horsepower under the hood.

MAKE THE CONNECTION

IT'S AS IF PONTIAC'S DESIGNERS INVITED YOU TO A FITTING – AND THEN BUILT THE G6 AROUND YOU. We designed the G6 driver's environment with one goal in mind: to blur the line between machine and driver. Outward visibility is excellent. Standard features like a tilt and telescopic steering column and a power height adjustment for the driver's seat make it easy to find the perfect driving position. Every instrument and switch is precisely where it should be and every control is ideally weighted. Experience G6 on your favourite stretch of two-lane blacktop and you'll feel it's an extension of your own body.

Large analogue gauges instantly give you the information you need. Warm red backlighting helps keep your eyes from being dazzled at night.

Available power adjustable accelerator and brake pedals contribute to your sense of a tailored fit. Standard on GT and GTP.

SHARE THE FEELING

EXHILARATION FOR FIVE. Inside the G6, our goal was for driver involvement and passenger comfort to live together in harmony. The driver's experience includes a wraparound cockpit and well-bolstered performance seating. But from the passenger point of view, the highlights of this interior are its spaciousness and refinement. A key element is the

G6's 2852 mm (112.3 in.) wheelbase – the longest in the class* – which creates a generously proportioned cabin with stretch-out rear legroom. The G6's solid body structure contributes to a controlled, quiet ride, and there are premium materials and rich textures at touch points throughout the interior.

*Based on competitive 2005 Model Year data and the latest competitive information at time of printing.

G6 GT Sedan interior, shown with available heated leather-appointed seating surfaces in Light Taupe.

INTERIOR FEATURES

- Tilt and telescopic steering column
- Centre floor console with dual front and rear cupholders
- Driver manual lumbar adjuster
- Remote keyless entry system
- Available remote vehicle starter system, standard on GT & GTP
- Available leather seating surfaces
- Available OnStar, GT & GTP only.

G6 SPORT COUPE

THEY WON'T BE ABLE TO TAKE THEIR EYES OFF IT. Visually, the new-for-2006 G6 Sport Coupe is a statement of refinement and power in perfect balance. Dynamically the same is true. Available in 201 horsepower GT and 240 horsepower GTP form, the G6 Sport Coupe is as invigorating to drive as it is inspiring to look at. Get in. And get ready to be the centre of attention.

G6 CONVERTIBLE

LIVE OPEN-MINDED. We created the exciting new G6 Convertible to open up a whole new world of driving bliss. In the process we managed to eliminate the age-old convertible compromises, too. In place of the traditional fabric top there's a first-in-class power-operated folding steel roof* – a feature normally found only on cars in the luxury roadster class. Look for the new G6 Convertible in early 2006.

*Based on competitive 2005 Model Year data and the latest competitive information at time of printing.

CHOOSE YOUR PERFORMANCE

HAPPINESS IS POWER TO SPARE. Abundant, responsive power is an essential part of the G6 experience. For 2006, there's a choice of three different engines. For starters, there's the highly refined 2.4L DOHC ECOTEC four-cylinder powerplant that's standard on the G6 Sport Sedan. It generates 167 horsepower and delivers excellent power throughout its operating range, thanks to advanced features like variable valve timing (VVT). In the middle of the range there's the responsive 201 horsepower 3.5L V6 that's standard on G6 V6 and GT models. And for even more excitement, G6 GTP Sport Sedan and Sport Coupe are powered by a new 240 horsepower 3.9L V6 with VVT.

240 HP 3.9L V6

Our engineers equipped the new 240 hp 3.9L V6 engine with variable intake valve timing and a variable intake manifold. Both help to optimize the engine's efficiency across a range of operating speeds, resulting in an impressive blend of power and economy.

DRIVER MANUAL SHIFT CONTROL

GT and GTP models are equipped with electronically controlled 4-speed automatic transmissions including Driver Manual Shift Control. You can change gears up or down at will with just a nudge on the shift lever. For an even higher level of control, GTP models offer an available 6-speed manual gearbox.

PANORAMIC ROOF

FRESH THINKING ABOUT FRESH AIR. For an example of the G6's innovative nature, consider the available Panoramic Roof. Considerably larger than typical sunroofs, it's also unique enough to have been granted multiple international patents. At the touch of a button the front glass panel tilts up to block drafts, then the rear three panels slide back in sequence to let you feel the sun on your face and the wind

in your hair. The panels store above the roof when open, preserving interior headroom. How innovative is all this? The G6's Panoramic Roof isn't just the only four-panel sliding sunroof available in this class. It's also the only roof of its kind available on any vehicle sold in North America.*

*Based on competitive 2005 Model Year data and the latest competitive information at time of printing.

The Panoramic Roof brightens the G6's interior even when it's fully closed.

The front panel tilts up to block drafts while the others glide to the rear one by one.

Open the roof just as far as is needed for the amount of light and airflow you want.

All panels store externally when open – a design feature that preserves headroom in the G6's interior.

HIGH-TECH HANDLING

PINPOINT CONTROL. How a car responds to the wheel when you first steer into a curve... the way it feeds back information through the wheel to the driver's fingers... the feel of the pedal as you apply the brakes: at Pontiac, we know it's subtleties like these that separate a true driver's car from the rest of the pack. The G6 does it all superbly well. Its solid, computer-designed architecture, fully independent suspension and four-wheel disc brakes all play their part. But it's the way our engineers have fine-tuned all these systems that really makes the difference. The result is a car that's less like a machine – and more like a partner.

The new G6 GTP Sport Coupe and Sport Sedan elevate G6's already impressive handling and confidence to new heights.

GTP's standard StabiliTrak vehicle stability enhancement system constantly monitors for lateral skids.

When the system senses that such a skid is underway, it steps in automatically, selectively applying the brakes to help return the car to your desired line.

The solid steel safety cage surrounding the passenger compartment is engineered to resist deformation in an impact.

Front seat-mounted side air bags and front-to-rear side head curtain air bags are available on all G6 models.*

G6's dual-stage frontal air bags measure the impact and determine their force of deployment accordingly, for greater safety.*

Tiny pyrotechnic devices in the front safety belts automatically pull the belts tighter in an impact, for increased protection.

Steel beams in each G6 door guard against intrusion into the passenger compartment.

Crush zones at the front and rear are designed to absorb crash energy before it can reach the passenger compartment.

G6's Passenger Sensing System automatically reduces the force of air bag deployment when it detects a child, for greater safety.*

YOU'LL FEEL SAFE.

AND IT'S MORE THAN JUST A FEELING. A reassuring sense of security comes with every G6. It's the result of knowing that, when we designed and engineered your car, we had your safety very much in mind. It starts with the G6's excellent all-around visibility, ergonomically designed controls and highly responsive chassis, all of which help you to steer clear of a collision

whenever possible. Should a collision prove unavoidable, G6's many occupant protection features come into play. Energy-absorbing front and rear crush zones, a sturdy steel safety cage around the passenger compartment, front safety belt pre-tensioners and up to six air bags are just a few of the many G6 features dedicated to protecting you and your passengers in an accident.

*A NOTE ABOUT CHILD SAFETY: Always use safety belts and proper child restraints, even in vehicles equipped with air bags. Even with the Passenger Sensing System, children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active frontal air bag. See your vehicle's Owner's Manual and child safety seat instructions for more information.

Pontiac is all about vehicles that connect you to the pure joy of driving. OnStar adds another kind of connection – one that can enhance your sense of peace of mind. All it takes is a single push on the blue OnStar button usually located on the interior rear-view mirror, in the overhead console, or near the radio display to connect you with one of our specially trained OnStar Advisors. They are standing by, ready to provide support 24 hours a day, 365 days a year*.

What can OnStar Advisors do for you? They can provide a wealth of information and perform a variety of services, including a remote diagnostic check of your vehicle's engine and electrical components. In an emergency, an Advisor will attempt to locate your vehicle, find out what assistance you need, and notify nearby emergency service providers. And if air bags are deployed in your vehicle, an Advisor will contact you to determine if you are in need of assistance.

Another convenient feature is OnStar Hands-Free Calling, a hands-free, voice-activated wireless technology integrated into your vehicle. It's there in case your hand-held phone is lost, forgotten or has a low battery. Even better, there are no additional monthly fees, or additional long distance and roaming charges. And as a new customer, you will receive 30 complimentary minutes good for two months after activation.

Now you can enjoy the peace of mind that comes with knowing you're doing all you can to help keep you, your family, and your vehicle safe. Just ask the almost 150,000 people who have become OnStar subscribers in Canada. How hard does OnStar work for you? The facts speak for themselves: every month in Canada OnStar Advisors handle an average of 9100 routing calls, 2500 emergency calls, 2600 door unlocks, and 625 Roadside Assistance dispatches.

OnStar offers two different service plans, allowing you to select the services that are most convenient for you. The Safe & Sound Plan is available on G6 GT and G6 GTP models. In addition, the available Directions & Connections Plan offers all of the safety and security services included in the Safe & Sound Plan, plus you'll have access to driving directions and information and convenience services and RideAssist. See your dealer for more information on plans and services.

*OnStar services require vehicle electrical system (including battery), wireless service, and GPS satellite signals to be available and operating for features to function properly. Not all OnStar features are available on all vehicles. OnStar Hands-Free Calling requires a Hands-Free enabled vehicle, existing OnStar service contract, and prepaid calling minutes, and is not available in Alaska and some other markets. Calls may be made to the U.S. and Canada only. OnStar voice recognition system may not work with some voices. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Due to the transition of the wireless industry from analogue to digital technology, as of January 1, 2008, OnStar plans to offer service only through equipment that operates on the digital network, which may require the purchase of a system upgrade for eligible vehicles. Call 1.888.4.ONSTAR (1.888.466.7827), TTY 1.877.248.2080 or visit onstar.ca for OnStar's Terms & Conditions, Privacy Policy, and system limitations and details.

A STORY ONLY GENERAL MOTORS CAN TELL.

General Motors' commitment to setting the highest standards in quality, safety, innovation, and fuel efficiency are matched by an equally strong commitment to the community.

DID YOU KNOW?

QUALITY: GM plants swept the J.D. Power Initial Quality StudySM rankings for North and South America: Gold and Silver Plant Quality Awards for the Canadian Oshawa #2 and #1 car plants, in addition to the Bronze Plant Quality Award for the Hamtramck, Michigan plant.

SAFETY: General Motors is the only automotive manufacturer committed to offering a full range of cars, trucks, and SUVs that provide safety protection before, during and after a collision. GM vehicles are equipped with a range of features and technologies that help drivers avoid collisions, reduce the risk of injury should a collision prove unavoidable, and help you get the assistance you need after a collision.

INNOVATION: GM is at the forefront of automotive technology with breakthrough features such as OnStar and XM Satellite Radio.

FUEL EFFICIENCY: GM offers more cars than any other automaker in Canada that get better than 7.0 L/100 km in highway driving. GM has also won more EnerGuide fuel-efficiency awards than any other car company.

GM IS COMMITTED TO CANADA.

INVESTMENT: GM invests more in Canada than any other car company: The \$2.5 billion Beacon Project represents the largest automotive investment in Canadian history.

EMPLOYMENT: GM directly employs over 20,000 people in Canada – more than any other car company.

DESIGN: GM is the only car company that designs, engineers and builds cars in Canada.

GM IS BEHIND YOU AND YOUR VEHICLE

GM is equally comprehensive in the way it backs its Pontiac vehicles. All Pontiac models include:

- 3-year/60,000 km** complete vehicle repair coverage
- 6-year/160,000 km** corrosion perforation coverage
- 8-year/130,000 km** coverage on catalytic converters and powertrain control modules (PCMs)
- 3-year/60,000 km** 24-hour Roadside Assistance.

*General Motors Corporation – Oshawa #2 (Ontario – Car) was the highest ranked plant, Oshawa #1 (Ontario) was the second ranked plant and Hamtramck, MI was the third ranked plant in North/South America among plants producing vehicles for the U.S. market in J.D. Power and Associates 2005 U.S. Initial Quality StudySM. Study based on a total of 62,251 U.S. consumer responses indicating owner reported problems during the first 90 days of ownership.

NOW FOR MORE CHOICES

DRESS IT TO THE NINES Accentuate the taut lines of your new G6 with a few carefully selected GM Accessories. GM Accessories are the only accessories that are integrated into the process of designing your vehicle, ensuring excellent fit, finish and functionality. And only GM Accessories are backed by GM's 3-year/60,000 km New Vehicle Limited Warranty.* They can also be included in your new-vehicle lease or finance agreement through GMAC. Ask your dealer for a complete list of the GM Accessories available for your G6. Or visit gmcanada.com

Genuine GM Accessories for G6 include:

- 17-in. polished aluminum wheels
- Ground Effects Package**
- Custom exhaust tip
- Doorsill appliqué
- Ventvisors
- Moulded hood protector
- Premium trunk organizer
- Cargo tray.

*Whichever comes first, when permanently installed by the dealer at the time you purchase or lease your new vehicle.

**Interim availability.

2.4L ECOTEC L4 VVT; 3.91 final drive ratio; 454 kg (1000 lb.) maximum gross trailer weight*
3.5L 3500 V6; 3.05/3.29 [†] final drive ratio; 454 kg (1000 lb.) maximum gross trailer weight*
3.9L V6 VVT; 3.55 ^{††} /3.69 final drive ratio; 454 kg (1000 lb.) maximum gross trailer weight*

*Included on G6 GT only.

[†]Included with 6-speed manual transmission.

^{††}When properly equipped, includes weight of trailer, cargo, passengers and equipment. All towing recommendations are subject to change. Trailer tongue load should be 10% of the maximum trailer weight but should not exceed the load rating specified for that vehicle, engine or hitch combinations. See your dealer or refer to the G6 Owner's Manual for details.

COMMITMENT:

Expect nothing less than a 100% commitment. We're committed to engineering and manufacturing Pontiac G6 so that it is an absolute pleasure to drive. And that's just the beginning. We're also committed to making the ownership experience just as responsive to your specific needs. You'll find that our comprehensive series of support programs make it easier to purchase or lease a Pontiac. They also help to protect you and your vehicle down the road. A powerful example of the level of protection you can expect is the GM TOTAL™ Warranty. It's so thorough it covers your vehicle from the roof right down to the tires. So when you drive off the lot of your Pontiac dealership, you can do so with total confidence. Peace of mind is knowing that your vehicle is built for the long haul, and is backed by a comprehensive warranty.

THE GM TOTAL™ WARRANTY:†

The GM TOTAL™ Warranty is your promise of total warranty protection. It covers every new Pontiac G6 for 3 years or 60,000 km*. Complete vehicle repairs are covered,** including parts and labour, with no deductible. The warranty includes:

- 3-year/60,000 km* complete vehicle repair coverage
- 6-year/160,000 km* corrosion perforation coverage
- 8-year/130,000 km* coverage on catalytic converters and powertrain control modules (PCMs).

*Whichever comes first.

**To correct any defects in material or workmanship occurring during the warranty period. Regular maintenance is not included, nor is excessive wear and tear caused by reckless or negligent driving.

OTHER OWNERSHIP PRIVILEGES AND PROGRAMS: †

- **Roadside Assistance** – 24/7 service via toll-free number during your warranty period, anywhere in Canada or the United States
- **Courtesy Transportation** – may be offered during the warranty period
- **GM Protection Plan (GMPP)** – the only extended services contract backed by the resources and commitment of General Motors; GMPP may be purchased at the time of your sale or lease, or subsequently
- **GM Mobility Program** – you may be eligible for reimbursement of up to \$1000 (taxes included) for adaptive equipment for your GM vehicle
- **GM Accessories** – personalize your vehicle with GM Accessories, specifically engineered for your new GM vehicle
- **GM Goodwrench Service** – with GM-certified technicians and GM-approved parts, nobody knows your GM vehicle better.

TO HELP YOU PURCHASE OR LEASE A NEW VEHICLE:

- **GMAC Financing** – on the spot financing at your GM dealership^{††}
- **GMAC SMARTLEASE** – a smart alternative to traditional financing^{††}
- **GM Student Bonus Program** – GM will cover the first two purchase finance or lease payments and the lease security deposit on eligible new GM vehicles for students and recent graduates of high school, college or university.[†]
- **The GM Card** – eligible cardholders may be able to redeem up to \$3500 on GM Card® Earnings toward the total purchase price or lease down payment on selected vehicles. For more information on The GM Card please call 1-800-461-3279.[†]

INFORMATION RESOURCES:

You can find more information about these programs from your GM dealer, or at these information centres:

- The GM Web site at gmcanada.com
- The GM Customer Communication Marketing Centre at 1-800-GM-DRIVE (1-800-463-7483 or 1-800-263-3830 for TDD users) – for information about any GM product or service, including The GM Card and the GM Mobility Program
- For information about GMAC visit gmcanada.com or call 1-800-616-4622.

aluminum

A WORD ABOUT THIS BROCHURE

Some of the equipment shown or described throughout this brochure may be available at extra cost. We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this brochure and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been adapted since the time of the printing, please check with your Pontiac dealer for complete details. General Motors of Canada Limited reserves the right to lengthen or shorten the model year for any product, for any reason, or to start and end model years at different times.

PRIVACY STATEMENT

At General Motors of Canada Limited ("GM Canada") we respect your privacy and value our relationship with you. Your personal information will be protected, will never be sold, and will be used only by GM Canada, our affiliates, dealers/retailers, and service suppliers (only to provide services). If you wish to be removed from GM Canada marketing communications; would like to limit only certain marketing communications from us; would like a listing of our specific uses or further information about those with whom your information is shared; or for further information about our Privacy Policy and practices, please contact us at 1-800-GM-DRIVE (1-800-463-7483) or through our Web site at gmcanada.com

A WORD ABOUT ASSEMBLY

Pontiacs are equipped with engines and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in Pontiacs. Certain equipment ordered may be unavailable at the time of assembly and we suggest that you verify that your vehicle includes the equipment you ordered, or if there are changes, that they are acceptable to you.

TRADEMARKS

The marks appearing in this Pontiac G6 brochure including, but not limited to: General Motors, GM, the GM Canada emblem, the GM Canada Web site address, the GM Accessories logo, Pontiac, the Pontiac emblem, G6, Grand Prix, Montana SV6, Pursuit, Solstice, Torrent, Vibe, Wave, and their respective logos, emblems, slogans and vehicle model names and body designs; and other marks such as Delco, SMARTLEASE, Solar-Ray, StabiliTrak and the TOTAL Warranty are trademarks of General Motors Corporation and/or General Motors of Canada Limited, its subsidiaries, affiliates or licensors.

GMAC is a registered trademark of the General Motors Acceptance Corporation.

OnStar, the OnStar logo and the OnStar button are registered trademarks of the OnStar Corporation.

PASS-Key III+, Monsoon and TheftLock are registered trademarks of Delphi Automotive Systems.

Radio Data System (RDS) is a registered trademark of the U.S. National Association of Broadcasters.
